Disclaimer

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically make may contain forward-looking statements that set out anticipated results based on the management’s plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as ‘anticipate’, ‘estimate’, ‘expects’, ‘projects’, ‘intends’, ‘plans’, ‘believes’, and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

BLS is the most prominent brand globally in Visa, Consular and Attestation Outsourcing Services and a leader in providing Front End / Citizen Services having a dense network of centres across the world. Our objective has always been to exceed the expectations of our client governments and customers and establish a new benchmark for outstanding service quality across our businesses.

The hallmark of our operations has been the warmth of hospitality extended to each valuable customer visiting our Visa Application Centres (VACs) and Citizen Services Centres (CSCs). With millions of global customers serviced annually, we take delight in improving the customer experience and maintaining the highest standards of service quality.

'Our Team' has been the cornerstone of our success story. Our team shares Company's strategic vision and has shown relentless commitment in ensuring we remain at the forefront as the preferred partner for consular services and citizen services to leading governments.

An Year of Exemplary Achievements

Creating New Benchmarks in Visa Processing and Consular Outsourcing Services

FY2016-17 has been one of the most successful years in the Company's history underlined by extraordinary developments. The continuous positive momentum of our efforts has led to tremendous strategic and financial success globally and domestically including:

- Servicing 29 client governments globally, adding three new business partnerships – Spain Global Contract, Punjab Citizen Services Centres and UAE Consular Manpower Division
- Laid the foundations for winning the Citizen Services contract from the Embassy of Afghanistan, which was awarded to us on 20th July, 2017
- First Indian Company to be awarded a visa outsourcing contract from a leading European nation – Spain

These iconic achievements mark another major milestone in our journey. With a highly differentiated business model and a commitment to both physical and data security, we continue to be the leading partners to governments, facilitating consular and citizen services across diverse territories. Having successfully entered diverse geographies and serviced clients globally, we have created new quality benchmarks in the visa, passport and consular outsourcing business.

Our new business pipeline has the potential to significantly enhance our operating scale and allow us to drive substantial growth in earnings and cashflows going forward. Given the rapid growth in tourism globally, we see ahead a huge market opportunity for BLS to capitalise upon.

During the last financial year, we got listed on both the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). BLS stands as the only Indian Company in the business of visa, passport and consular services to be publicly listed.

Leading the Government-Customer (G2C) Engagements

BLS has an unrivalled track record of delivering quality service, fast turnaround time and highly secured solutions to Government clients across the world. We manage non-judgmental and administrative tasks related to visa, consular and citizen service application processing for the client governments, enabling them to focus entirely on the critical task of assessment. BLS entered the business in 2005 by being a service provider to the Embassy of Portugal. Over the past twelve years, through profound domain experience and expertise, BLS has successfully expanded its spectrum of services to emerge as an end-to-end consular services specialist.

Supporting this successful business model is an agile and proprietary technology platform developed by BLS over the years.

- Our visa and passport processing business has a leading global market position, being the only Indian G2C service provider listed on NSE and BSE.
- Over the last twelve years, we have acquired deep industry expertise and developed highly scalable business processes for our clients globally.

Anticipating rapidly changing business trends and harnessing the extraordinary growth opportunity are key pillars of our strategic plan.

We strive to successfully partner governments offering high quality and secure solutions and optimise the customer's experience to create new quality benchmarks globally.

Our Values

Customer Focus

Understanding the continuously evolving customer needs and service preferences and creating shared value services for all our customers is a priority

Operational Excellence

Improving performance standards to meet the most critical client needs and adopting best practices to enhance our security measures is of utmost importance

Product Innovation

Fostering a work environment where creative thinking is encouraged to innovate transformational service offerings and enhancing value for both BLS and its stakeholders

People

Building a high-performance work culture wherein it drives individuals more than being given responsibility and knowing they are trusted

First Mover Advantage in Citizen Services

Our Citizen Services in India

We are proud to be associated with India’s largest Citizen Services (e-governance) initiative under the Right to Service (RTS) Act, the Punjab Sewa Kendra Project. This contract was secured from the Punjab e-Governance Society through a highly competitive process. As a ground breaking e-governance project in India, BLS would be delivering more than 223 services to the people of Punjab across 22 districts.

During the year, we successfully processed over 600,000 applications in the first 100 days and 7.0 million applications in just one year time. We had set up 2,147 service centers in the Punjab State in record time of four months and completed the implementation of the project well ahead of schedule.

Achieving these milestones in the Punjab e-Governance Project has not only strengthened our brand credibility but also paved the way for us to capitalise on the high growth opportunity offered by the Digital India campaign in the domestic market.

Punjab e-Governance Project Landscape

Indian e-Governance Ecosystem: The Face of Opportunity

Over the last few years, the Indian Government has taken several initiatives, which will provide attractive opportunities for niche service providers in the e-service ecosystem. Within India, the opportunity matrix for BLS is continuously expanding with the Government's key focus on Digital India model.

- Indian Government is leveraging solutions and services from specialist service providers to realise the vision of Digital India
- At both centre and state level governments, initiatives are being undertaken to promote the Digital India model for rendering public services effectively

With several states including Haryana, Delhi and Orissa looking to replicate the Punjab e-governance model, BLS has outstanding credentials and first mover advantage given its tremendous success in Punjab.

Vision of Digital India, steering the next phase of India's progress

International Perspective

According to United Nations e-Government Survey 2016, there has been a significant increase in the number of countries that are providing public services online through one stop platform.

Globally, South East Asian countries are also adopting e-governance model proactively, opening exciting opportunities for BLS. Ramp up in e-governance initiatives worldwide shall enable BLS to penetrate high growth markets across geographies. Given the first mover advantage of BLS in the e-governance space, coupled with our experience in the consular service arena, we see ourselves ideally positioned to emerge as the global leader in e-service matrix not just within India but also across South East Asia as well.

Citizen Services Contract from the Embassy of Afghanistan

Backed by our strong credibility and unrivalled market positioning, BLS International was awarded a high profile Citizen Services contract from the Embassy of Afghanistan worth USD 5 million for the five Gulf countries on 20th June, 2017. As per the contract, we opened Citizen Service Centers (CSC) across the five Gulf countries including UAE, Kuwait, Oman, Bahrain and Qatar for the nationals of Afghanistan.

Driven by our highly efficient processes and motivated teams, we opened eight CSCs in a very short span of 30 days, to support the Embassy of Afghanistan and Consulates General of Afghanistan. The key highlight for the Company has been the processing of over 0.2 million applications through our eight CSCs for the Afghans dwelling all over UAE, Kuwait, Oman, Bahrain and Qatar, till date.

Our spectrum of Citizen Services under this contract include:

- Accepting documents on behalf of the Ministry and facilitate the Ministry.
- Attestation/Apostille services
- Extend services like translation, state attestation services, etc.
- Collection of finger prints, facial photo, retina scan, etc. with/without passport processing

With this contract in place, we have not only enabled the registered Afghan citizens to exercise their rights including the right to property, privacy, freedom of movement, obtaining passport, person's eligibility to vote, etc. but also reinforced ourselves as a market leader in one of the most emerging Citizen Services domain.

Our Competitive Advantage

Highly Scalable Business Model

We enter into contracts directly with Foreign Ministries, which have stringent pre-qualification requirements that cover industry experience, track record, international operations, minimum net worth and a minimum annual turnover. With these criteria in place, we have successfully developed global brand recognition as the consular and citizen service provider of choice.

