Management Discussion and Analysis Report

1. Industry structure and developments

Steel Industry: Current Status:

As a result of ongoing recovery in the global economic markets, global crude steel production continued to show growth in 2012-13, increasing to 1577 million tonnes (MT). India the world's fourth largest steel maker logged 5.86% growth in production in 2012-13 - the highest among major global producers. India produced 78.12 million tonnes (MT) steel during the fiscal as against 73.39 million tonnes MT in 2011-12. In case of India, steel demand is likely to grow due to monetary easing which is expected to support investment activities. In 2014, growth in steel demand is expected to further accelerate to 7.0% thanks to the reform measures aimed at narrowing the fiscal deficit, coupled with measures to improve the foreign direct investment climate.

The overall steel status is shown in the below table:

2. Opportunities and Threats

Opportunities:

Investments of around \$ 1 Trillion have been proposed in the infrastructure sector in the Twelfth Plan. During the Twelfth Plan (2012-17), an investment of approximately 250,000 Crore is envisaged for an additional capacity creation of 60 million tonnes. From 2008 to 2012, the per capita steel consumption has risen from 43 kgs to 59kgs in India & from 195.1 kgs to 216.9 kgs in the world. India consumed 74 million tonnes in 2012 and poised to consume 200 million tonnes by 2020.

India's automobile industry is expected to grow from Rs 401,500 Lacs (\$73 billion) to Rs 797,500 Lacs (\$145 billion) by 2016. This sector has grown significantly over the last decade, with sales volumes more than tripling, from 4.7 million to 14.9 million units. Total passenger car production in India is expected to increase to 9 million units & two wheeler segment to 30 million by 2020.

Threats:

The higher cost of iron ore and coal constitute a major threat to the sustainability/viability of steel sector. The availability of quality materials is another threat to the Steel Industry. Rise in transportation cost contribute to increase in cost of finished goods and raw material. Continuing decrease in price of steel and sponge iron and reduction in demand due to slump in construction and automobile sectors are major threats to the steel growth. There has been land acquisition issues throughout India and slowed clearances from statutory bodies, have considerably impacted the growth targets and slowed down the new steel capacity expansion as many projects became non starter due to above.

3. Segment-wise/product- wise performance**Direct Reduced Iron/Sponge Iron (DRI):**

The company produces DRI primarily for captive consumption. The total DRI production capacity is currently 120,000 tonnes per annum. During FY 2012-13, total production of DRI was 87,247 Tonnes.

Steel:

The company primarily produces steel billets used across a wide range of end consumer markets. The company's total steel production capacity is currently 85,000 tonnes per annum (TPA). During FY2012-13, total production of steel was 69677 tonnes. Going forward the company also expects to increase capacity utilizations across its current plants and significantly increase contribution from higher value-added steel products. The Company has been registered under clean development mechanism (CDM) in terms of article 12 of the Kyoto Protocol, with MOEF & UNFCCC.

Power:

All of the company's power requirements are met through its captive power plant located at the Lamloi, Rajgangpur facility. Power at the Lamloi, Rajgangpur facility is generated through WHRB and AFBC boiler. WHRB produces power using the waste gas from DRI manufacturing process and AFBC uses rejects from the Coal Washery to produce steam for power generation.

The company has generated 821.23 lacs units of power during the year 2012-13 as compared to 885.98 lacs units of power during the year 2011-12.

Expansion:

The company has received MOEF clearance for expansion of higher quality segment of steel making capacity and power capacity at the existing location. DRI, Coal Washery & Power Plant are in commissioning stage. SMS & Rolling Mill Project will start shortly.

Cold Rolling Mill:

The Company has established a Cold Rolling Facility, located in Chopanki [Rajasthan], which is equipped with an imported 3-Station Cold Rolling Mill and a Straightening and Cutting Machine. Plant's input is in the shape of round wire rods and output in the form of profile sections. Facility includes in-house Laboratory for complete mechanical and chemical analysis of incoming steel. Operations staff is trained in Korea for operation of the mill. Market segment being catered to is complex Auto Component Industry.

