## MANAGEMENT DISCUSSION AND ANALYSIS

### a) Industry Structure and Developments.

India continues to be the largest source of castor seed in the world. The estimated total production of castor seeds for the season is around 1.1 million metric tons, against about 1.6 million metric tons for the previous year. This downward correction in the crop size was a reaction to the highest ever record crop of 1.6 million metric tons in the previous year, which resulted in the softening of prices and a huge carryover of the crop. After several years, a healthy surplus of castor seeds was carried forward. This surplus in the current year has led to the much needed price stability thus encouraging the user industry to invest more in R & D and new projects.

### b) Opportunities & Threats:

The global economic climate remains uncertain and the mood remains cautious leading to a slowdown in new green field projects. Though the world economic growth is estimated to have grown by only 3.2% in 2012 significantly lower than the 4% growth recorded in 2011, the silver lining is that the largest economy in the world, USA, has shown signs of positive growth. However, this optimism is in a benign liquidity environment where the US treasury continues to print large sums of money. With the US Fed announcing plans to slow down on printing new money, the strengths of the global economy will be retested. The mood therefore remains extremely cautious.

The Indian economy has been experiencing high inflation, low growth and twin deficits, both internal and external. These problems are further compounded by policy paralysis. In spite of the uncertain global economic environment, the outlook for your Company remains stable. However, the major global economic uncertainties may have a negative impact in the immediate future.

Environment being a major concern, the search for long term and sustainable products is likely to intensify in the future. Castor Oil being a natural, organic, renewable and biodegradable product is gaining importance as a green product. Besides, due to its unique chemical structure, it finds myriad applications in virtually every industry be it Agriculture, Lubricants, Paints, Inks, Surface Coatings, Pharmaceuticals, Food, Engineering Plastics, Cosmetics, Perfumeries, Electricals, Rubber and so on.

Your Company continues to endeavor to tap these opportunities by focusing on Research & Development and investing in new capacities, new technologies, new applications, and new products.

### c) Segment.

The Company is organized into two business segments - Castor Oil derivatives and Power generation.

### d) Outlook.

During the year under review your company has achieved Rs. 3317.30 lakhs in sales. The demand outlook for the company's product remains positive. Emphasis on green eco-friendly products is likely to lead to increase in innovation of new product and uses in the castor oil industry. Your company continues to invest in research and development to tap on new growth opportunities. Your company is also undertaking a backward integration program in order to increase the availability of castor seeds. Barring unforeseen circumstances your directors expect satisfactory growth.

**e) Risks and Concerns.**

The Company's products are used in variety of industries, thereby to a great extent, mitigating the risks associated with demand for its production on a long term basis. The price behavior of raw material depends on monsoon, global demand and inventory, and prices of other oils including crude oil and vegetable oil and therefore, can be volatile as well as unpredictable. The Company is closely watching the development of various factors which affect the castor seed prices.

The company restricts its exposure to the price fluctuation of raw materials by limiting its un hedged exposure. With the business of the company growing at a hectic pace and demand for trained and experienced manpower in excess of the supply, the risk of managing the people its tremendous. The company has to retain its existing trained workforce and also attract new talent for its different operations. New businesses are bought and integrated into existing business. To improve the performance of the staff at work, various refresher training courses are organized to update their knowledge with the latest technologies and management ideas.

The erratic demand from the overseas markets and threat of competition continue to be of concern. The Company has focused its efforts on marketing and introducing new products thereby mitigating to a certain extent, the effect of recession/slowdown in the industry.

Unrestricted speculation and high volatility due to trading in commodity exchange could have a negative effect on the growth of the industry.

**f) Foreign Exchange.**

Volatile currency movements can affect the profits of the Company. Your management continues to take steps cover foreign exchange to mitigate the risks of appreciation of rupee against US Dollar.

**g) Internal Control and its adequacy.**

The Company has adequate internal control procedures in accordance with its size and nature of business. The internal control system, adopted by the Company, effectively ensures that all assets are safeguarded and protected against any loss from unauthorised use.

