MANAGEMENT DISCUSSION & ANALYSIS

BUSINESS SNAPSHOT

GTL Infrastructure Limited (GIL) is an independent Telecom Tower Company. The Company provides passive infrastructure on shared basis for telecom operators to host their active network components.

The business model of passive infrastructure sharing is based on building, owning, operating and maintaining passive telecom infrastructure sites capable of hosting active components for multiple telecom operators. The model enables operators to convert their capital expenditure to a fixed and predictable operational expenditure allowing them to utilise capital towards core activities.

Together with Chennai Network Infrastructure Limited (CNIL), an associate, the Company has a combined tower portfolio of 27,839 towers spread across all the 22 telecom Circles in India, and serving most major telecom operators. The Company has been associated with prestigious projects promoted by DoT and COAI such as USO (Universal Services Obligation Fund) for rural telecom infrastructure and MOST (Mobile Operator Shared Tower).

The salient features of the passive infrastructure business model are

- Providing space to Operators to host their active Infrastructure on cell sites
- Towers are capable of hosting multiple technologies such as 2G / 3G / 4G LTE
- Growth tied to expansion of wireless networks
- Annuity driven business model – stable and growing revenues
- Long term (10–15 years) contracts with telecom operators, with a built in price escalation
- Ensuring 24x7 energy provisioning for enabling telecom operator's uninterrupted network coverage
- Energy Management contracts for majority of tenants (as a pass through)
- Relatively fixed cost structure and low level of maintenance
- Predictable and growing free cash flow

STRUCTURE OF INDIAN TELECOM TOWER INDUSTRY

Telecom towers form the backbone of wireless networks and provide last mile connectivity to subscribers. The telecom tower industry has rapidly grown in a short span of time. GIL played a pioneering role in shaping the industry. It was the first telecom tower company in India to get listed on the Indian stock exchanges and is today among leading independent Telecom Tower Company.

Broadly the tower companies operating in this segment can be categorized as follows

Category	Companies
Independent tower companies*	GIL, American Tower Corporation, Tower vision
Operator owned tower companies	Indus, Bharti Infratel, Reliance Infratel & Viom
Towers owned by government operators	BSNL and MTNL

* Without Telecom operator stake

INDUSTRY STRUCTURE & DEVELOPMENT

INDIAN TELECOM INDUSTRY

The wireless telecom industry has shown tremendous increase in subscriber base to 960.58 Mn. at the end of February 2015 against 903.36 Mn. at the end of February 2014 registering a growth of 6.33% y-o-y for this fiscal compared to approx. 5% growth the year before. The share of urban subscribers declined to 58.01% at the end of February 2015 from 59.16% in February 2014 vis-à-vis the share of rural subscribers which increased to 41.99% at the end of February 2015 from 40.84% at the end of February 2014. With this, the overall tele-density in India has shown marginal improvement at 76.60 at the end of February 2015 vis-à-vis the overall tele-density of 72.92 at the end of February 2014. (Source: Telecom Regulatory Authority of India, Press Release dated April 10, 2015)

MAJOR DEVELOPMENTS IN THE INDUSTRY

The year has recorded several activities by the government and the industry for renewed growth wave in telecom sector. The following are key developments :

Unified licensing:

- All telecom licenses will henceforth be granted as Unified Licenses, which will allow operators to utilize spectrum for any type of data or voice services
- All Unified Licenses to have validity of 20 years
- IP-1 (Infrastructure Provider category-1) is not included in the scope of Unified License. Therefore IP-1 companies are presently not required to revenue share regime

Spectrum:

- In March 2015, DoT auctioned spectrum in various bands (800, 900, 1800 and 2100 MHz). Telecom Operators aggressively bid for renewal as well as for growth

- Further, for spectrum sharing and trading guidelines, Telecom Commission has finalized its views and sought Cabinet approval. Spectrum sharing is expected to result into efficient utilization of spectrum for network growth
- The government has also released a roadmap on the spectrum availability for future

Spectrum auctions – March 2015

Telecom Operator	Spectrum Net Addition (MHz)			
	800 MHz	900 MHz	1800 MHz	2100 MHz
Airtel	–	21.00	7.20	35.00
Vodafone	–	4.00	1.60	30.00
IDEA	–	–5.00	11.20	5.00
Reliance JIO	–	–	–	–
Tata Tele Services	11.25	–	2.60	–
Reliance Comm.	26.25	–29.80	6.40	–
Aircel	–	–	10.00	–
TOTAL	37.50	–9.80	39.00	70.00

(Source: DOT)

- Spectrum auction of March 2015 resulted into aggressive bidding by telecom operators
- The winning bids fetched total amount of ₹ 1.1 Trillion to the government. Overall increases over estimated proceeds from auction is about 37%
- Airtel, Vodafone and Idea were the top three operators securing about 65% of the spectrum that was put up for bidding
- Telecom operators through this aggressive bidding secured their existing spectrum which was expiring due to completion of 20 years of license, and required it to retain the subscriber base. Some of the operators also procured growth spectrum

OPPORTUNITIES AND THREATS

The opportunities and threats that the industry is facing are enumerated below:

- Spectrum availability for telecom operators' network expansions
- Data growth
- Digital India and NOFN project initiatives
- All the top operators are actively looking at consolidating their presence in the Indian telecom

market, and further leverage the cost efficiencies and gain market share. The operators, who have been lagging in the market place, are also looking at alternate strategies, as requisite scale in the Indian market has become one of the key success factors

- Telecom industry's overall year over year growth in terms of subscribers and traffic is expected to rise for next five years faster than in recent past
- In next five years, data traffic will be majorly contributed by high speed data users of 3G and 4G technologies. Data subscribers are likely to contribute for 30% to 40% of total wireless subscriber base
- 3G technology users will continue to grow even after launch of 4G technologies
- Gaming, video streaming and OTT apps will increase the data usage per subscriber
- 2G Voice subscriber growth is stagnating. Compared to GSM, the CDMA voice subscribers have started reducing
- For 4G services aggressive pricing competition is expected among telecom operators
- Rural penetration will also be a focus for telecom operators for subscribers growth
- Due to spectrum fee payments, Telecom operators' focus will be on operational efficiencies for achieving profitability

Future growth drivers

There are certain growth drivers that could lead to increased in sharing of towers which are:

- **Launch of 4G / LTE networks:** Using 4G / LTE technology, Operators can provide high speed data services to subscribers. With internet penetration, the growth of data services expected to ride on easy availability of smart phones in India. The launch of these networks is expected to give further fillip to requirements of telecom towers
- **Focus on Quality of Service:** Competitive telecom tariff alone is not a strategic advantage to telecom operators. Pricing along with better network quality will be a key driver for operators to retain and acquire new subscribers. The quality of customer experience becomes all the more important with the growth of data services. With expanded subscriber base and limited spectrum availability, operators are left with little option but to bring down the number of subscriber per BTS by creating a denser cellular network. This will drive demand for sharing of towers in urban areas

OPERATIONS

The Company is a pioneer in the shared passive infrastructure business in India. The Company's approach towards business growth and delivery is focused on leveraging its leading position to take advantage of the growth opportunities in the fastest growing and second largest telecom market in the world

PORTFOLIO DETAILS

All the telecommunication towers of the Company are configured to host multiple wireless service providers. The number of antennae each towers can accommodate varies depending on the type of tower Ground Based Tower (GBT) or Roof Top Tower (RTT). Generally, a GBT site can accommodate active equipment of around 3–4 Operators, while a RTT site can accommodate upto 2–3 Operators.

The breakup of the combined tower portfolio of the Company and CNIL as on March 31, 2015 across India is as shown in the table

Region	No of Towers*
North	5,857
South	9,117
East	8,468
West	4,397
Total	27,839

* Post impairment and dismantling of 4,811 towers so far due to cancellation of 2G licenses, cancellation of Aircel commitments & natural calamities.

As on March 31, 2015, the tenancy ratio is 1.45

IMPROVING EFFICIENCY OF OPERATIONS

Ensuring health of the site infrastructure has always remained Company's focus for bringing in operational efficiencies and avoiding unscheduled site downtime. Company has put in systems and processes for ensuring periodic equipment check and scheduled preventive maintenance.

Further, the operations team of the Company has taken up specific measures for improvement of passive infrastructure quality as follows:

- Network improvement & upgradation through CAPEX deployment
- Segregated and provided for the End-of-Life (EOL) 'Infrastructure Replacement' requirements apart from the 'Corrective Rectification' requirements. The Annual EOL replacement requirements quantified, budgeted and are taken-up as a dedicated project, and are closely monitored by Project Management team.

- Company has setup Inhouse "Technical Repair Centre" (TRC), which comprises of subject matter expert technical teams, that cater to the rectification requirements of major infrastructure equipment including Diesel Generator (DG) and Switch Mode Power Supply Systems (SMPS). This setup has brought in multifold benefits to the Company in terms of reduced overload / dependency on the OEM (Original Equipment Manufacturers) & their authorized service vendors, reduced cost of repairs and reduced 'Mean Time To Repair' (MTTR). The in-house team has rectified over 4000 DGs during the current financial year.
- Implementation of re-engineered processes and systems, expected to improve the MTTR
- Increased scope of insourcing the Site Fuel Management.
- Working towards implementation of the 'Patrolling Security' model instead of 'Stationed-at-Site Security' model
- Converting Indoor sites to Outdoor site, wherever feasible.

