MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

a. Sugar Industry - Opportunities, Threats and Future Outlook:

Opportunities:

The long term outlook for sugar remains positive and promising on account of:

- ❖ Mandatory blending of Ethanol with petrol will boost the revenue of sugar mills and profitability.
- ❖ Growing energy consumption in India allowing the sugar industry to play a vital role.
- ❖ Environmental friendly power generated by Cogeneration Units equipped with high-pressure boilers and turbines that intelligently use the fuel to get optimum energy output.
- ❖ Expected flow of funds from Trading of Renewable Energy Certificate (REC).
- ❖ More emphasize on Bio-composting process and consequent efforts to convert organic and inorganic matter into bio-manure to ensure zero discharge from the distillery combining with press mud.
- ❖ Growing demand for bio manure, which works as the perfect soil conditioner Bio manure made from distillery and organic matter does not allow leaching of chemicals and hence can offer a solution to the problem of depletion of soil productivity.

Threats:

Sugar industry is at present confronted by the following threats:

- ❖ Dearth in availability of farm labour for harvesting, transportation, loading and unloading of sugar cane and sugar.
- ❖ The spurt in cane procurement prices is expected to remain volatile for a couple of years.
- ❖ Cyclical nature of industry and local climatic conditions over the crop affecting both the quantity and quality of cane available.
- ❖ Sugar weightage in WPI.
- ❖ Short crushing season.
- ❖ Shrinkage of sugarcane area under cultivation due to growing urbanisation and availability of many alternate cash crops.

Future Outlook:

The future outlook of sugar would depend on the following:

- ❖ Development of high breed varieties of sugarcane suitable for Indian climatic conditions and to achieve vertical growth in sugarcane productivity.
- ❖ Development of suitable sugarcane harvesting machine for Indian soil conditions and operable in fragmented land holdings.
- ❖ Swift adaptation of new cultivation method for mechanised harvesting.
- ❖ Agro-climatic conditions in major sugar-producing states.

g. RISK MANAGEMENT:

The Company has an effective risk management under which all probable risks are periodically identified, assessed and acted upon to minimize and mitigate their impact. These processes are subject to periodical review by the Management. Some of the risks identified are enumerated below:

i. Raw Material Risk:

Sugarcane being the main raw material for sugar, any disturbance in its timely availability will have a substantial impact on the operational cost. This in turn has a significant adverse effect since the market value does not factor the variable cost determined by the climatic conditions and the cane economics.

Mitigation Measure:

The Company always maintains healthy relationship with its farmers. It is one among very few companies in sugar industry paying its farmers within the stipulated time. The risk of raw material short supply is mitigated to a large extent by the goodwill and reputation for ethical dealings earned by the Company since inception. The experiments in farm mechanisation, drip irrigation, improved cane varieties, carefully monitored scheduling of cane planting and harvesting boost the confidence of the Company in mitigation of the risk.

ii. Policy Risk:

Central and State governments regulate the cane policies and they have a larger control on this industry by determining the raw material price and also influence the sugar selling price. The controls exercised by the Union and State governments over command area demarcation from time to time. Molasses movement control.

Mitigation Measure:

The Company is a member of South Indian Sugar Mills Association (SISMA) and works closely with it towards developing appropriate policy recommendations to represent the industry needs to the government. Formulation of policy on Ethanol doping, review of cogeneration policy, and review of sugar weightage in WPI are some of the issues addressed in close liaison with SISMA.

iii. Cyclicity / Commodity Risk:

The sugar price is determined by the cyclicity of the sugar business and hence it affects the profitability. Sugar being a commodity traded across the world, its price is influenced by the various factors including the normal supply and demand.

Mitigation Measure:

The Company takes the following measures, which enable the Company to insulate itself against price risk.

- ❖ More focus on value-added downstream products
- ❖ Integration of sugar with cogeneration power and alcohol.

h. CAUTIONARY NOTE:

It is explicitly stated that some of the statements in this Management Discussion and Analysis report may be "forward looking" within the meaning of applicable laws and regulations. It may so happen that the actual events or results may be different from what the Board of Directors / Management perceives in terms of the future performance and outlook due to factors having a bearing on them and which are unforeseeable.

