ANNEXURES TO DIRECTOR'S REPORT FOR THE YEAR ENDED ON 31ST MARCH, 2016

Annexure I

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The company continued struggling in the odd conditions for survival. In spite of the adverse market conditions and financial crisis prevailing in the company, the overall performance of the Company during the year has improved compared to that of the previous year besides slightly decline in topline. The Management of your company has tried to outperform in prevailing odd conditions by putting its best efforts towards the revival of the company. In line with previous years, this year also the company could not raise its head in real estate segment as no significant cash flows could be generated from the IT park project in collaboration with RPS Infrastructure Limited. Being surrounded and affected by all round negativity, the Management of your company has still not surrendered and keep on fighting to pull your company out of the present worst scenario.

Industry Structure and Development:

The past year has been a challenging year for the Textile Industry with lots of ups and downs. In spite of the above, the industry has been able to maintain its steady performance during the year under review. The recoveries in US, European and Asian economies is good for the Industry and will boost the exports to these economies. Textile Industry has played a key role in the country's progress over the years and the situation is likely to gain momentum in the times ahead. The Industry continues to hold a dominant position in country's economic structure because of its huge contribution towards employment generation.

No industry is free from normal business risk and concerns. Indian Textile Industry continues to face stiff competition from China, Bangladesh, Sri Lanka and other emerging economies. The relative competitiveness of Industry is dependent upon the raw cotton prices, exchange rates and prevalent interest rates regime. The primary raw material for the manufacturing of yarn is cotton with share of around 60% of total cost. Cotton being an agriculture produce, its supply and quality are subject to forces of nature i.e. Monsoon. Any increase in the prices of raw cotton will make the things difficult for the Textile Industry resulting weak demand and thin margins. Thus availability of raw cotton at the reasonable prices is crucial for the spinning industry.

Raw material costs have fairly stabilized during the year under review and are expected to remain stable. The recovery of the textile industry seems to be round the corner as domestic demand is expected to pick up this year on account of improved economic sentiments. In spite of the adverse market conditions prevailing in various businesses in which the Company operates, the overall performance of the Company during the year has improved compared to that of the previous year.

Opportunities and Threats:

There is confidence of a revival in global the economic outlook in the coming years though this view is not presently supported by economic fundamentals driven by higher economic growth in the advance economies and constrained by moderate growth in emerging markets.

A 'Make in India' campaign has been unveiled by the Prime Minister. The Make in India' scheme also puts in place the systems to address in a timely manner queries of potential investors. At present, the Government of India allows 100% Foreign Direct Investment (FDI) under the automatic route in the textile sector, subject to all applicable regulations and laws, which effectively backs the Make in India program for the textile and garment industry. Under the 'Make in India' initiative, investment opportunities for foreign companies and entrepreneurs are available across the entire value chain of synthetics, value added and specialty fabrics, fabric processing setups for all kinds of natural and synthetic textiles, technical textiles, garments, and retail brands.

Changes in China's Textile Policy severely affected the country's export to that country. In spite of the above, we are of the firm opinion that the future of the Textile Industry is quite promising. We hope that with the recoveries in economies of U.S.A and European Union will propel the growth of the Textile Industry. Ever growing retailing sector and increased purchasing power of both urban and rural people, are still present in the economy and will lead to the growth of the Industry. The shifting of orders from China to India, due to various favourable factors will also help the Industry to increase its global share

The management of your company is committed to revival of the company by exploring these opportunities.

Annexure –B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of STL Global Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1.13 Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

1.14 Impairment of assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Profit & Loss statement in the year in which an asset is identified as impaired. The Impairment loss recognised in prior accounting period is reversed if there have been a change in the estimate of recoverable amount.

1.15 Amalgamation Expenditure

Amalgamation expenses shown under other non-current assets are amortised over a period of ten years.

1.16 Contingent Liability

Contingent liabilities in respect of show cause notices received is considered only when they are converted into demands. Payments in respect of such demands, if any are shown as advances.

Contingent liabilities under various fiscal laws includes those in respect of which the company/ Department is in appeal. No Provision is made for a liability which is contingent in nature but if material is disclosed in the financial statement by way of notes.
