Letter to Shareholders

Dear Shareholders,

The Cloud, as a platform, is revolutionizing the way software applications are used by organizations for running their businesses. Ramco continues to invest in cloud technologies which bring significant business benefits to customers.

On that note, we are glad to announce that our Company has maintained breakeven across all Quarters this year, despite investing towards marketing initiatives and are adapting our strategies to usher in improvements during the coming year. Over the last year, we have acquired new orders across the globe, implemented projects successfully, and expanded our offerings.

Buoyed by the excellent pan-India success, we have worked our way towards showcasing our technology and products on a larger scale in the international market. We have the advantage of being one of the few companies in the world to provide large, complex solutions in a simple, powerful, easy and cost-effective manner. Moreover, we have been able to deliver our offering on the most appropriate cloud model – public or private – depending upon the need.

One of our main agendas during the year has been embracing change through verticalization. Through this move, we expect to leverage our experience in developing end-to-end solutions for specific domains and to reduce sales cycle time. By making each unit a self-contained entity with the domain expertise to handle the solution end-to-end, we also assure better focus.

Our reputation as a leading enterprise applications provider got a boost with the launch of the SaaS ERP offering late last year. We have also continued to win many strategic orders in Manufacturing, HCM, Banking, Insurance, e-Governance and Logistics verticals and is now concentrating on emerging markets in India, North & South Africa, and South East Asia.

Many global clients and industry influencers have commended the success of our Company's business models and recognized its delivery capabilities. Appreciation from customers, industry bodies and the media serve to corroborate our own confidence in our strengths and capabilities. Three prestigious award-wins during this fiscal year have also given us much encouragement—we know that we are poised for growth and that we are on the right path. At this stage, we need to keep innovating, show utmost perseverance in winning orders, rationalize costs to change, and sustain momentum.

We believe it is a combination of all these factors that have contributed towards creating an environment where the people feel that they own the Company. Our customers, partners and employees have co-created our success in every way.

Overall, it has been a year inspiring positive growth, and we raise a toast to all our stakeholders who have stood by us: you, our shareholders, clients, partners and employees. We thank you for your continued support and look forward to the same in the future.

Value Co-creation

Ramco believes that the best way for a Company to differentiate itself from the others is to adopt 'value creation' as a way of life rather than treating it as a yet another management program. At Ramco, creating value for all the stakeholders has become part of our culture and not just a one-off initiative. In an environment where partnerships are built on trust, where focus is on providing superior services and driving innovation, value creation has become a must. Our management is pursuing strategies that aggressively promote such value creation at all levels.

Customers

Today, we can proudly say that we are moving away from the traditional assumption that the Company and Customers have distinct roles, and the latter play a passive role while evaluating software products and services. At Ramco, a customer is actively engaged and is welcomed with qualified expertise, insights, answers and solutions that are right for his business. Our software products and services are built over years of R&D ensuring that our customers find them evergreen. This is possible because of our collaborative solution innovation platform, Ramco VirtualWorks™ and Ramco DecisionWorks, which enables us to undertake product and process innovation, and address unique customer needs with ever-increasing speed and precision. We are trying to deliver value by offering solutions that inspire our customer's ideas and extend their capabilities to compete and win in their markets.

Employees

Ramco is constantly trying to ensure that everyone in the Organization understands his or her role in creating value for the Organization. This begins at the top and cascades down the entire Organization so that each individual understands the big question, "How does our Company create value?" and the more relevant question, "How do my role and the daily decisions that I make impact value?" It is imperative that all individuals understand their role in value creation.

Working our way towards better employee welfare, Ramco declared stock options to employees, increased compensation for those who showed commitment and exemplary skills, trained those who needed that extra push, and recruited fresh faces from premier engineering and business schools.

Partners

We value the importance of partners and associates in today's globalized business environment. Ramco's ecosystem of partners brings together diverse relationships, resources and communities to help us develop and deliver the next-gen solutions. Fostering collaboration around this need ensures ongoing innovation and value for everyone. Ramco periodically undertakes training and skill transfer programmes for its partners, to equip them to deliver the right solutions to customers. During the year Ramco conducted many such programmes. We are now glad to mention that Ramco's OnDemand business has created a good ecosystem with 61 partners, who are relentlessly pursuing the business across India.

We believe it is a combination of everything which creates an environment where all entities exist harmoniously. Our customers, partners and employees have co-created our success in every way and we believe that the path to success is by Co-creating Value.

2. BUSINESS OPERATIONS

Organizations across the world have seen seismic shifts in the way they perceive business processes and growth possibilities. This, coupled with the continuous development of technology, has changed the way we deal with business partners. The year 2010-11 has been marked by product launches, new order wins, and customer acquisitions. We have also made significant progress in strengthening our products and technology. Overall, we have sustained the profitability and positive trend that we witnessed during the previous year.

Our focused approach on key market sectors with matured and proven technologies and significant cost rationalization has ensured that we are on a path of sustainable growth. Our strategy to expand our engagements, invest steadily in R&D, and constantly innovate and improve our cloud-based offering, is helping the Company move up the value chain, resulting in good growth and improved profitability.

Our sustained efforts and investments toward our OnDemand offering have started yielding the desired results, with consistent traction and addition of customers. We are glad to report that we have continued to breakeven for the second consecutive year.

The year began on an optimistic note with the BPO division of Ramco launching the IP3 Framework — Infrastructure, Product, Process and People — to business houses across the globe, to suit their right costing exercise. Within a year of the launch of the framework, our BPO division won recognition at the BPO Excellence Awards 2010-11, held at Mumbai. We received an award for 'Operational Excellence and Quality', for exhibiting successful implementation of the framework, bringing operational excellence and quality to customers. This further reinforces our belief and commitment to quality through our continuous investments in R&D and innovation. Ramco's BPO division has been offering the best of services to customers and helping them in their growth with a robust technology. This award is a testimony to our customers' belief in Ramco and its offerings.

