votes cast in favour or against, if any, forthwith to the Chairman. The Results declared alongwith the Scrutinizer's Report shall be placed on the Company's/ CDSL's website within two (2) days of passing of the resolutions at the AGM of the Company and shall be communicated to BSE Limited and NSEIL.

20. The present Authorised Share Capital of the Company is Rs. 20,00,00,000/- (Rupees Twenty Crores Only) divided into 2,00,00,000 equity shares of Rs. 10/- each. As the company is proposing to issue bonus shares, it is necessary to increase the Authorised Share Capital of the company to Rs. 25,00,00,000 (Rupees Twenty Five Crores Only.) divided into 2,50,00,000 equity shares of Rs. 10/- each. The proposed increase of the authorised capital requires the approval of members of the company.

Consequent upon the increase in the Authorised Share capital, Memorandum of Association of the company will also require alteration so as to reflect the increase in share capital.

The Board of Directors recommend passing the resolution as Special Resolution. None of the Directors of the Company are in any way concerned or interested in the resolutions.

A copy of the Memorandum of Association together with a copy of the Memorandum of Association reflecting the proposed amendments is available for inspection by the members of the company at its Registered Office between 11.00 AM and 1.00 PM on any working day (except Saturday & Bank Holidays) of the company.

21. Within the guidelines prescribed by Securities and Exchange Board of India (SEBI), for capitalisation of reserves and in order to bring the paid up capital of the Company more in line with the capital employed, the Board of Directors at its meeting held on 11<sup>th</sup> August 2014 recommended an issue of Bonus Shares in the proportion of 1(one) new Equity Share of the Company of Rs.10/- each for every 2 (two) existing Equity Share of the Company of Rs.10/- each held by the Members on a date to be fixed by the Board, by capitalizing a part of the Securities Premium Account and part from General Reserve Account.

As it is necessary for the members to approve the issue of Bonus Shares and it is also necessary to authorize the Board of Directors of the Company to complete all the regulatory formalities in connection with the issue of Bonus Shares that may be prescribed by SEBI, the Stock Exchanges on which the Company's securities are listed and / or any other regulatory authority.

None of the Directors of the Company are concerned or interested in the above resolution.

Every year 5<sup>th</sup> June is observed as the World Environment Day around the world and is of immense importance for the Lypsa Group. In the year 2013-14, one specific area was related to our work. Sustainability is a complex concept incorporating a wide range of social, environmental and economic issues. We recognize the holistic nature of a sustainable approach. As such, this commitment is as much about our Trading and

Manufacturing of diamonds and business operations as it is about our people, the communities where we work, our suppliers and partners and the clients we work with. This is our commitment to manage our activities, business processes and supply chain safely and in ways that minimize adverse environmental and social impacts.

This is a commitment to safeguard the health and safety of our employees and neighbors', to support the local economy and to treat our staff fairly. It is about creating wealth for all our stakeholders, embracing diversity, minimizing resource consumption and reducing our greenhouse gas emissions.

However, we recognise that we will have to be innovative and draw on our key strength - our motivated staff - in order to deliver the lasting positive outcomes that are at the core of our commitment to sustainability.

## MANAGEMENT DISCUSSION AND ANALYSIS

### ANNEXURE "A" TO DIRECTORS' REPORT

#### Overview:

The purpose of this discussion is to provide an understanding of LYPSA GEMS & JEWELLERY LTD's financial results and business performance by focusing on changes in certain key measures from year to year. This Report includes discussion on the following matters within the limits set by the Company's competitive position:

Diamonds, which for centuries have symbolized love and eternity, are found in some of the world's oldest pieces of jewelry. De Beers drew on that ancient symbolic legacy to make diamond engagement rings a token of romance and lifelong commitment—captured in the memorable catchphrase "a diamond is forever"—and in the process created the modern diamond industry.

#### Indian Overview:

<http://www.ibef.org/industry/gems-jewellery-india.aspx>

Driven by an array of cultural, social and demographic aspects, the jewellery industry is one of the fastest growing industries in India. It propels India's foreign exchange earnings forming about 14% of total exports. The gems and jewellery industry contribution to India's foreign exchange treasury stands at USD 2,132.82 million in 2012-13, a growth of 154% over the last financial year (Source: Gems and Jewellery Export Promotion Council). The industry provides employment to around 3.40 million workers. The market size is estimated to grow at a CAGR of 12-15% to reach Rs 3,000 billion by 2013-14.

