For Further information, see **“Financial Statements”** on page 224.

There are significant differences between Ind AS, U.S. GAAP and IFRS. Please see **“Risk Factor No. 54 – Significant differences exist between Ind AS and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the Financial Statements prepared and presented in accordance with SEBI ICDR Regulations contained in this Draft Red Herring Prospectus”** on page 67. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Draft Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act, Ind AS, and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Draft Red Herring Prospectus should, accordingly, be limited.

Certain figures contained in this Draft Red Herring Prospectus, including financial information, have been subject to rounding adjustments. All decimals have been rounded off to two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Further, any figures sourced from third-party industry sources may be rounded off to other than two decimal points to conform to their respective sources.

FORWARD LOOKING STATEMENTS

This Draft Red Herring Prospectus contains certain statements which are not statements of historical fact and may be described as “forward-looking statements”. These forward-looking statements include statements which can generally be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “likely to”, “objective”, “plan”, “propose”, “project”, “will”, “will continue”, “seek to”, “will pursue”, or other words or phrases of similar import. Similarly, statements that describe our Company’s strategies, objectives, plans or goals are also forward-looking statements.

These forward-looking statements, whether made by us or a third-party, are based on our current plans, estimates, presumptions and expectations and actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

This may be due to risks or uncertainties or assumptions associated with the expectations with respect to, but not limited to, regulatory changes pertaining to the industry in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in the industry and incidence of any natural calamities and/or acts of violence.

Certain Important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- Current and continuing impact of the COVID-19 pandemic on our business;
- Inability to maintain and develop our brands;
- Inability to identify customer demand accurately and maintain an optimal level of inventory in our showrooms;
- Adverse statutory and regulatory actions from Income Tax Department or any other statutory or regulatory authority;
- Any adverse developments affecting Rajasthan, where our showrooms are located mostly;
- Disruptions at third-party production or manufacturing facilities or failure of third parties to adhere to the relevant quality standards;
- Inability to effectively manage or expand our retail network or operations or pursue our growth strategy;
- Conflict of interest between our business and activities undertaken by entities in which certain of our Directors and our Promoter have interest;
- Inability to comply conditions and restrictions on our operations, additional financing and capital structure under agreements governing our indebtedness;
- Any adverse development that may affect the operations of our manufacturing units;
- Any qualifications or other observations made by our future statutory auditors which may affect our results of operations;
- Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals with respect to the usage of our key raw material may adversely affect our business, financial condition,

results of operations and prospects;

- General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
- Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals or noncompliance with and changes in, safety, health and environmental laws and other applicable regulations, may adversely affect our business, financial condition, results of operations and prospects.

For a further discussion of factors that could cause our actual results to differ from our expectations, see section titled ***“Risk Factors”*** and chapter titled ***“Our Business”*** and ***“Management’s Discussion and Analysis of Financial Condition and Results of Operations”*** beginning on pages 35, 150 and 289, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated and are not a guarantee of future performance.

Although we believe that the assumptions on which such forward-looking statements are based are reasonable, we cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect the current views of our Company as on the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. These statements are based on the management’s belief and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward- looking statements are based are reasonable, any of these assumptions as well as statements based on them could prove to be inaccurate. Neither our Company, our Promoters, our Directors, the BRLM, nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with regulatory requirements, our Company will ensure that investors in India are informed of material developments from the date of registration of this Draft Red Herring Prospectus with the RoC until receipt of final listing and trading approvals by the Stock Exchanges for this Issue.

SECTION II - SUMMARY OF THE ISSUE DOCUMENT

This section is a general summary of certain disclosures included in this Draft Red Herring Prospectus and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Draft Red Herring Prospectus or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing elsewhere in this Draft Red Herring Prospectus, including the sections titled “Risk Factors”, “The Issue”, “Capital Structure”, “Our Business”, “Industry Overview”, “Our Promoters and Promoter Group”, “Objects of the Issue”, “Restated Financial Statements”, “Management’s Discussions and Analysis of Financial Condition and Results of Operations”, “Issue Structure” and “Outstanding Litigation and Material Developments” on pages 35, 69, 85, 150, 120, 209, 100, 224, 289, 346 and 318 respectively.

PRIMARY BUSINESS OF OUR COMPANY

We are a jewellery retail player with a history of more than 2 decades. We commenced operations in year 1997 through a partnership firm 'M/s Motisons Jewellers' which was converted into public limited company in 2011. We primarily sell gold, diamond and kundan jewellery and also sell jewellery made of pearl, silver, platinum, precious, semi-precious stones and other metals. We have our own manufacturing facilities located in Jaipur, Rajasthan for gold and diamond jewellery. Additionally, to cater to the increasing demand in the market, we engage artisans on job work basis and source jewellery from third party vendors/ contract manufacturers.

SUMMARY OF THE INDUSTRY IN WHICH OUR COMPANY OPERATES

According to the CareEdge Research Report, the G&J industry’s market size was estimated to close at USD 60 billion in CY21. The Indian jewellery market is traditionally dominated by gold jewellery. In CY21, the total demand for gold by Indian consumer was estimated at 800 tonnes. Compared to the previous year the demand for gold witnessed a growth of approximately 78% in CY21. A majority of the demand in CY21 came from gold jewellery which was approximately 75% (600 tonnes). There has also been a noticeable shift towards more informal and everyday use of diamond studded jewellery.

SECTION III - RISK FACTORS

*An investment in equity shares involves a high degree of risk. Investors should carefully consider all the information in the Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. The risks described below are not the only ones relevant to us or our Equity Shares, the industry in which we operate or to India and other jurisdictions we operate in. Additional risks and uncertainties, not currently known to us or that we currently do not deem material may also adversely affect our business, results of operations, cash flows and financial condition. If any of the following risks, or other risks that are not currently known or are not currently deemed material, actually occur, our business, results of operations, cash flows and financial condition could be adversely affected, the price of our Equity Shares could decline, and investors may lose all or part of their investment. To the extent the COVID-19 pandemic adversely affects our business and financial results, it may also have the effect of heightening many of the other risks described in this section. In order to obtain a complete understanding of our Company and our business, prospective investors should read this section in conjunction with “**Industry Overview**”, “**Our Business**”, “**Restated Financial Statements**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” on pages 120, 150, 224 and 289, respectively, as well as the other financial and statistical information contained in this Draft Red Herring Prospectus. In making an investment decision, prospective investors must rely on their own examination of us and our business and the terms of the Issue including the merits and risks involved.*

Prospective investors should consult their tax, financial and legal advisors about the particular consequences of investing in the Issue. Unless specified or quantified in the relevant risk factors below, we are unable to quantify the financial or other impact of any of the risks described in this section. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment, which may differ in certain respects from that of other countries.

*This Draft Red Herring Prospectus also contains certain forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. For further information, see “**Forward-Looking Statements**” on page 23. Unless otherwise indicated, the financial information included herein is based on our Restated Financial Information included in this Draft Red Herring Prospectus. For further information, see “**Financial Statements**” on page 224. Unless the context otherwise requires, in this section, references to “we”, “us”, “our”, the Company” or “our Company” refers to Motisons Jewellers Limited.*

Unless otherwise indicated, all financial information included herein are based on our Restated Consolidated Financial Information included elsewhere in this Draft Red Herring Prospectus.

INTERNAL RISKS RELATED TO OUR BUSINESS

1. ***Certain of our Promoters and member of our Promoter Group are involved in proceedings involving SEBI which could have an adverse impact on our business and reputation***

Our Promoters: On January 05, 2022, our Promoters, Mr. Sanjay Chhabra, Mr. Sandeep Chhabra and Mrs. Kajal Chhabra had respectively received notices from the Investigations Department of SEBI seeking

relevant supporting documents pursuant to trades conducted by each of them in the scrip of a listed company, Pincon Lifestyles Limited (“ListCo”), such as, bank statement, proof of payment/receipt, etc. latest by January 15, 2022 and was advised to submit the consideration received by each of them from the transferees of shares of ListCo to SEBI. The said notice was also issued for member of our Promoter Group Late Mrs. Vimla Devi Jain. Another notice was issued by SEBI to the abovementioned Promoters for submission of the reply, along with relevant supporting documents latest by February 24, 2022. Our Promoter, Mr. Sanjay Chhabra, Mr. Sandeep Chhabra and Mrs. Kajal Chhabra, requested for additional time from SEBI for responding to such notices. Further, it was intimated to SEBI vide a mail that Late Mrs. Vimla Devi Jain has passed away on March 18, 2018.

As on the date of the Draft Red Herring Prospectus, the abovementioned Promoters and member of Promoter Group have not received any further communication (including show cause notices) from SEBI. However, in the event SEBI is not satisfied with the request of additional time submitted or has made a prima facie determination that our Promoters are in breach of law, SEBI may initiate regulatory proceedings against them or may impose fines or penalties on our Promoters. SEBI has broad powers to take action or issue directions in the interests of investors and the securities market, including through imposition of monetary penalty, debarment from accessing capital markets, restrictions on undertaking certain activities, etc. The nature of action that may be taken by SEBI pursuant to an adverse determination in a regulatory proceeding would depend on the nature of proceedings initiated by SEBI. If our Promoters receive further information requests/ directions in the future or in case any proceedings are initiated or adversely determined against them, it could have an adverse impact on such Promoters including loss of reputation and diversion of their attention from our Company, or other recourses.

Our Promoters Group: As per SEBI website page of SEBI Settlement Scheme, 2022, following details of reversal/non-genuine trading are shown to be pending against certain members of our Promoter Group:

Name of the Promoter Group	Number of contracts reversed	Number of non-genuine trades	Artificial Volume of Trade
Motisons Commodities Pvt. Ltd.	119	344	224606000
Meeta Rajeev Patni	1	2	448000

Anurag Jain HUF	5	10	6080000
Kamal Chand Jain	1	2	4000000
Kamal Chand Jain HUF	1	2	4400000

Though no proceedings are pending against the said members of the Promoter Group with respect to these abovementioned trades, if the said members receive further information requests/ directions in these matters or in case any proceedings are initiated or adversely determined against them pertaining to these trades wherein the said members are debarred from accessing the capital market, it could lead to ineligibility of our Company in making this Issue or otherwise, could adversely impact our goodwill and reputation.

- Our Company, Promoters and Directors are involved in certain legal proceedings. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties and may adversely affect our business and results of operations.***

Our Company, Promoters and Directors are currently involved in certain legal proceedings. These legal

proceedings are pending at different levels of adjudication before various courts and tribunals. The summary of outstanding litigation in relation to our Company, our Promoters and Directors as on the date of this Draft Red Herring Prospectus have been provided below in accordance with the Materiality Policy adopted by our Board. However, since the status of the matter is pending before Hon'ble High Court of Rajasthan, it has been included with NIL amount.

#Amount does not include unquantifiable demand with respect to assessments pending under Section 147 read with 148 of Income Tax Act, 1961 having proposed addition of ₹ 961.59 Lakhs.

##(i) Notice dated January 05, 2022 issued to our Promoters, Mr. Sanjay Chhabra, Mr. Sandeep Chhabra and Mrs. Kajal Chhabra respectively has been counted as 3 separate matters. (ii) Since the penalty imposed vide Adjudication orders Ref no.: Order/KS/PP-AS/2021-22/11607 and Order/KS/PP-AS/2021-22/11608 on our Promoters Sanjay Chhabra and Sandeep Chhabra has already been paid, it is not reflected as outstanding litigation in this table.

3. *Our Promoters, Mr. Sanjay Chhabra and Mr. Sandeep Chhabra, in past, were involved in proceedings initiated by investigation agency in relation to betting in the cricket matches of Indian Premier League. Though they have been duly discharged, any re-opening of matter could have an adverse impact on our business and reputation.*

A raid was conducted at Lalvani Mansion, Mumbai based on an anonymous information that Ramesh Vyas and his associates were carrying out betting and taking bets in the cricket matches of Indian Premier League Season 6 ("IPL"). Some evidences were extracted during the raid and a crime was registered with L.T Marg Police Station vide FIR No. 162/2013 on 15.05.2013 against Ramesh Vyas, Pandurang Kadam and Ashok Vyas, which was subsequently transferred to DCB CID, Property Cell, Mumbai vide Cr. No. 61/2013, accusing them of offence under Section 419, 420, 465, 466, 468, 471, 212, 34 read with Section 120(B) of the Indian Penal Code, 1860 and Section 4(A), 5 of Bombay Prevention of Gambling Act, 1887. Charge Sheet was filed by the respondent, pursuant to which Criminal Case no. 738/PW/2013 was filed in the Court of Learned Additional Chief Metropolitan Magistrate, 37th Court, Esplanade, Mumbai.

Mr. Sanjay Chhabra and Mr. Sandeep Chhabra, Our Promoters, were shown as suspects in the said charge sheet filed by investigation agency. They were granted anticipatory bail under ABA No. 1054/2013 and ABA No. 1055/2013 by the Hon'ble Bombay High Court. Thereafter, on further investigation, a charge sheet was filed against Mr. Sanjay Chhabra and Mr. Sandeep Chhabra bearing Criminal Case No. 497/PW.2016 on 21.06.2016 in the Court of Learned Additional Chief Metropolitan Magistrate, 37th Court, Esplanade, Mumbai, alleging that they were running gambling house within the meaning of Bombay Prevention of Gambling Act, 1887 on cricket matches in IPL. During the course, additional charges under Section 212 and Section 66-A (a) of the Information Technology Act, 2000 were added. They were granted regular bail by the said Learned Court on 23.08.2016.

Our Promoters, Sanjay Chhabra and Sandeep Chhabra filed discharge applications under the provisions of section 239 of the Criminal Procedure Code, 1973 seeking discharge in C.C. No. 738/PW/2013 along with C.C. No. 497/PW/2016 pending before Learned Additional Chief Metropolitan Magistrate, 37th Court, Esplanade, Mumbai. The said discharge applications were rejected by the Learned Additional Chief Metropolitan Magistrate, 37th Court, Esplanade, Mumbai vide impugned order dated March 28, 2022. Aggrieved by said impugned order, Our Promoters Sanjay Chhabra and Sandeep Chhabra filed criminal revision applications nos. 340/2022 and 339/2022 respectively, before the Hon'ble Sessions Court of Greater Bombay, at Mumbai.

The Hon'ble Sessions Court of Greater Bombay *vide* order dated May 19, 2022 allowing criminal revision applications nos. 340/2022 and 339/2022, had set aside the impugned order dated March 28, 2022 by the Learned Additional Chief Metropolitan Magistrate, 37th Court, Esplanade, Mumbai and allowed the discharge applications filled by Mr. Sanjay Chhabra and Mr. Sandeep Chhabra, discharging our Promoters in C.C. No. 738/PW/2013 along with C.C. No. 497/PW/2016 before Learned Additional Chief Metropolitan Magistrate, 37th Court, Esplanade, Mumbai. Thus, the Promoters have been duly discharged from C.C. No. 738/PW/2013 and C.C. No. 497/PW/2016, which is currently pending before Learned Additional Chief Metropolitan Magistrate, 37th Court, Esplanade, Mumbai. We cannot assure you that this matter will not be re-opened in future and if so happens, it may have adverse impact on our business and reputation.

4. *In past, some of our Promoters and our Promoter Group Companies have contravened the provisions of the SEBI Act and Regulations made thereunder for which penalties in nature of fine and/or debarment from accessing capital market have been imposed by SEBI. In certain matters, our Promoter has been acquitted also. If any such violation occurs in future, it may affect our goodwill and future aspects*

Our Promoters, Mr. Sanjay Chhabra and Mr. Sandeep Chhabra:

- (i) In the investigation conducted by SEBI into the trading activities of certain entities in illiquid stock options at the BSE for the period April 01, 2014 to September 30, 2015, SEBI found that 2,91,643 trades involved reversal of buy and sell positions by the clients and counterparties. In this matter, an inquiry was initiated against Mr. Sanjay Chhabra and Mr. Sandeep Chhabra, our Promoters, for allegedly entering into non-genuine trades in violation of provision of Regulation 3(a), (b), (c), (d), 4(1) and 4(2)(a) of the SEBI (Prohibition of Fraudulent and Unfair Trade Practices) Regulations, 2003. A show cause dated 21.09.2018 was issued by SEBI, calling upon Mr. Sanjay Chhabra and Mr. Sandeep Chhabra to show cause as to why an inquiry should not be held against them in terms of rule 4 of the Adjudication Rules and penalty be not imposed under Section 15HA of the SEBI Act for the aforesaid alleged violations. Meanwhile, an application for settlement of this matter was filed by them which was later on rejected by the competent authority under Regulation 6(1)(c) of the SEBI (Settlement Proceedings) Regulations, 2018. Thereafter, an opportunity of hearing was granted to Mr. Sandeep Chhabra on 19.01.2021 *vide* SEBI's letter dated 14.01.2021 and to Mr. Sanjay Chhabra on 17.03.2021 *vide* SEBI's letter dated 02.03.2021 and email dated 05.03.2021. Pursuant to the same, Mr. Sanjay Chhabra and Mr. Sandeep Chhabra filed their reply to the on 10.03.2021. The SEBI *vide* adjudication orders Ref no.: Order/KS/PP-AS/2021-22/11607 and Order/KS/PP-AS/2021-22/11608, both dated 30.04.2021 established the abovesaid violations against the Mr. Sandeep Chhabra and Mr. Sanjay Chhabra and a penalty of ₹ 5,00,000/- was imposed under Section 15HA of the SEBI Act. The said penalty has been paid by Mr. Sanjay Chhabra and Mr. Sandeep Chhabra, our Promoters. The matter stands disposed.
- (ii) SEBI pursuant to investigation into dealings in the scrip of Pincon Lifestyle Ltd, during the period between March 11, 2015 to September 20, 2016, initiated an action against our Promoter, Mr. Sandeep Chhabra, along with 13 other entities/person, under Section 15HA of the SEBI Act, 1992 for alleged violation of Section 12A (a), (b), (c) of the SEBI Act, 1992 read with Regulations 3 (a), (b), (c), (d) and 4 (1) and (2) (a) and (e) of the SEBI (Prohibition of Fraudulent and Unfair Trade Practices) Regulations, 2003. Show Cause Notice No. EAD5/MC/VS/2020/3054 dated January 23, 2020 was issued to all such entities/persons, to show cause as to why an inquiry should not be held and penalty should not be imposed against them in terms of Section 15HA of the SEBI Act, 1992 for the alleged violation of aforesaid provisions. Reply to the said show cause notice dated

January 23, 2021 was filed by Mr Sandeep Chhabra on February 03, 2021. The SEBI *vide* its adjudication order bearing no. Order/MC/VS/2020-21/10656-10669 dated February 26, 2021 held that the aforesaid violations has not been established against any of the 14 entities/person and disposed of the adjudication proceedings initiated against all 14 entities/person, including our Promoter Mr. Sandeep Chhabra.

Our Promoter Group Company, Godawari Estates Private Limited: In the investigation conducted by SEBI into the trading activities of certain entities in illiquid stock options at the BSE for the period April 01, 2014 to September 30, 2015, SEBI found that 2,91,643 trades involved reversal of buy and sell positions by the clients and counterparties. In this matter, an inquiry was initiated against our Group Company, Godawari Estates Private Limited for allegedly entering into non-genuine trades in violation of provision of Regulation 3(a), (b), (c), (d), 4(1) and 4(2)(a) of the SEBI (Prohibition of Fraudulent and Unfair Trade Practices) Regulations, 2003. A show cause *vide* letter no. EAD-4/ADJ/SRP/HKS/OW/P/28676/1/2018 dated October 12, 2018 was issued by SEBI, calling upon Godawari Estates Private Limited to show cause as to why an inquiry should not be held against it in terms of rule 4 of the Adjudication Rules and penalty be not imposed under Section 15HA of the SEBI Act for the aforesaid alleged violations. Meanwhile, an application for settlement of this matter was filed by the company which was later on rejected by the Competent Authority under Regulation 6(1)(c) of the SEBI (Settlement Proceedings) Regulations, 2018. Thereafter, an opportunity of hearing was granted to Godawari Estates Private Limited on 15.03.2021 *vide* SEBI's notice dated 25.02.2021, in terms of rule 4(3) of the Adjudicating Rules. Godawari Estates Private Limited *vide* its letter dated March 09, 2021 filed its reply in this matter. The SEBI *vide* adjudication order Ref no. Ref No.: Order/AP/VS/2021-22/11663 dated 12.05.2021 established the abovesaid violations against Godawari Estates Private Limited and a penalty of ₹ 5,00,000/- was imposed under Section 15HA of the SEBI Act. The said penalty has been paid by Godawari Estate Private Limited. The matter stands disposed.