EFFORTS TO REDUCE CARBON FOOTPRINT / GREEN INITIATIVE

- Increased emphasis on bringing in EB connection at the Non EB sites where DG is the prime source of energy for the site to be operational
- Revalidating the DG capacity on sites based on the current tenancy visibilities. The site when built were designed to host multiple operators and thus deployed with higher capacity DGs
- Deployment of Free Cooling Device in place of Air Conditioner in the relevant terrain.
- Converting Indoor site to Outdoor site, wherever feasible and in agreement with the respective Operators

Through the above efforts, Company has over 1,650 Sites which are declared Diesel Free (also known as Green Site, which consume less than 35 litres of diesel in a month)

Merger of CNIL and GIL

Post CDR of GIL and CNIL, the financials and capital structure of both Companies has changed substantially. Therefore the Company has decided to seek CDR Lenders / Shareholders approval to modify the Scheme of Arrangement and submit it for approval of the Hon'ble Courts, subject to approvals of shareholders, CDR EG, lenders and relevant statutory authorities.

FUTURE OUTLOOK

The Company intends to maintain its position, as one of the leading third party Independent Telecom Tower Infrastructure Company in India. The Company plans to capitalize on the 3G & 4G / LTE rollouts by providing comprehensive and value enhanced services to the Operators in cost efficient manner. This is expected to increase occupancy on towers and the Company will continue to explore organic & inorganic growth opportunities to strengthen its footprint in the Tower Infrastructure business.

Overall, the Company expects the tenancy growth to be driven by upcoming rollouts of 3G / 4G / LTE networks and the focused expansion by existing operators in semi urban and rural areas.

The clarity in the Telecom Sector, would spur the cycle of investments which would help the tower industry as well. The regulators and the government are also working on freeing the sector of several problems it faces, through the new Telecom Policy.

INTERNAL CONTROL SYSTEM

The Company has Internal Control system in place in order to achieve orderly and efficient conduct of its business, including adherence to management policies, safeguarding of assets, prevention and detection of fraud and error, accuracy and completeness of the accounting records, and timely preparation of reliable financial information. The Internal Control System encompasses financial & operational controls and statutory compliances.

The Internal Audit Department is responsible for the internal control function in the Company. It performs audit to monitor and evaluate the effectiveness of the organization's internal control systems and adherence to management policies and statutory requirements.

The audit coverage in the Internal Audit Department of the Company is in line with the objectives of Internal Audit as prescribed by the Institute of Chartered Accountants of India (ICAI). The role of Internal Audit Department in the Company is as given below:

- Understanding and assessing risks and evaluating adequacies of the prevalent internal controls
- Identifying areas for system improvement and strengthening controls
- Ensuring optimum utilisation of the resources of the Company by providing internal asset portal
- Ensuring proper and timely identification of liabilities, including contingent liabilities of the Company
- Ensuring compliance with internal and external guidelines and policies of the Company as well as the applicable statutory and regulatory requirements

- Safeguarding the assets of the Company by setting up a process of every change record
- Reviewing and ensuring adequacy of information systems security control
- Reviewing and ensuring adequacy, relevance, reliability and timeliness of management information system

The Internal Audit Committee meets regularly as may be required to review the functioning of internal audit setup in the Company. The Internal Audit function is monitored by the Board Audit committee with assistance from the Internal Audit Committee. The Board Audit Committee periodically reviews audit plans, audit observations of both internal and external audits, audit coverage, risk assessment and adequacy of internal controls.

Thus effective internal control structure has been set up in the Company to enhance organisational performance and contribute towards accomplishment of its objectives.

HUMAN RESOURCES

We believe manpower resources at GIL play an important role in providing quality infrastructure to the telecom operators. GIL resources are important assets for the Company. Human Resource (HR) function at GIL ensures multiple opportunities for leadership growth and excellent work environment. The HR strategy aims at attracting, developing and retaining talent in the organization.

During the year under review, no complaint / case has been received in terms of Sexual Harrasment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013 and Rules made thereunder.

EMPLOYEE PROFILE

The direct employee strength of the Company stood at 398 as on March 31, 2015. The Company continues to invest in resources and acquire talent, where required.

HR at GIL would continue to strive for betterment of the employees and work towards creating motivated environment.

QUALITY

GIL is an ISO 9001:2008 certified and is committed to providing its customers with value added services whilst deploying its core offerings. The Company has established a set of key principles and processes that ensure high level of 'Quality' along with 'Efficiency' in its services.

Quality Management System at the Company comprises of the standards & initiatives used for execution and O&M of the sites (Passive Telecom Infrastructure) using a set of Internal & External processes. The system is made up of several processes interlinked / interfaced (software

applications) including procedures, work instructions, formats, resources, policies, guidelines, regulations, materials, supplies, tools & equipments, which help the Company to transform inputs into desirable outputs.

PROJECT SITE & PROCESS QUALITY

As per our philosophy, quality improvement is done at the execution stage. This saved lot of resources in rework and maintenance and has helped the Company to save on its infrastructure provisioning cost and has boosted the Company's EBITDA Margin. This was mainly achieved through categorizing the sites based on their quality into three buckets and bringing majority of sites under the AAA category from AA & A categories.

HEALTH, SAFETY AND ENVIRONMENT

GIL is committed to Health and safety of all its people, by providing a written statement of intent and plan of action for creating and maintaining a healthy, safe and environment friendly work environment.

GIL is committed to health and safety of its employees, associates and contractors; and instills it as a value. GIL has developed framework for maintaining world class practices.

GIL has formed a H&S team to manage health and safety in its operations and to build safe culture across the organization.

GIL has set in place documented procedures which ensure the Health, Safety and Wellbeing of Employees, Contractors, Assets and Customers property. The Company has set the HSE policy, objectives and shared the responsibility to continually improve the HSE performance. HSE committees across pan India contribute in improving the HSE performance by Training, Communication, Audit, Handling Emergencies, Mock Drills etc.

DISCUSSION ON FINANCIALS

The Financial Year ("FY") 2014–15 was the eighth year of operations for the Company. The discussion and analysis of 'Results of Operations' and 'Balance Sheet' that follows are based upon the financial statements, which have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under the relevant provisions of the Companies Act, 2013 as adopted consistently by the Company and guidelines issued by the Securities and the Exchange Board of India (SEBI), to the extent applicable. For the purpose of financial analysis, the figures in Rupees for the results for FY 2014–15 and FY 2013–14 have been converted into US\$, using the following conversion rates.

Particulars	FY 2014–15 (₹)	FY 2013–14 (₹)
Profit and Loss Account – 1 US\$ equals to	61.79	61.64
Balance Sheet – 1 US\$ equals to	62.60	59.81

Note:

Due to fluctuation in conversion rate, the figures for current financial year mentioned in US\$ Mn. are not truly comparable with those of previous year. The Exchange rates for FY 2013–14 are as per last annual report.

Segment–Wise Reporting

The Company is predominantly in the business of providing 'Telecom Towers' on shared basis and as such there are no separate reportable segments.

RESULT OF OPERATIONS

Net Income from Operations

Net Income from operations of the Company for FY 2014–15 stood at ₹ 599.65 Cr. (US\$ 97.05 Mn.) witnessing a y–o–y increase of 3.62 % as compared to ₹ 578.73 Cr. (US\$ 93.89 Mn.) in FY 2013–14. Despite the loss in tenancies during FY 2014–15 due to various industry related factors beyond management controls, the net income was higher largely due to annual escalations in monthly provisioning fees.

Other Income

The other income stood at ₹ 23.45 Cr. (US\$ 3.80 Mn.) in FY 2014–15 as compared to 36.71 Cr. (US\$ 5.96 Mn.) in FY 2013–14. This includes interest income, profit on sale of current investments and miscellaneous income.

Infrastructure Operation & maintenance Cost (Net) – (Infra O&M Cost)

The Infra O&M cost consists of rentals for cell site premises, cell site security costs, cell sites operation & maintenance costs, annual maintenance charges for towers, diesel generators, and air conditioners, power & fuel expenses and its reimbursements.

The Infra O&M cost for the year ended March 31, 2015 was ₹ 219.37 Cr. (US\$ 35.50 Mn.) as compared to ₹ 224.27 Cr. (US\$ 36.38 Mn.) for the year ended March 31, 2014.

The Power & Fuel expenses comprise diesel costs and electricity charges. These are incurred by the Company, on behalf of Telecom Operators for operating the cell sites. These expenses are reimbursable from operators as per respective agreements.

Employee Benefit Expense

The 'Employee Benefit Expense' includes employee compensation costs, employees related benefits & welfare costs. It was ₹ 25.65 Cr. (US\$ 4.15 Mn.) for FY 2014–15 as compared to ₹ 18.97 Cr. (US\$ 3.08 Mn.) for FY 2013–14.

Other Expenses

The 'Other Expenses' consist mainly of exchange loss, legal and professional charges, office rent and related expenses, travel and conveyance, insurance premium, provision for doubtful debts, advertisement and business promotion expenses and loss on sale of fixed assets.