Escalating inflation, Reserve Bank of India's (RBI) stern outlook on interest rates and high fiscal deficit played spoilsport. Government has taken several reforms to tackle the deteriorating scenario. Such initiatives include Foreign Direct Investment (FDI) in retail sector, sugar decontrol, petrol and diesel price hikes and others. RBI has also changed its policy with repo rate being reduced thrice and cash reserve ratio once till June, 2013. These measures are likely to revive the economy from the dark shadows of economic slowdown.

#### Industrial Structure and Development:

The consumption of gold and jewellery products grew 10-15% per annum over the years; the Indian market is estimated at US\$ 30 billion. India boasts of a very competitive gems and jewellery market because of its low production cost, skilled artisans, government incentives and establishment of special economic zones (SEZs). India and China are expected to account for 30% of the global diamond market by 2015. India's gems and jewellery sector is expected to grow at a CAGR of around 16.26 % between 2011- 12 and 2016-17 on account of increasing government efforts and incentives coupled with private sector initiatives (Source: Ministry of Commerce & Industry). The shipment of gems and jewellery makes up about 14% of India's total exports, and the sector employs about 3.4 million workers, with the Middle East taking most of the market (Source: Indian Brand Equity Foundation-IBEF). The overall demand of gold in the country was 986.3 tones in 2011, which dipped by 12% in 2012 to 864.2 tones mainly on account of higher import duties, jeweller's strike over proposed measures to curb imports and a sharp

rise in the domestic prices (Source: The Economic Times) . Imports declined by 21.125% in 2012. Imports in India touched 800 tones compared to 969 tones a year earlier.

### **The Global Economy and the Diamond Industry**

The financial year 2013-14 saw various challenges emanating from the Eurozone crisis, the US fiscal cliff and slowdown in the emerging economies. The economic activities remained subdued with diverging growth trajectories across different economies. However, there have been signs of revival with the economic indicators gaining traction in the US and improving customer sentiments in Euro zone. Emerging economies are also showing resilience. Amid adversities, China witnessed GDP growth of around 7.50% for two consecutive quarters of 2013. With the commitment of the governments of various countries to long-term growth, things are likely to improve going ahead.

The global economy has not had a bumper year. The extent to which growth in emerging markets can compensate for weaknesses in mature ones has diminished with each crisis. The Euro-zone catastrophe has spread across European borders, along with resulting concerns about its global impact. Similarly, trends in the U.S. have done little to spur confidence. U.S. is teetering on another recession as job growth fails to materialize; government spending remains high and the last round of quantitative easing did little to stimulate growth. Output in the Euro zone continues to slump as the debt crisis just won't go away.

These results have impacted growth projections in important emerging economies such as China. The World Bank revised its forecast for the Chinese economy predicting growth of 9.3 percent in 2011 and 8.7 percent in 2012. Growth is still strong in developing East Asia, but continues to moderate mainly due to weakening external demand. Increasingly, China is expected to strengthen its own domestic consumption to compensate for a slowdown in exports to the U.S. and Europe.

More relevant now is the impact that a global economic slowdown may have on the diamond industry. By most measures, growth in the trade outpaced that of other sectors and the general economy in 2011, driven by the strong trading in the first half of the year and despite weak consumer confidence. The diamond industry is enjoying a period of rising customers due to the increasing emergence of markets in India and China.

However, in the current economic environment, the fact is that in the diamond market a lower volume of goods is being traded for higher values. For example, while Hong Kong's polished diamond imports by value rose 33 percent year on year to \$13.32 billion in the first nine months of 2011, by volume they fell 2 percent to 20.962 million carats. The average price of these goods was up 36 percent from a year earlier.

If global economic growth is set to slow in 2012, it will impact demand, prices and, most importantly, sentiment in the diamond industry throughout the year, as it did in the latter half of 2011. The new economic environment makes for stressful, but interesting, times indeed. A correction in diamond prices might strengthen to consumer demand.

### **Outlook**

The global economic environment in 2012 remained uncertain with an average growth of between 2% to 3%. There are signs of improving consumer confidence and of major policy changes in some of the

developed markets which may provide the required momentum to spurt global growth and kick start the path of recovery. However, the situation in the emerging markets is more upbeat with strong consumer spending and investment sentiment driving economy between 5% to 8% in the current year. The US economy is definitely showing signs of steady recovery followed by Japan which is embarking on an ambitious policy of reflecting its long moribund economy.