Ferrous Foundry:

To meet the future market demand of quality Iron Castings, OCL Iron & Steel Limited is setting up a State-of-the Art Casting Manufacturing Unit at Kaharani (Bhiwadi Extension) in the state of Rajasthan. Project is at advance stage of Procurement and execution. Civil construction in 14 acre land at RIICO industrial Area is in progress. The upcoming manufacturing facility will be State-of-the-Art with latest technology and machinery. Technical knowhow will come from Kunkel Wagner Germany, Inducto-Therm India Pvt Limited, Disa India Limited, Suzhou Foundry Machinery, China, Siemens, and other companies of International repute

4. Outlook

Based on a GDP growth rate of 8-9% the 12th National Steel Policy has projected the demand for steel works out to be 113.3 million tonnes by 2016-17. Therefore, it is likely that in the next five years, demand will grow at a considerably higher annual average rate of 9.1-10.3% as compared to around 8.1% growth achieved during the last two decades (1991-92 to 2010-11).

The demand for sponge iron/DRI is continuously increasing both in domestic as well as global market. It is also expected that India will continue to maintain its position as the largest DRI producing nation in the world going forward. Growth in DRI production has been partially driven by its use in EAF as an alternative to scrap which is becoming increasingly scarce.

5. Risks and concerns

Ongoing sovereign debt issues in Europe, slower than expected growth in the US and sustained inflationary pressures in Indian and other Asian markets have resulted in a deceleration in steel sales volumes over the past few months. This is primarily due to a slowdown in key end consumer sectors including infrastructure and automotive. Despite this, capacity utilizations remain high in the industry, which have led to a moderation in steel prices. The price of sponge iron is also sensitive to the demand-supply position of steel scrap in the country.

Some of the major challenges for the steel industry in India are limited availability and quality of coking coal as well as significant logistical bottlenecks in infrastructure including roads and port facilities, power and water availability. Steel firms have also historically faced delays in acquiring mineral concessions and in physical possession of land.

Banks & financial institutions have regulated this sector to a risk sector or low priority sector due to mining, land acquisition & statutory issues. Prime Minister of India has constituted Group of Ministers and Inter Ministerial Groups to address the issues in Steel Industry /Power Industry and Infrastructure Growth with associated Projects having acknowledged this problem. They are trying to address issues on priority.

Management does not perceive any major technological, environmental or financial risks for the company in the near future.

6. Internal control systems and their adequacy

The company has proper and adequate system of internal controls commensurate with its size and nature of operations to provide assurance that all assets are safeguarded, transactions are authorized, recorded and reported properly, and applicable statutes, the Code of Conduct and corporate policies are duly complied with.

The company has an internal Audit department which conducts audit in various functional areas as per Audit Programme approved by the Audit Committee of Directors. The internal Audit Department reports its findings and observations to the Audit Committee, which meets at regular intervals to review the audit issues and to follow up implementation of corrective actions.

The committee also seeks the views of statutory auditors on the adequacy of the internal control system in the company. The audit committee has majority of independent directors to maintain the objectivity.

7. Financial performance with respect to operational performance Steel Manufacturing:

During the year, the company achieved operating and other income of Rs. 34535.77 lacs compared to Rs. 34524.11 lacs in the previous year. FY 2012-13 gross profits before interest, depreciation and taxes stood at Rs. 2574.53 lacs compared to Rs. 4184.55 lacs in previous year.

During FY2012-13, total DRI production at all four kilns was 87,247 MT, compared to 105,840 MT in FY 2011-12. During the year, company produced 69,677 MT of MS billets compared to 81,888 MT in FY 2011-12. The company has taken plant shutdown for 10 days for annual maintenance. The capacity utilization of steel plant was 82% as against 96.3% in the previous year. The comparative low production was due to very low price of billets/sponge iron as well as multiple iron ore mining issues in Odisha affecting supplies & resulting in stock out of iron ore at times.

