MANAGEMENT DISCUSSION AND ANALYSIS

1. Company overview

PBA Infrastructure Limited (PBA) (formerly Prakash Building Associates Ltd.) Company, was founded by Wadhawan family in 1974. Over the last four decades the Company had established itself as a highly disciplined, professional and quality conscious organization capable of undertaking and successfully completing any major project in all parts of India. The Company specializes in construction of Highways, Bridges, Runways, Heavy RCC Structures and other Infrastructure projects. The Company became a Public Limited Company in November 2005 and is listed on both BSE, Mumbai and NSE, Mumbai. The Company has consistently been declaring dividends to its shareholders since IPO, the last being 10% in 2010.

The Company had executed a large number of major Infrastructure Projects all over India from Kashmir to Kanyakumari for various Government and Semi Government organizations like NHAI, MES, State PWDs of Maharashtra, Jammu & Kashmir, Gujarat and Karnataka, MCGM, MADC, MIDC, MMRDA, MSRDC, APRDC, NMMC, CIDCO, GSRDC, etc.

2. Introduction

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads and urban infrastructure development. In 2018, India ranked 44th out of 167 countries in World Bank's Logistics Performance Index (LPI) 2018.

Increased impetus to develop infrastructure in the country is attracting both domestic and international players. Private sector is emerging as a key player across various infrastructure segments, ranging from roads and communications to power and airports. In order to boost the construction of buildings in the country, the Government of India has decided to come up with a single window clearance facility to accord speedy approval of construction projects. In 2018, India was ranked 44th out of 167 countries in World Bank's Logistics Performance Index (LPI) 2018. India was also ranked

second* in the 2018 Agility Emerging Markets Logistics Index.

The cumulative growth in the index of eight core industries was 4.7 per cent in 2017-18 and 4.3 per cent year-on-year in FY19. In the road's sector, the government's policy to increase private sector participation has proved to be a boon for the infrastructure industry with a large number of private players entering the business through the public-private partnership (PPP) model. India is expected to become the third largest construction market globally by 2022. India has a requirement of investment worth Rs 50 trillion (US\$ 777.73 billion) in infrastructure by 2022 to have sustainable development in the country.

During Dec 2018, infrastructure sector witnessed PE/VC twelve deals worth 500 million and eight US\$ 1 billion plus deals. All villages in India will be connected through a road network by 2019 under Pradhan Mantri Gram Sadak Yojana (PMGSY). Road building in India has become the second cheapest in Asia. In August 2017, a new Metro Rail Policy was announced to boost private investment in the sector. The Government is also working on improving energy infrastructure in the country and investment opportunities worth US\$ 300 billion will be available in the sector in the coming 10 years.

The infrastructure sector has become the biggest focus area of the Government of India. Under Union Budget 2019-20, US\$ 63.20 billion was allocated to the sector.

According to Department for Promotion of Industry and Internal Trade (DPIIT), Construction Development sector and Infrastructure Activities sector received FDI inflows amounting to US\$ 25.05 billion and US\$ 14.81 billion, respectively from April 2000 to March 2019.

Market Size

Foreign Direct Investment (FDI) received in Construction Development sector (townships, housing, built up infrastructure and construction development projects) from April 2000 to March 2019 stood at US\$ 25.05 billion, according to the Department of Industrial Policy and Promotion (DIPP). The logistics sector in India is growing at a CAGR of 10.5 per cent annually and is expected to reach US\$ 215 billion in 2020.

PBA INFRASTRUCTURE LIMITED

Investments

India has a requirement of investment worth Rs 50 trillion (US\$ 777.73 billion) in infrastructure by 2022 to have sustainable development in the country. India is witnessing significant interest from international investors in the infrastructure space. Some key investments in the sector are listed below.

- In 2018, infrastructure sector in India witnessed private equity and venture capital investments worth US\$ 1.97 billion.
- In June 2018, the Asian Infrastructure Investment Bank (AIIB) has announced US\$ 200 million investment into the National Investment & Infrastructure Fund (NIIF).
- Indian infrastructure sector witnessed 91 M&A deals worth US\$ 5.4 billion in 2017

Government Initiatives

The Government of India is expected to invest highly in the infrastructure sector, mainly highways, renewable energy and urban transport.

The Government of India is taking every possible initiative to boost the infrastructure sector. Announcements in Union Budget 2019-20:

INDEPENDENT AUDITOR'S REPORT

To the Members of
M/s PBA Infrastructure Limited.

