Current Trend And Future Prospects - FIBC Bags

The global Flexible Intermediate Bulk Container (FIBC) market has been witnessing significant growth rate in recent years. The prime factor attributing to the growth of the market is rapidly increasing demand for flexible intermediate bulk containers (FIBC's) across industry verticals. The rising food & beverage and pharmaceuticals industries are expected to fuel the global FIBC market in the near future. Additionally, growing need to reduce the overall weight of bulk packaging is anticipated to drive the global FIBC market, especially in the construction industry, food & beverages, pharmaceuticals, agricultural, and chemical industries over the coming years.

However due to increasing tension between US and China and the implementation of tariff has indirect impact in the Indian and Global economics and is indirectly affecting the Indian FIBC market in general and to some extent our company during the last quarter.

As indicated above, there was a remarkable increase in the production of FIBC bags during the financial year ended 31.03.2019 from 90,68,342 Kgs to 96,50,950 Kgs and the sales had increased from 91,32,972 Kgs., to 95,98,414 Kgs an increase of 5.09%. There was about 15% to 20% drop in orders during the last quarter and the current trend in orders position is not as expected mainly due to trade war between US and China.

Current Trend and Future Prospects – Open End Spinning Division

There is always a tough competition in the Open End Spinning Yarn Market. Since we are manufacturing high quality yarn in the imported automatic OE Machine our product is always fetches better price in the market. We are exporting part of our yarn production through merchant exports and balance is sold in the local market. The growth trend is stagnant for the near future.

We had added one new OE Machine during the financial year under review and there is a marginal increase in the production of OE Yarn during the financial year and we are yet to realise the full benefit from the new OE machine.

There was a remarkable increase in the production of Cotton Yarn during the financial year's ended 31.03.2019 from 19,41,611 Kgs to 21,52,534 Kgs and the sales had increased from 19,94,502 Kgs., to 21,69,774 Kgs an increase of 8.79%.

Overall future Prospects:-

Though the current year financial result and profitability will not be as promising as last year results, your directors are hopeful of moderate results during the current financial year barring any unforeseen circumstances.

Multifilament Yarn Project:-

As a backward integration policy, the company had constructed a separate building and installed machinery for Manufacture of Multifilament yarn required for our captive consumption and also for domestic and export sales. The company was out sourcing the product till March, 2019 and production of Multifilament Yarn commenced in April, 2019. Also we have constructed new factory building to the extent of 52000 Sq. ft. for the housing of new machines and assembly line production. The cost of this project along with construction of factory building was for Rs. 12.60 Crores.

BOARD OF DIRECTORS

Smt. Durga Ramji, Director, retires by rotation at the forthcoming Annual General Meeting and being eligible offers herself for reappointment.

Appointment of Independent Directors:-

The period of appointment of three Independent directors namely; Sri. K. Lakshminarayanan, Sri. A. Thiruppathy Raja and Sri. S. Sankar ends on 31st August, 2019.

Further the Board places on record the valuable services rendered by the Independent Directors during their tenure. Their valuable services, advices provided and their participation have helped the company to achieve better results.

Your Directors recommend for the appointment of the following three Independent Directors

1. Sri. S. R. Venkatanarayana Raja

FIRE ACCIDENT AND PRESENT CLAIM STATUS:

There was a fire accident in the PP Fabrics and PP Slings storage premises on Monday, 4th June, 2018 at about 6.30 A.M. Fire tenders were called immediately to extinguish the fire and the fire was brought to control at about 1.30 P.M. The entire PP Fabrics were completely destroyed by the fire and entire PP Slings kept in the adjacent premises were also damaged due to fire induction from the PP Fabrics premises. We have appointed M/s. Armour Management Consultants Private Limited, Coimbatore, as consultant to assist the company for filing claim documents and other required papers to be submitted to the Insurance Company.

Due to the fire accident the factory was closed for two days on 4th and 5th June, 2018. Though the production was affected due to want of fabrics, we were able to get the fabrics materials from the group companies who have whole heartedly supported with their available production facilities. Hence the company could make good the delivery schedules to the overseas supplier with a back log of one week.

The cost of loss of stocks and book value of Buildings and Machinery was estimated at about Rs. 621.21 Lakhs. The book value of loss was absorbed in the profit and loss account for the financial year ended 31st March, 2019.

The Insurance Company has appointed M/s Professional Insurance Surveyors and Loss Assessors Private Limited, to assess the claim and they had already visited fire accident site for assessment of loss. The surveyors had submitted their Final Report and a forensic investigation was also appointed

who have stated that the cause of fire accident was due to electrical fire generated consequent to damage caused to MCB switches. The Company is pursuing the Insurance Company to settle the claim amount as early as possible.

INDEPENDENT AUDITOR'S REPORT

To the Members of M/s. Polyspin Exports Limited
Report on the Standalone Ind AS Financial Statements
Opinion

We have audited the accompanying standalone Ind AS financial statements of **M/s. Polyspin Exports Limited ("the Company")** which comprises the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019 and profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter:

- We draw attention to Note No.29.3 to the standalone financial statements, which describes the effect of a fire in the company's production facilities.
- We draw attention to Note No. 36.4 to the standalone financial statements, which describes non provision of interest on the amount payable to MSME creditors.

Our opinion is not modified in respect of these matters.