With a strategic focus on expanding our business profitably in to high growth markets across geographies, we have developed highly scalable, secured and cost-efficient proprietary systems and processes. We are also continually seeking to reduce the process life cycles to meet increasing demand of our global clients.

Unique Business Proposition

Global Reach

With client governments located in multiple political, financial and economic systems and adhering to diverse regulations and cultural practices, BLS has been able to fulfill a wide range of dynamic requirements. We have addressed these challenges effectively to ensure success of all engagements in the global marketplace.

Business Integrity

At BLS International, an abiding commitment to integrity is hardwired into our business practices under the overarching umbrella of corporate governance. We believe that corporate governance creates an environment of trust, transparency and accountability vital to financial stability and sustainable growth of our business. For us, it forms the very fabric of doing business in an ethical and

responsible way. It is implemented organisation wide through a structure of responsibilities, accountability and reporting, uncompromisingly overseen by our leadership team.

For us, business integrity stands for irreproachable honesty, ethical behaviour, respect for people and compliance with applicable laws and regulations at all times and under all circumstances. Our organisational code of conduct also ensures that every stakeholder – employee, client, business partner, supplier and contractor understands and shares our commitment to business integrity.

Technological Innovations

BLS International's rapid growth trajectory has been catalysed by harnessing the infinite power of modern technology. As a strategic partner to sensitive clients, it deploys best-in-class technology to provide solutions to governments across the globe so that they can transform the way they deliver services to citizens. Our goal is to leverage innovations in technology to help its clients augment service improvements and responsiveness to their citizens; maximise productivity and efficiency of their service processes; and use the power of the digital revolution to empower their citizens.

Security

We have created proprietary technology platform especially for robustness and scalability while maintaining the utmost security of client data. The strength of its technology deployment has significantly enhanced its ability to manage complex workflows for huge volumes of data and applications with secured operations.

Milestones Covered During Our Journey

Excellence at Work

Over the years, BLS has developed extensive and trusted business partnerships, by engaging with governments worldwide to implement large scale and transformative initiatives and drive synergies across visa, consular and citizen services.

Our significant progress is based on the strategic and operational foundations we have cultivated at BLS. With a vision of improving our business processes every day and to reinforce our leadership position in the industry, we are focused on mitigating risks, optimising costs and enhancing service quality for our clients.

State-of-the-Art Visa Application Centres (VACs) and Citizen Service Centres (CSCs)

Our visa and citizen facilitation services are handled through state-of-the-art application centres. We have ensured that all our VACs are strategically located at central locations and in close proximity to the concerned missions. All our application centres are also easily accessible by public and personal transport. We have customised all our centres, with due attention paid to the ethnic, religious and cultural sensitivities of those regions, to ensure a seamless and effortless experience for the applicants. The premises at all our VACs are climate controlled, thereby ensuring a pleasant experience for the applicants.

Our Quality Hallmark - Service and Security

Our ISO 9001, ISO 23026:2015 and ISO 27001 certifications endorse our quality standards, which are benchmarked to global requirements. We conduct periodic customer surveys to assess the service quality of our staff. Regular internal audits are also undertaken to gauge the quality levels of customer's data security and processes.

Data Security

The highest level of data security adopted by us has been the key differentiating factor of our success. Data collected is purged in accordance with rules defined by the Clients. Applicant's information is kept confidential on the most secured servers in the world.

Laying stress on the processes, our biometric data collection service is also fully encrypted and secure. We always ensure that no data remains in our application system after the collection of visa / passport. All our centres are equipped to safeguard and maintain the backups of our customers' encrypted data and access to such information is highly confidential.

Physical Security

Physical security is one of the key focus areas for the Company. We have adopted the best-in-class electronic and physical measures to secure all of our premises and assets. These measures encompass:

- No Local Storage Allowed
- Secure Data Centre for Hosting of Web Server
- Latest Firewall and Antivirus at all Workstations
- CCTV and Remote Monitoring
- Motion Sensor Systems
- Alarm Systems
- Stringent Background Screening of our Personnel

In compliance with the performance control and security checks prescribed by our clients, we provide full cooperation in implementation procedures and ensure that all customer interaction fulfils the mandated standards.

Personalised Customer Engagement

Delivering exceptional and personalised customer service is at the heart of our business. With millions of annual customers serviced globally, our personalised customer engagement at application centres becomes one of the key drivers of our success. Customer engagement is a focal point of our hospitality. In addition to regular services, Kids Corner, Form Filling Facilitation etc. are some of the innovative solutions provided to customers at our VACs.

Long running of our success in delivering personalised customer service is also shared by our multilingual call centre for our customer interaction across the globe. A full-fledged team currently supports operations with the help of team leaders, quality auditors and training personnel to constantly monitor performance.

Superior Technology Platform

One of the key growth drivers for us has been our very agile and superior technological prowess. We are regularly investing in technological advancement to provide need-based, customised solutions to our clients around the world.

In today's world, where data security has gained most importance, we strive to maintain the data

security and confidentiality of our clients by continuously investing efforts in upscaling our technological strength. Our strong technology deployment allows us to effectively manage the complex workflows for large volumes of applications. Our integrated appointment scheduling system ensures high-end convenience for applicants. Our other technological services include:

- Website Development Services
- Payment Acceptance and Issuance of Bar-Coded Receipts
- Queue Management System
- Tracking Application Status
- Biometric Services
- Availability of Software Application and Data
- Integration of Various Payment Methods

Talented and Skilled Teams

We have always been proud of our skilled and talented team members who are also the foundation of our success. They are BLS's greatest strength and most valuable asset that enables us to compete globally. That is why we continue to invest heavily and relentlessly in developing all of our professionals worldwide. During the year, we added over 8,000 people (both on-roll and associates), who received the best-in-class induction and orientation training program. Our existing teams benefitted from development programs focusing on customer service excellence, technical expertise and managerial capability. We're at an all-time high, with over 9,000 employees including both on-roll and associates employed across the world.

Helping us to achieve our goals and bring our vision to life are our extraordinary team of global professionals. Throughout all aspects of our customer service delivery, our teamwork relentlessly to drive excellence and mitigate day-to-day problems, aiding us in our continued success.

Overall, BLS is committed to investing for the future by building talented global teams to continuously meet the demanding needs of our business and clients.

Tremendous growth in tourism combined with enhanced security measures have greatly increased the demand for consular outsourcing services

Harnessing the Global Opportunity Unleashing Possibilities...

Travel Industry Dynamics Driving Consular Outsourcing Growth:

According to the United Nations World Tourism Organisation (UNWTO)

- International travel is consistently increasing with each passing year, driving the growth in number of visa applications
- International tourist arrivals reached a record 1.2 billion in 2015 and is projected to cross the 1.8 billion mark by 2030
- Estimated number of travelers globally to have grown at over 4% for 2016
- Europe has traditionally been the largest market for international tourist arrivals, soon to be matched by the Asia Pacific region

According to the World Travel & Tourism Council (WTTC)

- Travel industry continues to be a key driver of economic growth and job creation, growing at 4% in 2014 and providing 266 million jobs, directly and indirectly
- Travel Industry growth outperforms the global economy as a whole
- Development of the tourism industry often requires strong international and public-private partnerships to overcome financial, institutional and organisational bottlenecks

Great Opportunities Ahead

The visa outsourcing industry has shown significant growth with over 40 million visa applications being currently managed by specialised service providers globally. However, this translates to just 31% of the total visa market currently being outsourced with the remaining 69% yet to be tapped by outsourcing service providers.