Ramco Systems Limited, INDIA

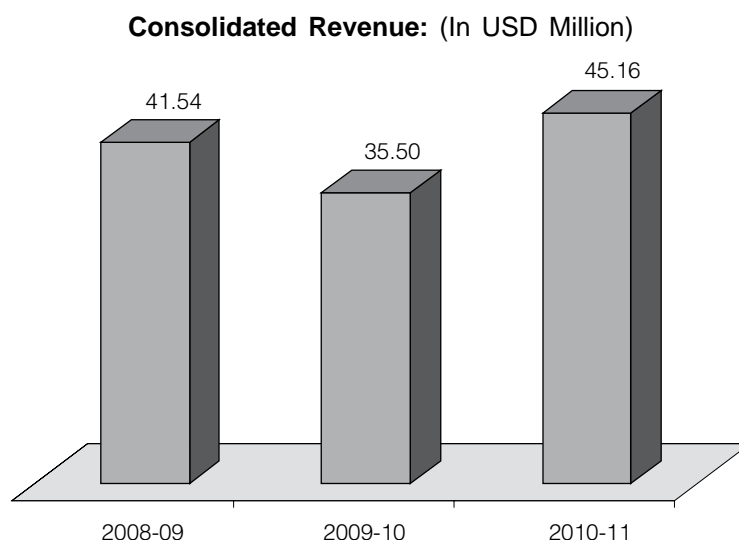

Ramco's **Aviation business** has been picking up momentum this year. Earlier in the year, we entered into a global partnership with IDBLUE™ to provide end-to-end Radio Frequency Identification (RFID) solutions within the aerospace sector. The end of the second Quarter saw us seal some prestigious wins in the Indian aviation sector with National Aviation Company of India Limited (NACIL) (now Air India Limited), and MAS GMR Aerospace Engineering Co. Ltd., for our Airframe Maintenance, Repair & Overhaul (MRO) suite of aviation software offerings. This has given us a significant morale boost. The Series 5 Aviation MRO software has a new client in Aveos, a leading, independent, global provider of MRO services to the aviation industry. Overall, global aviation is progressing with numerous implementations in the US, Europe, India, and Middle East.

With the successful launch of **Ramco OnDemand ERP 2.0**, the Company's venture into cloud computing is on an all time high with notable order wins. With a rich user interface and a unique set of extension/customization capabilities, this powerful ERP addresses the needs of growing businesses across multiple verticals, and is sold and served through an ecosystem of sales and implementation partners. We have been aggressively marketing this offering across India and the brand has gained impressive footing. In a short span of time, Ramco OnDemand has garnered over 3000 users, and is expected to proliferate itself in the coming fiscal.

The **Analytics business** has moved up a significant notch by continuing to grow in the market. Ramco's Banking Analytics, built and delivered on Ramco DecisionWorks, reduces the time and effort needed to integrate and analyze voluminous data. It gives banks a competitive advantage by enabling them to make the right decisions. We also witnessed good traction for Ramco Enterprise Analytics, delivered on the Cloud.

The third Quarter brought good tidings with the prestigious award for 'Innovation in IT Applications' at the 3rd India Power Awards, held at New Delhi. Power is a fast-growing sector, and IT plays a crucial role in helping utilities innovate and transform in a deregulated environment. Ramco has been at the leading edge in offering business applications, technology platforms and powerful delivery models, which add significant value to organizations, enable innovation and bring transformation.

Overall, our relevant expertise and experience, backed by advanced technology, has helped us leverage global opportunities and grow significantly. Post the global economic slowdown of the last two years, Ramco Systems revenue has now resurged and grown 27% over the previous year. The knowledge and experience gained over the last few decades in the domestic and global markets has put us in a position to capitalize on the new opportunities that are emerging out of the current market conditions.

Business Associates

During the year, the Company entered into several partnerships for Sales and Implementation of our Cloud offering. Some of our associates are Aircel, e-People Bespoke Consulting, Vetril Systems, and IRIS UNIPRO, among others. Last year, we entered the growing Bangladesh market, beginning with a partnership with Computer Source Ltd (CSL), a leading technology distributor in Bangladesh.

3. INFORMATION ON SUBSIDIARIES

During the year the Company's Subsidiary Ramco Systems Corporation., USA, in which the Company holds ninety eight percent equity stake, incorporated a wholly-owned Subsidiary in Canada named Ramco Systems Canada Inc. Including this step down subsidiary, the Company, as on 31st March, 2011, has six Subsidiaries, the other Subsidiaries being Ramco Systems Corporation., USA; Ramco Systems Limited., Switzerland; Ramco Systems Pte. Ltd., Singapore; Ramco Systems Sdn. Bhd., Malaysia; and RSL Enterprise Solutions (Pty) Ltd., South Africa.

4. PARTICULARS REQUIRED UNDER SECTION 212 OF THE COMPANIES ACT, 1956

The Global consolidated financial statement for the year ending 31st March, 2011 in accordance with the Notification No. 2/2011 dated 8th February, 2011 issued by Ministry of Corporate Affairs (MCA) together with the Auditors Report thereon is enclosed.

The MCA had issued a General Circular No. 2/2011 dated 8th February, 2011, granting exemption to all companies from the provisions of Section 212, subject to compliance with conditions mentioned in the said Circular. Among other things, the said circular requires the presenting of Audited Consolidated Financial Statement of the Holding Company and all the Subsidiaries in compliance with the applicable Accounting Standards and Listing Agreement in the Annual Report. In line with this, we present the Global Consolidated financial statements as on 31st March, 2011 consolidating the financial statements of the Company and its six subsidiaries viz., Ramco Systems Corporation., USA, Ramco Systems Limited., Switzerland, Ramco Systems Pte. Ltd., Singapore, Ramco Systems Sdn. Bhd., Malaysia, RSL Enterprise Solutions (Pty) Ltd., South Africa and Ramco Systems Canada Inc., Canada (step down subsidiary of Ramco System Corporation., USA). Consequently, we are not attaching the Financial Statements of the Subsidiaries.