Key Audit Matters :

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Standalone Ind AS financial statements as a whole and informing our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our Report

Sl. No.	Key Audit Matter	Auditor's Response
1.	<p>Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" (new revenue accounting standard)</p> <p>The application of the new revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period. Additionally, new revenue accounting standard contains disclosures which involves collation of information in respect of disaggregated revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date. Refer Note 2.4 to the Standalone Financial Statements</p>	<p>Principal Audit Procedures</p> <p>We assessed the Company's process to identify the impact of adoption of the new revenue accounting standard. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <ul style="list-style-type: none"> Evaluated the design of internal controls relating to implementation of the new revenue accounting standard. Selected a sample of continuing and new contracts and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, reperformance and inspection of evidence in respect of operation of these controls. Tested the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard. Selected a sample of continuing and new contracts and performed the following procedures: Read, analysed and identified the distinct performance obligations in these contracts. Compared these performance obligations with that identified and recorded by the Company. Considered the terms of the contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration.

Sl. No.	Key Audit Matter	Auditor's Response
		<ul style="list-style-type: none"> • Samples in respect of revenue recorded for time and material contracts were tested using a combination of approved time sheets including customer acceptances, subsequent invoicing and historical trend of collections and disputes. • In respect of samples relating to fixed price contracts, progress towards satisfaction of performance obligation used to compute recorded revenue was verified with actual and estimated efforts from the time recording and budgeting systems. We also tested the access and change management controls relating to these systems. • Sample of revenues disaggregated by type and service offerings was tested with the performance obligations specified in the underlying contracts. • Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings. • We reviewed the collation of information and the logic of the report generated from the budgeting system used to prepare the disclosure relating to the periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.
2.	Evaluation of uncertain tax positions The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes. Refer Note 36.3 to the Standalone Financial Statements	Principal Audit Procedures Obtained details of completed tax assessments and demands for the year ended March 31, 2019 from management. We involved our expertise to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at April 1, 2018 to evaluate whether any change was required to management's position on these uncertainties
3.	Recoverability of Indirect tax receivables As at March 31, 2019, other current assets in respect of withholding tax, GST and CESAT appeal Duty of Rs.26.73 lakhs which are pending adjudication. Refer Note 12 to the Standalone Financial Statements.	Principal Audit Procedures We have involved our expertise to review the nature of the amounts recoverable, the sustainability and the likelihood of recoverability upon final resolution.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of

accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Standalone IndAS Financial Statement

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

A further description of the auditor's responsibilities for the audit of the standalone Ind AS financial statements is included in Annexure A. This description forms part of our auditor's report.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

- d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the Internal Financial Control with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C"
- g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197(16) of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note 36.3 to the Standalone IndAS financial statements;
 - ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 30.2 to the Ind AS financial statements;
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE - A**Responsibilities for Audit of Standalone Ind AS Financial Statement**

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE–C TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report of even date, to the members of the company on the Standalone IND AS financial statements for the year ended 31st March, 2019]

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of the company as of 31st March, 2019, in conjunction with our audit of the Standalone IND AS financial statements of the company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the

assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the company in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the company, considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

The company's FIBC bags are primarily exported to U.S.A, Europe and African Countries and OE Yarn mainly caters to the domestic market.

These financial statements were approved for issue by the board of directors of the company on 18th May, 2019.

2. Significant Accounting Policies:-**2.1: Statement of Compliance:-**

These financial statements have been prepared in accordance with the Indian Accounting Standards ("IND AS") prescribed under section 133 of the companies Act, 2013 (the Act) read with Rule 3 of the companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

2.2: Basis of Preparation:-

These financial statements have been prepared on the historical cost basis except for certain financial instruments and defined benefit plans that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the company takes into account those characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes fair value measurements are categorized into level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:-

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

- Level 2 inputs are inputs, other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Functional and presentational currency:

These financial statements are presented in Indian Rupee (INR) which is also the functional Currency. Unless otherwise stated, all amounts are rounded off to the nearest rupee.

Use of Estimates and Judgments:-

The preparation of Financial Statements in conformity with IND AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future period affected. Information about critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the accounting policies and / or the notes to the financial statements.

2.3 Current versus Non-Current Classification:-

The company presents assets and liabilities in the balance sheet based on Current / Non-Current classification. An asset is treated as current when it is:-

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cost or cost equivalent unless restricted from being exchanged or used to settle a liability for atleast twelve months after the reporting period.

All other assets are classified as Non-Current

A Liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for atleast twelve months after the reporting period

All other liabilities are classified as Non-Current

The company has deemed its operating cycle as twelve months for the purpose of Current / Non-Current classification.

2.4 Revenue recognition:-**a. Sale of Goods:-**

Revenue from sale of goods is recognized when the company has transferred to the buyer the significant risks and rewards of ownership of the goods, it no longer retains control over the goods sold, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the company and the cost incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognized gross of excise duty but net of other taxes collected on behalf of third parties.

b. Power generated from windmill:-

d. Dividend Income

Dividend Income from investment in shares of corporate bodies is accounted when the company's right to receive the dividend is established

e. Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time proposition basis, by reference to the principal outstanding and the effect interest rate applicable, which is the rate exactly discounts estimated future cash receipts through the expected life of financial assets to that assets net carrying amount on initial recognition.

f. Export Incentive:-

Export Incentive on account of Merchandise exports from India Scheme (MEIS) are accrued in the year when the right to receive as per the terms of the scheme is established in respect of exports made and accounted to the extent, there is no uncertainty about its ultimate collection.

2.5 Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost, less accumulated depreciation /amortization and impairment losses if any, except freehold land which is carried at cost. Cost comprises of purchase price, import duties, levies and any attributable cost of bringing the assets on its working condition for the intended use.

For transition to IND AS, the company has elected to continue the carrying value of all of its property, plant and equipment recognized as at 1st April, 2016 (IND AS transition date) measured as per the previously applicable Indian GAAP and used that carrying value as its deemed cost as at the INDAS transition date.

When each major expenses on fixed assets, day to day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalization criteria in accordance with IND AS 16 are charged to statement of Profit and Loss for the period during which such expenses are incurred.