The 'Other Expenses' stood at ₹ 157.63 Cr. (US\$ 25.51 Mn.) for FY 2014–15 as compared to ₹ 95.75 Cr. (US\$ 15.53 Mn.) for FY 2013–14 out of which the Company has provided ₹ 72.71 Cr. (US\$ 11.77 Mn.) towards doubtful debts.

Earnings Before Interest Depreciation Tax and Amortisation (EBIDTA)

The EBIDTA for FY 2014–15 was ₹ 245.80 Cr. (US\$ 39.78 Mn.) as compared to ₹ 269.58 Cr. (US\$ 43.73 Mn.) in FY 2013–14. The operating costs for a tower are relatively fixed and does not increase proportionately with additional tenancy.

Particulars	FY 2014–15	FY 2013–14	Y-o-Y change	FY 2014–15	FY 2013–14
	(₹ Cr.)	(₹ Cr.)	(%)	(US\$ Mn.)	(US\$ Mn.)
Revenue	599.65	578.73	3.62	97.05	93.89
Less: Infra O&M	219.37	224.27	(2.19)	35.50	36.38
Less: Employee Cost	25.65	18.97	35.20	4.15	3.08
Less: Other Expenses	108.84	65.91	65.13	17.61	10.70

EBIDTA Margin	40.99%	46.58%	(12.00%)	40.99%	46.58%

Depreciation, Amortization and Impairment Expenses etc.

The Depreciation, Amortization and Impairment was ₹ 255.99 Cr. (US\$ 41.43 Mn.) as compared to ₹ 389.03 Cr. (US\$ 63.11 Mn.) in FY 2013–14.

Impairment of Assets & Exceptional Items

The carrying amount of assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable

value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

As there were no internal/external factors indicating impairment of fixed assets, carrying amount of fixed assets was not reviewed.

The exceptional item represents provision of ₹ 86.58 Cr. (US\$ 14.01 Mn.) as compared ₹ 60.00 Cr. (US\$ 9.73 Mn.)

Finance Costs (Net)

Finance costs (Net) comprises of interest expenses and bank charges, net of foreign exchange gain / loss.

RISK MANAGEMENT

In today's dynamic business environment 'Risk Management' is an essential function to have sustainable and effective business model in place in India. Enterprise Risk Management (ERM) has evolved steadily in progressive companies. It is developing from being merely a risk identification and assessment process to building a risk portfolio that is continually assessed and monitored. The perception that "Risk is not my Responsibility" has evolved to a more realistic "Risk is everybody's Responsibility".

We at GIL have a Risk Management Group (RMG) in place to facilitate the execution of risk management across the organisation. Our approach is to identify, monitor and evaluate risk throughout the group companies and to manage these risks within our risk appetite. For the very purpose we have an integrated ERM Framework in Place.

This report is prepared in accordance with clause 49 (IV) of the Listing Agreement with Stock Exchange in India,

set out the ERM Practiced by GIL. Shareholders and other readers are cautioned that the risks outlined here are not exhaustive and are for information purpose only. New risks and uncertainties arise from time to time and it is impossible for us to predict these events or how they affect us.

I. Market Risks

Macro Economic Outlook

The global perspective

- Estimates show that 70% of world growth over the next few years will come from emerging markets, with China and India accounting for 40% of that growth
- As per World Bank, the South Asian region's economy will expand by a real 6% in 2015 and by 6.4% in 2016 compared to 5.4% in 2014, potentially making it the second fastest growing region in the world after East Asia and the Pacific. The Indian economy, 80% of the region's output is set to grow by 6.4% in fiscal year (FY) 2015–16 after 5.6% in FY2014–15
- Adjusted for variations in purchasing power parity, the ascent of emerging markets is even more impressive: the International Monetary Fund (IMF) forecasts suggest that investors will continue to invest in emerging markets for some time to come. The emerging markets already attracted almost 50% of Foreign Direct Investment (FDI) global inflows and account for 25% of FDI outflows
- The brightest spots for FDI continue to be India, Africa, the Middle East, and Brazil, Russia, and China (the BRICs), with Asian markets of particular interest at the moment
- By 2020, the BRICs are expected to account for nearly 50% of all global GDP growth. Securing a strong base in these countries will be critical for investors seeking growth beyond them

The Indian perspective

- Indian Annual CPI Inflation decreased to 5.17% in March 2015 from 5.37% in February 2015, below market expectations. It is the lowest rate in three months due to a slowdown in food cost. Inflation has rapidly cooled in India following a spectacular drop in global crude oil prices, softer food costs and favorable base effects from previous reporting periods. The RBI has targeted 6% inflation by January 2016

and indicated that if the target is met it would shift to 4% goal over the longer term

- The inflation continues to remain low, keeping this in mind Reserve Bank of India (RBI) Governor Mr. Raghuram Rajan has after the presentation of the Union Budget 2015, unexpectedly cut the Policy Repo Rate by 25 basis points the rate at which the RBI lends funds to the banks by 50 basis points to 7.50% in calendar 2015 and keep the Cash Reserve Ratio (CRR) of scheduled banks unchanged at 4% of net demand and time liabilities
- The Company has External Commercial Borrowings of 9 Mn. Euro and Foreign Currency Convertible Bonds (FCCB) of US\$ 242.573 Mn. This poses both a Foreign Currency Risk as this is un-hedged as well as a liquidity risk. The Company has restructured FCCB successfully and has postponed the liability till November 2017
- As the revenues from our existing business lines are all dependent on the sustainability of telecom sector, we believe that Macro Economic factors, including the growth of the Indian economy, interest rates, as well as the political and economic environment, have a significant direct impact on our business, results of operations and financial position

Liquidity and Leverage Risks

During the last year, GIL and CNIL has entered into Settlement Agreement with Aircel and has received settlement amount in the Company as part of the overall settlement amount which provides short-term to mid-term visibility for some relaxation in liquidity concerns.

During the last few years, the Telecom Industry has been adversely affected by the general economic slowdown and various other factors such as slower growth of 3G Technology, failure of spectrum auctions and inflationary costs of power & fuel. This has resulted into substantial erosion of the Company's net worth and the Company has incurred cash losses. The Company continues to take various measures such as cost optimisation, improving operating efficiency, renegotiation of contracts with customers to improve Company's operating results and cash flows. Further, the management believes that new spectrum auction will result in exponential growth in 3G & 4G/LTE which are expected to generate incremental cash flows to the Company.

Credit Risks

GIL provides Passive Telecom Infrastructure to Telecom Operators in India. During previous few quarters, all Telecom companies faced increased pressure on earnings and financing fronts. However, recently few operators increased call rates and substantially reduced promotions which would lead increase top line. These efforts may ease the payment terms to vendors during short to medium term. As a vendor to these players, GIL is currently facing a medium credit risk.

The Supreme Court of India verdict for cancellation of 122 Telecom licenses caused losses & impairment for Tower companies, adversely impacting their financing and fund raising plans.

Based upon the spectrum auctions, the license charges paid by the operators will impact the net margins of the operators. Hence the increased capital charges (the interest outgo on account of debt raised for 3G Network rollout, and the amortization of spectrum charges) would place additional pressure on Operators' bottom lines.

II. Strategic Risks

Industry Risk

The Supreme Court's verdict to cancel all 122 2G licenses has hit several Telecom Tower Companies. This resulted in loss of Tenancies & Revenue to GIL and CNIL for remaining tenure of their licenses.

The process of re-allocation of these licenses may result in fewer numbers of players with access to more spectrums temporarily, reducing the demand for towers thus, affecting our future earnings. Thus once the rollouts restart, it shall provide the Telecom Tower Industry with some roadmap that would divulge a clear future of the industry that would help reduce the ambiguity that currently is persistent.

The Corporate Debt Restructuring (CDR) moratorium period has ended. The Cost of this debt is 10.75% per annum and principal payments have started since as well. The restructuring plan has put in negative impact on new assets addition or expansion.

In light of all the above events and the fact that it may take the Company at least 2–3 years to recover, stabilize and get into a growth mode again, the Company is exploring innovative financial structures to discount revenues to generate liquidity in the Company and proactively drawn up a "Refinancing and Consolidation Proposal.

Concentration Risks

GIL's business faces very high Concentration Risk because of the following reasons:

- Operates primarily in one Sector viz. Telecom
- Operates only in India
- The customer base is limited to number of Telecom operators in India
- Increasing nos of competitors and Special rates offers
- Geographical Concentration Risk like Political, Social, Economic & Technological factors governing India
- GIL has towers in various new regions in India like North–Eastern States, Bihar, Jharkhand, Orissa, Jammu & Kashmir etc.
- The Aircel deal has increased the penetration of GIL in the untouched remote areas where it was not present to offer services to its customers. But At the same time more than 50% of the business of the Company comes from Aircel

Competitive Risks

Competitive landscape for the company is limited in the Tower Space. The competition is intense among companies like Indus, Viom, Bharti Intel, BSNL & Reliance Infranet. The Company is among the largest neutral & independent Tower Company in the country and needs to Market its independent status and leverage it to gain more tenancies.