Further, the Annual Accounts of the said Subsidiaries and the related detailed information will be made available to the Shareholders of the Company and its Subsidiaries seeking such information at any point of time and the same shall be kept for inspection by any Shareholder at the Corporate Office of the Company.

6. RIGHTS ISSUE 2010

During the year under review, the Board of Directors of the Company in its meeting held on 2nd August, 2010 approved a Rights Issue of equity shares to raise up to Rs. 40 Crores ("Rights Issue", "Issue") and constituted a Committee of Directors named "Rights Issue (2010) Committee" to finalize the modalities and steps involved in the Rights Issue. The Rights Issue (2010) Committee in its meeting held on 18th November, 2010 had approved appointment of M/s. Centrum Capital Limited as Lead Manager to the Issue and M/s. ALMT Legal as Legal Advisor to the Issue and also approved the Draft Letter of Offer dated 18th November, 2010 ("DLOF") to be filed with the Securities and Exchange Board of India (SEBI), Bombay Stock Exchange Limited (BSE), National Stock Exchange of India Limited (NSE) and Madras Stock Exchange Limited (MSE), (collectively the "Stock Exchanges").

The Company has received in-principle approvals from BSE, NSE and MSE for listing the Equity Shares arising from this Issue through letters dated 9th December, 2010, 8th December, 2010 and 24th November, 2010 respectively. The SEBI issued its final observations on the DLOF on 2nd February, 2011. Subject to favorable market conditions and requisite approvals, the Rights Issue may be completed in the forthcoming financial year 2011-12.

The DLOF is available on the website of SEBI www.sebi.gov.in, on the website of the Lead Manager www.centrum.co.in and of the Company www.ramco.com.

7. RESEARCH AND DEVELOPMENT

As in previous years, special emphasis has been placed on R&D in Ramco Systems this year. R&D efforts have been channelized towards providing various enhancements in our products such as Ramco OnDemand ERP, Ramco Enterprise Series, Ramco VirtualWorks, and Ramco DecisionWorks.

Ramco OnDemand ERP

Ramco OnDemand ERP is the first full fledged ERP offered on the cloud in a Software as a Service (SAAS) Model. Ramco OnDemand ERP is one of the most innovative products developed in India. The product provides a deep and comprehensive solution addressing the needs of internationally growing businesses.

The year 2010-11 saw the launch of Ramco OnDemand ERP 2.0 by Shri. P.R.Venketarama Raja and Chess Grandmaster Shri Vishwanathan Anand. The all new product is offered on the newer platform, Ramco VirtualWorks™ 3.0. The product now has a more visually pleasing flex interface and better maneuverability. Newer tools like Extension Development Kit, Portal Development Kit (EDK/PDK) that helps partners and customers extend the OnDemand ERP was introduced. The newer application provides easy interfacing options with external solutions using web services and these can be easily implemented. The mobile solutions were expanded to HR and Purchasing functions. Management and executive dashboards are introduced to provide incisive and summary information to the senior management of the user organizations.

The Product has now been implemented across the country by organizations belonging to various Industry segments like Automotive Ancillaries, Textiles, Electronics, Original Equipment Manufacturer (OEMs), Manufacturing, Trading, Engineering, Power, Chemicals, Leather etc. Currently the market leader in India, Ramco OnDemand ERP is developed using the Ramco VirtualWorks™ 3.0 Platform and works on a pure Multi-Tenant Architecture. The technology architecture of the Product helps customers to expand and diversify their operations without corresponding investments in Hardware or Software. The customers get automatic upgrades whenever new Business functions are developed.

Ramco Enterprise Series

Ramco Enterprise Series is a solution suite catering to various industry segments such as Power, Engineering Product Manufacturing, Storage Solutions, Armed Forces / Defence, Food and Beverages, Process Production, Real Estate, Telecom infrastructure, Transportation management, Fleet operators and MRO service providers, etc.

Ramco Enterprise Series, version 5.0 (ReS 5.0) was released in June 2010 with capability to support Rich User Interfaces. In addition to the technological upgrade (to support windows 2008, SQL 2008), the product was functionally enriched to cater to the requirements of Facilities Management Industry and Container Freight Station along with minor feature additions in other modules. Subsequent to ReS 5.0, Product upgrades were released for specific industry needs. In Human Capital Management (HCM) application, Travel Solution and Performance Management Solution were developed. In addition, critical statutory requirements like Contract Labour Reports, Labour Welfare Fund Reports and Professional Tax Reports were also developed. ReS application is now integrated seamlessly with Ramco portal capability with predefined employee self service portlets for user friendly employee interaction with the application.

Aviation 5 series M&E and MRO application had two product upgrades released to the market, during the last Financial Year. Releases 5.3 and 5.4 incorporated significant improvements in the technical records management capabilities of the application. Reporting functions were also enhanced through specialized dashboards for fleet wide

performance & exception management and supply chain performance monitoring as well as providing a robust framework for consolidated financial reporting.

Ramco VirtualWorks™

Ramco Systems has developed and deployed powerful solutions in various Geographies and Industry Segements for over a decade. At the heart of these offerings is our highly flexible platform - Ramco VirtualWorks™ : a collaborative solution innovation platform. Its unique collaborative co-creation process results in enterprise solutions that fit like a glove, and integrate seamlessly with other technology systems, platforms and applications. Ramco VirtualWorks™ enables enterprises build their next generation enterprise solution with a powerful infrastructure which provides complete control over its software assets, enables reduced time for transformation / development and exceptional quality.

