1. SHARE CAPITAL

The paid up equity share capital as at 31st March, 2016 is ₹ 293,52 lacs. During the period under review, your Company has not issued any shares with differential rights, sweat equity shares and equity shares under employees stock option scheme. Your Company has also not bought back its own shares during the period under review.

2. DIVIDEND

In view of the absence of profit during the period under review, the Directors regret their inability to recommend any dividend.

3. OPERATIONS

3.1 CEMENT

PRODUCTION

(In Tones)

Particular	July 2015 to March 2016 (9 Months)	Dec 14 to June 2015 (7 Months)	Change over previous Period
Clinker Production	5,38,011.00	4,78,116.00	59,895.00
Cement Production	7,08,762.00	6,34,583.00	74,179.00

SALES

While the overall growth of cement market for the country was at 4% as against 6% growth in the previous year, the market in Southern States have de-grown by 5% during the year, due to lack of demand. This was mainly due to subdued economic conditions, shrinkage of construction activity owing to inadequate infrastructural spending by the Government, irregular monsoon and continued decline in industrial production which have affected the demand drivers. While the capacity utilisation of the industry in the remaining part of the country was at 75% during the year, the utilisation levels were at 55% only in the southern states. During the first two quarters of the year under review, the Southern markets have de-grown by 12%. From the third quarter onwards the southern market started showing improvements, thereby the trend of de-growth was reduced to 5%. During the fourth quarter, the Southern market has come to the growth trajectory. During the year under review, the sale of cement for the Company was at 7,07,556 tons, compared to 6,32,239 tons of the previous period.

COST

During the Period under review, the cost of fuel in the international market has come down due to weak demand. The Company was able to source fuel at competitive prices and reduce the cost of fuel. Consequent to the favourable crude prices, the other derivatives like the cost of Polypropylene has come down, leading to lowering of prices of HDPE Bags. During the period under review, the average price of diesel has reduced by around 15%. This has resulted in reduction in mining cost and transportation cost of both incoming and outgoing materials. Moreover, the Company has opted in favour of road movements instead of rail movements in view of its cost advantage. However, obligation to make contribution to District Mineral Foundation and National Mineral Exploration Trust has increased the limestone mining cost. The Government has introduced Swach Bharath Cess of 0.5% with effect from 15-11-2015 on all taxable services. This levy being Non-Cenvatable, the cost of services has increased.

3.2 CAPTIVE POWER PLANT

The Captive Power Plant (30 MW) of the company has been commissioned in September 2015. During the period under review the plant was under trial run and achieved PLF of 67%.

4. DIRECTORATE AND KEY MANAGERIAL PERSONNEL

Criteria for evaluation of Directors' performance

In keeping with the provisions of the Companies Act, 2013 alongwith the provisions of the Listing Regulations, Nomination and Remuneration Policy considers various aspects including engagement, strategic planning, consensus building and understanding of national/international events while evaluating the performance of the Independent Directors and so far as evaluation of the performance of Non-Independent and Non-Executive Directors are concerned, engagement, strategic planning, team spirit and consensus building, effective leadership, domain knowledge and understanding of national/international events were considered as parameters of performance. The Nomination and Remuneration Committee considered management qualities, team work abilities, result/achievement, domain knowledge, understanding and awareness, leadership qualities, motivation/ commitment/diligence, integrity/ethic/values as also receptivity performance as performance indicators for Executive Directors.

Nomination and Remuneration Committee while evaluating the potential candidates, considers a variety of personal attributes, including experience, intellect, foresight, judgement and transparency. Broadly, the following criteria have been set for selection of Independent Directors based on:

- (i) Independence from Management.
- (ii) No substantial shareholding.
- (iii) Other significant relationship which may cause a conflict of interest.
- (iv) Capability of taking fair decisions without being influenced.
- (v) Independent Directors are expected to balance the decision making process of the Board by constructively challenging the Company's strategy and exercise due diligence

- (vi) Independent Directors should possess the requisite business and industry expertise in the domain the Company operates in.
- (vii) Independent Directors should be competent enough to work effectively like a team member as well as leader with the other Directors of the Board and committees.
- (viii) Independent Directors should contribute constructively in the Board's deliberations.