III. Operational Risks

Reputation Risk

Due to debt restructuring & external events as explained above, the cash flows of the Company have been under severe pressure and its subsequent effect on business operations have led to challenges of services to customers' thereby damaging reputation.

Supply Chain Risk

The delay in supply of crucial materials and services required for corrective and preventive maintenance of Passive Infrastructure may impact smooth functioning of business operations resulting into increased penalties and damages imposable by customers.

Additionally, suppliers may tighten credit and other terms that they may be extending to the Company thereby increasing the liquidity strain on the Company and hampering its ability to deliver projects and running operations on a timely basis.

Manpower Risks

In the light of the current state of affairs owing to Telecom Industry scenario, the expected slowdown in business and the growth prospective irrespective of CDR, may still lead to increased levels of attrition and Challenges in project execution and service delivery.

These factors may act as deterrent to recruitment of quality manpower to replace those who leave the Company for the any of the above reasons or otherwise.

IV. Legal and Compliance risks

Legal and Compliance risks may arise from occasional non-adherence to timely deliverable and Service Level Agreements (SLA). These pose immense challenge in the Telecom Services Industry.

It takes adequate insurance cover to protect against possible liabilities from non-performance of contracts, reviewing them continually and initiating corrective action. As a policy, open-ended contracts with open-ended obligations are rejected.

The Company is not regulated by any regulatory agency and faces the general regulatory environment that is prevalent in the country. However, customers on the Telecom side are regulated by Telecom Regulatory Authority of India (TRAI).

V. Other Risks

Political Environment Outlook

- The Company does not have any interface with the Government or any regulatory authority in its business.

Risk Rating Parameters

The Company has identified the following risks as the Top 5 risks facing the company and these have been discussed in detail in the chapter. The level of the risk that is perceived by RMG and suggested Mitigation Plan are discussed in the following table.

Rating of risk practices	Ranking	Relative status
Very Low Risk	*	No or little risk. Manageable by routine procedures. Hence, no management intervention required.

Rating of risk practices	Ranking	Relative status
Low Risk	**	Normal risk exists. Manageable by improving operating procedures (internal risks) or being alert (external risks).
Medium Risk	***	More than normal risk exists. Requires strong operating procedures (internal risks) and management attention (external risks).
High Risk	****	Significant risk. Urgent actions required to eliminate or reduce the foreseeable risk.
Very High Risk	*****	Substantial risk. Immediate actions required to contain risk. Should be kept on a continuous watch-list.

Top 3 Risks & Mitigation plans

Type of Risks and Rating	Mitigation Plan
1 Liquidity & Leverage Risk *****	<ul style="list-style-type: none"> In order to avoid any event of default under CDR Plan, GIL should adhere the obligations listed in the MRA documents. The TRA account established by the Banks helps manage the liquidity risk by increasing transparency GIL is aiming to minimize liquidity risk by ensuring revenue streams are realized fully Fixed Energy Billing contracts will help in faster recovery of energy receivables Negotiation with operators for Short term Capex Advance

	Type of Risks and Rating	Mitigation Plan
2	Operations Risk *****	<ul style="list-style-type: none"> GIL Need to infuse liquidity in operations to reduce this risk and plan capex for upgradation and refurbishments Focus on winning new contracts and consolidate business Reduce penalties, control expenses and undertake effective cost cutting measures Key Insurance Policies need to be undertaken to mitigate risks
3	Strategic Risks *****	<ul style="list-style-type: none"> More concentration needs on improving tenancy ratio GIL should consider the option of consolidating or partnering with other Telecom Tower Companies Proposal needs to be worked out to Refinance the Debt with cheap Foreign Loan options and/or bring in new strategic investors with business expertise to ease the liquidity situation and boost operational efficiency Company may look at options of consolidation or reducing un-operational sites to curb the losses Increasing the tenancy ratio by offering Special rates

CORPORATE SOCIAL RESPONSIBILITY

The objective of CSR at the Company is to take a balanced approach to address economic, social and environmental issues through diverse programs in the field of education, health, disability and community development.

The Company's CSR activities are channeled through the Global Group's not-for-profit arm i.e. Global Foundation. Since the Company is currently in CDR, it is not contributing to the Global Foundation which is being managed through the generosity of employees and other donors.

We take this opportunity to thank all our employees for their continued commitment and support through the payroll-giving program and for actively participating as Positrons (volunteers).

Employee Volunteerism Program

In addition to financial donations and in-kind support, employee volunteer programs allow companies to cultivate a personal link to the community. At GIL we have realized that if employees are given the opportunity to pursue their social commitments, they get a sense of work-life balance and a renewed appreciation of their jobs. Employees who volunteer their time for the Foundation are known as Positrons—People who exude positivity.

Positrons are the lifeline of our CSR activities, through their continued commitment towards the Foundation's objectives. The Foundation has been able to engage employees in a number of their activities & projects.

Art of Giving (Payroll Giving Initiative)

Art of Giving is a voluntary payroll giving initiative of Global Foundation through which employees provide financial contributions for the long-term sustainability of projects. More than 880 Global Group employees regularly donate to the Foundation.

The Foundation has been a pioneer in choosing projects that have an impact on people's lives.

Most of these initiatives have been in progress for over fifteen years. As we look back there is an overwhelming sense that these initiatives are seamlessly aligned with the national vision of our Hon'ble Prime Minister—one such being the recently launched Digital India.

Computer Education for the blind, Knowledge on Wheels (KNOW), Computer education programs in schools in rural areas and computer training for senior citizens are some of the programs which has helped ensure that the under-served are not left behind but on the other hand, are IT ready. It's humbling to realize that in our zeal to reach out to the under served communities through our various computer education programs, we have already made significant inroads to make the Digital India Movement a reality.

Even as we are making efforts to digitally enable the community, we also realize that working knowledge of English is equally important. Moving in this direction, we intend to launch English training program not only for students but across other sections of the community.

'Swachh wadi, Sunder gaon' is another significant and exciting program that was launched in response to the Hon'ble Prime Minister's 'Swachh Bharat Abhiyan'. Teachers and students in various towns and villages of Sindhudurg cleaned up public places. Soon the community got involved too. It did not end there. Students conducted surveys in villages regarding sanitation and health.

EDUCATION

Our philosophy towards education is to ensure meaningful education to the economically under served sections so as to enable them to compete on equal footing. The education program covers 3 areas – Computer education, English language education and Value education to students. We do this through the following programs.

Gyan IT – Computer Education

The field of education has seen a fair number of transformations over the years. In this age of rapid technology growth; we see a world which is more connected than ever before. Global Foundation had the vision to map these changes very early in the 90's and worked towards making a part of Maharashtra computer literate by setting up labs in schools in the Sindhudurg district.

One of the greatest advantages of having labs in schools is the fact that everyone can have equal access to computers. All students who have little or no access to computers in today's day and time are able to learn technology and build a better future for themselves through those labs.

Last year Global Foundation successfully set up 27 computer labs which benefited approximately 2,600 students. The Foundation has set up more than 133 computer labs all over Sindhudurg district in the last 11 years which has benefited more than 188,000 people.

Knowledge on Wheels (KNOW)

Global Foundation under project 'KNOW', reaches out to the rural students through its mobile computer lab along with a qualified instructor. This unique mobile computer lab traverses through rural areas to promote IT literacy. More than 43,361 students have been covered in this program. At present the KNOW bus is traveling through Sindhudurg district training the school children for whom computer education is a challenge. The tremendous response from that area has also been seen and appreciated by educationists who have requested that a similar kind of bus is launched in other such areas.

Gyanjyot Education Financial Support Program

The Foundation had started this Educational Financial Support scheme in order to support children from economically backward families. The objective of the scheme is to provide financial assistance to students belonging to poor families so as to enable them to pursue and complete their education. Year 2014–15 saw many students taking advantage and more than 1400 students were supported financially under this program. To date the Foundation has provided 5,584 scholarships.

Education for Peace – Value Education

Education for Peace program (EFP) is our contribution to build a better future by empowering school teachers and students. Education for Peace implies a paradigm shift in the total transaction of education. The training enables and equips teachers to nurture among children knowledge, attitudes and values that comprise a culture of Peace. It is a long-term proactive strategy to nurture peaceful persons who resolve conflicts non violently.

Education for Peace has taken a huge leap in the year 2014–15 in terms of diversity of activities for students and content, delivery and coverage for teachers. Professional trainers were assigned to design a competency training program—"Antarjyot" which covers six competencies to build required skills to transform teachers to become Peace educators. The design also lends itself to be measured to facilitate scaling up.

Another milestone has been partnering with like minded organizations working in this field. Outcomes have been experience-sharing, training the trainers and collaborating with partners in framing and designing the curriculum for peace activities as envisioned by UNESCO and NCERT.

EFP is holistic, embracing the physical, emotional, intellectual and social growth of children within a framework of human values.

- Teachers: The Foundation has created a competency based framework to train teachers on Holistic Thinking, Interpersonal Skills, Execution Excellence, Transformational Leadership, Problems Solving and Decision Making and last but not the least Communication and Etiquettes.
- Students: Schools of trained peace educators along with our team facilitators are encouraged

to form Harmony Clubs where students are given opportunities to experience and internalize Peace values. Activities like camps, yoga classes, rallies with peace messages, drawing and literary competitions and annual summer camps are held.