8. Human Resource and Industrial Relations

The company had 726 employees as on 31st March, 2013 which includes contractor, departmental, contractual, trainees & staff executives. Industrial relations remained cordial during the year. The company has started an empowerment programme for a section of employees as major step towards human resource development.

9. Statutory Compliance

The company secretary, as compliance officer, ensures compliances of the SEBI regulations and provisions of the listing agreement. Compliance certificates are obtained from various departments of the company and the Board is informed of the same at every Board Meeting.

10. Cautionary Statement

Statements in the Management Discussion and Analysis report describing the company's objectives, projections, estimates, expectations may be "forward-looking statements" within the meaning of applicable laws & regulations. Important factors that could make a difference to the company's operations include economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the company operates, changes in the Government regulations, tax laws and other statutes and other incidental factors.

Independent Auditor's Report

To
The Members,
OCL Iron and Steel Limited

Report on the Financial Statements

We have audited the accompanying financial statements of OCL Iron and Steel Limited as at 31st March 2013, which comprises the Balance Sheet as at March 31, 2013, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- b) in the case of Statement of Profit and Loss, of the **profit** for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") as amended issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, we report that:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

- c) the Balance Sheet, Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d) in our opinion, the Balance Sheet, Statement of Profit and Loss and the Cash Flow Statement comply with the Accounting Standards referred to in sub section (3C) of section 211 of the Companies Act, 1956;
- e) On the basis of written representations received from the directors as on March 31, 2013, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2013, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.

Significant Accounting Policies

1. Basis of Accounting

The financial statements are prepared under historical cost convention, on a going concern basis and in accordance with the applicable accounting standards prescribed in the Companies (Accounting Standards) Rules, 2006 issued by the Central Government, in consultation with the National Advisory Committee on Accounting Standards.

2. Use of Estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. Differences between actual results and estimates are recognized in the period in which they materialize.

3. Fixed Assets

- (a) Fixed Assets are stated at cost (net of cenvat) less accumulated depreciation and impairment loss, if any. The cost of assets comprise of purchase price and directly attributable cost of bringing the assets to working condition for its intended use including borrowing cost and incidental expenditure during construction incurred up to the date of commissioning.
- (b) Capital work in Progress
Capital work in progress includes cost of assets at sites, construction expenditure, interest on the funds deployed and foreign currency exchange fluctuation.

4. Depreciation/Amortization

Depreciation on plant and machinery added in Steel & Power (other than sponge Iron Plant) is provided on straight line method and depreciation on all other assets is provided on reducing balance method. Rate of depreciation adopted are as specified in Schedule XIV of the Companies Act, 1956. Depreciation on additions is calculated prorata from the month of the addition. Assets costing up to Rs. 5000/- are depreciated fully in the year of purchase/capitalization.

5. Inventories

Stock of finished and partly finished products are valued at lower of cost or net realizable value and for this purpose, cost is determined on the absorption costing method. Cost of finished goods includes excise duty. Raw Material, other inputs, stores and spares are valued at lower of cost (net of Cenvat) or net realizable value. Cost is determined on FIFO/ Weighted average basis.

6. Revenue Recognition and Accounting for Sales

- (a) Revenue from sales is recognized at the point of dispatch to the customers when risk and reward stands transferred to the customers. Sales are net of trade discount, sales tax and excise duty.
- (b) Interest income is recognized on time proportion basis

7. Treatment of Employees Benefits

The company makes regular contributions to duly constituted funds set up for Provident Fund and Family Pension Fund, which are charged to revenue. Provision to Gratuity Fund and provision for leave encashment are made on the basis of actuarial valuation.

8. Research and Development

Revenue expenses are charged off in the year in which it is incurred under the natural heads of accounts. Capital expenditure, when incurred is added to the cost of fixed assets.

9. Foreign Currency Transactions

- (a) Foreign Currency transactions are recorded at the exchange rate prevailing on the date of transaction/realization. Current assets/liabilities are restated at rates prevailing at the year end and resultant exchange difference is recognized in the profit and loss account.
- (b) Non Monetary items denominated in the foreign currency, (such as fixed assets) are valued at the exchange rate prevailing on the date of transaction.