Every Independent Director, at the first meeting of the Board in which he participates as a Director and thereafter at the first meeting of the Board in every financial year, gives a declaration that he meets the criteria of Independence as provided under the Companies Act, 2013. The Company has received declarations from all the Independent Directors that they meet the criteria of Independence as laid down under Section 149(6) of the Companies Act, 2013.

The Nomination and Remuneration Policy for the members of the Board of Directors of the Company takes into consideration their role and responsibilities. The salient features of the policy are highlighted below:

- (i) The Company pays remuneration by way of salary, benefits, perquisites and allowances to its Executive Directors.
- (ii) Non-Executive Directors of the Company are paid sitting fees for attending meetings of the Board and meetings of Committees of the Board, as per the Companies Act, 2013 and as prescribed in the Articles of Association of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

(Forming part of the Report of Directors for the Year (comprising 9 months) ended 31st March, 2016)

1. Industry Structure and Developments

India is the Second largest producer of Cement in the World. No wonder India's Cement Industry is a vital part of its economy, providing employment to more than a million people, directly or indirectly. The Cement capacity in India may register a growth of 8% by next year end to 395 MT from the current level of 366 MT. It may increase further to 421 MT by the end of 2017. The Country's per capita consumption stands at around 190 Kg.

Cement demand is expected to reach 550-600 MTPA by 2025. The housing sector is the biggest demand driver of Cement, accounting for around 67% of the total consumption in India. The other major consumers of Cement include infrastructure at 13%, commercial construction at 11% and Industrial Construction at 9%.

The expectations of above normal demand growth from rural and suburban areas were belied due to the bad monsoon and the unexpected rains in the current period. In the last couple of years, new capacity additions have slowed down due to diminishing returns on capital employed.

Road Ahead

India has a lot of potential for development in the infrastructure and construction sector and the Cement Industry is expected to largely benefit from it. Some of the recent major Government initiatives such as development of 100 Smart Cities are expected to provide a major boost to the Industry. Expecting such developments in the Country and aided by suitable Government Foreign Policies, several Foreign players such as Lafarge-Holcim, Heidelberg Cement, and Vicat have invested in the Country in the recent past. A significant factor which aids the growth of this Industry is the ready availability of raw materials for making Cement.

Developments in the domestic environment and a huge number of infrastructure projects are likely to boost demand for Cement consumption in India, which is bound to increase manifold in the coming years.

The Industry has been facing a chronic problem of insufficient availability of the main fuel coal, driving the manufacturers to resort to use of alternatives at steep cost. The key drivers of this demand shall be the continued expansion in infrastructure, real estate and industrial sectors.

2. Review of Financial and Operational Performance

(i) Financial Performance

During the period under review the Company recorded a net loss of ₹ 6510 lacs. Financial performance of the Company, in brief, is as under:

	(₹ in Lacs)	
	Current period 2015-16 (9 months)	Previous Year 2014-15 (15 months)
Net Sales	29197	27802
Other Income	288	906
PBIDT	3686	3327
Finance Cost	7304	6246

(₹ in Lacs)

	Current period 2015-16 (9 months)	Previous Year 2014-15 (15 months)
Depreciation	2892	2519
Profit/(Loss) before exceptional Items	(6510)	(5438)
Profit/(Loss) before Tax	(6510)	(9891)
Deferred Tax	-	-
Net Profit / (Loss)	(6510)	(9889)

(ii) Operational Performance

Your Company is primarily engaged in manufacture and sale of Cement including Ordinary Portland Cement, Portland Pozolana Cement, Portland Slag Cement and Ground Granulated Blast Slag. In the domestic market the company operates through a net work of dealers and agents for sale of its products. Its major markets include Andhra Pradesh, Tamilnadu, Orissa, Karnataka and other nearby states.

Sales

While the overall growth of cement market for the country was at 4% as against 6% growth in the previous year, the market in Southern States have de-grown by 5% during the year, due to lack of demand. This was mainly due to subdued economic conditions, shrinkage of construction activity owing to inadequate infrastructural spending by the Government, irregular monsoon and continued decline in industrial production which have affected the demand drivers. While the capacity utilisation of the industry in the remaining part of the country was at 75% during the year, the utilisation levels were at 55% only in the southern states. During the first two quarters of the year under review, the Southern markets have de-grown by 12%. From the third quarter onwards the southern market started showing improvements, thereby the trend of de-growth was reduced to 5%. During the fourth quarter, the Southern market has come to the growth trajectory. During the year under review, the sale of cement for the Company was at 7,07,556 tons, compared to 6,32,239 tons of the previous period.