Our Promoter Group Company, Motisons Commodities Private Limited:

- (i) SEBI issued a show cause notice bearing no. EAD6/PM/AB/DA/26810/2018 dated 25.09.2018 to Motisons Commodities Private Limited, which is a registered trading/ clearing member with SEBI, for alleged violation of conditions of registration under SEBI (Stock-Broker and Sub-Broker) Regulations, 1992 and SEBI (Intermediaries) Regulations, 2008. As per the said notice, Motisons Commodities Private Limited has violated the conditions pertaining to no short sale by the member of National Spot Exchange Limited ('NSEL') and compulsory delivery of outstanding position by the end of the day. A reply to the said show cause notice was filed by the Motisons Commodities Private Limited. Pursuant to the said reply, SEBI *vide* notice bearing no. SEBI/HO/MIRSD/RTAMB/OW/P/2020/17786/1 dated 20.10.2020 disposed of the enquiry proceeding initiated under show cause notice dated September 25, 2018 with a remark that in case any information is received by SEBI in future from Economic Offence Wing, government agencies and other sources that had traded in paired contracts on NSEL platform, appropriate proceedings may be initiated against you. As on date, no such proceedings have been initiated.
- (ii) SEBI conducted investigation into the trading activity in illiquid stock options on BSE Limited for the period between 01.04.2014 to 30.09.2015, wherein a total of 2,91,643 trades comprising 81.38% of all the trades executed in the BSE Stock Options Segment were found to be the trades which involved reversal of buy and sell positions by the clients and counterparties in a contract. The SEBI identified top 59 persons/entities, which included Motisons Commodities Private Limited, alleged to have been involved in such reversal trades in violation of the provisions of

regulations 3(a), (b), (c), (d) and regulations 4(1), 4(2)(a) of the SEBI (Prohibition of Fraudulent and Unfair Trading Practices related to Securities Markets) Regulations, 2003. The SEBI vide its ex-parte interim order dated 20.08.2015 bearing no. WTM/RKA/ISD/106/2015, restrained these persons/entities from buying, selling or dealing in securities market for pending investigation, till the final order in the matter is passed. SEBI vide its order dated 22.08.2016 provided certain reliefs to these persons/entities such as, permission to sell securities lying in demat accounts, permission to use sale proceeds for certain investments, permission for use of 25% of the value of proceeds for business purposes, etc., however, SEBI confirmed the ex-parte order dated 20.08.2015 for the temporary debarment of the persons/entities. On 05.04.2018, the SEBI passed an order bearing no. WTM/MPB/IVD-ID8/161/2018, wherein the ex-parte order dated 20.08.2015 was disposed of along with the confirmatory order dated 22.08.2016 and decision was taken to carry out the investigation in phases. The SEBI vide its final order dated 14.06.2021 bearing no. Order/PM/SM/2021-22/12217 has found Motisons Commodities Private Limited to be in violation of provisions of regulations 3(a), (b), (c), (d) and regulations 4(1), 4(2)(a) of the SEBI (Prohibition of Fraudulent and Unfair Trading Practices related to Securities Markets) Regulations, 2003 and a penalty of ₹ 23,00,000/- was imposed on Motisons Commodities Pvt. Ltd. under Section 15HA of the SEBI Act, 1992, which has been duly deposited by the company. The matter stands disposed.

- (iii) Notice was issued by the MCX stock exchange to Motisons Commodities Private Limited stating that on account of FMC directives dated January 04, 2006 which states that entities who have been debarred by SEBI/ NSE/BSE should not participate in Commodity Derivative Markets. As per the said notice, SEBI vide interim order dated August 20, 2015 had debarred Motisons Commodities Private Limited from participating in securities market and the Motisons Commodities Private Limited has alleged to have participated in commodity derivative market, thus, the MCX is constrained to debar the Motisons Commodities Private Limited from trading in proprietary account w.e.f. August 27, 2015. As per the mail dated 17.10.2015, MCX wrote to the company that the MCX would be constrained to debar the company from trading in proprietary account w.e.f. October 19, 2015. On 25.07.2018, MCX issued show cause notice to Motisons Commodities Private Limited, alleging that the company has traded in proprietary accounts in violation of MCX-Circular No. MCX/011/2006 dated 10.01.2006 and SEBI order dated August 20, 2015, temporarily debarring the company from trading in securities market. Reply to the said show cause notice was filed by Motisons Commodities Private Limited on 20.08.2018. No response has been received or any adverse action was taken against the Motisons Commodities Private Limited as on the date of this Draft Red Herring Prospectus

We cannot assure that such violations will not take place in future and the same, if occurred, may affect our goodwill and future aspects.

5. ***We are dependent on third parties for the production and manufacturing of most of our products. We may be unable to maintain or establish formal arrangements with such third parties, and any disruptions at such third-party production or manufacturing facilities, or failure of such third parties to adhere to the relevant quality standards may have a negative effect on our reputation, business and financial condition.***

We procure finished goods from third party suppliers and manufacture some of our products through in-house manufacturing facility and our network of job workers. We also procure raw materials through suppliers. The table below provides our revenue from the above operations for the periods indicated therein.

(₹ in Lakhs)

Category	FY 2021-22		FY 2020-21		FY 2019-20	
	Net Sales	(%)	Net Sales	(%)	Net Sales	(%)
Revenue from in-house manufacturing	949.58	3.02%	737.68	3.47%	389.44	1.78%
Revenue from job-work	2,067.56	6.58%	725.38	3.41%	781.48	3.57%
Revenue from Trading	28,415.52	90.40%	19,837.27	93.11%	20,723.39	94.65%
Revenue from Others	0.34	0.00%	3.68	0.02%	-	0.00%
TOTAL	31,433.00	100.00%	21,304.71	100.00%	21,894.31	100.0

The above table reflects that, in Fiscal 2022, out of our total revenue generated 90.40% revenue was attributed to products sold from our trading business, i.e., finished goods procured from third party manufacturers, 6.58% of revenue pertained to products which were manufactured through our network of job-workers and the remaining 3.02% revenue related to products manufactured in-house in our manufacturing facilities.

We do not have specific written agreements with such suppliers of finished goods and raw materials and job-workers and accordingly, they are not contractually bound to deal with us exclusively, and we may face the risk of our competitors offering better terms, which may cause them to prefer our competitors over us.

Any unscheduled, unplanned or prolonged disruption of operations at our suppliers' and job-workers' manufacturing facilities, including on account of power failure, fire, mechanical failure of equipment, performance below expected levels of output or efficiency, obsolescence of equipment or manufacturing processes, non-availability of adequate labour or disagreements with workforce, lock-outs, earthquakes and other natural disasters, industrial accidents, any significant social, political or economic disturbances or infectious disease outbreaks, could affect our vendors' ability to meet our requirements, and could consequently affect our operations. We are also exposed to the risk of our job-workers and suppliers failing to adhere to the standards set for them by us and statutory bodies in respect of quality, safety and distribution which in turn could adversely affect our sales and revenues. While there have been no such instances in the past, there can be no assurance that there will not be such instances in the future.

Any delay or failure on the part of our supplier and job-workers to deliver the products in a timely manner or to meet our quality standards, or any litigation involving these suppliers and job-workers may have a material adverse effect on our business, profitability, and reputation. Our operations could be disrupted if we do not successfully manage relationships with our supplier and job-workers, if they do not perform or are unable to perform agreed-upon services, or if they are unwilling to make their services available to us at reasonable prices. If our suppliers and job-workers do not perform their contractual obligations, it could adversely affect our reputation, business, financial condition and results of operations

Any negative publicity about the quality of our jewellery can adversely affect our reputation, business and results of operations. We undertake a number of quality control procedures to ensure we are selling only quality jewellery to our customers like having all of our jewellery Bureau of Indian Standards ("BIS"), hallmarked and conducting sample tests on each new batch of products we receive from our contract manufacturers and exercising control over the entire manufacturing process. However, there is no assurance that our quality control measures will be effective. While there have been no such instances in the past, there can be no assurance that there will not be such instances in the future.

We are also exposed to the risk of our job-workers and contractors failing to adhere to the standards set for them by us and statutory bodies in respect of quality, safety and distribution which in turn could adversely affect our sales and revenues. While there have been no such instances in the past, there can be no assurance that there will not be such instances in the future.

6. *The strength of our brands is crucial to our success, and we may not succeed in continuing to maintain and develop our brands.*

We consider our “Motisons” brand to be very important for our business. Our business and results of operations are influenced by the strength of our brand, including the level of consumer recognition and perception of our brand. The strength of our brand depends on factors such as our growth, our product designs, the materials used to make our products, the quality of our products, the distinct character and presentation of our products as well as the presentation and layout of our showrooms. Public communication activities such as advertising, public relations and marketing as well as the general perception of our business also impact our brand. Failure to manage any of the above factors or failure of our promotion and other activities to differentiate and further strengthen our brand could adversely affect the value and perception of our brand and our ability to maintain existing customers and attract new customers, and, as a result, have a material adverse effect on our business, results of operations and financial condition.

Due to the competitive nature of the market in which we operate, if we do not continue to develop our brand and products, we may fail to attract customers required to continue growing our business. Developing, promoting and positioning our brand will depend largely on the success of our marketing and merchandising efforts, the relationships we have with our customers and our ability to provide a consistent, high-quality experience for our customers. In particular, we may face brand dilution to the extent we fail to develop, promote and position our brand effectively and consistently with respect to new products or any new product categories. To promote our brand and products, we have incurred, and expect to continue to incur, expenses related to advertising and other marketing efforts. However, there can be no assurance that our advertising or marketing efforts are or will be successful and result in increased sales. Furthermore, there can be no assurance that our marketing efforts will succeed in maintaining our brand and its perception with customers.

A critical component of our brand promotion strategy is maintaining the quality of our products and of the experience customers associate with our brand. Our ability to provide a high-quality experience for our customers depends on internal and external factors, such as, the reliability and performance of the manufacturers who produce our jewellery and our employees and staff at our showrooms. We rely on our staff at our showrooms to promote and sell our products in an environment that is consistent with the perception and reputation of our brands. Any failure to maintain our uniform company standards and brand positioning could damage the market perception of our brand and could have a negative impact on the experience of our customers, which in turn could adversely impact our reputation, results of operations and business operations.

7. *We have availed unsecured loans from Promoters, Promoter Group, Group Companies and other companies that are recallable, at any time.*

Our Company has availed unsecured loans from Promoters, Promoter Group, Group Companies and other companies, aggregating to ₹8,644.77 Lakh as of March 31, 2022 that are repayable on demand and which may be recalled by such lenders at any time. Our Company has paid interest ranging from 9% p.a. to 12%

p.a. on these loans. Details of unsecured loans from our lenders is given in the table below.

S. No.	Details of the Lender	Sanctioned amount	O/s amount as on March 31, 2022
	From Promoters		
1.	Sanjay Chhabra	1,302.45	1,354.52
2.	Sandeep Chhabra	3,542.99	3,492.38
3.	Namita Chhabra	1,499.10	1,661.01
4.	Kajal Chhabra	902.06	946.07
	From Promoter Group		
5.	Godawari Estates Pvt Ltd.	1,521.32	795.74
	From other companies		
6.	Bhaves Silk Industries Pvt Ltd	100.00	100.00
7.	Silver Land Developers Pvt Ltd	272.94	295.05
	Total	9,140.87	8,644.77

In the event that such lender seeks repayment of any such unsecured loans, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. As a result, any such demand may materially and adversely affect our business, cash flows, financial condition and results of operations. For further information on unsecured loans relating to our business and operations, see **“Financial Indebtedness”** on page 314.

8. We are required to obtain, renew or maintain certain statutory and regulatory permits and approvals required to operate our business. Non-compliance with existing or changes to environmental, health and safety, labour laws and other applicable regulations by us may adversely affect our business, financial condition, results of operations and cash flows.

Our operations are subject to government regulation concerning jewellery manufacture and sale and we are required to obtain and maintain several statutory and regulatory permits and approvals under central, state and local government legislation for operating our business generally, including tax registrations, labour licenses and shops and establishment registration. For further information on approvals relating to our business and operations, see **“Government and other Approvals”** on page 323. These permits, licenses and approvals may also be tied to numerous conditions, some of which may be onerous to us and require substantial expenditures. We cannot assure you that we will be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities, which may lead to cancellation, revocation or suspension of relevant permits, licenses, registrations and approvals. There is no assurance in the future that the permits, licenses, registrations and approvals applied for or held by us will be issued, approved or renewed in a prompt manner, or at all, under applicable laws.

Certain of our material approvals, registrations, permits and licenses may expire in the ordinary course of business for which we may have either made or are in the process of making applications for obtaining their renewal.

Further, applications for approvals, licenses, registrations and permissions for operating our business need to be made within certain timeframes and are often subject to the discretion of relevant authorities. While we have obtained a significant number of approvals, licenses, registrations and permissions, we are yet to receive or apply for certain approvals, licenses, registrations and permissions. If we are unable to make applications or renew or obtain necessary permits, licenses and approvals on acceptable terms, in

a timely manner, at a reasonable cost, or at all or in the event we fail to comply with the terms and conditions therein, it could affect our financial condition and results of operations, including cancellation, revocation or suspension of relevant permits, licenses, registrations and approvals and the imposition of penalties by relevant authorities and in a worst case scenario, even initiation of prosecution by concerned authorities. Furthermore, our failure to obtain or renew licenses and approvals could affect our ability to recover under our insurance policies.

For further information on material approvals for which no fresh or renewal applications have been made, please chapter “**Government and Other Approvals**” on 323.

Certain approvals, though not material and necessary for carrying on business and operations of the Company, are yet to be applied for. For instance, (i) we are yet to apply for consent to establish and consent to operate for our manufacturing units at Bapu Nagar (leased unit) and Sitapura (owned unit); (ii) we are yet to apply for license under the Factories Act, 1948 for our unit located at Bapu Nagar (leased unit); (iii) we are yet to apply for fire NOC for our unit located in Sitapura (owned unit). Since out of our total revenue generated in Fiscal 2022, only 3.02% revenue related to products manufactured in-house in our said manufacturing units and the remaining 96.98% is attributed to products sold from our trading business and products which were manufactured through our network of job-workers, any adverse action by the authorities on our manufacturing units at Bapu Nagar and Sitapura may not have significant impact on our revenues. However, imposition of penalties and initiation of penal action, if any, on the Company and its Directors by relevant authorities may materially and adversely impact our business.

9. *The occurrence of natural or man-made disasters or outbreak of global pandemics, such as the COVID-19 pandemic, could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.*

Natural disasters (such as typhoons, flooding and earthquakes), epidemics, pandemics such as COVID-19, acts of war, terrorist attacks and other events, many of which are beyond our control, may lead to economic instability, including in India or globally, which may in turn materially and adversely affect our business, financial condition and results of operations. Our operations may be adversely affected by fires, natural disasters and/or severe weather, which can result in damage to our property or inventory and generally reduce our productivity and may require us to evacuate personnel and suspend operations. Any terrorist attacks or civil unrest as well as other adverse social, economic and political events in India or countries to who we export our products could have a negative effect on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the price of the Equity Shares.

10. *Our inability to respond to changes in consumer demands and market trends in a timely manner and to maintain optimal level of inventory in our showrooms may impact our operations adversely.*

Our success depends on our ability to identify, originate and define product and market trends, as well as to anticipate, gauge and react to rapidly changing consumer demands in a timely manner. Our products must also appeal to a broad range of customers whose preferences may vary significantly across regions and cannot be predicted with certainty. We cannot assure you that the demand for our products with end-consumers will continue to grow or that we will be able to continue to develop appealing styles or meet rapidly changing consumer demands in the future. If we misjudge the market for our jewellery products or fail to anticipate a shift in consumer preferences, we may be faced with a reduction in

revenues.

Customer preferences regarding diamonds, gold and other precious metals and gemstones also influence the level of our sales. Customer preferences could be affected by a variety of issues, including promotion of specific types of jewellery by the fashion industry, such as the promotion of silver over traditional gold jewellery, a decrease in the perceived value and customer satisfaction of the jewellery compared to its price, the availability of alternate metals and consumer attitudes towards the substitution of some of the products or a shift in customer preference to other luxury products.

Any inability to respond to changes in consumer demands and market trends in a timely manner could have a material adverse effect on our business, financial condition and results of operations.

Maintaining an optimal level of relevant inventory is important to our business as it allows us to respond to customer demand effectively and to maintain a full range of products at our showrooms. We estimate our monthly sales for every Fiscal prior to the commencement of the Fiscal considering the estimated growth rate of every showroom, festive periods and other factors. Monthly inventory is monitored based on actual sales and other relevant factors. Further, we keep back up inventory for a few days in our showrooms providing us flexibility in transporting merchandise of particular design or style to a showroom where it is selling quickly while avoiding piling of non-moving inventory. If a particular design or style is not selling well in certain showrooms, we may undertake cross shipment of such designs or styles to showrooms where sales are better. The slow-moving designs or styles are monitored, and additional incentives may be offered to minimize inventory build-up for discounted sales periods.

Although we monitor our daily sales to avoid under-stocking and over-stocking, our estimates and forecasts may not always be accurate. If we over-stock inventory, our capital requirements will increase, and we will incur additional financing costs. If we under-stock inventory, our ability to meet customer demand and our operating results may be adversely affected. Any material mismatch between our forecast and actual sales could lead to potential excess inventory or out-of-stock situations, either of which could have an adverse effect on our business, financial condition and results of operation. Stock of inventory may also be impacted by disruptions faced in the transportation of our products or other adverse developments in the process.

11. *Our ability to attract customers is dependent on the success and visibility of our showrooms.*

Our first outlet was set up in Johri Bazaar, renowned jewellery hub in the heart of the city wherein we also opened our second showroom. Our third store, i.e., the flagship store 'Motisons Tower' is located at Tonk Road, Jaipur and our most recent outlet is situated in the affluent neighborhood in the southwestern part of Jaipur at Vaishali Nagar.

We endeavor to open showrooms in optimal locations and generally consider a relevant location's demographics, spending capacity, economic conditions and cost-benefit analysis. Showroom locations may become unsuitable, and our sales volume and customer traffic generally may be slowed, by, among other things: economic downturns in a particular area; competition from nearby jewellery companies; changing consumer demographics in a particular market; changing lifestyle choices of consumers in a particular market; government imposed lockdowns due to pandemics, such as COVID-19; and the popularity of other businesses located near our showrooms.

Given our dependence on customers visiting our showrooms, our success is partially dependent upon the

continued popularity of particular locations. Changes in areas around our showroom locations that result in reductions in customer traffic or otherwise render the locations unsuitable could result in reduced sales volume, which could materially and adversely affect our business, financial condition and results of operations.

- 12. *We have significant working capital requirements and if we are unable to secure adequate working capital loans on commercially reasonable terms it could have a material adverse effect on our business, financial condition and results of operations.***

Our business requires a substantial amount of working capital, primarily to finance our inventory, including, the purchase of raw materials. Moreover, we may need substantial working capital for expansion of our business. Most of this working capital is provided by bank loans. Such financing could cause our debt-to-equity ratio to increase. Further, pursuant to a circular dated December 30, 2010, the RBI has directed banks to apply enhanced due diligence measures on high risk customers such as jewellers. Our inability to obtain and/or maintain sufficient cash flow, credit facilities and other sources of funding, in a timely manner, or at all, to meet our working capital requirements or to pay our debts, could adversely affect our financial condition and results of operations. For further information regarding the working capital facilities currently availed of by us, see “**Financial Indebtedness**” on page 314.

- 13. *All our showrooms which include our Registered Office and one of our manufacturing facilities is located on leased premises. If we fail to renew these leases or if we are unable to manage our lease rental costs, our results of operations would be materially and adversely affected.***

All of our 4 showrooms which include our Registered Office and our manufacturing unit located at Bapu Nagar, Jaipur is operated on properties that are leased to us by our Promoters and/or Promoter Group Companies. Except for lease of our flagship store at Tonk Road, Jaipur which is for a tenure of 5 years, other such lease agreements are for a short term of 11 months. For further information regarding the details of all manufacturing facilities and showrooms owned or leased by us, see “**Our Business**” on page 150.

The short term lease agreement contain a termination clause wherein lessor can terminate the lease agreement by providing 3 months’ notice, hence if the concerned lessor terminates the lease agreement or if we are unable to renew leases for our showrooms on acceptable terms or at all, we will have to close or relocate the relevant showrooms, which would eliminate the sales that those showrooms would have contributed to our revenues during the period of closure, and could subject us to construction, renovation and other costs and risks.

Additionally, lease agreements are required to be adequately stamped under the Indian law in order for them to be enforceable or admissible as evidence in a court of law. Several of our lease agreements may not be adequately stamped, and therefore, we may face challenges in enforcing them and they may be inadmissible as evidence in a court in India subject to penalties along with the requisite stamp duty prescribed under applicable Indian law being paid.

- 14. *All our showrooms are located in Jaipur, Rajasthan. Any adverse development affecting such region may have an adverse effect on our business, prospects, financial condition and results of operations.***

All of our showrooms are located in Jaipur, Rajasthan. Any materially adverse social, political or economic development, natural calamities, civil disruptions, or changes in the policies of the local governments in

this region could adversely affect operations at our showrooms. Natural disasters such as earthquakes, extreme climatic or weather conditions such as floods, droughts, or diseases heightened or particular to the region, may adversely impact the supply of products, local transportation and operations at our offices and showrooms. Such disruption to supply would materially and adversely affect our business, profitability and reputation.

Since most of our operating revenue is generated from Jaipur, Rajasthan, our business is highly vulnerable to regional conditions and economic downturns in the region. Any unforeseen events or circumstances that negatively affect these areas could materially adversely affect our sales and profitability. These factors include, among other things, changes in demographics, population and income levels. In addition, our business may also be susceptible to regional natural disasters and other catastrophes, such as telecommunications failures, cyber-attacks, fires, riots, political unrest or terrorist attacks.

