LETTER FROM THE MANAGING DIRECTOR

Dear Shareholders,

It is with immense pleasure and satisfaction that I present the Annual Report for the year 2010-11. It has been a busy year at Atlanta. We continued our growth trajectory acquiring new orders in both the DBFOT and EPC space but more importantly made a strategic foray into a new infra-vertical.

Your Company reported robust 41% growth in revenues. The total revenue stood at ₹ 2,784.76 million and the profit after tax was ₹ 452.54 million as against ₹ 412.53 million in the last fiscal.

OPERATIONAL EXCELLENCE

Operationally, the year has been a landmark one for your Company as we forayed into the new domain of infrastructure - "Tourism Infrastructure" and I am happy to share that we have bagged the biggest order in the history of your Company. This synergistic foray is aligned with our strategic objective of focusing on innovation and wealth creation. Tourism Infrastructure business segment is a fast growing and evolving sector.

India ranks as one of the fastest-growing travel and tourism markets in the world. Besides fast growth of the domestic tourists, the Foreign Tourist Arrivals (FTAs) to India has increased at a scorching pace. The country is a favoured tourist destination for leisure, as well as business travel. The demand for travel and tourism is expected to reach ₹ 24,252.4 billion (\$ 431.7 billion) by 2020. Foreseeing the large opportunity potential, your Company's timely entry into this promising space will definitely auger well for it going ahead.

At the Vibrant Gujarat Summit in January 2011, your Company signed a Memorandum of Understanding (MOU) to setup an entertainment city - "Atlanta City" in public-private partnership (PPP) with the Gujarat Government on the outskirts of Surat with an estimated investment of ₹ 95,000 million.

With the location advantage encompassing a sea-side stretch of 3 km, this innovative entertainment and beach tourism project will consist of a mega Entertainment City with five theme parks such as Nature Park, Amusement Park, Water Park, Beach Park, Ice Skating and a Ski dome. Eco-friendly 5/4 star and budget hotels consisting 600 plus rooms and more than 4000 timeshare villas and serviced apartments are also planned. This unique project will be a brand enhancing one and promises to transform the size, scale and execution capabilities of the Company to the next level. To provide a head start and give the entire project an international look and feel, we have planned strategic alliances with renowned global and domestic players with experience in this infrastructure domain. A focused team to enable the expeditious execution has been set up and plans are under way for the commencement of this project shortly.

We continued to add bigger, better and more prestigious projects across the other core business segments of EPC, DBFOT transportation projects and real estate. In the DBFOT segment, your Company is a preferred bidder for ₹ 9,170 million project from BSRDC, a Government of Bihar undertaking. This 116.76 km project envisages four laning of Mohania - Ara section on NH 30 connecting Patna and Durgavati. In the real estate sector also, your Company is planning new projects in Mumbai. We remain committed to the unbridled execution of our ongoing projects.

In addition to securing new projects, in the year under review, your Company successfully completed construction of its Nagpur - Kondhali NH 6 project. Toll collection is already ongoing at the Mumbra Bypass on Mumbai - Pune Road NH 4.

As a step towards servicing our clients spread across the country, your Company embarked upon setting up an office in the capital city of Delhi. In the years to come, our goal is to follow this trend and set up more offices across other locations in the country. Your Company has also worked towards strengthening its manpower resources by recruiting fresh as well as experienced talent.

"Aligned with our strategic objective of focusing on innovation and wealth creation, your Company embarked on the synergistic foray into the fast growing Tourism Infrastructure business segment"

INDIA AT A DEFINING MOMENT

Combined with prudent financial management, the nation has been on track to achieving a GDP growth rate of over 8% for the year 2010-11. Having said that, the economy continued to grapple with fresh challenges - the biggest amongst them being the double digit inflation, higher interest rates and continued increase in crude oil prices. Despite this the Government's focus on infrastructure remains steadfast. Robust infrastructure will act as a propellant to the nation's growth curve and enable the country to realise its economic potential.

India continues to face a huge infrastructure deficit, a consequence of its economic growth outstripping infrastructure availability. With growth preceding infrastructure, it is indeed apparent that we are not building for the future; rather, we are building for the past. Given the scenario, it is imperative that the country continues to focus on the development of world-class infrastructure facilities which will require a far larger investment outlay than those made in the past. Projected investment required for infrastructure development during the XIIth Plan period (2012-17) is ₹ 40.99 trillion. Half of this is expected to come from the private sector.

Against this backdrop, your Company is optimistic of playing a vital role in nation building through quality infrastructure development. Armed with its proven financial performance, strong balance sheet, balanced business model, diversified presence across geographies & clientele and solid risk management, it has not only been insulated from global and national headwinds but more importantly, has benefitted from the opportunity matrix that unfolds in its industry.

FUTURE FORWARD

In this backdrop, your Company is optimistic about the business prospects and its capabilities to leverage them. Currently our order book stands at ₹ 19,500 million which is a healthy mix of large DFBOT projects on PPP basis, EPC projects and projects in the realty sector. Our focus strongly remains towards wealth creation and innovating across all spheres of operations and strategy which will transcend us to stellar heights of success.

The developments of the last twelve months have vindicated our belief in the vast growth opportunities that await us in the infrastructure industry in India. It's my firm belief that what we are witnessing currently is only the beginning. We have much more exciting and interesting times ahead that will unfold in this breathtaking pace.

ACKNOWLEDGEMENTS

Before I conclude, I wish to place on record the sincere dedication and the hard work of our employees, which has led to this improved performance. The Company's quest for continuous wealth creation would not have been possible but for the support that my colleagues and I have received from all our shareholders, banks and financial institutions, customers, dealers, suppliers, our JV partners and other business associates. I am grateful to them for their continued confidence in the management and expect to receive their full support in augmenting our future plans and strategy.

DIRECTORS

In terms of the provisions of Sections 255 and 256 of the Companies Act, 1956 and Articles of Association of the Company, Mr. Rikiin Bbarot and Dr. Samir Degan retire at the ensuing Annual General Meeting and being eligible, have offered themselves for re-appointment.

Mr. Rikiin Bbarot was re-appointed as Executive Director with effect from January 01, 2011 for a further period of 5 (five) years on such terms and conditions as set out in the Explanatory Statement annexed to the notice of the forthcoming Annual General Meeting subject to the approval of shareholders in the said Annual General Meeting.

AUDITORS

M/s Suresh C. Maniar & Co. Chartered Accountants, Mumbai, Statutory Auditors of the Company hold office until the conclusion of the ensuing Annual General Meeting of the Company and are eligible for re-appointment.

The Company has received a letter from them to the effect that their re-appointment, if made, would be within the prescribed limits under Section 224(1B) of the Companies Act, 1956 and that they are not disqualified for such re-appointment within the meaning of Section 226 of the Companies Act, 1956.

AUDITORS' REPORT

Your Directors invite your attention to paragraphs 5(a) and 5(b) of the Auditors' Report for 2010-2011 and clarify as under:-

- (a) The Government of Maharashtra, Public Works Department (PWD) vide agreement dated 18.10.2000 originally awarded a contract of construction of Mumbra – Kausha By-pass Project on NH – 4, Mumbai Pune Road on Built, Operate & Transfer (BOT) basis for a concession period of 6 years and 9 months (including construction period).

