Driven by rising infrastructure development and growing demand for automotives, steel consumption is expected to reach 104 MT by 2017. During the month of September 2016, the consumption of finished steel was estimated at 6.7 MT, showing a significant improvement of 7.6 per cent year-on-year growth. India's steel production is expected to increase from 100 MTPA to 112.5 MTPA by FY16 and 300 MTPA by 2025. The Government of India has allowed 100 per cent foreign direct investment (FDI) in the steel sector under the automatic route. To meet the target of 300 MT capacities by 2025, the Government is planning to come up with a new and dynamic steel policy for the sector. The government is also planning to create independent regulators for steel and mining sectors. A new scheme, 'The scheme for the promotion of R&D in the iron and steel sector', has been approved with budgetary provision of US\$ 24.6 million to initiate and implement the provisions of the scheme as per the 11th Five-Year Plan which has continued in the 12th Five Year Plan. The development of technology for Cold-Rolled Grain Oriented (CRGO) steel sheets and other value-added products is also included under the policy purview and is allocated US\$ 6.7 million. 1. We have audited the internal financial controls over financial reporting of SSPN Finance Limited ('the Company') as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountant of India (ICAI). These responsibilities include the design, Implementation and maintenance of adequate Internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of fraud and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone financial statement for external purpose in accordance with generally accepted

- i. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- ii. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- iii. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all materials respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Tax Expenses includes provision for current tax and deferred tax. Provision for Current tax is made on the basis of estimated taxable income for the current accounting year in accordance with the provisions of the Income Tax Act, 1961. Deferred tax is recognized, subject to the consideration of prudence, on timing difference, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which the MAT credit note issued by Institute of Chartered Accountants of India ("ICAI"), the said asset is created by way of a credit to the Statement of Profit and Loss. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

XII. PROVISION AND CONTINGENCIES

The company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

XIII. TRADE RECEIVABLES AND LOANS AND ADVANCES

Trade receivables and loans and advances are stated after making adequate provision for doubtful receivables and loans and advances.

XIV. FOREIGN CURRENCY TRANSACTIONS

All forward exchange contracts are backed by underlying transactions and the premium or discount arising at inception of such a forward exchange contract is amortised as expense or income over the life of the contract and the difference between the year end rate and rate on the date of the contract is recognized as exchange difference in the Statement of Profit and Loss.

XV. Taxes

Income tax expense comprises of current tax expense and deferred tax expense or credit.

Current taxes

Provision for current tax is recognized in accordance with the provisions of the Income-Tax Act, 1961 and is made annually based on the tax liability computed after considering tax disallowances, allowances and exemption.

Deferred taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences that result between the profits offered for income taxes and the profits as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and the tax laws that have been enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Deferred tax assets are reviewed at each Balance Sheet date and written down or written up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realized.

XVI. Earnings per share ('EPS')

The basic earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the year. The diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

XVII. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS**Provisions**

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent liabilities

Disclosure for a contingent liability is made without a provision in books, when there is an obligation that may, but probably will not, require outflow of resources.

Contingent assets

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the assets and related income are recognized in the period in which the change occurs.

XVIII. PRIOR PERIOD EXPENDITURE:

The expenditure relating to prior period has been accounted for and shown separately in the financial statement.

XIX. GENERAL
