Forward Looking Statement

In this Annual Report, we have disclosed forward-looking statements to enable investors to comprehend our prospects and take investment decisions. This report and other statements - written and oral – that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward looking statements will be realized, although we believe we have been prudent in assumptions. The achievements of results are subject to risks, uncertainties, and even inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated, or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

12. BOARD'S RESPONSES TO OBSERVATIONS, QUALIFICATIONS AND ADVERSE REMARKS IN AUDITORS REPORT

The Statutory Auditors (Auditors) have qualified their opinion in relation to the following matters appearing in the Financial Statements for the year ended March 31, 2016. The Board's responses to the qualifications and other observations or adverse remarks made by the Auditors in their Report on the Standalone Financial Statements for the year ended March 31, 2016, Consolidated Financial Statements for the year ended March 31, 2016 and in their CARO Report on these Financial Statements are given below.

Directors' Report

The Statutory Auditors have qualified their opinion in relation to the matters specified in Notes of the financial statements for the year ended March 31, 2016 (Financial Statements). The Board's responses to the qualifications and other observations or adverse remarks are as follows.

Auditor's observations 'Qualified Opinion' of the Auditor's report to the standalone financial statements:

A. The Company has not made following provisions:

- I. Stock of slow and/non -moving of stores, raw materials, semi-finished and finished goods valued at ₹ 1,900 lacs approximately;
- II. Debts and loans/advances due from subsidiary amounting to ₹ 3,494.81 lacs and ₹ 1,420.50 respectively
- III. Debts and Loans /advances due from other parties amounting to ₹ 1,437.44 lacs and ₹ 4,749.57 lacs

B. The company has investments in subsidiaries whose net worth has been substantially eroded or is negative which has casted material uncertainty in the continuance of the business of these subsidiaries. However, the diminution in the value of investment in these subsidiaries aggregating to ₹ 1979 lacs is not provided for.

C. There are unreconciled net bank balances aggregating ₹ 492.47 lacs for a period exceeding one year which will impact the financial position. We are unable to comment on the ultimate loss which may realize on reconciliation of these balances.

We are unable to comment on ultimate loss which may arise on realization of these balances. Had the above amounts been fully provided for in the year ended March 31, 2016, the loss would have been higher by ₹ 15,473.79 Lacs with consequent impact on net worth as on that date.

Board's Response (Pointwise) to audit qualifications on standalone financial statements:

A. The company is making various products for export and domestic market. The Company has to maintain delivery on time and hence sometimes it results into longer cycles. Being a auto component Supplier, we are under obligation to keep stock as spare parts for a longer time. We are fairly compensated in price and customers are taking entire responsibility of buying the products. Accordingly the Company is of the view that no provision for slow / Non-moving stock is required.

The Company is making full efforts for recovery of debts and loans & advances. We have received commitments to get the money back or equivalent value materials from them over a period of time. We are also having postdated cheques of some of the parties. Based on the efforts and steps taken by the company, we are of the view that the said debts and loans & advances fully recoverable and no provision is required in respect thereof.

B. The management believes the diminution in the value of investment, if any that exists is only temporary and that sufficient efforts are being undertaken to revive the subsidiaries in the forceable future so as to recover the carrying value.

C. The company entered into Master Restructuring Agreement dated 28th September, 2014 with banks under the Corporate Debt Restructuring Scheme ("CDR") pursuant to which certain funds were to be released to the company. However, the said scheme hadn't been implemented by certain bankers resulting in un-reconciled balances. Accordingly, the balances pertaining to fund, non-fund based and term loans of certain banks are subject to reconciliation of such pending items. The company and the Lead Bank has appointed a special auditor to reconcile the balances of the said banks.

Directors' Report

Auditor's observations 'Qualified Opinion' of the Auditor's report to the consolidated financial statements:

- A. The group has not made following provisions
- I. Stock of slow and/non -moving of stores, raw materials, semi-finished and finished goods valued at ₹ 1,900 lacs approximately;
 - II. Debts and Loans /advances due from parties amounting to ₹ 1,437.44 lacs and ₹ 4,749.57 lacs
 - III. Loans and Advances lacs made to various parties by the following subsidiaries :

Particulars	Amount (₹ in lacs)

In respect of Innovative Technomics Private Limited, subsidiary of the Holding Company, the other auditor(s) who audited the financial statements / financial information of the subsidiaries has reported that the Company has not carried out an independent evaluation and has not accounted for any potential liability on account of gratuity payable, which constitutes a departure from the Accounting Standard 15 "Employee Benefits", referred to in section 133 of the Act, read together with rule 7 of the Companies (Accounts) Rules 2014. Since no actuarial valuation is carried out, the potential impact on the financial statements cannot be quantified

Directors' Report

- E. In respect of Arihant Auto Components Private Limited, Arihant Steel & Metal Wire Private Limited, Saicon Steels Private Limited, Seven Star Electrodes Private Limited and Sankalp Engineering and Services Private Limited, the auditors who audited the financial statements have reported that the Company's net worth has been fully/substantially eroded and the conditions indicate as existence of material uncertainty that may cast a doubt about company's ability to continue as a going concern. However, the financial statements have been prepared on a going concern basis.

Above qualification is also contained in the audit report issued on the consolidated financial statement.

Board's Response (Pointwise) to audit qualification on consolidated financial statements:

- A. The company is making various products for export and domestic market. The Company has to maintain delivery on time and hence sometimes it results into longer cycles. Being a auto component Supplier, we are under obligation to keep stock as spare parts for a longer time. We are fairly compensated in price and customers are taking entire responsibility of buying the products. Accordingly the Company is of the view that no provision for slow / Non-moving stock is required.