EFP activities in 2014–15

	Kudal	Aurangabad	Mumbai and Navi Mumbai
No. of schools enrolled	35	5	5
No. of teachers trained	145	48	37
No. of children enrolled in peace clubs	1,500	250	Work-in-progress

HEALTH & SAFETY

Aarogya

Health does not merely mean the absence of a disease but also the general well being or freedom from an illness. The Indian population is weighed down by diseases due to lack of environmental sanitation and safe drinking water, malnutrition, poor living conditions, and limited access to preventive and curative health services. Expenditure on health care in our country has been minimal and hence there is a gap in the urban & rural medical services.

Global Foundation has been creating health awareness in parts of Maharashtra and is conducting general health camps, diabetes awareness, ophthalmic and blood donation camps for more than 11 years. Hemoglobin checkup camps have helped people identify and treat many potentially harmful diseases. The mobile health van services are provided free of charge.

Global Foundation's mobile health van that travels to areas do not have ready access to health services. Our van enables doctors and health counselors to overcome the obstacles that often prevent or deter people from obtaining important health tests. The van frequently visits community centers, old age homes and schools also to conduct various health related camps.

The team at Kudal has been working towards building up a strong preventive health care service system. The year 2014–15 several such camps were organized and notable among are :

	Camps	Beneficiaries
General Health checkup & Eye checkup	5	317
Cataract detection and operation	1	43
Blood donation	6	692
School Health checkup	12	2,908
Spectacle distribution by Serva Shiksha Abhiyan	1	110

Emergency Medical Assistance

As per the World Health Organization (WHO) survey, there are around 30% people who die due to lack of adequate Emergency Medical Services. Emergency financial assistance for treatment is an essential part of the healthcare support provided by Global Foundation. We also provided a couple of ambulances and medicines in the aftermath of the floods in J&K therefore, developing a strong emergency medical assistance system has been one of the focal points of the overall health care objectives of Global Foundation.

DISABILITY

Netra

Global Foundation's project Netra for the visually impaired has an Advanced Computer center in Mumbai. Global Foundation intends to provide training and enables the visually impaired achieve success in pursuing higher education, cope with a competitive work environment and discover better employment opportunities.

The Computer courses are supported by additional soft skills and personality development programs by Positrons and other volunteers. Refresher courses and sessions on the interview process are conducted to enhance their job prospects. Last year a total 35 students were awarded certificates on successful completion of their courses. Many

of them have found jobs in the IT sector, banks and have become financially independent. At present 18 students are currently undergoing the basic & advanced computer course at Global Foundation's Advanced Computer Center for the Visually Challenged at Mumbai.

The Foundation encourages students and trainers to seek better opportunities in the main stream corporate sector. Many students as well as past trainers have gone on to do very well in their professional careers after training.

The Foundation has also supported the Cricket Association for the Blind in Maharashtra to conduct Blind Cricket Tournament in FY 2014–15.

COMMUNITY DEVELOPMENT

Community Development supports the establishment of strong communities who work together to improve the social structure of a country.

Towards this, the Global Foundation has supported in constructing the building of a School at Alibaug in the state of Maharashtra that enables more students to be admitted in primary section. The Foundation has also provided bio toilets in some schools.

We also supported 4 shelter homes for girls in J&K by providing them with solar lamps, inverters and UPS that would assist them with their education and livelihood which were adversely affected due to the floods.

Village Knowledge Center (VKC) – IT Education for Women & livelihood skill training programs

The VKCs have benefited women mainly housewives by generating employment and improving their standard of living. It's also a center for learning and awareness in rural areas. Women earn a decent amount without having to leave their homes for longer duration. This has added to their self esteem and confidence.

At present Global Foundation supports two VKCs in Kudal and Vengurla which provides computer education and vocational training to women. Special tailoring batches for girls, soft toy training and purse making have benefited women in the vicinity. Additionally women have also taken advantage of the computer training programs and have found jobs near their homes.

Global Foundation's support to other NGOs and institutions during the FY 2014–15

- Borderless World Foundation – Support for Jammu & Kashmir (J&K) Flood Relief
- Standing Together Enable Peace Trust (STEP) support for Youth development centre at J&K
- Shri Lalita Charitable Foundation – Support for constructing school for students affected by Cancer and AIDS

ENVIRONMENT

Pedal for Peace Cyclothons

The Government of India has been taking several measures to promote cycling as an alternate means of transport. The objective being to decongest roads, promote sustainable cities and greener environment. Recognizing this as an

important initiative, the Foundation, has started promoting cyclothons to spread the awareness of cycling, greener environment and also to ensure safer roads for pedestrians and cyclists.

Global Foundation supports Pedal for Peace cyclothon, an annual event, that is held with an objective to promote the message of cycling, peace and harmony. The cyclothon is organized from Thane to Mumbai and back, covering a distance of more than 100 kms. So far the cyclists have covered more than 13,100 kms spreading the message of cycling and peace.

Standard Chartered Mumbai Marathon (SCMM)

Every year Global Group employees participate in the Standard Chartered Mumbai Marathon to support the Global Foundation. This year 112 persons took part to support and donate to the Global Foundation.

During the year, total revenue of the Company was ₹ 623.10 Cr. against ₹ 615.44 Cr. for the previous year. Operating Profit (before Depreciation / Amortization, Finance Costs & Tax) was at ₹ 220.46 Cr. in comparison to previous year's Operating Profit (before Depreciation / Amortization, Finance Costs & Tax) of ₹ 276.44 Cr. Net Loss for the year was at ₹ 514.71 Cr. against Net Loss of ₹ 551.24 Cr. for the previous year.

The telecom scenario in the country changed drastically since the beginning of year 2012 due to cancellation of 122 2G licenses by the Hon'ble Supreme Court, slower 2G and 3G growth, failure of spectrum auctions, inflationary costs of power & fuel and general economic slowdown. Further, during this time, the Company was expected to get increased / additional business arising out of its acquisition of telecom tower portfolio from Aircel Limited and its subsidiaries (Aircel) through Chennai Network Infrastructure Limited (CNIL). However, owing to several external factors, the Company and CNIL could not garner the required 20,000 additional new tenancies on Right of First Refusal basis from Aircel. In the meanwhile, the Company had already placed orders on various vendors to procure tower assets and made expenses / advances against those orders. Consequently, the Company had to short close its commitment to vendors and is currently pursuing legal action against its vendors for recovery of these advances. However, as a matter of prudence, a provision for a sum of ₹ 208.75 Cr. has been made during the year under review. Further, pursuant to the settlement agreement between the Company, CNIL and Aircel, ₹ 150 Cr. has been recognized as income towards final settlement during the year under review. The above amounts have been shown as exceptional items in the Financial Statements.

Going Concern basis

Owing to factors as referred above, the Company's net worth has been eroded substantially and the Company has incurred cash losses. The Company continues to take various measures such as cost optimisation, improving

operating efficiency, renegotiation of contracts with customers to improve Company's operating results and cash flows. Further the management believes that new spectrum auction will result in exponential growth in 3G, 4G & LTE which are expected to generate incremental cash flows to the Company. Based on the Master Services Agreement executed for passive infrastructure sharing with new operators, having BWA spectrum and preparing to launch 4G services Pan India, the Company has already commenced roll outs for it. In view of the above mentioned factors, the Company continued to prepare its Financial Statements on going concern basis.

Recent Developments at Macro And Micro Economic Level

The telecom industry has shown tremendous increase in subscriber base to 960.58 Mn. at the end of February 2015 against 903.36 Mn. at the end of February 2014, registering a growth of 6.33%. The share of urban subscribers declined to 58.01% at the end of February 2015 from 59.16% in February 2014 vis-à-vis the share of rural subscribers which increased to 41.99% at the end of February 2015 from 40.84% at the end of February 2014. With this, the overall tele-density in India has shown marginal improvement at 76.60 at the end of February 2015 vis-à-vis the overall tele-density of 72.92 at the end of February 2014. (Source: Telecom Regulatory Authority of India (TRAI), Press Release dated April 10, 2015)

India saw fastest growth in subscription base with 65 million new connections in FY 2014-15. Given this the Indian telecom industry has been one of the fastest growing and most competitive in the world. The Indian call tariffs are still among the lowest in the world.

Growth Drivers

It is observed, globally that telecom industry is a vital sector for the overall development of a nation. It is catalyst to growth and modernization of a nation. Given the recent developments, we have identified a few growth drivers for the coming few fiscals.