**h) Financial / Operational Performance.**

**AUDITORS' CERTIFICATE**  
**(pursuant to Clause 49 of the Listing Agreement)**

**To**  
**The Members of**  
**SWARNAJYOTHI AGROTECH & POWER LIMITED**  
**(Formerly Octant Industries Limited)**

We have examined the compliance of corporate governance of **SWARNAJYOTHI AGROTECH & POWER LIMITED** for the year ended 31<sup>st</sup> March 2014, as stipulated in Clause 49 of the Listing Agreement of the Company with the Stock Exchanges.

The Compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to a review of procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement in all material respects.

As required by the Guidance Note issued by the Institute of Chartered Accountants of India, We have to state that no investor grievances were pending for a period of month against the Company as per records maintained by the Shareholders/Investors' Grievance Committee.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

**Report on the Financial Statements**

We have audited the accompanying financial statements of Swarnajyothi Agrotech& Power Limited formerly Octant Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2014, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- (b) In the case of the Profit and Loss Account, of the profit for the year ended on that date; and
- (c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

## 24. SIGNIFICANT ACCOUNTING POLICIES

### a) Basis of Accounting and Accounting Conventions:

The financial statements are prepared under the historical cost convention on accrual basis in accordance with the Indian Generally Accepted Principles Accepted Accounting Principles (IGAAP) comprising the Accounting standards Notified under Companies Accounting Standards Rules 2006 by the Central Government of India under section 211(3C) of the Companies Act 1956, Various pronouncements of the Institute of Chartered Accountants of India and the provisions of the Companies Act, 1956 and guidelines issued by the Securities Exchange Board of India (SEBI).

### b) Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of financial statements and results of the operations during the reporting period. Although these estimates are based upon the management's best knowledge of current events and actions, actual results could differ from these estimates.

### c) Revenue Recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and revenue can be reliably measured.

Revenue from sale of goods is recognized on dispatch which coincides with transfer of significant risks and rewards to customer and is exclusive of excise duty and net of trade discounts, sales returns and sales tax, where applicable.

Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Dividend is recognized as and when the company's right to receive payment is established.

### d) Fixed Assets:

Fixed assets are stated at cost less accumulated depreciation, impairment losses and specific grants/subsidies, if any. Cost includes purchase price, freight, non refundable taxes and duties and any identifiable expenditure to bring the assets to its present location and working condition for intended use. Finance cost relating to acquisition of fixed assets which takes substantial period of time to get ready for use are included to the extent they relate to the period till such assets are ready for its indented use.

Expenditure directly relating to construction activities capitalized. Indirect is capitalized to the extent those relate to the construction activity or is incidental there to. Income earned during the construction period is deducted from the total expenditure relating to construction activity.

Assets retired from active use and held for disposal are stated at their estimated net releasable values or net book values, whichever is lower.

**e) Depreciation:**

Depreciation on Fixed Assets has been provided on Straight Line Method, based on the useful life of the assets as estimated by the management which generally coincides with rates specified in Schedule XIV to the Companies Act, 1956. Depreciation on addition/deletion of assets during the year is provided on a pro-rata basis.

**f) Intangible Assets:**

Cost relating to licenses and other intangible assets, which are acquired, are capitalized and amortized on the useful life of the assets as estimated by the management.

**g) Impairment :**

The carrying amount of the assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and its value in use, the estimates of the time value of money and risks specific to the asset.

After impairments are carried at costs, however, diminution in value is provided to recognize a decline, other than temporary, in the value of the investments.

**h) Government grants and subsidies :**

Grants and subsidies are recognized when there is a reasonable assurance that the grant or subsidy will be received and that all underline conditions there to will be complied with. When grant or subsidy relates an asset, its value is deducted in arriving in carrying amount of the related asset.

**i) Investments:**

Investments that are readily realizable and intended to be held for not more than a year are classified as current investment. All other Investments are classified as long term investments current investments are carried at lower of cost and fair value determined on individual investment basis.

Long term investments carried at cost. However, diminishing in value is provided to recognize a decline, other than temporary, in the value of investments.

**j) Inventories:**

Raw-materials, packing materials, stores & spares and consumables valued at lower of cost, calculated on "First In First Out" basis, and net realizable value. Items held for use in the production of inventories and not written down below cost. If the finished product in which they will be incorporated are expected to be sold at or above cost. Finished goods and work-in-progress are valued at lower of cost and net realizable value. Cost includes material, labour and a proportion of appropriate over heads. Cost of finished goods includes excise duty wherever applicable. Cost is determined on weighted basis. Trading goods are valued at lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, reduced by the estimated cost of computation costs to affect the sale.