Subsequently, due to change in the scope of work, a supplementary agreement dated 11.5.2005 was entered which increased the concession period to 10 years, 4 months and 25 days.

The Government of Maharashtra vide Notification dated 27.12.2007 authorised the Company to collect the toll from the vehicles passing through the said road effective from 28.12.2007 to 11.9.2010 as per the supplementary agreement.

However, the Company made a representation before the Contracting Authority for enhancement of the concession period for various reasons including change in scope of work. Based on such representations, the PWD has recommended to the concerned Authority the enhancement of concession period from 10 years, 4 months and 25 days to 24 years, 1 month and 17 days.

In the year under review the Company referred the matter before the Arbitral Tribunal to resolve the issue. In the mean time the Government of Maharashtra issued an interim Notification extending the concession period from 11.09.2010 to 21.09.2014. Considering the Interim Notification and recommendation of the

Chief Engineer (PWD), Mumbai Region and also relying upon the legal opinion of a counsel, the management is reasonably certain about the enhancement of concession period as stated above. In view of this, the toll collection rights are amortized in the manner whereby the total cost of the project i.e. ₹ 156.59 crores is written off over the proposed enhanced concession period of 24 years, 1 month and 17 days. The Company, therefore, amortized the toll collection rights at ₹ 8.64 crores, as against the amortization of ₹ 21.75 crores based on the concession period notified by the Government of Maharashtra.

- (b) Provision of mark to market loss has not been made in the accounts in line with the accounting policy for foreign currency transactions where income and expenses on accounts of foreign exchange derivatives contract are recognized on settlement in the profit and loss account in the reporting period. Mark to market loss for portion of the derivative contract already settled during the year has been recognized.

FIXED DEPOSIT

During the year under review, the Company has accepted deposits under Section 58A of the Companies Act, 1956, read with Companies (Acceptance of Deposits) Rules, 1975 within the prescribed limit. The deposits which were outstanding at the beginning of the year i.e. on April 01, 2010 and that accepted during the year have been fully repaid. As on March 31, 2011 there were no outstanding deposits from public.

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 217 (2AA) of the Companies Act, 1956, with respect to Directors' Responsibility Statement, it is hereby confirmed as under:

MANAGEMENT OUTLOOK AND ANALYSIS

➤ INDUSTRY STRUCTURE, DEVELOPMENTS AND OUTLOOK

The Company is engaged in the business of infrastructure development on Engineering, Procurement and Construction (EPC) basis and Public Private Partnership (PPP) model. Infrastructure development activities include inter alia construction of Roads, Highways, Bridges and Runways. The Company is also involved in Real Estate development and mining of coal, lime stone, etc.

India has successfully withstood the global economic slowdown and country's recovery from global economic slowdown has been rapid and noteworthy. Strong fundamentals, prudent policies and a calibrated reform process have helped to contain the impact of the crisis from ravaging our newfound growth momentum.

India has been one amongst the fastest growing large economies in the world. India is expected to grow at an average of around 8% for the next two decades and is tipped to be one amongst the top five economies of the world.

INFRASTRUCTURE

Opportunities

Infrastructure facilities available in any country are regarded as an essential part of assessing its ability to provide economic and social benefits to its people. The period of rapid economic growth has put enormous stress on the existing infrastructure in the economy and has brought out number of demands for its improvement in both availability and quality.

Growth in infrastructure is thus an important cause of economic growth and is in turn a pre requisite for continued rapid growth. Absence of infrastructure leads to bottlenecks, loss of efficiency and uncertainties in planning for future growth.

The government introduced Public Private Partnership (PPP) model in construction of roads in 1996. Atlanta has been working with government and semi government authorities on PPP model since then. We have in fact been working with the government organizations by bagging India's first green field Build Operate Transfer (BOT) road project of Udaipur Bypass.

Having experienced the benefits of the PPP model, the Government is committed to build large infrastructure projects with the help of private partners including foreign investors. NHAI, the national apex Government body is aggressively going ahead with National Highway Development Plan (NHDP) Programme. The Committee on Infrastructure has projected 12-15% growth in passenger traffic annually and 15-18% annual growth in cargo traffic.

The steep target of developing per day 20 kms of roads in the country shows Government's commitment to the road infrastructure sector. The PPP model has become the policy mantra for financing and executing India's infrastructure vision. Commercial Banks have stepped in to finance the needs of government and private sector.

The government has announced plans to double investments in the infrastructure sector to \$1 trillion during the 12th Plan (2012-17). It wants the private sector to contribute at least half of the intended investment.

The government and the Reserve Bank of India have taken several steps to make finance available to the private sector at a cheaper rate. This will ensure liquidity in the market and also likely to bring down the overall cost of funding. The recent policy changes by RBI will ensure a smoother ride for the private sector players in the infrastructure sector.

Government Initiatives

In the budget speech of 2011-12, Finance Minister announced various measures to make easy and cheap finance available to the infrastructure sector. The Government has taken a number of progressive reform initiatives for the optimum development of the road sector. These include;

- Launch of an ambitious National Highway Development Programme (NHDP) targeting construction of 45,974 kms of road (excluding length under NHDP-VII which has not been estimated) in phased manner up to 2015.
- Start of the Bharat Nirman Programme that aims to cover every village with over 1,000 population, or over 500 in hilly and tribal areas with all-weather roads.
- Raising of FII limit for investment in corporate bonds with residual maturity of over five years issued by companies in infrastructure sector limit to US Dollar 25 billion
- Since most of the infrastructure companies are organised in the form of SPVs, FIIs would also be permitted to invest in unlisted bonds with a minimum lock in period of three years. FIIs will be allowed to trade amongst themselves during the lock-in period making it more liquid and attractive for them.

- To attract foreign funds for the infrastructure financing, Budget 2011-12 proposed to create Special Vehicles in the form of notified infrastructure debt funds and subject interest payment on the borrowings of these funds to a reduced withholding tax rate of 5 per cent instead of the current rate of 20 per cent and exempt the income of the fund from tax.
- Banks treat toll rights / annuities as tangible assets and thereby loans provided to the road PPPs will be treated as secured loans.
- Banks can classify their investment in non SLR Bonds issued by companies engaged in infrastructure activities and having a minimum residual maturity of seven years under the held-to-maturity category.
- Allowing 100 per cent foreign direct investment (FDI) under the automatic route in all road development projects.
- Incentives like 100 per cent income tax exemption for a period of 10 years
- Providing grants/viability gap funding of upto 40% for marginal projects, and formulation of model concession agreements, among others.
- Permission to private parties to develop service and rest areas along the roads entrusted to them.
- Allowing investors in identified highway projects to recover investment by way of collection of tolls for specified sections and periods.
- Notification of the Carriage by Road Act, 2007, which would cater to the needs of modern day trade and transport.