15. *The agreements governing our indebtedness contain conditions and restrictions on our operations, additional financing and capital structure.*

As of August 31, 2022, our total outstanding secured debt, was ₹ 6,003.33 Lakhs. We have entered into several borrowing facilities of varying terms and tenures. The financing agreements governing such facilities include conditions and restrictive covenants that require us to obtain consents, no-objections or waivers from lenders prior to carrying out specified activities or entering into certain transactions, including, among other things, incurring additional debt, prepaying existing debt, declaring dividends or incurring capital expenditures beyond prescribed thresholds, amending our constitutional documents, changing our capital structure, shareholding pattern or management, and selling, transferring, leasing or disposing our encumbered assets.

Undertaking any of the above without the consent of our lenders or non-compliance with any of the covenants of our financing agreements, constitute defaults under the relevant financing agreements and will entitle the respective lenders to declare a default against us and enforce remedies under the terms of the financing agreements, that include, among others, acceleration in repayment of the amounts outstanding under the financing agreements, enforcement of any security interest created under the financing agreements and taking possession of the assets given as security in respect of the financing agreements. Further, we cannot assure you that we will be able to obtain approvals to undertake any of these activities as and when required or to comply with such covenants or other covenants in the future. A default by us under the terms of any financing agreement may also trigger a cross-default under some of our other financing agreements, or any other agreements or instruments of our containing cross-default provisions, which may individually or in aggregate, have an adverse effect on our operations, financial position and credit rating. If the lenders of a material amount of the outstanding loans declare an event of default simultaneously, we may be unable to pay its debts when they fall due. For details of our borrowings, see “*Financial Indebtedness*” on page 314.

16. *The non-availability or high cost of quality gold bullion, diamonds and other precious and semi-precious stones may have an adverse effect on our business, results of operations and financial condition.*

Timely procurement of materials such as gold bullion, diamonds and other precious and semi-precious stones, as well as the quality and the price at which they are procured, play an important role in the successful operation of our business. Gold used in our operations is primarily sourced from bullion dealers and purchased (old gold) from customers. In Fiscals 2022, 2021 and 2020, we sourced ₹ 1,489.97 Lakhs, ₹ 1,065.67 Lakhs and ₹ 925.89 Lakhs of gold, respectively, pursuant to such arrangements which

constitute 63.39%, 67.58% and 48.11% respectively of the total purchases. An increase in the price of gold may result in an increase in our income from sales assuming such increases do not adversely affect sales volumes. However, a significant increase in the price of gold or a negative outlook on future gold prices could, in the short term, adversely affect our sales volumes.

We may also require specific quality raw materials including precious and semi-precious stones for a particular jewellery design. Accordingly, our business is affected by the availability, cost and quality of raw materials. A sudden fall in the market price of diamonds and other precious and semi-precious stones may affect our ability to recover our procurement costs. Conversely, an increase in the price of diamonds and other precious and semi-precious stones could lead to a decrease in demand for a particular jewellery and/or a decrease in our profit margins. The prices and supply of these and other materials depend on factors beyond our control, including general economic conditions, competition, production levels and regulatory factors such as import duties. International gold prices began rising in 2018 and surged further following the outbreak of the coronavirus pandemic and gold prices charted a continuous northward journey and reached an all-time high in August 2020 (as per the CareEdge Industry Report). However, such increase has not resulted in an increase in our operational cost since any increase in the prices of raw materials are passed on to the customer. We cannot assure you that we will be able to procure quality raw materials at competitive prices or at all. Further, any rise in gold and diamond prices may cause customers to delay their purchases, thereby adversely affecting our business, operations and financial condition. Any disruption of supplies from our current suppliers or a failure to adequately replace them may materially and adversely affect our business, financial condition and results of operations

17. We have contingent liabilities.

As of March 31, 2022, we had ₹1,618.31 Lakh of contingent liabilities that had not been provided for. A summary table of our contingent liabilities as of March 31, 2022 as disclosed in the Restated Financial Information is set forth below:

Other monies for which our Company is contingently liable	As at March 31, 2022 (₹ in Lakhs)
GST Demand	127.75
Income Tax Demand	1,490.56
Total	1,618.31

For details, see “**Financial Statements**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations - Contingent Liabilities**” on pages 224 and 309, respectively, for more information. Any or all of these contingent liabilities may become actual liabilities. In the event that any of our contingent liabilities become non-contingent, our business, financial condition and results of operations may be adversely affected. Furthermore, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the current fiscal year or in the future.

18. Our Promoter and certain members of the Promoter Group have provided personal guarantees for loan facilities obtained by us, and any failure or default by us to repay such loans could trigger repayment obligations on our Promoter and members of the Promoter Group, which may also impact our Promoter’s ability to effectively service its obligations as our Promoter and thereby, adversely impact our business and operations.

As of March 31, 2022, the secured borrowings availed by our Company from certain lenders are secured

by the personal guarantees, inter-alia, provided by our Promoters, namely Mr. Sanjay Chhabra, Mr. Sandeep Chhabra, Mrs. Namita Chhabra and Mrs. Kajal Chhabra, Motilal Sandeep Chhabra HUF, Sandeep Chhabra HUF and certain members of the Promoter Group namely Mr. Mahendra Kumar Patni and Mr. Kamal Chand Jain. As of August 31, 2022, outstanding amounts from credit facilities personally guaranteed by our Promoter and members of the Promoter Group amounted to ₹ 4,500.00 Lakhs, which constituted 66.07% of our indebtedness as on such date. For further information, see ***“Financial Indebtedness”*** on page 314.

Any default or failure by us to repay our loans in a timely manner or at all could trigger repayment obligations on the part of our Promoter and certain members of the Promoter Group, in respect of such loans. This could have an adverse effect on our business, results of operation and financial condition. We may not be successful in procuring guarantees to supplement/ substitute the guarantees provided by our Promoter and certain Promoter Group members satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our business prospects, financial condition, results of operations and cash flows.

19. *Any failure of or disruption to our information technology systems could adversely impact our business and operations.*

We rely on our information technology (“IT”), systems to provide us with connectivity across our business functions and showrooms through our software, hardware and network systems. Our business processes are IT- enabled. Our jewellery is typically tracked by radio-frequency identification tags tracking system that uses smart barcodes in order to identify jewellery items. We utilise computer systems in each of our showrooms to track and monitor each piece of inventory, which are further linked to our RFID Tag. Any failure in our IT systems or loss of connectivity or any loss of data arising from such failure could disrupt our ability to track, record and analyze inventory, process financial information, manage creditors/debtors or engage in normal business activities, which could have a material adverse effect on our operations. Although we have not experienced any material failure in our IT systems, there can be no assurance that our IT systems will not suffer a material failure in the future.

We are also susceptible to potential hacking or other breaches of our IT systems. Although we have anti-virus and anti-hacking measures in place, we cannot assure you that we can successfully block and prevent all hacking or other breaches. As a result, failure to protect against technological disruptions of our operations could materially and adversely affect our business, financial condition and results of operations. We also maintain significant amounts of customer data that we collect in order to promote our brand and direct targeted advertisements to potential customers. Any breach of our IT systems or misuse by employees could result in the loss or disclosure of confidential information, damage to our reputation, litigation or other liabilities.

Furthermore, we individually tag each item that is sold at our showrooms, which enables us to track, record and analyze sales of our products to customers across all of our showrooms. We utilise an enterprise resource planning (“ERP”), system to assist in managing our operations. Any delay or disruption in our IT systems, including our ERP system, could have a material adverse effect on our business, financial condition and results of operations. Further, any failure, disruption or manipulation of our tagging system could disrupt our ability to track, record and analyze sales of our products, which could have a material adverse effect on our business.

We also have an e-commerce platform, www.motisonsjewellers.com, for online shopping experience we

provide to our customers. Many of our control systems are dependent on third-party software and technology. Our website and third-party software may be subject to damage, software errors, computer viruses, security breaches and the delayed or failed implementation of new updates. Damage or interruption to our third-party and other control systems may require a significant investment to fix or replace them, and we may suffer interruptions in our operations as a result.

20. *We could face customer complaints or negative publicity about our customer service.*

Customer complaints or negative publicity about our customer service could diminish consumer confidence in, and the attractiveness of, our Company and brand. We interact with customers across all of our showrooms and consistently strive to maintain high standards of customer service. However, we periodically have experienced customer disputes and receive complaints, which we endeavor to resolve through prompt and effective customer service. Any inability by us to properly manage or train our sales staff, and managerial personnel who handle customer complaints and disputes could compromise our ability to handle customer complaints effectively in the future. If we do not handle customer complaints effectively, our reputation may suffer, and we may lose our customers' confidence, which could have a material adverse effect on our business, financial condition and results of operations.

21. *Our income and sales are subject to seasonal fluctuations and lower income in a peak season may have a disproportionate effect on our results of operations.*

Our sales in certain regions have historically exhibited certain seasonal fluctuations, reflecting higher sales volumes and profit margins during festival periods and wedding season. While we stock certain inventory to account for this seasonality which differs across regions, our fixed costs such as lease rentals, employee salaries, showroom operating costs and logistics-related expenses, which form a significant portion of operating costs, are relatively constant throughout the year. Consequently, lower than expected net sales during certain periods or more pronounced seasonal variations in sales in the future could have a disproportionate impact on our operating results for any fiscal year or could strain our resources and impair our cash flows. Any slowdown in demand for our jewellery during peak seasons or failure by us to accurately anticipate and prepare for such seasonal fluctuations could have a material adverse effect on our business, financial condition and results of operations.

22. *Our business depends on our Promoters and senior management and our ability to attract and retain sales personnel.*

We believe that the experience of our Promoters and senior management has been critical to our success and business growth. As a result, any loss of the services of any of our Promoters or senior management could materially and adversely affect our business, financial condition and results of operations. The replacement of senior management may not be straightforward or achievable in a timely manner, and we may be required to wait indefinitely to fill positions until we find suitable candidates. Furthermore, attracting and retaining experienced and qualified senior management could require increasing compensation and benefits payable to such personnel, which could affect our operational costs and accordingly, our financial condition and results of operations.

In the jewellery industry, the level and quality of sales personnel and customer service are key competitive factors and an inability to recruit, train and retain suitably qualified and skilled sales personnel who maintain consistency in our standards of customer service and overall operations could adversely impact our reputation, business prospects and results of operations.

There can be no assurance that attrition rates for our employees, including our management and sales personnel, will not increase. A significant increase in our employee attrition rate could also result in decreased operational efficiencies and productivity, loss of market knowledge and customer relationships, and an increase in recruitment and training costs, thereby materially and adversely affecting our business, results of operations and financial condition.

23. *We may not be able to protect our trademarks from infringement.*

We have registered our “Motisons” brand name and logo as registered trademarks in India. Additionally, as on the date of this Draft Red Herring Prospectus, we have obtained trademarks registrations, including for our logo under class 14. Although we take steps to monitor the possible infringement or misuse of our trademarks, it is possible that third parties may infringe, dilute or otherwise violate our trademark rights. Any unauthorized use of our trademarks could harm our reputation or commercial interests. In addition, our enforcement against third-party infringers or violators may be unduly expensive and time-consuming, and any remedy obtained may constitute insufficient redress relative to the damages we may suffer. For details, see “**Government and Other Approvals**” on page 323.

24. *We may fail to protect our jewellery designs.*

We change our jewellery designs on a regular basis and do not register such designs under the Design Act, 2000. As such, it would be difficult for us to enforce our intellectual property rights in our designs, and if our competitors copy our designs, in particular the designs of our products available on our website or the designs given to third-party contractors, it could lead to a loss of revenue, which could adversely affect our results of operations and financial condition. Further, we manufacture through (i) our network of job-workers where sometimes we provide raw material and designs to such contractors and (ii) our in-house manufacturing facility. While we control and supervise the entire manufacturing process, the contract manufacturers could make the same or similar jewellery for other parties, including our competitors. If our contract manufacturers produce the same or similar jewellery for our competitors, our customers may no longer purchase our jewellery or look to our competitors for similar jewellery, which could negatively impact our results operations and financial condition. Additionally, designs developed by us may inadvertently infringe on the intellectual property rights of third parties, which may expose us to legal proceedings. Thus, we are susceptible to litigation for infringement of intellectual property rights in relation to such designs. This could materially and adversely affect our reputation, results of operations and financial condition.

25. *We may be subject to fraud, theft, employee negligence or similar incidents.*

Our operations may be subject to incidents of theft or damage to inventory in transit, prior to or during showroom stocking and display. Our industry typically encounters some inventory loss on account of employee theft, shoplifting, vendor fraud, credit card fraud and general administrative error. We maintain large amounts of inventory at all our showrooms at all times and had a total inventory of ₹ 28,375.82 Lakh, as of March 31, 2022. We have set up various security measures and have never in the past experienced such incidents, excluding certain minor instances of theft. There can be no assurance that we will not experience any fraud, theft, employee negligence, security lapse, loss in transit or similar incidents in the future, which could adversely affect our results of operations and financial condition.

Additionally, in case of losses due to theft, fire, breakage or damage caused by other casualties, there can be no assurance that we will be able to recover from our insurers the full amount of any such loss in a

timely manner, or at all. If we incur a significant inventory loss due to third-party or employee theft and if such loss exceeds the limits of, or is subject to an exclusion from, coverage under our insurance policies, it could have an adverse effect on our business, results of operations and financial condition. In addition, if we file claims under an insurance policy it could lead to increases in the insurance premiums payable by us or the termination of coverage under the relevant policy.

26. *We may be subject to labour unrest, slowdowns and increased wage costs.*

India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal, and legislation that imposes certain financial obligations on employers upon retrenchment. Our employees are not unionized. However, in the event that employees seek to unionize, it may become difficult for us to maintain flexible labour policies, which may increase our costs and adversely affect our business. Furthermore, the job-workers with whom we work to manufacture our jewellery could seek to organize. A potential increase in the salary scale of our employees or amounts paid to our contract manufacturers as a result of organization or unrest, or a disruption in services from our employees or contract manufacturers due to potential strikes, could adversely affect our business operations and financial condition.

27. *Our insurance may be insufficient to cover all losses associated with our business operations.*

Our insurance policies currently cover our precious jewellery items and cash in storerooms, transit, theft and while being handled by our employees, including with respect to fire and special perils. As at March 31, 2022, we have insurance coverage for all of our assets. Notwithstanding the insurance coverage that we carry, we may not be fully insured against certain business risks. There are many events that could significantly impact our operations, or expose us to third-party liabilities, for which we may not be adequately insured. There can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part, or on time. To the extent that we suffer any loss or damage that is not covered by insurance or exceeds our insurance coverage, our business, financial condition and results of operations could be adversely affected.

28. *Certain sections of this Draft Red Herring Prospectus disclose information from the industry report which has been commissioned and paid for by us exclusively in connection with the Issue and any reliance on such information for making an investment decision in the Issue is subject to inherent risks.*

Pursuant to being engaged by us, CARE Advisory Research and Training Limited, which is not related to our Company, our directors or our Promoters prepared a report dated August 18, 2022 entitled, “**Industry Research Report on Indian Gems & Jewellery Sector**”. Certain sections of this Draft Red Herring Prospectus include information based on, or derived from, the CareEdge Report or extracts of the CareEdge Report. None of our Company (including our directors), and the BRLM possess the professional skills to evaluate the accuracy, adequacy, completeness and objectivity of, or verify, the information covered in the CareEdge Report and cannot provide any assurance regarding the information in this Draft Red Herring Prospectus derived from, or based on, the CareEdge Report. All such information in this Draft Red Herring Prospectus indicates the CareEdge Report as its source. Accordingly, any information in this Draft Red Herring Prospectus derived from, or based on, the CareEdge Report should be read taking into consideration the foregoing.

Industry sources and publications are also prepared based on information as of specific dates and may no

longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. While industry sources take due care and caution while preparing their reports, they do not guarantee the accuracy, adequacy or completeness of the data. Accordingly, investors should not place undue reliance on, or base their investment decision solely on this information.

In view of the foregoing, you may not be able to seek legal recourse for any losses resulting from undertaking any investment in the Issue pursuant to reliance on the information in this Draft Red Herring Prospectus based on, or derived from, the CareEdge Report. You should consult your own advisors and undertake an independent assessment of information in this Draft Red Herring Prospectus based on, or derived from, the CareEdge Report before making any investment decision regarding the Issue. See “**Industry Overview**” on page 120.

29. *Our management will have broad discretion over the use of the Net Proceeds, including interim use of the Net Proceeds, and there is no assurance that the objects of the Issue will be achieved within the time frame expected or at all, or that the deployment of the Net Proceeds in the manner intended by us will result in any increase in the value of your investment*

We intend to use the Net Proceeds for (i) Pre-payments or scheduled repayment of a portion of the existing borrowing availed by our company, (ii) funding our working capital requirements, and (ii) general corporate purposes. The deployment of the Net Proceeds is based on management estimates, current circumstances of our business and prevailing market conditions and has not been appraised by any bank, financial institution or other independent institution. We may have to revise our funding requirements and deployment from time to time due to various factors, such as changes in costs, financial and market conditions, business and strategy considerations and interest and exchange rate fluctuations or other external factors, which may or may not be within the control of our management. This may entail rescheduling and revising planned expenditure and funding requirements and increasing or decreasing expenditures for a particular purpose from planned expenditures at the discretion of our management and subject to applicable law. Accordingly, investors in the Equity Shares will be relying on the judgment of our management regarding the application of the Net Proceeds. Further, we will appoint a monitoring agency for monitoring the utilisation of Net Proceeds in accordance with Regulation 41 of the SEBI ICDR Regulations and the monitoring agency will submit its report to us on a quarterly basis in accordance with the SEBI ICDR Regulations. The application of the Net Proceeds in our business may not lead to an increase in the value of your investment. Various risks and uncertainties, including those set forth in this section “**Risk Factors**”, may limit or delay our efforts to use the Net Proceeds to achieve profitable growth in our business. For details see, “**Objects of the Issue**” on page 100.

30. *Any variation in the utilisation of the Net Proceeds or in the terms of any contract as disclosed in this Draft Red Herring Prospectus would be subject to certain compliance requirements, including prior shareholders’ approval.*

We propose to utilise the Net Proceeds for (i) Pre-payments or scheduled repayment of a portion of the existing borrowing availed by our company, (ii) funding our working capital requirements, and (ii) general corporate purposes. For details, see “**Objects of the Issue**” on page 100. The deployment of the Net Proceeds is based on management estimates, current circumstances of our business, prevailing market conditions and has not been appraised by any bank, financial institution or other independent party. Accordingly, at this stage, we cannot determine with any certainty if we will require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of the competitive environment, business

conditions, economic conditions or other factors beyond our control. In accordance with Section 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds or in the terms of any contract as disclosed in this Draft Red Herring Prospectus without obtaining the Shareholders' approval through a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilization of the Net Proceeds, we may not be able to obtain the Shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such Shareholders' approval may adversely affect our business or operations.

Further, our Promoters would be required to provide an exit opportunity to the shareholders who do not agree with our proposal to change the objects of the Issue or vary the terms of such contracts, at a price and manner as prescribed by SEBI. Additionally, the requirement on Promoters to provide an exit opportunity to such dissenting shareholders may deter the Promoters from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in our interest. Further, we cannot assure you that our Promoters will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

In light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Issue, if any, or vary the terms of any contract referred to in this Draft Red Herring Prospectus, even if such variation is in our interest. This may restrict our ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of the Net Proceeds, if any, or varying the terms of any contract, which may adversely affect our business and results of operations.

31. We have in the past entered into related party transactions and may continue to do so in the future.

We have entered into certain transactions with related parties, including with respect to the payment of remuneration of certain of our Directors and our Key Managerial Personnel, loans from related parties and lease of our showrooms and manufacturing unit. While we believe that all such transactions have been conducted on an arm's length basis, in the ordinary course of our business and on commercially reasonable terms, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. While in terms of the Companies Act, 2013 and the SEBI Listing Regulations, certain related party transactions require Audit Committee and shareholders' approval, there can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not have achieved more favorable terms if such transactions had not been entered into with related parties. Additionally, any future transactions with our related parties could potentially involve conflicts of interest.

The following table sets forth the percentage of the value of related party transactions (except transactions pertaining to borrowing) as a percentage of total income for Fiscals 2022, 2021 and 2020:

Particulars	For the financial year ended on		
	31.03.2022	31.03.2021	31.03.2020
Related Party Transactions (Gross transactions incl. income and expense)	2,715.03	2,411.03	3,218.98
Total Income	31,447.13	21,306.22	21,898.94
Percentage of RPT to Total Income	8.63%	11.32%	14.70%

For more details, see “**Note 42: Related Party Transactions**” on page 272.

32. *We face competition in the markets in which we operate and may not be able to effectively compete in the future.*

The markets in which we operate are competitive. Our competitors include both organised pan-India jewellers as well as unorganized local players in the various markets in which we operate. See “**Industry Overview – Indian Retail Sector Overview**” on page 126. Some of our competitors have achieved significant recognition for their brand names or have considerable financial, distribution, marketing, bargaining power with suppliers and other resources. Industry consolidation, either by virtue of mergers and acquisitions or by a shift in market power among competitors, may accentuate these trends. In addition, some of our competitors in smaller local markets have advantages of having strong reputations and established trust with customers in their local markets, which could be difficult for us to challenge or replicate in a sustained manner in the future.