With 69% of the industry still not outsourced and governments seeking to implement quality and cost-effective solutions to manage increasing travel demand, this dynamic translates into a significant opportunity for BLS. Backed by the years of industry experience, strong brand positioning, competitive advantage and the niche nature of the industry, BLS is well equipped to capitalise on the potential of this magnitude.

BLS To Seize the Growing Opportunities:

BLS has processed over 20 million applications to date with an approximately 18 million applications estimated to be processed during the year FY2017-18E. In FY2017-18E, several foreign mission tenders are likely to be submitted and BLS is prequalified to bid for these global tenders in the pipeline.

Backed by the years of industry experience, strong brand positioning, competitive advantage and the niche nature of the industry, BLS is well equipped to capitalise on the potential of this magnitude

Touching New Heights During the Year

1. €175 million contract by the Government of Spain

2. BLS was awarded renewal contracts from Russia and Singapore for outsourcing services

As a testament to the quality of our services, we secured renewal contracts for 4 years each from both Russia and Singapore for outsourcing services. Our scope of services includes managing the administrative and non-judgmental tasks of processing visa applications in Russia and in Singapore for managing the administrative function of passport, visa, OCI and PIO application processes.

3. Stock Exchange Listing

During the year, BLS successfully got listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE), India. Our offering was very well received by the capital markets and reflects the strong investment case that BLS offers to its shareholders. This was a major milestone for the Company.

Key focus on increasing our market share along with prudent financial management has helped us deliver another year of strong all-round performance

MD's Message

Dear Stakeholders,

It gives me immense pleasure to report yet another year of profitable and exciting growth, with our business trajectory underpinned by outstanding achievements. In our ongoing pursuit of strengthening the BLS consular service ecosystem, we have always maintained a unique culture of creativity to drive the momentum in our innovation. The cornerstone of our vision has always been to focus upon services quality enhancement, continuous process improvement, sustainable revenue streams, investment in human capital, team empowerment and most importantly, client satisfaction.

As I reflect on the previous year, FY2016-17 has been characterised by robust organic growth both in the domestic and international business. We have strategically deepened our business model and it is very encouraging to see this reflected in our transformational journey. In the tourism industry, we successfully managed to harness the sectoral growth globally and be awarded several high-profile consular service contracts during the year. We expanded the reach of our visa, passport and consular services to 58 countries, servicing a total of 29 client governments during the year.

However, this growth was not only captured through enhanced volume processing in visa and passport consular services but also from the first citizen services (e-governance) project in India. These strategic developments have laid the foundations for a diversified business model going into the future. The high degree of service quality, product innovation and customer satisfaction set by BLS in the sphere of visa, passport and consular outsourcing services is unrivalled and we continue to delight customers by transforming G2C engagements globally. BLS has now been launched into new levels of growth which will serve us well in the years to come.

With this in mind, the theme for this year's Annual Report is "Transforming Governance, Beyond Boundaries: Creating New Benchmarks".

Financial Performance Review

BLS performed well across all financial and operating parameters during the last year. Our asset-light model, coupled with a key focus on further expanding our margins, has helped us deliver another year of strong all-around performance. During the year under review, on a consolidated basis, total revenue increased to

Rs. 6,373 million as compared to Rs. 5,055 million in the previous year, a growth of 26.1% y-o-y. EBITDA margin stood at 13.3%, up by 592 bps over last year, mainly contributed by expansion in gross margin. PAT for the year stood at Rs. 500 million, up by 61.7% y-o-y, as compared to Rs. 309 million in the previous year.

Our service specialization, exceptionally strong execution and an asset light model have given shareholders a Return on Equity (ROE) of 30.3% for the year. We also have a robust capital structure with a Debt to Equity ratio of 0.51x and a Net Debt/EBITDA of 0.20x. Overall, we credit these achievements in large part to our core consular processing and outsourcing services along with our recent expansion into the front end and citizen services.

Consular Processing and Outsourcing Services

Over the last few decades, tourism has experienced continued growth and has now become one of the fastest growing economic sectors in the world. As per the United Nations' World Tourism Organization (UNWTO) the number of travelers worldwide increased to 1.2 billion in 2015 and is projected to cross 1.8 billion mark by 2030, with an estimated industry growth of over 4% for the year 2016. With this backdrop of rapidly increasing travel demand, governments are increasingly seeking to outsource visa, consular, citizen and passport services.

Since our foundation, BLS has concentrated on partnering with governments to manage their embassies and foreign mission services effectively. During the year, we successfully harnessed the opportunity in the travel sector, to be awarded a combination of new and renewal contracts. The most high profile new contract win for BLS during the year, was a contract from the Ministry of Foreign Affairs and Cooperation, Spain with a value of €175 million. This contract was truly a milestone as the first global visa outsourcing contract for any Indian company from Europe. We were also awarded a new contract from UAE Consular Manpower Division.

We had similar success in the renewal of contracts with BLS extending existing contracts for an additional 4 years each from both Russia and Singapore for outsourcing services. This clearly endorses the strength of our high quality, cost-efficient services and the success of our customer centric approach. The addition of these contracts

has further enhanced our brand credibility and reinforced our market position as a leading consular service specialist.

With just 31% of the consular services contracts

India's first Citizen services project, by the Punjab government the previous year. Further, in the year under review, the real endorsement of our success was achieved through the successful implementation of this project and configuring

“ We are driven to grow our business profitably to create utmost value for all our stakeholders ”

currently being outsourced globally, our target market has significant potential for expansion. Today, with a global presence spanning over 58 countries and 29 client governments, and a total of about 20 million applications processed to date, BLS is well positioned to transcend next trajectory of growth.

Front End and Citizen Services

As part of our long-term strategy, we are continuing to build a e-service ecosystem that is aligned to our existing technology platform in the form of Front End and Citizen Services. This complements our processes and enables us to further consolidate our position into the niche Front End and Citizen services space. In addition to our traditional visa and passport consular services, BLS was awarded

2,147 service centres in a record time of three months. This enabled us to not only create a new benchmark but also establish for ourselves an additional and recurring revenue stream, further strengthening our cash-rich model.

Globally, South East Asian countries are also adopting e-governance model proactively. Ramp up in Citizen services initiatives worldwide shall enable BLS to penetrate high growth markets across geographies. Given the first mover advantage of BLS in the this space, coupled with our experience in the consular service arena, we see ourselves ideally positioned to emerge as the global leader in Front End and Citizen services matrix.

Investing in our People

We have always been proud of our skilled and

talented team members who are also the foundation of our success. They are our greatest strength and most valuable asset that enables us to compete globally. That is why we continue to invest heavily and relentlessly in developing our professionals worldwide. During the year, we added over 8000 people (both on-roll and associates), who received the best-in-class induction and orientation training program. Our existing teams benefitted from development programs focusing on customer service excellence, technical expertise and managerial capability. We're at an all-time high, with over 9000 employees including both on-roll and associates employed across the world.