Risks and concerns

- Infrastructure Development on PPP basis requires acquisition of land on timely basis and any delay in land acquisition is likely to delay completion and consequently affect profitability of the project.
- Our contracts are mainly dependant on timely supply of the requisite raw materials. Shortage in supply of raw materials can delay projects, which in turn adversely affect profitability. Also, increase in the price of essential construction material like cement, petroleum products, steel etc. may affect profitability.
- Our business needs substantial working capital and financing in the form of debt and /or equity. Any blockage to the inflow of funds or increase in the interest rate, may adversely affect the growth as profitability of the Company.

Key Developments

Considering huge boost to the infrastructure projects on Public Private Participation (PPP) basis Company has applied for RFQ of various projects and has been pre qualified for projects more than ₹ 40,000 crores. The Company has completed Dahej SEZ project for Gujarat Industrial Development Corporation (GIDC) in Gujarat and substantially completed Nagpur- Kondhali project. The Company has emerged preferred bidder for 117 Km four laning of Mohania Ara section of NH-30 on BOT (Toll) basis in Bihar.

COAL MINING

Opportunities

India has a long history of commercial coal mining covering nearly 220 years starting from 1774 by M/s Sumner and Heatly of East India Company in the Raniganj Coalfield along the Western bank of river Damodar.

India has significant sources of coal (fourth-largest reserves in the world), bauxite, titanium ore, chromite, natural gas, diamonds, and limestone. India ranks 3rd in production of coal & lignite, 2nd in barites, 4th in iron ore, 5th in bauxite and crude steel, 7th in manganese ore and 8th in aluminum (source Wikipedia). In India, 80 per cent of mining is in coal and the balance 20 per cent is in various metals and other raw materials such as gold, copper, iron, lead, bauxite, zinc and uranium. But despite its huge resource base, till date, India has not been able to minimize its coal deficit.

Coal has been recognised as the most important source of energy for electricity generation and for industries such as steel, cement, fertilizers and chemicals, are major sectors of coal consumption. The Government has allowed 100 % FDI in coal mining companies and decided to permit it under automatic route for coal mining for captive consumption by power projects, iron and steel, cement production and other eligible activities. In order to satisfy the coal demand, the Indian coal industry needs more investment and private players to raise its production level. The coal washeries have to take bigger role in the industry to produce less moisture and ash-based coal to sustain in stringent environment regulations.

REAL ESTATE

Opportunities

The Indian real estate sector plays a significant role in the country's economy. The real estate sector is second only to agriculture in terms of

employment generation and contributes heavily towards the gross domestic product (GDP). Almost five per cent of the country's GDP is contributed to by the housing sector. In the next five years, this contribution to the GDP is expected to rise to 6 per cent

Real estate financing in India has changed significantly over the past 50 years for both developers and buyers. Real estate developers have seen the universe of funding agencies expanding from unorganised moneylenders to the entire gamut of funding sources, including loans from banks and housing finance institutions (HFIs), private equity, public equity offerings, bonds, and debentures. Buyers have seen the shift from own resource-funded home purchases to bank-funded mortgage finance. This shift has helped the real estate sector match the fast-growing buyer demand on the one hand, and has boosted the financial flexibility of developers to provide adequate real estate supply on the other.

Government Initiatives

In order to lend stimulus and impetus to the real estate sector in India, the Government has undertaken many policy initiatives. The Reserve Bank of India encourages banks to lend to individuals

To further stimulate growth in housing sector, Shri Pranab Mukherjee, Finance Minister announced further liberalization of the existing scheme of interest subvention of 1 per cent on housing loans by extending it to housing loan upto ₹ 15 lakh where the cost of the house does not exceed ₹ 25 lakh. The priority sector lending for the housing loan limit has been increased from current ₹ 20 lacs to ₹ 25 lacs. Credit enablement of Economically Weaker Sections (EWS) and LIG households is a serious challenge. To address this issue, the budget proposed to create a Mortgage Risk Guarantee Fund under Rajiv Awas Yojana. This would guarantee housing loans taken by EWS and LIG households and enhance their credit worthiness.

In order to make finance available to the housing sector, budget 2011-12 proposed to allow mopping up tax free bonds to HUDCO to the tune of ₹ 5,000 crores. Also the budget proposed investment linked deduction to businesses which develop affordable housing under a notified scheme.

The government's thrust is clear by the above steps to make affordable housing available to the people of India. These policy decisions will lend a stimulus and impetus to the industry. It is beyond doubt that the new initiatives will unlock the potential of the sector.

As part of the Government initiatives to boost real estate sector in India, following initiatives are in place:

- Urban Land (Ceiling and Regulation) Act, 1976 (ULCRA) repealed by all states.
- In case of integrated townships, the minimum area to be developed has been brought down to 25 acres from 100 acres.
- 51 per cent FDI allowed in single-brand retail outlets and 100 per cent in cash-and-carry through the automatic route.
- Full repatriation of original investment after three years.
- Minimum capital investment for wholly-owned subsidiaries and joint ventures stands at US\$ 10 million and US\$ 5 million, respectively.
- 100 per cent FDI allowed in realty projects through the automatic route.

Key Developments

Construction of Residential Building 'Atlanta Enclave' situated at Sheelphata (Thane) is progressing at the scheduled pace. The pricing for the project is such that it makes affordable for the public. The Company is witnessing good consumer interest in the project. Construction of commercial building "Atlanta – Centre" situated at Goregaon (East) is completed and Municipal Corporation of Greater Mumbai (MCGM) has issued Occupation Certificate.

The Company is executing several commercial and residential projects in Mumbai. It is currently executing three real estate projects in and around Mumbai and one in Jodhpur. Another two new residential projects are also coming up each in Mumbai and Delhi. The Company is constantly looking for opportunity to increase land bank at a competitive price for its real estate activities. The real estate prices in and around Mumbai region is stable. Concentration of Company's projects in and around Mumbai gives it price stability advantage compared to its peers.

• RISKS & THREATS

- The instability and fluctuations in market conditions, both domestically and globally, is a matter of concern.
- Constant changes in statutory and governmental regulations may bring difficulties in framing infrastructure projects.
- With many small and big players entering the infrastructure industry, competition is likely to get tougher.
- Increase in interest rates has decreased the demand which may lead to slashing the prices of real estates.

- Realisation of profitability from investments in Real Estate could take more time due to the present short term downturn in real estate market.

HOSPITALITY INDUSTRY

Atlanta is entering into the hospitality / family entertainment industry in a big way. The Company has floated a subsidiary, Atlanta Tourism Ventures Limited (ATVL), which will focus in its venture in the tourism industry. ATVL intends to set up an Eco Friendly One Stop Destination Entertainment City at Suvali, Near Hazira, District Surat. The Company has signed an MOU with Government of Gujarat during 5th Vibrant Gujarat Global Summit 2011. The estimated cost for setting up the entertainment city is approximately ₹ 9,500 crores. The Company sees good potential in the hospitality / family entertainment sector in the days to come.

➤ OUTLOOK

The abovementioned risks and threats notwithstanding, the Company is well-positioned to sustain its profitability levels, both in the short and long term. The Company is adequately equipped with the necessary strengths in each segment of its business operations to successfully counter the various risks and threats that could in any way derail the overall positive industry forecasts.