- (c) Any gains or losses arising due to exchange differences arising on transaction or settlement are accounted for in the Profit and Loss Account.
- (e) In the case of forward exchange contracts, the premium or discount arising at the inception of such contracts, is amortized as income or expense over the life of the contract as well as exchange difference on such contracts, i.e. difference between the exchange rate at the reporting/settlement date and the exchange rate on the date of inception/last reporting date, is recognized as income/expense for the period.

10. Tax on Income

- a) Provision for taxation is made on the basis of the taxable profits computed for the current accounting period in accordance with Income Tax Act, 1961.
- b) Provision is made for deferred tax for all timing differences arising between taxable income and accounting income at currently enacted or substantially enacted tax rates. Deferred tax assets are recognized, only if there is reasonable certainty that they will be realized and are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date.

11. Provisions, contingent Liabilities and Contingent assets

Provisions involving substantial degree of estimation in measurement are recognized, when there is a present obligation as a result of past events and it is possible that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the Notes to Accounts. Contingent assets are neither recognized nor disclosed in the financial statements.

12. Impairment of Assets

An asset is treated as impaired, when the carrying cost of asset exceeds its recoverable value. An impairment loss, if any, is charged to Profit and Loss account, in the year in which an asset is identified as impaired.

Notes on Financial Statements for the Year ended 31st March, 2013

Independent Auditor's Report

To the Members of
OCL Iron and Steel Limited
Rajgangpur

Report on the Financial Statements

We have audited the accompanying Consolidated financial statements of OCL Iron and Steel Limited, which comprise the Balance Sheet as at March 31, 2013, the Statement of Profit and Loss and the Cash Flow Statement for the year ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

We report that consolidated financial statements have been prepared by the company in accordance with the requirements of Accounting Standard (AS) 21, on consolidated Financial Statements and Accounting Standard (AS) 27 on Consolidation of Financial Statements of Joint Ventures, issued by the Institute of Chartered Accountants of India, and on the basis of the separate audited financial statements of Ocl Iron and Steel Ltd and its Subsidiaries in the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- b) in the case of Statement of Consolidated Profit and Loss, of the **Loss** for the year ended on that date; and
- c) in the case of the Consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

Note : 1

Significant Accounting Policies and Notes to the Consolidated Accounts (Attached to and forming part of accounts for the Year Ended 31st March 2013)

1. ACCOUNTING POLICIES –

A. Principles of Consolidation :

- i. The consolidated Financial Statement relates to OCL Iron and Steel Ltd (the Parent Company), Oriental Iron Casting Ltd (Subsidiary) & Aron Auto Ltd (Subsidiary)
- ii. The Consolidated Financial statements have been prepared on the basis of AS-21 issued by ICAI read along with the following assumptions :
 - (a) The Financial Statement of the parent company and its subsidiary companies have been combined on a line by line basis by adding together the book value of like items of assets, liabilities, income and expenses, after fully eliminating intra-group transactions, resulting in unrealized profit or losses.
 - (b) Investments of the parent company in the subsidiaries are eliminated against respective stake of the parent company.

B. Notes to the Consolidated Financial Statements

The notes to the consolidated financial statement intended to serve as a means of informative disclosure and guide to better understanding of the financial information about the economic activities and the economic resources controlled as single economic entity. Recognizing this purpose, the company has disclosed only such notes from the individual financial statement, which fairly presents the needed disclosures. Practical consideration and lack of uniformity on account of local laws and practices made it desirable to exclude notes to account and accounting policies which in the opinion of the management could be better viewed when referred to individual financial statements. Consolidated financial statement have been prepared using uniform accounting policies for like transaction and other events in similar circumstance.

Notes on Consolidated Financial Statements for the Year ended 31st March, 2013

The previous year figures have been regrouped/reclassified, wherever necessary to conform to the current year presentation.