We believe that our principal competitive factors include brand name, product style, product range, quality, display, price transparency, personalized service to our customers, store location, designs suited to local preferences, advertising and promotion. We cannot give any assurances that we will be able to compete successfully on all of these factors against existing or future competitors in the future.

To compete effectively and to attract customers in diverse markets, we must continue to market and competitively price our products, and we may experience downward pricing pressures, increased marketing expenditures and loss of market share. Within this competitive pricing environment, we may, nevertheless, be forced to raise prices due to rising costs of goods sold, such as gold, silver and other raw material costs, labour costs or other factors beyond our control. If we implement significant price increases across a wide range of our products, the impact on our earnings will depend on, among other factors, the pricing by competitors of similar products and the response by customers to higher prices. Such price increases may reduce the quantity of products we sell and adversely affect our business, results of operations and financial condition.

Other consumer goods and services compete with jewellery for consumers’ expenditure. Therefore, the price of jewellery relative to other consumer goods and services influences the proportion of our customers’ personal expenditure that is spent on jewellery. If our customers perceive our jewellery to be expensive compared to competing products and services, this could have an adverse effect on our business, results of operations and financial condition.

33. *If we are unable to protect credit card or debit card data or any data related to any other electronic mode of payment, or any other personal information that we collect, our reputation could be significantly harmed.*

The use of electronic payment methods and collection of other personal information both on our e-commerce platform and in our physical showrooms exposes us to an increased risk of privacy and security breaches as well as other risks. Although we use secure private networks to transmit confidential information, third parties may have the technology or know-how to breach the security of the customer information transmitted in connection with credit and debit card sales and use of e-wallets, and our security measures and those of technology suppliers may not effectively prohibit others from obtaining improper access to this information. If a person is able to circumvent our security measures or otherwise gain access to the confidential information that we collect, they may be able to destroy or steal valuable

information or otherwise disrupt our operations. We may become subject to claims for purportedly fraudulent transactions arising out of the actual or alleged theft of credit or debit card information or other confidential information, and we may also be subject to lawsuits or other proceedings relating to these types of incidents. Any such claim or proceeding could cause us to incur significant unplanned expenses, which could have an adverse impact on our financial condition, results of operations and cash flows. Further, adverse publicity resulting from these allegations could significantly harm our reputation and may have a material adverse effect on us and our showrooms.

Moreover, we receive and process certain personal financial and other information about our customers and employees when we accept credit cards for payment. While we do not save payment information of our customers', the use and handling of this information is regulated by evolving and increasingly demanding laws and regulations in India. If our security and information systems are compromised as a result of data corruption or loss, cyberattack or a network security incident or our employees, or suppliers fail to comply with these laws and regulations, and this information is obtained by unauthorized persons or used inappropriately, it could subject us to litigation and government enforcement actions, damage our reputation, cause us to incur substantial costs, liabilities and penalties and/or result in a loss of customer confidence, any and all of which could adversely affect our business, financial condition and results of operations.

34. *Our Promoter, Directors or key management personnel have interests in our Company, other than reimbursement of expenses incurred or normal remuneration or benefits.*

Certain of our Directors (including our Promoter) are interested in our Company, in addition to the regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding or the shareholding of their relatives in our Company. Our Promoter is interested in our Company to the extent that he is the promoter of our Company and to the extent of his shareholding in our Company and dividend payable, if any, and other distributions in respect of the Equity Shares held by our Promoter. For further information, see "***Our Promoters and Promoter Group – Interests of Promoter***" on page 212.

Also see "***Our Management - Interests of Directors***" on page 196. For further details, also see "***Capital Structure***" on page 85.

35. *Certain of our Promoters are directors of many other entities and the activities of such companies may cause diversion of their attention from our Company. Further, any conflict of interest which may occur between our business and the activities undertaken by such entities could adversely affect our business and prospects. Conflicts of interest may arise out of common business objects between our Company and Group Companies.*

As on the date of this Draft Red Herring Prospectus, our Promoter, namely, Sanjay Chhabra and Sandeep Chhabra, are directors of 19 and 10 companies other than our Company in India. The activities of such companies may cause diversion of their attention from our Company.

While there is presently no conflict as none of the said companies are engaged in line of jewellery business, there is no assurance that these entities will not engage in competitive business lines in which we are already present or will enter into in future. Such factors may have an adverse effect on the results of our operations and financial condition.

Conflicts may arise in the ordinary course of decision making by our Promoters or Board of Directors. Our Group Companies are authorized to carry out, or engage in business similar to that of our Company; however, as on date, none of the Group Companies is engaged in line of jewellery business. While we will adopt necessary procedures and practices as permitted by law to address any instances of conflict of interest, if and when they may arise, we cannot assure you that these or other conflicts of interest will be resolved in an impartial manner. Further, due to the conflict of interest between us, or to the extent that competing business operations offered by Group Companies erode our market share, we may not be able to effectively manage any such conflict or competitive pressures and, consequently, our business, results of operation and financial condition may be adversely affected.

- 36. *Our ability to pay dividends or conduct share buybacks in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements and capital expenditures and lender consents and we cannot assure you that we will be able to pay dividends or conduct Share buybacks in the future.***

Our Company has not declared and paid dividends in the past. Any dividends to be declared and paid in the future are required to be recommended by our Board of Directors and approved by our Shareholders, at their discretion, subject to the provisions of the Articles of Association and applicable law, including the Companies Act. Our Company's ability to pay dividends in the future will depend on a number of internal and external factors, which, *inter alia*, include (i) profits earned by our Company, (ii) present and future capital requirements, (iii) overall financial position of our Company, and (iv) uncertainty in economic conditions. We cannot assure you that we will generate sufficient revenues to cover our operating expenses and, as such, pay dividends to our Shareholders in future consistent with our past practices, or at all. For details pertaining to our dividend policy, see "**Dividend Policy**" on page 223.

- 37. *We have included certain non-GAAP financial and operational measures related to our operations and financial performance that may vary from any standard methodology that may be applicable across the industry in which we operate, and which may not be comparable with financial, operational or industry related statistical information of similar nomenclature computed and presented by similar companies.***

Certain non-GAAP financial measures and certain other industry measures relating to our operations and financial performance have been included in this Draft Red Herring Prospectus. We compute and disclose such non-GAAP financial measures and such other industry related statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance, and because such measures are frequently used by securities analysts, investors and others to evaluate the operational performance of Indian jewellery retail industry, many of which provide such non-GAAP financial measures and other industry related statistical and operational information. Such supplemental financial and operational information is therefore of limited utility as an analytical tool, and investors are cautioned against considering such information either in isolation or as a substitute for an analysis of our audited financial statements as reported under applicable accounting standards disclosed elsewhere in this Draft Red Herring Prospectus.

These non-GAAP financial measures and such other industry related statistical and other information relating to our operations and financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial measures and industry related statistical information of similar nomenclature that may be computed and presented by other companies. For further information, see "**Management's Discussion and Analysis of**

Financial Condition and Results of Operations – Key Performance Indicators and Certain Non-GAAP Measures” on page 293.

EXTERNAL RISK FACTORS

38. *Political, economic or other factors that are beyond our control may have an adverse effect on our business and results of operations.*

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in India as well as other countries. Investors’ reactions to developments in one country may have adverse effects on the market price of securities of companies located elsewhere, including India. Adverse economic developments, such as rising fiscal or trade deficit, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general.

In addition to the above, our Company is incorporated in India and its assets are located in India. Consequently, our performance and the market price of the Equity Shares may be affected by interest rates, government policies, taxation, social and ethnic instability and other political and economic developments affecting India. There have been periods of slowdown in the economic growth of India. Demand for our jewellery products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in the countries in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations and financial condition. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- the macroeconomic climate, including any increase in Indian interest rates or inflation;
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- any scarcity of credit or other financing in India, resulting in an adverse effect on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporations;
- epidemic, pandemic or any other public health in India or in countries in the region or globally, including in India’s various neighboring countries, such as the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine and more recently, the COVID-19 pandemic;
- volatility in, and actual or perceived trends in trading activity on, India’s principal stock exchanges;
- terrorism or military conflict in India or in countries in the region or globally, including in India’s various neighboring countries;
- occurrence of natural or man-made disasters (such as typhoons, flooding, earthquakes and fires) which may cause us to suspend our operations;
- prevailing regional or global economic conditions, including in India’s principal export markets;

- other significant regulatory or economic developments in or affecting India or its consumption sector;
- international business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws;
- protectionist and other adverse public policies, including local content requirements, import/export tariffs, increased regulations or capital investment requirements;
- logistical and communications challenges;
- downgrading of India's sovereign debt rating by rating agencies;
- difficulty in developing any necessary partnerships with local businesses on commercially acceptable terms or on a timely basis; and
- being subject to the jurisdiction of foreign courts, including uncertainty of judicial processes and difficulty enforcing contractual agreements or judgments in foreign legal systems or incurring additional costs to do so.

Any slowdown or perceived slowdown due to these factors could have an adverse effect on our business, financial condition and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares.

39. *Changing regulations in India could lead to new compliance requirements that are uncertain.*

The regulatory environment in which we operate is evolving and is subject to change. The GoI may implement new laws or other regulations that could affect the jewellery industry, which could lead to new compliance requirements. New compliance requirements could increase our costs or otherwise adversely affect our business, financial condition and results of operations. Further, the manner in which new requirements will be enforced or interpreted can lead to uncertainty in our operations and could adversely affect our operations. For instance, the RBI has permitted nominated banks to import gold for purposes of extending gold metal loans to domestic jewellery manufacturers subject to certain conditions, including that the tenor of the gold loans (which can be decided by the nominated banks) does not exceed 180 days from the date of procurement of gold and the interest charged to the borrowers is linked to the international gold rates. Accordingly, any adverse regulatory change in this regard could lead to fluctuation of prices of raw materials and thereby increase our operational cost.

The Taxation Laws (Amendment) Act, 2019, also prescribes certain changes to the income tax rate applicable to companies in India. According to this Act, companies can henceforth voluntarily opt in favour of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which would ultimately reduce the effective tax rate (on gross basis) for Indian companies from 34.94% to approximately 25.17%. Any such future amendments may affect our ability to claim exemptions that we have historically benefited from, and such exemptions may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability. Due to COVID -19 pandemic, the GoI had also passed the Taxation and Other Laws (Relaxation of Certain Provisions) Act, 2020, implementing relaxations from certain requirements under, amongst others, the Central Goods and Service Tax Act, 2017 and Customs Tariff Act, 1975.

In addition, we are subject to tax related inquiries and claims. We may be particularly affected by claims from tax authorities on account of income tax assessment and GST that combines taxes and levies by the central and state governments into one unified rate of interest with effect from July 1, 2017. For example, as of July 1, 2017, a national GST, in India replaced taxes levied by central and state governments with a

unified tax regime in respect of the supply of goods and services for all of India, which resulted in changes to India's jewellery industry. Currently, the GST rate for jewellery is 3%, but it could be subject to change going forward. Any such changes to the GST rate or rules and regulations surrounding GST and the related uncertainties with respect to the implementation of GST may have a material adverse effect on our business, financial condition and results of operations.

Further, as GST is implemented, there can be no assurance that we will not be required to comply with additional procedures or obtain additional approvals and licenses from the government and other regulatory bodies or that they will not impose onerous requirements and conditions on our operations. With the implementation of GST, we are obligated to pass on any benefits accruing to us as result of the transition to GST to the consumer thereby limiting our benefits. In order for us to utilise input credit under GST, the entire value chain has to be GST compliant, including us. While we are and will continue to adhere to the GST rules and regulations, there can be no assurance that our suppliers and dealers will do so. Any such failure may result in increased cost on account of non-compliance with the GST and may adversely affect our business and results of operations.

The Government of India has announced the union budget for the Fiscal 2022, pursuant to which the Finance Bill, 2021 ("**Finance Bill**") has introduced various amendments. The Finance Bill has received assent from the President of India on March 28, 2021, and has been enacted as the Finance Act, 2021 ("**Finance Act, 2021**"). There is no certainty on the impact that the Finance Act 2021 may have on our business and operations or on the industry in which we operate. In addition, unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations including foreign investment laws governing our business, operations and group structure could result in us being deemed to be in contravention of such laws or may require us to apply for additional approvals. We may incur increased costs relating to compliance with such new requirements, which may also require management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future.

The Government of India has passed new laws relating to social security, occupational safety, industrial relations and wages namely, the Code on Social Security, 2020, the Occupational Safety, Health and Working Conditions Code, 2020, the Industrial Relations Code, 2020 and the Code on Wages, 2019, respectively which were to take effect from April 1, 2021 (collectively, the "**Labour Codes**"). The Government of India has deferred the effective date of the Labour Codes and they shall come into force from such date as may be notified by the Government. Further, the Code on Social Security, 2020 ("**Social Security Code**") will impact overall employee expenses and, in turn, could impact the profitability of our Company. Under the Social Security Code, a new concept of deemed remuneration has been introduced, such that where an employee receives more than half (or such other percentage as may be notified by the Central Government), of their total remuneration in the form of allowances and other amounts that are not included within the definition of wages under the Social Security Code, the excess amount received shall be deemed as remuneration and accordingly be added to wages for the purposes of the Social Security Code and the compulsory contribution to be made towards the employees' provident fund. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability,

interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

40. *A downgrade in ratings of India, may affect the trading price of the Equity Shares.*

Our borrowing costs and our access to the debt capital markets depend significantly on the credit ratings of India. Any further adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such financing is available, including raising any overseas additional financing. A downgrading of India's credit ratings may occur, for example, upon a change of government tax or fiscal policy, which are outside our control. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of the Equity Shares.

41. *Financial instability in other countries may cause increased volatility in Indian financial markets.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows. Further, economic developments globally can have a significant impact on our principal markets. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. Following the United Kingdom's exit from the European Union ("**Brexit**"), there remains significant uncertainty around the terms of their future relationship with the European Union and, more generally, as to the impact of Brexit on the general economic conditions in the United Kingdom and the European Union and any consequential impact on global financial markets. For example, Brexit could give rise to increased volatility in foreign exchange rate movements and the value of equity and debt investments.

In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term effect of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. Any significant financial disruption could have a material adverse effect on our business, financial condition and results of operation. These developments, or the perception that any of them could occur, have had and may continue to have a material adverse effect on global economic conditions and the stability of global financial markets and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a

material adverse effect on our business, financial condition and results of operations and reduce the price of the Equity Shares.

42. *If inflation rises in India, increased costs may result in a decline in profits. Inflation rates in India have been volatile in recent years, and such volatility may continue.*

India has experienced high inflation in the recent past. Increasing inflation in India could cause a rise in the costs of rent, wages, raw materials and other expenses. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs.

Any increase in inflation in India can increase our expenses, which we may not be able to adequately pass on to our clients, whether entirely or in part, and may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or increase the price of our products to pass the increase in costs on to our clients. Additionally, if we are unable to increase our revenues sufficiently to offset our increased costs due to inflation, it could have an adverse effect on our business, prospects, financial condition, results of operations and cash flows.

Further, the GoI has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

43. *Investors may have difficulty in enforcing foreign judgments against our Company or our management.*

Our Company is a company incorporated under the laws of India. All Directors on the Board of Directors of our Company and our employees are residents of India and substantial portion of our assets and such persons are located in India. As a result, it may not be possible for prospective investors outside India to effect service of process upon our Company or such persons in jurisdictions outside India, or to enforce judgments obtained against such parties outside India. Furthermore, it is unlikely that a court in India would award damages on the same basis as a foreign court if an action were brought in India or would enforce foreign judgments if that court was of the view that the number of damages awarded was excessive or inconsistent with public policy, or if judgments are in breach or contrary to Indian law. In addition, a party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI to execute such a judgment or to repatriate outside India any amounts recovered. Further, any judgment or award denominated in a foreign currency would be converted into Indian Rupees on the date of such judgment or award and not on the date of payment.

Recognition and enforcement of foreign judgments is provided for under Section 13 and Section 44A of the Code of Civil Procedure, 1908 (“CPC”). Section 13 of the Civil Procedure Code provides that a foreign judgment shall be conclusive regarding any matter directly adjudicated upon between the same parties or parties litigating under the same title, except (a) where the judgment has not been pronounced by a court of competent jurisdiction; (b) where the judgment has not been given on the merits of the case; (c) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or a refusal to recognize the law of India in cases in which such law is applicable; (d) where the proceedings in which the judgment was obtained were opposed to natural justice; (e) where the judgment has been obtained by fraud; and (f) where the judgment sustains a claim founded on a breach of any law then in force in India. Further, India has reciprocal recognition and enforcement of judgments in civil and commercial matters with only a limited number of jurisdictions, such as the United Kingdom, United Arab Emirates, Singapore and Hong Kong. In order to be enforceable, a judgment from

a jurisdiction with reciprocity must meet certain requirements established in the CPC. The CPC only permits the enforcement and execution of monetary decrees in the reciprocating jurisdiction, not being in the nature of any amounts payable in respect of taxes, other charges, fines or penalties. Judgments or decrees from jurisdictions which do not have reciprocal recognition with India, including the United States, cannot be enforced by proceedings in execution in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be directly enforceable in India. The party in whose favour a final foreign judgment in a non-reciprocating territory is rendered may bring a fresh suit in a competent court in India based on the final judgment within three years of obtaining such final judgment.

44. *A third party could be prevented from acquiring control of us because of anti-takeover provisions under Indian law.*

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company. Under the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to our Shareholders, such a takeover may not be attempted or consummated because of SEBI (SAST) Regulations, 2011.

RISKS RELATING TO EQUITY SHARES

45. *The trading volume and market price of the Equity Shares may be volatile following the Issue.*

The market price of the Equity Shares may fluctuate as a result of, among other things, the following factors, some of which are beyond our control:

- quarterly variations in our results of operations;
- results of operations that vary from the expectations of securities analysts and investors;
- results of operations that vary from those of our competitors;
- changes in expectations as to our future financial performance, including financial estimates by research analysts and investors;
- a change in research analysts' recommendations;
- announcements by us or our competitors of significant acquisitions, strategic alliances, joint operations or capital commitments;
- announcements by third parties or governmental entities of significant claims or proceedings against us;
- new laws and governmental regulations applicable to our industry;
- additions or departures of key management personnel;
- changes in exchange rates;
- fluctuations in stock market prices and volume; and
- general economic and stock market conditions.

Changes in relation to any of the factors listed above could adversely affect the price of the Equity Shares.

46. *The Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Issue.*

The Issue Price of the Equity Shares will be determined by our Company in consultation with the BRLM through the Book Building Process. This price will be based on numerous factors, as described under the chapter “**Basis for Issue Price**” beginning on page 112 and may not be indicative of the market price for the Equity Shares after the Issue. The market price of the Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to resell their Equity Shares at or above the Issue Price.

47. *The Equity Shares have never been publicly traded and the Issue may not result in an active or liquid market for the Equity Shares. Further, the price of the Equity Shares may be volatile, and the investors may be unable to resell the Equity Shares at or above the Issue Price, or at all.*

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the stock exchanges may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions specific to the industry we operate in, developments relating to India and volatility in the Stock Exchanges and securities markets elsewhere in the world. There has been significant volatility in the Indian stock markets in the recent past, and the trading price of our Equity Shares after this Issue could fluctuate significantly as a result of market volatility or due to various internal or external risks, including but not limited to those described in this Draft Red Herring Prospectus. A decrease in the market price of our Equity Shares could cause you to lose some or all of your investment.

48. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax (“STT”) is levied on and collected by an Indian stock exchange on which equity shares are sold. Any gain realized on the sale of listed equity shares held for more than 12 months may be subject to long term capital gains tax in India at the specified rates depending on certain factors, such as STT is paid, the quantum of gains and any available treaty exemptions. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares. The Government of India has announced the union budget for Fiscal 2022, and the Finance Act, 2021 has received assent from the President of India on March 28, 2021. There is no certainty on the impact that the Finance Act, 2021 may have on our business and operations or on the industry in which we operate. We cannot predict whether any amendments made pursuant to the Finance Act, 2021 would have an adverse effect on our business, financial condition and results of operations. Our Company cannot predict whether any tax laws or other regulations impacting it will be enacted, or predict the nature and impact

of any such laws or regulations or whether, if at all, any laws or regulations would have a material adverse effect on our Company's business, financial condition, results of operations and cash flows.

49. *Any future issuance of Equity Shares, or convertible securities or other equity linked instruments by us may dilute your shareholding and sale of Equity Shares by the Promoters or members of our Promoter Group may adversely affect the trading price of the Equity Shares.*

We may be required to finance our growth through future equity offerings. Any future equity issuances by us, including a primary offering of Equity Shares, convertible securities or securities linked to Equity Shares including through exercise of employee stock options, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by the Promoters or members of the Promoter Group may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of our Equity Shares or incurring additional debt. In addition, any perception by investors that such issuances or sales might occur may also affect the market price of our Equity Shares. There can be no assurance that we will not issue Equity Shares, convertible securities or securities linked to Equity Shares or that our Shareholders will not dispose of, pledge or encumber their Equity Shares in the future. Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares. Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain restrictions), if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then a prior regulatory approval will be required. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the Department for Promotion of Industry and Internal Trade, Government of India, investments where the beneficial owner of the Equity Shares is situated in or is a citizen of a country which shares land border with India, can only be made through the Government approval route, as prescribed by the GoI in the Consolidated FDI Policy dated October 15, 2020. These investment restrictions shall also apply to subscribers of offshore derivative instruments. We cannot assure investors that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or at all. For further information, see the chapter titled *"Restrictions on Foreign Ownership of Indian Securities"* beginning on page 377.