In the infrastructure sector the Company is meticulously planning its projects and is not rushing into the bidding process where there are not adequate returns commensurate with the risks associated with the project. In the real estate sector there is good mix of activities in the residential as well as the commercial segments. Within the residential segment, the Company has a proper mix of projects in the premium and affordable segments. The Company is cautiously moving in the mining sector. These measures contribute to further de-risking its business, even as it consolidated its operational strengths in its existing business streams.

➤ SEGMENT-WISE PERFORMANCE FOR FY 2010-2011

The Company is engaged in the business of contracting activities, i.e. construction and development of infrastructure, and the same has been considered as single business segment.

➤ INTERNAL CONTROLS AND THEIR ADEQUACY

The Company has adequate systems of internal controls to safeguard and protect from loss, unauthorized use or disposition of its assets. All transactions are properly authorised, recorded and reported to the management. The Company is following all the Accounting Standards for properly maintaining the books of accounts and reporting of financial statements. The Company has appointed independent Internal Auditors to review various areas of its functioning. The Audit Reports are reviewed by the management and the Audit Committee of the Board periodically.

➤ OPERATIONS AND PERFORMANCE

During the year under review, the Company has achieved total income from operations of ₹ 27,847.63 lacs (previous year ₹ 19,797.26 lacs) translating into a growth of 40.66%. The Profit after Tax grew by 9.7% from ₹ 4,125.26 lacs in the previous year to ₹ 4,525.44 lacs in the current year.

➤ HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The Company has always maintained excellent relations with its employees across all levels of the organization during the period under review. All efforts were made during the year under review to ensure a high employee satisfaction level with a series of measures undertaken to enhance the skill sets of the employees.

➤ CAUTIONARY STATEMENT

Statements in Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be "forward looking statements" within the meaning of applicable laws and regulations. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a downtrend in the infrastructure sector, significant changes in political and economic environment in India, tax laws, litigation, labour relations and interest costs.

ANNEXURE TO THE AUDITOR'S REPORT

With reference to Paragraph 3 of our report to the shareholders of **Atlanta Ltd.** of even date, in our opinion and to the best of our knowledge and as per the information and explanations given to us and the books and other records examined by us in the normal course of audit, we report that:

- i. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- (b) All the assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification.
- (c) During the year, company has not disposed of any substantial / major part of fixed assets.
- ii. (a) The company is a construction company having work sites spread all over India. The records of materials and stores are maintained at the respective sites which have been verified by the management during the year at reasonable intervals.
- (b) The procedure of physical verification of inventory followed by the management is reasonable and adequate in relation to the size of the company and the nature of its business.
- (c) The valuation of the stock has been done on the basis of physically verified quantity and the discrepancies, if any, noticed between the physical stocks and the book records were not material and have been adequately dealt with in the books of account.
- iii. (a) The Company has granted unsecured loans to seven companies covered in the Register maintained under section 301 of the Companies Act, 1956. The maximum amount involved during the year was ₹ 20,33,79,346/- and the year-end balance of loans granted to such parties was ₹ 9,53,06,086/-.

- (b) The rate of interest and other terms and conditions of such loans are not prima facie prejudicial to the interest of the company
- (c) The loans granted are repayable on demand. As informed, the company has received the repayment of such loans during the year as per mutually agreed terms, thus, there has been no default on the part of the parties to whom the money has been lent.
- (d) There is no overdue amount of loans granted to companies listed in the Register maintained under section 301 of the Companies Act, 1956.
- (e) The Company has taken unsecured loans from four parties listed in the Register maintained under section 301 of the Companies Act, 1956. The year end balance and the maximum amount outstanding during the year of such parties are of ₹ Nil and ₹ 5,01,00,000/- respectively.
- (f) The rate of interest and other terms and conditions of the loans taken by the company are, prima-facie, not prejudicial to the interest of the company.
- (g) The payment of the principal amount of such loans was, in our opinion, in accordance with stipulations.
- iv** There are adequate internal control procedures commensurate with the size of the company and nature of its business with regard to the purchase of inventory and fixed assets. Further, we have neither come across nor have we been informed of any instance of major weakness in the aforesaid internal control procedures.
- v** In respect of transactions entered in the register maintained in pursuance of section 301 of the Companies Act, 1956.
- (a) Based on audit procedures applied by us, we are of the opinion that the transactions that needed to be entered into the register maintained under section 301 have been so entered.
- (b) The transactions made in the pursuance of contracts or arrangements entered in the register maintained under section 301 of the Companies Act, 1956 and exceeding ₹ Five Lakhs in respect of any party during the period have been made at the prices which are reasonable having regard to prevailing market prices at the relevant time.
- vi** The Company has accepted deposits from the public during the year. The company has complied with the provisions of section 58A and 58AA of the Companies Act, 1956 and rules framed thereunder with regard to the deposit accepted from the public. As per the information and explanation given to us, no order under the aforesaid sections has been passed by the Company Law Board on the company.
- vii** The Company has an internal audit system commensurate with the size and the nature of its business.
- viii** The Central Government has not prescribed the maintenance of cost records under section 209(1)(d) of the Companies Act, 1956.
- ix** (a) The Company is generally been regular in depositing with appropriate authorities, statutory dues including Provident Fund, Income Tax, Wealth Tax, Sales Tax, Profession Tax and other material statutory dues applicable to it, except delay in certain cases for depositing TDS and Provident Fund.
- (b) The undisputed amounts payable in respect of Income Tax and other statutory dues which were in arrears as at 31st March, 2011 for a period of more than six months from the date they became payable are as follows:

Sr. No.	Nature of Statute	Nature of Dues	Amount (₹)
1	Service Tax Act	Service Tax for the F.Y.2007-08, 2008-09 and 2009-2010	1094,77,867/-

- (c) There are no dues of Income Tax, Wealth Tax, Service Tax and Sales Tax which have been deposited on account of dispute.
- x** There are no accumulated losses at the end of the period. The company has not incurred any cash losses during the current and the immediately preceding financial year.
- xi** The Company has been paying installments to the Banks and Financial Institutions. During the year, there have been delays in payments on certain occasions, which have been subsequently regularized.
- xii** The Company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- xiii** The provisions of any special statute applicable to Chit Fund, Nidhi or Mutual Benefit Fund / Societies are not applicable to the company.
- xiv** The Company is not dealing in or trading in shares, securities, debentures and other investments.
- xv** The Company has not given any guarantee for loans taken by others from banks and financial institutions during the year except in respect of corporate guarantee given to the Banks and Financial Institutions as a promoter company for loan given to Atlanta Infra Assets Limited (formerly known as Balaji Toll Ways Limited) in an earlier year. The terms and conditions at which guarantee is given by the company, in our opinion, are not prejudicial to the interest of the company.
- xvi** The term loans were applied for the purpose for which the loans were obtained.
- xvii** According to the cash flow statement and records examined by us, on overall basis, funds raised on short term basis have, prima facie, not been used during the period for long term investment and vice versa.
- xviii** The Company has not made any preferential allotment of Shares to the parties mentioned in the register under section 301 of the Companies Act, 1956.
- xix** The Company has not raised any monies by way of issue of debentures.
- xx** The Company has not raised any money by way of public issue during the year.
- xxi** No fraud on or by the Company was noticed or reported during the period.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE ACCOUNTS

SCHEDULE – 18

SIGNIFICANT ACCOUNTING POLICIES

I. SIGNIFICANT ACCOUNTING POLICIES

The Significant Accounting Policies adopted by the company in respect of these financial statements are set out below:

1) Accounting Convention

The financial statements are prepared under the historical cost convention in accordance with Generally Accepted Accounting Principles in India, the Accounting Standards issued by the Institute of Chartered Accountants of India and the provisions of the Companies Act, 1956 on an accrual basis of accounting.