Helping us to achieve our goals and bring our vision to life are our extraordinary teams of global professionals. Throughout all aspects of our customer service delivery, our teamwork relentlessly drive to excellence and mitigate day-to-day problems, aiding us in our continued success.

Concluding Thoughts

Anchored on our philosophy of enhancing value for our shareholders, we have always strived to break new grounds. During the year, the Company achieved another major milestone by getting listed on the country's major Bombay Stock Exchange and National Stock Exchange. With this,

our company now stands listed on three stock exchanges including the Bombay Stock Exchange, National Stock Exchange and Metropolitan Stock Exchange. During the year, we have not just grown in numbers but have also enhanced our brand equity significantly. We now stand at a point where our confidence stands tall and we look at the future with the optimism and in the process, herald a promising tomorrow.

On behalf of the Board, I would like to express my sincere thanks to all our clients for entrusting us and especially to the returning clients that have instilled confidence in BLS. We are committed to innovate and remain on the path of relevance to our clients. I would also like to express my gratitude, and that of the Board, to the entire team of BLS for the dedication and professionalism that they have demonstrated throughout another successful year. I would also like to express my gratitude to our shareholders, partners, vendors, customers and creditors for their continued support. We are driven to grow our business profitably to create utmost value for all our stakeholders.

Warm Regards

Testimonials

Client Testimonials

"I hereby certify that the BLS International Services Limited Visas Center in La Paz, Bolivia, became operational on December 19, 2016.

The entire opening process was carried out in accordance with the Consular Section of the Spanish Embassy, and there is always a good communication with those responsible for the Center. I am very pleased with the work of the manager, Da Angeles Gil, and the rest of the staff.

Which I sign in La Paz, on June 19, 2017, to record and have the appropriate effects."

I HEREBY CERTIFY THAT

Jaya Devi Rengasamy has carried out in a very professional manner the task of setting up the visa centre in Jakarta for the company BLS INTERNATIONAL SERVICES LTD., which is currently associated with the Ministry of Foreign Affairs and Cooperation.

Ms. Jaya has led the project with decisiveness and she has always been more than available for comments, feedback, and requests by the Embassy of Spain in Indonesia.

Ms. Jaya has been very professional and helpful throughout the complex and challenging process of setting up from scratch a visa centre in a city like Jakarta. Her excellent work and great effort have been essential in the smooth transition from the former service provider to BLS, ensuring the continuity of the visa services by the Embassy of Spain.

Hence, we want to hereby convey our sincere praise of Ms. Jaya's hard work and excellent attitude.

Head of Consular Affairs
Embassy of Spain at Indonesia

Customer Testimonials

Dear management of Spain Visa Application center,

We are a couple from Shanghai and Beijing. We came to your VAC to submit applications and your staff Rita treated us very enthusiastically. When she checked our documents, she found that we don't have copy of "Hukou", so she helped us very patiently and with smile all the time. After we got the correct documents from our family, she helped us to solve the problem fast and efficiently.

When Rita is helping us, she always has a smile and we feel very warm with her service. Although the process was not that smooth because we did not carry the correct documents at first, Rita's service made us feel very warm and we felt the standardized management of Capital Beijing and VAC. Spain VAC is customer-oriented, what a superb service quality! Professional and warm Rita, thank you. We sincerely thank you for your help.

Thank you again!

The BLS Community

“Developing Talent for Tomorrow”

Growing and perpetuating our vision and values requires a robust culture. Our culture makes us distinct and helps us attract, retain and cultivate the best talent. Apart from well established HR process, offering our employees Monthly Reward and Recognition benefits, Employee Referral Schemes, Induction programs, etc, we have undertaken some of the outstanding initiatives to strengthen and motivate the ‘BLS Community’ as a whole. Suck key initiatives include:

Training Programs

Through our four Global Training Centres (GTCs), we propose regular training programs encompassing customer relationship management, security protocols, change management and end user training. This embraces all aspects of skills and behavioural needs to enable BLS staff to deliver the goals of the project. The training broadly includes:

- Interpersonal Skill Training
- Induction Training
- Soft Skill Training
- Safety Training
- Managerial Training etc.

Empowering Disabled-Personnel

Our 2% of the total workforce globally is specially-able.

There is no better example than our commitment to hiring people with disabilities. These talented professionals bring unique experiences that foster innovation and new ideas while contributing to a culture of warmth and true inclusion.

Team Building and Recreational Activities

Apart from encouraging ownership and unearthing natural leaders, it is also becoming imperative to gain long-term commitment and discretionary effort from the team. To address this, our employees are encouraged to actively participate in numerous team building and recreational activities, which BLS undertakes on a regular basis. A key outcome of our team building and recreational activities is it helps reduce barriers between employer and employee and give the entire team, a chance to understand each other’s strengths and weaknesses.

Management Discussion and Analysis Report FY2016-17

Pursuant to Regulation 34 of the SEBI Listing Agreement, a Management Discussion & Analysis Report covering macroeconomic dynamics, segment-wise performance and outlook is given below:

Company Profile

BLS is one of the world's largest visa, passport and consular outsourcing services provider for governments and their diplomatic missions worldwide. We manage visa and passport issuance-related administrative and non-judgmental tasks for our client governments, which enables our clients to focus on the important judgmental part of the visa issuance process.

Over the past 12 years, we have grown rapidly across geographies, acquiring more complex and durable competencies that will hold us in good stead over the long term. We have evolved from being a consular processing support to an end-to-end consular services specialist. Today, we stand as a transnational company having a diversified spectrum of consular services with a key focus on the evolving needs of our clients and customers.

Our Spectrum of Consular Services Include:

- Visa and Passport Processing
- Dedicated Visa and Passport Application Centers
- Apostille and Attestation Services
- Verification Services
- Web Based Modules (For Appointment Scheduling and Online Payment Collection)
- Biometrics Solutions Development
- Online Electronic Travel Advisory
- Value Added / Convenience Services

Driven by our unique expertise to process millions of applications around the world, we further augmented our reach to 'Front End and Citizen Services' domain, which stands as one of the most emerging businesses across the world. Current portfolio of our Front End and Citizen Services

include an e-governance contract from the Government of Punjab, India and another recent contract win from the Embassy of Afghanistan. The Punjab e-governance project is one of the ground breaking projects in India, where by BLS is currently delivering over 82 services to the people of Punjab across 22 districts. Under the Citizen Services contract by the Embassy of Afghanistan awarded to us on 20th June, 2017, we have opened 8 Citizen Service Centres (CSCs) for all the Afghan nations residing in UAE, Kuwait, Oman, Bahrain and Qatar.

We take pride in maintaining long, robust relationships with clients and has also tied up with the world's leading technology providers to ensure technology expertise and ingenuity for our diverse services. With the Company currently servicing 29 governments through its global network of 2,320 centres combining of both VACs and CSCs, it has established a strong market position and become a highly trusted name in such a niche industry.

Global Macro Economic Scenario

World Economic Output is on path to recovery and recorded a growth of 3.1% in 2016. It is expected to further improve to 3.5% in 2017 and 3.6% in 2018. Second half of 2016 experienced a positive momentum in the world economic growth primarily driven by business growth remained robust in the US. In addition, activity in Euro Countries saw a positive momentum driven by strong domestic demand. Emerging economies from Asia, including India continued to drive growth.

