## Letter to Shareholder

Dear Shareholders,

The year ended 31 March 2013 has been another extremely difficult and disappointing year for Calsoft and its shareholders.

The Company has managed to stem the huge losses incurred in year ended 2012 & 2011 of (77.55) Crores and ₹ (19.14) Crores respectively. The current loss for the year is only ₹ (2.75) Crores . Current turnover is ₹ 51.73 Crores compared with year ended 2012 of ₹ 79.90 Crores. Most of the reduction in turnover is attributable to the disposal of businesses, a process initiated by the previous management.

Several years ago the company purchased, and mortgaged the current office building known as RVC Towers in Chennai. Since then a lot of new office space has come onto the Chennai property market, much of which remains vacant. The downward pressure on rents; together with high interest rates and capital repayments have put a strain on the groups cash flows. The building remains a net outflow of funds and the trading conditions are still very poor. Our financial position is still very weak.

During the year many of the companies' outstanding issues and liabilities have been resolved and settled, many achieving significant discounts. These settlements are a pre requisite to the restructuring that we are trying to achieve. In addition negotiations to sell the Inatech business are well underway and we are optimistic that a sale can be achieved.

We have also disposed of our investment in Impelsys, at a profit of \$ 750,000 over its book value and disposed of a promissory note owed by the owners of Epay, at its face value of \$400,000, despite the amount only becoming payable after two years. These sales have provided much of the cash to allow us to keep the company operating whilst we look for a partner with a viable business and promising future who can benefit from the company's good reputation and Stock Exchange listing.

Once again, I would like to thank the shareholders for their support over the past and I would like to assure you that your Board are doing all they can to ensure the survival of the Company and an improvement in its value.

**Bhavesh Rameshlal Chauhan**  
Managing Director & CEO

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT (MDA)

### a. Industry structure and developments

While there is uncertainty and softness in global economic environment, none the less, trends and forecasts for IT services and Products are quite encouraging. The IT Services industry today is facing intense competitive pressures and rapidly changing market dynamics, driven by changing economy, regulatory environment, new technology and innovation. Customers today seek more efficient and effective operations along with technology based innovation and business transformation.

Total IT spend last year hit \$3.6 trillion, Gartner said, representing a 2.1 percent gain over the prior year. In 2013, that spend will go up to \$3.8 trillion, a rise of 4.1 percent. Things will get even better for the IT sector in 2014, when spend, according to the research firm, is expected to hit \$3.9 trillion.

Major growth drivers in 2013-14 will be:

- Customers increasingly looking at specialized service providers with innovative business models and aligned to customers business goals.
- Ability to verticalize and replicate the solutions to drive efficiency and economy;
- Adaptability, agility and scalability in disruptive technologies like Mobility, Analytics, Cloud, Social media, and Big data; and

### b. Opportunities and threats

An unstable environment in the European region, tougher immigration laws in US, competition from the other specialized players in our focused verticals of operations, continue to remain a threat to our existing business and prospects. Business is subject to risks arising out of business combinations like mergers, acquisitions, take over etc.

The significant opportunities that Calsoft sees for growth and the achievement of its near term goals are based on the following:

- a) Calsoft's implementation expertise in its Enterprise offerings combined with deep domain expertise in select industry verticals clearly provide an edge for the company in the markets that it functions in.
- b) According to industry analysis like Forrester, enterprises are looking for help making the move from a Time & Material model of engagement to a managed services model which not only help in driving down costs but also ensures that the projects are more outcome oriented. Calsoft has made considerable investments in the Managed Services area and is poised to reap in the benefits of this market opportunity.

The main threats to the growth of the Company will come from:

- a) Foreign exchange rate fluctuations. As the Company uses India as a major source of manpower, the exchange rate of the Rupee vis-à-vis the US Dollar and other currencies could affect its ability to compete, and have short-term impact on profitability.

### c. Segment wise performance

For the financial year under consideration, your company has reported results of the business units viz Enterprise Solutions, Strategic Investments Solutions and Infrastructure Management Services.

The performances of these segments have been separately reported in Note No.30 of the Consolidated Financial Statements of the Company and Note No.37 of standalone statements.

### d. Outlook

The Company has taken stock of the steady revival in the market and also the constant pressure on margins and has introduced

steps to maintain its current margins. The detailed outlook is mentioned in business update and outlook in the Directors Report.

### e. Risks and concerns

Risks that the Company faces are those which others in our Industry face. The Company monitors these risks consistently and periodically. Business risks faced by the Company include reduction in IT budgets of our customers, currency volatility, geo political risks as we operate across geographies, etc.

The risks and uncertainties include, but not limited to, risks and uncertainties regarding fluctuations in earnings and exchange rates, and the Company's ability to manage growth in the face of intense competition in IT services.

### f. Internal control systems and their adequacy

Calsoft has deployed adequate Internal Control Systems (ICS) in place to ensure a smooth functioning of its business. The Control Systems provide a reasonable assurance of recording the transactions of its operations in all material aspects and of providing protection against misuse or loss of company's assets.