**k) Income taxes:**

Tax expenses companies of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income taxes reflected the impact of current year timing difference between taxable income and accounting income for the year and reverser of timing differences of earlier years.

Deferred Tax is measured based on tax rates enacted or subsequently enacted at the Balance Sheet Date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized. In situations where the company unobserved depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty support by convincing evidence that they can be realized against future taxable profits.

Un-recognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain or virtually certain, as the case may be that future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of the deferred tax assets are reviewed at each balance sheet date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

**l) Foreign Currency Transactions:**

**Initial Recognition:** Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and foreign currency at the date of the transaction.

**Conversion:** Foreign currency monetary items are reported at yearend rates. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction.

**Exchange differences:** Exchange differences are arising on the settlement of monetary items or on reporting monetary items of company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expense in the year in which they arise.

Forward exchange contracts not intended for trading or speculation purposes: In case of forward exchange contracts, difference between the forward rate and exchange rate on the date of transaction is recognized as expense or income over the life the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or expense for the year.

**m) Export Benefits, incentives and licenses:**

Export benefits on account of entitlement to import of goods free of duty under the 'Duty Entitlement Pass Book under Duty Exemption Scheme' and benefits on account of export promotion scheme included in revenues are accrued and accounted in the year export.

**n) Borrowing Cost:**

Borrowing costs that are directly relatable to acquisition, construction or production of qualifying assets is capitalized as part of the cost of such asset. All other borrowing costs are charged to revenue.

**o) Provisions and Contingent Liabilities:**

A provision is recognized when the company has a present obligation as result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate require to settle the obligation at the balance sheet date. These are reviewed at each balance sheet and adjusted to reflect the current best estimates. Financial effect of contingent liabilities is disclosed based on information available up to the date on which financial statements is approved. However where a reasonable estimate of financial effect be made, suitable disclosures are made with regard to this fact and the existence and nature of the contingent liability.

## **INDEPENDENT AUDITORS' REPORT**

To  
**The Members of  
Swarnajyothi Agro Tech & Power Limited  
(formerly Octant Industries Limited)**

We have audited the accompanying consolidated financial statements of Swarnajyothi Agro Tech & Power Limited formerly Octant Industries Limited ("the Company"), which comprise the Consolidated Balance Sheet as at March 31, 2014, and the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

### **Management's Responsibility for the Consolidated Financial Statements**

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the consolidated Balance Sheet, of the state of affairs of the Company as at March 31, 2014;

- (b) in the case of the Statement of consolidated Profit and Loss, of the Profit for the year ended on that date; and
- (c) in the case of the consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

## 24. SIGNIFICANT ACCOUNTING POLICIES

### p) Basis of Accounting and Accounting Conventions:

The financial statements are prepared under the historical cost convention on accrual basis in accordance with the Indian Generally Accepted Principles Accepted Accounting Principles (IGAAP) comprising the Accounting standards Notified under Companies Accounting Standards Rules 2006 by the Central Government of India under section 211(3C) of the Companies Act 1956, Various pronouncements of the Institute of Chartered Accountants of India and the provisions of the Companies Act, 1956 and guidelines issued by the Securities Exchange Board of India (SEBI).

### q) Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of financial statements and results of the operations during the reporting period. Although these estimates are based upon the management's best knowledge of current events and actions, actual results could differ from these estimates.

### r) Revenue Recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and revenue can be reliably measured.

Revenue from sale of goods is recognized on dispatch which coincides with transfer of significant risks and rewards to customer and is exclusive of excise duty and net of trade discounts, sales returns and sales tax, where applicable. Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Dividend is recognized as and when the company's right to receive payment is established.

### s) Fixed Assets:

Fixed assets are stated at cost less accumulated depreciation, impairment losses and specific grants/subsidies, if any. Cost includes purchase price, freight, non refundable taxes and duties and any identifiable expenditure to bring the assets to its present location and working condition for intended use. Finance cost relating to acquisition of fixed assets which takes substantial period of time to get ready for use are included to the extent they relate to the period till such assets are ready for its indented use.