### **Company's Goal**

Lypsa intends to become a fully integrated and profitable diamond company in the next few years. We intend to go down the value chain and become closer to the customer through retail diamond and jewelry sales and thereby increase profit margins. We intend to build a well-managed corporate organization with standard processes and controls, competent management and reduced dependency on the promoters to generate revenue – features that are quite unique to Indian diamond companies.

### **Business Model**

Lypsa is in the process of increasing production capacity at its new factory in Navsari, Gujarat. The company has acquired a Factory Building and Machineries at Chhapi, Gujarat to expand its manufacturing activities to produce small sized diamonds at affordable cost. This year will see substantial revenue from manufacturing activities. This is in line with our aim of generating maximum revenue from the manufacturing activities that allows higher value-addition than the trading activities.

In house manufacturing reduces the variance in cutting standards and allows the steady production of a high quality standard product, which is valued higher by traders, jewelers and consumers. It also safeguards against the possibility of theft and malpractice, which are a common occurrence in outsourced diamond production.

### **Lypsa's position in the Diamond Value Chain**

The core activity of Lypsa is cutting and polishing of rough diamonds to convert them into finished stones that can be sold to traders and jewelers. Apart from this, Lypsa also sells rough diamonds in the open market that it procures from its sources if it feels that the profit on rough diamond sale is going to be larger than when post-processing. Thus, Lypsa is present in the stages from Rough Diamond Sales to Polished Diamond Sales. As stated above, these activities enjoy relatively lower profit margins than retailing and production. Acknowledging this, Lypsa has decided to expand into the retail segment through a foray into jewellery which will allow high profit margins.

### **SWOT ANALYSIS**

#### **Strengths**

- Promoters enjoy more than 20 years of experience in the industry.
- Low cost of manufacturing owing to a frugal approach towards infrastructure building.
- Possibility to scale production without large Capex.
- Good combination of technical as well as advisory personnel in the management.
- Good network at the grassroots level as well as with top companies.

- Increasing diversity in consumer base.

#### **Weaknesses**

- Organizational development processes at relatively initial phase.
- Relatively large reliance on promoters for overall management.
- Lack of first hand supply of rough diamonds from the producers.

#### **Opportunities**

- Further strengthen manufacturing base with latest manufacturing and product development technologies.
- Entry into higher value-add jewellery industry.
- Increasing product portfolio to include bigger stones and fancy cuts.
- Develop patented cuts of diamonds through R&D and market the unique product to allow greater margins.

#### **Threats**

- Volatility of rough diamond prices.
- Volatility in gold prices impacting jewellery demand and hence diamond demand.
- Advent of man-made diamonds in the market.

#### **Risk and Concerns**

Lypsa Gems & Jewellery Limited is exposed to various risks that are particular to its businesses and environment within which it operates including loss of key managerial personnel, increase in input costs, political instability, changes in economies or government policies, geographic concentration risk, raw material risk, seasonality risk and government regulations. The completion factor also affects the performance of the Company. The Company's current and fixed assets as well as products are adequately insured against various risks. The Company's risk management and control procedures involve prioritization and continuing assessment of these risks and devise appropriate controls, evaluating and reviewing the control mechanism. Through this approach, the Company strives to identify opportunities that enhance organizational values while managing or mitigating risks that can impact its future performance.

#### **Internal Control System and their Adequacy**

Your Company has in place adequate systems and processes to safeguard and protect its data and knowledge resources. The systems are updated and monitored on a continuous basis so as to ensure complete alignment with evolving technological requirements. The Company has a well-documented data security policy with pre-defined levels of access authorizations. To ensure safety and security of its strategic locations, the Company employs a comprehensive system of electronic surveillance and physical controls. The products manufactured and dealt in by the Company, as well as major production inputs are high value in nature. To ensure physical security of such products, the Company has multi-tier security and tracking mechanisms. Regular internal audit is conducted to ensure that all systems and procedures are in place and are followed regularly. Your Company maintains adequate insurance against unforeseeable risks, given the nature of its products.