The company identifies the significant parts of plant and equipment separately (which are required to be replaced at intervals) based on their specific useful lives. The cost of replacement of significant parts are capitalized and the carrying amount of replaced parts are derecognized

PPEs eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such assets are recognized in the statement of Profit and Loss. Amount received towards PPE that are impaired and derecognized in the financial statements are recognized in statement of Profit and Loss, when the recognition criteria are met.

Depreciation is recognized so as to write off the cost of assets (other than freehold land and property under construction) less their residual value, over their useful lives. The estimated useful lives, residual value and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation for PPE on additions is calculated on pro rata basis from the date of such additions. For deletion / disposals, the depreciation is calculated on pro rata basis up to the date on which such assets have been discarded / sold.

Capital work in progress includes cost of property, plant and equipment under installation, under development including related expenses and attributable interest as at the reporting date.

2.6 Investment Property:-

The company does not have any investment property as on the Balance sheet date. Hence there is no disclosure as per the requirements of INDAS 16.

2.7 Intangible Assets:-

Intangible Assets are recognized when the asset is identifiable is within the control of the company, it is probable that the future economic benefits that are attributable to the asset will flow to the company and cost of the asset can be reliably measured.

Intangible assets are amortized over their estimated useful life on straight line method. The estimated useful lives of intangible assets are assessed by the internal technical team. It's accounting classification is given below:-

1. Nature of intangible Assets - Computer Software
2. Estimated useful life - 3 Years
3. Amortization of intangible Assets - Computer Software
4. Accounting Classification - Depreciation & Amortization

For transition to IND AS, the company has elected to continue with the carrying value of all its intangible assets recognized as at IND AS transition date measured as per the previously applicable Indian GAAP and use that carrying value as its deemed cost as at the IND AS transition date.

2.8 Inventories:-

Inventories are valued at the lower of cost and net realizable value.

Cost of Raw materials, Stores and Spares, Fuel, Packing materials, etc., are valued at cost, computed on moving weighted average basis including the cost incurred in bringing the inventories to their present location or net realizable value whichever is lower.

Process stock and finished goods are valued at moving weighted average cost including the cost of conversion and other costs incurred in bringing the inventories to the present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.9 Cash Flow Statement:-

Cash flows are presented using indirect method, whereby profit / (Loss) before tax is adjusted for the effects of transaction of Non cash nature and accruals of past or future cash transaction. Cash comprise cash on hand and demand deposits with banks. Cash equivalents are short term balance with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash.

2.10 Borrowing Costs:-

Borrowing costs include interest expense calculated using the effective interest rate method, other costs incurred in connection with borrowing of funds and exchange differences to the extent regarded as an adjustment to the interest costs.

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying assets (net of income earned on temporary deployment of funds) are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognized as an expense in the period in which they are incurred.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

2.11 Financial Assets:-

Financial Assets comprises of investments in equity, trade receivables, cash and cash equivalents and other financial assets.

Classification:-

The company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income (FVTOCI) or fair value through Profit or Loss (FVTPL) on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial assets.

Initial Recognition and Measurement:-

All financial assets are recognized initially at fair value plus, in the case of financial assets not recognized at the fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurements of financial assets are dependent on initial categorization. For impairment purposes, significant financial assets are tested on an individual basis and other financial assets are assessed collectively in groups that share similar credit risk characteristics.

Financial assets are measured at amortized cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the assets give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortized cost using the effective interest rate method. The losses arising from impairment are recognized in the statement of Profit and Loss. This category generally applies to trade and other receivables.

De-recognition of Financial Assets:-

A Financial Asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the company has transferred its rights to receive cash flows from the asset.

2.12 Financial Liabilities:-

Financial Liabilities comprises of Borrowings from banks, Trade Payables, Derivative financial instruments, Financial Guarantee obligation and other financial liabilities.

Classification:-

The company classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through profit or loss. Such financial liabilities including derivatives that are liabilities, shall be subsequently measured at fair value.

Amortized cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the statement of profit and loss. Any difference between the proceeds (Net of transactions costs) and the redemption amount is recognized in Profit or Loss over the period of the borrowings using the EIR method.

Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that same or all of the facility will be drawn down.

Trade and Other payables:-

A payable is classified as 'Trade Payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the company prior to the end of financial year, which are unpaid. They are recognized initially at their fair value and subsequently measured at amortized cost using the EIR method.

De-recognition of Financial Liabilities:-

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other income or finance costs.

2.13 Impairment of Non-financial Assets:-

The carrying values of assets include property, plant and equipment, cash generating units and intangible assets are reviewed for impairment at each Balance Sheet date, if there is any indication of impairment based on internal and external factors.

Non-financial assets are treated as impaired when the carrying amount of such asset exceeds its recoverable value. After recognition of impairment loss, the depreciation for the said assets is provided for remaining useful life based on the revised carrying amount, less its residual value if any, on straight line basis.

An impairment loss is charged to the statement of Profit and Loss in the year in which an asset is identified as impaired.

An impairment loss is reversed when there is an indication that the impairment loss may no longer exist or may have decreased.

2.14 Foreign Currency Transaction and Translation:-

Transactions in foreign currencies are translated to the functional currency of the company (i.e. INR) at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date, except for those derivative balances that are within the scope of INDAS – 109 "Financial instruments" are translated to the functional currency at the exchange rate at that date and the related foreign currency gain or loss are reported in the statement of Profit and Loss.

Foreign Exchange differences regarded as an adjustment to interest costs are recognized in the statement of Profit and Loss. Realized or unrealized gain in respect of the settlement or translation of borrowing is recognized as an adjustment to interest cost to the extent of the loss previously recognized as an adjustment to interest cost.

