REVIEW OF BUSINESS

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The Paper Industry in India has become more promising as the domestic market demands are rapidly increasing. Paper finds its usage in recording, storage and dissemination of information. Growth in population and literacy paved the way for increase in demand for writing and printing paper. Despite the technological revolution leading to increased computerization of operations, paper increasingly holds on to its existence and has become an essential commodity.

The widespread demand for paper products such as book, magazines, and newspapers, and so forth has further escalated the growth of this industry. Also the future of the Indian economy is indirectly linked to the future of the paper industry in India.

OUTLOOK, RISKS, CONCERNS, OPPORTUNITIES AND THREATS

With the spread of education and literacy rate, demand for paper is bound to increase and is expected to be double the present demand within ten years. These will constraint India to increase the indigenous production considerably.

The major problem faced by the paper industry is scarcity of raw materials. Most of the raw materials are imported. The cost of import of raw materials is increasing progressively. In order to survive and maintain the production, the paper mill has to pay for higher cost for raw materials. The increased cost of import will be compensated by effective cost control methods.

The company's huge potential in quality maintenance and advanced production technology will enable to overcome the present difficulties once the plant production is restarted.

The management is exploring all the possibilities for arranging funds, obtaining practical one-time settlement of bank loans and to restart the plant operation in the last quarter of the financial year 2016-17

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During the year under review, the plant operation was not fully carried out. Even though the company has been sanctioned with Corporate Debt Restructuring (CDR) package,, it was not fully implemented.

The above development has brought the efforts of the company to stand still and the company is left with no other option but to stop the operations, till a viable option to revive the operations of the company in full, is found out. The company has filed a writ petition (W.P.No.5462/2016) in Madras High Court, against the decision of CDR Cell, allowing the exit of CDR mechanism.

SERVALAKSHMI PAPER LIMITED

The management has already initiated appropriate discussions with the prospective investors and also lenders for an acceptable solution to put an end to the stalemate, but because of the complexities involved, it is consuming a little more time, than would have required in the normal circumstances.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED:

Relations between the Management and the labour were cordial throughout the year under review. Currently, the company employs 81 persons of all ranks.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of SERVALAKSHMI PAPER LIMITED ("the Company") as of 31 March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and

SERVALAKSHMI PAPER LIMITED

dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