The Company is making full efforts for recovery of debts and loans & advances. We have received commitments to get the money back or equivalent value materials from them over a period of time. We are also having postdated cheques of some of the parties. Based on the efforts and steps taken by the company, we are of the view that the said debts and loans & advances fully recoverable and no provision is required in respect thereof.

- B. The company entered into Master Restructuring Agreement dated 28th September, 2014 with banks under the Corporate Debt Restructuring Scheme ("CDR") pursuant to which certain funds were to be released to the company. However, the said scheme hadn't been implemented by certain bankers resulting in un-reconciled balances. Accordingly, the balances pertaining to fund, non-fund based and term loans of certain banks are subject to reconciliation of such pending items. The company and the Lead Bank has appointed a special auditor to reconcile the balances of the said banks.
- C. The Company is making full efforts for recovery of debts and loans & advances. We have received commitments to get the money back or equivalent value materials from them over a period of time.
- D. The necessary provision for gratuity payable has been made in the financial statement; however the independent evaluation shall be carried out in the current financial statement.
- E. The Companies are implementing various long-term measures to improve their product offering and enhancing customer base. The Companies have undertaken a comprehensive review of its current network to maximize profitability and improve efficiency in their operations.

In view of the above, the Company's financial statements have been prepared on a going concern basis

Directors' Report

Management Discussion & Analysis

I. MACRO-ECONOMIC OVERVIEW

a) Global Economy:

The economic environment facing the steel industry continues to be challenging with China's slowdown impacting globally across a range of indicators contributing to volatility in financial markets, sluggish growth in global trade and low oil and other commodity prices.

The global steel market is suffering from insufficient investment expenditure and continued weakness in the manufacturing sector.

In 2016, while we are forecasting another year of contraction in steel demand in China, slow but steady growth in some other key regions including NAFTA and EU is expected. Growth for steel demand in all markets except China is expected in 2017.

The World Steel Association (worldsteel) released its Short Range Outlook (SRO) for 2016 and 2017. worldsteel forecasts that global steel demand will decrease by -0.8% to 1,488 Mt in 2016 following a contraction of -3.0% in 2015. In 2017, it is forecast that world steel demand will return to growth of 0.4% and will reach 1,494 Mt.

Specifically, the mechanical machinery, metal goods and other transport sectors are weakening, but the automotive sector will maintain its growth momentum supported by strong demand in many countries.

Market Size

Steel Industry:

Production grew by 4.9 per cent year-on-year to at 8 Million Tonnes (MT) in May 2016. Total steel production in the country is expected to increase by 7 per cent in 2016.

Steel industry and its associated mining and metallurgy sectors have seen a number of major investments and developments in the recent past.

The Government of India is aiming to scale up steel production in the country to 300 MT by 2025 from about 90 MT in 2015-16.

The government has launched the National Mineral Exploration Policy (NMEP), which will help to adopt comprehensive exploration of non-fuel and non-coal mineral resources that would give a major boost to the economy.

The total outlay for infrastructure in Budget 2016-17 stands at Rs 221,246 crore (US\$ 32.8 billion), which is expected to generate much needed demand for steel industry.

Huge scope for growth is offered by India's comparatively low per capita steel consumption and the expected rise in consumption due to increased infrastructure construction and the thriving automobile and railways sectors.

Note: - According to data released by the Brussels based World Steel Association

Auto Industry:

Government of India encourages foreign investment in the automobile sector and allows 100 percent FDI under the automatic route. Some of the major initiatives taken by the Government inter alia are as follows:

To make automobiles manufacturing the main driver of 'Make in India' initiative, to promote eco-friendly cars in the country i.e. CNG based vehicle, hybrid vehicle, and electric vehicle and also made mandatory of 5 percent ethanol blending in petrol.

II. INDIAN ECONOMY

India is the world's third-largest producer of crude steel (up from eighth in 2003) and is expected to become the second-largest producer by 2016. The growth in the Indian steel sector has been driven by domestic availability of raw materials such as iron ore and cost-effective labour. Consequently, the steel sector has been a major contributor to India's manufacturing output.

The Indian steel industry is very modern with state-of-the-art steel mills. It has always strived for continuous modernisation and up-gradation of older plants and higher energy efficiency levels.

Management Discussion & Analysis

Has formulated a Scheme for Faster Adoption and Manufacturing of Electric and Hybrid Vehicles in India, under the National Electric Mobility Mission 2020 to encourage the progressive induction of reliable, affordable and efficient electric and hybrid vehicles in the country.

The Indian automotive sector has the potential to generate up to US\$ 300 billion in annual revenue by 2026, create 65 million additional jobs and contribute over 12 percent to India's Gross Domestic Product, as per the Automotive Mission Plan 2016-26 prepared jointly by the Society of Indian Automobile Manufacturers (SIAM) and Government.

SIAM expects market to expand to 6 to 8 percent during FY 2016-17.

III. OPERATIONAL PERFORMANCE AND FINANCIAL REVIEW - INNOVENTIVE INDUSTRIES LTD. (IIL)

Operational Performance:

IIL is a multi-product engineering company manufacturing precision steel tubes, membrane panel strips, auto components, oil well drilling couplings, pup joints, high voltage soft starters and other steel products catering to applications in diverse sectors such as transportation, power, oil & gas and general engineering, etc.

As you all are aware company is going through many financial challenge, we will hereby provide a summary of the challenges and opportunities before your Company, against the backdrop of the current business scenario.

Thankfully, company did get some breathing space in 2014, when it successfully entered into an agreement for Corporate Debt Restructuring (CDR) with its consortium of financial lenders that provided some moratorium to interest rate payments.