Report on the Audit of Standalone Financial Statements

Opinion

1. We have audited the accompanying financial statements of M/s. PBA Infrastructure Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the 12 months period ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the state of affairs(financial position) of the Company as at 31st March 2019 and its profit and loss (financial performance including other comprehensive income), its cash flows and changes in equity for the 12 months ended on that date.
3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

4. Emphasis of Matter

- a) Loan Statements pertaining to certain loans from some banks & financial institutions have not been received and reconciled. Further, due to pending clarifications & confirmations from some banks and financial institutions for certain current/cash credit/term loan accounts, entries have not been reconciled. Hence, to that effect, in any, of such pending reconciliation, of financial statements remain unascertained. Lead bank under consortium has approached CMM Court to take physical possession of the various secured assets against total consortium overdue debt of Rs.417.51crores under Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act 2002. The Company has approached Debt Recovery Tribunal seeking various reliefs against the above mentioned notice. The Company has proposed One Time Settlement with the Banks for an aggregate amount of Rs.75 crores on 30th December 2017 which is revised time to time and final offer of Rs.150 crores have been made in August 2018, hence interest on these loans is not provided for financial year 2018-19.
- b) There were/ are defaults in repayment of its Public Deposits and Inter Corporate Deposits on maturity and payment of interest thereon for the past few years with repayment being delayed.
- c) There are litigations / arbitration proceedings / legal cases against the Company which may result in Compensation/ Interest & Penalties.
- d) Fixed asset register is under compilation to have proper records showing full particulars, including quantitative details and situation of property; plant and equipment. Company to have a regular program of physical verification of its fixed assets, periodically.
- e) Company follows accounting practice of recognizing revenue on the basis percentage completion method. Company being an EPC contractor raises claims / arbitration money with employers/Customers for the delay on obtaining approvals, cost escalation, etc. As

per Company policy, though the claims are raised for the actual loss incurred by the Company, the same is recognized in the books at realizable value of Rs.132.65 crores which is determined by the internal team of the Company. Though, these claims are not acknowledged by the employer / Customer, the same being intangible in nature is being classified as Work-in-progress. Unbilled work-in-progress of Rs.132.65 crores and trade receivables amounting to Rs.39.32 crores as at 31st March 2019 which represent various claims raised in the earlier years in respect of projects substantially closed or suspended and where the claims are currently under negotiations, discussions, arbitrations, litigation raised on legal opinion / past experience with respect to such claims, management is of the view that the aforementioned balances are fully recoverable.

- f) The preparation of financial statement of the Company is on the basis of going concern assumption / reasons despite classification of credit facilities as NPA by Bankers, loss suffered by the Company on account of low turnover and liquidity crunch to meet its obligations. The Company's continuing as a going concern is dependent on generation of required cash flow arising out of turnover to able to meet its present / future obligations and also favorable outcome for the settlement offer given by the Company to various lenders. Thus, there is an existence of a material uncertainty as going concern of the Company.
- g) Equity shares of the Company are under suspension w.e.f. 09.04.2019 as per BSE Notice dated 18th March 2019 No. 20190318/41 and NSE letter dated 5th April 2019 under reference no. NSE/SOP/SUS/78387.

Information other than the Financial Statements and Auditor's Report thereon.

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Financial statements and our auditor's report thereon. The

annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance thereon

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibility of Management and Those Charged with Governance for the Financial Statements

6. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the state of affairs(financial position), profit and loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements.

8. Our objectives are to audit to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards of Auditing, we exercise professional judgement throughout the audit. We also identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than from one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

9. As required by section 197 (16) of the Act, we report that the Company has paid remuneration to its Director's during the 12 months period ended 31st March 2019 in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.

Annexure II to the Independent Auditor's Report of even date to the members of PBA Infrastructure Limited on the financial statements for the 12 months period ended on 31st March 2019

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of M/s. PBA Infrastructure Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors and senior management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of Company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls over financial reporting, and the guidance note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements

PBA INFRASTRUCTURE LIMITED

and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

PBA INFRASTRUCTURE LIMITED

Note - PART- B

Summary of significant accounting policies and other explanatory information to the financial statements as at and for the year ended 31st March 2019

Note 1 - Corporate Information

PBA Infrastructure Limited (the Company) is a public company domiciled in India and was incorporated in the year 1974 under the provisions of erstwhile Companies Act, 1956. The Company having CIN L45200MH1974PLC017653, is engaged in execution of contracts of various infrastructure projects including road work, bridge work and irrigation projects. The activities of the Company comprise only one business segment viz. Construction & Engineering. Its shares are listed on two stock exchanges in India viz. Bombay Stock Exchange Limited (BSE) and National Stock Exchange Limited (NSE). The Registered Office of the Company is located at No. 611/ 3, V. N. Purav Marg, Chembur, Mumbai - 400071, India.

The standalone financial statements ('the financial statements') of the Company for the 12 months ended on 31st March 2019, were authorised for issue in accordance with a resolution of the Board of Directors on 30th May 2019.

Note 2- Significant Accounting Polices

1. Basis of Preparation

The financial statements of the Company have been prepared to comply in all material respects with Indian Accounting Standards ("Ind AS") as prescribed under section 133 of the Companies Act, 2013, (the Act) read with Companies (Indian Accounting Standards) Rules as amended from time to time.