The existing internal control systems and their adequacy are frequently reviewed and improved upon to meet the changing business environment.

### g. Material development in Human Resources

Calsoft's biggest assets are its employees. Our endeavors are driven by a strong set of values imbibed in us and policies that we abide by. Our constant goal, and indeed our biggest strength, is a healthy happy and prosperous work environment for all our employees.

As on March 31, 2013, our group employee strength stood at 204.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

We did not audit the Financial Statements of CSWL, Inc. USA (consolidated basis with its subsidiaries) and Inatech Solutions Ltd, UK were individually audited by other auditors. These financial Statements have been audited by other auditors whose reports have been furnished to us, and our opinion, in so far as it relates to the amounts included in respect of the parent company and subsidiaries, is based solely on the report of the other auditors.

Further, we report that the consolidated financial statements have been prepared by the Company in accordance with the requirements of Accounting Standard AS-21 on Consolidated Financial Statements, issued by the Institute of Chartered Accountants of India and on the basis of the separate audited financial statements of California Software Company Ltd. and its subsidiaries included in the Consolidated Financial Statements.

## Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the basis for qualified opinion paragraph, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- b) in the case of the Statement of Profit and Loss, of the Loss for the year ended on that date.

## Emphasis of Matter

We draw attention to the following:

- A) In the notes Accounts of the Parent Company:
  - (i) Note No.26 to the financial statement regarding Impairment of Investments in subsidiaries amounting to Rs. 174,056,849/-

All these financial statements have been prepared under the historical cost convention and comply with accounting standards in all material respects. Of the above CSWL Inc, Aspire Communications P ltd and its subsidiary Aspire peripherals P ltd and Inatech Solutions, Egypt have stopped their operations entirely.

The consolidated financial statements are prepared in accordance with the Principles and procedures for the preparation and presentation of consolidated financial statements as laid down under AS-21 prescribed by the Institute of Chartered Accountants of India. Consolidated financial statements are prepared using uniform accounting policies.

The financial statements of the parent Company and subsidiaries have been combined on line by line basis by adding together the book values of like items of assets, liabilities, income & expenses after eliminating intra group balances/transactions.

### 2. Use of Estimates

The preparation of financial statements in conformity with the generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenue and expenses and disclosure of contingent liabilities as of the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon the management's evaluations of the relevant facts and circumstances as of the date of the financial statements. Actual results could differ from these estimates.

### 3. Revenue Recognition

Revenue from software development is recognised based on software developed and billed to clients as per the terms of specific contracts. Revenue from consultancy services is recognised when the services have been provided to the customer. Revenue from the sale of software products is recognised when the sale is completed with the passing of title.

Revenue from maintenance services is accrued over the period of the contract.

Deferred revenue includes amounts currently due and payable from and payments received from customers for various expenses for services and amounts deferred if other conditions to revenue recognition is not met. Deferred revenue that is expected to be earned in the next twelve months is reflected as current liability.

Software revenue from software license agreements is recognized when collection is probable and the product is shipped.

### 4. Expenditure

Expenses are accounted on the accrual basis and provisions are made for all known losses and liabilities.

### 5. Fixed Assets

Fixed assets are stated at cost less accumulated depreciation. Cost includes direct costs and financing costs related to borrowing attributable to qualifying assets. CSWL Inc, Aspire Communications P ltd and its subsidiary Aspire peripherals P ltd and Inatech Solutions, Egypt is not having any fixed assets.

### 6. Impairment

### 7. Depreciation & Amortization

The parent Company and its Subsidiaries are charging depreciation under straight line method

### 8. Leases

In the case of assets taken under operating lease, the rentals are charged to profit and loss account when due.

### 9. Inventories

As of 31st March 2013, none of the group companies were holding inventory.

### 10. Investments

Long term investments are stated at cost with provisions where necessary, for diminution other than temporary, in the value of investment.

### 11. Foreign Currency Transactions

Foreign currency transactions including expenses incurred on Trading / Non Trading Overseas offices and revenue accounts of onsite offices are accounted at the exchange rates ruling on the date of transaction. At the year end all monetary assets and liabilities denominated in foreign currency other than investments are restated at the closing exchange rates. Exchange differences arising out of actual payments / realizations and from the year end restatement referred to above are reckoned in the profit and loss account.

Translation of Financial Statements of the Overseas Subsidiaries denominated in US dollar to Indian rupee.

- i) For the purpose of consolidation, the operation of overseas subsidiaries are considered non integral in nature and on

the basis of AS- 9 prescribed by the Institute of Chartered Accountants of India, during the current financial year with effect from 1 April 2005, their assets and liabilities are translated at the year-end exchange rate. The resultant translation adjustment is reflected as a separate component of Shareholders funds as 'Cumulative Translation Reserve'. Only in case of disposal and dissolution of Non Indian Subsidiaries the balance in Currency Translation reserve in relation to the subsidiary will stand transferred to Profit and Loss Account. Income and expenditure are accounted in the consolidated Profit and Loss Account of each year as given below:

- a) Revenues and expenses are converted into Indian Currency at the average rate prevailing during the year.
- b) Depreciation on Fixed Assets is converted at the average rate prevailing during the year.