Ramco VirtualWorks™ comprises a Model driven development Environment, a Business Services Repository, Service Oriented Architecture (SOA) based Enterprise Solution Architecture and an Enterprise Event Bus, coupled with the Enterprise Information Management platform. Ramco VirtualWorks™ also provides a comprehensive set of tools for partners as part of the Partner Development Kit (PDK). Extension Development Kit (EDK) has been enhanced for partners to develop extensions on the Cloud for Ramco OnDemand Customers. Query By Example (QBE) is a new tool provided for adhoc querying support through RVW 3.0 framework.

Ramco VirtualWorks™ addresses all the requirements for rapid enterprise application development, deployment and maintenance at the lowest possible Total Cost of Ownership (TCO). Ramco VirtualWorks™ incorporation of concepts such as SOA, Componentization and support for Model driven development, make it the most comprehensive application framework for developing Large enterprise applications.

Ramco DecisionWorks

Ramco DecisionWorks (RDW) 8.0 has been released with enhancements that cover usability, performance, functionality and with significant improvements to the infrastructure layer. With release of 8.0, Ramco DecisionWorks has established itself as an enterprise class application with the capability to handle thousands of users supporting flexible deployment models covering both centralized and decentralized models. Also notable has been the integration of Ramco DecisionWorks to Informatica which is a world leader in data integration capabilities. Richer visualization capabilities like Treemaps, Pivot charts have been utilized across the product. Portlets providing Rich User interface capabilities have been enabled. Ramco DecisionWorks 8.0, offers the distinct advantage of business users themselves to “Discover, Author, Publish and View” their own content with little or no effort from IT.

In addition to providing the robust analytical platform, RDW now comes packaged with prebuilt and engineered industry specific universal data models offering rich insights into the business. This engineered prebuilt content covers various industry verticals like Banking, Aviation, Insurance and Enterprise Solutions. The vertical specific solution comes with pre configured Dashboards, Portlets, Analytical reports, Scorecards which are configured based on roles thus enabling the lower cost of ownership to customer by significantly reducing the time to implement and roll out unlike the traditional Data warehousing/Business Intelligence projects.

8. GREEN INITIATIVE IN THE CORPORATE GOVERNANCE

MCA has implemented “Green Initiative in the Corporate Governance” vide Circular Nos. 17/2011 dated 21st April, 2011 and 18/2011 dated 29th April, 2011 enabling electronic delivery of Notices for General Meetings, Annual Report containing Balance Sheet, Profit & Loss Account, Auditor’s Report, Directors’ Report, etc., and other communications to the members through E-Mail.

With an intent to participate in the Green Initiative, the Company proposes to send such documents in electronic form to the E-Mail addresses of the members as available with the Depositories. Henceforth, the E-Mail addresses indicated in the respective Depository Participant (DP) accounts, periodically downloaded from National Securities Depository Limited (NSDL) / Central Depository Services (India) Limited (CDSL), will be deemed to be the registered E-Mail address of the members for serving Notices for General Meetings, Annual Report containing Balance Sheet, Profit & Loss Account, Auditor’s Report, Directors’ Report, etc., and other communications. Full text of the above said documents will be also be displayed on the website of the Company, www.ramco.com and all other requirements of the aforesaid MCA circular will be duly complied with.

SPECIAL AREAS IN WHICH THE COMPANY CARRIES OUT R&D – Ramco VirtualWorks™, Ramco DecisionWorks, Ramco Enterprise Series, Ramco OnDemand ERP.

The current version of Ramco VirtualWorks™ is:

- A Scalable delivery platform for custom built applications and for implementing next generation global scale business solutions that provides change on demand to ensure that the information system changes in step with the business change
- Built on **Business Process Based Approach** that is radically different from the traditional approach
- Supports Model based development and Componentized solutions development to deliver Service Oriented Business applications
- Geared for the emerging asset based delivery model that standards compliant and supports the business process platform strategy of an enterprise

The platform has Code generators that create the application using the various models created as part of the delivery process. It provides modeling capabilities to specify the applications at different levels of granularity starting from a business process level to specifications of a data access artifact. It also possesses an application preview facility to visualize applications and get user acceptance before they are assembled. Impact analysis support on the models helps to clearly identify the artifacts that need to be changed / created / removed for a change request.

During the year R&D investments have been in the following areas:

1. Ramco Enterprise Series has been enhanced for delivering solutions into various industrial segments, such as Power, Engineering Product Manufacturing, Storage Solutions, Armed Forces / Defence, Food and Beverages, Process Production, Real Estate, Telecom infrastructure, Transportation management, Fleet operators and MRO service providers, etc. and addressing all necessary Business, Regulatory, Payroll and HR related requirements has resulted in a repository of pre-built solutions that can address wider set of organizations in the listed segments. The latest release has been modified to support a Rich User interface.

2. Ramco OnDemand ERP 2.0, and enhanced version built of the Ramco VirtualWorks™ 3.0 has been launched in the market.
3. Ramco VirtualWorks™ - Partner Development Kit, has been enhanced with various features to facilitate the development of the Ramco Partner community. This has been done with the objective of enabling swift and easy implementation of Ramco OnDemand ERP and Ramco Enterprise Series through partners. The partner development comprises features that facilitate rapid portal development, extension development, Query By Example and creation of quick reports.
4. Several enhancements in Ramco DecisionWorks to provide superior Data Integration capabilities and Rich visualization capabilities.
5. Domain specific content for Banking, Aviation and Enterprise Solution verticals covering key subject areas has also been released on Ramco DecisionWorks

Benefits derived as a result of the above R&D:

- Expansion of Ramco offerings into more domains and verticals
- Expansion of Ramco offerings into all technology segments. This enhances the technology market addressability immensely.
- Productivity increase due the platform process streamlining leading to better delivery schedule and cost predictability
- Availability of standard functionalities to address more industry segments thus enhancing order wins and profitability
- Ability to engage suitable business partners in delivering and implementing solutions to the end customer organizations

Future Plan of Action

The Company continues to undertake research and development activities with the following objectives:

1. To add pre-built solution functionalities to cover more vertical segments
2. To develop Database conversion tools that enable delivery of applications of different databases.
3. To develop Code generators that exploit more advanced technologies for Web based solutions
4. Support for Mobile devices and Tablet devices and to address emerging technology trends to keep in step with the market needs
5. To develop an integration framework to enable rapid and seamless integration with external applications
6. To continually enhance the platform processes towards achieving improved productivity during all stages of solution delivery like modeling logic for code generation, web services standards support etc.