Expenditure directly relating to construction activities capitalized. Indirect is capitalized to the extent those relate to the construction activity or is incidental there to. Income earned during the construction period is deducted from the total expenditure relating to construction activity.

Assets retired from active use and held for disposal are stated at their estimated net releasable values or net book values, whichever is lower.

**t) Depreciation:**

Depreciation on Fixed Assets has been provided on Straight Line Method, based on the useful life of the assets as estimated by the management which generally coincides with rates specified in Schedule XIV to the Companies Act, 1956. Depreciation on addition/deletion of assets during the year is provided on a pro-rata basis.

**u) Intangible Assets:**

Cost relating to licenses and other intangible assets, which are acquired, are capitalized and amortized on the useful life of the assets as estimated by the management.

**v) Impairment :**

The carrying amount of the assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and its value in use, the estimates of the time value of money and risks specific to the asset.

After impairments are carried at costs, however, diminution in value is provided to recognize a decline, other than temporary, in the value of the investments.

**w) Government grants and subsidies :**

Grants and subsidies are recognized when there is a reasonable assurance that the grant or subsidy will be received and that all underline conditions there to will be complied with. When grant or subsidy relates an asset, its value is deducted in arriving in carrying amount of the related asset.

**x) Investments:**

Investments that are readily realizable and intended to be held for not more than a year are classified as current investment. All other Investments are classified as long term investments current investments are carried at lower of cost and fair value determined on individual investment basis.

Long term investments carried at cost. However, diminishing in value is provided to recognize a decline, other than temporary, in the value of investments.

**y) Inventories:**

Raw-materials, packing materials, stores & spares and consumables valued at lower of cost, calculated on "First In First Out" basis, and net realizable value. Items held for use in the production of inventories and not written down below cost. If the finished product in which they will be incorporated are expected to be sold at or above cost. Finished goods and work-in-progress are valued at lower of cost and net realizable value. Cost includes material, labour and a proportion of appropriate over heads. Cost of finished goods includes excise duty wherever applicable. Cost is determined on weighted basis. Trading goods are valued at lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, reduced by the estimated cost of computation costs to affect the sale.

**z) Income taxes:**

Tax expenses companies of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income taxes reflected the impact of current year timing difference between taxable income and accounting income for the year and reverser of timing differences of earlier years.

Deferred Tax is measured based on tax rates enacted or subsequently enacted at the Balance Sheet Date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized. In situations where the company unobserved depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty support by convincing evidence that they can be realized against future taxable profits.

Un-recognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain or virtually certain, as the case may be that future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of the deferred tax assets are reviewed at each balance sheet date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

**aa) Foreign Currency Transactions:**

**Initial Recognition:** Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and foreign currency at the date of the transaction.

**Conversion:** Foreign currency monetary items are reported at yearend rates. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction.

**Exchange differences:** Exchange differences are arising on the settlement of monetary items or on reporting monetary items of company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expense in the year in which they arise.

Forward exchange contracts not intended for trading or speculation purposes: In case of forward exchange contracts, difference between the forward rate and exchange rate on the date of transaction is recognized as expense or income over the life the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or expense for the year.

**bb) Export Benefits, incentives and licenses:**

Export benefits on account of entitlement to import of goods free of duty under the 'Duty Entitlement Pass Book under Duty Exemption Scheme' and benefits on account of export promotion scheme included in revenues are accrued and accounted in the year export.

**cc) Borrowing Cost:**

Borrowing costs that are directly relatable to acquisition, construction or production of qualifying assets is capitalized as part of the cost of such asset. All other borrowing costs are charged to revenue.

**dd) Provisions and Contingent Liabilities:**

A provision is recognized when the company has a present obligation as result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate require to settle the obligation at the balance sheet date. These are reviewed at each balance sheet and adjusted to reflect the current best estimates. Financial effect of contingent liabilities is disclosed based on information available up to the date on which financial statements is approved. However where a reasonable estimate of financial effect be made, suitable disclosures are made with regard to this fact and the existence and nature of the contingent liability.