Cost

During the Period under review, the cost of fuel in the international market has come down due to weak demand. The Company was able to source fuel at competitive prices and reduce the cost of fuel. Consequent to the favourable crude prices, the other derivatives like the cost of Polypropylene has come down, leading to lowering of prices of HDPE Bags. During the period under review, the average price of diesel has reduced by around 15%. This has resulted in reduction in mining cost and transportation cost of both incoming and outgoing materials. Moreover,

the Company has opted in favour of road movements instead of rail movements in view of its cost advantage. However, obligation to make contribution to District Mineral Foundation and National Mineral Exploration Trust has increased the limestone mining cost. The Government has introduced Swachh Bharath Cess of 0.5% with effect from 15-11-2015 on all taxable services. This levy being Non-Cenvatable, the cost of services has increased.

3. Outlook

We expect cement demand to grow in the range of 8 % during the FY 2016-17 considering the following:

Budget 2016-17 has proposed a slew of measures to boost infrastructure and investment, which will be positive for the Cement Industry, as increased spending on infrastructure increases the demand for Cement. Incremental spend on Smart City Development, the Government has allocated ₹ 7,296 crores towards Urban Rejuvenation Mission for development of 100 Smart Cities.

The Government has decided to adopt Cement instead of bitumen for the construction of all new road projects on the grounds that Cement is more durable and cheaper to maintain than bitumen in long run. Reduction in interest rates is expected to revive the hitherto sluggish demand for home loans giving impetus to housing. Pick-up in industrial production and economic activities including infrastructure development initiatives undertaken by the government. Boost to affordable housing segment.

4. Opportunities and Threats

Cement consumption and demand in India has been growing during the last few years due to Government's continuous thrust on infrastructure development. However, due to market conditions, the selling price had been under pressure during the year under review and for the present as well. Further, series of recent increase in interest rates, fuel prices and key raw materials are the major constraining factors for increase in demand and have significant impact on the profitability margins of the industry.

The threats of the Industry arise from rising input costs, restricted availability of coal from domestic market, restricted wagon availability and increase in logistics costs due to increase in fuel cost and railway freight.

5. Risks and Concerns

Risk Management is an integral part of the Company's activity. The Company has a structured Risk Management Policy. The Top and Senior Management of the Company continuously monitor and review the business risks in the verticals of Operations, Sales & Marketing, Procurement, Regulatory Affairs, Finance, IT and Human Resources and take timely measures to minimize the impact.

The key risks identified by the Company are increase in power, fuel and freight costs; capacity/demand mismatch in the Industry; shortage of railway wagons; volatility in forex and high interest rates. Whereas a systematic risk

identification and mitigation framework is in place and suitable action plan is drawn up to mitigate the same, the Company has virtually no control over external risks such as general down turn in the economy, new regulations, government policies and interest rates.

6. Internal Control Systems and their adequacy

The Company has adequate system of Internal Financial Controls in place. It had adopted policies and procedures regarding financial and operating functions for ensuring the orderly and efficient conduct of its business including adherence to Company's assets, prevention & detection of frauds and errors and timely preparation of reliable financial information. The Internal Control Systems are commensurate with the size of operations of the Company and are manned by qualified and experienced personnel.

In addition to internal controls, the internal audit function has also been set up by a firm of Chartered Accountants, who conducts audit on the basis of the Accounting Standards and Annual Audit Plan. The process includes review and evaluation of effectiveness of the existing processes, controls and compliances. It also ensures adherence to Internal control policies and systems and mitigation of the operational risks perceived for each area under audit. The Internal Audit Report(s) are reviewed by the Audit Committee.

7. Material Developments in Human Resources/Industrial Relations

The Company recognizes its human resources as the most valued asset. The Company has appointed specialized professionals in the fields of engineering, finance, administration and technical and non-technical staff to take care of its operations and allied activities.

Necessary training was imparted to the staff for operations and maintenance of Machinery by specialist from related fields including the equipment suppliers from time to time.

During the period the Industrial Relations continued to be cordial.