## 12. Employee Benefits

### A) California Software company Limited

## A. SIGNIFICANT ACCOUNTING POLICIES

### 1. Basis of preparation of Financial Statements

The financial statements are prepared under historical cost convention, in accordance with Generally Accepted Accounting Principles ("GAAP") in India and to comply with applicable Accounting Standards notified under Section 211 (3C) of the Companies Act, 1956 and the relevant provisions of the Companies Act, 1956.

### 2. Use of Estimates

The preparation of financial statements in conformity with the generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenue and expenses and disclosure of contingent liabilities as of the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon the management's evaluations of the relevant facts and circumstances as of the date of the financial statements. Actual results could differ from these estimates.

### 3. Revenue Recognition

Revenue from software development is recognised based on software developed and billed to clients as per the terms of specific contracts.

Revenue from consultancy services is recognised when the services have been provided to the customer.

Revenue from the sale of software products is recognised when the sale is completed with the passing of title.

Revenue from maintenance services is accrued over the period of the contract.

### 4. Fixed Assets

Fixed assets are stated at cost less accumulated depreciation. Cost includes direct costs and financing costs related to borrowing attributable to qualifying assets.

### 5. Impairment

Consideration is given at each Balance Sheet date to determine whether there is any modification or impairment of the carrying amount of the fixed assets. If any condition exists, an asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of any asset exceeds recoverable amount.

### 6. Depreciation

Depreciation on tangible fixed assets is calculated on straight-line method at the rates prescribed in Schedule XIV of the Companies Act, 1956, except for computers which are depreciated over a period of 3 Years. Intangible assets are amortized over their estimated useful lives (Computer Software 2 Years ; Product Solutions 5 Years).

Depreciation charge on additions / deletions is restricted to the period of use.

Assets individually costing ₹ 5,000 or less are fully depreciated in the year of addition.

In the event the useful life of any fixed assets being assessed to be lower than the life derived from the rates specified above, the book value of such assets is charged off as depreciation over their balance useful lives.

### 7. Leases

In the case of assets taken under operating lease, the rentals are charged to profit and loss account when due.

### 8. Investments

Long term investments are stated at cost with provisions where necessary, for diminution other than temporary, in the value of investment.

### 9. Foreign Currency Transactions

Foreign currency transactions including expenses incurred on Trading / Non Trading Overseas offices and revenue accounts of onsite offices are accounted at the exchange rates ruling on the date of transaction. At the year end all monetary assets and liabilities denominated in foreign currency other than investments are restated at the closing exchange rates. Exchange differences arising out of actual payments / realisations and from the year end restatement referred to above are reckoned in the profit and loss account.

### 10. Employee Benefits

The Company has transferred its entire employees except one in the administrative office before the end of this year. However till the date of such transfer following employee benefits were provided.

#### a. Short Term

Short term Employee Benefits are recognised as expenses as per the company's scheme based on the expected obligation.

#### b. Long Term

Liability in respect of long term Employee Benefits in the nature of accumulated compensated absence is provided for based on actuarial valuation using projected unit credit method.

#### c. Post Retirement

##### i) Provident fund

This is a defined contribution plan and contributions made to the fund, in accordance with the applicable rules/statutes are charged to revenue. The Company has no further obligation for future provident fund benefits other than aforesaid contributions.

##### ii) Superannuation

This is a defined contribution plan. The Company contributes a sum equivalent to 15% of eligible employee's salary towards superannuation fund administered by Life Insurance Corporation of India and are charged to profit and loss account.

##### iii) Gratuity

This is a defined benefit plan. The Company has subscribed to California Software Company Employees' Group Gratuity Scheme, which is being administered by a Trust set up for this purpose under the aegis of the Life Insurance Corporation of India (LIC). Liabilities with regard to the Gratuity payable to the employees are determined by actuarial valuation using projected unit credit method, based upon which, the Company makes contribution to the Trust. The funds contributed to the Trust are remitted to the LIC. Actuarial gains and losses comprising of experience adjustments and the effects of changes in actuarial assumptions are recognised immediately in the profit and loss account as income or expense.

### 11. Taxation

Provision for current tax is made based on the liability computed in accordance with the relevant tax rates and tax laws. Provision for deferred tax is made for timing differences arising between the taxable incomes and accounting income computed at current applicable tax rates. Deferred tax assets are recognised only if there is a virtual certainty that they will be realised in the foreseeable future and are reviewed for the appropriateness of their carrying value at each balance sheet date. As the company has been incurring losses for several years now entire deferred tax asset has been written back in the previous year.