Region-wise Growth Forecasts:

Euro Area: Euro Area (consisting of Germany, France, Italy and Spain) is expected to grow by 1.6% in 2017 and 1.5% in 2018, a slight recovery than 2016. This growth is expected to be driven by a mildly expansionary fiscal stance, accommodative financial conditions, a weaker euro. Germany, Spain and France are likely to see some softening of growth in 2017 and 2018 while France's growth is expected to pick up to 1.4% in 2017 and 1.6% in 2018.

Key Emerging Markets and Developing Economies: China's growth is projected at 6.6% in 2017 and

6.2% in 2018. The upward revision in forecasts as compared to the October 2016 World Economic Output, reflects the stronger-than-expected momentum in 2016 and the anticipation of continued policy support in the form of strong credit growth and reliance on public investment to achieve growth targets.

As per IMF, India is expected to grow at 7.2% in 2017, an increase of 0.4% compared to same period last year. This growth was achieved despite short term impact of demonetisation during the last quarter of 2016. The 7.2% forecast for 2017 is supported by the prudent budget, fiscal discipline, economic reforms and implementation of Good and Service Tax (GST) which will provide much needed stimulus to achieve higher growth trajectory. During 2018, India is expected to grow at 7.7%. The medium-term growth is expected to be driven by the higher public investment, implementation of key reforms, improvement of supply-side bottlenecks and appropriate fiscal and monetary policies.

The ASEAN-5 economies (Indonesia, Malaysia, Philippines, Vietnam and Thailand) anticipated to experience slightly accelerated growth in 2017 as compared to 2016. The near-term pickup in growth is underpinned by stronger domestic demand, tourism growth and higher public spending.

Consular Industry Overview

As per United Nations' World Tourism Organisation (UNWTO), the world has seen a continuous growth of travel over past two decades. 2012 marked the year in time when the number of travelers globally touched 1.0 billion mark, which increased to 1.2 billion in 2015 and is projected to cross 1.8 billion mark by 2030. Given the ever-increasing travel demand, governments continued to implement a variety of measures to manage and facilitate the travel industry growth including streamlining visa processing and changing visa requirements. However, due to limited capacity in consular sections and to increase the overall efficiency of consular services, western countries started to outsource non-essential consular processes initially. The western nations were the first to outsource around 25-30 years back, and initially

started Embassy tenders by piece-meal.

On the backdrop of changes introduced by the western countries in past one decade, particularly alternate forms of travel authorisations such as trusted traveler programs, offering visa on arrival and electronic visas, the consular service outsourcing trend has evolved to more of global / regional tenders than the piece-meal work. Subsequently, with global travel traffic growing to Middle-East and South Asian countries, these countries are becoming significant markets for consular service providers.

Concurrently, another major transformational force in consular service has been the security concern. With exponential increase in security threats globally including illegal immigration, ensuring proper security checks has become a priority. With measures being undertaken by all the countries to address the security challenges, the demand for non-judgmental consular support is increasing tremendously. BLS has already tied up with world's leading technology providers to ensure specific technology expertise in this domain.

From Indian business context, the consular support industry is relatively young (at around a decade and half) but has witnessed significant changes. Ranging from increasing tourism to tackling security challenges, Indian government has also been offering significant business opportunities to consular service providers. Consular business in India is expected to witness a robust growth in the future, given Indian Government's strong focus on tourism, Foreign Direct Investment and Foreign Technology Transfer.

Strengths and Opportunities

Strengths:

From our humble beginning in 2005, BLS has grown to over 58 countries serving millions of customers every year. This has been made possible by our commitment to achieving excellence through a strength-based approach.

Our greatest strength is the ability to understand client requirements and meet their expectations. We have a rich industry experience of 12 years

and understand the consular market very well. We work with the governments globally, consistently gaining their 'Trust' and delivering the 'Client Fulfillment'.

At BLS, we understand that anything that stands next to the client is customer satisfaction. Our success is attributed to our highly experienced teams, and their ability to deliver unsurpassed service quality to the total satisfaction of all our customers. We also have our strength in highly secured and optimised consular service processes along with widely distributed VACs and CSCs across 58 countries, proprietary technology platform, quality systems and human resources.

We are committed to enhancing our capacity ahead of the demand. We also take proud in having self-financed most of our expansion plans till date. We believe in prudent financial management and will maintain status quo in the future years to come.

Opportunities

Geographic Expansion: Driven by its unrivalled market positioning, highly successful business model and years of rich experience in consular industry, BLS holds a competitive advantage to expand its operations to untapped geographies globally. Recently, we have become the first Indian company to win the consular contract from Spain. With such achievements and high credibility, we are expecting a multi-fold increase in our clientele in the coming years to come.

Business Opportunities in Eastern countries: Our vision is to become the most sought after consular service specialist in the world. This can only be accomplished if we continue to foresee the upcoming opportunities and make a first move towards such high growth markets. We see significant potential in global/regional contracts of Eastern countries such as Republic of Korea, Thailand and China in the coming years and are fully prepared to capitalise upon it.

Leveraging Visa Consultancy business: With a view to capitalise on the brand equity of BLS International, we have started providing visa consultancy services to various consulates. This is major step towards forward integration of our business and we expect consultancy services to

provide us significant opportunities to move up the value chain.

First Mover Advantage in Front End and Citizen Services: Backed by our strong execution capabilities and highly efficient processes, we have successfully diversified our services to enter Citizen Services domain, which stands as one off the high growth but untapped businesses. We successfully managed to complete the Punjab e-governance project much ahead of the schedule and also win an international Citizen Services contract from the Embassy of Afghanistan in recent times. These projects have not only provided us the first mover advantage but have also served to set a precedence of high service quality. It opens for us tremendous opportunities both in India and internationally.

Business Performance

1. Segment Overview

Our business activity falls within a single business segment i.e. rendering of Visa and other allied services. However, the Company's operations are managed on a worldwide basis, which are the revenue driver for the Company. Our centres are situated globally across 58 countries, as per the relevant client government's requirements in specific city locations. They accept visa applications directly from applicants or via travel agents, ensure all documentation is in order, complete basic administrative processing work and pass on the applications to the relevant diplomatic mission.

We work predominantly with a user-pay revenue model where we receive our service fee directly from visa applicants, in addition to the visa fees which are remitted to the diplomatic mission. In some countries, we operate with a Facility Management Partner (FMP) for regulatory or cultural reasons. These FMPs handle the operations under the brand name of BLS International. Some of the staff in these countries are employed by the FMP and infrastructure is provided by the FMP, but key managers are employed by BLS International and BLS International maintains complete control and takes full responsibility for, the entire operation.

Revenue from Operations	6,349.59	5,049.58	25.74%

FY2016-17 Revenue Contribution by Geography

During the year under review, on consolidated basis, Middle East stood as the highest contributor to the Company's revenue with a revenue share of 44.9%. On a y-o-y basis, Middle East revenues increased marginally by 3.54% to Rs. 2,848.61 million. This growth was primarily driven by the UAE consular services contract awarded to BLS. North America stood second in revenue contribution with a share of 25.8% and marked a robust growth of 10.64% on a y-o-y basis. Given significant market potential in Asia-Pacific, BLS continued to grow its operations by 19.30%, the second highest growing geography for the Company during the year.