The Company is putting a concerted effort to generate cash by growing the order book, squeezing operational efficiencies, pursuing all means to get money out of the legitimate claims it has made upon its clients and in monetizing non-core assets.

Your Company achieved net sales of 33,486.07 Lacs during FY 2015-16 as compared to 34,083.53 Lacs in the previous year.

The slowdown in auto industry has impacted the demand. However, your Company managed to maintain sales on the strength of its 'strategic planning'.

Your Company succeeded to keep the cost of production under check through good procurement policy and continuous cost reduction drive.

Your Company adopted following measures to reduce cost:

1. Procurement strategies for raw material and consumables.
2. Improvement projects, involvement of cross functional teams to bring cost reductions.
3. Improved operational efficiencies and cost control measures at both Plants Unit I & II.

A key to sustainability of steel industry in the next few years will be to focus on efficiency of conversion from raw materials to steel.

Post referral to CDR the company had been functioning at a low capacity with the help from creditors and advance from export customers, as the CDR package was implemented in part for want of funds from lenders as projected in the package. Sizeable part of production (tubes) at present is for Exports and auto components to meet the requirements of Bajaj Auto.

Financial Review:

The Company delivered a moderate performance in revenues; with a Loss of Rs. 174.92 crores as against a Loss of Rs. 225.16 crores in the previous year, trying to recover from the adverse events.

a. Profit and loss account

Revenue decreased from ₹ 341.96 crores in the year 2014- 15 to ₹ 335.21 crores in 2015-16 on account of lower realizable sales value after reduction in steel prices. After providing tax expense, PAT (Loss) stood at ₹ 174.97 crores for 2015-2016 as compared to PAT (Loss) of ₹ 213.48 crores for the previous financial year.

This loss was due to Working Capital constraints and higher interest costs.

Expenditure: Total operational costs were ₹ 514.02 crores in 2015-16.

b. Balance sheet

During the year, we have received a VAT refund of ₹ 25.61 Cr. in July 16 for FY15 from the Directorate of Industries, Government of Maharashtra (GoM).

Management Discussion & Analysis

IV SEGMENT WISE BUSINESS PERFORMANCE

a. PRECISION TUBE SEGMENT

In FY 15-16 revenue for this division was at ₹ 80.48 crores. We employ our patented cold pilgering process and to manufacture CEW/DOM tubes which significantly reduces cost and improves our margins for these tubes which sell in lower volumes but enjoy higher realisations.

b. AUTO COMPONENTS SEGMENT

Revenue from this segment grew for the year was at ₹ 252.55 crore versus ₹ 237.18 crore in FY15. The Company manufactures various products for this segment from its precision steel tubes, sheets and different raw materials. Bajaj Auto continues to be one of our oldest clients for this division and continues to stand by our manufacturing capabilities.

c. COLD ROLLED COILS & OTHER PRODUCTS SEGMENT

In FY16 revenue for this division was decreased at ₹ 2.18 crore in comparison to ₹ 21.55 crore in FY15. The Company and its subsidiaries manufactures Cold Rolled (CR) Coils, Cold Rolled Sheets Strips, Metal Wires, Laminates and Stampings, etc. This decrease is due to sluggish demand for these products.

V RISK AND CONCERNS

Demand for CEW/DOM tubes, Membrane Panel Strips, Coils, Cold Rolled Sheets Strips, Metal Wires and auto parts have a direct impact on the performance of your Company and any adverse market condition for these products will result into reduced capacity utilization and profitability.

Further, depreciation of Rupee vis-a-vis US dollar can lead to an increase in price of coke and in the price of crude oil, resulting in increased input costs of steel, thereby putting pressure on profitability.

Some of the key Strengths, Weaknesses, risks and uncertainties affecting the company are set forth below. Any of these risks has the potential of causing the actual operating results in future to vary materially from the current results or from anticipated future results.

Diversified Operations: A diverse range of products manufactured by IIL finds application in several sectors. The Company services customers in the power, automobiles, oil & gas, farm equipment and general engineering segments.

Process 'Engineering' Expertise: IIL has developed a proprietary 'cold pilgering' process which was granted a patent and valid for 20 years effective April 24, 2009 to manufacture CEW (Cold drawn electric welded) / DOM (drawn over mandrel) tubes. Utilisation of this process helps in significantly reducing the requirement of resources like material, labour, electricity when compared to the conventional draw bench process. Apart from savings in cost, the end product is augmented in characteristics through better surface finish, higher tensile strength and improved quality. IIL is employing its process expertise to manufacture a wider range of products.

Customer Base: The Company through its consistent delivery of quality products has built long standing relationships with a host of companies. Some of its direct & indirect clients include international companies like Shell, Saudi Aramco, Arcelor Mittal, as well as leading domestic companies like BHEL, Bajaj Auto, and Thermax to name a few.

We have availed of Government incentives which help ease the burden of capital outlay and entered into negotiations with suppliers, banks and customers to effectively manage our working capital requirements.

Your Company has a very high debt levels due to Delay in project execution on account of external reasons, hardening of interest rates and extended working capital cycle which affected the profitability.

The margins on our products vary and requires higher manufacturing complexity enjoy better margins.

WEAKNESSES

Financial Position: Your Company has a very challenging year with very high debt levels due to slowdown in infrastructural sector demand and high interest rates. Delay in project execution due to external reasons, hardening of interest rates and extended working capital cycle affected the profitability.

Capacity Utilisation: Our business being capital intensive is sensitive to a drop in capacity utilization which could put significant pressure on our breakeven point. A significant underutilization may lead to under absorption of fixed costs.

Raw Materials: Our supply contracts have clauses to pass on increase in raw materials at periodic intervals but any unforeseen or unexpected rise in the price of raw materials in a short period of time may adversely impact our operations.