The financial statements for all period's upto and including year ended 31st March 2017 were prepared in accordance with the Companies (Accounting Standards) Rules, 2006 notified under Section 133 of the Companies Act, 2013 ("the Act"), read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) ("previous GAAP").

The financial statements have been prepared under the historical cost convention, with the exception of certain financial assets and liabilities which have been measured at fair value, on an accrual basis of accounting.

2. Operating cycle for current and non-current classification:

All the assets and liabilities have been classified as current or non-current, wherever applicable, as per the operating cycle of the Company as per the guidance set out in Schedule III to the Act. Operating cycle for the business activities of the Company covers the duration of the project/ contract/ service including the defect liability period, wherever applicable, and extends up to the realization of receivables (including retention monies) within the credit period normally applicable to the respective project.

3. Accounting Estimates

The preparation of the financial statements, in conformity with the recognition and measurement principles of Ind AS, requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognised in the period in which they are determined.

4. Key accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

a. Contract Estimates

The Company, being a part of construction industry, prepares budgets in respect of each project to compute project profitability. The two major components of contract estimate are 'claims arising during construction period' and 'budgeted costs to complete the contract'. While estimating these components various assumptions are considered by the management such as (i) Work will be executed in the manner expected so that the project is completed timely (ii) consumption norms will remain same (iii) Wastage will not exceed the normal % as determined etc. (iv) Estimates for contingencies (v) There will be no change in design and the geological factors will be same as communicated; and (vi) Price escalations etc. Due to such complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

b. Recoverability of claims

The Company has claims in respect of cost over-run arising due to client caused delays, suspension of projects, deviation in design and change in scope of work etc., which are at various stages of negotiation/discussion with the clients or under arbitration. The realisability of these claims are estimated based on contractual terms, historical experience with similar claims as well as legal opinion obtained from internal and/or external experts, wherever necessary. Changes in facts of the case or the legal framework may impact realisability of these claims.

c. Defined benefit plans

The cost and present value of the gratuity obligation and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Property, Plant and Equipment

All items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. The Company follows cost model for subsequent measurement for all classes and items of property, plant and equipment. Subsequent costs are included in the carrying amount of asset or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of assets are recognized in the Profit or Loss. Spare parts, stand-by equipment and servicing equipment are recognized as property, plant and equipment if they meet the definition of property, plant and equipment.

PBA INFRASTRUCTURE LIMITED

Depreciation on Tangible Fixed Assets is provided on Straight Line Method on the basis of useful life of assets specified in Part C of Schedule II of the Companies Act, 2013. Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis with reference to the month of addition / deletion. Gains and losses on disposals are determined by comparing the proceeds with the carrying method.

The residual values are not more than 5% of the original cost of the asset. The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed at each Financial year end and any changes there-in are considered as change in estimate and accounted prospectively.

Depreciation and amortisation

Depreciation is provided for property, plant and equipment so as to expense the cost less residual value over their estimated useful lives on a straight line basis. The estimated useful lives are as mentioned below:

Asset category	Useful life (in years)	Basis of determination of useful lives [^]
Office Flats	5 Years	Assessed to be in line with Schedule II to the Act.
Plant and equipment (including tools and equipment)	15 Years	Based on technical evaluation by management's expert
Vehicles	10 Years	Assessed to be in line with Schedule II to the Act.
Office equipment	5 Years	Assessed to be in line with Schedule II to the Act.
Furniture and fixtures	10 Years	Assessed to be in line with Schedule II to to the Act.
Computers	3 Years	Assessed to be in line with Schedule II to the to the Act.

Useful lives of asset classes determined by management estimate, which are generally higher than those prescribed under Schedule II to the Act and are supported by the internal technical assessment of useful lives. The estimated useful life and residual values are reviewed at each financial year end and the effect of any change in the estimates of useful life/residual value is accounted on prospective basis. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Depreciation on additions is provided on a pro-rata basis, from the date on which asset is ready to use. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are accounted in the Statement of Profit and Loss under Other income and Other expenses.

Inventories

Inventories are carried in the balance sheet as follows:

(a) Raw materials, components, stores and spares

Raw materials, components, stores and spares are valued at lower of cost or net realisable value. Cost is determined on a FIFO basis and comprises the purchase price including duties and taxes (other than those subsequently recoverable by the Company from the taxing authorities). Net realisable value is the estimated selling price in the ordinary course of business, less than estimated cost necessary to make the sale.

(b) Contract Work-in-progress

Costs incurred that relate to future activities on the contract are recognised as contract work-in-progress. Contract work-in progress comprises of construction cost and other directly attributable overhead valued at cost.

