Operations:

Your Company's Revenue at ₹ 14916.48 Lakhs (as against ₹ 15836.68 Lakhs in FY 2013-14), registering decrease of 6% over the previous year. Profit before depreciation, interest and taxes stood at ₹ 1096.33 Lakhs (as against ₹ 1069.58 Lakhs in FY 2013-14). Net profit attributable to the shareholders at ₹ 181.06 Lakhs as against ₹ 214.39 Lakhs in FY 2013-14. During the year textile industry has recovered from earlier years' recessionary and performed well on an average.

Exports:

The export turnover including merchant export of your company during the year was ₹ 2060.81 Lakhs (as against ₹ 1864.56 Lakhs, registering a 10% increase over the previous year. Your Company has been exporting yarn to various countries like Brazil, USA, Singapore, Argentina, Portugal and continue to explore new markets to improve performance. This trend of increase in exports expecting to continue in the coming years.

Future Outlook:

The per capita polyester consumption is found to be 2.5 kg compared to the world average of 6.8 kg. Polyester consumption also witnessed a marginal increase of 2% in the overall domestic fiber consumption stats, and was seen eating into the share of share of other man-made fibres. Being dubbed as the poor man's cloth, this trend is expected to continue with the growing population and will exponentially increase with the increase in the GDP growth. The new majoritarian government will play an incrementally crucial role in bringing back consumer confidence in the economy. We expect this increase in consumer confidence to bring about an upsurge in domestic demand. Though, it might lead to an appreciated rupee which would hurt us in the short-term, we do expect that a stable - growth oriented government, with a stable currency are going to have a positive impact on the industry as a whole. We expect the new government bringing about favorable reforms for the textile sectors. We aim to capitalize on these future reforms by having a strong liquidity position, so we can capitalize on each and every opportunity the market generates by drastically expanding and diversifying our product base as to cater a larger audience. We aim to use retained earnings, preferred stock and debt as our main source of funding for our future growth plans. Last but not the least, your company believes that the competition in the emerging markets will be met by improving our systematic efficiency, which will lead to a better cost rationalization, higher productivity, quality assurance and product differentiation.

The economy is in the stage of prosperity and the Company expects good demand for its products in domestic as well as international markets. Major markets for Indian Textile and Clothing (T & C) export are the USA and EU and they have recovered from the recession of the past years. The domestic market is also on the path of healthy growth because of the fact that few manufacturing facilities operating abroad are slowing down due to recession. The home-textiles and garment segments are reflecting sound growth both in the domestic and international

markets due to good demand of apparels. There is a substantial scope for further growth in these segments. Your Company believes that the competition in the emerging markets will be met by developing production systems based on cost efficiency, high productivity, quality assurance, etc.

Expansion Plan & Capital Expenditure:

The company aims to increase spindleage capacity by 6,048 spindles with a capital expenditure of 17 cr and plans to complete the expansion within 6 months. It plans to fund this capex by using an eclectic mix of promoter's equity, retained earnings and debt to ensure sustainable growth for the company in the future

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31-03-2015
[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies
(Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members
Suryaamba Spinning Mills Limited,
CIN : L19100TG2007PLC053831

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Suryaamba Spinning Mills Limited (hereinafter called the Company). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Suryaamba Spinning Mills Limited ("The Company") for the financial year ended on 31st March, 2015 and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit at the Registered Office, Corporate Office and Factory of the Company according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the Rules made thereunder;
- ii) The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the Rules made thereunder;
- iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act") to the extent applicable to the Company :-

MANAGEMENT DISCUSSION AND ANALYSIS

ORGANISATION - PROFILE

Suryaamba Spinning Mills Limited is one of the well-known producers of Yarn. We are basically into manufacturing of Synthetic blended yarns of Polyester/Viscose, 100% Polyester and Viscose with counts wide ranging from 20s to 45s. Currently the Company has one manufacturing unit with a capacity of 37,584 installed spindles with a production capacity of 38 MTs per day. The unit is located at Mouza-Nayakund, Near Ramtek in the state of Maharashtra which is ISO certified.

INDIAN ECONOMY

The year under review was a challenging one. In 2014-15, Indian economy grew at 7.3% (GDP at market prices). However, with decline in oil and commodity prices aiding in lower current account deficit and inflation, the Indian economy is expected to grow as per World Bank Report by 7.5 percent in 2015-16, 7.9 percent in the next fiscal and 8 percent in 2017-18. With fiscal deficit at below 4%, and current account deficit at 1.6% of GDP, India's macroeconomic fundamentals are healthy.

Indian Textiles Industry has an overwhelming presence in the economic life of the country. Apart from providing one of the basic necessities of life, the textile industry also plays a pivotal role through its contribution to industrial output, employment generation and export earnings of the country.