(D) Employee Stock Option Scheme, 2008:

The shareholders at their Extra-Ordinary General Meeting held on 18th September, 2008, had approved, an issue of 12,00,000 stock options convertible into equity shares of Rs.10/- each. The Compensation Committee in accordance

Ramco Systems Limited, INDIA

with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999, framed a detailed scheme in this regard. The options granted have a vesting period of 4 years and exercise period of 10 years from the date of the vesting of the final lot. The options other than those vested in the first lot shall vest on a Quarterly basis. The options under the first lot shall vest at the end of one year from the date of grant.

Certain employees, being the option holders under ESOP 2000, ESOS 2003 and ESOS 2004, of the Company have surrendered the options for cancellation, owing to the then unfavorable stock market conditions, against grant of fresh options under ESOS 2008, made by the Compensation Committee of the Board of Directors of the Company, in its meeting held on 11th April, 2009. The options were surrendered vide Letter of Release dated 5th May, 2009 and the same was accepted by the Company. The surrendered options have been cancelled. Accordingly, no further options under ESOP 2000, ESOS 2003 and ESOS 2004 can be granted and the said schemes have been discontinued in respect of the cancelled options. However, there are few employees holding 6,500 options under the aforementioned schemes, representing the earlier grants under ESOP 2000, ESOS 2003 and ESOS 2004, which have not been tendered for cancellation and these options are exercisable in terms of the original grants under the respective schemes.

At the meeting of the Compensation Committee held on 11th April, 2009, 11,28,875 options were granted to the eligible employees at a price of Rs. 53/- per share as per SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999, with a vesting period of 4 years and an exercise period of 10 years from the date of vesting of the final lot i.e. till 9th April, 2023.

(E) Employee Stock Option Scheme, 2009 – Plan A (ESOS 2009 – Plan A) & Employee Stock Option Scheme, 2009 – Plan B (ESOS 2009 – Plan B):

ESOS 2009 – Plan A

The shareholders at the twelfth Annual General Meeting held on 5th August, 2009, have approved, an issue of 5,00,000 options convertible into equity shares of Rs.10/- each with the number of options that could be granted to the Non-Executive Directors of the Company not exceeding 20,000 options per year and 1,00,000 options in aggregate. The options granted have a vesting period of 3 years and an exercise period of 10 years from the date of vesting of the final lot. The options other than those vested in the first lot shall vest on a Quarterly basis. The options under the first lot shall vest at the end of one year from the date of grant.

ESOS 2009 – Plan B

The shareholders at the twelfth Annual General Meeting held on 5th August, 2009, have approved, an issue of 7,50,000 options convertible into equity shares of Rs.10/- each with the number of options that could be granted to the Non-Executive Directors of the Company not exceeding 25,000 options per year and 1,50,000 options in aggregate. The options granted have a vesting period of 3 years and an exercise period of 10 years from the date of vesting of the final lot. The options other than those vested in the first lot shall vest on a Quarterly basis. The options under the first lot shall vest at the end of one year from the date of grant.

The Compensation Committee in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999, framed detailed schemes for both Plan A and Plan B in this regard.

Details of options granted, vested and exercised:

ESOS 2009 – Plan A

At the meeting of the Compensation Committee held on 27th October, 2009, 20,000 stock options were granted to Shri A V Dharmakrishnan, Non-Executive Director of the Company, at an exercise price of Rs.98/- per share as per SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999. 14,000 options have vested as at 31st March, 2011. The vested options can be exercised till 28th February, 2022.

At the meeting of the Compensation Committee held on 2nd March, 2010, 3,82,220 stock options were granted to the eligible employees, at an exercise price of Rs. 94/- per option as per SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999. 2,67,554 options have vested as at 31st March, 2011. The vested options can be exercised till 28th February, 2023.

ESOS 2009 – Plan B

At the meeting of the Compensation Committee held on 2nd March, 2010, 5,73,330, options were granted to the eligible employees, at an exercise price of Rs.94/- per share as per SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999. 2,00,665 options have vested as at 31st March, 2011. The vested options can be exercised till 28th February, 2023.

Status of live ESOS under which options have been granted, as at 31st March, 2011:

Sl. No.	Particulars	ESOS 2008	ESOS 2009 – Plan A	ESOS 2009 – Plan B
1	Total options	12,00,000	5,00,000	7,50,000
2	Total options granted (Net of employee separations)	8,92,295	3,50,060	4,95,090
3	Exercise Price – pricing formulae	Refer para (D) above	Refer para (E) above	Refer para (E) above
4	Total options vested	4,82,965	2,45,042	1,73,281
5	Total options exercised	1,43,398	-	-
6	Options lapsed	-	-	-
7	Variation of terms of options	-	-	-
8	Total number of Shares arising as a result of exercise of options	1,43,398	-	-
9	Unvested options	4,09,330	1,05,018	3,21,809
10	Total money realized by exercise of options	76,00,094	-	-
11	Employee wise details of options granted during the year:			
	(i) Senior Managerial Personnel	-	-	-
	(ii) Any other employee, who receives a grant in one year of option amounting to 5% or more of option granted during that year.	-	-	-
	(iii) Identified employees who were granted option, during one year equal to or exceeding 1% of the Issued Capital (Excluding Outstanding Warrants and Conversions) of the Company at the time of grant.	-	-	-