However, the most outstanding region for BLS has been the domestic market i.e. India. Revenue from India increased to Rs. 1,170.85 million from Rs. 158.95 million, up by 636.62% compared to last year. This phenomenal growth in India is driven by the Punjab e-governance project, which has not only been a financial achievement but also a key strategic achievement for the Company.

Risk and Concerns

At BLS International with our operations spanning across globally, every day we undertake numerous unique transactions in multiple global currencies. Therefore, it becomes imperative for us to be aware of all types of potentials risks and concerns related to our business and industry. We closely track the market developments with a keen focus on following types of potential risks:

Security Risk: As a business handling sensitive national data, we are susceptible to online as well as physical attacks. We try to mitigate the same by using a strong security framework (offline as well as online), as evidenced by our ISO certifications.

Brand Risk: We have spent 12 years in the industry, giving our best to reach the level we are at today and create a credible brand equity. Our future depends upon our ability to sustain our brand and its legacy. We use strong marketing and business development as a tool to try and mitigate any risk to our brand.

Attrition Risk: Our business model is such that we not only need to maintain strong relationship in the market but also provide utmost confidentiality and security to our clients and customers. Such critical nature of work requires BLS to provide specialised training programs to our employees bearing a great opportunity cost for the Company. Therefore, retaining employees is critical to the growth of our business. To mitigate such risks, we have developed a culture where our employees are encouraged to innovate which helps them grow both professionally and personally.

Internal Control Systems and their Adequacy

As a business philosophy, BLS International believes in inclusive growth inherent with strong internal control processes. Given the highly sensitive domain (as well as its direct relation to national security), our internal control systems places a lot of emphasis on security – data security as well as physical security – and works as per highest international security standards. Stringent controls and processes are in place to monitor and control operations across the world. BLS International also follows strict guidelines when recruiting employees. Its global operations are certified with ISO 9001:2008 for Quality Management System and ISO 27001:2005 for Information Security Management System. Processing visa applications requires a very high standard of security and

quality. Over the last 12 years, BLS International has invested in cutting-edge data security and quality assurance technology. The very high priority it gives to security has been further highlighted by its investment in a state-of-the-art monitoring system.

Human Resources Overview

BLS has a well-established Human Resource Department responsible for taking various initiatives to support business through organisational efficiency, process optimisation and various employee engagement programs which have helped the Organisation achieve higher productivity levels. The main focus of the Company is the development of employees in various areas with specific focus on customer service and technical & managerial capacity building in order to meet the future talent requirement.

The Company has a conducive work environment and there is constant effort to improve the same, thus encouraging innovation and productivity. The Company has the policy that attracts high skilled employees from the Industry and also retains them by providing them appropriate growth opportunities.

BLS will continue to institute various measures geared towards developing a work environment in which a diverse range of employees can exercise their skills and capabilities to the fullest. Some of the core initiatives undertaken by the Human Resource Department as an employee motivational tool include the following:

1. Induction of various Reward and Recognition Programmes

BLS has initiated various employee motivational programmes by introducing various reward and recognition programmes across the year, some of the initiatives are:

Recognition of Best Employee of the month – A motivational programme held on monthly basis for recognising the contribution made by an employee. An appreciation Certificate and Monetary reward is given to the Employee as a part of motivational programme.

2. Training Programmes

BLS is dedicated towards grooming its employees by providing various trainings from time to time to cater the organisational needs with the

changing momentum of corporate environment. Our employees undergo regular training programs across our four Global Training Centres. Human Resource department is focussed for catering the encompassing change management and providing end user training. This embraces all aspects of skills and behavioural needs to enable BLS staff to deliver the goals of the organisation.

Business Outlook

The year FY2016-17 was characterised by increased security concerns for various countries, high visa issuance related scrutiny and exponential increase in illegal immigration. Both advanced as well as emerging economies continued to experience these challenges. This has further encouraged the governments to focus on more critical and judgmental aspect of consular services while outsourcing administrative services to consular specialists like BLS International. On the other hand, we are seeing a robust growth in tourism especially in leisure and business travel across the globe. All these dynamics have further increased the importance of consular outsourcing and we expect a highly positive business momentum for the next few years to come.

Apart from consular business, we have also gained expertise in Citizen Services with Punjab e-governance project providing us a first mover advantage in this domain. This has led to our first international Citizen Services contract win

from the Embassy of Afghanistan. We expect many other Indian states and as well as other countries to follow the same path offering us a vast opportunity to capitalise upon.

Going forward, we expect our company to grow rapidly mainly driven by the following factors:

- Robust growth in number of travelers globally
- Increased preference by Governments to outsource non-judgmental consular services
- Majority of visa outsourcing market remains untapped by the industry players offering us a large opportunity
- Geographical diversification
- Our market position further reinforced after being awarded the Spain consular contract
- Significant credibility established after completing Punjab Project, the largest e-governance Project ever in India
- Comprehensive service offerings and technology backed highly secure processes

ANNEXURE II**SECRETARIAL AUDIT REPORT**

FOR THE FINANCIAL YEAR ENDED 31.03.2017

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,**The Board of Directors**

BLS International Services Limited
Regd Offc: G-4B-1 Extension,
Mohan Co-Operative Indl. Estate,
Mathura Road, New Delhi

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by BLS International Services Limited ('the Company'). The secretarial audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the BLS International Services Limited books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2017 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent and in the manner reported hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by BLS International Services Limited ("the Company") for the financial year ended on 31st March, 2017 according to the provisions of:

1. The Companies Act, 2013 (the Act) and the rules made thereunder;
2. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
3. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
4. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment,

Overseas Direct Investment and External Commercial Borrowings;

5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - A. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; **Company has made the general compliances under the said Act.**
 - B. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992; **Company has made the general compliances under the said Act.**
 - C. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; **Company has not issued any security in the period under review.**
 - D. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999; **Not applicable during the period under review.**
 - E. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **Company has not issued any debt security. Hence, not applicable during the period under review.**
 - F. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client- **Not Applicable as the Company is not registered as Registrars to an Issue and Share Transfer Agents during the period under review.**
 - G. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **Not applicable during the period under review and**
 - H. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; **Not applicable during the period under review**

I have relied on the representation made by the Company and its officers for systems and mechanism formed by the company for compliance under other applicable acts, Laws and Regulations of the Company and records in pursuit there to, on test check basis, we report that the company has complied with the following laws applicable to the company.

- Payment of wages Act, 1936
- The Minimum Wages Act, 1948
- Employees State Insurance Act,
- The Employees Provident Fund and Miscellaneous Provisions Act, 1952

E. Performance evaluation of the Board, Committees and Directors

The Board in consultation with Nomination and Remuneration Committee annually evaluates the performance of the Board of Directors (including Committees thereof) as a whole and also of individual Directors, including Independent Directors. As an evaluation methodology, the Board may use any method(s) as it may deem appropriate in order to assess the Board's/committees effectiveness and Directors performance. Some of the indicators/criteria based on which the Independent Directors are evaluated are personal qualities, characteristics, substantial business/ professional experience, experience and stature, ability and willingness to devote time etc.

Pursuant to the provisions of the Companies Act 2013 and the provisions of LODR, the Board has carried out an annual evaluation of its own performance, performance of the Directors individually as well as the evaluation of its Committees. The following process was adopted for Board Evaluation:

The Nomination and Remuneration Committee (NRC) has drafted and approved the annual evaluation framework for evaluation of the Board, its Committees and the Individual Directors.