50. *Investors may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.*

Under the Companies Act, a company having share capital and incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by adoption of a special resolution by holders of three-fourths of the equity shares voting on such resolution. However, if the law of the jurisdiction the investors are in, does not permit them to exercise their pre-emptive rights without our Company filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless our Company makes such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for

the investor's benefit. The value such custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emptive rights granted in respect of the Equity Shares held by them, their proportional interest in our Company would be reduced.

51. *The requirements of being a publicly listed company may strain our resources.*

We are not a publicly listed company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the SEBI Listing Regulations, which will require us to file audited annual and unaudited quarterly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies. Further, as a publicly listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, our management's attention may be diverted from our business concerns, which may adversely affect our business, prospects, results of operations and financial condition. In addition, we may need to hire additional legal and accounting staff with appropriate experience and technical accounting knowledge, but we cannot assure you that we will be able to do so in a timely manner.

52. *Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Issue.*

The Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws, certain actions must be completed before the Equity Shares can be listed and trading in the Equity Shares may commence. Investors' book entry, or 'demat' accounts with depository participants in India, are expected to be credited with the Equity Shares within one working day of the date on which the Basis of Issue is approved by the Stock Exchanges. The Allotment of Equity Shares in this Issue and the credit of such Equity Shares to the applicant's demat account with depository participant could take time from the Bid/Issue Closing Date and trading in the Equity Shares upon receipt of final listing and trading approvals from the Stock Exchanges could also take from the Bid/Issue Closing Date. There could be a failure or delay in listing of the Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise any delay in commencing trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this risk factor. We could also be required to pay interest at the applicable rates if allotment is not made, refund orders are not dispatched or demat credits are not made to investors within the prescribed time periods.

53. *Investors will not have the option of getting the allotment of Equity Shares in physical form.*

In accordance with the SEBI ICDR Regulations, the Equity Shares shall be issued only in dematerialized form. Investors will not have the option of getting the allotment of Equity Shares in physical form. The Equity Shares Allotted to the Applicants who do not have demat accounts or who have not specified their

demat details, will be kept in abeyance till receipt of the details of the demat account of such Applicants. For details, see the chapter titled “**Terms of the Issue**” beginning on page 339. This may impact the ability of our shareholders to receive the Equity Shares in the Issue.

54. *Significant differences exist between Ind AS and other accounting principles, such as Indian GAAP, U.S. GAAP and IFRS, which may be material to the Financial Statements prepared and presented in accordance with SEBI ICDR Regulations contained in this Draft Red Herring.*

Our Restated Financial Information for Fiscals 2020, 2021 and 2022 have been prepared and presented in conformity with Ind AS. Ind AS differs in certain significant respects from Indian GAAP, IFRS, U.S. GAAP and other accounting principles with which prospective investors may be familiar in other countries. If our financial statements were to be prepared in accordance with such other accounting principles, our results of operations, cash flows and financial position may be substantially different. Prospective investors should review the accounting policies applied in the preparation of our financial statements and consult their own professional advisers for an understanding of the differences between these accounting principles and those with which they may be more familiar. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should be limited accordingly.

55. *QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after the submission of their Bid, and Retail Individual Bidders are not permitted to withdraw their Bids after closure of the Bid/ Issue Closing Date.*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Bidders can revise their Bids during the Bid/ Issue Period and withdraw their Bids until the Bid/ Issue Closing Date. While we are required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed, including Allotment, within six Working Days from the Bid/ Issue Closing Date or such other period as may be prescribed under applicable law, events affecting the investors’ decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or financial condition may arise between the date of submission of the Bid and Allotment. We may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Investors’ ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

56. *Rights of shareholders of companies under Indian law may be more limited than under the laws of other jurisdictions.*

Our Articles of Association, composition of our Board, Indian laws governing our corporate affairs, the validity of corporate procedures, directors’ fiduciary duties, responsibilities and liabilities, and shareholders’ rights may differ from those that would apply to a company in another jurisdiction. Shareholders’ rights under Indian law may not be as extensive and wide- spread as shareholders’ rights under the laws of other countries or jurisdictions. Investors may face challenges in asserting their rights as shareholder our Company than as a shareholder of an entity in another jurisdiction.

Utilization of Net Proceeds	See the chapter titled “ Objects of the Issue ” on page 100, for information about the use of proceeds from the Issue.

Notes:

- (1) The Issue has been authorised by our Board of Directors pursuant to the resolution passed at their meeting on **September 14, 2022** and by our shareholders pursuant to the special resolution passed at their meeting on **September 15, 2022**.
- (2) Our Company may in consultation with the BRLM, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription or non-allotment in the Anchor Investor Portion, the balance Equity Shares in the Anchor Investor Portion shall be added to the Net QIB Portion. Further 5% of the Net QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. However, if the aggregate demand from Mutual Funds is less than as specified above, the balance Equity Shares available for allotment in

*the Mutual Fund Portion will be added to the Net QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For further details, see the chapter titled “**Issue Procedure**” beginning on page 351.*

- (3) Under-subscription, if any, in the QIB Portion would not be allowed to be met with spill-over from other categories or a combination of categories. Note: To be updated at the Prospectus stage.

For a period of eighteen months from the date of Allotment.

*** All the Equity Shares were fully paid-up on the respective dates of allotment or acquisition, as the case may be, of such Equity Shares.*

- 4) Our Company undertakes that the Equity Shares that are being locked-in are not and will not be ineligible for computation of Minimum Promoter's contribution in terms of Regulation 15 of the SEBI ICDR Regulations.
- 5) All the Equity Shares held by our Promoters were fully paid-up on the respective date of acquisition of such Equity Shares.
- 6) The Minimum Promoters' Contribution has been brought to the extent of not less than the specified minimum lot and from the persons identified as 'Promoter' under the SEBI ICDR Regulations.
- 7) In this connection, we confirm the following:
 - (i) The Equity Shares offered for Minimum Promoter's contribution do not include (i) Equity Shares acquired in the three immediately preceding years for consideration other than cash and revaluation of assets or capitalization of intangible assets was involved in such transaction, or (ii) Equity Shares resulting from bonus issue by utilization of revaluation reserves or unrealised profits of our Company or bonus shares issued against Equity Shares, which are otherwise ineligible for computation of Minimum Promoters' contribution;
 - (ii) The Minimum Promoters' Contribution does not include any Equity Shares acquired during the immediately preceding one year at a price lower than the price at which the Equity Shares are being offered to the public in the Issue;
 - (iii) Our Company has not been formed by the conversion of a partnership firm or a limited liability partnership firm into a company in the preceding one year and hence, no Equity Shares have been issued in the one year immediately preceding the date of this Draft Red Herring Prospectus pursuant to conversion from a partnership firm or a limited liability partnership firm; and
 - (iv) The Equity Shares forming part of the Minimum Promoters' Contribution are not subject to any pledge.

- (v) All the Equity Shares held by our Promoter are held in dematerialised form.

18. Other lock-in requirements:

- 1) In addition to the 20% of the fully diluted post-Issue shareholding of our Company held by the Promoters locked in for eighteen months from the date of allotment in the Initial public offer as specified above, the entire pre-Issue Equity Share capital of our Company will be locked-in for a period of six months from the date of Allotment in the Initial public offer except for (i) the Minimum Promoter's Contribution which shall be locked for a period of eighteen months as detailed above.
- 2) There shall be a lock-in of 90 days on 50% of the Equity Shares Allotted to Anchor Investors from the date of Allotment, and a lock-in of 30 days on the remaining 50% of the Equity Shares Allotted to Anchor Investors from the date of Allotment.
- 3) As required under Regulation 20 of the SEBI ICDR Regulations, our Company shall ensure that the details of the Equity Shares locked-in are recorded by the relevant Depository.
- 4) Pursuant to Regulation 21 of the SEBI ICDR Regulations, Equity Shares held by our Promoter which are locked-in for a period of six months from the date of Allotment in the initial public offer, may be pledged only with scheduled commercial banks or public financial institutions or NBFC-SI or a deposit accepting housing finance company as collateral security for loans granted by such banks or public financial institutions, provided that with respect to the Equity Shares locked-in for six months from the date of Allotment, the pledge of such Equity Shares is one of the terms of the sanction of such loans. Equity Shares locked-in as Minimum Promoters' Contribution for eighteen months from the date of allotment in the initial public offer, can be pledged only if in addition to fulfilling the aforementioned requirements, such loans have been granted by scheduled commercial banks or public financial institutions or NBFC-SI or a deposit accepting housing finance company for the purpose of financing one or more objects of the Issue.

However, the relevant lock-in period shall continue post the invocation of the pledge referenced above, and the relevant transferee shall not be eligible to transfer to the Equity Shares till the relevant lock-in period has expired in terms of the SEBI ICDR Regulations.

- 5) In terms of Regulation 22 of the SEBI ICDR Regulations, Equity Shares held by our Promoter may be transferred to a member of the Promoter Group or a new promoter or persons in control of our Company, subject to continuation of lock-in applicable to the transferee for the remaining period and compliance with provisions of the Takeover Regulations as applicable and such transferee shall not be eligible to transfer them till the lock-in period stipulated in SEBI ICDR Regulations has expired.
- 6) Further, in terms of Regulation 22 of the SEBI ICDR Regulations, Equity Shares held by persons other than our Promoters prior to the Issue and locked-in for a period of six months, may be transferred to any other person holding Equity Shares which are locked in along with the Equity Shares proposed to be transferred, subject to the continuance of the lock-in at the hands of the transferee and compliance with the provisions of the Takeover Regulations.

19. There have been no financing arrangements whereby our Promoters, members of the Promoter Group, our Directors, and their relatives have financed the purchase by any other person of securities of our Company other than in the normal course of the business of the financing entity, during a period

of six months preceding the date of filing of this Draft Red Herring Prospectus.

20. Our Company, our Promoters, our Directors and the BRLM have not entered into any buy-back arrangements and/or any other similar arrangements for purchase of the Equity Shares.
21. All Equity Shares issued, transferred, or allotted pursuant to the Issue will be fully paid up at the time of Allotment and there are no partly paid-up Equity Shares as on the date of this Draft Red Herring Prospectus.
22. The BRLM and their respective associates (determined as per the definition of 'associate company' under the Companies Act, 2013 and as defined under the SEBI (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of the Company as on the date of this Draft Red Herring Prospectus. The BRLM and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
23. As on the date of this Draft Red Herring Prospectus, except Sanjay Chhabra, Sandeep Chhabra, Laksh Chhabra, Kajal Chhabra, Namita Chhabra and Kaustubh Chhabra none of our other Directors or Key Management Personnel hold any Equity Shares of our Company. For details, see ***"Our Management – Shareholding of Directors in our Company"*** and ***"Our Management - Shareholding of the Key Managerial Personnel"*** on pages 195 and 207 respectively.
24. Except for the Equity Shares allotted pursuant to the Issue, our Company shall not make any further issue of Equity Shares and/or any securities convertible into or exchangeable for Equity Shares, whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner, during the period commencing from filing of this Draft Red Herring Prospectus with SEBI until the Equity Shares being offered under the Issue, have been listed on the Stock Exchanges pursuant to the Issue or all application monies have been refunded, or the application moneys are unblocked in the ASBA Accounts on account of non-listing, under-subscription etc., as the case may be.
25. There are no outstanding warrants, options or rights to convert debentures, loans or other convertible securities or any other right granted by the Company which would entitle any person any option to receive Equity Shares, as on the date of this Draft Red Herring Prospectus.
26. Our Company shall ensure that any transaction in the Equity Shares by our Promoters and our Promoter Group during the period between the date of filing this Draft Red Herring Prospectus and the date of closure of the Issue shall be reported to the Stock Exchanges within 24 hours of such transaction.
27. No person connected with the Issue, including but not limited to, the BRLM, the members of the Syndicate, our Company, our Subsidiary, our Directors, our Promoters or the members of the Promoter Group and our Group Company, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid in the Issue, except for fees or commission for services rendered in relation to the Issue.
28. At any given time, there shall be only one denomination of the Equity Shares of our Company, unless otherwise permitted by law.
29. Our Company shall comply with such disclosure and accounting norms as may be specified by SEBI from time to time.

SECTION V – PARTICULARS OF THE ISSUE

OBJECTS OF THE ISSUE

The Issue comprises of fresh Issue of Equity Shares by our Company.

APPRAISING AGENCY

None of the objects of the Issue for which the Net Proceeds will be utilized have been appraised by any external agency or any bank/financial institution.

REQUIREMENTS OF THE FUNDS

MEANS OF FINANCE

As indicated above, our Company proposes to deploy the entire Net Proceeds towards the objects as described above during the FY 2022-23 and 2023-24. However, if the Net Proceeds are not completely utilised for the objects stated above in the FY 2022-23 and 2023-24 due to factors such as (i) economic and business conditions; (ii) increased competition; (iii) market conditions outside the control of our Company and its management; and (iv) other commercial considerations such as availability of alternate financial resources, the same would be utilised (in part or full) in a subsequent period as may be determined by our Company in accordance with applicable law. The Company may, however, propose to utilize the proceeds prior to the specific dates mentioned in the schedule of deployment, in accordance with requirements of the Company. Any such change in our plans may require rescheduling of our expenditure programs and increasing or decreasing expenditure for a particular object vis-à-vis the utilization of Net Proceeds. For further details, see **“Risk Factors No. 29 – Our management will have broad discretion in how we apply the Net Proceeds, including interim use of the Net Proceeds, and there is no assurance that the objects of the Issue will be achieved within the time frame expected or at all, or that the deployment of the Net Proceeds in the manner intended by us will result in any increase in the value of your investment”** beginning on page 54.

Our fund requirements and deployment of the Net Proceeds with regard to the aforesaid objects are based on internal management estimates and on current market conditions, and have not been appraised by any external agency or bank or financial institution or other independent agency. They are based on current conditions of our business which are subject to change in the future. Our Company operates in a highly competitive and dynamic industry and may have to revise our estimates from time to time on account of changes in external circumstances or costs, or changes in other financial conditions, business or strategy. Our historical funding requirements may not be reflective of our future funding plans. In case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements may be financed through our internal accruals and/or incremental debt, as required. If the actual utilization towards any of the objects is lower than the proposed deployment, such balance will be used for future growth opportunities including funding existing objects, if required, and general corporate purposes, to the extent that the total

amount to be utilized towards the general corporate purposes will not exceed 25% of the Gross Proceeds in compliance with the SEBI ICDR Regulations. We confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, in addition to the Net Proceeds.

DETAILS OF THE OBJECTS OF THE ISSUE

The details in relation to objects of the Issue are set forth herein below.

1. Pre-payment or scheduled repayment of a portion of the existing borrowing availed by our Company.

Our Company proposes to utilise an estimated amount of up to ₹ 5,800.00 lakhs from the Net Proceeds towards repayment or pre-payment of the existing borrowings availed by our Company for the purposes stipulated as part of the table set forth. Our Company may repay or refinance part of its existing borrowings prior to allotment. Accordingly, our Company may utilise the Net Proceeds for part or full pre-payment or scheduled repayment of any such refinanced borrowings or additional borrowings obtained. However, our Company confirms that the aggregate amount to be utilised from the Net Proceeds towards pre-payment or scheduled repayment of its existing borrowings (including refinanced or additional borrowings availed, if any), in part or full, would not exceed ₹ 5,800.00 lakhs.

The pre-payment or scheduled repayment will help reduce our existing borrowings, assist us in maintaining a favourable debt-equity ratio and enable utilisation of our internal accruals for further investment in business growth and expansion. In addition, we believe that the debt-equity ratio of our Company will improve significantly enabling us to raise further resources in the future to fund potential business development opportunities and plans to grow and expand our business in the future.

Our Company confirms that the Net Proceeds proposed to be utilized under this object, will not be used for the purpose of repayment of loans primarily availed by our promoters, directors or for the purpose of repayment of loans availed by our Group Companies. The following table provides details of the existing borrowings availed by our Company as on August 31, 2022, out of which we propose pre-payment or scheduled repayment of up to an amount aggregating to ₹ 5,800.00 lakhs from the Net Proceeds. The details of borrowings proposed to be repaid are given as under:

As certified by M/s Keyur Shah & Co, Chartered Accountants, our Statutory Auditor, pursuant to their certificate dated September 23, 2022.

Our Statutory Auditor has confirmed that the borrowings set out in the table above have been utilised for the purposes as stipulated in each of the relevant borrowing documents.

The part pre-payment of term loans and working capital facilities availed by our Company as set out above shall be based on various factors including; (i) any conditions attached to the loans restricting our ability to pre-pay existing borrowings and time taken to fulfil such requirements or obtain waivers for fulfilment of, such conditions; (ii) levy of any pre-payment penalties and the quantum thereof; (iii) provisions of any law, rules, regulations and contracts governing such borrowings; and (iv) other commercial considerations including, the interest rate on such borrowings, the amount of the borrowing outstanding and the remaining tenor of the such borrowing.

In case we are unable to raise the Issue Proceeds till the due date for repayment of above-mentioned portion of the loan, the funds earmarked for such repayment may be utilised for payment of future instalments of the above-mentioned loans and working capital facilities for an amount not more than the amount mentioned above. For further details in relation to the terms and conditions under the aforesaid loan agreement as well as restrictive covenants in relation to thereof, see the section “**Financial Indebtedness**”, beginning on page 314. Our Company may also avail further loans after the date of filing of this Red Herring Prospectus. Accordingly, we may utilise the Net Proceeds towards prepayment of such additional borrowings. However, the quantum of Net Proceeds that will be utilised for pre-payment or repayment of loans shall not exceed ₹ 5,800.00 lakhs.

2. Funding working capital requirements of our Company

Our Company proposes to utilise ₹6,820.85 Lakhs towards funding its working capital requirements.

Our business is working capital intensive and we fund the majority of our working capital requirements in the ordinary course of our business from our internal accruals and financing from various banks. As of August 31, 2022, the aggregate amount sanctioned by the banks to our Company under the fund based working capital facilities amounted to ₹ 6,741.68 Lakhs. For details of facilities availed by us, see chapter titled “**Financial Indebtedness**” beginning on page 314.

Reasons for raising additional Working Capital

Jewellery industry, specifically retail sector is inventory intensive. Our Company is engaged in the business of sale of jewellery made of gold, studded and other jewellery products that include diamond, platinum, silver and other precious and semi-precious stones and operates through three retail showrooms across Jaipur. Our Company is required to maintain hefty stock for running business operations throughout the year. The stock required to display in our showrooms is of high value and therefore, increase in stock will lead to augmented sales thereby growing our business operations. We are also in the process of upgrading and expanding our retail business along with online sales. Therefore, our Company requires additional working capital primarily for financing the increased inventory at our Showrooms.

MONITORING OF UTILIZATION OF FUNDS

In terms of Regulation 41 of the SEBI ICDR Regulations, our Company will appoint a monitoring agency for monitoring the utilisation of the Net Proceeds. Our Audit Committee and the monitoring agency will monitor the utilisation of the Net Proceeds and submit the report required under Regulation 41(2) of the SEBI ICDR Regulations.

Our Company will disclose the utilisation of the Net Proceeds, including interim, use under a separate head in our balance sheet for such fiscals as required under applicable law, specifying the purposes for which the Net Proceeds have been utilised. Our Company will also, in its balance sheet for the applicable fiscals, provide details, if any, in relation to all such Net Proceeds that have not been utilised, if any, of such unutilized Net Proceeds.

Pursuant to SEBI Listing Regulations, our Company shall on a quarterly basis disclose to the Audit Committee the uses and application of the Net Proceeds. The Audit Committee shall make recommendations to our Board for further action, if appropriate. Our Company shall, on an annual basis, prepare a statement of funds utilised for purposes other than those stated in this Draft Red Herring Prospectus and place it before our Audit Committee. Such disclosure shall be made only until such time that all the Net Proceeds have been utilised in full. The statement shall be certified by the Statutory Auditor. Further, in accordance with Regulation 32 of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilisation of the Net Proceeds from the Objects of the Issue as stated above; and (ii) details of category wise variations in the actual utilisation of the Net Proceeds from the Objects of the Issue as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results of our Company and explanation for such variation (if any) will be included in our Director's Report after placing such information before our Audit Committee.

VARIATIONS IN OBJECT

In accordance with Sections 13(8) and 27 of the Companies Act, our Company shall not vary the

objects of the Issue unless our Company is authorized to do so by way of a special resolution of its Shareholders and such variation will be in accordance with the applicable laws including the Companies Act and the SEBI ICDR Regulations. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution shall specify the prescribed details and be published in accordance with the Companies Act. Pursuant to Sections 13(8) and 27 of the Companies Act, our Promoters or controlling Shareholders will be required to provide an exit opportunity to such Shareholders who do not agree to the proposal to vary the objects, subject to the provisions of the Companies Act and in accordance with such terms and conditions, including in respect of pricing of the Equity Shares, in accordance with the Companies Act and the SEBI ICDR Regulations.