2.15 Employee Benefits:-

Employee benefits in the form of Provident Fund & Employee State Insurance are defined contribution plans. The company recognizes contribution payable to a defined contribution plan as an expense, when an employee renders the related services.

The company contributes monthly at 12% of employees' basic salary to Employees Provident Fund & Employees Pension Fund administered by the Employees provident fund organization, Government of India. The company has no further obligations.

Gratuity liability and leave encashment liability are defined benefit plans. The cost of providing benefit under the defined benefit plans is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. The company has its own approved Gratuity fund with LIC Group Gratuity cash accumulations scheme and the contribution to that fund are being made to LIC.

The leave encashment entitlement is computed on calendar year basis and payment made to the Employees accordingly in the succeeding January of every year. Hence, there is no outstanding liability towards leave encashment.

Re-measurements of the net defined benefit liability / asset comprise:-

1. actuarial Gains and Losses;
2. the return on plan assets, excluding amounts included in net interest on the net defined benefit liability / asset; and
3. any change in the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability / asset.

Reimbursements of net defined benefit liability / asset are charged or credited to other Comprehensive Income.

2.16 Provision, Contingent Liabilities and Contingent Assets:-

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources, embodying economic benefits in respect of which a reliable estimate can be made.

Contingent liability is a possible obligation that may arise from past events and its existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the same are not recognized but disclosed in the financial statements.

Insurance claims are accounted on the basis of claims admitted or expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection. Contingent Assets are not recognized.

2.17 Taxes on Income:-

Income tax expenses comprises of current tax and deferred tax. It is recognized in the statement of Profit and Loss, except to the extent that it relates to items recognized directly in Equity or Other comprehensive income. In such cases, the tax is also recognized directly in Equity or in other comprehensive income.

Current Tax:-

Current tax is the amount of tax payable on the taxable income for the year, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred Tax:-

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and their corresponding tax bases. Deferred tax liabilities are generally recognized for all taxable temporary differences.

Deferred tax assets are generally recognized for all deductible temporary differences and unused tax losses being carried forward, to the extent that it is probable that taxable profits will be available in future against which those deductible temporary differences and tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the assets realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Minimum Alternate Tax (MAT)

MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period (i.e.) the period for which MAT credit is allowed to be carried forward, in the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of Profit and Loss and shown as MAT credit entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the company will pay normal income tax during the specified period.

30. Financial Risk Management:-

The company's principal financial liabilities comprise of borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for the company's operations. The company's principal financial assets include loans and advances, trade receivables and cash and bank balances that arise directly from its operations.

The company also enters into derivative transaction to hedge foreign currency and not for speculative purposes. The company is exposed to Market risk, Credit risk and Liquidity risk and the company's senior management oversees the management of these risks.

30.1. Market Risk

Market Risk is the risk that the fair value of future cash flows of a financial asset will fluctuate because of changes in market prices. The company's activities expose it to a variety of financial risks, including the effect of changes in foreign currency exchange rates and interest rates.

30.2. Currency Risk

Foreign Currency risk is the risk that fair value of future cash flow of an exposure will fluctuate because of changes in foreign exchange rates.

The company's exposure in USD and other foreign currency denominated transactions in connection with exports of finished goods, besides import of raw materials, capital goods

and spares, etc., purchased in foreign currency, gives rise to exchange rate fluctuation risk. The company has following policies to mitigate this risk:

The company has entered into foreign currency forward contracts both for export and import, after taking into consideration of the anticipated foreign exchange inflows / outflows, timing of cash flows, tenure of the forward contract and prevailing foreign exchange market conditions.

30.6. Capital Management:-

For the purpose of the company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity share holders of the company. The primary objective of the company's capital management is to safeguard continuity, maintain healthy capital ratios in order to support its business and maximize share holder value. The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through capital, internal accruals, long term borrowings and short term borrowings.

In order to achieve this overall objective the company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements.

The following monitors capital using a gearing ratio, which is net debt divided by total capital plus debt. (Rs in Lakhs)

During the year ended 31st March, 2019 and 31st March, 2018, there are no transfer between Level 1 and Level 2 fair value measurements and no transfer into and out of Level 3 fair value measurements and there is no transaction / balance under Level 3.

Fair Valuation Technique:

The company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate certain fair values:-

1. Fair value of cash deposits, trade receivables, trade payables and other current financial assets and liabilities approximate their carrying amount largely due to the short term maturities of these instruments.
2. The fair value of derivatives are based on marked to market valuation statements received from banks with whom the company has entered into the relevant contracts.

Fair value hierarchy:

The following table provides the fair value measurement hierarchy of company's assets and liabilities, grouped into level 1 to level 3 as described below:-

1. Quoted prices / Published NAV (unadjusted) in active markets for identical assets or liabilities (Level 1)
2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability (i.e. as prices) or indirectly (i.e. derived from prices) Level 2. It includes fair value of the financial instruments that are not traded in an active market (for example, over the counter derivatives) and are determined by using valuation technique. These valuation techniques maximize the use of observable market data where it is available and

rely as little as possible on the company specific estimates. If all significant inputs required to fair value an instrument are observable, then the instrument is included in level 2.

3. Inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs) Level 3. If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

31. In March 2018, The ministry of Corporate Affairs issued the companies (Indian Accounting standards), (Amendments) Rules 2018, notifying the new standard IND AS 115 on Revenue from contracts with customers and it is applicable from 01.04.2018.

- Replaces IND AS 18 Revenue and IND AS 11 Construction contracts
- Establishes a new control based revenue recognition model
- Provides new and more detailed guidance on specific topics such as multiple element arrangements, variables consideration, rights of return, warranties, principal versus agent consideration, consignment arrangements, bill and hold arrangements and licensing, to name a few.

Revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Adoption of IND AS 115 is not expected to have any impact on the company's revenue and profit or loss. The company expects the revenue recognition to occur at a point in time when the materials are delivered at the customers in case of FIBC bags, PP fabric, PP yarn, Paper bag & cotton yarn.

32. Significant Estimates and Judgements

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision or future periods, if the revision affects both current and future years.

Accordingly, the management has applied the following estimates / assumptions / judgements in preparation and presentation of financial statements:

Property, Plant and Equipment, intangible Assets:-

The residual values estimated useful life of PPEs & Intangible assets are assessed by technical team duly reviewed by the management at each reporting date. Wherever the management believes that the assigned useful life and

residual value are appropriate, such recommendations are accepted and adopted for computation of depreciation / amortization.

Current Taxes:-

Calculations of Income Taxes for the current period are done based on applicable tax laws and managements judgement by evaluating positions taken in tax returns and interpretation of relevant provisions of law.

Deferred Tax rate (Including MAT Credit Entitlement)

Significant Management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained / recognized, based upon the likely with future tax planning strategies.

Contingent Liabilities:-

Management judgement is exercised for estimating the possible outflow of resources, if any, in respect of Contingencies / Claims / Litigation against the company as it is not possible to predict the outcome of pending matters with accuracy.

Impairment of Trade receivables:-

The impairment for financial assets are done based on assumption about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market condition and forward booking estimates at the end of each reporting date.

Impairment of Non-Financial Asset (PPE / Intangible Assets)

The impairment of Non-Financial Assets is determined based on estimated of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flow, discount rates and risks specific to the asset.

Defined Benefit Plans and Other Long Term Benefits:-

The cost of the defined benefit plan and other long term benefits and the present value of such obligation are determined by the independent actuarial values. Management believes that the assumptions used by the actuary in determination of discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions.

INDEPENDENT AUDITOR'S REPORT

To the Members of M/s. POLYSPIN EXPORTS LIMITED

Report on the Consolidated Ind AS Financial

Statements Opinion

We have audited the accompanying consolidated Ind AS financial statements of **M/s. Polyspin Exports Limited ("the Company")** which comprises the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019 and profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter:

- a. We draw attention to Note No.29.4 to the consolidated financial statements, which describes the effect of a fire in the company's production facilities.
- b. We draw attention to Note No. 36.2 to the consolidated financial statements, which describes non provision of interest on the amount payable to MSME creditors.

Our opinion is not modified in respect of these matters.

Key Audit Matters :

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated Ind AS financial statements as a whole, and informing our opinion thereon and we do not

provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our Report

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Consolidated Ind AS Financial Statement

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance,

but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated IndAS financial statements.

A further description of the auditor's responsibilities for the audit of the consolidated Ind AS financial statements is included in Annexure A. This description forms part of our auditor's report.

Other Matters

We did not audit the IND AS financial statements of one Associate, whose IND AS financial statements reflect total assets of Rs.1267.24 Lakhs as at 31st March, 2019, total revenues of Rs.2756.93 Lakhs and net cash outflows amounting to Rs.14.22 Lakhs for the year ended on that date, as considered in the consolidated IND AS financial statements. These IND AS financial statements have been audited by other auditors whose reports have been furnished to us by the Management of the Holding Company and our opinion on the consolidated IND AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these associates and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the reports of the other auditors.

One of the associate is located outside India whose financial statements have been prepared in accordance with the accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such associate located outside India to IND AS financial statements (i.e from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India and relevant for preparation of the aforesaid consolidated IND AS financial statements). We have audited these conversion adjustments made by the Holding Company's management.

Our opinion in so far as it relates to the balances and affairs of such associate located outside India, is based on the reports of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us. Our opinion on the Consolidated IND AS Financial Statements and our report on the Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Our opinion is not modified in respect of matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the Internal Financial Control with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"
 - g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197(16) of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its consolidated Ind AS financial statements – Refer Note 36.1 to the Consolidated IndAS financial statements;\
 - ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 30.2 to the IndAS financial statements;

There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE - A

Responsibilities for Audit of Consolidated Ind AS Financial Statement

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE – B TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report of even date, to the members of the company on the Consolidated IND AS financial statements for the year ended 31st March, 2019]

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of the company as of 31st March, 2019, in conjunction with our audit of the Consolidated IND AS financial statements of the company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal

control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the company in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the company, considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES FORMING PARTS OF ACCOUNTS:-**1. Principles of Consolidation:-**

The consolidated financial statements (CFS) relate to Polyspin Exports Limited (the Company) and its associate companies (the company and its associate collectively referred to as the Group). The consolidated financial Statements have been prepared on the following basis:-

1. In case of foreign Associate companies, revenue items are consolidated at the average currency rate prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Exchange differences in translating the financial statements of foreign associate companies are recognized in other comprehensive income.
2. In the case of investment in associate companies, where the company's shareholding is less than 50%, Non controlling interest in the net assets of consolidated Associate Companies is identified and presented in the consolidated balance sheet separately from liabilities and equity of the company shareholders.
3. Under equity method of accounting, the investments are initially recognized at the fair value of net asset of Associate company from the date on which it becomes as associate and any difference between the cost of the investment and the entity's share of the net fair value of the investee's identifiable assets and liabilities is accounted for as follows;
 - a. Goodwill relating to an associate is included in the carrying amount of the investment and the same is not amortized.
 - b. Any excess the entity's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is recognized directly in equity as capital reserve in the period in which the investment is acquired.
 - c. Subsequently, the carrying amount of investment is adjusted to recognize the company's share of post-acquisition profit or loss of the Associates in the Profit & Loss and also its share of Other Comprehensive Income (OCI) of the Associate Company separately under Other Comprehensive Income.
4. Dividend received or receivable from Associates are recognized as a reduction in the carrying amount of the Investment.
5. Unrealized gains on transactions between the group and its associates are eliminated to the extent of the group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.
6. At each reporting date, the company determines whether there is any objective evidence that the investment in the associates is impaired, if there is such evidence, the company provides for impairment as the

difference between the recoverable amount of the associate and its carrying value and then recognized the loss as "Share of Profit of an Associate" in the statement of the profit or loss.