Management Discussion & Analysis

OPPORTUNITIES

Research & Development: The in-house R&D setup has helped the company to develop processes, tools & technology to make its manufacturing process more efficient and broaden its product range. Further, initiatives are underway to explore improvements to manufacturing processes of synergistic products and to discover new applications for existing expertise.

Additionally, some of our newly launched products are unique (e.g. bimetallic tubes) with specific applications. There is an opportunity for us to alter the product mix to increase the share of niche, high value products which will result in an improvement in blended margins at the company level.

New Markets: IIL manufacturing capabilities are highly competitive and it aims to leverage its process expertise to exploit cost arbitrage in several markets. The company is currently focused on enhancing and expanding its global reach and distribution network to allow it to access a wider customer base by entering newer markets and regions.

VI. INTERNAL CONTROLS

The Company has a proper and adequate system of controls in order to ensure that all assets are safeguarded against loss from unauthorised use or disposal. All transactions are properly checked, verified, recorded and reported correctly.

Regular Internal Audit checks are carried out to ensure that the responsibilities are executed effectively and that proper and adequate systems are in place.

The Company has an internal audit system which is conducted by an independent firm of Chartered Accountants as well as a strong in house internal audit cell so as to cover various operations on regular basis through the year. Summarised Internal Audit Observations/ Reports are reviewed by the Audit Committee on a regular basis.

The Internal Control system aims to make sure that the business operations function efficiently, applicable laws, rules, regulations, policies of the Company are followed and the reliability of financial reporting. The Finance Department implements and monitors the internal control environment and compliance with statutory requirements.

VII. HUMAN RESOURCES

Your Company considers human resource to be an important and valuable asset for the organization and people as its most

important resource. Therefore, it constantly strives to attract and retain best "Talents" for the present and future business needs.

The Company has taken-up the following initiatives:

In order to face the future challenges effectively the Company has initiated a programme on developing a leadership and management pipeline for the Company.

As a part of identifying the future leaders, the Company through selection process selects young professionals for the Company and intensive training through internal and external faculty, to help them to acquire required skills for taking up new role in the Company.

All employees of Company are considered leaders and encouraged to take responsibility to do their best that they can while meeting business needs. Our strength lies in our human pool of resources and our success is largely dependent on them.

The Company therefore, focuses on developing its talent pool and its employee capability through increased emphasis on learning and skill upgradation job rotation, multi skilling and inter plant sharing of experiences. Critical skills identification and ramp up planning continues at the operating level.

The Company continuously reviews its policies/practices with a view to make them more contemporary and uniform in application and this is an ongoing process. To improve quality of work life, medical, transport facilities, welfare and recreational facilities have been reviewed and upgraded. All these efforts had an impact on reducing the attrition levels at our plants and offices. Cordial industrial relations prevailed across the Company and its subsidiaries during the year under review.

VIII. SAFETY, HEALTH AND ENVIRONMENT

Your Company believes in "Safety First" and is committed to provide "Safe Workplace" by addressing safety, health and environment related issues. Employees are regularly trained to update their awareness and skills. New employees are being given intensive safety induction training and are being issued with "Safety Passports" related to their work area. All the statutory requirements related to safety, health and environment are being complied with. As a proactive approach, the periodical safety audit is being conducted to identify unsafe conditions and take proper safety measures.

Management Discussion & Analysis

IX. RISK MANAGEMENT

Your Company recognizes the importance of risk management as a constituent of business strategy and a key ingredient for long-term sustainability. It strongly believes that robust processes provide a safety net for our global operations and that customers and stakeholders can be secure in the knowledge that the sustainability and continuity of its business is assured.

It has a well-structured risk mitigation framework covering key elements of its global operations. The Management periodically reviews the risk assessment procedure and risk mitigation procedures laid down by the Company.

X.CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis describing the Company's objectives, expectations, predictions and assumptions may be 'forward looking' within the meaning of applicable Securities Laws and Regulations. Actual results may differ materially from those expressed herein, important factors that could influence the Company's operations include global and domestic economic conditions affecting demand, supply, price conditions, change in Government's regulations, tax regimes and other factors such as litigation and industrial relations.

Through the Governance mechanism in the Company, the Board along with its Committees undertakes its fiduciary responsibilities to all its stakeholders by ensuring transparency and independence in its decision making.

Report On Corporate Governance

The philosophy of Corporate Governance aims at establishing and practicing good corporate governance. Company firmly believes that mission and vision can be realized only by adopting high standard of Corporate Governance. Corporate Governance is a set of systems which ensure that the affairs of the Company are being managed to maximize stakeholders' value. Independent Auditor's Report

To the Members of Innoventive Industries Limited Report on the Financial Statements

We have audited the accompanying Standalone financial statements of **Innoventive Industries Limited ("the Company")** which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss, Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information being submitted by the company pursuant to the requirement of Regulation 33 of SEBI (Listing Obligation and Disclosure requirements) Regulations, 2015.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these (Standalone) financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone financial statements

Basis for Qualified Opinion

1. Company has not provided for :

- i. *Stock of slow and/non -moving of stores, raw materials, semi-finished and finished goods valued at ₹ 1,900 Lacs approximately;*
- ii. *Debts and loans/advances due from subsidiary amounting to ₹ 3,494.81 Lacs and ₹ 1,420.50 respectively*
- iii. *Debts and Loans /advances due from other parties amounting to ₹ 1,437.44 Lacs and ₹ 4,749.57 Lacs*

2. The company has investments in subsidiaries whose net worth has been substantially eroded or is negative which has casted material uncertainty in the continuance of the business of these subsidiaries. However, the diminution in the value of investment in these subsidiaries aggregating to Rs 1979 Lacs is not provided for.