2) Fixed Assets and Depreciation

- i) All fixed assets are stated at cost less accumulated depreciation thereon. The cost comprises the purchase price and attributable cost of bringing the asset to its working condition for its intended use. Revalued assets are stated at the revalued amount.
- ii) Depreciation is provided on straight line method at the rates and method specified in Schedule XIV of the Companies Act 1956. Depreciation on the revalued component of the asset has been charged in the similar manner over the residual life of the assets and withdrawn from the revaluation reserve.

3) Capital Work-in-Progress

Projects under commissioning and other capital work-in-progress are carried at cost, comprising of direct cost, related incidental expenses, interest and other financing cost payable on funds specifically borrowed to the extent they relate to the period till assets are put to use.

4) Intangible Assets and Amortization

- i) Intangible assets are stated at cost of acquisition / development less accumulated amortization.
- ii) Cost of Toll Collection Right on Mumbra Bypass Road is amortized on straight line basis over the period for which the toll collection rights on the said road have been granted by the authorities.

5) Investments

All long-term investments are stated at cost.

6) Inventories

- a. Construction Materials are valued and stated at lower of cost or net realizable value.
- b. Work in Progress (i.e. unbilled contract expenditure) on the construction contracts reflects value of material input and expenses incurred on the contracts including the estimated profits thereon after adjusting progress billing in the manner provided under Accounting standard AS-7 (Revised) on construction Contracts.

7) Revenue Recognition

The company follows the mercantile system of accounting and recognizes revenue / income, cost / expenditure on accrual basis except in the case of significant uncertainties. The principles of revenue recognition are given below:

- i) Income from Projects under Long Term Contracts is recognized on the Percentage of completion basis in the manner specified under Accounting Standard – AS7 (Revised) on Construction Contracts. As the long term contracts necessarily extend beyond one year, revision in the costs and revenues estimated during the course of contract are reflected in the accounting period in which the facts requiring revision become known.
- ii) Additional claim including escalations, which in the

opinion of the management, are recoverable on the contract are recognized at the time of evaluating the job.

- iii) The determination of revenue under the Percentage of Completion Method necessarily involves making estimates by the company which are of technical nature concerning, where relevant, the percentage of completion, costs to completion, the expected revenue from the projects and the losses, if any, to completion. Such estimates, made by the company, have been relied upon by the Auditors as these are of technical nature.
- iv) Revenue from other contracts is recognized based on billing schedules agreed with the clients on Progressive Completion basis.
- v) Revenue from toll collection is recognized on the receipt of toll from users of the concession facility.
- vi) Interest income is recognized on time proportion basis.
- vii) Dividend income is recorded when the right to receive the dividend is established.
- viii) Other revenues are accounted on accrual basis.

8) Turnover

- a) In respect of Engineering Procurement and Construction (EPC) contract, where the Company is also responsible for designing and engineering in addition to procurement and construction, the percentage of completion and the turnover there from is based on physical proportion of contract work as per the certificate of the independent consulting engineer.
- b) In respect of other contracts and other project related activities, the turnover is recognized by applying Percentage of Completion method to the total contract cost, along with an estimated profit thereon. The percentage of completion is determined by applying the proportion of the cost incurred to date to the total estimated project cost.
- c) Turnover includes toll collection of BOT infrastructure project and mining.

9) Foreign Currency Transactions

Any income or expenses on account of foreign exchange derivative contract is recognized on settlement in the Profit & Loss Account in the reporting period

10) Retirement Benefits

- a) Company's contribution to Provident Fund are made at predetermined rates to the appropriate authority and charged to Profit & Loss Account on accrual basis.
- b) Gratuity in respect of past and present services of the employees is being accounted for an accrual basis based on actuarial valuation.
- c) Actuarial gains/losses are immediately taken to Profit and Loss Account and are not deferred

11) Taxes on Income

Income tax expenses for the period comprises of current tax and deferred tax is included in determining the Net Profit / (Loss) for the period.

Current Tax provision has been determined on the basis of relief, deductions, etc. available under the Income Tax Act.

Deferred Tax is recognized for all timing differences between taxable income and the accounting income, which originate in one period and are capable of reversal in one or more subsequent periods. The tax effect is calculated on the accumulated timing differences at the year end based on tax rates and laws enacted or substantively enacted as of the Balance Sheet date.

12) Earning per Share

The Company reports basic and diluted Earning Per Share (EPS) in accordance with Accounting Standard 20 on Earning Per Share. Basic EPS is computed by dividing the net profit or loss for the year by the weighted average number of Equity Shares outstanding during the year. Diluted EPS is computed by dividing

the net profit or loss for the year by the weighted average number of Equity Shares outstanding during the year as adjusted for the effects of all dilutive potential Equity Shares.

13) Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired.

14) Cash Flow Statement

The Cash Flow Statement is prepared by the indirect method set out in the Accounting Standard – 3 on Cash Flow Statement and presents the cash flows by operating, investing and financing activities of the company. Cash and cash equivalents presented in the Cash Flow Statement consist of cash on hand and balance with banks.

15) Contingent Liabilities

Contingent liabilities are reflected as notes to accounts

II. NOTES TO ACCOUNTS

(1) Contingent liabilities not provided for:

- Guarantees given by the banks on behalf of the Company ₹ 44,94,65,766/- (Previous year ₹ 61,51,09,603/)
- Unexpired Letters of Credit ₹ 12,87,64,359/- (Previous year ₹ 11,89,63,277/-)
- Corporate guarantee given to Bank and Financial Institution on behalf of subsidiary company namely Atlanta Infra Assets Ltd. (formerly known as Balaji Toll Ways Ltd.) amounting to ₹ 1,50,00,00,000/- (Previous year 1,50,00,00,000) against term loan availed by them
- Disputed Income Tax demand for which appeal is pending before Appellate Authority ₹. Nil (Previous year ₹ 12,28,55,795/-)

(2) 7 years National Saving Certificates and Kisan Vikas Patra of the face value of ₹ 8,35,200/- (Previous year ₹ 8,35,200/-) have been lodged as security with Municipal Corporation, Mumbai.

(3) In the opinion of the Management, the Current Assets, Loans and Advances and Current Liabilities are approximately stated if realized in the ordinary course of business. The balances of Debtors, Creditors and Loans & Advances are subject to confirmation and reconciliation, if any. The provisions for all other liabilities is adequate and not in excess of the amount reasonably necessary.

(4) Amount paid as Compensation for short-term loans availed by the Company are treated as discounting charges by the Company and has been merged with interest and financial charges.