#### **Material Developments in Human Resources/Industrial Relations front including number of people employed**

**LYPSA GEMS & JEWELLERY LIMITED.**  
**ANNUAL REPORT 2013-14**

Human Resources are most valuable assets of the Company. The Company's Human Resource Policy primarily aims at talent management and leadership development, safety and health of its employees. The Company has well-experienced, creative, talented and motivated staff to cater to the business demands in terms of better designs, quality and precision in manufacture with minimum possible loss and consistency to meet international standards. The Company provides an environment, which encourages initiatives, innovative thinking and reward performance. The Company also focuses on development of employees at all levels and supports them with safe, pollution free and favorable working conditions. As a result, the employees of the Company have played a crucial role in contributing to the growth of the Company.

**Cautionary Statement**

Statements in Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations or predictions may be forward looking statements within the meaning of applicable securities laws and regulations. Actual Results could differ materially from those expressed or implied due to variations in prices of raw materials, seasonal demand and pricing in the Company's principle markets, changes in Government regulations, tax regimes, economic developments and other incidental factors.

**Future Plans**

Research has been commissioned to plan the entry of Lypsa in the jewellery space. The growing demand of branded jewellery, higher profit margins than loose diamonds and the broad customer base make the jewellery industry a very attractive forward integration option. At the end of the year, we expect the launch of the jewelry venture.

Increasing production capacity has been proposed through expansion of the current facility and setting up of a new factory in Gujarat. A program has been initiated to cut down manufacturing costs without compromising on quality.

Setting up of an R&D unit is also on the cards to develop unique diamond cuts. These cuts will be proprietary to Lypsa and will be marketed to retailers.

**LYPSA GEMS & JEWELLERY LIMITED.**

**SCHEDULE '25' OF NOTES ON ACCOUNTS ANNEXED TO & FORMING PART OF  
BALANCE SHEET AS ON 31/03/2014**

**1. SIGNIFICANT ACCOUNTING POLICIES**

**a) Basis of preparation of financial statements**

The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) as a going concern, under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed by the Companies (Accounting Standards) Rules, 2006 notified by the Central Government and the provisions of Section 211(3C) of the Companies Act, 1956. Accounting policies have been consistently applied from one period to the other except otherwise stated.

**b) Use of estimates**

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include provisions for doubtful debts, income taxes and the useful lives of fixed assets and intangible assets.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made.

**c) Revenue recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

**d) Employee benefits**

Expenses and liabilities in respect of employee benefits are recorded in accordance with the Accounting Standard 15 "Employee Benefits".

**e) Taxation**

Tax expense comprises current tax (MAT), deferred tax.

Provision for current tax is ascertained on the basis of the taxable income computed in accordance with the provisions of the Income-tax Act, 1961.

Deferred Tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier

years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets relating to timing differences are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

**f) Provisions and contingencies**

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may be, but probably will not, require an outflow of resources. These will not be charged to the Profit & Loss Account as it is not probable that future events will confirm that an asset has been impaired or a liability has been incurred as at the balance sheet date. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made

**2. Fixed Assets:**

Fixed Assets are carried at cost of acquisition or construction including incidental expenses related to acquisition and installation on concerned assets, less accumulated depreciation and amortization. The actual cost capitalized includes material cost, freight, installation cost, duties and taxes and other incidental expenses incurred during the construction / installation stage.

**3. Depreciation:**

The company has provided depreciation on Straight Line Value Method over the estimated useful lives of assets at the rates specified in Schedule XIV of the Companies Act, 1956. Depreciation is charged on pro-rata basis from the date of capitalization. Individual asset costing Rs. 5000/- or less are fully depreciated in the year of acquisition.

**4. Investments:**

Long Term and Non current investments are valued at Cost. Other investments are valued at lower of cost or fair market value as on the date of Balance Sheet. The group provides for diminution in value of investments, other than temporary in nature. During the year company has provided for diminution in value of investments of Rs. 34,25,565/- (P.Y Rs.24,72,461/-) and the same is reduced from the value of investments as carried on in Balance Sheet.

Current Investments includes Fixed capital with partnership firm M/s Lypsa Gems of Rs. 45,000/- (P.Y. Rs. 45000/-) and Current capital with partnership firm M/s Lypsa Gems of Rs 96,71,979/- (P.Y. NIL) and Investment in 100% subsidiary Lypsa Gems & Jewellery DMCC of Rs. 7,48,720/- (USD \$ 14000) (P.Y. Rs. 7,48,720/- (USD \$ 14000).