The employee compensation cost on account of options granted is accounted on intrinsic value method. If such cost were computed using fair value of the options (using Black Scholes Merton model), then such cost would have been higher by Rs.1,85,34,000 and the standalone profit for the year would have been lower by that amount. On this basis, the basic EPS would have been Rs.1.89 and the diluted EPS would have been Rs.1.81. The weighted average risk free interest rate of 6.79%, weighted average expected life of options of 10 years, weighted average volatility of 3.73% and weighted average market price of Rs.74.23 have been assumed in arriving at the abovementioned fair value of the options. Since no options were granted during the year, the weighted average fair value of grants during the year is not applicable.

DETAILS OF EMPLOYEE SHARE PURCHASE SCHEME / PLAN
(A) Employee Share Purchase Plan, 1999 (ESPP 1999):

During the year 1999-00, the Company had established Employee Share Purchase Plan (ESPP) which provided for the issuance of 11,00,000 shares to eligible employees (including certain employees of the subsidiaries). The shares were issued to an employee welfare trust called the RSL Employee Trust (“Trust”) at Rs.10/- each and Re.1/- was paid up by the Trust as application money. Subsequently, the Trust expressed its inability to pay the remaining money due on all the 11,00,000 shares and offered to pay the balance amount (i.e., Rs.9/- per share) only in respect of 2,50,000 shares. Accordingly, 8,50,000 shares were forfeited. The balance 2,50,000 shares have been allotted to the RSL Employee Trust. The Trust transferred equity shares to the employees at par (i.e., Rs.10/- each) as per their grade and number of years of services under an agreement of sale, whereby the employees would need to be in the employment of the Company over a four year period to get the shares on a progressive basis. As at the date of the report 84,125 equity shares remained with the Trust.

(B) Employee Share Purchase Scheme, 2004 (ESPS 2004):

The Shareholders at their Extra-Ordinary General Meeting held on 24th December, 2004, have approved the issue of 1,00,000 equity shares of Rs.10/- each under the scheme to Senior Key Managerial Personnel including Independent Directors, President, CEO and other employees of the Company as well as of the Subsidiaries. As at the date of this report, no equity shares have so far been allotted, under this Scheme.

ANNEXURE E MANAGEMENT DISCUSSION AND ANALYSIS

Overview

Strengthening our products and services has been the focus for the year 2010-11, with the spotlight being on cloud offerings.

We are seeing the Company grow and expand itself in various new markets, both at the domestic and international levels. Toward making our vision of being a global leader of software solutions and services come true, we have maintained a future-ready approach and remained pro-active. Our efforts towards Image and Brand building have been effective, and as a result, there has been a significant improvement in brand recall. This is a major breakthrough compared to the previous years.

Our OnDemand business is continuing to successfully head toward beneficial results. Through the OnDemand Cluster Series of events, we have been targeting untapped markets all over the country. The aim is to accelerate our efforts toward becoming a major player in the segment in India, and subsequently, across the globe. Also, during the year, we have continued to focus on larger accounts to achieve revenues on annuity basis, so that we can have better revenue predictability. Our focus has paid off—the results have ascertained a positive trend and we hope that this will improve in future.

In addition to the successful run of our OnDemand and on premise ERP, we have also been seeing consistent and significant traction from the Banking Analytics practice. During the year, go-lives have been quiet commendable in the region. In all, we are positive about having laid a strong foundation for Ramco OnDemand ERP (RODE) and Banking Analytics in the Indian arena.

For the Middle East & North Africa (MENA) and South African markets, 2010-11 has been a good year with significant order-acquisitions. After the stupendous success of the eThekwini project, South Africa has witnessed a major breakthrough with order-wins from 3 municipalities. We have succeeded in establishing a good base in both the markets. Having accelerated our marketing and promotional efforts, we will be able to deeply penetrate in these maiden markets, in the coming years.

In the Asia Pacific region (Asean), our growth has remained flat through the year. We entered the growing Bangladesh market beginning with a partnership with Computer Source Ltd (CSL), a leading technology distributor in Bangladesh to market our offerings.

The US & Canada markets (Americas) have been witnessing a good deal of breakthroughs in the aviation sector through new orders and partnerships. During the year we launched Ramco Aviation Analytics, a dashboard driven business intelligence tool. This was followed with the launch of Equipment Rental Management Solution for the rental and leasing industry in the US. This offering has great prospects in the US, and we are focusing on effectively marketing it to the target audience.

The share of revenue of USD 45.16 Million from various geographies is depicted as under:

In the year ahead, the Company has taken a strategic step towards Verticalization. This move is to leverage our experience in developing end-to-end solutions for specific needs and to reduce sales cycle time in the process. This restructuring is assured to provide better focus by making each unit a self-contained entity having the domain expertise to handle the complete solution end-to-end.

One of the problem areas that is plaguing our operations is that the Average Collection Time (conforms to Average Sales Outstanding) is quite high in India, Middle East, North Africa and South Africa, than in US and Europe, putting the smooth cash flow to strain. Also, on the Aviation front, a few large deals that we were contemplating have not come through, as the decisions have been deferred indefinitely.

Risk Management and Internal Control Systems

The Company has a suitable Risk Management framework for the purpose of managing risks. It has a comprehensive Budgetary Control System, against which the actual performance is reviewed. It has a well-defined Organization Structure and clear authority levels. Internal Audits are conducted periodically. These are reviewed by the Audit Committee in its Meetings.