India, being 2nd largest textile manufacturer in the world accounts for 63% of world's market share in textiles and garments. With 50 million spindles accounting for 24% world's Spindles, India is one of the world's leading and most cost efficient producers of the spun yarn. India's textiles and clothing industry is one of the mainstays of the national economy. The textiles industry is the most labour intensive industry employing 45 million people. This sector contributes 13% of the country's export earnings. Also, 14% of industrial production and 4% of GDP evolve from textile industry. India is major exporting country as far as textile sector is concerned a not dependent on import.

In furtherance, 'Make in India' is an initiative program of the Government of India to encourage companies to manufacture their products in India was embarked by Prime Minister Sri Narendra Modi on 25 September 2014. Textile sector is one of those 25 sectors wherein high hopes to increase GDP growth and revenue is laid on. At present, the government of India allows 100% foreign direct investment (FDI) under the automatic route in the textile sector, subject to all applicable regulations and laws, to espouse the make in India program for the textile and garment industry. Investment opportunities for foreign companies and entrepreneurs are now made available across the entire value chain of synthetics, value-added and specialty fabrics, fabric processing set-ups for all kinds of natural and synthetic textiles, technical textiles, garments, and retail brands.

India is the fastest growing market and is expected to become the 3rd biggest apparel market in the world by 2025 with a total market size of around USD 500 billion as per the CII report. The domestic market is projected to go up from USD 68 billion in 2013 to USD 315 billion in 2025, and the export market is projected to grow from USD 40 billion to USD 185 billion in 2025. The segments contributing in the growth is likely to be from technical textiles and apparels. India has a potential to double its market share in global trade from 5% to 10% by 2025.

SWOT ANALYSIS:

Strengths: Our strengths are,

- ☆ Experienced management team with exposure in textile industry to run the operations.
- ☆ Good reputation in the market due to quality and timely supplies.
- ☆ Emphasis on quality of product nurtured across the company
- ☆ The business model is simple & needs minimum marketing requirement.

- ☆ India has rich resources of raw materials of textile industry. It is one of the largest production resources of fibres like polyester, silk, viscose etc.,

Weaknesses

- ☆ There is disadvantage in the form of increased power tariff, other input costs etc.

Opportunities

- ☆ Booming hosiery manufacturing sector in India, who are probable customers of the Company.
- ☆ Lucrative export market for the yarn especially 40s/ 45s count
- ☆ High demand in premium innerwear market which generally requires 40s count yarn.
- ☆ Make in India: The government's thrust on the 'Make in India' concept aids in futuristic growth in more ways than one. An experienced, enriched and technologically empowered textile sector will only emerge as an international powerhouse in the coming time.

Threats

- ☆ Tough competition from the top domestic market players of the industry.
- ☆ Threat of cheap Chinese import of yarn in Indian as well as global market.
- ☆ Raw materials constitute a significant percentage of the Company's total expenses. However, this is common for any spinning unit.
- ☆ The decline in the TUFS assistance is negative for the textile Industry.
- ☆ Firms in textiles sector are facing following problems in adding capacity due to:
 - ☆ Shortage of skilled manpower and labour related issues
 - ☆ Power Shortage
 - ☆ High cost of capital
 - ☆ Uncertainty in market conditions

- ☆ High prices of raw materials / intermediates
- ☆ Low export demand and uncertainty of economic environment
- ☆ Low domestic demand
- ☆ Competition from imports

RISKS AND CONCERNS

In 2014-15 double digit inflation has increased rapidly and touched record highs. Usually, growing inflation dampens consumer demand for household goods, including textiles and apparels. If India's inflation continues to stay at such a level, there is a risk that domestic sales would be negatively impacted. We suffer on account of poor infrastructure, high transaction cost, not so favorable labour laws, increased power tariff and fuel cost, uncertainty in the government policies, etc. Structural weaknesses need to be addressed particularly in the wake of growing threat from China and other countries.

OUTLOOK

While the cotton production in India in the year 2015-16 is expected to decline by 3 to 5% as farmers shift to alternate crops, the cotton availability in India is expected to remain comfortable and further improve from that in the year 2014-15 with stock to consumption ratio expected at 28 to 33% at the end of the year 2015-16. The improvement will be driven by higher carry forward stock from the year 2014-15 as exports had declined due to lower demand from China and expectation of limited cotton exports in the year 2015-16 as well.

Despite the decline in the production, India will remain the world's largest cotton producer.

The cotton consumption is expected to increase by 3 to 4% in the year 2015-16 on account of low cotton prices which has resulted in a significant decline in the spread between cotton and polyester stable fibre and also the expected improvement in the global economic growth, which will lead to improved demand for textile products. In the FY 2015-16,

crude oil prices are expected to remain stable at \$60-70 a barrel. Also, market demand for polyester is likely to rise by five to seven per cent as per a study. But, exports could play spoilsport this year. With markets like Brazil, Turkey and Egypt under pressure for several reasons demand for polyester yarn and fabric will be under pressure in FY 2015-16.

