# MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION

## Overview

Astra is engaged in designing and manufacturing of high value added RF and microwave super components and sub-systems finding applications in Defense, Space and Civil communication systems.

### A. Financial Analysis

The financial statements have been prepared in accordance with the guideline as laid out in the Companies Act, 1956 and Generally Accepted Accounting Principles (GAAP) in India. The management of Astra accepts responsibility for the integrity and objectivity of these financial statements. The financial statements reflect in a true and fair manner, the form and substance of transactions, and reasonably present the company's state of affairs and profits for the year.

#### a) Operational performance:

The Company achieved good growth both in top line (Sales) and bottom line (Profitability) for the year.

The Company has done very well in bagging export orders under Defence offset provisions. The Company's long standing credibility in terms of quality and timely supply is driving this business.

#### b) Order book

The order book position has improved significantly with export order complementing the domestic requirements. Most of these orders are executable in the next 18 to 24 months period.

Sector	₹ lacs
Defence / Public Sector Products	37,253
Space	9,974
Meteorological&Telecom Products	246
Exports	54,977
<b>Total</b>	<b>1,02,450</b>

#### c) Sales performance

Sector wise sales are as follows

Business Segment	FY 12-13		FY 11-12	
	₹ Lacs	%	₹ Lacs	%
Defense	17,168	72	17,822	85
Space	736	3	1,351	6
Metrology	341	1	98	1
Civil Telecom	171	1	212	1
Exports	5,413	23	1,565	7
<b>Total</b>	<b>23,829</b>	<b>100</b>	<b>21,048</b>	<b>100</b>

Defense segment is the major contributor with more than half of the total revenues coming in from this market. Production programs in Missiles and Radars sub-systems are driving this business. The business potential from this segment likely to improve further in the coming years.

Space segment has gone down during the year. Delays in order placement has contributed to this negative growth. The Company has bagged major order during the month of April'13 and this segment will again turn positive in the coming year.

The Company has performed very well on exports through Defence Offsets program and will keep improving in the coming years.

Metrology and Communication sector has done steady business, the same trend is likely to continue.

**d) Expansion plans**

The Company has budgeted to spend close to Rs.25 cr during the year to set-up solar power (1 MW) plant for captive consumption, EMI/EMC Test facility and to augment capacity for Development and Production functions. The budgeted amount will be met out of internal accruals and term loans.

**e) Risks & Concerns**

The Company's main source of revenues lies in Defence market . Most of these projects are initiated, designed and developed by DRDO labs and driven by Govt., policies and priorities. Though technically we can project and complete the product development on the time lines indicated, conversion of that to a recognizable quantum of orders lies mainly on the Government decisions. This results in an uneven and skewed pattern of sales for the Company, which is beyond the control of the Company.

Defence export business driven by offset provisions of Govt., of India is controlled by export regulations where time delays could happen in granting necessary permissions. This export business is also high precision and skilled job involving specialised inputs from across the globe which has a bearing on timely execution and uniform billing.

At present, the company has only one class of shares-equity shares of Rs.2 each, par value. The paid up capital as on 31.03.2013 is Rs.16.36 cr.

# **SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS FORMING PART OF THE BALANCE SHEET AND PROFIT & LOSS STATEMENT FOR THE YEAR ENDING 31st MARCH, 2013**

---

## **1. SIGNIFICANT ACCOUNTING POLICIES:**

### **a) Basis of preparation of Financial Statements:**

The Financial Statements have been prepared under the historical cost convention in accordance with generally accepted accounting principles in India and comply in all material aspects with the applicable Accounting Standards notified under section 211 (3C) of the Companies Act, 1956 and the relevant provisions of the Companies Act, 1956 as adopted consistently by the Company.

Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles followed by the Company.

### **b) Fixed Assets:**

Fixed Assets are valued at historical cost less depreciation. Attributable costs (excluding CENVAT & VAT) and expenses including borrowing costs for bringing the respective assets to working condition for their intended use are capitalized.