Opportunities

We believe our strong brand, robust quality product and access to skilled talent base, places us in a unique position to take advantage of the trend towards providing ERP solutions. With superior technology and steadfast support from our employees and executive members, the Company is well-positioned to capitalize on market opportunities emerging from the current challenging scenario.

When it comes to technology, we are a pioneer; we have quickly upgraded our offerings to conform to the latest in the field - Cloud Computing. This offers exciting opportunities to the Company, because it eliminates the need for customers to work with multiple vendors to address their diverse business requirements.

For the Americas, we have our eyes on markets for Component Manufacturing, an extension of the Aviation sector and Equipment Manufacturing.

Our G-to-M (Go-to-Market) strategy devised last year has helped us further strengthen our growth path this year. This has given us clear visibility in terms of our product positioning. Today, all functions of the Company are completely aligned to market dynamics. This effort is now paying good dividends.

Partnerships & Alliances

We firmly believe in creating a strong partner ecosystem to penetrate the market within a short span of time. It has been a year of several strategic partnerships across a wide range of businesses. Whether it is presales, sales, implementation, or support, partners add great value. Major Telecom, Managed Services and Global BPO companies have expressed interest in partnering with us for RODE. The number of retail partners currently adds up to 61.

People Initiatives

For us, providing opportunities for continuous growth and learning are of prime importance. Having the right resources with the right ideas can go a long way in delivering value to customers.

We have been actively involved in Talent Acquisition, initiated through campus recruitment from premier Engineering and Management Institutes, and also in Talent Retention through stock options. However, employee retention continues to remain a challenge. To handle this, we have been working on retention tools that align employees with our long-term goals.

During the year, outbound learning programs were conducted to foster team work and enhance individual/team effectiveness. A revisal of compensation was carried out throughout the Company, with an average rise of 15% across the Company, from top to bottom. We have designed our compensation to attract and retain top quality talent and motivate higher levels of performance. We have devised individual performance linked incentive programs that we believe will more accurately link performance to compensation for each employee. We measure our compensation packages against industry standards and seek to match or exceed them, year after year.

AUDITOR'S REPORT TO THE MEMBERS OF RAMCO SYSTEMS LIMITED

1. We have audited the attached Balance Sheet of Ramco Systems Limited, as at 31st March, 2011 the Profit and Loss Account and also the Cash Flow Statement for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India in terms of Sub-section (4 A) of Section 227 of the Companies Act, 1956, we enclose in the annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to above, we report that:
 - a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account, as required by law have been kept by the Company, so far as appears from our examination of those books;
 - c) The Balance sheet, Profit and Loss Account and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the Balance Sheet, Profit and Loss Account and the Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956;
 - e) On the basis of written representation received from the Directors, as on 31st March, 2011 and taken on record by the Board of Directors, we report that none of the Directors is disqualified, as on 31st March, 2011 from being appointed as a Director in terms of clause (g) of Sub-section (1) of Section 274 of the Companies Act, 1956;
 - f) In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (1) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2011;
 - (2) in the case of the Profit and Loss Account, of the profit for the year ended on that date;

SIGNIFICANT ACCOUNTING POLICIES & NOTES ON ACCOUNTS

SIGNIFICANT ACCOUNTING POLICIES

I. Basis of Preparation

The financial statements are prepared under the historical cost convention in accordance with the Generally Accepted Accounting Principles (GAAP) and materially comply with the mandatory Accounting Standards issued by the Institute of Chartered Accountants of India and the provisions of the Companies Act, 1956. All income and expenditure having a material bearing on the financial statements are recognized on accrual basis.

II. Revenue Recognition

A. Software and related services

i) License Fees

License Fee revenue is recognized on delivery of the software.

ii) Software development / Implementation Fees

Software development / Implementation Contracts are either fixed price based or time and material based. In case of fixed price contracts, revenue is recognized in accordance with percentage of completion method of accounting. In case of time and material contracts, revenue is recognized based on billable time spent in the project, priced at the contractual rate.

iii) Annual Maintenance Contract

Revenue from Maintenance services is recognized on a pro-rata basis over the period of the contract.

B. Value Added Resale Hardware & Software

Revenue from sales is recognized upon despatch of goods to customers.

C. Other Income

Interest on bank deposits and rental income are recognized on accrual basis.

III. Fixed Assets and Depreciation

A. Tangible Assets

Fixed Assets are capitalized at historical cost and includes freight, installation cost, finance cost, net of taxes and duties wherever applicable and other incidental expenses incurred during the installation stage.

Depreciation is charged on a pro-rata basis on the Straight Line Method as per the rates prescribed under Schedule XIV of the Companies Act, 1956.

Individual assets not exceeding Rs.5,000/- are depreciated in full in the year of purchase.

Assets acquired on Hire Purchase are capitalized at the gross value and interest thereon charged to Profit & Loss Account.

In respect of Assets leased prior to 1st April, 2001, the lease rentals paid during the year are charged to Profit & Loss Account. In respect of assets leased on or after 1st April, 2001, the accounting treatment prescribed by Accounting Standard 19 on "Leases" is followed.

B. Intangible Assets

a) Costs incurred in the development of ERP product, together with repository of new business components, upon completion of the development phase, have been classified and grouped as "Product Software" under Fixed Assets.

Similarly, costs incurred in the development of technology platform framework, which would enable the Company to provide solutions - both standard and customized - in an efficient manner, have been classified and grouped as "Technology Platform" under Fixed Assets, once the same is available for use.

b) Costs incurred for filing the patent application like consultancy and filing fees are capitalized upon grant of Patents.

The useful life of the above assets is estimated as ten years and depreciation is charged accordingly.

IV. Investments

Long term investments are stated at cost and short term investments are valued at lower of cost and net realizable value.

V. Inventories

Inventories are valued at lower of cost and net realizable value. Cost includes cost incurred in bringing the inventories to their present location and condition and is determined based on FIFO method.