- 1) 2015 Spectrum Auction was successful with ₹ 1.10 Lacs Cr. investment by the industry signaling restored faith in business prospect
- 2) Industry Friendly and liberal policies
 - a. Government plans to allocate the Spectrum auctioned in March 2015 by end of this year
 - b. Government's ambitious US\$ 1.1 Bn. Smart City program to facilitate telecom growth
- 3) Attractive FDI market
- 4) Subscriber base continues to see upward trend
- 5) 3G and 4G rollouts expected to lead to machine to machine (M2M) growth in India in F.Y. 2016-17
- 6) Reliance Jio the only Pan India license 4G provider to roll out 4G in this fiscal
- 7) India a Data usage driven economy (Nokia Networks' MBit Index study)
 - a. Mobile data traffic generated by 2G and 3G services has risen by a whopping 74 percent at the end of 2014
 - b. Use of 3G devices capable of supporting a speed of up to 21.1 Mbps increased from 23% in 2013 to 54% in 2014
 - c. Average monthly data consumption by a 2G consumer was seen to be 216 MB, an increase of 48% during 2014
 - d. The average data consumed by a 3G consumer, on the other hand, 688 MB, an increase of 29% during 2014
- 8) India to be 4th largest Smartphone market in the world

Since Tower Network plays vital role for growth mapping, the Company will see growth in the near future.

Major Developments in the industry (source: A brief Report on Telecom Sector in India – January 2015, Corporate Catalyst (India) Pvt. Ltd.)

- 1) Reliance Jio infocomm has signed an agreement to share telecom towers of GTL Infrastructure Limited. Seventh Tower sharing agreement by Reliance Jio;
- 2) Ericsson has won US\$ 9.42 Mn. 3 years operations support system deal with Reliance Jio;
- 3) Japanese telecom Company softbank has planned to invest around US\$ 10 billion in India's IT sector over next few years.
- 4) Bharti Infratel plans to take over telecom towers of few operators at a valuation of approx US\$ 785.82 Mn.
- 5) Bharti Infratel plans to explore acquisition opportunities in neighboring countries

The Company believes that though the current scenario in telecom sector and in general economy is encouraging, it would take some time in improving overall economic scenario *inter-alia* the telecom and telecom infrastructure sector. Hence, in order to overcome the CDR scenario, the Company is contemplating bi-lateral / multi-lateral settlements, either one time, negotiated or otherwise, with the Lenders. The Company has already obtained requisite approvals from Members of the Company at the 11th Annual General Meeting (AGM) and through Postal Ballot, result of which was declared on September 25, 2014.

3. DEBT RESTRUCTURING

Further to information furnished in the Directors' Report for financial year 2013–14, after successful implementation of Corporate Debt Restructuring (CDR) mechanism for its Rupee Term Loans, as approved by CDR EG, the Company has complied and continues to comply with the terms and conditions of CDR package. - c. Upgradation of DC power plants with compatible high efficiency rectifiers
- d. Deployment of additional battery banks for increasing backup power and thereby minimizing diesel consumption at sites
- e. Fuel optimizer feature of DG controller for optimum utilization of battery backup and air-conditioning system
- f. Implemented Stage-wise capacity enhancement with upgradeability as and when site load increased
- g. Aircon efficiency improvement solutions for better heat transfer of refrigerant
- h. Deployment of Integrated Power Management Units for AC power line conditioning and AC to DC conversion
- i. Remote monitoring of site health parameters through NOC (Network Operations Centre)

ii) the steps taken by the Company for utilizing alternate source of energy:

- a. Deployment of Deep discharge and Lithium Ion batteries for faster charging / better utilization of backup power and thereby reducing diesel consumption
- b. Deployment of DC type Diesel Generator of smaller capacity at pilot sites

iii) the capital investment on energy conservation equipment: Not Applicable

ANNEXURE A TO DIRECTORS' REPORT

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2015

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies
(Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
GTL Infrastructure Limited.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by GTL Infrastructure Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2015 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2015 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (e) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

I have also examined compliance with the applicable clauses of the following:

- (i) The Listing Agreements entered into by the Company with BSE Limited (BSE) & National Stock Exchange of India Limited (NSE);

During the period under review, the Company has complied with the relevant provisions of the Listing agreements mentioned above.

I further report that,

The Board of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act. Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the Minutes.

I further report that, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that, during the audit period, the Company has passed Special resolution in the AGM held on September 16, 2014 authorizing Board of Directors to borrow money together with the money or monies already borrowed not exceeding ₹ 25,000 Crores.

I further report that, during the audit period, the Company has passed Special resolution in the AGM held on September 16, 2014, authorizing Board of Directors to create, offer, issue & allot Equity shares and / or Equity Shares through depository receipts including American Depository Receipts (ADRs), Global Depository Receipts (GDRs) and / or Foreign Currency Convertible Bonds (FCCBs), Fully Convertible Debentures (FCDs), Partly Convertible Debentures (PCDs), Optionally Convertible Debentures (OCDs), and / or other securities convertible into Equity Shares at a later date, at the option of the Company and / or the holder(s) of such securities for an aggregate amount not exceeding ₹ 4,000 Crores.

AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE

To the Members of

GTL Infrastructure Limited

We have examined the compliance of conditions of corporate governance by GTL INFRASTRUCTURE LIMITED, for the year ended on March 31, 2015, as stipulated in Clause 49 of the Listing Agreement of the said Company with the Stock Exchanges in India.

The compliance of conditions of corporate governance is the responsibility of the management. Our examination was limited to a review of the procedures and implementation thereof adopted by the Company for ensuring compliance with the conditions of the Corporate Governance as stipulated in the said Clause. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and based on the representations made by the Directors and Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the above mentioned Listing Agreement.

We state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITORS' REPORT

To
 The Members of
 GTL INFRASTRUCTURE LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **GTL INFRASTRUCTURE LIMITED** ("the Company"), which comprise the Balance sheet as at 31st March, 2015, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Principles Generally Accepted in India (Indian GAAPs), including Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015 and its loss and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the:

- a. Note no. 29 regarding outstanding trade receivables and other current assets, which are subject to confirmation but considered good for the reasons mentioned therein.
- b. Note no. 30 regarding Scheme of Arrangement under section 391 to 394 of the Companies Act, 1956 pending for the necessary modifications and approvals and preparation of financial statements without giving any effect of this scheme and to give the effect as and when the scheme becomes effective.
- c. Note no. 31 regarding preparation of the financial statements of the Company on a going concern basis notwithstanding the fact that the Company has been incurring cash losses and its net worth has been substantially eroded as on the Balance Sheet date. These financial statements have been prepared on a

going concern basis for the reasons stated in the said note. The appropriateness of assumption of going concern is critically dependent upon the Company's ability to raise requisite finance/generate cash flows in future to meet its obligations.

- d. Note no. 22.1 regarding Managerial Remuneration, which is subject to the approval of Central Government.

Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the

Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) The going concern matter described in sub-paragraph (c) under the Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
- (f) On the basis of the written representations received from the directors as on 31st March, 2015 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements as referred to in Note No. 26 and 27 to the standalone financial statements.
 - ii. The Company does not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE TO INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date to the members of GTL Infrastructure Limited on the accounts for the year ended 31st March, 2015)

- i. In respect of its fixed assets:
 - a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b. As explained to us, the Company has physically verified certain assets, in accordance with a phased program of verification, which in our opinion is reasonable, having regard to the size of the Company and the nature of its business. No material discrepancies were noticed on such physical verification as compared with the available records.
- ii. In respect of its inventories:
 - a. As explained to us, inventories have been physically verified during the year by the management. In our opinion the frequency of verification is reasonable.
 - b. In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - c. According to the information and explanations given to us and on the basis of our examination of inventory records, we are of the opinion that the Company is maintaining proper records of inventory. Discrepancies noticed on physical verification of the inventories between the physical inventories and book records were not material, having regard to the size of the operations of the Company, and the same have been properly dealt with.
- iii. In respect of loans, secured or unsecured, granted by the Company to companies, firms or other parties covered in the register maintained under section 189 of the Act:
 - a. The Company has given advances in the nature of loan to one such party, and as per the information and explanations given to us, the above advances along with the interest are not due for repayment.
 - b. As the loan is repayable on demand, the question of overdue amount does not arise.
- iv. In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control system.
- v. According to the information and explanations given to us, the Company has not accepted any deposits from the public. Therefore, the provisions of Clause (v) of paragraph 3 of the Order are not applicable to the Company.
- vi. According to the information and explanations given to us, the Central Government has not prescribed the cost records to be maintained under sub-Section (1) of Section 148 of the Act in respect of activities carried on by the Company. Therefore the provisions of Clause (vi) of paragraph 3 of the Order are not applicable to the Company.
- vii. According to the information and explanations given to us in respect of statutory dues:
 - a. The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income tax, Sales tax, Wealth tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other statutory dues with the appropriate authorities during the year. According to the information and explanations given to us, no undisputed amounts payable in respect of such statutory dues were outstanding as at 31st March, 2015 for a period of more than six months from the date they became payable except in case of Gram Panchayat and Municipal Corporation dues of ₹ 30,607,185 and ₹ 2,734,926 respectively.
 - b. The disputed statutory dues of Income tax, Sales tax, Wealth tax, Service tax, Duty of Customs, Duty of Excise, Value added tax and Cess aggregating to ₹ 101,399,353 that have not been deposited on account of Disputed

matters pending before appropriate authorities are as under:

(*) Net of amount deposited under protest

- c. There is no delay in transferring amounts, required to be transferred, to Investor Education and protection fund in accordance with the relevant provision of the Companies Act, 1956 and rule made there-under.
- viii. The Company has accumulated losses at the end of the financial year which are more than fifty percent of its net worth. The Company has incurred cash losses during the financial year covered by the audit and in the immediately preceding financial year.
- ix. Based on our audit procedures and information and explanations given by the management, and considering the Corporate Debt Restructuring (CDR) scheme and other restructuring schemes with foreign lender and FCCB holders, we are of the opinion that as on 31st March, 2015 the Company has not defaulted in repayment of dues to financial institutions and banks, except in the repayment of the principal amount of secured rupee term loan of Rs. 146,649,026 where the period of default was less than 30 days and interest thereon of Rs. 31,807,844 where the period of default was more than 60 days .
- x. The Company has given corporate guarantees aggregating to Rs. 8,310,000,000 for loan taken by Chennai Network Infrastructure Limited (CNIL), an Associate / erstwhile subsidiary of the Company, from banks and financial institutions as at 31st March, 2015. CNIL is in the process of the amalgamation with the Company as mentioned in Note No. 30 to the standalone financial statements. The management is of the opinion that since these guarantees were given when CNIL was the subsidiary of the Company and CNIL is getting merged with the Company, the terms and conditions of the Corporate Guarantee are not prejudicial to the interest of the Company. We are, however, unable to comment on the same.
- xi. The Company has not raised any new term loans during the year under audit. To the best of our knowledge and according to the information and explanations given to us the term loans outstanding at the beginning of the year have been applied for the purposes for which they were raised.

Notes to the Financial Statements

1. SIGNIFICANT ACCOUNTING POLICIES

i. Basis of Preparation of Financial Statements:

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under the relevant provisions of the Companies Act, 2013 as adopted consistently by the Company. The financial statements have been prepared on going concern basis under the historical cost convention on accrual basis.

ii. Use of Estimate:

The preparation of financial statements in conformity with Indian GAAP requires judgements, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosures of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. The difference between the actual results and estimates are recognised in the year in which the results are known / materialised.

iii. Revenue Recognition:

- a. Revenue from Infrastructure / Equipment provisioning is recognised in accordance with the Contract / Agreement entered into. Revenues are recognised when it is earned and no significant uncertainty exists as to its ultimate collection and includes service tax, wherever applicable.
- b. Interest income is recognised on a time proportion basis. Dividend is considered when the right to receive is established.

iv. Fixed Assets:

- a. Fixed Assets are stated at cost net of eligible Cenvat and VAT less accumulated depreciation, amortisation and impairment loss, if any. All costs attributable to acquisition and/or construction, including borrowing costs upto the date asset is ready to use and exchange difference on Long Term Foreign Currency Monetary Items related to fixed assets are capitalised.
- b. The Fixed Assets at the cellular sites, which are ready to use during a particular month are capitalised on the last day of that month.
- c. Expenses incurred relating to project, prior to commencement of commercial operation, are considered as pre operative expenditure and shown under Capital Work-in-Progress.

v. Depreciation:

- a. Depreciation on Fixed Assets is provided to the extent of depreciable amount on Straight Line Method over the useful life of the assets as prescribed in schedule II to the Companies Act, 2013 except in respect of following Fixed Assets where the assessed useful life is different than those prescribed in Schedule II.

- i) Assets with lower assessed useful life

Sr.	Asset	Years
i.	Network Operation Assets	9
ii.	Air Conditioners	9
iii.	Electrical & Power Supply Equipments	9
iv.	Office Equipments	3
v.	Furniture & Fittings	5
vi.	Vehicles	5

The management believes that the useful lives as given above represent the period over which these assets are expected to be used.

- ii) The towers have been depreciated on straight line method at the rate of 2.72% per annum based on useful life of 35 years in terms of specific approval received from the Ministry of Corporate Affairs, Government of India vide Order no.45/2/2010-CL-III dated May 26, 2010 issued under Section 205(2)(d) of the Companies Act, 1956. The approval continues to be valid vide letter no.51/9/2014-CL-III dated September 19, 2014 received from Ministry of Corporate Affairs, Government of India.

Notes to the Financial Statements

- iii) In respect of Fixed Assets whose actual cost does not exceed ₹ 5,000, depreciation is provided at 100% in the year of addition.
 - b. The leasehold improvements have been depreciated over the lease period.
 - c. In respect of additions forming an integral part of existing assets and exchange difference capitalised, depreciation has been provided over residual life of the respective fixed assets.
 - d. The revised carrying amount of the assets identified as impaired have been depreciated over residual useful life of the respective assets.
- vi. **Intangible Assets:**

Intangible Assets are stated at cost of acquisition less accumulated amortisation. Software which is not an integral part of the related hardware is classified as an Intangible Asset and is amortised over three years.
- vii. **Impairment of Assets:**

The carrying amount of assets is reviewed at each Balance Sheet date, if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.
- viii. **Investments:**

Current Investments are carried at the lower of cost or quoted / fair value computed script wise. Long Term Investments are stated at cost. Provision for diminution in the value of long term investments is made only if such decline is other than temporary.
- ix. **Assignment of Recoverables:**

In case of assignment of recoverables, the amounts are derecognised when all the rights and titles in receivables are assigned. The charges paid on assignment are charged to Statement of Profit & Loss.
- x. **Inventory of Stores, Spares and Consumables:**

Inventory of stores, spares and consumables are accounted for at costs, determined on weighted average basis, or net realisable value, whichever is less.
- xi. **Foreign Currency Transactions:**
 - a. Transactions in Foreign Currencies are normally recorded at the exchange rate prevailing on the date of the transaction.
 - b. Monetary items denominated in Foreign Currency at the Balance Sheet date are restated at the exchange rates prevailing at the Balance Sheet date. In case of monetary items which are covered by forward exchange contracts, the difference between the exchange rates prevailing at the Balance Sheet date and rate on the date of the contract is recognised as exchange difference in the Statement of Profit & Loss and the premium paid on forward contracts has been recognised over the life of the contract.
 - c. Non monetary Foreign Currency items are carried at cost.
 - d. Gains or losses on account of exchange difference either on settlement or on translation are recognised in the Statement of Profit and Loss except in respect of Long Term Foreign Currency Monetary Items which, if related to acquisition of depreciable fixed assets, are adjusted to the carrying cost of the depreciable fixed assets and in other cases transferred to Foreign Currency Monetary Item Translation Difference Account and amortised over the balance period of such long term Foreign Currency Monetary items but not beyond March 31, 2020
- xii. **Employee Benefits:**
 - a. Short-term employee benefits are recognised as an expense at the undiscounted amount in the Statement of Profit & Loss of the year in which the related service is rendered.

Notes to the Financial Statements

- b. Post employment and other long term employee benefits are recognised as an expense in the Statement of Profit and Loss for the year in which the employee has rendered services. The expense is recognised at the present value of the amount payable determined using actuarial valuation techniques based on projected unit credit method. Actuarial gains and losses in respect of post employment and other long term benefits are charged to the Statement of Profit & Loss.
- c. In respect of employee's stock options, the excess of market price on the date of grant over the exercise price is recognised as deferred employee compensation expense amortised over vesting period.

xiii. Borrowing Costs:

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing cost attributable to the acquisition or construction of a qualifying asset (net of income earned on temporary deployment of funds) are capitalised as a part of the cost of such assets upto the date when such assets are ready for their intended use. All other borrowing costs are charged to Statement of Profit & Loss.

xiv. Leases:

In respect of operating leases, lease rentals are expensed with reference to the terms of lease and other considerations except for lease rentals pertaining to the period upto the asset is put to use, which are capitalised.

xv. Provision for Current and Deferred Tax:

- a. Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.
- b. Deferred tax resulting from the timing differences between taxable and accounting income is accounted for using the tax rates and laws that are enacted or substantively enacted as on the Balance Sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a virtual certainty that the assets will be realised against future taxable profits.

xvi. Provisions, Contingent Liabilities and Contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognised but are disclosed in the financial statements. Contingent Assets are neither recognised nor disclosed in the financial statements.

xvii. Financial Derivatives Hedging Transactions:

In respect of derivatives contracts, premium paid, provision for losses on restatement and gains / losses on settlement are recognised in the Statement of Profit and Loss.

xviii. Issue Expenses:

Expenses related to issue of equity and equity related instruments are adjusted against the Securities Premium Reserve Account.

xix. Premium on Redemption of Bonds/Debentures

Premium on redemption of bonds/debentures, net of tax impact, is adjusted against the Securities Premium Reserve Account.

xx. Provision for Doubtful receivables and Loans and Advances:

Provision is made in the accounts for doubtful receivables and loans and advances in cases where the management considers the debts, loans and advances, to be doubtful of recovery.

xxi. Cash & Cash Equivalents

Cash & Cash Equivalents for the purpose of Cash flow Statement comprises Cash at bank and in hand, cheques in hand, funds in transit and demand deposits with banks having maturity of less than 3 months.

Defined Benefit Plan

The employee's Gratuity Fund Scheme, which is a defined benefit plan, is managed by the Trust maintained with Life Insurance Corporation of India [LIC]. The present value of obligation is determined based on actuarial valuation using Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for compensated absences is recognised in same manner as gratuity.