OTHER CONFIRMATIONS

No part of the Net Proceeds will be paid by us to the Promoters and Promoter Group, the Directors, Key Management Personnel or Group Companies, except in the normal course of business and in compliance with the applicable law. Our Company has not entered into nor has planned to enter into any arrangement/ agreements with our Directors, our Key Managerial Personnel, our Group Company or our joint venture in relation to the utilization of the Net Proceeds of the Issue. Further, except in the ordinary course of business, there is no existing or anticipated interest of such individuals and entities in the objects of the Issue as set out above.

BASIS FOR ISSUE PRICE

The Issue Price will be determined by our Company in consultation with the Book Running Lead Manager on the basis of assessment of market demand for the Equity Shares offered in the Issue through the Book Building Process and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹10/- each and the Issue Price is [●] times the face value at the lower end of the Price Band and [●] times the face value at the higher end of the Price Band.

The financial data presented in this section are based on our Company's Restated Financial Statements. Investors should also refer to the sections titled **"Risk Factors"**, **"Our Business"**, **"Restated Financial Statements"** and **"Management's Discussion and Analysis of Financial Condition and Results of Operations"** on pages 35, 150, 224 and 289 respectively, to get a more informed view before making the investment decision.

QUALITATIVE FACTORS

Some of the qualitative factors which form the basis for computing the Issue Price are:

- (a) Strategic location of our showrooms.
- (b) Diversified product portfolio across categories and price points.
- (c) Established systems and procedure to mitigate risk and efficiencies.
- (d) Visionary Promoters with strong leadership and a demonstrated track record supported by a highly experienced and accomplished senior management team and board of directors.

For further details, see **"Our Business – Our Strengths"** on page 153.

QUANTITATIVE FACTORS

Some of the information presented in this section relating to our Company is derived from the Restated Financial Information. For details, see the chapter titled **"Restated Financial Statements"** beginning on page 224.

Some of the quantitative factors which may form the basis for calculating the Issue Price are as follows:

I. Basic and Diluted Earnings per share ("EPS") as per the Restated Financial Information.

Financial Year / Period	Basic EPS (₹)	Diluted EPS (₹)	Weights
March 31, 2022	2.27	2.27	3
March 31, 2021	1.49	1.49	2
March 31, 2020	0.49	0.49	1
Weighted Average EPS	1.71		

Notes:

1. *Basic and diluted earnings/ (loss) per equity share: Basic and diluted earnings/ (loss) per equity share are computed in accordance with Indian Accounting Standard 33 notified under the Companies (Indian Accounting Standards) Rules of 2015 (as amended).*
2. *Basic Earnings per share = Net profit after tax excluding exceptional items before other comprehensive income attributable to equity shareholders for the year/Weighted average number of equity shares outstanding during the year/ period.*

3. *Diluted Earnings per share = Net profit after tax excluding exceptional items before other comprehensive income attributable to equity shareholders for the year / Weighted average number of diluted equity shares outstanding during the year/ period.*
4. *The weighted average basic and diluted EPS is a product of basic and diluted EPS and respective assigned weight, dividing the resultant by total aggregate weight. i.e. (EPS x Weight) for each year/Total of weights.*
5. *Weighted Average Number of Equity Shares is the number of equity shares outstanding at the beginning of the year adjusted by the number of equity shares issued during the year multiplied by the time weighting factor.*
6. *The figures disclosed above are based on the Restated Financial Statements of our Company.*

II. Price/Earning ("P/E") ratio in relation to Price Band of ₹ [●]/- to ₹ [●]/- per Equity Share:

Particulars	P/E at Floor Price (Number of Times)	P/E at Cap Price (Number of Times)
P/E based on Basic & Diluted EPS for FY 2021 – 22	[●]	[●]
P/E based on weighted average Basic & Diluted EPS	[●]	[●]

Industry Peer Group P/E ratio

Based on the peer group information (excluding our Company) given below in this section:

Particulars	P/E Ratio
Highest	43.66
Lowest	2.04
Industry Composite	25.08

Notes:

- (1) *The industry high and low has been considered from the industry peer set provided later in this chapter. The Industry Composite has been calculated as the arithmetic average P/E of the industry peer set disclosed in this section. For further details, see "Comparison of Accounting Ratios with listed industry peers" on page 114.*
- (2) *The industry P/E ratio mentioned above is as computed based on closing price the closing market price of equity shares on Stock exchange (National Stock Exchange of India Limited) as on September 22, 2022 divided by diluted EPS for the financial year ended March 31, 2022.*

III. Return on Net Worth ("RoNW")

As derived from the Restated Financial Statements of our Company:

Financial Year / Period	RoNW (%)	Weight
March 31, 2022	12.77%	3
March 31, 2021	9.58%	2
March 31, 2020	3.46%	1
Weighted Average		10.16%

Notes:

- (1) *Return on Net Worth (%) = Net Profit/(Loss) after tax before other comprehensive income (as restated) divided by net worth at the end of the year/period.*
- (2) *Net worth has been computed as a sum of paid-up share capital and other equity excluding capital reserve on amalgamation.*
- (3) *Weighted average number of Equity Shares is the number of Equity Shares outstanding at the beginning of the period adjusted by the number of Equity Shares issued during the period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period.*
- (4) *The Weighted Average Return on Net Worth is a product of Return on Net Worth and respective assigned weight, dividing the resultant by total aggregate weight.*

IV. Net Asset Value per Equity Share (Face Value of ₹ 10/- each)

Net Asset Value per Equity Share	NAV derived from Restated Financial Statement (₹)
Net Asset Value per Equity Share as on March 31, 2022	[●]
Net Asset Value per Equity Share after the Issue – At Cap Price	[●]
Net Asset Value per Equity Share after the Issue – At Floor Price	[●]
Issue Price per Equity Share	[●]

Notes:

- (1) *Net Asset Value per Equity Share = Net worth at the end of the respective year/period by the weighted average number of equity shares outstanding as at the end of respective year/period.*
- (2) *Net worth has been computed as a sum of paid-up share capital and other equity.*
- (3) *Issue Price per Equity Share will be determined on conclusion of the Book Building Process.*

STATEMENT OF SPECIAL TAX BENEFITS

STATEMENT OF SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY AND TO ITS SHAREHOLDERS UNDER THE DIRECT AND INDIRECT TAX LAWS IN INDIA.

I. SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY UNDER DIRECT TAXATION

Outlined below are the special tax benefits available to **Motisons Jewellers Limited** (the “Company”) and its Shareholders under the Income-tax Act, 1961 (the “Act”) as amended by the Finance Act, 2021 applicable for Financial Year 2021-22 relevant to the Assessment Year 2022-23.

- **Lower corporate tax rate under section 115BAA**

Section 115BAA has been inserted in the Act w.e.f. FY 2019-20. It gives an option to domestic company to be governed by this section from a particular assessment year. If a company opts for section 115BAA of the Act, the company can pay corporate tax at a reduced rate of 25.168% (22% plus surcharge of 10% and education cess of 4%). However once opted for reduced rate of taxation under the said section, it cannot be subsequently withdrawn.

Section 115BAA further provides that domestic companies availing the option will not be required to pay Minimum Alternate Tax (MAT) on their ‘book profits’ under section 115JB of the Act. However, such a company will no longer be eligible to avail any specified exemptions / incentives under the Act and will also need to comply with the other conditions specified in section 115BAA. Also, if a company opts for section 115BAA, the tax credit (under section 115JAA), if any, which it is entitled to on account of MAT paid in earlier years, will no longer be available.

Further, it shall not be allowed to claim set-off of any brought forward losses arising to it on account of additional depreciation and other specified incentives.

The Company has already evaluated and opted for the lower corporate tax rate of 25.168% (prescribed under section 115BAA of the Act) with effect from AY 2020-21.

MACROECONOMIC OVERVIEW

INDIAN ECONOMY

FY22 started with the country being hit by the second wave of the pandemic, which saw lockdowns and restrictions being re-imposed across states for 2 - 3 months. This impeded economic output in Q1FY21 and led to a year-on-year (Y-o-Y) decline of 23.8% in GDP. The Indian economy bounced back strongly in Q1FY22 with 20.1% Y-o-Y growth due to low base. The easing of lockdowns and restrictions across states since June coupled with the decline in Covid-19 cases and higher vaccination rate facilitated higher economic activity at a faster than expected and this was reflected in the GDP for the Q2FY22 which grew annually by 8.5%. The dip in Q3FY22 of 5.4% can be attributed to fading base effect. India’s economy recorded modest growth at 4.1% in Q4FY22, down from 5.4% in the previous quarter. The economy was hit by the third wave of Covid-19 during the quarter.

Growth in GDP at constant prices (Y-o-Y in %)

Source: Ministry of Statistics and Programme Implementation (MOSPI)

As the economy was getting back on its feet, global supply bottlenecks due to the Russia-Ukraine war and higher input costs again slowed the pace of recovery. The contraction in the manufacturing sector, which struggled with supply bottlenecks and high input prices, in the last quarter of FY22 is a cause of

concern. The other worrying aspect is the reduction in consumption to GDP ratio in Q4FY22, even while the investment to GDP ratio has bounced back. The slowest quarterly growth in FY22 was also partly because of the unfavorable base effect.

As per Reserve Bank of India's (RBI) monetary policy statement for 2022-23, the RBI highlighted that the ratcheting up of geopolitical tensions, generalized hardening of global commodity prices, the likelihood of prolonged supply chain disruptions, dislocations in trade and capital flows, divergent monetary policy responses and volatility in global financial markets are imparting sizeable upside risks to the inflation trajectory and downside risks to domestic growth.

RBI also brought out, that the announcements in the Union Budget 2022-23 on boosting public infrastructure through enhanced capital expenditure are expected to augment growth and crowd in private investment through large multiplier effects.

With the ebbing of the third wave and expanding vaccination coverage, the pick-up in contact-intensive services and urban demand is expected to be sustained. The escalation of the geopolitical situation and the accompanying surge in international crude oil and other commodity prices, tightening of global financial conditions, persistence of supply-side disruptions and significantly weaker external demand pose downside risks to the outlook. Taking all these factors into consideration, the real GDP growth for 2022-23 is pared down at 7.2% by RBI in April'22 Outlook from 7.8% estimated in Feb'22 Outlook. In the recent June'22 Outlook, the RBI retained its GDP growth projection at 7.2% for FY23, with risks broadly balanced.

GROSS VALUE ADDED (GVA)

Gross value added (GVA) is the measure of the value of goods and services produced in an economy. GVA gives a picture of supply side whereas GDP represents consumption.

- The gap between GDP and GVA growth has turned positive in FY22 (after a gap of two years) as a result of robust tax collections.
- **Agriculture sector** recorded robust growth of 4.1% in Q4FY22, which was over a low base of 2.8% growth in the same period last year. The sector was hit by heat waves in many parts of India that has impacted the production of several crops including wheat, coarse cereals and pulses. However, the total food grain production is still at an all-time high of 314.5 million tonnes, as per the third advance estimate. Anticipation of a normal monsoon, coupled with high prices for agri-products and subsidy support from the government, is expected to bode well for the sector.
- **Industrial sector** grew modestly by 1.3% in Q4FY22 due to negative growth in the manufacturing segment. High commodity and input prices have been a pain point for the manufacturing sector. The construction segment benefitted from a rebound in economic activity post the third wave.

- **Services sector** recorded a growth of 5.5% in Q4FY22, primarily led by trade, hotels, transport, communication and services related to broadcasting and finance, real estate & professional service. The easing of restrictions has aided a fast rebound in this sector.

PER CAPITA GDP, INCOME AND FINAL CONSUMPTION

India has a population of about 1.3 billion with a young demographic profile. The advantages associated with this demographic dividend are better economic growth, rapid industrialization and urbanization.

Gross Domestic Product (GDP) per capita is a measure of country's economic output per person. FY21 witnessed a significant de-growth due to the pandemic. However, in FY22 the economy is on path of recovery and the per capita GDP is estimated to grow by 7.6%. The Gross national income (GNI) is also estimated to increase by 7.4% in FY22. The per capita private final consumption expenditure (PFCE), that represents consumer spending, is likely to increase by 6.9% in FY22. Majorly, the FY22 reflects per capita growth due to a lower base.

INDUSTRIAL GROWTH

The pace of IIP growth improved marginally to 1.9% in March 2022 from 1.7% growth recorded in the previous month. The tepid growth is also because of the high base of the corresponding period of the previous year.

Y-o-Y growth in IIP (in %)

Source: MOSPI, CareEdge Ratings Economics Research report

On a cumulative basis, IIP grew by 11.3% in FY22. However, this high growth is mainly backed by a low base of FY21. The index of industrial production is higher by 1.9% when compared with the pre-pandemic level of FY20, suggesting that while economic recovery is underway, it is still very nascent. The IIP growth has remained lacklustre at below 2% in the last five months. Manufacturing, with the biggest share in industrial growth, is facing headwinds from global supply bottlenecks and rising input prices, even while demand remains weak.

CONSUMER PRICE INDEX

Retail inflation surged to 7.79% in April 2022, its highest since April 2014. The global supply chain disruptions, coupled with China's zero Covid policy, are driving inflation numbers up globally. With a persistent rise in prices across almost all categories, inflation has become broad-based in India.

Retail Price Inflation (Y-o-Y Growth in %)

Source: MOSPI

Food has continued to be the major driver, contributing around 47% to overall inflation in April. Within the food category, edible oils, cereals and dairy products prices have witnessed the sharpest hike owing to global supply shocks, domestic production shortfalls and rising feed costs. Cereal inflation, which was exhibiting a deflationary trend until September 2021, rose to 5.96% in April, while oil and fats inflation registered double-digit inflation (17.28%) for the 25th straight month.

Core CPI

Core inflation (which excludes volatile components such as food and energy prices) edged up to 7.0% in April 2022 compared with 6.3% in the previous month. The persistent supply disruptions and cost pressures have intensified globally amid the ongoing Russia-Ukraine tussle, contributing to the build-up of price pressures in the economy.

RBI'S MONETARY POLICY – JUNE 2022

The RBI hiked its policy repo rate by 50 basis points (bps) to 4.90% in a meeting on 8 June 2022. This was the first reversal in policy rate action since May 2020. The RBI maintained the liquidity adjustment facility (LAF) corridor at 50 bps by adjusting the standing deposit facility (SDF) rate at 4.15% as the floor and the marginal standing facility (MSF) at the upper end of the band at 4.65%.

The central bank kept the reverse repo rate unchanged at 3.35% and also continued to maintain its stance as accommodative. With a focus on withdrawal of accommodation, the RBI increased the cash reserve ratio (CRR) by 50 bps to 4.50% of net deposit and time liabilities (NDTL) effective from 21 May 2022. Through this, the RBI aims to withdraw liquidity amounting to ₹ 87,000 crore.

The surprise rate hike by the RBI has come against the backdrop of intensifying inflationary pressures in the global and domestic economies. With domestic economic activities gaining traction, RBI has shifted gear to prioritize controlling inflation.

The hike in CRR will reduce the surplus liquidity in the system and thus improve the effectiveness of the policy rate hike. While there were already inflationary concerns in the domestic and global economy, the Ukraine-Russia war has aggravated the inflationary concerns. Moreover, the persistence of inflationary pressure has also shown that inflation is not just transient in nature as was being anticipated earlier.

Inflation is mainly because of high global commodity prices and supply-side factors. However, it is being witnessed across most categories of CPI and the Central Bank is worried about the second-round effects of high commodity prices.

The spike in domestic inflation is still not as sharp as that being witnessed in other developed economies like the US and UK. But, it is very critical for the RBI to anchor inflationary expectations to avoid a wage-price spiral. The global developments in the last few weeks have highlighted that this battle against inflation could be a long-drawn affair and the Central Bank has aptly accelerated its fight against inflation.

The 10-year G-sec yield shot up in response to the rate hike and closed at 7.38%. We feel that going forward the RBI will hike the repo rate by another 60 bps in FY23. We expect the 10-year G-Sec yield to rise to 7.75-8.00% by the end of FY23.

GLOBAL ECONOMY

As per the latest International Monetary Fund's (IMF) World Economic Outlook growth projections released in April 2022, the world economy grew by 6.1% in CY21. For CY22, projection for global economic growth slashed to 3.6% citing disruptions due to the Russia-Ukraine conflict and inflationary concerns. It further added that emerging economies are expected to underperform than the advanced economies in CY22 and CY23 as they were hit harder by higher energy and food prices.

With the ongoing geopolitical tension between Russia-Ukraine, the economic consequences are anticipated to be serious in near to medium term. Surge in Energy and commodity prices have added pressure to the existing global inflation. In Asia, the biggest impact is expected to be felt among oil importers of Association of Southeast Asian Nations (ASEAN) economies, India and frontier economies including some Pacific Islands. The other impact is likely to be seen in the neighbouring economies due to disrupted trade and supply chains. Further, the reduced business confidence and higher investor uncertainty will weigh on asset prices, tightening financial conditions and potentially spurring capital outflows from emerging markets.

INDIAN RETAIL SECTOR OVERVIEW

The Indian retail sector is one of the fastest developing sectors and has been rapidly adopting digitization trends over the years. The retail sector in India has the largest consumer base and as a result, the industry's market size has increased significantly. This growth can be attributed to robust demand, increasing investments, innovation & support in Government initiatives. As digitization widens the market, better access channels, faster customer acquisition leading to cash conversion and rapid shifts in both demand & supply factors will accelerate the momentum of retail expansion in

India.

Indian retail sector composition

Source: CareEdge Research

The Indian retail industry consists of organized & unorganized segments. Currently, the unorganized sector dominates the retail industry and organized retail sector penetration in India is much lower than in the developed countries. This implies that the organized retail segment has huge growth opportunities. The continued expansion of the organized retail segment may aid in the growth of the overall retail sector. In order to achieve significant growth in the overall Indian retail sector, the focus will need to be on organized& e-commerce retail expansion.

The outbreak of Covid-19 led to an acceleration in online sales of consumer products as consumer behaviour changed during the lockdown. Consumers avoided physical store visits due to fears of virus contraction. Industry participants consequently witnessed a transition from traditional to digital, and are now moving towards an omni-channel mode of commerce. In some ways, the pandemic has aided in the transformation of retail into a more digitally enabled environment.

INDIAN RETAIL MARKET

In the 1990s, metro cities saw the growth of pure play modern retail, which was once controlled by traditional retail. Consumer preferences began to move from need-based to premium purchasing, and the first hints of modernization in operations (backend) and formalization of the value chain emerged.

With the introduction of hypermarkets, supermarts, and cash-and-carry stores as well as geographic growth from metros to Tier 1 cities, modern retail evolved. Consumers' primary concern shifted from quality shopping experiences to convenience, and technological advancements pushed the modernization of operations. Players began to use technology to disseminate information via websites.

Online retail saw a period of tremendous expansion, with all retail participants rapidly realizing the necessity of embracing digital technology in order to remain relevant to an increasingly digital consumer. For customers, personalization became the most important concern.

Modern retail is still in its early stages of growth in emerging markets. Micro-retailers, kiosks, hawkers, open market vendors, wholesalers, and distributors make up traditional retail. Traditional retail is based on interpersonal relationships between customers and merchants. It is dominated by unorganized segment of the retail channels. On the other hand, modern retail are chains or groups of enterprises which make up modern commerce outlets. Hypermarkets, supermarket chains, and mini-

markets are among the bigger players. Retail operations are better planned, and inventory management, merchandising, and logistics management are all handled in a more organised manner and form a part of the organized retail channel.

Indian Retail market size

Source: CareEdge Research based on Industry sources

In FY20, the retail sector contributed approximately USD 800 billion to India's GDP i.e. 10% share of overall GDP and employed 8% of the country's workforce (35 million people). By 2030, it is anticipated to have created 25 million new employments¹.

In FY21, the retail industry was affected due to the outbreak of Covid-19 and the nationwide lockdown announced in the last week of March 2020. The pause in operations of retail stores and shopping malls across the country led to a sharp decline in retail sales. While the lockdown restrictions were eased in a phased manner, the industry initially grappled with both supply and demand side issues. On the demand side, even when the shopping complexes and malls were allowed to open from June 2020, footfalls were low as consumers were cautious of stepping out due to fears of contracting the virus. Similarly, on the supply side, retailers faced logistic challenges and some FMCG players partnered with online delivery players to supply products to end consumers. Consumer demand began improving on a quarterly basis and the decline in sales moderated. The vaccination inoculation drive that started in January 2021 aided consumer confidence. However, the sector witnessed a decline of 6% in its market size in FY21 compared to FY20.

ORGANIZED INDIAN RETAIL MARKET

The overall retail market size was estimated to be at USD 490 billion in FY15, out of which organized retail market was approximately 8% i.e., USD 40 billion and the unorganized retail market consisted of the majority share of 92%. Over the years, the share of organized retail has increased substantially. In FY20, the organized retail accounted for almost 12% (USD 92 billion) of the overall retail market. A rise in income, growing middle class population, increase in working women, entry of foreign retailers, adoption of technology and rise of consumerism are some of the key reasons attributing to the growth of organized retail market over the years. In FY21, the overall retail sector was affected by the Covid-19 pandemic. However, the organized retail market managed to sustain a ~12% market share of the overall retail size and its market size estimated to be at USD 90 billion.

strongly. The expansion of the organized retail market in India is mostly attributable to a shift in customer behaviour. Increased affluence, changing lifestyles, and favourable demographic patterns have all contributed to this shift in consumer behaviour. Consumers now prefer to shop at a location where they can enjoy food, entertainment, and shopping all in one spot. This has supported the growth in the Indian organized retail market.