VI. Foreign Currency Transactions

The functional currency of the Company is Indian Rupee.

Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transaction. The monetary items denominated in the foreign currency at the year end are translated at the exchange rates prevailing on the date of the balance sheet or wherever forward contracts are booked, at the respective rates as per such forward contracts and the loss or gain arising out of such transactions is adjusted in the Profit & Loss Account. Exchange difference in respect of foreign currency liabilities incurred for acquiring fixed assets on or before accounting period commencing after 7th December, 2006 is added to the cost of respective fixed assets.

VII. Translation of Financial Statements of Foreign Branch

All income and expenditure transactions during the year are reported at a monthly moving average exchange rate for the respective periods. Monetary assets and liabilities are translated at the rate prevailing on the balance sheet date. Non-monetary assets and liabilities are translated at the rate prevailing on the date of the transaction and the balance in 'head office account' whether debit or credit, is reported at the amount of the balance in the 'branch account' in the books of the head office, after adjusting for un responded transactions. Net gain / loss on foreign currency translation is recognized in the Profit & Loss Account.

VIII. Employee Benefits

Short-term employee benefits, salaries, wages and other benefits are recognized as expenses at the actual value as per contractual terms and such amounts are charged as expenses in the Profit and Loss Account for the year in which the related service is rendered. Other benefits are treated as below :

Gratuity

In accordance with the Indian law, the Company provides for gratuity, a defined benefit plan ("The Gratuity Plan"), covering all employees. These employees are covered under the Group Gratuity Scheme of the Life Insurance Corporation of India. The contribution to the said scheme are charged to the Profit and Loss Account. The liability for Gratuity is ascertained as at the Balance Sheet date based on independent actuarial valuation in accordance with Accounting Standard 15 (revised) and the charge for current year arrived at. Accordingly, the difference between such charge and contribution is provided in the accounts by a debit to the Profit and Loss Account.

Superannuation

Apart from being covered under the Gratuity Plan described above, the senior officers of the Company have been given an option to participate in a defined contribution plan ("The Superannuation Plan") maintained by the Life Insurance Corporation of India. For those who opt to participate, the Company makes contributions not exceeding Rupees one lakh per annum, based on a specified percentage of the basic salary of each covered employee. For those who do not opt to participate, an amount equivalent to the contribution determined at the time of exercise of option is paid alongwith salary. The Company has no further obligation beyond its contribution / payments.

Provident Fund

In addition to the above benefits, all employees receive benefits from a Provident Fund, which is a defined contribution plan. Both the employee and employer each make monthly contributions to the plan equal to 12% of the covered employee's basic salary. These contributions are made to the employees' provident fund maintained by the Government of India. The Company has no further obligations under the plan beyond its monthly contributions.

Leave Encashment

Leave encashment liability is ascertained as at the Balance Sheet date based on independent actuarial valuation in accordance with Accounting Standard 15 (revised) and is provided for in the books of accounts.

IX. Earnings per share

Profit after tax is adjusted for prior period adjustments, if any and divided by the weighted average number of equity shares outstanding during the period.

X. Taxes on income

Current Tax is determined as the amount of tax payable in respect of the taxable income for the period. Deferred tax asset or deferred tax liability is considered for timing differences in accordance with Accounting Standard 22. Deferred tax asset arising on account of carry forward of losses is not considered.

Minimum Alternative Tax (MAT) credit asset is recognised only when and to the extent there is convincing evidence that the Company will pay normal Income Tax during the specified period. The carrying amount of MAT credit asset is reviewed at each Balance Sheet date.

XI. Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date, there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

AUDITOR'S REPORT TO THE BOARD OF DIRECTORS OF RAMCO SYSTEMS LIMITED ON THE CONSOLIDATED FINANCIAL STATEMENTS OF RAMCO SYSTEMS LIMITED, INDIA AND ITS SUBSIDIARIES

We have examined the attached Consolidated Balance Sheet of Ramco Systems Limited and its Subsidiaries as at 31st March, 2011, the Consolidated Profit and Loss Account and the Consolidated Cash Flow Statement for the year then ended.

These financial statements are the responsibility of Ramco Systems Limited's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Generally Accepted Auditing Standards in India. These Standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are prepared, in all material aspects, in accordance with identified financial reporting framework and are free of material misstatement. An audit includes, examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements. We believe that our audit provides a reasonable basis for our opinion.

We did not audit the financial statements of certain subsidiaries, whose financial statements reflect total assets of Rs.238,075,488/- as at 31st March, 2011 and total revenues of Rs.485,553,157/- for the year then ended. These financial statements have been audited by other auditors whose reports have been furnished to us, and our opinion, in so far as it relates to the amounts included in respect of these subsidiaries, is based solely on the report of the other auditors. The financial statements of the Affiliate for the year ended 28th February, 2011 have not been audited.

We report that the consolidated financial statements have been prepared by the Company in accordance with the requirements of Accounting Standard 21 - Consolidated Financial Statements and Accounting Standard 23 - Accounting for Investments in Associates in Consolidated Financial Statements issued by the Institute of Chartered Accountants of India, and on the basis of the separate audited financial statements of Ramco Systems Limited and its Subsidiaries in the Consolidated financial statements.

On the basis of the information and explanations given to us and on the consideration of the separate audit reports on individual audited financial statements of Ramco Systems Limited and its aforesaid Subsidiaries, we are of the opinion that:

- a) the Consolidated Balance Sheet gives a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of Ramco Systems Limited and its Subsidiaries as at 31st March, 2011;
- b) the Consolidated Profit and Loss Account gives a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated results of operation of Ramco Systems Limited and its Subsidiaries for the year then ended;
- c) the Consolidated Cash flow statement gives a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated cash flow of Ramco Systems Limited and its Subsidiaries for the year then ended.