7. The financial statement of the Associate Companies used in the consolidation are drawn up to the same reporting date as that of the company (i.e.) 31st March, 2019.

The list of associate company which is included in the Consolidation and the Company's holding therein are as under:

S.No.	Name of the Company	Ownership / Voting Power in % at as		Principal Place of Business / Country of Incorporation
		31.03.2019	31.03.2018	
1.	Lankaspin Private Limited	38.48	38.48	Sri Lanka

These Consolidated Financial Statement were approved for issue by the Board of Directors of the company on 18th May, 2019.

2. Significant Accounting Policies:-

These are set out under Significant Accounting Policies as given in the Company's Separate (Consolidated) IND AS Financial Statements.

The management has applied the following estimates assumptions / judgements in preparation and presentation of financial statements:-

Functional and presentational currency:

These financial statements are presented in Indian Rupee (INR) which is also the functional Currency. Unless otherwise stated, all amounts are rounded off to the nearest rupee.

Use of Estimates and Judgments:-

The preparation of Financial Statements in conformity with IND AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized in the period in which the estimates are revised and in any future period affected. Information about critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the accounting policies and/or the notes to the financial statements.

The mandatory exceptions to the retrospective application under IND AS 101 that are applicable to the Company are as below:

2.1 Current Versus Non-Current Classification:-

The company presents assets and liabilities in the balance sheet based on Current / Non-Current classification. An asset is treated as current when it is:-

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cost or cost equivalent unless restricted from being exchanged or used to settle a liability for atleast twelve months after the reporting period.

All other assets are classified as Non-Current

A Liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for atleast twelve months after the reporting period

All other liabilities are classified as Non-Current

The company has deemed its operating cycle as twelve months for the purpose of Current / Non-Current classification.

2.2 Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost, less accumulated depreciation /amortization and impairment losses if any, except freehold land which is carried at cost. Cost comprises of purchase price, import duties, levies and any attributable cost of bringing the assets on its working condition for the intended use.

For transition to IND AS, the company has elected to continue the carrying value of all of its property, plant and equipment recognized as at 1st April, 2016 (IND AS transition date) measured as per the previously applicable Indian GAPP and use that carrying value as its deemed cost as at transition date.

When each major expenses on fixed assets, day to day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalization criteria in accordance with IND AS 16 are charged to statement of Profit and Loss for the period during which such expenses are incurred.

The company identifies the significant parts of plant and equipment separately (which are required to be replaced at intervals) based on their specific useful lives. The cost of replacement of significant parts are capitalized and the carrying amount of replaced parts are derecognized.

PPEs eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such assets, are recognized in the statement of Profit and Loss. Amount received towards PPE that are impaired and derecognized in the financial

statements, are recognized in statement of Profit and Loss, when the recognition criteria are met.

Depreciation is recognized so as to write off the cost of assets (other than freehold land and property under construction) less their residual value, over their useful lives. The estimated useful lives, residual value and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation for PPE on additions is calculated on pro rata basis from the date of such additions. For deletion / disposals, the depreciation is calculated on pro rata basis up to the date on which such assets have been discarded / sold.

Capital work in progress includes cost of property, plant and equipment under installation, under development including related expenses and attributable interest as at the reporting date.

2.3 Investment Property:-

The company does not have any investment property as on the Balance sheet date. Hence there is no disclosure as per the requirements of INDAS 16.

2.4 Intangible Assets:-

Intangible Assets are recognized when the asset is identifiable, is within the control of the company, it is probable that the future economic benefits that are attributable to the asset will flow to the company and cost of the asset can be reliably measured.

Intangible assets are amortized over their estimated useful life on straight line method. The estimated useful lives of intangible assets are assessed by the internal technical team. It's accounting classification is given below:-

- | | |
|--------------------------------------|-------------------------------|
| 1. Nature of intangible Assets | - Computer Software |
| 2. Estimated useful life | - 3 Years |
| 3. Amortization of intangible Assets | - Computer Software |
| 4. Accounting Classification | - Depreciation & Amortization |

For transition to IND AS, the company has elected to continue with the carrying value of all its intangible assets recognized as at 1st April, 2016 (Transition date) measured as per the previously applicable Indian GAPP and use that carrying value as its deemed cost as at transition date.

2.5. Inventories:-

Inventories are valued at the lower of cost and net realizable value.

Cost of Raw materials, Stores and Spares, Fuel, Packing materials, etc., are valued at cost, computed on moving weighted average basis including the cost incurred in bringing the inventories to their present location or net realizable value whichever is lower.

Process stock and finished goods are valued at moving weighted average cost including the cost of conversion and other costs incurred in bringing the inventories to the present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.6. Cash Flow Statement:-

Cash flows are presented using indirect method, whereby profit / (Loss) before tax is adjusted for the effects of transaction of Non cash nature and accruals of past or future cash transaction. Cash comprise cash on hand and demand deposits with banks. Cash equivalents are short term balance with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash.

2.7. Borrowing Costs:-

Borrowing costs include interest expense calculated using the effective interest rate method (EIR), other costs incurred in connection with borrowing of funds and exchange differences to the extent regarded as an adjustment to the interest costs.

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying assets (net of income earned on temporary deployment of funds) are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognized as an expense in the period in which they are incurred.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

2.8 Financial Assets:-

Financial Assets comprises of investments in equity, trade receivables, cash and cash equivalents and other financial assets.