(5) The Company, following the principle of prudence, conservatism and matching principle of cost and revenue in an EPC contract for Engineering, Designing, Procuring and Construction of road project in Nagpur provides for expenditure on such contract so that profit from the contract is accrued proportionately in relation to the physical progress of the work throughout the contract. In view thereof, in this account an amount of ₹ 1,42,50,842/- (net of last year's provision of ₹ 14,20,66,721/-) has been adjusted in the Operating Expenses.

(6) During the year under consideration the Company has written back an amount of ₹ 8,68,21,329.15 as operating income which represents unclaimed and excess provision of expenses in respect of completed projects.

(7) The Government of Maharashtra, Public Works Department (PWD) vide agreement dated 18.10.2000 originally awarded a contract of construction of Mumbra – Kausha Bypass Project on NH – 4, Mumbai Pune Road on Built, Operate & Transfer (BOT) basis for a concession period of 6 years and 9 months (including construction period).

Subsequently, due to change in the scope of work, a supplementary agreement dated 11.5.2005 was entered which increased the concession period to 10 years, 4 months and 25 days.

The Government of Maharashtra vide Notification dated 27.12.2007 authorised the Company to collect the toll from the vehicles passing through the said road effective from 28.12.2007 to 11.9.2010 as per the supplementary agreement.

However, the Company made a representation before the Contracting Authority for enhancement of the concession period for various reasons including change in scope of work. Based on such representations, the PWD has recommended to the concerned authority for the enhancement of concession period from 10 years, 4 months and 25 days to 24 years, 1 month and 17 days.

The Company referred the matter before the Arbitral Tribunal to resolve the issue. In the mean time the Government of Maharashtra issued an Interim Notification extending the concession period from 11-09-2010 to 21-09-2014. Considering the Interim Notification and recommendation of the Chief Engineer (PWD), Mumbai Region and also relying upon the legal opinion of a counsel, the management is reasonably certain about the enhancement of concession period as stated above. In view of this, the toll collection rights are amortized in the manner whereby the total cost of the project i.e. ₹ 156.59 crores is written off over the proposed enhanced concession period of 24 years, 1 month and 17 days. The Company, therefore, amortized the toll collection rights at ₹ 8.64 crores, as against the amortization of ₹ 21.75 crores based on the concession period notified by the Government of Maharashtra.

(8) In pursuance on announcement dated March 29, 2008 of the Institute of Chartered Accountants of India on Accounting of Derivatives, Mark to Market Loss on outstanding derivative instruments as on March 31, 2011 stood at ₹ 6,26,05,376/- in respect of Rupee Foreign Currency Swap Transaction. The Company does not hold or issue derivative financial instruments for trading or speculative purpose and all the derivatives entered in to by the Company are to mitigate or offset the risk that arise from their normal business activities only. Pending the quantification of actual loss or gain on the expiry of derivative contract with the authorized dealer the Company has not provided for the Mark to Market Losses in the interim period.

(9) Loans and advances includes:

- Advance to companies in which Directors are interested as Directors ₹ 42,92,764/- (previous year Nil). Maximum amount outstanding during the year ₹ 10,23,53,404/- (previous year ₹ Nil).

CONSOLIDATED AUDITORS' REPORT

TO,
THE MEMBERS OF ATLANTA LIMITED
101, SHREE AMBA SHANTI CHAMBERS,
OPP. LEELA HOTEL, ANDHERI – KURLA ROAD,
ANDHERI (EAST), MUMBAI – 400 059

- 1) We have audited the attached Consolidated Balance sheet of ATLANTA LIMITED ("the Company") and its subsidiaries ("together referred to as "the Group") as at 31st March, 2011, Consolidated Profit and Loss Account for the year then ended and also the Consolidated Cash Flow Statement for the year ended on that date both annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
- 2) We have conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
- 3) We did not audit the financial statements of a subsidiary company, whose financial statements reflect the Group's share of total assets of ₹ 352,40,63,990/- as at 31st March, 2011, the Group's share of total revenues of ₹ 5,29,11,330/- and net cash outflow of ₹ 7,69,194/- and certain Joint Ventures whose financial statements reflect the Group's share of total assets of ₹ 94,87,58,453/- as at 31st March, 2011, the Group's share of total revenues of ₹ 63,82,82,219/- for the year then ended as considered in the consolidated accounts. These statements were audited by other auditors whose report has been furnished to us and our opinion, so far as it relates to the amount included in respect of the subsidiary and Joint ventures is based solely on the report of other auditors.
- 4) We report that the consolidated financial statements have been prepared by the Group's management in accordance with the requirements of Accounting Standard 21 "Consolidated Financial Statements" and AS-27 "Financial Reporting of Interest in Joint Ventures" as notified under the Companies (Accounting Standards) Rules 2006.
- 5) *Attention is invited to :-*
 - a) **Note No. 10 of Schedule 18 to the consolidated financial statements, relating to short amortization on the Toll collection rights (Mumbra Bypass road) during the year amounting to ₹ 13,10,88,380/- pending the process of getting an extension in the concession period.**
 - b) **Note No. 11 of Schedule 18 to the consolidated financial statements, relating to non provision of Mark to Market losses of ₹ 6,26,05,376/- on Rupee Foreign Currency Swap transaction as on 31-03-2011.**
We further report that had the observations made by us in paragraph 6 (a) and (b) been considered,
 - a) **The profit after tax would have been ₹ 24,62,83,468/- as against the reported profit after tax of ₹ 43,99,77,224/-**
 - b) **The net block of fixed assets would have been lower by ₹ 13,10,88,380/- and**
 - c) **The balance in Reserve and Surplus would have been lower by ₹ 19,36,93,756/-**
- 6) Subject to our comments on para 6 above, and based on our audit and in consideration of report of other auditors on separate financial statements, and to the best to our information and according to explanation given to us, we are of opinion that the attached consolidated financial statements give a true and fair view in conformity with accounting principles generally accepted in India.
 - a) In the case of Consolidated Balance Sheet of the state of affairs of the Group as at the 31st March, 2011
 - b) In the case of the consolidated Profit and Loss Account of the 'PROFIT' of the Group for the year ended on that date, and
 - c) In the case of the Consolidated Cash Flow Statement of the cash flows of the Group for the year ended on that date.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO CONSOLIDATED ACCOUNTS

I. SIGNIFICANT ACCOUNTING POLICIES

1) Accounting Convention

The financial statements are prepared under the historical cost convention in accordance with Generally Accepted Accounting Principles in India, the Accounting Standards issued by the Institute of Chartered Accountants of India and the provisions of the Companies Act, 1956 on an accrual basis of accounting.

2) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

3) Principles of consolidation

The financial statements of the group have been prepared in accordance with Accounting Standard- 21 "Consolidated Financial Statement" and Accounting Standard- 27 "Financial Reporting of Interest in Joint Ventures" issued by the Companies' Accounting Standards Rules 2006.

All inter group transactions, balances and unrealized surpluses and deficits on transactions between group companies are eliminated.

The BOT contracts are governed by Service Concession Agreements with Government Authorities (Grantor). Under this agreement the operator does not own road but gets "Toll Collection Rights" against the cost incurred for construction services. Since the construction cost incurred by the operator is considered as exchanged with the Grantor against toll collection rights, profits from such contract is considered as realized.