ORGANIZED RETAIL PENETRATION IN JEWELLERY SEGMENT

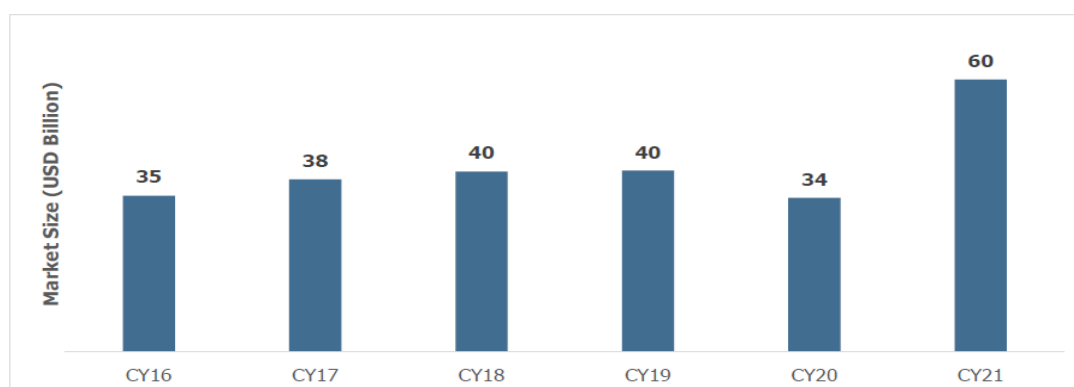

The Indian jewellery market has transformed significantly over the years from being unorganized to an organized one, although it is highly dominated by unorganized sector. In FY15, the share of organized jewellery market in the overall organized retail sector was estimated to be in the range of 25% to 27%. This share has increased substantially and in FY20 the organized jewellery market accounted for approximately 30% to 32% in the organized retail sector. The organized jewellery retail market consists of players such as Kalyan Jewellers, Tanishq, Malabar, PN Gadgil, Thangamayil Jewellers, Joyalukkas among others. However, a majority of the sector is currently dominated by unorganized market.

OVERVIEW OF THE GEMS AND JEWELLERY INDUSTRY IN INDIA

INDIAN GEMS & JEWELLERY INDUSTRY

The Indian gems and jewellery (G&J) business has traditionally been very fragmented with consumers mainly purchasing from family jewellers. There are approximately 5,00,000 local goldsmiths in India, but only a few of them have multiple shops. However, the industry has seen structural transformation in the recent decade with more G&J players moving up the value chain to a greater focus on branded jewellery. Jewellery retailing is not just profitable and high-margin, but it's also virtually untapped in India, which means there's a lot of room for growth. The market is vastly underserved with plenty of room for newcomers. Consumers are more predisposed to branded jewellery particularly in metro & tier I cities, as a result of rising media and western influences, and they are willing to pay a premium for it.

Indian domestic jewellery market size

Source: CareEdge Research

The G&J industry's market size was estimated to close at USD 60 billion in CY21. In CY20, the G&J industry was impacted by the Covid-19 outbreak and the industry size contracted by nearly a fourth. However, the industry is expected to grow in future as larger players in the organized space will continue to maximize their market share. Moreover, the inability of small local players to sustain during the lockdowns has severely constricted their ability to maintain their operations. The demand prospects for the sector are supported by growing working population, higher disposable income,

easier access to credit and improving standard of living.

Going forward, consumers' need for a safer shopping experience will benefit large & organized jewellers, as consumers will desire for larger shop space that allows for social distancing, robust & secure monetary processing systems that provide a safe retail experience and well-trained store staff. Additionally, larger stores offer more variety and a diverse range of jewellery and this is likely to support the shift towards the organized jewellery segment.

SHARE OF VARIOUS SEGMENTS IN INDIAN GEMS & JEWELLERY INDUSTRY

Note: Studded includes diamond, colored gems and gemstone & others includes platinum jewellery, fashion jewellery, silver jewellery etc.

The Indian jewellery market is traditionally dominated by gold jewellery. Gold jewellery purchases in India are not only limited to consumption, as is the case with fashion jewellery, but they do have a strong saving significance. This is more evident in rural communities where access, literacy, and acceptance of other financial savings instruments are all lower. These factors have resulted in gold being a major saving asset class. Cultural differences, religious and trust concerns, as well as other elements that influence jewellery purchases have all contributed to gold jewellery's significance.

Indian Gold Demand trend

Source: CareEdge Research

In CY21, the total demand for gold by Indian consumer was estimated at ~800 tonnes. Compared to the previous year the demand for gold witnessed a growth of approximately 78% in CY21 from 450 tonnes in CY20. This robust growth in gold demand in the Indian market was backed by the pent-up demand due to Covid-19 related supply chain disruptions. The overall demand in gold market came

from gold jewellery, gold coins & gold bars. A majority of the demand in CY21 came from gold jewellery, which was approximately 75% (600 tonnes).

Apart from gold jewellery, the other type of jewellery, which is gaining some traction, is the studded ornaments segment. The key factor contributing to the growth of this segment is the younger population's preference for diamond-studded gold jewellery, typically made with 14 or 18 carat gold rather than heavy 22 carat gold. There has also been a noticeable shift towards more informal and everyday use of diamond studded jewellery. Many urban millennial, unlike their parents, are drawn to studded jewellery, which is easy on the pocket and therefore supports multiple purchases. Furthermore, most of the young population believe that heavy gold jewellery is for the elderly and that modern designs cannot be found in pure gold. Studded jewellery comes in a wide range of styles and prices. When paired with white gold, a studded diamond appears to be more expensive thereby evoking the quality feel of platinum.

Although diamond studded jewellery may not have the same advantages as gold as a store of financial value, increasing price transparency and repurchase guarantees offered by most jewellers have helped to persuade customers that their investment would not depreciate in value.

IMPACT OF INTEREST RATES, GEOPOLITICAL TENSIONS AND COVID-19 ON GOLD PRICES

Gold jewellery accounts for a lion's share in overall jewellery consumption in India. However, the demand for gold, particularly physical gold in the form of jewellery, is dependent on the movement in gold prices. High gold prices can negatively affect consumer sentiments and dampen gold buying.

Trend in monthly international gold prices

Source: London Bullion Market Association (LBMA), CMIE

International gold prices began rising in 2018 and surged further following the outbreak of the coronavirus pandemic. Gold prices charted a continuous northward journey and reached an all-time high in August 2020. This came as uncertainty surrounding the pandemic and the impact of Covid-19 on the financial health of economies increased the safe haven appeal of gold. Gold prices began cooling off beginning May 2021 and averaged lower than the psychological barrier of USD 1,800 per troy ounce until October 2021. A rebound in global trade following the re-opening of economies and large-scale vaccination drives increased optimism and improved investor appetite for riskier assets.

However, emergence of the new Omicron variant, coupled with concerns surrounding inflation, provided support to gold prices. International gold prices started rallying once again, and, the Russia – Ukraine conflict gave rise to geopolitical tensions and provided a further upside to gold prices. They

consequently rose for three consecutive months ending March 2022 and averaged above USD 1,800 during each of the months of the quarter. But with the conflict continuing for more than three months, the intensity of the unrest on gold prices began reducing. More importantly, gold was impacted by the US Federal Reserve's decision of tightening its monetary policy amid rising inflation. The rising interest rate environment, along with a strong US dollar, impacted the appeal of holding gold and increased the opportunity cost of holding the non-yielding precious metal. Interest rates and gold prices share an inverse relationship.

International gold prices declined in the months of May and June of Q1 FY23 and stood at 1,848 and 1,834 \$ per troy ounce. Going forward, the movement in gold prices will depend on the pace of rate hikes announced by the US Fed to tame inflation. A faster rate hike cycle to arrest rising inflation would negatively impact gold prices. Since domestic gold prices mimic international gold prices, a lowering of gold prices would help support the demand for physical gold in India.

SHARE OF ORGANIZED PLAYERS IN THE INDIAN GEMS AND JEWELLERY INDUSTRY

In contrast to other countries, India's jewellery sector has a largely unorganized artisan (karigar) driven, traditional skill-based (handcrafted) manufacturing value chain, employing lakhs of workers with poor labour and workplace practices and have traditionally been characterized by outdated practices, negligible inputs from modern processes and technologies.

The gems and jewellery industry accounts for around 6-7% of India's GDP. The interest with jewellery in India extends back 5,000 years. With over 90% of jewellers being family-owned firms, this industry is severely fragmented and unorganized.

The share of the key players has regularly witnessed growth. Further, the players are continuously transforming the industry by adopting new technologies and combining ancient skills and ideas with contemporary manufacturing and certification techniques and this is expected to result in an improvement of the share of key players in the industry's revenues.

The top players in the organized gems and jewellery industry have always outpaced the industry growth and this trend is expected to continue going forward. Even in FY21 when the industry witnessed a fall of 15% as an impact of the Covid-19 pandemic, the top players managed to have a growth of 4%.

OVERVIEW AND RECENT TRENDS OF ONLINE RETAILING OF GEMS AND JEWELLERY IN INDIA

The Indian cultures places great significance on jewellery. Sustained higher demand has therefore resulted in an online presence for the gems & jewellery industry too. The expansion of online jewellery market has been remarkable during the previous few years. In 2019, the online jewellery business in India was valued at around USD 825-850 million, with an expected growth to around USD 3.5-4 billion by 2025. The significant growth prospect has caused jewellery companies to move quickly to build an online presence, as well as several newcomers to enter the field. The gems & jewellery sector is dynamic as it is fast developing and various changes are taking place - both in terms of customer behaviour and the industry as a whole.

Choosing a digital platform has allowed jewellers to reach out to more individuals and build a network. When jewellers use digital channels, whether through an app or a website, they can generate more money while controlling fixed costs. It allows the customers to watch the display of the items. To provide the optimum user experience, a few Indian start-ups and several large retail companies embraced cutting-edge technology such as augmented reality and virtual reality. People in Tier II and Tier III cities can now shop for gold and diamond jewellery at the push of a button because of emerging online jewellery players. This ease of availability and delivery is backed up by a range of payment methods, including cash on deliveries, as well as additional benefits like easy monthly payments and discounts. Online merchants are also providing a more comprehensive buying experience, with the objective of merging as in-store purchase experience into a digital platform with high-quality pictures, great navigation and simple product configuration options. As more merchants are moving to the digital world drawn by immense opportunities available on the online marketplace, the market is getting more competitive, necessitating the presence of prominent entrepreneurs capable of capitalizing on the available advantage and propelling the jewellery sector forward. Consumer expectations are growing and they want more than just the finest selections with a pleasant shopping experience.

Gold jewellery is steadily getting a foothold in the online retail sector. Despite the fact that the gold

jewellery category requires more consulting and higher average transactions, both existing and rising companies are assisting the segment in catching up with trustworthy and transparent services. Gold jewellery sales require trust, touch and feel elements, which is impossible to implement into an online jewellery website. Providing online access to hallmarked jewellery in a wide range of styles transformed the game of jewellery shopping. E-catalogues, 360-degree product views, and virtual try on have all had a significant influence on the Indian online jewellery market. The companies also offer trademarks and other certificates to confirm the purity of the product for customers. It is critical for a brand with an online presence to establish trust. To ensure the authenticity of gold and diamond jewellery, online websites and e-commerce platforms have started selling certified or hallmarked pieces. Reputable laboratories such as GIA, GSI, HRD and IGI certify the items.

The manufacture and distribution of gold jewellery is experiencing a full revolution as a result of modern technology and changing lifestyles. Millennial customers see jewellery as an essential aspect of their fashion and style. During the pandemic, the Indian jewellery industry suffered a decline. However, the desire remained and people began to hunt for online jewellery resulting in an increase in online jewellery purchasing. As limitations lifted by the end of 2020, demand for jewellery began to rise and exports rapidly returned to pre-pandemic levels.

TRENDS IN IMPORTS AND EXPORTS OF GEMS AND JEWELLERY IN INDIA

Yearly Import Export trends – Gems and Jewellery

Indian gems and jewellery are sold all over the world. Due to the presence of artisans and informal sector, the Government has supported domestic as well as export growth in this sector, for which Government has also taken some measures in Budget 2022-23 and opened the way for the industry to flourish and expand India's contribution in the global gems and jewellery trade. Few initiatives undertaken by the Government are as follows:

- The Government lowered the import duty on cut and polished diamonds from 7% to 5% and extended the Emergency Credit Line Guarantee Scheme (ECLGS) for MSMEs until March 2023. MSMEs make up over 90% of the gems and jewellery industry.
- Other important measures taken to support the gems and jewellery sector include the acceptance of personal surety bonds in place of bank guarantees for gold imports, the replacement of the SEZ Act with a new SEZ regime, and a simplified regulatory framework for

e-commerce in the coming months, which will facilitate G&J exports through e-commerce and ensure that small retailers can ship their products overseas.

The superior quality of Indian manufacturers has enabled the Indian gems & jewellery trade market to penetrate in markets like UAE, particularly Dubai, USA, Hong Kong, Israel and Belgium. The USA market dominates the Indian gems and jewellery exports accounting for a 44% share of the India's exports.

In July 2020, Washington ended Hong Kong's preferential trade protection by raising the import duty on gems and jewellery to 7.5% from 3.3%. China and Hong Kong are respectively the fourth and fifth largest suppliers of gems and jewellery to the US after India. The move benefitted India and helped it increase its penetration in the US export market.

Trend in imports and exports of gems & jewellery

The overall trade market for gems and jewellery for India began to recover in Q3FY21 onwards from the slump induced by Covid-19 in Q1FY21 & Q2FY21 with companies still trying to reach pre-pandemic levels. The pent-up demand due to Covid-19 supply chain disruptions was the key reason contributing to the recovery in Q3FY21 in the trade market. However, the gold jewellery market exports were slow due to sluggish markets like Gulf. UAE is a key market for Indian gems and jewellery exports forming a part of top five countries for exports. The total exports from India to UAE grew from USD 3,106 million in FY21 to USD 5,723 million in FY22 i.e., a growth of 84%.

- Cut & Polished Diamonds:**

India is the world's largest diamond cutting and polishing centre. India is regarded as the world jewellery market's hub due to its low costs and availability of high-skilled labour.

Trend in imports and exports of cut & polished diamonds

Cut & Polished Diamonds (USD Million)	Imports	Y-o-Y growth	Exports	Y-o-Y growth
FY20	1,713	29%	18,665	-22%
FY21	2,183	27%	16,289	-13%
FY22	1,385	-37%	24,434	49%

Source: Gems & Jewellery Export Promotion Council (GJEPC)

The cut & polished diamond segment is more export-oriented segment in India. For the year FY22, the overall exports of cut & polished diamonds were at USD 24,434 million, showing a growth of 49% as compared to USD 16,289 million during the previous year. Imports during FY22 witnessed a decline of 37% to USD 1,385 million as compared to USD 2,183 million during the previous year FY21.

In an attempt to boost the confidence of the cut and polished diamonds segment, the Government announced a reduction in import duty on cut & polished diamonds in budget 2022-2023 to 5% from 7%, which will further help in strengthening the sector and retain its leadership position.

However, Covid-19 was an unprecedented event that impacted the Indian cut & polished diamond business as well as other industries around the world. Miners, manufacturers, wholesalers, and merchants in the business as well as the Indian industry had to prepare to comply with new regulations.

The above table depicts the top 5 countries in terms of cut and polished diamond exports and country wise share in exports. USA is a key market for India in cut and polished diamonds exports with 40% of export share in FY22. In FY21 diamonds were the preferred buying priority list of consumers in USA as per GJEPC, and that the stimulus payments provided by the US Government enabled them to make their desired purchases.

The Indian gems and jewellery sector is exploring Cambodia, Vietnam, and the European Eastern Bloc which are three relatively untouched markets with great potential.

The cut and polished diamonds segment can benefit if the Government incorporates similar tax implications like Belgium (Turnover tax² not exceeding 0.16%) where rough diamonds would be brought in from mining countries and auctioned in India. This will reduce expenses by saving time, flying hours, and manpower.

- **Rough diamonds:**

The rough diamonds segment in India is majorly an import-oriented segment. The segment accounts for 66% of the total imports. In FY21, the total imports in the segment declined by 16% to USD 10,915 million from USD 13,026 million in FY20. In FY22, the total imports in the segment grew by 73.46% to USD 18,933 million from USD 10,915 million in FY21.

In FY21, due to the pandemic there were increase in diamond prices for which the industry players decided to halt its rough diamond imports which would help in stabilizing the increasing diamond prices and clear the existing inventory. Due to lockdown restrictions and poor end product demand, the production centres were operating at low levels or were closed. The Covid-19 pandemic had a significant impact on the industry resulting in lower imports.

- **Gold Jewellery:**

The gold jewellery trade market is an export dominated market. The gold jewellery market is the second largest export market after the cut and polished diamonds segment. Gold jewellery accounted for 20 per cent of total exports in FY21.

Imports and exports of gold jewellery

Gold Jewellery (USD Million)	Imports	Y-o-Y growth	Exports	Y-o-Y growth
FY20	291	-98%	12,040	-49%
FY21	206	-29%	5,040	-58%
FY22	273	33%	9,255	84%

In FY20 & FY21, there was a shortfall of yellow metal supplied to India due to restrictions on gold imports in key sourcing countries. The imports of gold witnessed sharp rise in FY22 as

²Turnover Tax: A turnover tax is similar to VAT, but it applies to intermediate and possibly capital goods.

compared to previous year FY21 with a growth of 33%.

Dubai is a key market for Indian gold jewellery exports. The 'Dubai Gold Souk,' (Traditional gold market of Dubai) where Indian jewellery from Kolkata and Mumbai is popular, makes for a large portion of gold sales in Dubai. Due to pandemic travel restrictions, fewer tourists were travelling to Dubai, which caused wholesalers in Dubai to curtail their purchases from India.

Mumbai, Chennai, and Kolkata account for the majority of gold jewellery exports. However, several exporters outsource manufacturing to Gujarat-based companies. The business of small manufacturing firms in Gujarat has been hurt by decreased export orders.

Going forward, the India-UAE Free Trade Agreement (FTA) signed on 18th February 2022 and effective from 1st May 2022, will raise India's gold jewellery exports, create jobs, and provide chances for skill development in the jewellery manufacturing and supply chain. The FTA between the two nations will encourage the establishment of a more organised wholesale of Indian-made gold jewellery. This breakthrough will make Indian-made jewellery even more appealing to UAE customers (residents and tourists).

Imports of gold:

After China, India is the world's second-largest gold consumer. Imports are mostly used to meet the demands of the domestic jewellery business. In volume terms, the India imports ~800 tonnes of gold annually. India's gold consumption has surged in FY21 and is backed by recovery in consumer sentiments and pent up demand. The demand for gold is expected to increase further on account of forthcoming festive and marriage season.

Gold Imports

Year	Gold Imports (INR million)	Y-o-Y Growth (%)
FY19	22,95,365	6%
FY20	19,92,497	-13%
FY21	25,42,885	28%
FY22	34,40,935	35%

Source: CMIE

Moreover, the reduction in the import duty by Government in the Budget 2022-23 will help to increase the demand further. The Government decreased the import duty on yellow metal from 12.5 percent to 10% in the budget (7.5 per cent customs duty plus 2.5 per cent Agriculture Infrastructure and Development Cess)

The top three countries for gold imports in India are Switzerland, UAE & South Africa. In FY21, Swiss gold accounted for about half of India's gold imports, totalling to INR 1.19 Trillion. Switzerland has the world's largest gold refining and transportation hub, which resulted in an increase in import dependence on Switzerland. India imports unwrought gold in the form of bars, gold plated with platinum or in semi-manufactured forms, and gold powder.

KEY DEMAND DRIVERS FOR JEWELLERY IN INDIA

- **Seasonality in demand:**

Seasonality in jewellery buying is a key factor that influences demand heterogeneity in India.

Weddings, festivals, and harvests in rural regions are the main drivers of the category, and the seasonal nature of each of these drivers assures that demand for jewellery is tied to the different months and seasons.

Seasonality in Jewellery buying

Source: CareEdge Research based on Industry sources

Demand for jewellery rises in the months leading up to weddings, such as May-June, September November, and January. During the months of November and December, rural households invest their crop money in gold jewellery. Gold demand in Tier II and Tier III towns is influenced by agricultural output and monsoon. During auspicious religious events like as Diwali/Dhanteras in October and November, and Akshaya Tritiya in April and May, demand for gold and silver jewellery increases.

- Increase in income levels:**

Rising income is the most powerful long-term driver of Indian gold demand, which bodes well for Indian gold demand because the economy is complimented by a high demographic dividend. The middle-income group in India has the highest level of gold consumption. The wealthy consume the most per capita, but the middle class consumes the most total volume.

Although there is a growing propensity to consume gold as income rises, the proportion of gold in one's portfolio does not rise at the same rate. A fall in household savings rates and agricultural earnings can be hurdles to Indian demand.