**5. Secured Loans:**

The company has availed the secured loans amounting to Rs. 1485.93 Lacs (P.Y Rs. 1644.48 Lacs) against pledge of fixed deposits receipts which includes Foreign Currency Loans in previous year and Rupee Loans against hypothecation of stocks and receivables

**6. Cash and Bank Balances:**

**Fixed Deposits Receipts:**

The company has total fixed deposits of Rs. 858.59 Lacs with Bank of India (P Y Rs. 793.79 Lacs with Bank of India).

**Current Assets, Loans & Advances and Current Liabilities:**

The Deferred premium on export of Rs. 128.13 Lacs (P.Y. 19.63 Lacs) is reflected in Balance Sheet under other current liabilities.

The company has reflected Receivable on forward contract against Exports of Rs 572.02 Lacs (P.Y. Rs. 51.78 Lacs) in Balance Sheet under short term loans & advances.

**7. Revenue Recognition:**

(a) Sales, net of taxes are accounted for when property in the goods are transferred to the customers.

(b) Dividend is recognized, when right to receive the dividend arises.

(c) Items of Income and Expenditure such as Exchange Rate difference, Interest on FDR, Profit on Forward Contract, Forward premium, Interest paid are recognized on accrual basis, unless otherwise stated.

(d) Interest income is recognized on time proportion method.

(e) Amounts received or billed in advance of goods sold are recorded as advances from customers.

(f) Revenue from operations include share of profit from partnership firm M/s Lypsa Gems of Rs. -7.43 Lacs (P Y 5.33 Lacs)

**8. Preliminary Expenses:**

Preliminary Expenses are amortized over a period of five years.

**9. Foreign Currency Transactions:**

Transactions in foreign currency are recognized at the prevailing exchange rates on the transaction dates. Realized gain or losses on settlement of foreign currency transactions are recognized in the Profit and Loss account. Foreign currency denominated monetary assets and liabilities at the year end are translated at the year end exchange rates and recognized in the Profit and Loss account. Non monetary foreign currency items are carried at cost.

The company enters into forward exchange contract and other instruments that are in substance a forward exchange contract to hedge its risks associated with foreign currency fluctuations. The premium or discount arising on the inception of a forward exchange contract (other than a firm commitment or highly probable forecast) or similar instrument is amortised as expense or income over the life of contract. Exchange difference on such a contract are recognized in the Profit and Loss account in the year in which the exchange rates change. Any Profit or Loss arising on cancellation of such a contract is recognized as income or expense for the year. The company uses forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and forecasted transactions.

**10. Taxation:**

Current Tax is determined as the amount of tax payable in respect of taxable income for the year. Deferred tax for timing differences between the income as per financial statement and income as per the Income Tax Act, 1961 is accounted for using the tax rates and laws that have been enacted or substantially enacted as of the Balance sheet date. Deferred tax assets arising from the timing differences are recognized to the extent there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

**11. Employee Benefits:**

Employee benefits such as Provident fund, ESIC and other benefits are provided by the company.

**12. Lease Accounting:**

Lease Rentals under operating leases are recognized in the Profit and Loss account on Straight Line Method. The company has not taken any equipment on lease.

**13. Treatment of contingent Liability:**

The company recognizes a provision where there is a present obligation as result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources is remote. As the company does not have any contingent liability, no disclosure as specified in Accounting Standard 29 – “Provisions, Contingent Liabilities and Contingent Assets” is made.

**14. Disclosure of Related Parties:**

“Related party Disclosures” as required by Accounting Standard 18 is enumerated below:

Basic earnings per share is computed by dividing the profit/(loss) after tax (including post tax effect of extra ordinary items, if any) by the weighted average number of equity shares outstanding the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax (including post tax effect of extra ordinary items, if any) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e., average market value of the outstanding shares). The earnings per share as computed as per Accounting Standard 20 is as:

<b><u>Earnings Per Share</u></b>	<b><u>31.03.2014</u></b>	<b><u>31.03.2013</u></b>
Profit before tax (Rs.)	47,152,228	42,597,130
Average number of shares (Nos)	1,40,40,000	1,40,40,000
Nominal value of shares (Rs.)	10.00	10.00
Basic Earnings Per share (Rs.)	3.36	3.03
Diluted earnings Per share (Rs.)	3.36	3.03