Accordingly BOT contracts awarded to group company (Operator) where the work is sub-contracted to fellow group company, the inter group transactions on BOT contracts profit arising thereon are taken as realized and are not eliminated.

4) Fixed Assets and Depreciation

- i) All fixed assets are stated at cost less accumulated depreciation thereon. The cost comprises the purchase price and attributable cost of bringing the asset to its working condition for its intended use. Revalued assets are stated at the revalued amount.
- ii) Depreciation is provided on straight line method at the rates and method specified in Schedule XIV of the Companies Act, 1956. Depreciation on the revalued component of the asset has been charged in the similar manner over the residual life of the assets and withdrawn from the revaluation reserve.

5) Capital Work-in-Progress

Projects under commissioning and other capital work-in-progress, are carried at cost, comprising of direct cost, related incidental expenses, interest and other financing cost payable on funds specifically borrowed to the extent they relate to the period till assets are put to use.

6) Intangible Assets and Amortization

- i) Intangible assets are stated at cost of acquisition / development less accumulated amortization.
- ii) Cost of Toll Collection Right on Mumbra Bypass Road is amortized on straight line basis over the period for which the toll collection rights on the said road have been granted by the authorities.

7) Investments

All long-term investments are stated at cost.

8) Inventories

- a. Construction Materials are valued and stated at lower of cost or net realizable value.
- b. Work in Progress (i.e. unbilled contract expenditure) on the construction contracts reflects value of material input and expenses incurred on the contracts including the estimated profits thereon after adjusting progress billing in the manner provided under Accounting Standard AS-7 (Revised) on construction Contracts.

9) Revenue Recognition

The company follows the mercantile system of accounting and recognizes revenue / income, cost / expenditure on accrual basis except in the case of significant uncertainties. The principles of revenue recognition are given below:

- i) Income from Projects under Long Term Contracts is recognized on the Percentage of completion basis in the manner specified under Accounting Standard – AS7 (Revised) on Construction Contracts. As the long term contracts necessarily extend beyond one year, revision in the costs and revenues estimated during the course of contract are reflected in the accounting period in which the facts requiring revision become known.
- ii) Additional claim including escalations, which in the opinion of the management, are recoverable on the contract are recognized at the time of evaluating the job.
- iii) The determination of revenue under the Percentage of Completion Method necessarily involves making estimates by the company which are of technical nature concerning, where relevant, the percentage of completion, costs to completion, the expected revenue from the projects and the losses, if any, to completion. Such estimates, made by the company, have been relied upon by the Auditors as these are of technical nature.
- iv) Revenue from other contracts is recognized based on billing schedules agreed with the clients on Progressive Completion basis.
- v) Revenue from toll collection is recognized on the receipt of toll from users of the concession facility.
- vi) Interest income is recognized on time proportion basis.
- vii) Dividend income is recorded when the right to receive the dividend is established.
- viii) Other revenues are accounted on accrual basis.

10) Turnover

- a) In respect of Engineering Procurement and Construction (EPC) contract, where the company is also responsible for designing and engineering in addition to procurement and construction, the percentage of completion and the turnover there from is based on physical proportion of contract work as per the certificate of the independent consulting engineer.
- b) In respect of other contracts and other project related activities, the turnover is recognized by applying Percentage of Completion method to the total contract cost, along with an estimated profit thereon. The percentage of completion is determined by applying the proportion of the cost incurred to date to the total estimated project cost.
- c) Turnover includes toll collection of BOT infrastructure project and mining.

11) Foreign Currency Transactions

Any income or expenses on account of foreign exchange derivative contract is recognized on settlement in the Profit & Loss account in the reporting period.

12) Retirement Benefits

- a) Company's contribution to Provident Fund are made at predetermined rates to the appropriate authority and charged to Profit & Loss Account on accrual basis.
- b) Gratuity in respect of past and present services of the employees is being accounted for an accrual basis based on actuarial valuation.
- c) Actuarial gains/losses are immediately taken to Profit and Loss Account and are not deferred.

13) Taxes on Income

Tax expense comprises of current and deferred. Current Income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act.

Deferred Income taxes reflects the impact of current year/period timing differences between taxable income and accounting income for the year/period and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

14) Earning per Share

The Company reports basic and diluted Earning Per Share (EPS) in accordance with Accounting Standard 20 on Earning Per Share. Basic EPS is computed by dividing the net profit or loss for the year by the weighted average number of Equity Shares outstanding during the year. Diluted EPS is computed by dividing the net profit or loss for the year by the weighted average number of Equity Shares outstanding during the year as adjusted for the effects of all dilutive potential Equity Shares.

15) Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired.

16) Grants From NHAI

The Company on receipt of grant as per the concession agreement accounts the same under Shareholders funds under reserves and surplus, in accordance with the terms of the concession granted to the Company.

17) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the year in which they are incurred.

18) Cash Flow Statement

The Cash Flow Statement is prepared by the indirect method set out in the Accounting Standard – 3 on Cash Flow Statement and presents the cash flows by operating, investing and financing activities of the company. Cash and cash equivalents presented in the cash flow statement consist of cash on hand and balance with banks.

19) Contingent Liabilities

Contingent liabilities are reflected as notes to accounts.

II. NOTES TO ACCOUNTS

 - b) Unexpired Letters of Credit ₹ 12,87,64,359/- (Previous year ₹ 11,89,63,277/-)
 - c) Corporate guarantee given to Bank and Financial Institution on behalf of group company (Atlanta Infra Assets Ltd. (formerly known as Balaji Toll Ways Ltd.) amounting to ₹ 150,00,00,000/- (previous year ₹ 1,50,00,00,000/-) against term loan availed by the them.
 - d) Disputed Income Tax demand for which appeal is pending before Appellate Authority - Nil (Previous year ₹12,28,55,795/-)
 - (5) 7 year National Saving Certificates and Kisan Vikas Patra of the face value of ₹ 8,35,200/- have been lodged as security with Municipal Corporation, Mumbai.
 - (6) In the opinion of the Management, the Current Assets, Loans and Advances and Current Liabilities are approximately stated if realized in the ordinary course of business. The balances of Debtors, Creditors and Loans & Advances are subject to confirmation and reconciliation, if any. The provisions for all other liabilities is adequate and not in excess of the amount reasonably necessary.
 - (7) Amount paid as Compensation for short-term loans availed by the company are treated as discounting charges by the company and has been merged with interest and financial charges.
 - (8) The company, following the principle of prudence, conservatism and matching principle of cost and revenue in an EPC contract for Engineering, Designing, Procuring and Construction of road project in Nagpur provides for expenditure on such contract so that profit from the contract is accrued proportionately in relation to the physical progress of the work throughout the contract. In view thereof, in this account an amount of ₹1,42,50,842/- (net of last year's provision of ₹ 14,20,66,721/-) has been adjusted in the Operating expenses.
 - (9) During the year under consideration the company has written back an amount of ₹ 8,68,21,329.15 as operating income which represents unclaimed and excess provision of expenses in respect of completed projects.
 - (10) The Government of Maharashtra, Public Works Department (PWD) vide agreement dated 18.10.2000 originally awarded a contract of construction of Mumbra – Kausha By-pass Project on NH – 4, Mumbai Pune Road on Built, Operate & Transfer (BOT) basis for a concession period of 6 years and 9 months (including construction period).