Notes to the Financial Statements

Note – 25 Exceptional Items:

- (i) The telecom scenario in the Country changed drastically since the beginning of year 2012 due to cancellation of 122 2G licenses by the Hon'ble Supreme Court, slower 2G & 3G growths, failure of spectrum auctions and general economic slowdown. During this time, the Company which was mandated to support the planned deployment of 20000+ tenancies of Aircel / CNIL could not do so since Aircel was unable to honour its commitment. In the meanwhile, the Company had already placed orders on various vendors to procure tower assets and made advances against those orders. Consequently, the Company had to short close its commitment to vendors and is currently pursuing legal action against them for recovery of these advances. However, as a matter of prudence, a provision for doubtful advances of ₹ 2,087,466,114 (Previous year ₹ 600,000,000) has been made during the year ended March 31, 2015. Further, pursuant to the settlement agreement between the Company, CNIL and Aircel Group of Companies ₹ 1,500,000,000 (Previous year Nil) has been recognised as income towards final settlement during the year ended March 31, 2015. The above amounts have been shown as exceptional items.
- (ii) The Company evaluated its non current investments for the purpose of determination of potential diminution in value based on the latest available financial statements of the investee companies. Based on such evaluation, the Company has recognised a provision for diminution as on March 31, 2015 amounting to ₹ 278,302,500. The above mentioned amount has been shown as exceptional item.

Certain Legal issues outstanding against the Company relating majorly to alleged non-compliance of policies of municipal corporations, levy of taxes, cases pending for permanent injunctions, objections by local residents, disputes with site owners, where the disputed amounts are non-quantifiable and therefore contingent liability in respect of this could not be determined.

The Company has not expect any material financial effect of the above matters under litigation.

Notes to the Financial Statements

Note – 27

During the year 2008–09 the Company had imported OFC (Optical Fiber Cable) on which the Custom department issued Show Cause Notice for the demand of Custom Duty of ₹ 9,294,731. The Company deposited the whole amount under protest and subsequently the Commissioner granted the relief to the Company of ₹ 7,794,792. As against the said order of the Commissioner, the Custom department has filed an appeal with the CESTAT, Mumbai on 11th Oct 2010. The Company feels there will not be any further liability on this account.

Note – 28 Capital Commitments:

Estimated amount of contracts remaining to be executed on capital account and not provided for (Net of Advances) as at March 31, 2015 is ₹ 165,048,290 (Previous year ₹ 1,006,680,790) Cash outflow is expected on execution of such contracts on progressive basis.

Note – 29

The Company has entered into a Master Services Agreement (MSA) with respective Telecom Operators for a tenure upto 15 years. Invoices are raised on these operators for provisioning fees and recovery of pass through expenses as part of the said MSA. Retention of amounts by certain operators for the earlier periods was resultant upon different interpretations of MSA. Subject to confirmation/reconciliation of balances, Provision towards doubtful trade receivables & energy recoverable of ₹ 727,109,570 (Previous year ₹ 255,185,342) has been made during the year ended March 31, 2015 for such receivables on a prudent basis, in respect of which, the Company will continue to pursue for its recovery. The management is of the view that all the outstanding trade receivables & energy recoverables are good for recovery except for which provision has already been made.

Note – 30

The Scheme of arrangement between the Company and Chennai Network Infrastructure Limited (CNIL) under section 391 to 394 of Companies Act, 1956 was approved by the Hon'ble High Court of Judicature of Bombay but is pending for approval before Hon'ble High Court of Judicature of Madras. Consequent upon restructuring due to CDR, the above scheme is being modified, subject to the approval of all competent authorities and stakeholders

Note – 31

During the last few years, the telecom industry has been adversely affected by the general economic slowdown and various other factors such as slower growth of 3G technology; failure of spectrum auctions and inflationary costs of power & fuel. This has resulted into substantial erosion of the Company's net worth and the Company has incurred cash losses. The Company continues to take various measures such as cost optimisation, improving operating efficiency, renegotiation of contracts with customers to improve Company's operating results and cash flows. Further the management believes that new spectrum auction will result in exponential growth in 3G 4G & LTE which are expected to generate incremental cash flows to the Company. Based on the Master Services Agreement executed for passive infrastructure sharing with Reliance Jio, one of the operators with BWA spectrum preparing to launch 4G services Pan India, the Company has already commenced roll outs for it. In view of the above mentioned factors, the Company continued to prepare its Financial Statements on going concern basis.

Note – 32 Segment Reporting:

The Company is predominantly in the business of providing “Telecom Towers” on shared basis and as such there are no separate reportable segments. The Company's operations are only in India.

INSTRUCTIONS

1. This Ballot Form is provided for the benefit of Members who do not have access to remote e-voting facility, to enable them to send their assent or dissent by post, for the 12th Annual General Meeting (AGM) being held on September 23, 2015.
2. A Member can opt for only one mode of voting i.e. either through remote e-voting or by Ballot. If a Member casts votes by both modes, then voting done through e-voting shall prevail and Ballot shall be treated as invalid.
3. For detailed instructions on e-voting, please refer to the notes appended to the Notice dated May 6, 2015 of the 12th AGM.
4. The Scrutinizer will collate the votes cast at the AGM, thereafter unblock votes cast through remote e-voting system and votes received through post, to declare the final result for each of the Resolutions forming part of the Notice for AGM.

Process and manner for Members opting to vote by using the Ballot Form:

1. Please complete and sign the Ballot Form and send it so as to reach the Scrutinizer appointed by the Board of Directors of the Company, Mr. Chetan A. Joshi, Practicing Company Secretary, (C.P. No. 7744/ACS No.20829), at the Registered Office of the Company in the enclosed self addressed postage prepaid envelope. Members need not affix postal stamps since the postage will be paid by the Company. However, envelopes containing Ballots, if sent by courier or by registered post at the expense of the registered shareholders will also be accepted.
2. Members are requested not to send any other document along with the Ballot Form in the enclosed self addressed envelope as all such envelopes will be delivered to the Scrutinizer and any extraneous paper found in such envelope would be destroyed by the Scrutinizer.
3. The self-addressed postage paid envelope bears the address of the Scrutinizer appointed by the Board of Directors of the Company.
4. This Form should be signed by the Member as per the specimen signature registered with the Company / Depository Participant(s). In case of joint holding, the Form should be completed and signed by the first named Member and in his / her absence, by the next named joint holder.
5. In case the shares are held by companies, financial institutions, trusts, societies, etc. or by persons authorised under power of attorney, the Ballot Form signed in representative capacity must be accompanied by a certified true copy of the resolution of the Board of Directors of the concerned body corporate or by an attested true copy of the power of attorney authorizing such person, as the case may be, along with a specimen signature of the said authorised representative or power of attorney holder. If the same is / are already registered with the Company / Depository Participant, please quote the Registration Number beneath the signature. Where the Ballot Form has been signed by a representative of the President of India or by the Governor of a State, a certified true copy of the nomination should accompany the Ballot Form.
6. A Member neither needs to use all votes nor needs to cast all the votes in the same way. Votes should be cast in case of each resolution, either in favour or against by putting the tick (✓) mark in the column provided for assent / dissent in the Ballot.
7. The voting rights shall be reckoned on the paid up value of shares registered in the name/s of the shareholders as on the cut-off date i.e. Friday, September 18, 2015.
8. Duly completed Ballot Form should reach the Scrutinizer not later than; Tuesday, September 22, 2015 (5.00 p.m. IST). Ballot Form received after this date will be strictly treated as if the reply from the Members has not been received.
9. A Member may request for a duplicate Ballot Form, if so required. However, duly filled in and signed duplicate Form should reach the Scrutinizer not later than the date and time specified in Serial No. 8 above.
10. Unsigned, incomplete, improperly or incorrectly tick marked Ballot Forms will be rejected. A Form will also be rejected if it is received torn, defaced or mutilated to an extent which makes it difficult for the Scrutinizer to identify either the Member or as to whether the votes are in favour or against or if the signature cannot be verified.
11. The decision of the Scrutinizer on the validity of the Ballot Form and any other related matter shall be final.
12. The results declared along with the Scrutinizer's Report will be hosted on the Company's website at www.gtlinfra.com and on CDSL's website www.evotingindia.com for information of the Members, besides being communicated to BSE Limited and National Stock Exchange of India Limited, where the shares of the Company are listed.

NOTES

1. The relevant Explanatory Statement pursuant to Sections 102 of the Companies Act, 2013, is appended with the Notice for AGM annexed hereto.
2. The Company has appointed Mr. Chetan A. Joshi, Practicing Company Secretary, as Scrutinizer for conducting the Ballot voting process in a fair and transparent manner.
3. Mr. Chetan A. Joshi will hold the position of Scrutinizer from the date of posting of this notice until submission of his final report to the Chairman / the Whole-time Director.
4. The Scrutinizer will be available at the Registered Office of the Company for the purpose of ascertaining the requisite majority during the voting period. The Postal Ballot and all other documents relating to the said AGM Postal Ballot will be under his safe custody until the Chairman / the Whole-time Director considers, approves and signs the minutes of the proceedings of the meeting at which the resolutions will be deemed to have been passed, subject to receipt of requisite number of votes in favour of the resolutions.
