MANAGEMENT DISCUSSION & ANALYSIS REPORT

1 INDUSTRY STRUCTURE AND DEVELOPMENTS

As against industry capacity of about 1300 million meters the domestic demand is about 600 million meters and export demand is about 300 million meters. There has been a 30% capacity addition during the last one year as a result of which there is a severe pressure on prices and also under utilization of capacities by all the Denim manufacturers. Denim prices have fallen by about 10% in the previous year and some manufacturers are shifting to non Denim products.

2 OPPORTUNITIES, THREATS AND OUTLOOK

The outlook for the industry is not very encouraging in the near future due to entry of several medium/large players and the increasing competition from the un organized sector. Fluctuation in the prices of Cotton, frequent changes in Government policies, devaluation of rupee, severe power cuts and non availability of skilled labor are some of the challenges being faced by the denim Industry. As a result the Companies will have to make all efforts to develop value added varieties to cater to the niche market to tide over the current recessionary trends in the Denim market.

3 SEGMENT WISE PERFORMANCE

The Company has only single activity of manufacturing Denim fabric and hence no segment wise information is given.

4 RISKS AND CONCERNS

The risks and concerns for the company continue to be high cost of major input viz. cotton and intense competition in domestic and export markets due to large scale over capacity.

5 INTERNAL CONTROL SYSTEMS

The Company has an adequate system of Internal Controls that ensures that all assets are protected against loss from unauthorized use or disposition and all transactions are recorded and reported in conformity with generally accepted accounting principles.

6 FINANCIAL PERFORMANCE

During the year ended March 31, 2014, the Company has achieved production of 9.48 million meters of Denim fabric. The sales Turnover is ₹ 11,859.96 lacs.

7 HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The Human Resources and Industrial relations remained cordial during the year under review.

8. CAUTIONARY STATEMENT

Statements in this Report on Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations or predictions are based on certain assumptions and expectations of future events. Actual results could differ materially from those expressed or implied. The Company assumes no responsibility to amend, modify or revise any of the statements on the basis of subsequent developments, information or events.