3. *There are un-reconciled net bank balances aggregating ₹ 492.47 Lacs for a period exceeding one year which will impact the financial position. We are unable to comment on the ultimate loss which may realize on reconciliation of these balances.*

We are unable to comment on ultimate loss which may arise on realization of these balances. Had the above amounts been fully provided for in the year ended March 31, 2016, the loss would have been higher by ₹ 15,473.79 Lacs with consequent impact on net worth as on that date

Emphasis of Matters

We draw attention to the following matters in the Notes to the financial statements:

We draw attention to the following matters in the Notes to the financial statements:

- a. Note 2.1 in the financial statements which indicates that the Company has accumulated losses and its net worth has been fully eroded, the Company has incurred a net loss during the current and previous year(s) aggregating to ₹ 17,497.17 Lacs and ₹ 21,348.26 Lacs respectively, the Company's current liabilities exceeded its current assets as at the balance sheet date and the company has a net worth of (₹ 34,056.41 Lacs). These conditions indicate existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. Further, the company has defaulted in interest and capital repayment to banks and financial institutions aggregating ₹ 17,968.51 Lacs. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said Note.
- b. Note 38 in the financial statements, states that the company has regrouped liabilities in excess of one year in other current liabilities instead of trade payables for reasons as detailed in the note. However, there is no financial impact of the same.

Our opinion is not modified in respect of these matters.

The statement includes the results for the quarter ended March 31, 2016 being the balancing figure between the audited figures in respect of the full financial year and the reviewed year to date figures up to the third quarter of the current financial period

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matter described in the Basis for Qualified Opinion paragraph*, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a. In case of Balance Sheet, of the state of affairs of the Company as on 31st March, 2016;
- b. in case of the Statement of Profit and Loss, of the loss for the year ended on that date; and
- c. In case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account
 - d. Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, in our

opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.

- e. The going concern matter described in the Emphasis of Matters paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
- f. On the basis of written representations received from the directors as on March 31, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- g. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”.
- h. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The legal cases pending against the company are disclosed in Note 27 as on March 31, 2016. However, it may not materially impact its financial position
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

“Annexure A” to the Independent Auditors’ Report

Referred to in paragraph 1 under the heading ‘Report on Other Legal & Regulatory Requirement’ of our report of even date to the financial statements of the Company for the year ended March 31, 2016:

- 1) (a) *The Company is in the process of updating the fixed asset register to show full particulars, including quantitative details and situation of fixed assets. The company has engaged an independent expert for the process.*

(b) The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.

(c) The title deeds of immovable properties are held in the name of the company.
- 2) a) The management has conducted the physical verification of inventory at reasonable intervals.

b) *The discrepancies noticed on physical verification of the inventory as compared to books records which has been properly dealt with in the books of account, the impact on which is disclosed in basis of qualified opinion stated above.*
- 3) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act during the year. However, the loans already granted to subsidiaries and outstanding as on March 31,2016 is as follows:

Name of Subsidiary	Amount (₹ in Lacs)
Saicon Steels Private Limited	1420.50

- a) The said loans are prejudicial to the interest of the companies as no interest is being recovered from the subsidiaries
 - b) The schedule of interest and principal repayments have not been stipulated in the resolution for the grant of such loan
 - c) The entire amount is overdue and ascertained to be irrecoverable as mentioned in the basis of qualification paragraph stated above
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 In respect of loans, investments, guarantees, and security.
 - 5) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
 - 6) We have broadly reviewed the books of accounts maintained by the Company in respect of products where pursuant to the rules made by the Central Government of India, the maintenance of cost records has been prescribed under specified under section 148(1) of the Act and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We, however, have not made a detailed examination of the records with a view to determine whether they are accurate or complete.
 - 7) a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been irregular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, following undisputed amounts payable in respect of the above were in arrears as at March 31, 2016 for a period of more than six months from the date on when they become payable.

Particulars	Amount (₹ in Lacs)
Tax Deducted at Source	30.08
Service Tax	67.86
Employee State Insurance Corporation	0.08

- b) According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.
- 8) Based on the audit procedures and the information and explanations given by the management, we are of the opinion that the company has defaulted in repayment of dues to various banks and financial institutions. The details are as follows :
- a. Overdue installments on term loans including interest and overdue interest on cash credit facilities as on March 31,2016 aggregating ₹ 15,015.64 Lacs ranging from 1 days to 336 days
- The above defaults exclude defaults from one of the lenders which was not a part of Credit Restructuring scheme sanctioned. ₹ 2,952.87 Lacs was outstanding as on March 31,2016 pertaining to the same
- Bank wise defaults and outstanding has been detailed in Note 34 to the financial statements.
- 9) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable to the Company and hence not commented upon.
- 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.
- 11) Based upon the audit procedures performed and the information and explanations given by the management, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act;
- 12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14) Based upon the audit procedures performed and the information and explanations given by the management, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company and hence not commented upon.
- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

“Annexure B” to the Independent Auditor’s Report of even date on the Standalone Financial Statements of Innoventive Industries Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Innoventive Industries Limited (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance

Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based our audit, the following material weaknesses have been identified in the operating effectiveness of the Company's internal financial controls over financial reporting as at March 31, 2016

- The Company did not have an appropriate internal control system for identification and valuation of slow and non-moving stocks. These could potentially result in material misstatements in the Company's consumption, inventory and expense account balances.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2016 financial statements of the Company, and these material weakness have affected our opinion on the financial statements of the Company we have issued a qualified opinion on the financial statements.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

1. Nature of business

Innoventive Industries Limited (the Company) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The company manufactures precision steel tubes, membrane panel strips, auto components and other steel products catering to industries in automobiles, boilers and heat exchangers, energy, oil & gas, farm equipment & general engineering etc. The Company caters to both domestic and international markets.