**23. Cash Flow Statement:**

## **LYP SA GEMS & JEWELLERY LIMITED**

### **SCHEDULE '25' OF NOTES ON ACCOUNTS ANNEXED TO & FORMING PART OF CONSOLIDATED BALANCE SHEET AS ON 31/03/2014**

#### **1. SIGNIFICANT ACCOUNTING POLICIES**

##### **a) Basis of preparation of financial statements**

The Consolidated Financial Statements relate to **LYP SA GEMS & JEWELLERY LIMITED** and its 100% Subsidiary **LYP SA GEMS & JEWELLERY DMCC** (together referred to as the **LYP SA GROUP**) are prepared in accordance with Indian Generally Accepted Accounting Principles (**GAAP**) as a going concern, under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed by the Companies (Accounting Standards) Rules, 2006 notified by the Central Government and the provisions of Section 211(3C) of the Companies Act, 1956. Accounting policies have been consistently applied from one period to the other except otherwise stated.

##### **b) Principles of Consolidation**

i - The Consolidated Financial Statements includes the Financial Statements of **LYP SA GEMS & JEWELLERY LIMITED** (the Company) and its wholly owned subsidiary **LYP SA GEMS & JEWELLERY DMCC** (together referred to as the **LYP SA GROUP**) which is accounted on the basis of proportionate line by line consolidation. All the material inter-company accounts and transactions are eliminated on consolidation.

ii - The managements has classified its foreign operation as non-integral. In translating Financial Statements of non-integral foreign operations for incorporation in Financial Statements, components of Financial Statements of Foreign Subsidiary is translated in to Indian Rupees in accordance with the Accounting Standard (AS) 21 and AS 11 as notified by the companies (Accounting Standards) Rules, 2006. Briefly Stated;

- a- All income and expenses are translated at the rate prevailing at the date of the financial statements.
- b- Assets and Liabilities are translated at the rate prevailing at the date of the financial statements. Depreciation is accounted at the same rate at which assets are converted.

iii - The difference between the cost of investment and net worth at the time of acquisition in the subsidiary is recognised in the financial statements as goodwill or capital reserve, as the case may be.

As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the companies separate financial statements.

##### **c) Use of Estimates**

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the

reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include provisions for doubtful debts, income taxes and the useful lives of fixed assets and intangible assets.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made.

**d) Revenue recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

**e) Employee benefits**

Expenses and liabilities in respect of employee benefits are recorded in accordance with the Accounting Standard 15 "Employee Benefits".

**f) Taxation**

Tax expense comprises current tax (MAT), deferred tax.

Provision for current tax is ascertained on the basis of the taxable income computed in accordance with the provisions of the Income-tax Act, 1961.

Deferred Tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets relating to timing differences are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Foreign Subsidiary recognised tax liabilities and assets in accordance with the applicable local laws.

**g) Provisions and contingencies**

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may be, but probably will not, require an outflow of resources. These will not be charged to the Profit & Loss Account as it is not probable that future events will confirm that an asset has been impaired or a liability has been incurred as at the balance sheet date. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

**h) Fixed Assets:**

Fixed Assets are carried at cost of acquisition or construction including incidental expenses related to acquisition and installation on concerned

assets, less accumulated depreciation and amortization. The actual cost capitalized includes material cost, freight, installation cost, duties and taxes and other incidental expenses incurred during the construction / installation stage.

**i) Depreciation:**

The company has provided depreciation on Straight Line Value Method over the estimated useful lives of assets at the rates specified in Schedule XIV of the Companies Act, 1956. Depreciation is charged on pro-rata basis from the date of capitalization. Individual asset costing Rs. 5000/- or less are fully depreciated in the year of acquisition.

**j) Investments:**

Long Term and noncurrent investments are valued at Cost. Other investments are valued at lower of cost or fair market value as on the date of Balance Sheet. The group provides for diminution in value of investments, other than temporary in nature. During the year company has provided for diminution in value of investments of Rs. 34,25,565/- (P.Y Rs.24,72,461/-) and the same is reduced from the value of investments as carried on in Balance Sheet.