Cautionary Statement

Certain statements made in this Report detailing to the Company's objectives, projections, outlook, estimates and expectations may be 'forward looking statements' within the applicable laws and regulations. As these statements are based on certain assumptions and expectations of future events over which the Company exercises no control, the Company cannot guarantee their accuracy. The actual results may differ materially from such estimates, projections, etc. Significant factors that could make a difference to the Company's operations include domestic and international economic conditions affecting demand, supply and price conditions in the industry, changes in government regulations, tax regimes and other statutes, over which the Company does not have any direct control.

INDEPENDENT AUDITORS' REPORT

To, The Members of

ANDHRA CEMENTS LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **ANDHRA CEMENTS LIMITED ("the Company")**, which comprises the Balance sheet as at March 31, 2016, the Statement of profit and loss and the cash flow statement for the nine months period ended March 31, 2016, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016 and its losses and its cash flows for the period ended on that date.

“ANNEXURE- A” REFERRED IN INDEPENDENT AUDITORS REPORT OF EVEN DATE

The “Annexure-A” referred to in our Independent Auditors’ Report to the members of the Company on the standalone financial statements for the period ended March 31, 2016, we report that:

- i. a. The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- b. The fixed assets were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, is reasonable having regard to the size of the company and nature of assets. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c. According to information and explanation given to us, the title deeds of the immovable property have been mortgaged with the banks/ Financial Institutions etc., for securing the borrowings and loan raised by the Company. On the basis of our examination of the records of the Company and copy of the title deeds of immovable properties, the title deeds of immovable properties are held in the name of the Company. In respect of immovable properties been taken on lease, the lease agreements are in the name of the Company.
- ii. The inventories were physically verified by the management at reasonable intervals during the year. The discrepancies noticed on verification between physical stocks and book records were not material and have been properly dealt with in the books of account.
- iii. According to the information and explanations given to us, the Company has not granted any loan, secured or unsecured to companies, firms, limited liabilities partnership or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly paragraph 3

(iii)(a), (iii)(b) and (iii)(c) of the Order are not applicable to the Company.

- iv. According to the information and explanations given to us, no loans, investment, guarantee and security granted in respect of which section 185 and 186 of the Companies Act 2013 are applicable. Accordingly paragraph 3(iv) of the Order is not applicable to the Company.
- v. In our opinion and according to the information and explanations given to us, The Company has not accepted any deposits within the meaning of Section 73 to 76 of the Act, and the rules framed thereunder to the extent notified during the year. Further, in respect of deposits accepted by the Company during an earlier year, the Company Law Board (Southern Regional Bench) has by its order dated July 07, 2001 directed the company to repay the said deposits in accordance with the scheme sanctioned by the BIFR. However, the BIFR in its Modified Rehabilitation Scheme dated July 21, 2008 directed the fixed deposits holders to accept the outstanding principal amount, in four annual installments, on interest free basis. Further, no other Order against the Company has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal. In respect of these deposits, the Company is yet to comply with the requirement of maintaining liquid assets and filing of Return of Deposit.
- vi. We have broadly reviewed the cost records maintained by the Company pursuant to the Rules made by the Central Government under Section 148(1) of the Companies Act, 2013 and are of the opinion that prima facie, the prescribed account and records have been made and maintained. We have, however, not made a detailed examination of these records with the view to determining whether they are accurate or complete.

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **ANDHRA CEMENTS LIMITED** ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2016

Andhra Cements Limited (the Company) is a Public Limited Company incorporated in India under the provisions of Companies Act, 1956. Its shares are listed on two stock exchanges in India. The company is engaged in the manufacturing and selling of Cement and Cement related products. The Company caters mainly to the domestic market.

1. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting and preparation of Financial Statements

The financial statements are prepared and presented under the historical cost convention on accrual basis of accounting in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP). These financial statements comply in all material aspects with the Accounting Standards (AS) specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, the relevant provisions of the Companies Act, 2013 ("the 2013 Act") / Companies Act 1956 ("the 1956 Act"), as applicable and guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable.

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous year.

b) Use of Accounting Estimates

The preparation of financial statements in conformity with the Indian GAAP requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of the financial statements, the reported amounts of revenues and expenses during the reporting period and the disclosures relating to contingent liabilities as of the date of the financial statements. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes different from the estimates. Difference between actual results and estimates are recognised in the period in which the results are known or materialize.

Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in the current and future periods.

c) Classification of Assets and Liabilities into Current and Non-Current

All assets and liabilities are presented as Current or Non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III of the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realization, the Company has ascertained its operating

cycle as 12 months for the purpose of Current/ Non-current classification of assets and liabilities.

d) Fixed Assets

Fixed assets (whether Tangible or Intangible) are stated at cost less accumulated depreciation/ amortization / impairment loss (if any), net of CENVAT/MODVAT (wherever claimed). The cost of fixed assets includes taxes, duties, freight, borrowing cost, if capitalization criteria are met and other incidental expenses incurred in relation to their acquisition/bringing the assets for their intended use.

Spare parts which can be used only in connection with a particular Plant and Equipment of the Company and use is expected to be irregular, are capitalized at cost, net of CENVAT/MODVAT (wherever claimed).

Fixed Assets held for disposal are stated at lower of net book value and net realizable value and disclosed separately in the financial statements under "Other Current Assets".

Losses arising from the retirement of, and gains / losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance.

e) Expenditure during construction period:

Expenditure/ Income, during construction period (including financing cost relating to borrowed funds for construction or acquisition of qualifying fixed assets) is included under Capital Work-in-Progress and the same is allocated to the respective fixed assets on the completion of their construction. Advances given towards acquisition or construction of fixed assets outstanding at each Balance Sheet date are disclosed as Capital Advances under "Long-term loans and advances".

f) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of the cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing cost includes interest expense, amortization of discounts, ancillary costs incurred in connection with borrowing of funds and exchange difference arising from foreign currency borrowings to the extent they are regarded as an adjustment to the Interest cost.

g) Depreciation and Amortization

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Companies Act, 2013 and as estimated by the management.

The useful life of an asset is the period over which an asset is expected to be available for use by an entity, or the number of production or similar units expected to be obtained from the asset by the entity.

In case of certain class of assets, the Company uses different useful life than those prescribed in Schedule II to the Companies Act, 2013. Besides the useful life of specific assets, the company follows the process of componentization for fixed assets w.e.f. 01.04.2015 as per the requirement of the Act. Accordingly, the company has identified a part of an asset as a separate component in whole asset value (beyond certain value) and useful life of the part is different from the useful life of the remaining asset. The useful life has been assessed based on technical advice, taking into account the nature of the asset / component of an asset, the estimated usage of the asset / component of an asset on the basis of management's best estimation of getting economic benefits from those class of assets / components of an asset. The Company uses its technical expertise along with historical and industry trends for arriving the economic life of an asset/component of an asset.

The useful lives are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortized depreciable amount is charged over the remaining useful life of the assets.

Pursuant to the above policy, depreciation on the following assets has been provided based on the estimated useful lives of fixed assets given below:

No.	Nature of Asset/ Components of an Asset	Useful life of assets/ components an Asset
1	Building	6-30
2	Plant and Machines	5-25
3	Furniture and Fixtures	7
4	Office Equipments	10
5	Vehicles	10
6	Railway Siding	25

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis upto the month proceeding the month of deduction / disposal.

h) Impairment of Assets

The carrying amount of assets are reviewed at each balance sheet date, if there is an indication of impairment based on internal and external factors.

An asset is treated as impaired when the carrying amount of the asset exceeds its recoverable amount. An asset's recoverable amount is the higher of an assets net selling price and value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. The discounting rate is a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the assets. Net selling price is the amount obtainable from sale of the asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

An impairment loss, if any, is charged to the Statement of Profit and Loss in the year in which the asset is identified as impaired. Impairment loss recognised in prior years is reversed when there is an indication that impairment loss recognised for the asset no longer exists or has decreased.

i) Investments

(i) Presentation and disclosure

Investments which are readily realizable and are intended to be held for not more than one year are classified as current investments. All other investments are classified as long-term investments / non-current investments.

(ii) Recognition and measurement

Long-term investments are stated at cost after deducting provisions made, if any, for diminution in value of investments other than temporary, determined separately for each individual investment.

Current investments, except current maturities of Long- term investments, are stated at lower of cost and fair value determined for each category of investments.

(iii) Disposal

On disposal of an investment, the difference between the carrying amount and the disposal proceeds, net of expenses, is recognised in the Statement of Profit and Loss.

j) Foreign Currency Transactions:

(i) Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currency at the balance sheet date are translated at the year-end rates.