2. Significant accounting policies

2.1 Basis of preparation of financial statements

The financial statements of the Company have been prepared and presented in accordance with Indian Generally Accepted Accounting Principles (Indian GAAP) under the historical cost convention on the accrual basis. Indian GAAP comprises accounting standards notified by the Central Government of India under section 133 of the Companies Act, 2013, read with rule 7 of Companies (Account) Rules 2014, other pronouncements of Institute of Chartered Accountants of India, the provisions of Companies Act, 2013 and guidelines issued by Securities and Exchange Board of India.

The Company has prepared these financial statements as per the format prescribed in Schedule III to The Companies Act, 2013.

The Company's operating results continue to be materially affected by various factors, particularly high interest cost, pricing pressures from competition and general economic slowdown. The Company has incurred a net loss of Rs. 17,497.17 Lacs during the year ended March 31, 2016, and as of that date, the Company's total liabilities exceeded its total assets by Rs. 34,056.41 Lacs.

The Company is implementing various long-term measures to improve its product offering and enhancing customer base. The Company has undertaken a comprehensive review of its current network to maximize profitability and improve efficiency in its operations. The Company is also implementing various measures to optimize plant utilization, improving operational efficiencies, renegotiation of contracts and other cost control measures to improve the Company's operating results and cash flows.

The promoters continue to be committed to providing the required operational and financial support to Company in the foreseeable future. During the year, the Promoters have further infused Rs 384.16 lacs by way of promoter's contribution. The total promoter contribution as on March 31, 2016 aggregates Rs 2,903.22 lacs.

The release of the short term working capital funds by the bankers as per their commitments to the terms of the Corporate Debt Restructuring scheme will significantly improve the company's cash flow position.

In view of the foregoing, the Company's financial statements have been prepared on a going concern basis whereby the realization of assets and discharge of liabilities are expected to occur in the normal course of business.

2.2 Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

2.3 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year and are recorded inclusive of incentives received from State Government, excise duty, net of trade discounts, rebates, price adjustments, rejections and shortage in transit.

Dividends are recorded when the right to receive is established.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

Export benefits are accrued when it is reasonably certain that those will get realised.

2.4 Tangible assets

Tangible assets are stated at historical cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable costs of bringing the asset to its working condition for the intended use. Trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of tangible asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing tangible assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

2.5 Capitalisation of foreign exchange

In accordance with MCA notification on Accounting Standard (AS 11), in respect of long term foreign currency loan taken for acquisition of assets, the exchange difference arising on reporting of said loan is adjusted to the cost of the assets, which was earlier been recognised as income or expense in the statement of Profit and Loss.

2.6 Depreciation

Depreciation on tangible assets, which has been depreciated over estimated useful life, is provided on the straight line method, pro-rata to the period of use. The rates of depreciation prescribed in Schedule II to the Companies Act, 2013 have been adopted by the Company, which in view of the management reflect the useful lives of related fixed assets except in case of one vehicle where the management estimates its useful life as 7 years.

Capital work-in-progress includes the cost of fixed assets that are not ready for intended use as at the Balance Sheet date.

Building and other constructions on leasehold land are depreciated over the lease term or the useful life, whichever is shorter.

Pursuant to Companies Act 2013 (the Act) becoming effective from April 1, 2014, the Company has re-worked depreciation with reference to the estimated useful lives of fixed assets prescribed under Schedule II to the Act or as per technical evaluation and componentization.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

2.7 Intangible assets and amortisation

Intangible assets are recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured.

Acquired intangible assets consisting of technical know-how, patents and software, are recorded at acquisition cost and amortised on straight-line basis based on the following useful lives.

Pursuant to Companies Act 2013 (the Act) becoming effective from April 1, 2014, the Company has re-worked amortisations with reference to the estimated useful lives of intangible assets prescribed under Schedule II to the Act or as per technical evaluation and componentization.

2.8 Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

2.9 Impairment of tangible and intangible assets

The carrying amounts of the Company's assets including intangible assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any such indications exist, the assets recoverable amount is estimated, as the higher of the net selling price and the value in use. An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. If at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reinstated at the recoverable amount subject to a maximum of depreciable historical cost.

2.10 Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

2.11 Inventories

Raw materials, components, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on a weighted average basis.

Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty and is determined on a weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

2.12 Foreign currency transactions

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

The premium or discount arising at the inception of forward exchange contract is amortized and recognized as an expense/income over the life of the contract. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognized as income or as expense for the period.

2.13 Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight line basis over the lease term.

2.14 Employee benefits

a) Contribution to Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The company has no obligation, other than the contribution payable to the provident fund.

b) Gratuity

The company has gratuity as a defined benefit liability. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each year-end. Actuarial valuation is carried out using the projected unit credit method. Actuarial gains and losses for defined benefit plan is recognized in full in the period in which they occur in the statement of profit and loss.

c) Leave encashment

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

2.15 Income taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

2.16 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.17 Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

2.18 Government Grants and Subsidies

Revenue grants and subsidies from the government are recognized when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Financial Statements for the period ended on March 31st, 2016
(All Amounts are in INR Lacs Unless otherwise stated specifically)

2.19 Identification of segments

The company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

- i. The nature of the products,
- ii. The related risk and returns, and
- iii. The internal financial reporting systems.