A. CONSERVATION OF ENERGY:

Measures taken, additional proposals and impact on reduction of energy consumption:

Measures taken for reduction of Energy consumption:

1. Upgradation of Cogen DCS software from CS 1000 to CENTUM VP.
2. 50% power saving by introduction of UTP Vanadium 500 spool-welding for mill roller arcing and man-hours reduced to 60%.
3. 10 KWH Power saving by replacing belt drive coupling with direct drive high efficiency and higher capacity ID Fan at 10 TPH Boiler.
4. 2 x 2 KVA new UPS installed to avoid failure of boiler DCS and plant shut downs.
5. Installation of LED lights in place of MV and SV lamps to save 91,000 units per annum..
6. VFD was installed to A-light molasses pump motor and 10% power saving was observed.
7. Technology upgradation of DC drives to reduce down-time and maintenance cost and improve overall machinery efficiency.
8. Bore-well motor water delivery was directly connected to overhead tank instead of ground tank. 40 HP motor used in place of 75 HP motor.
9. Relocation of 33 KV incoming termination at sub-station to avoid grid interruptions.
10. Modification in the evaporator configuration – TEVC + QUINTAPLE to TEFC+CONCENTRATOR and First Vapour TEFC first effect was bleed to concentrator instead of exhaust.
11. Raw Juice heating was done in 4 stages – two stage heating from hot condensate and other two stages from bleed vapour to Evaporator.
12. Utilisation of FIRST VAPOUR for clear juice first stage heating from 95 – 112 deg.C.
13. Utilisation of first vapour at sugar melter for sugar melting in place of exhaust.
14. Utilisation of first vapour for quadruple set soda boiling instead of exhaust.
15. Utilisation of second vapour for pans body wash instead of first vapour / exhaust.
16. Utilisation of first vapour for batch and continuous pans sight glass washing instead of water.
17. 3 Nos. new and high efficiency machines replaced 6 Nos old and low efficiency centrifugal machines.
18. Use of filtrate juice at sugar dryer station – direct pumping by gravity was arranged and pump is eliminated.
19. 10 x 10 screw pump with VFD was arranged for pumping melt and hence 2 pumps of 8 x 8 pumps were avoided.
20. Diversion of pan condensate water to flash system saved 0.262 T/Hr of steam.
21. Installation of vibro screen for filtrate juice helped in achieving 88% of bagacillo removal.
22. Installation of 50W LED lights for power house lighting and godown lighting helped in reduction in power consumption.

Additional proposals for redeuction of Energy consumption:

At VUYYURU:

- ❖ Installation of LED lights in place of MV and SV lamps to reduce power consumption.
- ❖ Replacement of low efficient rewinding motors with IE3 efficiency motors in a phased manner.

- ❖ Technology upgradation of DC drives to reduce down time / maintenance cost and improvement of overall machine efficiency.
- ❖ Installation of Capacitors for improvement in power factor and reduction in losses.
- ❖ Installation of solar invertors at AGT Farm for reduction in power consumption.
- ❖ Installation of MCC at curing house for reduction of maintenance cost and losses.
- ❖ Installation of VFD to Cogen Cooling Tower water pump.
- ❖ Replacement of high efficiency mixed juice in place of low efficiency pumps in mills area.
- ❖ Installation of moisture control unit at last mill in No.1 Mill Tandem.
- ❖ On/Off controller for Cogen cooling tower fans with respect to temperature.
- ❖ To promote additional power export of 300 KWH to grid by running of electrical driven pumps in place of mechanical driven feed water pump for boilers.

At LAKSHMIPURAM:

- ❖ VFDs are to be kept for vacuum filter drums to regulate the speed according to mud level.
- ❖ Suitable size super heated wash water unit is to be provided to enable exhaust for heating wash water and thereby eliminating 7 kg/cm².
- ❖ Pan condensate is to be diverted to flash recovery system with suitable 6-lines.
- ❖ Direct contact heater to raise the inhibition water temperature by using waste heat from vent vapours.

FUTURE PLANS –**AT VUYYURU UNIT:**

- ❖ Installation of 1.2 MW TG set for distillery and ancillary units.
- ❖ Replacement of steam driven turbines by AC drive motors to reduce specific power consumption and more fuel saving.
- ❖ Replacement of transmission gears with high efficient planetary gears for mills for improved mill efficiencies and to promote more power export.

AT LAKSHMIPURAM UNIT:

- ❖ Chemical cleaning to remove foreign particles in Calandria to increase efficiency of existing bodies and steam saving.

FORM 'B' – FORM OF DISCLOSURE OF PARTICULARS WITH RESPECT TO RESEARCH AND DEVELOPMENT (R & D)

1 & 2 SPECIFIC AREA IN WHICH RESEARCH AND DEVELOPMENT IS CARRIED OUT BY THE COMPANY AND BENEFITS DERIVED THEREFROM:**Vuyyuru Unit:**

- ❖ 35 Nos. of sugar cane varieties are screened from 100 new varieties further studied in Company's own farm. Out of these varieties 8 varieties are found superior and further testing is continuing to confirm red-rot disease resistance.
- ❖ Trichogramma sp. Bio control agent for ESB and INB (biological parasite) was released in 8000 Acres of sugar cane fields. This has effectively controlled ESB and INB.
- ❖ Company had supplied 10 lakh single bud raised seedlings to growers. These seedlings were planted in 100 acres of area. For 2017-18, the Company is planning to supply 50 lakhs seedlings to cane growers.

