ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT - 31ST MARCH, 2017 (Referred to in our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT OF THE OPTO CIRCUITS (INDIA) LTD.

We have audited the internal financial controls over financial reporting of Opto Circuits (India) Ltd ("the Company"), as of 31st March, 2017 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013 ("the Act").

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the

ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind As Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2)

provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely

detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and audit evidence obtained by other auditors in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in

accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

We believe that the audit evidence we have obtained and audit evidence obtained by other auditors in terms of their

report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

OTHER MATTERS

The consolidated financial statements include the financial statements of the holding Company, its subsidiaries and the step-down subsidiaries. The consolidated financial statements are prepared in accordance with the principles and procedures required for the preparation and presentation of consolidated financial statements as laid down under the Indian Accounting Standard (Ind AS) 110, "Consolidated Financial Statements".

The Consolidated Financial Statements have been combined on a line-by-line basis by adding together book value of

like items of assets, liabilities, income and expenses after eliminating intra-group balances and transactions and the un-realized gain/loss. The Consolidated Financial statements have been consolidated applying uniform accounting policies in use at the Group. Minority interests have been excluded. Minority interest represents that part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Company.

• Use of Estimates

The preparation of the financial statements is in conformity with Ind AS which requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as on the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include computation of percentage-of-completion which requires the Group to estimate the efforts expended to date as a proportion of the total efforts to be expended, provisions for doubtful debts, future obligations under employee retirement benefit plans, income taxes, post-sales customer support and the useful lives of fixed assets and intangible assets.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

The management periodically assesses using, external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the net selling price and the value in use which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset, other than goodwill is reversed if, and only if, the reversal can be related objectively to an event occurring after

the impairment loss was recognized.

The carrying amount of an asset other than goodwill is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in previous years.

2. FINANCIAL INSTRUMENTS

Financial assets and liabilities are recognized when the group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

I. Cash and cash equivalents

The group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

II. Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

III. FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. The group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity investments not held for trading

IV. Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in profit or loss.

v. Financial liabilities

Financial liabilities are measured at amortized cost using the effective interest method.

vi. Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all its liabilities. Equity instruments recognized by the group are measured at the proceeds received net off direct issue cost.

vii. Off-setting of financial instruments

Financial assets and financial liabilities are off set and the net amount is reported in financial statements if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

3. REVENUE RECOGNITION

Revenue from sale of products are recognized on dispatch of goods to customers and installation. Such revenue is recorded at net of sales tax/VAT, trade discounts, rebates for price adjustments, rejections, and shortage in transit. 4. PROVISIONS AND CONTINGENT LIABILITIES

Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimates can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are neither recognized

nor disclosed in the financial statements.

5. PROPERTY PLANT AND EQUIPMENT (PPE) INCLUDING GOODWILL, INTANGIBLE ASSETS AND CAPITAL WORK-IN-PROGRESS

On adoption of Ind AS, the Company retained the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and used that as its deemed cost as permitted by Ind AS 101 'First-time Adoption of Indian Accounting Standards'.

PPE are stated at cost, less accumulated depreciation and impairments, if any. Direct costs are capitalized until such assets are ready for use. Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost. Intangible assets are recorded at the consideration paid for acquisition of such assets and are carried at cost less accumulated amortization and impairment.

6. DEPRECIATION AND AMORTIZATION

Depreciation is provided on a pro-rata basis on the straight line method over the useful lives as prescribed under Schedule II to the Companies Act, 2013.

Accordingly, in respect of fixed assets acquired during the year, depreciation / amortization is charged on a straight line basis so as to write off the cost of the assets over the useful lives. Intangible assets are amortized over their respective individual estimated economic useful lives on a straight line basis commencing from the date the asset is available to the Group for its use. Leasehold improvements are written off over the lower of the remaining primary period of lease or the life of the asset.

7. LICENSE RIGHTS AND PATENTS

License rights and patents are evaluated for impairment when events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable through the estimated undiscounted future cash flows resulting from the use of these assets. When any such impairment exists, the related assets will be written down to fair value.

8. PRODUCT WARRANTIES

Estimated costs for product warranties are accrued for and charged to operations, as revenues for the related products

are recognized.

Management reviews accounts receivable on a monthly basis to determine if any receivables will potentially be uncollectible. The Company includes any accounts receivable balances that are determined to be uncollectible, along with a general reserve, in its overall allowance for doubtful accounts. Based on the information available, the Company believes its allowance for doubtful accounts as of now is adequate. However, actual write-offs might exceed the recorded allowance.

12. TAXES ON INCOME

• Income Tax

A Provision is made for Income Tax annually based on the Tax Liability computed after considering Tax allowances and exemptions. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income Tax Liability is considered as asset, if there is convincing evidence that the Company will pay normal tax after the tax holiday period. Accordingly it is recognized as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

• MAT Provision

The Company is not charging off MAT on SEZ profit, as the MAT payment is in the nature of advance tax which will be set off against liability arising in future years. The unclaimable MAT amount will be written off as expenditure in the year in which carry forward/adjustment is not permissible.

• Deferred Tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying value of the assets and liabilities and their respective tax bases.

Other deferred tax assets are recognized if there is a reasonable certainty of realization. The effect on deferred assets and liabilities of a change in rates is recognized in the income statements in the period of enactment of the change. Deferred tax assets and liabilities are computed on the timing difference at the reporting date between carrying amount of assets and liabilities and their respective tax base. Deferred Tax assets are recognized based on management estimates of available tax liability and assessing its certainty. Under US GAAP, Valuation allowance is made to provide for

that portion which is not 'more likely than not' realizable. Also classification as current or non-current is based on the classification of related non-tax assets or liability.

13. FOREIGN CURRENCY TRANSLATIONS

OEHL's business has been growing and has huge potential to scale up. Your Directors have thought it fit to acquire the said Equity Shares in OEHL held by some of the Shareholders there in who had invested long back in OEHL and those who are known to the Promoters. Accordingly, the Board of OEHL recommended this proposal based upon the approval from its Shareholders to your Company and very careful evaluation process was undertaken. An Independent firm of reputed Chartered Accountants was engaged by OEHL and your Company to undertake this process and prevailing guidelines and formula of the SEBI were followed to arrive at the price. However, the Board of your Company has proposed, which was agreed to by the Shareholders of OEHL and OEHL itself, to issue Shares at Rs. 15/- per Equity Share i.e. above the base price arrived at as per the said formula, keeping the interests of the Company and of the current Shareholders.

The Valuation Reports of Opto Eurocor Healthcare Limited obtained from Messrs Ishwar & Gopal, Chartered Accountants, Bangalore are kept open for inspection by the Members.

Your Board at its Meeting held on February 14, 2017 and August 01, 2017 subject to the approval of Shareholders, approved the proposal of issue of 3,68,04,768 (Three Crore Sixty Eight Lakhs Four Thousand Seven Hundred Sixty Eight only) Equity Shares of Rs. 10/- each of the Company at a price of Rs.15/- Per Share, in exchange for 14,15,568 (Fourteen Lakhs Fifteen Thousand Five Hundred Sixty Eight Only) number of fully paid up Equity Shares of Rs.10/- each in Opto Eurocor Healthcare Limited, a Subsidiary of the Company, based on the valuation of the said Shares.

The Equity Shares allotted would be listed on BSE Limited and National Stock Exchange Limited. The Preferential Allotment is subject to the approval of the members of the Company and other statutory approvals, if any. Since the Company is listed, the proposed issue