Feedback was sought from each Director through the above annual evaluation framework about their views on the performance of the Board covering various criteria such as the adequacy and diversity of Board structure and composition, contribution of the Board to the Company, understanding of roles and responsibilities, appropriateness of board meetings, effective contribution to the development of strategy(ies) etc. for the Company, effective communication with all of the organisation's stakeholders, attendance of the board members, understanding on the operation(s) / functioning of the Company etc.

Feedback was also sought from all the directors on the performance assessment of the committees of the Board. Areas on which the Committees of the Board were assessed included full & common understanding of roles & responsibilities, adequacy and diversity of the composition and structure, effective contribution to the development of strategy(ies), effective communication with the Board, Management, Employees and others, performance of functions and responsibilities.

Feedback was also taken from every director on his assessment of the performance of each of the other Directors (including independent directors) (excluding the director being evaluated) covering various criteria such as the assignments handled, participation in management decision making, Board Meetings and performance of the Company as a whole.

The feedback received from all the directors were consolidated and the collective feedback of the performance of the Board as a whole, its committees and individual directors was presented to the Board. Based on the inputs received, the Chairman of the Board has taken note of the performance evaluation process and the need and action plan for improvements was discussed upon. Feedback was also provided to the Directors, as appropriate.

Independent Auditors' Report

To the Members

BLS International Services Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **BLS International Services Limited (herein referred to as "the Holding Company")** and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the consolidated balance sheet as at 31st March, 2017, the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and

are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2017, and their consolidated profit and their consolidated cash flows for the year then ended on that date.

Other Matters

Annexure A to the Independent Auditor's Report to the members of BLS International Services Limited dated 22nd May, 2017 on its Consolidated Financial Statement.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section.

Our reporting on the internal financial controls over financial reporting is not applicable in respect of one subsidiary company and six step down subsidiaries incorporated outside India.

In conjunction with our audit of the consolidated financial statement of **BLS International Services Limited** as of and for the year ended 31st March, 2017. We have audited the Internal Financial Controls over Financial Reporting of BLS International Services Limited (hereinafter referred to as the "Holding Company") and subsidiary companies incorporated in India (the Holding Company and its subsidiary companies incorporated in India together referred to as "the Group") for the year ended on that.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the Act).

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to

future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group has maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1.b Significant Accounting Policies

1. Basis of preparation: "The consolidated financial statements ("CFS") of the group have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The group has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies act 2013, read rule 7 of Companies (accounts) rules, 2014 & the Companies (accounting standards) amendment rules, 2016 as amended. The financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year and unless specifically referred to, such accounting policies are consistent with generally accepted accounting principles in India. The CFS relate to BLS International Services Limited (hereinafter referred as the "Company/ Parent") and its subsidiaries and joint venture (hereinafter collectively referred as the "Group") unless stated otherwise hereinafter."

2. Principles of consolidation: The consolidated financial statements have been prepared in

accordance with accounting standard (AS-21) "consolidated financial statements" and financial reporting of interests in joint ventures (AS-27) on the following basis:

- The financial statements of the Company and the subsidiary company have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profit or losses.
- As far as possible, the consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in the similar circumstances and are presented to, in the same manner as the Company's separate financial statements.
- In the case of associates, where the Company directly or indirectly through subsidiaries holds more than 20% of the equity (except where significant influence does not exist), investments in associates are accounted for using equity method in accordance with the accounting standard (AS)-23 "accounting for investments in associates in consolidated financial statements".
- The Company does not consolidate entities (associates, joint venture etc) where significant influence/ control is absent or where such significant influence / control is intended to be temporary or where in respect of joint venture, as per the agreements, the nature of revenue sharing is such that consolidation is not required.
- The interest in joint ventures are reported using proportionate consolidation method i.e. by adding proportionate values of like items of assets, liabilities, income and expenses and eliminating intra group balances, transactions proportionately.

3. Use of estimates and judgements: In preparation of the financial statements, the management of the group is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other

factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. Significant judgements and estimates about the carrying amount of assets and liabilities include useful lives of tangible and intangible assets, impairment of tangible assets, intangible assets including goodwill, investments, employee benefits and other provisions and recoverability of deferred tax assets.

4. Revenue recognition: Revenue is recognised to the extent that it is probable that the economic benefits will flow to the group and the revenue can be reliably measured.

- **Revenue from services:** Revenue from visa facilitation services, document handling services and allied services is recognised as income as and when services are rendered to customers.
- **Interest income:** Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- **Dividend income:** Dividend income is accounted for when the right to receive the dividend is established.

5. Fixed assets

Tangible assets: Tangible assets are stated at cost of acquisition less accumulated depreciation and impairment loss (if any). All significant costs relating to the acquisition and installation of fixed assets are capitalized. Expenditure on account of modification/ alteration in the fixed assets, which increases the future benefit from the existing asset beyond its previous assessed standard of performance, is capitalized to the cost of asset.

Intangible assets: Intangible assets are recorded at the consideration paid for acquisition of such assets and are carried at cost less accumulated amortization and impairment (if any). An intangible asset is recognized if it is probable that the expected future economic benefits that are attributable to the asset will flow to the group and its cost can be measured reliably.

6. Depreciation/ amortisation: Depreciation on tangible assets is calculated on written down value method, at the rates prescribed under the Schedule II to the Companies Act, 2013. However, for the overseas subsidiaries the management follows straight line method of depreciation for estimated useful life of asset. Intangible assets are amortised over their estimated useful lives. In respect of assets acquired/sold during the year, depreciation is provided on pro-rata basis with reference to the number of days of addition/put to use or disposal.

Individual assets costing upto Rs 5,000 are depreciated @ 100% in the year of purchase in case of all Indian Companies.

7. Foreign currency transactions: For the purpose of consolidation, revenue items are translated at the average rate prevailing during the year. All assets and liabilities are translated at rates prevailing at the end of the year (in case non-integral foreign operation). Any exchange differences arising on consolidation is recognised in the foreign currency translation reserve.

8. Investments: Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. Current investments are carried in the financial statements at lower of cost and fair value determined for each category separately. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

9. Employee benefits

- **Provident fund:** The Holding Company makes contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous

Provisions Act, 1952, which is a defined contribution plan. The Holding Company's contributions paid/payable under the scheme is recognised as an expense in the statement of profit and loss during the period in which the employee renders the related service.

- **Gratuity:** Gratuity is a post employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the statement of profit and loss in the year in which such gains or losses arise.

- **Other short term benefits:** Expense in respect of other short term benefit is recognised on the basis of amount paid or payable for the period during which services are rendered by the employee.

10. Leases: Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Lease rentals in respect of assets taken on 'operating lease' are charged to the statement of profit and loss on a straight line basis over the lease term.

11. Earnings per share (EPS): Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

12. Income taxes: Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of applicable tax laws of the respective countries. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets/liabilities are reviewed at each reporting date based on developments during the period and available case laws, to re-assess realizations/liabilities.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the guidance note on accounting for credit available in respect of minimum alternative tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

13. Impairment of assets: The management assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable

amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

14. Contingent liabilities and provisions:

The Group creates a provision when there is present obligation as result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

15. Borrowing costs: Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of cost of such assets. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognized as an expense and charged to the statement of profit and loss in the period in which they are incurred.