Current Investments includes Fixed capital with partnership firm M/s Lypsa Gems of Rs. 45,000/- (P.Y. 45,000/-) and Current capital with partnership firm M/s Lypsa Gems of Rs 96,71,979/- (P.Y. Rs. NIL)

**k) Secured Loans:**

The company has availed the secured loans amounting to Rs. 1485.93 Lacs (P.Y Rs. 1644.48 Lacs) against pledge of fixed deposits receipts which includes Foreign Currency Loans and Rupee Loans against hypothecation of stocks and receivables

**l) Cash and Bank Balances:**

**Fixed Deposits Receipts:**

The company has total fixed deposits of Rs. 858.59 Lacs with Bank of India (P.Y. Rs. 793.79 Lacs with Bank of India).

**Current Assets, Loans & Advances and Current Liabilities:**

The Deferred premium on export of Rs. 128.13 Lacs (P.Y. 19.63 Lacs) is reflected in Balance Sheet under other current liabilities.

The company has reflected Receivable on forward contract against Exports of Rs. 572.02 Lacs (P.Y. Rs. 51.78 Lacs) in Balance Sheet under short term loans & advances.

**m) Revenue Recognition:**

(a) Sales, net of taxes are accounted for when property in the goods are transferred to the customers.

(b) Dividend is recognized, when right to receive the dividend arises.

(c) Items of Income and Expenditure such as Exchange Rate difference, Interest on FDR, Profit on Forward Contract, Forward premium, Interest paid are recognized on accrual basis, unless otherwise stated.

(d) Interest income is recognized on time proportion method.

(e) Amounts received or billed in advance of goods sold are recorded as advances from customers.

(f) Revenue from operations include share of profit from partnership firm M/s Lypsa Gems of Rs. -7.43 Lacs (P Y 5.33 Lacs)

## **2. Preliminary Expenses:**

Preliminary Expenses are amortized over a period of five years.

## **3. Foreign Currency Transactions:**

Transactions in foreign currency are recognized at the prevailing exchange rates on the transaction dates. Realized gain or losses on settlement of foreign currency transactions are recognized in the Profit and Loss account. Foreign current denominated monetary assets and liabilities at the year end are translated at the year end exchange rates and recognized in the Profit and Loss account. Non monetary foreign currency items are carried at cost.

The company enters into forward exchange contract and other instruments that are in substance a forward exchange contract to hedge its risks associated with foreign currency fluctuations. The premium or discount arising on the inception of a forward exchange contract (other than a firm commitment or highly probable forecast) or similar instrument is amortized as expense or income over the life of contract. Exchange differences on such a contract are recognized in the Profit and Loss account in the year in which the exchange rates change. Any Profit or Loss arising on cancellation of such a contract is recognized as income or expense for the year. The company uses forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and forecasted transactions.

## **4. Taxation:**

Current Tax is determined as the amount of tax payable in respect of taxable income for the year. Deferred tax for timing differences between the income as per financial statement and income as per the Income Tax Act, 1961 is accounted for using the tax rates and laws that have been enacted or substantially enacted as of the Balance sheet date. Deferred tax assets arising from the timing differences are recognized to the extent there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Foreign Subsidiary recognised tax liabilities and assets in accordance with the applicable local laws

## **5. Employee Benefits:**

Employee benefits such as Provident fund, ESIC and other benefits are provided by the company.

## **6. Lease Accounting:**

Lease Rentals under operating leases are recognized in the Profit and Loss account on Straight Line Method. The company has not taken any equipment on lease.

## **7. Treatment of contingent Liability:**

The company recognizes a provision where there is a present obligation as result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources is remote. As the company does not have any contingent liability, no disclosure as specified in

Accounting Standard 29 – “Provisions, Contingent Liabilities and Contingent Assets” is made.

**8. Disclosure of Related Parties:**

### **16. Share Capital:**

During the year company has not allotted shares to the public.

### **17. Earnings per Share:**

Basic earnings per share is computed by dividing the profit / (loss) after tax (including post tax effect of extra ordinary items, if any) by the weighted average number of equity shares outstanding the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including post tax effect of extra ordinary items, if any) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e., average market value of the outstanding shares). The earnings per share as computed as per Accounting Standard 20 are as:

<b><u>Earnings Per Share</u></b>	<b><u>31.03.2014</u></b>	<b><u>31.03.2013</u></b>

Basic Earnings Per share (Rs.)	7.85	3.92
Diluted earnings Per share (Rs.)	7.85	3.92

### **18. Cash Flow Statement:**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the company are segregated based

on the available information. The difference in parent portion of equity in subsidiary company has been considered as capital reserve in the financial statements.
