MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY OVERVIEW

NBFCs are emerging as an alternative to mainstream banking. They are also emerging as an integral part of Indian Financial System and are contributing commendably towards Government's agenda of financial inclusion. NBFCs in India have recorded marked growth in recent years.

The success of NBFCs has been driven by factors like their ability to control risks, to adapt to changes and create demand in markets that are likely to remain unexplored by bigger players. Thus the need for uniform practices and level playing field for NBFCs in India is crucial. NBFCs, in India, are today operating in a very dynamic scenario especially after the revised regulatory framework by the RBI launched with the objective of harmonizing working of NBFCs with banks and financial institutions and address regulatory gaps and arbitrage.

Non Banking Financial Institutions (NBFIs) is a heterogeneous group of institutions that caters to a wide range of financial requirements and can broadly be divided into Financial Institutions (FIs) and Non Bank Financial Companies (NBFCs). With the growing importance assigned to financial inclusion, NBFCs have been regarded as important financial intermediaries particular for the small scale and retail sectors. There are two broad categories of NBFCs based on whether they accept public deposit, namely deposit taking NBFCs (NBFC-D) and non-deposit taking NBFCs (NBFC-ND).

FINANCIAL OVERVIEW OF THE COMPANY:

	2015-2016	2014-15
TOTAL INCOME	6034770	4361630
EBDITA	-576417	2800634
PBT	-626727	2710585
PAT	-624320	2291131
EPS	-0.15	0.56

OPPORTUNITIES AND THREATS:

NBFCs have been playing a very important role both from macroeconomic prospective and the structure of the Indian Financial System. NBFCs are the perfect or even better alternatives to the conventional Banks for meeting various financial requirements of a business enterprise. They offer quick and efficient services without making one to go through the complex rigmarole of conventional banking formalities. However to survive and to constantly grow, NBFCs have to focus on their core strengths while improving on weaknesses. They will have to be very dynamic and constantly endeavor to search for new products and services in order to survive in this ever competitive financial market.

Although NBFC enjoy considerably lower regulatory overheads, they experience challenges in raising debt, as all NBFCs can't accept public deposits and hence

- NBFCs rely heavily on Commercial Banks and promoters equity for growth.
- Due to high reliance on bank financing the costs of funds for NBFCs tends to be higher. As a result, NBFCs loans carry higher interest than those offered by banks.

Annexure to the Auditors' Report

ANNEXURE-2 Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of ADINATH EXIM RESOURCES LIMITED ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial control, both applicable to an audit of Internal Financial Control and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understating of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that;

- I. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- II. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- III. Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statement.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatement due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on;

- i. existing policies and procedures adopted by the Company for ensuring orderly and efficient conduct of business.
- ii. continuous adherence to Company's policies.
- iii. existing procedures in relation to safeguarding of Company's fixed assets, investments, receivables, loans and advances made and cash and bank balances.