The analysis of geographical segments is based on the areas in which major operating divisions of the company operate.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

2.20 Provisions:

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

2.21 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

Independent Auditors' Report on Consolidated Financial Statements

To the Members of Innoventive Industries Limited Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Innoventive Industries Limited ("the Holding Company") and its subsidiaries (collectively referred to as "the Company" or "the Group"), comprising of the consolidated balance sheet as at 31 March 2016, the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the preparation of the consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013 (hereinafter referred to as "the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014. The Board of Directors of the Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Basis of Qualified Opinion

1. The group has not made following provisions

- i. Stock of slow and/non -moving of stores, raw materials, semi-finished and finished goods valued at ₹ 1,900 lacs approximately;*
- ii. Debts and Loans /advances due from parties amounting to ₹ 1,437.44 lacs and ₹ 4,749.57 lacs*

iii. Loans and Advances lacs made to various parties by the following subsidiaries :

Particulars	Amount (₹ in lacs)
Sevenstar Electrodes Private Limited	983.03
Innovative Technomics Private Limited	160.00
Arihant Steel & Metal Wire Private Limited	48.13
Total	1191.16

2. There are unreconciled net bank balances aggregating ₹ 492.47 lacs for a period exceeding one year which will impact the financial position. We are unable to comment on the ultimate loss which may realize on reconciliation of these balances.
3. In respect of the subsidiaries of the Holding Company, the other auditor(s) who audited the financial statements / financial information of the subsidiaries has reported for non-provisioning of loans and advances. The details whereof are as follows:

Name of Subsidiary	Amount (₹ in Lacs)
Arihant Auto Components Private Limited	164.80
Arihant Steel & Metal Wire Private Limited	75.70
Total	240.50

We are unable to comment on ultimate loss which may arise on realization of these balances. Had the above amounts been fully provided for in the year ended March 31, 2016, the loss would have been higher by ₹ 10,011.14 lacs with consequent impact on net worth as on that date

In respect of Innovative Technomics Private Limited, subsidiary of the Holding Company, the other auditor(s) who audited the financial statements / financial information of the subsidiaries has reported that the Company has not carried out an independent evaluation and has not accounted for any potential liability on account of gratuity payable, which constitutes a departure from the Accounting Standard 15 "Employee Benefits", referred to in section 133 of the Act, read together with rule 7 of the Companies (Accounts) Rules 2014. Since no actuarial valuation is carried out, the potential impact on the financial statements cannot be quantified

4. In respect of Arihant Auto Components Private Limited, Arihant Steel & Metal Wire Private Limited, Saicon Steels Private Limited, Seven Star Electrodes Private Limited and Sankalp Engineering and Services Private Limited, the auditors who audited the financial statements have reported that the Company's net worth has been fully/substantially eroded and the conditions indicate as existence of material uncertainty that may cast a doubt about company's ability to continue as a going concern. However, the financial statements have been prepared on a going concern basis.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, and their consolidated profit/loss and their consolidated cash flows for the year ended on that date.

- (a) in the case of the consolidated Balance Sheet, of the state of affairs of the Company as at March 31, 2016;
- (b) in the case of the consolidated statement of Profit and Loss, of the loss for the year ended on that date; and
- (c) in the case of the consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

Other Matters

We did not audit the financial statements of 7 direct subsidiaries included in the consolidated financials, whose consolidated financial statements reflect total assets of ₹ 24,022.91 lacs as at March 31, 2016 ; as well as the total revenue of ₹ 15,202.05 lacs for the year ended March 31, 2016 The financial information have been audited by other auditors whose report(s) have been furnished to us, and our opinion on the consolidated financial statements, to the extent they have been derived from such financial information is based solely on the report of such other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by sub-section 3 of Section 143 of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c. The consolidated balance sheet, the consolidated statement of profit and loss, and the consolidated cash flow statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the directors of the Holding Company as on 31 March 2016 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditors of its subsidiary companies incorporated in India, none of the Directors of the Group companies incorporated in India is disqualified as on 31 March 2016 from being appointed as a Director of that company in terms of sub-section 2 of Section 164 of the Act.
 - f. The going concern matter described in the basis of qualification paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
 - g. With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure A"; and
 - h. with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The legal cases pending against the company are disclosed in Note 27 as on March 31, 2016. However, it may not materially impact its financial position;
 - b. The company doesn't have any long term contracts. Accordingly, provisions for any material foreseeable losses is not required; and
 - c. There are no amounts which are required to be transferred to the Investor Education and Protection Fund.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting of Innoventive Industries Limited ("the Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

Qualified Opinion

According to the information and explanations given to us and based our audit, the following material weaknesses have been identified in the operating effectiveness of the holding Company's internal financial controls over financial reporting as at March 31, 2016

1. The Company did not have an appropriate internal control system for identification and valuation of slow and non-moving stocks. These could potentially result in material misstatements in the Company's consumption, inventory and expense account balances.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2016 consolidated financial statements of the Company, and these material weakness have affected our opinion on the consolidated financial statements of the Company we have issued a qualified opinion on the consolidated financial statements.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 6 direct subsidiaries, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Consolidated Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

1. Nature of business

Innoventive Industries Limited ('IIL' or 'the Company') is a public company domiciled in India and incorporated under the provisions of the Companies Act, 2013 ('the Act'). The company manufactures precision steel tubes, membrane panel strips, auto components and other steel products catering to industries in automobiles, boilers and heat exchangers, energy, oil & gas, farm equipment & general engineering etc. The Company caters to both domestic and international markets.

