MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry Structure and Developments

Sonal Mercantile Limited is a NBFC and is engaged mainly in the business of providing Loans & Advances and also to make investment in both quoted and unquoted securities. The industry structure relevant to the Company's operations is mainly concerned with the Capital Market.

The NBFCs sector is undergoing a significant transformation at present and has come to be recognized as an important element of the Financial System. The recent issue in financial sector has highlighted the necessity, importance and significant role, the NBFCs play in development of nation's infrastructure.

In the financial system of India, importance of NBFCs has been much discussed. RBI has been setting right its regulatory and supervising policies from time to time to keep pace with the changes in the environment.

NBFCs have been actively fuelling the growth of the economy especially the infrastructure part of the economy and have been supplementing the Banking system effectively and thus enhancing competition and diversification in the financial sector.

The NBFCs have attracted substantial investments during the recent years both from the retail and from the wholesale side. The growth also has been significant during this year. The NBFCs have been catalysts in accelerating the growth in the semi urban and rural areas. The projections made by RBI and other financial forecasts give substantial growth opportunities for the industry in the coming years.

NBFCs continued to grow their share in the financial services industry. Data published by the RBI in its Financial Stability Reports dated June 30, 2017 and December 21, 2017 show that the NBFCs have outperformed scheduled commercial banks (SCBs) on growth in advances, asset quality and profitability. This growth momentum of NBFCs should result in their share in the financial services sector increasing in the near future.

2. Business Overview

Your Company is engaged in the business of providing Loans & Advances and investment in Securities, both quoted and unquoted. Company can expect future growth and development in its business. The vision of the Company is very clear and the management wants to increase its scale of operations.

3. Opportunities and Threats

Capital markets at present are going through turbulent times. Although the inflation has remained steady during the year but it is still under pressure due to hike in petrol prices, burden of diesel subsidies, high fiscal deficit, etc. However, we feel that the opportunities will soon arise in the markets upon the corrective policies by the government and better fiscal management which will strengthen the economy.

The NBFC industry holds immense potential and the Government of India's increased focus towards Financial Inclusion has created various opportunities for existing NBFCs to leverage on their established customer base in rural areas. The recent steps by the Government of India to create Infrastructure for NBFC and to provide banking license for NBFCs is a positive signal. ANNEXURE- B TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section (3) of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of SONAL MERCANTILE LIMITED (the Company) as on 31st March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for the Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of fraud and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the Guidance Note) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that: -

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and the receipt and expenditures of the Company are being only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and could not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material aspects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on "the internal financial controls over financial reporting criteria considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".