Classification:-

The company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income (FVTOCI) or fair value through Profit or Loss (FVTPL) on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial assets.

Initial Recognition and Measurement:-

All financial assets are recognized initially at fair value plus, in the case of financial assets not recognized at the fair value

through profit or loss, transaction costs that are attributable to the acquisition of the financial assets.

Subsequent measurements of financial assets are dependent on initial categorization. For impairment purposes, significant financial assets are tested on an individual basis and other financial assets are assessed collectively in groups that share similar credit risk characteristics.

De-recognition of Financial Assets:-

A Financial Asset is primarily de-recognized when the rights to receive cash flows from the asset have expired or the company has transferred its rights to receive cash flows from the asset.

2.9. Financial Liabilities:-

Financial Liabilities comprises of Borrowings from banks, Trade Payables, Derivative financial instruments, Financial Guarantee obligation and other financial liabilities.

Classification:-

The company classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through profit or loss (FVTPL). Such financial liabilities including derivative that are liabilities, shall be subsequently measured at fair value.

Amortized cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the statement of profit and loss. Any difference between the proceeds (Net of transactions costs) and the redemption amount is recognized in Profit or Loss over the period of the borrowings using the EIR method.

Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that same or all of the facility will be drawn down.

Trade and Other payables:-

A payable is classified as 'Trade Payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the company prior to the end of financial year, which are unpaid. They are recognized initially at their fair value and subsequently measured at amortized cost using the EIR method.

De-recognition of Financial Liabilities:-

A financial liability is de recognized when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability

that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other income or finance costs.

2.10. Impairment of Non-financial Assets:-

The carrying values of assets include property, plant and equipment, cash generating units and intangible assets are reviewed for impairment at each Balance Sheet date, if there is any indication of impairment based on internal and external factors.

Non financial assets are treated as impaired when the carrying amount of such asset exceeds its recoverable value. After recognition of impairment loss, the depreciation for the said assets is provided for remaining useful life based on the revised carrying amount, less its residual value if any, on straight line basis.

An impairment loss is charged to the statement of Profit and Loss in the year in which an asset is identified as impaired.

An impairment loss is reversed when there is an indication that the impairment loss may no longer exist or may have decreased.

2.11. Foreign Currency Transaction and Translation:

Transactions in foreign currencies are translated to the functional currency of the company (i.e. INR,) at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date, except for those derivative balances that are within the scope of IND AS – 109 “Financial instruments” are translated to the functional currency at the exchange rate at that date and the related foreign currency gain or loss are reported in the statement of Profit and Loss.

Foreign Exchange differences regarded as an adjustment to interest costs are recognized in the statement of Profit and Loss. Realized or unrealized gain in respect of the settlement or translation of borrowing is recognized as an adjustment to interest cost to the extent of the loss previously recognized as an adjustment to interest cost.

2.12. Employee Benefits:-

Employee benefits in the form of Provident Fund & Employee State Insurance are defined contribution plans. The company recognizes contribution payable to a defined contribution plan as an expense, when an employee renders the related services.

The company contributes monthly at 12% of employee's basic salary to Employee's Provident Fund & Employees Pension Fund administered by the Employees provident fund organization, Government of India. The company has no further obligations.

Gratuity liability and leave encashment liability are defined benefit plans. The cost of providing benefit under the defined benefit plans is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. The company has its own approved Gratuity fund with LIC Group Gratuity cash accumulations scheme and the contribution to that fund are being made to LIC.

The leave encashment entitlement is computed on calendar year basis and payment made to the Employees accordingly in the succeeding January of every year. Hence, there is no outstanding liability towards leave encashment.

Re-measurements of the net defined benefit liability / asset comprise:-

1. actuarial Gains and Losses;
2. the return on plan assets, excluding amounts included in net interest on the net defined benefit liability / asset; and
3. any change in the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability / asset.

Reimbursements of net defined benefit liability / asset are charged or credited to other Comprehensive Income.

2.13. Provision, Contingent Liabilities and Contingent Assets:-

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources, embodying economic benefits in respect of which a reliable estimate can be made.

Contingent liability is a possible obligation that may arise from past events and its existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the same are not recognized but disclosed in the financial statements.

Insurance claims are accounted on the basis of claims admitted or expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection. Contingent Assets are not recognized.

2.14. Taxes on Income:-

Income tax expenses comprises of current tax and deferred tax. It is recognized in the statement of Profit and Loss, except to the extent that it relates to items recognized directly in Equity or Other comprehensive income. In such cases, the tax

is also recognized directly in Equity or in other comprehensive income.

Current Tax:-

Current tax is the amount of tax payable on the taxable income for the year, determined in accordance with the provisions of the Income Tax Act, 1961

Deferred Tax:-

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and their corresponding tax bases. Deferred tax liabilities are generally recognized for all taxable temporary differences.

Deferred tax assets are generally recognized for all deductible temporary differences and unused tax losses being carried forward, to the extent that it is probable that taxable profits will be available in future against which those deductible temporary differences and tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the assets realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Minimum Alternate Tax (MAT)

MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period (i.e.) the period for which MAT credit is allowed to be carried forward, in the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of Profit and Loss and shown as MAT credit entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the company will pay normal income tax during the specified period.

30. Financial Risk Management:-

The company's principal financial liabilities comprise of borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for the company's operations. The company's principal financial assets include loans and advances, trade receivables and cash and bank balances that arise directly from its operations.

The company also enters into derivative transaction to hedge foreign currency and not for speculative purposes. The company is exposed to Market risk, Credit risk and Liquidity risk and the company's senior management oversees the management of these risks.