### **c) Depreciation:**

Depreciation is provided on written down value method as per the rates prescribed under Schedule XIV of the Companies Act, 1956. However, where rates prescribed under Income Tax Act 1961, are higher than the rates prescribed by the Companies Act, then depreciation has been provided as per Income Tax rates. However 100% depreciation has been provided in respect of assets costing Rs. 5,000/- and below.

### **d) Valuation of Inventories:**

Closing stock of raw materials, finished and semi-finished goods are valued at lower of cost and net realisable value. Cost has been ascertained on Weighted Average basis.

### **e) Revenue Recognition:**

Sale is recognized on dispatch of products and is inclusive of Excise Duty, Sales Tax and Packing & forwarding charges

Service Charges are recognized as income as and when the services are performed and inclusive of service tax.

Interest income is recognized on accrual basis.

### **f) Foreign Exchange transactions:**

All foreign currency transactions were initially recognized at the rate on the date of transaction.

Exchange differences arising on the settlement of monetary items were recognized as income/expense.

Monetary items and contingent liabilities as on the date of Balance Sheet are stated at the closing rate/realistic rate.

### **g) Employee Benefits:**

Short-term employee benefits are recognised as a expense at the undiscounted amount in the Profit and Loss Statement of the year in which the related service is rendered.

Post employment and other long term employee benefits are recognised as an expense in the Profit and Loss Statement for the year in which the employee has rendered services. The expense is recognised at the present value of the amounts payable determined using actuarial techniques. Actuarial gains and losses in respect of post employment and other long term benefits are charged to the Profit and Loss Statement.

In respect of employee stock options, the excess of fair price on the date of grant over the exercise price is recognised as deferred compensation cost amortised over the vesting period.

**h) Investments:**

Un-quoted long term Investments are valued at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

Current investments are carried at lower of cost and quoted / fair value, computed category wise.

**i) R & D Expenditure:**

Capital expenditure is included in the fixed assets and depreciated as per Company's policy.

Research costs are charged to profit & loss statement of the year in which they are incurred and is included in the respective heads of expenditure.

**j) Borrowing Costs:**

**k) Cash Flow Statement:**

The Cash Flow Statement has been compiled from and is based on the Balance Sheet and the related Profit and Loss Account for the year ended on that date. The Cash Flow Statement has been prepared under the indirect method as set out in the Accounting Standard - 3 on Cash Flow Statement issued by ICAI.

Cash and cash equivalents in the cash flow statement comprise cash at bank, cash/cheques in hand and short term investments with an original maturity of three months or less.

**l) Accounting for Taxes on Income:**

**Current Tax:** Provision for Current Income Tax is made on the basis of the taxable income for the year as determined in accordance with the provisions of Income Tax Act, 1961.

**Deferred Tax:** Deferred income tax is recognized, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. The tax effect is calculated on the accumulated timing differences at the year end based on tax rates and laws, enacted or substantially enacted as of the Balance Sheet date.

**m) Impairment of Assets:**

The Management assesses using external and internal sources whether there is any indication that an asset may be impaired. Impairment of an asset occurs where the carrying value exceeds the present value of cash flow expected to arise from the continuing use of the asset and its eventual disposal. The provision for impairment loss is made when recoverable amount of the asset is lower than the carrying amount.

**n) Provisions and Contingent Liabilities and Contingent Assets:**

Provisions in respect of present obligations arising out of past events are made in the accounts when reliable estimate can be made of the amount of obligations and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but if material, are disclosed in the notes to accounts. Contingent assets are not recognized or disclosed in the financial statements.

**o) Operating Lease:**

Operating Lease payments are recognized as an expense in the Profit and Loss Account of the year to which they relate.

**p) Earnings Per Share:**

Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

**q) Use of Estimates:**

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known / materialised.