INTERNAL CONTROLS AND THEIR ADEQUACY

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
SURYAAMBA SPINNING MILLS LIMITED

Report on the Financial Statements :

We have audited the accompanying financial statements of SURYAAMBA SPINNING MILLS LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss and Cash Flow Statement for the year ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial Statements :

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting principles generally accepted in India, including the accounting standards specified under Section 133 of the Act, read with Rule 7 of Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility :

Our responsibility is to express an opinion on these financial statements based on our audit. We have

taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Company has in effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion :

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of the Balance Sheet, of the State of affairs of the Company as at 31st March, 2015,
- b) In the case of the Statement of Profit and Loss, of the Profit for the Year ended on that date; and
- c) In the case of Cash flow statement, of the Cash Flows for the year ended on that date.
- e) Standards specified under Section 133 of the Act, read with Rule 7 of the Companies Accounts Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.

Report on Other legal & Regulatory requirements:

1. As required by the Companies (Auditor's Report) Order, 2015, ("the order"), issued by the Central Government of India, in terms of subsection (11) of section 143 of the Companies Act, 2013, we give in Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet and Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies Accounts Rules, 2014.
- f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i) The Company does not have any pending litigations which would impact its financial position.
- ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Note 33 Significant Accounting Policies and Practices adopted by the Company are disclosed in the statement

Annexure I**Statement of Significant Accounting Policies And Practices****1 SIGNIFICANT ACCOUNTING POLICIES****1. 01 Basis of accounting and preparation of financial statements**

The financial statements of the company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP) to comply with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis under the historical cost convention. The company generally follows mercantile system of accounting and recognizes significant items of income and expenditure on accrual basis. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year unless otherwise stated.

1. 02 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

1. 03 Fixed assets

Fixed assets are carried at cost less accumulated depreciation. The cost of fixed assets includes interest on borrowings attributable to acquisition of fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Subsequent expenditure relating to fixed assets is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

1. 04 Depreciation and amortization

Depreciation on fixed Assets is calculated on a straight line basis using the rates arrived at based on the useful lives estimated by the management or as per the rates prescribed under Schedule II of companies Act 2013 which ever is higher.

1. 05 Inventories

Raw materials, Packing Materials, Stores and Spares are valued at cost net of VAT Credits ascertained on FIFO basis.

Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.

1. 06 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following recognition criteria is applied before revenue is recognized:

Annexure I

Statement of Significant Accounting Policies And Practices

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on dispatch of the goods. The company collects sales tax and value added tax (VAT) on behalf of the government and therefore, these are not economic benefits flowing to the company hence, they are excluded from revenue during the year.

Interest on bank deposits

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

1. 07 Foreign Currency Transactions

Expenses and Income are recorded at the exchange rate prevailing on the date of transaction. Assets and liabilities on the date of the balance sheet are restated at the exchange rate prevailing on the balance sheet date. Exchange rate differences arising on settlement of the transaction and on account of restatement of assets and liabilities are dealt with in Statement of Profit and Loss.

1. 08 Employee Retirement and other benefits

Employees of the company are entitled to retirement benefits of Provident Fund, Gratuity, and Leave encashment.

a) Defined Contribution Plan:

Company's contribution paid/payable during the year to Provident Fund and Labour Welfare Fund are recognized in the Profit and Loss Account.

b) Defined Benefit Plan:

i. Gratuity

Gratuity is covered under the schemes of State Bank of India Life Insurance Company and premiums for such schemes are recognized in the Profit and Loss Account.

At the reporting date, Company's liability towards gratuity is determined by independent actuarial valuation using the "Projected Unit Credit Method" which considers each period of service giving raise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Actuarial gain and losses are recognized immediately in the statement of Profit and Loss Account as income or expense.

ii. Leave Encashment

Liability on account of leave encashment has been provided on the basis of actual liability computed as at the year end.

1. 09 Taxes on income

Provision for taxation for the year is based on tax liability computed in accordance with relevant tax rates and tax laws as at the Balance Sheet date. Provision for deferred tax is made for all timing differences arising between taxable income and accounting income at the rates that have been enacted

Annexure I**Statement of Significant Accounting Policies And Practices**

or substantively enacted as at the Balance Sheet date. Deferred tax assets are recognised only if there is a reasonable certainty that they will be realised and are reviewed for the appropriateness of their respective carrying value at each Balance Sheet date.

1. 10 Provisions and Contingent liabilities

Provision is recognized when the company has legal/constructive obligation for which it is probable that cash outflow may be required and reliable estimate can be made of the amount of the obligation. Contingent Liabilities not provided for are indicated by way of a Note and will be paid/provided on crystallization of the liability.

1.11 Earnings per share (EPS):

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shares by weighted average number of equity shares outstanding during the year.

1.12 Impairment of Assets:

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generation unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date there is an indication that if previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.