(ii) In respect of forward exchange contracts, premium or discount, being the difference between the forward exchange rate and the exchange rate at the inception of contract is recognised as expense or income over the life of the contract.

- (iii) Exchange difference including premium or discount on forward exchange contracts, relating to borrowed funds, liabilities and commitments in foreign currency for acquisition of fixed assets, arising till the assets are ready for their intended use, are adjusted to cost of fixed assets. Any other exchange difference either on settlement or translation is recognised in the Statement of Profit and Loss.

k) Inventories

Inventories are valued as follow:

(i) Raw material, fuel, stores and spare parts and packing materials:

Valued at lower of cost and net realizable value (NRV). However, these items are considered to be realizable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. Cost is determined on weighted average basis.

(ii) Work-in- progress (WIP), finished goods, stock-in-trade and trial run inventories:

Valued at lower of cost and NRV. Finished goods and WIP cost includes cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis.

(iii) Waste /Scrap:

Waste / Scrap inventory is valued at NRV.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

l) Employee Benefits

(i) Short term employee benefits:

Short term employee benefits are recognised as an expense on accrual basis.

(ii) Defined Contribution Plan:

Contributions payable to recognised provident fund which are substantially defined contribution plan are recognised as expense in the Statement of Profit and Loss, as they are incurred.

Contributions as specified by law are paid to the provident fund set up as irrevocable trust. The Company is generally liable for annual contribution and any shortfall in the fund assets based on the government specified minimum rates of return and recognizes such contribution and shortfall, if any, as an expense in the year incurred.

(iii) Defined Benefit Plan:

The obligation in respect of defined benefit plans, which cover Gratuity and Pension, are provided for

on the basis of an actuarial valuation, using the projected unit credit method, at the end of each financial year. Actuarial gains/losses, if any, are recognised immediately in the Statement of Profit and Loss.

(iv) Other Long Term Benefits:

Long-term compensated absences are provided for on the basis of an actuarial valuation, using the projected unit credit method, at the end of each financial year. Actuarial gains /Losses, if any, are recognised immediately in the Statement of Profit and Loss.

- (v) Presentation of Non-funded obligation of defined benefit plans and other long term benefits, as long term and short term liability is on the basis of actuary's report.

m) Income Taxes

Income Tax expenses comprise current tax and deferred tax charge or credit.

Current Tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws.

Deferred Tax reflects the impact of timing difference between accounting income and taxable income during the current year and reversal of timing differences for the earlier years. Deferred tax charge or credit and corresponding deferred tax liabilities or assets are measured using the tax rates and laws enacted or substantively enacted as on the balance sheet date. Deferred tax assets are recognised and carried forward only to the extent that there is reasonable certainty, except for carried forward losses and unabsorbed depreciation and items relating to capital losses which are recognised based on virtual certainty, supported by continuing evidence that there will be sufficient future taxable income available to realize the asset.

Minimum Alternate Tax (MAT):

MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the Guidance Note issued by ICAI, the said asset is created by way of a credit to the Statement of Profit and Loss and is shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

n) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

- (i) Sales are recognised on transfer of significant risks and rewards of ownership of the goods to the buyer. Sales are net of Sales Tax, VAT, trade discounts, rebates and returns but include excise duty. Sales exclude self-consumption of finished goods.
- (ii) Income from services is recognised (net of service tax as applicable) as they are rendered, based on agreement arrangement with the concerned parties.
- (iii) Dividend income is accounted for when the right to receive the income is established. Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable. Income other than dividend and interest on Investments is recognised on maturity or sale.
- (iv) Export incentives, insurance, railway and other claims, where quantum of accruals cannot be ascertained with reasonable certainty, are accounted on acceptance basis.

o) Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognised when there is a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent Liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as Contingent Liabilities.

Contingent Liabilities are not recognised but are disclosed and Contingent Assets are neither recognised nor disclosed, in the financial statements.

p) Earnings per Share:

The basic Earnings per Share ("EPS") are computed by dividing the net profit / (loss) after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit/(loss) after tax for the year attributable to the equity shareholders divided by the weighted average number of equity shares outstanding during the year after adjusting for the effects of all dilutive potential equity shares.

q) Operating lease:

Leases where significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases and lease rentals thereon are charged to the Statement of Profit and Loss on a straight-line basis over the lease term.