Benefits derived:

- ❖ Two sugar cane varieties were released for commercial cane cultivation during 2017-18 planting season.
- ❖ The Bio control agent Trichogramma has effectively controlled ESB and INB in the fields. Cane growers benefitted economically by getting more yield and savings in chemical spraying cost.
- ❖ The fields planted with single bud raised seedlings have synchronized tillering as well as good cane girth. The cost of planting and seed material cost was reduced significantly.

Lakshmipuram Unit:

- ❖ Fertilizer trials with eight treatments with three replications was conducted at CDC farm. It is found that due to depleting soil fertility year after year, 150% of recommended dose of fertilizer along with bio-fertilizers and micro nutrients produced best cane yield and sugar recovery. Advocating the farmers from 2017-18 season to follow the research results.
- ❖ 22 new varieties were tested at CDC farm out of which 2008V257, 2007V127, 2009V127, VS103102, IRM3 were found suitable to this area.
- ❖ 9 new varieties were tested at Mopidevi farm out of which 2007V127, 2008V257, 2005V96, VS103102, KCP-8 were found suitable to this area.
- ❖ 8 pre-released varieties from Tirupathi were tested out of which 2006T3, 2009T5, 2010T144 were found better and further trails are under way.

RESEARCH PROJECTS IN PROGRESS:

- Varieties testing suitable to saline conditions.
- .Application of Nano growth enhancers to improve cane yield and sugar recovery.

Benefits derived:

- ❖ New varieties were identified and released for further multiplication in farmer field.
- ❖ Optimum fertilizer doses found to reduce cost of cultivation and to maintain sugar recovery. Excess and untimely fertilizer application increasing the sugarcane production cost and juice sucrose percent also decreasing.

Annexure - B to the Auditors' Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **K.C.PSUGAR AND INDUSTRIES CORPORATION LIMITED** ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Company manages Provident fund plan through a Provident Fund Trust for its employees, which is permitted under The Employees Provident Fund and Miscellaneous Provisions Act, 1952. The plan envisages contribution by the employer and employees and guarantees interest at the rate notified by the Provident Fund Authority. The contribution by employer & employee, together with interest, are payable at the time of separation from service or retirement, whichever is earlier. The benefit under this plan vests immediately on rendering of service.

The Guidance Note on implementing AS-15, Employee Benefits(revised 2005) issued by the Accounting Standard Board (ASB) states that provident fund set up by employers, which require interest shortfall to be met by the employer, need to be treated as defined benefit plan. Pending the issuance of the Guidance Note from the Actuarial Society of India, the Company's actuary has expressed inability to reliably measure the Provident fund liability. However, there is no deficit in the fund in this regard.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **THE EIMCO-K.C.P. LTD** ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may

become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **K.C.P SUGARS AGRICULTURAL RESEARCH FARMS LTD** ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may

become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. CONSOLIDATED FINANCIAL STATEMENTS

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

- Deferred tax resulting from timing differences between book and tax profits is accounted for under the liability method, at the current rate of tax.

l. IMPAIRMENT OF ASSETS

29 Purchase tax is payable at Rs.60/- per MT. on the sugarcane purchased. In this respect, the Govt. of Andhra Pradesh is used to notify the said levy for every sugar season separately. Considering the financial hardships faced by the sugarcane farmers, the Govt. of Andhra Pradesh has been directing the sugar mills to pay the said tax to the sugarcane suppliers as an 'incentive' instead of paying the same to the Govt. of Andhra Pradesh in the recent years. A notification in this respect is still awaited from the Govt. The Company is of the firm belief that the similar gesture will be extended for the current season also. The accumulated purchase tax payable on the sugarcane purchased up to 31st March, 2017 amounting to the tune of Rs.3,88,31,387/- has been classified Note No.10(f) " Other Current Liabilities :- Statutory Liabilities ".

Provident fund:

The Company manages Provident fund plan through a Provident Fund Trust for certain employees, which is permitted under The Employees Provident Fund and Miscellaneous Provisions Act, 1952. The plan envisages contribution by the employer and employees and guarantees interest at the rate notified by the Provident Fund Authority. The contribution by employer & employee, together with interest, are payable at the time of separation from service or retirement, whichever is earlier. The benefit under this plan vests immediately on rendering of service.

The Guidance Note on implementing AS-15, Employee Benefits(revised 2005) issued by the Accounting Standard Board (ASB) states that provident fund set up by employers, which require interest shortfall to be met by the employer, need to be treated as defined benefit plan. Pending the issuance of the Guidance Note from the Acturial Society of India, the Company's actuary has expressed inability to reliably measure the Provident fund liability. However, there is no deficit in the fund in this regard."