The cost of inventories including unawarded claims have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present location and condition. Goods and materials in transit are valued at actual cost incurred upto the date of Balance Sheet.

Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Statement of Cash Flows

Cash Flows are reported using the “indirect method”, whereby Loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or Financing cash Flows. The cash Flows from operating, investing and financing activities of the Company are segregated.

Sundry Debtors / Loans and Advances:

Sundry Debtors including awarded claims Loans and Advances are stated net of provision for identified doubtful debts/advances wherever necessary. Sundry Debtors and Loans and Advances has been taken at reconciled amount for the parties from which the balance confirmation was received and for the rest Debtors and balances are taken as per book balance and are subject to adjustment and reconciliation, if any which will be done on receipts of confirmation from such parties. In the opinion of the management on which we have placed reliance, substantial part of debtors are outstanding for a period exceeding six months and they are subject to arbitration and other reconciliatory proceedings, the outcome and quantum of which is not ascertainable and determined; subject to reconciliations referred to above, the debtors and Loans and advances to the extent as stated are considered good in the Balance Sheet.

Investments:

The Investments that are readily realizable and intended to be held for not more than a year from the Balance Sheet date are classified as current investments. All other investments are classified as non-current investments

On initial recognition, all investments are recognized at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried at the lower of cost and quoted/fair value, computed category wise. Long term investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management.

Revenue Recognition:

Contract Revenue

The Company follows the percentage completion method, based on the stage of completion at the Balance Sheet date, taking into account the contractual price and revision thereto by estimating total revenue including claims/ variations , Construction Contracts, and total cost till completion of the contract and the profit so determined proportionate to the percentage of the actual work done.

Advance received from contractee for which no services are rendered are presented as mobilisation advance. .The total costs of contract are estimated by Company and are based on technical and other estimates and experience gain.

The Company's claim for extra work and escalation in rates relating to execution of contracts are accounted as income in the year of receipt of arbitration award or acceptance by client or evidence of acceptance received.

PBA INFRASTRUCTURE LIMITED

Contract Receipts - Sub-Contract Revenue

Proportionate Consolidation method of accounting and reporting is followed in respect of Joint venture entered into by the Company. The Income from such joint venture is recognized proportionately, in the profit sharing ratio, and on the basis of Bills submitted, certified and sanctioned by the appropriate authorities. The actual expenses for such Project in Joint Venture are also accounted on the basis of the Profit sharing ratio for the consolidation purposes.

Accounting for Claims

Amounts recoverable in respect of the price and other escalation, bonus claims adjudication and variation in contract work required for performance of the contract to the extent that it is probable that they will result in revenue. The same is unbilled and is accounted as work in progress and in debtors for which arbitration proceedings are initiated.

Other Income

- a. Interest income is recognized on a time proportion basis, by reference to the principal outstanding and the applicable Effective Interest Rate (EIR).

Other items of income are accounted as and when right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Post-Employment Benefits

The company operates the following post-employment schemes:

- (a) Defined benefit plans and
- (b) Defined contribution plans

Defined benefit plans - Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets.

This cost is included in employee benefit expense in the statement of profit and loss. Measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans - Provident fund

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Short-term Benefits

Short-term employee benefits such as salaries, wages, performance incentives etc. are recognised as expenses at the undiscounted amounts in the Statement of Profit and Loss of the period in which the related service is rendered.

Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

Income Taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the period. Current and deferred taxes are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current income tax is recognised based on the estimated tax liability computed after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is determined by applying the balance sheet approach. Deferred tax assets and liabilities are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

PBA INFRASTRUCTURE LIMITED

Provisions, Contingent liabilities, Contingent assets and Commitments:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A contingent liability also arises, in rare cases, where a liability cannot be recognised because it cannot be measured reliably.

Contingent assets are disclosed where an inflow of economic resources is probable.

NOTE A - 31 - FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to a variety of financial risks, market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its Financial performance.

i Market risk

Market risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and currency risk. Major financial instruments affected by market risk includes loans and borrowings.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's total debt obligations.

Though, the Company is affected by interest rate risk, presently, the same is not applicable on account of the Company being a Non-Performing Asset in the books of the lenders.

b. Currency Risk

The Company has no international exposure either by way of exports, imports or any other financial transactions. Hence, the same is not applicable.

ii Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure of the financial assets are contributed by trade receivables, unbilled revenue, cash and cash equivalents and receivable from related parties.

- a. Credit risk on trade receivables and unbilled revenue is limited as the customers of the Company mainly consisting of the government entities having strong credit worthiness. For other customers, the Company uses its experience to compute the expected loss for trade receivables and unbilled revenue. The experience takes into account various external and internal credit risk factors such as credit ratings from credit rating agencies, financial condition, ageing of accounts receivable and the Company's historical experience for customers.

The following table gives details in respect of percentage of revenues generated from government promoted agencies and others;