16. Segment reporting

Identification of segments: The group's operating businesses are organized and managed separately according to the nature of services provided, with each segment representing a strategic business unit that offers different services and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the group operate.

Allocation of common costs: Common allocable cost are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items: Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies: The group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the group as a whole.

17. Cash and cash equivalents: Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

18. Cash flow statement: Cash flows are reported using the indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

31

Per transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961, the Company is required to use certain specific methods in computing arm's length prices of international transactions with associated enterprises and maintain adequate documentation in this respect. The legislations require such information and documentation to be contemporaneous in nature. The Company has appointed the independent consultant (the "Consultant") for conducting the Transfer Pricing Study (the 'Study') to determine whether the transactions with associated enterprises undertaken during the financial year are on an "arm's length basis". Management is of the opinion that the Company's international transactions are at arm's length and does not require transfer pricing adjustments.

Independent Auditors' Report

To the Members

BLS International Services Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **BLS International Services Limited ("the Company")** which comprise the balance sheet as at 31st March, 2017, the statement of profit and loss, cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these Standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2017, and its profit and its cash flows for the year ended on that date.

Other Matter

The standalone financial statements of the Company for the year ended 31st March, 2016 were audited by another auditor M/s P. Bholusaria & Co., Chartered Accountants, Delhi, who had given an unmodified opinion on these financial statements with their audit report.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - In our opinion, the aforesaid Standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;

“Annexure B” to the Independent Auditor’s Report of even date on the on the Standalone Financial Statements of BLS International Services Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”) as referred to in paragraph 2(f) of ‘Report on Other Legal and Regulatory Requirements’ section

We have audited the internal financial controls over financial reporting of **BLS International services Limited (“the Company”)** as of 31st March, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable

to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable

assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements

for the year ended 31st March, 2017

Corporate Information

BLS International Services Limited (the 'Company') is an ISO 9001:2008 certified Public Limited Company, actively engaged in providing outsourcing and administrative task of Visa, Passport and Consular services to various Diplomatic Missions across the world. Further, from financial year ended March 31, 2012, the company also started tasks related to Attestation and Apostille on behalf of Ministry of External Affairs, New Delhi (INDIA).

The company is a public listed company incorporated and domiciled in India and has its registered office at G-4B-1 , Extension Mohan Co-operative Industrial Estate, Mathura Road, New Delhi-110044. The company has its primary listings on the BSE Limited and National Stock Exchange of India Limited in India.

1. Summary of Significant Accounting Policies

The financial statements have been prepared to comply in all material respects with the applicable Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 to the extent applicable. The financial statements have been prepared under the historical cost convention, as a going concern, on an accrual basis except in case of assets for which provision for impairment is made and revaluation is carried out. The accounting policies have been consistently applied by the Company.

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services provided and time between the rendering of services and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

A. Use Of Estimates

The preparation of financial statements is in conformity with the generally accepted accounting

principles, which requires estimates and assumptions to be made that affect the reportable amount of assets and liabilities on the date of financial statements and the reportable amount of revenue and expenses during the reporting period. Difference between the actual results and estimates are recognized in the year in which the results are known / materialized.

B. Revenue Recognition

Sale of Services

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from visa facilitation services, document handling services and allied services is recognised as income as and when services are rendered to customers.

Other Income

- a. **Interest Income:** Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- b. **Dividend Income:** Dividend income is accounted for when the right to receive the dividend is established.

C. Fixed assets

Property , Plant and Equipment's (Tangible assets) are stated at cost of acquisition less accumulated depreciation and impairment loss (if any). All significant costs relating to the acquisition and installation of fixed assets are capitalized. Expenditure on account of modification/alteration in the fixed assets, which increases the future benefit from the existing asset beyond its previous assessed standard of performance, is capitalized to the cost of asset.

Intangible assets are recorded at the consideration paid for acquisition of such assets and are carried at cost less accumulated amortization and impairment.

D. Depreciation & Amortization

Depreciation on fixed assets is provided as per the guidance set out in the schedule II to the Companies Act, 2013. Depreciation is charged on written down value method based on estimated useful life of assets after considering the residual value of assets as set out in the in schedule II to the Companies Act, 2013.

E. Investments

Investments that are by their nature readily realizable and intended to be held for not more than a year from the date on which such investments are made are classified as current investments. All other investments are classified as non-current investments. Current investments are carried at lower of cost and market value determined on an individual investment basis. Cost for overseas investments comprises the Indian rupee value of the consideration paid for investment translated at the exchange rate prevalent at the date of investment. Long-term investments are carried at cost; however, provision for diminution in value, other than temporary, is made in the financial statements. On disposal of the investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

F. Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

G. Lease

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Lease rentals in respect of assets taken on 'operating lease' are charged to the Statement of Profit and Loss on a straight line basis over the lease term.

H. Employee Benefits

- **Provident fund:** The Company makes contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952, which is a defined contribution plan. The Company's contributions paid/payable under the scheme is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.
- **Gratuity:** Gratuity is a post employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the Statement of Profit and Loss in the year in which such gains or losses arise.

- **Other short term benefits:** Expense in respect of other short term benefit is recognised on the basis of amount paid or payable for the period during which services are rendered by the employee.

I. Foreign Currency Transactions

- **Initial recognition:** Foreign currency

transactions are recorded at the rates prevailing on the date of transaction.

- **Subsequent recognition:** Foreign currency monetary items are restated at the rate prevailing on the balance sheet date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.
- **Exchange differences:** Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous year financial statements, are recognised as income or as expenses in the year in which they arise.

J. Segment Reporting

- **Identification of segments:** The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.
- **Unallocated items:** Unallocated items include general corporate income and expense items which are not allocated to any business segment.
- **Segment accounting policies:** The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

K. Income Taxes

Income Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws

used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred Tax:

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred Tax Assets/Liabilities are reviewed at each reporting date based on developments during the period and available case laws, to re-assess realizations/liabilities.

Minimum Alternate Tax (MAT) Credit:

Minimum Alternate Tax credit is recognized, as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Profit and Loss Account and shown as MAT Credit Entitlement under Loans & Advances. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

L. Earnings Per Share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding

during the period are adjusted for the effects of all dilutive potential equity shares.

M. Contingent Liabilities and Provisions

The Company makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of the obligation can be made.

A disclosure is made for a contingent liability when there is a:

- possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully within the control of the Company;
- present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- present obligation, where a reliable estimate cannot be made or where the possibility of outflow of resources is remote.

N. Cash and Cash Equivalents

Cash and cash equivalents comprise cash and cash-on-deposit with banks and financial institutions. The company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

O. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

P. Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are considered as part of the cost of assets/projects. Qualifying Asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are treated as period cost and charged to the statement of profit and loss in the year in which incurred.

As Per transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961, the Company is required to use certain specific methods in computing arm's length prices of international transactions with associated enterprises and maintain adequate documentation in this respect. The legislations require such information and documentation to be contemporaneous in nature. The Company has appointed the independent consultant (the "Consultant") for conducting the Transfer Pricing Study (the 'Study') to determine whether the transactions with associated enterprises undertaken during the financial year are on an "arm's length basis". Management is of the opinion that the Company's international transactions are at arm's length and does not require transfer pricing adjustments.