30.1. Market Risk

Market Risk is the risk that the fair value of future cash flows of a financial asset will fluctuate because of changes in market prices. The company's activities expose it to a variety of financial risks, including the effect of changes in foreign currency exchange rates and interest rates.

30.2. Currency Risk

Foreign Currency risk is the risk that fair value of future cash flow of an exposure will fluctuate because of changes in foreign exchange rates.

The company's exposure in USD and other foreign currency denominated transactions in connection with exports of finished goods, besides import of raw materials, capital goods and spares, etc., purchased in foreign currency, gives rise to exchange rate fluctuation risk. The company has following policies to mitigate this risk:

The company has entered into foreign currency forward contracts both for export and import, after taking into consideration of the anticipated foreign exchange inflows / outflows, timing of cash flows, tenure of the forward contract and prevailing foreign exchange market conditions.

30.3. Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates related primarily to the company's long term debt obligation with floating interest rates.

The company's fixed rate borrowings are carried at amortized cost and therefore are not subject to interest rate risk as defined in IND AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of change in market interest rates.

The following table shows the fixed rate borrowings of the company :- (Rs. in Lakhs)

	As at 31.03.19	As at 31.03.18
Fixed rate borrowings	1097.46	869.58

30.6. Capital Management:-

For the purpose of the company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity share holders of the company. The primary objective of the company's capital management is to safeguard continuity, maintain healthy capital ratios in order to support its business and maximize share holder value. The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through capital, internal accruals, long term borrowings and short term borrowings.

In order to achieve this overall objective the company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements.

During the year ended 31st March, 2019 and 31st March, 2018, there are no transfer between Level 1 and Level 2 fair value measurements and no transfer into and out of Level 3 fair value measurements, and there is no transaction / balance under Level 3.

Fair Valuation Technique:

The company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate certain fair values:-

1. Fair value of cash deposits, trade receivables, trade payables and other current financial assets and liabilities approximate their carrying amount largely due to the short term maturities of these instruments.
2. The fair value of derivatives are based on marked to market valuation statements received from banks with whom the company has entered into the relevant contracts.

Fair value hierarchy:

The following table provides the fair value measurement hierarchy of company's assets and liabilities, grouped into level 1 to level 3 as described below:-

1. Quoted prices / Published NAV (unadjusted) in active markets for identical assets or liabilities (Level 1)
2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability (i.e. as prices) or indirectly (i.e. derived from prices) Level 2. It includes fair value of the financial instruments that are not traded in an active market (for example, over the counter derivatives) and are determined by using valuation technique. These valuation techniques maximize the use of observable market data where it is available and

rely as little as possible on the company specific estimates. If all significant inputs required to fair value an instrument are observable, then the instrument is included in level 2.

3. Inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs) Level 3. If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

31. In March 2018, The ministry of Corporate Affairs issued the companies (Indian Accounting standards), (Amendments) Rules 2018, notifying the new standard IND AS 115 on Revenue from contracts with customers and it is applicable from 01.04.2018.

- Replaces IND AS 18 Revenue, and IND AS 11 Construction contracts
- Establishes a new control based revenue recognition model
- Provides new and more detailed guidance on specific topics such as multiple element arrangements, variables consideration, rights of return, warranties, principal versus agent consideration, consignment arrangements, bill and hold arrangements and licensing, to name a few.

Revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Adoption of IND AS 115 is not expected to have any impact on the company's revenue and profit or loss. The company expects the revenue recognition to occur at a point in time when the materials are delivered at the customers in case of FIBC bags, PP fabric, PP yarn, Paper bag & cotton yarn.

32. Significant Estimates and Judgements

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision or future periods, if the revision affects both current and future years.

Accordingly, the management has applied the following estimates / assumptions / judgements in preparation and presentation of financial statements:

Property, Plant and Equipment, intangible Assets:-

The residual values estimated useful life of PPEs & Intangible assets are assessed by technical team duly reviewed by the management at each reporting date. Wherever the management believes that the assigned useful life and

residual value are appropriate, such recommendations are accepted and adopted for computation of depreciation / amortization.

Current Taxes:-

Calculations of Income Taxes for the current period are done based on applicable tax laws and managements judgement by evaluating positions taken in tax returns and interpretation of relevant provisions of law.

Deferred Tax rate (Including MAT Credit Entitlement)

Significant Management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained / recognized, based upon the likely with future tax planning strategies.

Contingent Liabilities:-

Management judgement is exercised for estimating the possible outflow of resources, if any, in respect of Contingencies / Claims / Litigation against the company as it is not possible to predict the outcome of pending matters with accuracy.

Impairment of Trade receivables:-

The impairment for financial assets are done based on assumption about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market condition and forward booking estimates at the end of each reporting date.

Impairment of Non-Financial Asset (PPE / Intangible Assets)

The impairment of Non-Financial Assets is determined based on estimated of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flow, discount rates and risks specific to the asset.

Defined Benefit Plans and Other Long Term Benefits:-

The cost of the defined benefit plan and other long term benefits and the present value of such obligation are determined by the independent actuarial values. Management believes that the assumptions used by the actuary in determination of discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions.

Fair Value measurement of Financial Instruments:-

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the discounted cash flow (DCF) model, to determine its fair value. The inputs to these models are taken from

observable markets where possible, but where there is no feasible, a degree of judgements is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

Interest in other Entities:-

Significant management judgement is exercised in determining the interest in other entities. The management believes that wherever there is significant in finance over certain companies belong to its group, such companies are treated as associated companies even though it holds less than 20% of the voting right.

Investments

Non-current investments in Associate are carried at cost less provision for diminution, other than temporary, if any, in the value of such investments.

Earnings per Share

The earnings considered in ascertaining the Company's Earnings per Share (EPS) comprise net profit after tax (and include the post-tax effect of any extra ordinary items). The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year.