2. Significant accounting policies

2.1 Basis of preparation of financial statements

The consolidated financial statements comprise the financial statements of Innoventive Industries Limited ('IIL' or 'the Company') and its subsidiaries, (together referred to as 'Innoventive' or 'the Group'). The consolidated financial statements have been prepared and presented in accordance with Indian Generally Accepted Accounting Principles (Indian GAAP) under the historical cost convention on the accrual basis. Indian GAAP comprises accounting standards notified by the Central Government of India under section 133 of the Companies Act, 2013, read with rule 7 of Companies (Account) Rules 2014, other pronouncements of Institute of Chartered Accountants of India, the provisions of Companies Act, 2013 and guidelines issued by Securities and Exchange Board of India.

The Company has prepared these financial statements as per the format prescribed in Schedule III to The Companies Act, 2013.

2.2 Principles of consolidation

- A. The Consolidated Financial Statements are based on the audited Financial Statements of the Subsidiaries and are prepared in accordance with Accounting Standard 21 – 'Consolidated Financial Statements' as notified by the Rules.
- B. The Financial Statements of the Holding Company and its Subsidiaries have been combined on a line-by-line basis by adding together the like items of assets, liabilities, income and expenses, after eliminating intra group balances and intra group transactions. The unrealised profits or losses resulting from the intra group transactions have been eliminated.
- C. The Consolidated Financial Statements have been prepared using uniform accounting policies for the transactions and events in similar circumstances and are presented, to the extent possible, in the same manner as the Company's standalone financial statements.
- D. Following subsidiaries are included in consolidation:

Name of the subsidiary	Relationship	2015-2016	2014-2015
Sankalp Forgings Private Limited	Subsidiary	51%	51%
Saicon Steels Private Limited	Subsidiary	51%	51%
Sevenstar Electrodes Private Limited	Subsidiary	100%	100%
Arihant Steel & Metal Wires Private Limited	Subsidiary	100%	100%
Innoventive Americas, INC.	Subsidiary	100%	100%
Innoventive Industries UK Limited	Subsidiary	100%	100%
Innovative Technomics Private Limited	Subsidiary	100%	100%

2.3 Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Consolidated Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

2.4 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year and are recorded inclusive of incentives received from State Government, excise duty, net of trade discounts, rebates, price adjustments, rejections and shortage in transit.

Dividends are recorded when the right to receive is established.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

Export benefits are accrued when it is reasonably certain that those will get realised.

2.5 Tangible assets

Tangible assets are stated at historical cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable costs of bringing the asset to its working condition for the intended use. Trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of tangible asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing tangible assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

2.6 Capitalisation of foreign exchange

In accordance with MCA notification on Accounting Standard (AS 11), in respect of long term foreign currency loan taken for acquisition of assets, the exchange difference arising on reporting of said loan is adjusted to the cost of the assets, which was earlier been recognised as income or expense in the statement of Profit and Loss.

2.7 Depreciation

Depreciation on tangible assets, which has been depreciated over estimated useful life, is provided on the straight line method, pro-rata to the period of use. The rates of depreciation prescribed in Schedule II to the Companies Act, 2013 have been adopted by the Company, which in view of the management reflect the useful lives of related fixed assets except in case of one vehicle where the management estimates its useful life as 7 years.

Capital work-in-progress includes the cost of fixed assets that are not ready for intended use as at the Balance Sheet date.

Building and other constructions on leasehold land are depreciated over the lease term or the useful life, whichever is shorter.

Pursuant to Companies Act 2013 (the Act) becoming effective from April 1, 2014, the Company has re-worked depreciation with reference to the estimated useful lives of fixed assets prescribed under Schedule II to the Act or as per technical evaluation and componentization.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Consolidated Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

2.8 Intangible assets and amortisation

Intangible assets are recognised when the asset is identifiable, is within the control of the Group, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured.

Intangible assets consisting of technical know-how, patents and software, are recorded at acquisition cost.

Pursuant to Companies Act 2013 (the Act) becoming effective from April 1, 2014, the Company has re-worked amortisations with reference to the estimated useful lives of intangible assets prescribed under Schedule II to the Act or as per technical evaluation and componentization.

2.9 Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

2.10 Impairment of tangible and intangible assets

The carrying amounts of the Group's assets including intangible assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any such indications exist, the assets recoverable amount is estimated, as the higher of the net selling price and the value in use. An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. If at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reinstated at the recoverable amount subject to a maximum of depreciable historical cost.

2.11 Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

2.12 Inventories

Raw materials, components, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on a weighted average basis.

Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty and is determined on a weighted average basis.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Consolidated Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.13 Foreign currency transactions

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

The premium or discount arising at the inception of forward exchange contract is amortized and recognized as an expense/income over the life of the contract. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognized as income or as expense for the period.

2.14 Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight line basis over the lease term.

2.15 Employee benefits

a) Contribution to Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The company has no obligation, other than the contribution payable to the provident fund.

b) Gratuity

The company has gratuity as a defined benefit liability. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each year-end. Actuarial valuation is carried out using the projected unit credit method. Actuarial gains and losses for defined benefit plan is recognized in full in the period in which they occur in the statement of profit and loss.

c) Leave encashment

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Consolidated Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

2.16 Income taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

2.17 Earnings per share

Basic earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

INNOVENTIVE INDUSTRIES LIMITED

Notes to Consolidated Financial Statements for the period ended on March 31st, 2016

(All Amounts are in INR Lacs Unless otherwise stated specifically)

2.18 Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

2.19 Government Grants and Subsidies

Revenue grants and subsidies from the government are recognized when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with.

2.20 Identification of segments

The company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

- i. The nature of the products,
- ii. The related risk and returns, and
- iii. The internal financial reporting systems.

The analysis of geographical segments is based on the areas in which major operating divisions of the company operate.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

2.21 Provisions:

A provision is recognised when the Company has present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date.

2.22 Contingent liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in the financial statements.