Subsequently, due to change in the scope of work, a supplementary agreement dated 11.5.2005 was entered which increased the concession period to 10 years, 4 months and 25 days.

The Government of Maharashtra vide Notification dated 27.12.2007 authorised the company to collect the toll from the vehicles passing through the said road effective from 28.12.2007 to 11.9.2010 as per the supplementary agreement.

However, the company made a representation before the Contracting Authority for enhancement of the concession period for various reasons including change in scope of work. Based on such representations, the PWD has recommended to the concerned authority for the enhancement of concession period from 10 years, 4 months and 25 days to 24 years, 1 month and 17 days.

The company referred the matter before the Arbitral Tribunal to resolve the issue. In the mean time the Government of Maharashtra issued an Interim Notification extending the concession period from 11-09-2010 to 21-09-2014. Considering the interim Notification and recommendation of the Chief Engineer (PWD), Mumbai Region and also relying upon the legal opinion of a counsel, the management is reasonably certain about the enhancement of concession period as stated above. In view of this, the toll collection rights are amortized in the manner whereby the total cost of the project i.e. ₹156.59 crores is written off over the proposed enhanced concession period of 24 years, 1 month and 17 days. The company, therefore, amortized the toll collection rights at ₹ 8.64 crores, as against the amortization of ₹21.75 crores based on the concession period notified by the Government of Maharashtra.
 - (11) In pursuance on announcement dated March 29, 2008 of the Institute of Chartered Accountants of India on Accounting of Derivatives, Mark to Market Loss on outstanding derivative instruments as on March 31, 2011 stood at ₹ 6,26,05,376/- in respect of Rupee Foreign Currency Swap Transaction. The company does not hold or issue derivate financial instruments for trading or speculative purpose and all the derivates entered in to by the company are to mitigate or offset the risk that arise from their normal business activities only. Pending the quantification of actual loss or gain on the expiry of derivate contract with the authorized dealer the company has not provided for the Mark to Market Losses in the interim period.
 - (12) During the year under consideration the subsidiary has received Gazette Notification No. 2579 dated 30 December, 2010 issued by The Government of India, authoring the concessionaire to collect the toll from the user of the facility (Nagpur–Kondhali–Talegaon section from Km.9.200 to Km.100.00 of the National Highway number – 6 in the State of Maharashtra) from the date of Commercial Date of Operation or publication of the said Gazette Notification, whichever is later. However since the Company has not received the completion certificate the entire cost pertaining to the carriageway is being carried forward as Capital Work in Progress and would be capitalized on Completion.
 - (13) Due to substantial increase in the prices of materials and due to delays in the project resulting in the idling of the labour and plant

used in the construction activity by the EPC contractor, pursuant to discussion and negotiation with the EPC Contractor, the company has sanctioned ₹ 83.64 crores a provisional compensation against escalation and compensation for overhead expenses/ equipment rental charges till completion. Accordingly an amount of ₹ 48.53 crores (previous year ₹ 35.11 crores) have been paid to the EPC contractor during the year towards the same.

- (14) Balance capital commitment for "Improvement, operation and maintenance including strengthening and widening of existing 2 lane road to 4 lane dual carriageway from K.m.9.200 – Km.50.000 of NH-6 (Nagpur-Kondhali Section)" in the State of Maharashtra, on BOT basis. As on 31-03-2011 is ₹ 21.00 Crores (Previous year ₹ 66.00 Crores)
- (15) The company had based on valuation made by approved valuers revalued some of its fixed assets in the various accounting years. The resultant appreciation aggregated to ₹ 3,99,90,973/- has been added to the Gross Block of the Fixed Assets and credited to the Revaluation Reserve as per details given below:

Year Ended	Particulars of Fixed Assets	Original Cost	Revalued Cost	Difference added to Fixed Assets
31/03/2000	Office Premises	53,92,627	2,82,00,000	2,28,07,373
31/03/2000	Plant & Machinery	3,16,400	1,75,00,000	1,71,83,600
Total		57,09,027	4,57,00,000	3,99,90,973

Consequent to revaluation, the appreciated proportion of Fixed Assets has been depreciated at the rates applicable to the respective assets under the straight-line method of depreciation.

- (16) Hitherto, the company was not making any provision for leave encashment. The company has, during the year changed its accounting policy with regards to recognition of leave encashment liability and computed liability of leave encashment till date and accordingly made a provision of ₹ 3,29,933/- Due to this profit for the year under consideration is lower to that extent.
- (17) Deferred Tax

- a) In compliance with Accounting Standard – 22 (AS – 22) on "Accounting for Taxes on Income" issued by the Institute of Chartered Accountants of India in respect of the deferred tax liability arising on account of timing difference for the current financial year, a sum of ₹ 31,35,078/- has been accounted as deferred tax asset.
- b) The major components of Deferred tax balances are as under :

(Amount ₹)

	UPTO 31/03/2010	DURING THE YEAR	UPTO 31/03/2011
Deferred Tax Liability :			
Difference between accounting and tax depreciation/amortization (Cumulative)	13,76,89,468	(24,66,410)	13,52,23,058
Total (A)	13,76,89,468	(24,66,410)	13,52,23,058
Deferred Tax Asset:			
Disallowance of Gratuity Payable	(10,28,411)	(5,49,635)	(15,78,046)
Leave encashment	Nil	(1,07,047)	(1,07,047)
Other Disallowances	2,63,693	(11,986)	2,51,707
Total (B)	(7,64,719)	(6,68,668)	(14,33,386)
Net Deferred Tax Liability (A-B)	13,69,24,749	(31,35,078)	13,37,89,672

- c) Provision for the deferred tax liability in the case of subsidiary is not recognized since the timing difference (on account of excess of depreciation allowable under income tax law over depreciation as per books) originating in the current year is capable of reversal within the tax holiday period. The company has not recognized Deferred Tax Asset arising on account of timing difference of loss carried forward under the Income Tax Act, in the books of accounts because there is no virtual certainty that sufficient future taxable income will be available against which such Deferred Tax Asset can be realized. As a matter of prudence, the Company has not recognized deferred tax asset on such losses.

- (18) The BOT contracts are governed by Service Construction Agreement with Government Authorities (grantor). Under this agreement, the operator does not own the road, but gets "Toll Collection Rights" against the constructions services incurred. Since the construction cost incurred by the operator is considered as exchanged with the grantor against toll collection rights, profit from such contracts is considered as realized.

Accordingly, BOT contracts awarded to group company (operator where work is sub-contracted to fellow subsidiary, the intra-group transactions on BOT contracts and profits arising thereon are taken as realized and not eliminated for consolidation under Accounting Standard 21.

The revenue and profit in respect of these transactions during the year is ₹ 18,45,83,287/- (Previous Year ₹ 25,14,40,227/-) and ₹ 6,52,68,650/- (Previous Year ₹ 8,89,09,264/-) respectively.