- Preference for branded jewellery:**

In the competitive Indian market, branded jewellery has found a place. Since branded jewellery has become the new trend in the industry, it has cemented its place in the hearts of customers over the last few years. One of the main reasons that branded jewellery has made other types of jewellery to stand out is that anyone can now stroll into a store, window shop, and determine for themselves what they want. With attentive and helpful attendants and well-displayed merchandise, shopping for jewellery has transformed. In the new market, everyone is a

prospective customer. The most significant aspect of branded jewellery, however, is that because branded is synonymous with quality, you can expect an excellent product.

Customers have also gotten more intelligent and knowledgeable, and as a result, shopping has moved to a new level, not only in terms of perspective but also in terms of method. With the rise of supermarket culture, sales and marketing of gems and jewellery acquired a makeover. Today's youth have more discretionary income, which they are ready to spend on their preferred indulgences. Branded jewellery has a higher level of satisfaction among the people than non branded jewellery, making branded jewellery more popular. Moreover, the Government's decision to make hallmarking mandatory also acts as a booster in increasing the demand for branded jewellery as it certifies the purity of gold articles.

- **Urbanization:**

Urbanization has resulted in the establishment of new arrivals in metros, cities, and towns as a result of economic opportunities. As a result, migrant consumers' relationships with their family jewellers are not as strong as before, and they turn to trusted brands that can provide authenticity, purity, and innovative designs.

- **Transparency in pricing and product quality:**

Indian jewellery buyers are becoming more brand conscious, and their jewellery preferences are becoming more sophisticated. They are exposed to a wide range of worldwide and national premium brands. They expect their jeweller to be transparent and jewellery to be of high quality. They want to grasp the pricing approach (price of materials such as gold, silver, as well as production charges) and be confident in the end product's quality, which can only be handled by organised shops. Tanishq, Thangamayil & Kalyan for example, were among the first in the Indian jewellery sector to adhere to the highest quality standards for jewellery and to include price transparency in their offerings.

- **Retail store experience:**

Today, organised jewellery retailing entails ready-made jewellery, a broad product range with a variety of designs and options, and a great showroom experience that meets the changing expectations of customers. Jewellery is an asset that may be owned for a lifetime and can be used as a kind of investment. As a result, customers increasingly expect after-sales services such as product buyback at fair market value, billing transparency, and product customisation, among other things. Such expectations involve the provision of services in addition to product selling, and organised players are better positioned to combine these services to meet this

need. In addition, well-organized jewellers provide ready-to-wear items, reducing customer wait times. As a result of its capacity to provide a superior retailing experience, demand for jewellery has moved in the favour of organised jewellers.

KEY CHALLENGES FOR JEWELLERY IN INDIA

- **Shortage of skilled labor:**

One of the key reasons for the incapacity of firms in this industry to scale up their operations is the scarcity of trained people. To have access to a larger talent pool, the supply of craftsmen/artisans that come through generations must be supplemented by new talents who have been professionally taught. Moreover, the industry's on-the-job training strategy results in lengthier training times and gaps in the availability of industry best practises and standardisation, particularly in the fragmented sector. This is compounded by infrastructural deficiencies, lesser need for institution-trained personnel in the fragmented sector, and the industry's limited appeal to the younger generation of workers.

- **Changing customer preferences:**

Exporters do not have enough design development centres or the resources to constantly innovate new designs to keep up with changing trends among international purchasers. In the setting of very high diamond, gold, and silver prices, global marketing necessitates a shifting fashion of gems and jewellery. According to market demand, manufacturers can produce specific types of gems and jewellery products. However, as a result of the changing trend, demand for certain types of products began to decline and eventually ceased. The manufacturer's money is blocked and this results in a pile-up of unsold stock.

- **Dependency on imports for raw materials:**

The availability of raw materials is crucial to the gems and jewellery business. In India, a large percentage of raw materials are imported, and supply is limited. The raw material is transformed into finished goods that are sold on the international market. Rough diamonds, as a raw material, account for more than half of all imports (66%). The total rough diamond imports in FY21 were approximately USD 10,915 million. India imports rough diamonds primarily from Belgium, the United Kingdom, Israel, and the United Arab Emirates, among other countries.

India is a net importer in gold market. The total gold imported by India in FY21 was INR 25, 42, 885 million. Gold is imported from Switzerland, South Africa, the United Arab Emirates, and Australia, among other countries. Raw pearls, precious and semi-precious stones, and other items are imported from Belgium, the United Kingdom, and Hong Kong, among other places.

- Imbalanced growth:**

Cut and polished diamonds, gold and non-gold jewellery, coloured gemstones, pearls, costume/fashion jewellery, rough diamonds, and synthetic stones are all part of the gems and jewellery industry. The industry's distinguishing feature is that increased thrust is on the diamonds segment. The value of cut & polished diamonds alone accounts for about 65% of all gem and jewellery exports. As a result, it is imperative to focus on maximising the export potential of other stones and jewellery.

IMPACT OF COVID-19 PANDEMIC ON THE GEMS & JEWELLERY INDUSTRY

The share of gems & jewellery in India's exports hovered in the range of 13-15 per cent in the early years of the preceding decade and came down to 11.5 per cent during the pre-pandemic year of 2019-20. This decline was primarily on account of muted demand across the globe, tightening of lending to gems & jewellery manufacturers and exporters by banks following a large scam in 2018 and the withdrawal of the benefit of the Generalised System of Preference (GSP) by the USA.

The problems faced by the industry aggravated following the outbreak of the coronavirus pandemic in China. The spread of the pandemic across the globe resulted in a contraction in demand for gems and jewellery exported by India. The nationwide lockdown beginning the last week of March 2020 brought manufacturing and trading activity to a complete halt. This led to cancellation of business events, deferment of orders placed and problems with receiving payments for orders serviced. The twin impact of the pandemic on demand and supply resulted net exports of the industry contracting by 81.07 % to USD 950.8 million during April – May 2020. During the period, exports of cut and polished diamonds, the largest contributor to overall gems & jewellery exports, contracted to USD 903.4 million from USD 3,511.6 million during the corresponding year-ago period, GJEPC data showed. Exports of gold jewellery shrunk from USD 2,007.2 million to just USD 61.3 million over the same period.

The gradual easing of lockdown restrictions and intermittent lockdowns across states helped resume manufacturing activity and trade of gems & jewellery. However, fears surrounding a second wave, the acute financial stress caused by the pandemic, increased need for saving liquid cash kept a lid on the domestic demand for gold jewellery.

International gold prices reached new heights in 2021 following rising global uncertainties due to the pandemic. Gold prices rose continuously for eight consecutive months and crossed the USD 2,000 per troy ounce mark in August 2020. Gold prices began easing in the following months on account of successful trials of coronavirus vaccines, Joe Biden's win of the US elections, and recoveries in yields of government bonds of major economies. This rise in gold prices also dampened the demand for gold jewellery by retail consumers. Additionally, jewellery stores remained shut during the crucial wedding season during summer. This coincided with the auspicious occasion of Akshaya Tritiya, which usually sees higher purchases of gold and jewellery. Companies offered attractive schemes and discounts to customers after the lockdowns were lifted, but the impact of these offers was minimum as the demand continued to remain weak.

Exports of gems and jewellery charted a different story. With importing countries recovering in the second half of the 2020 calendar year, the release of pent-up demand led to exports picking up pace. The recovery in our export markets coincided with their festive seasons and this also contributed to an improvement in exports. Gross exports of gems and jewellery began recording growth on a sequential basis from November 2020 onwards.

RECENT TRENDS IN RETAILING OF GEMS AND JEWELLERY INDUSTRY IN INDIA

- **Availability of accredited/ hallmark jewellery**

Hallmarking is a regulated method of certifying the purity of gold articles. Effective from 15th January 2021, the Government has mandated hallmarking of gold jewellery and artefacts. Currently, there are over 950 hallmarking centres in the country. The Government is planning to set up more gold jewellery hallmarking centres to speed up the process of stamping bullion and ensuring that jewellery buyers receive the preferred level of purity.

According to the Ministry of Consumer Affairs, mandatory hallmarking has been effectively implemented with around ₹ 3 lakh gold goods being hallmarked with HUID (Hallmark Unique Identification) on a daily basis. The Bureau of Indian Standards (BIS) has now created provision for the common consumers to have the purity of their un-hallmarked gold jewellery tested at any of the BIS authorized Assaying and Hallmarking Centres (AHCs). This facilitation by the Government is provided for the protection of consumers. The BIS will launch a system that will provide unique identifying numbers to each piece of jewellery, which helps in identifying the purity of the article that can help in reselling it.

- **Buyback Schemes**

Certain banks may be authorized to buy back gold coin if it is sold by them. This is done to increase the liquidity of gold coin. Bullion refiner MMTC-PAMP launched a buy-back and exchange offer for gold. The buyback scheme allows the sellers to receive the maximum value of gold through direct bank transfer or in the form of a pure gold bar with 9999, 999 and 995 purity upon paying a nominal transaction fee. To ensure transparency and smooth verification process, MMTC uses technology in which the seller can track the system to determine the actual value of the gold jewellery, coins and bars. MMTC also ensures that the individuals who sell gold

will receive the maximum worth of their gold through the process.

The present Metals and Minerals Trading Corporation (MMTC) buyback conditions should be accepted by banks and all other sellers. The MMTC buyback plan for gold coin does not extend to specified banks.

Details of Buyback values offered by various jewellers in the market

Type of Product	Value
Gold Jewellery	96% - 98% value of benchmark gold rate
Diamond Jewellery	96%-97% value of benchmark gold rate and 80% value of invoice value of diamonds
Uncut Jewellery	96% value of benchmark gold rate & 70% invoice value of uncut diamonds
Precia or Precious stone jewellery (Ruby, Sapphire, Emerald)	96%-98% value of benchmark gold rate & 70% invoice value of precious stone
Platinum Jewellery	96%-100% value of benchmark platinum rate and 80%-90% of diamond value
Gold coins	96%-97% value of benchmark gold rate
Making charge, other stones and taxes	Buyback is not applicable

- **Monthly investment plans**

A gold savings scheme is similar to a regular bank deposit, except that the end goal is to buy gold. As a result, conventional gold saving plans allow consumers to deposit a set amount of money in instalments for a set period of time. At the end of the term, the depositor can acquire gold from the relevant jeweller for the amount of total deposit. These monthly investment plans/ gold saving schemes offered by the jewellers are not regulated by regulatory bodies such as Securities and Exchange Board of India (SEBI) and Reserve Bank of India (RBI).

The saving scheme does not provide interest on the amount invested, unlike a recurring deposit plan. As a result, jewellers add a bonus to the total amount deposited to compensate for the interest loss. These plans are provided by well-known jewellers. However, the fundamental goal of these programs is to make gold purchase easier and more economical. Joyalukkas Easy Buy Gold Purchase Plan, Tanishq Golden Harvest Scheme, GRT Golden Eleven Flexi Plan, Malabar Gold & Diamonds Smart Buy Scheme, Purchase Advance Scheme by Kalyan Jewellers are some of the investment plans which are offered to the customers in India.

- **Availability of customization**

Personalized jewellery was in huge demand in the recent years, but after the recent outbreak of Covid19, people have been showing more interest in it as they seek meaningful jewellery. When individuals put on their customized jewellery item that is in the form of their initials or a date which means a lot to them, it instantly empowers them as it has a deep meaning and describes a situation or a story. The companies are innovating new designs that are stylish and practical to satisfy the expectations of modern women. Jewellery can be designed in a way such that it can be utilized and worn in multiple ways. Quality of the product will be greater focus when requirements are specified.

Recently, a startup company, ThreeKit has been successful in providing good online experience for the customers in the jewellery businesses. It generates spectacular 3D and augmented

reality for ecommerce with the goal of enhancing the landscape and giving better customer experiences for shoppers and business clients all around the world. Customers may design and preview their ideal jewellery real time, customizing and personalizing a picture of their selected design ring, which allows them to preview their customized jewellery before purchasing.

This type of personalization is likely to be the future of the jewellery business in India. Many jewellery brands are keen on providing such services to their targeted audience. To provide a better shopping experience, companies are investing more resources into customization. This has been successful in retaining existing customers and inviting new customers for purchase. Customization availability in jewellery businesses has proven to be one of the most effective Conversion Rate Optimization technique (a method which helps in boosting sales conversions through an application or website).

- **Requirement of PAN card for purchase**

The Government of India has made presenting PAN card details for gold purchases of Rs 2 lakh and above mandatory. The regulation had an influence on the organized jewellery sector, affecting more than half of the business value. Prior to 1st January, 2016, PAN data was only necessary for purchases of Rs 5 lakh or more. Many consumers who did not have PAN cards faced difficulty acquiring gold. People who did not have PAN cards, as well as those who did not want to disclose PAN details went to unorganized retailers to purchase jewellery without bills.

Details one should consider about PAN details for gold purchase:

- If a person is purchasing gold worth more than ₹ 2 lakhs, they must provide their PAN details.
- The buyer's identity will be traded as PAN.
- A tax rate is set, and it must be collected and deposited with the government.
- Providing PAN information is a way of establishing one's financial identity.

OUTLOOK FOR GEMS & JEWELLERY INDUSTRY IN INDIA

The gems & jewellery industry is expected to register a quick recovery and an acceleration in growth in the coming years. The growth is likely to be driven by resilience in demand, particularly during the festive and wedding seasons, sustained demand from exports and growth of larger jewellers across the country. The economic recoveries of key markets will also support overseas demand for jewellery manufacturers. However, we expect the growth to be skewed in the favour of larger players who are projected to grow at a faster pace than smaller, unorganized firms mainly on account of continued financial and operational stress experienced by unorganized firms due to the Covid-19 pandemic. Well-established companies are also expected to benefit from an online presence that will cater to the demand from the younger population belonging to bigger cities. The overall industry is projected to grow at a compounded annual growth rate of 5-7 per cent over the next three years.

Diamonds segment –

The diamonds segment is expected to see a continued growth in demand on account of a recovery in key export markets. The cut & polished diamonds industry mainly caters to demand from the US, Hong Kong and the Middle East. Data published by the GJEPC showed that exports of gems and jewellery during FY22 crossed the pre-pandemic levels recorded in FY20. Exports of cut and polished diamonds increased by nearly 30 per cent in FY22 over FY20 and are likely to continue on their growth trajectory.

The growth in exports is likely to strengthen going forward due to the return of pre-pandemic level of spending, higher footfalls at retail outlets, and the removal of Covid-19 related restrictions across the globe. Resumption in weddings and festive celebrations that were paused for two years during the pandemic will resume pace and this is likely to translate into higher demand for cut and polished diamonds.

While the industry is likely to benefit from resurgence in demand, the impact of budgetary initiatives is likely to be limited. Finance Minister Nirmala Sitharaman, in the Budget 2022-23, announced lowering of import duty on cut and polished diamonds to 5% from 7.5% to further boost the sector. This is expected to offer limited relief as cut and polished diamonds make only 5% of the total imports whereas the unpolished diamonds that comprise the rest of the market have not witnessed any change in the import duty of 10%.

Gold jewellery segment –

a) Budgetary announcements –

In Budget 2022-23, there was no change announced in the import duty of gold. However, in the previous budget, the import duty was cut down to 7.5% from 12.5%, however in addition to this, infrastructure and social welfare cess of 3.25% is added and GST of 3% on gold is added, which take the total duty to 13.75% for the final customer. The Government also plans to facilitate export of jewellery through e-commerce for which a simplified regulatory framework would be implemented by June this year. Also, to disincentivize import of undervalued imitation jewellery, the custom duty on imitation jewellery is being prescribed in a manner that a duty of at least ₹ 400 per kg is paid on its import.

b) Domestic demand for gold jewellery expected to ramp up

Most of the demand for gold jewellery comes from the domestic market. Here, the demand is driven by rural India. The domestic demand for gold jewellery is projected to be strong due to the prospects of a good harvest following a favourable monsoon and reasonable progress on the sowing front. While any variants of the coronavirus do pose a minor threat to demand, we expect the impact of future variants to be less intense due to significant progress of the vaccination drive and the low intensity of the recent Omicron variant. Jewellers are also expected to ramp up their online and offline presence while introducing different varieties to cater to changing trends of consumers. Resumption in work from office and socializing is also expected to propel the demand for lightweight jewellery through a combination of online and traditional channels, but high-value wedding jewellery will witness growth through brick-and-mortar outlets.

The domestic demand for jewellery is expected to pick up significantly during the year especially during the December quarter when the kharif harvest season will coincide with most festivals and the wedding season. Besides, elevated gold prices following geopolitical tensions have not dampened the demand for gold. Jewellery retailers are estimated to have clocked strong sales during the Akshaya Tritiya. Additionally, gold prices are likely to ease gradually with some progress on resolution of geopolitical tensions, which will bode well for the volume growth of the jewellery industry. The continued momentum in demand for gold jewellery, coupled with increased footprint of organized players is projected to result in an upswing in the growth of the industry in the medium term.

KEY REGULATIONS IMPACTING THE GEMS & JEWELLERY INDUSTRY IN INDIA

FDI NORMS

The gems & jewellery industry is the second Foreign Exchange Earner (FEE) in the Indian economy. India is known as the hub of the global jewellery due to its low costs, high population of skilled labour, and other privileges like tax exemptions etc. There are various Government policies that support the cutting and polishing of diamonds industry. The industry got the permit of 100% Foreign Direct Investment under the automatic route, where the foreign investors do not have to seek RBI's approval for investment purpose.

This sector has become a focus area for promoting exports. The Indian Government has taken various initiatives for investment promotion and technology upgradation. The country is looking forward to build a 'Brand India' in the global market because of its growth prospects. The Government of India's decision to bring the FDI in retail market expedited the growth in organized jewellery sector. This opened an opportunity to millions of people for jobs in various departments like logistics, repackaging centres, distribution channels, housekeeping, security etc. FDI has been one of the key drivers in uplifting the jewellery sector and contributes towards the overall development of the economy.

IMPACT OF GST ON THE SECTOR

The change in tax rate on gold from 1% to 3% due to introduction of GST had a critical impact in the jewellery industry. Prior to GST, gold attracted 2% price constituting of service tax and value added tax (VAT) of 1% each.

In India, majority of the jewellery deals take place in unorganized sector which gives sellers the benefit to save taxes on selling gold. This might result in purchase of gold that is cheaper but low in quality. There are chances for gold smuggling as well. Increase in customs duty tax is one of the major factors behind gold smuggling.

During the Covid-19 pandemic, the gold prices have risen intermittently and this led to a large possibility to smuggle gold. India is rich in culture and traditions and it is believed that gifting or purchasing gold on auspicious days is often considered as a positive sign. Due to this higher demand, gold is smuggled from places where the value is cheaper because of low taxes. The organized sector, which makes up nearly 30% in the jewellery sector, has seen a significant impact on trading of gold. Currently, 3% GST is levied on the gold jewellery. Due to the high tax rates, the sellers in the organized sector are most likely to shift to the unorganized sector. Also, the increase in GST has generated more possibility of gold smuggling among the vendors. While the Government is attempting to bring clarity and transparency in gold trade through GST, it has led to hefty payments of tax for consumers.

GOLD IMPORT NORMS BY THE RBI

The RBI purchases gold frequently from other countries for its reserves. This is used as a safe investment tool in case of inflation and brings stability among overall reserves of the central bank during that inflationary period. Gold is usually bought in the form of gold bars.

Gold in the form of Gold ETFs, Sovereign Gold Bonds (SGBs) and digital gold has been promoted by RBI enormously. However, this has not affected the demand for physical gold. With the increase in gold price, investors have begun to concentrate on long term gold returns. Due to high demand, the RBI started importing more gold and the gold which is in the form of SGB or digital gold will be stored in their warehouses. Also, with the increasing demand for gold due to festivities, wedding season etc., there will be furthermore push in domestic gold imports. This might have severe impact on current

account deficit if the country's imports exceed exports. This will have an adverse effect on balance of payments and may contribute to slowdown of economy.

LATEST BUDGET PROVISIONS FOR THE GEMS AND JEWELLERY INDUSTRY IN INDIA

The latest Union Budget policy 2022-23, announced by the finance Minister, Nirmala Sitharaman had some new provisions in the gems and jewellery industry. They are as follows:

➤ **Reduction in customs duty on cut and polished diamonds and gemstones:**

The Government has provided relaxation to diamond traders by reducing the customs duty from 7.5% to 5% on cut and polished diamonds along with gemstones. This will not only provide relief to diamond traders in the jewellery industry but also encourage consumers to invest in diamonds and coloured gemstones apart from fixed deposits, real estate, gold and other conventional investment alternatives. It brings positive impact at multiple levels in the industry.

➤ **Facilitation of jewellery exports via e-commerce:**

India is the global leader in this industry and its exports were affected adversely due to the Covid19 pandemic. The Government has aided to promote the export sector by accelerating the exports through e-commerce and a simplified regulatory framework for the same will be implemented by June, 2022. As a result, it will increase the international customer database, which will boost the sales, as the international customers will have easy access in terms of purchase. This will boost the sector growth by elevating exports of gems and jewellery and the industry is expected to rebound in they can keep a check on felonious trade transactions of gold and diamonds.

➤ **Regulation of online market:**

The continuous efforts to boost the industry by the government will also see a regulation of gems and jewellery market in the online platform. This system will facilitate in monitoring of transactions and protection of data in today's digital world where there is a large space for fraudulent activities to take place. This also helps in rural economy development. At last, it also builds the confidence of the customers while following fair and transparent trade practices.

These provisions are expected to bring a positive change and help in the overall growth of the economy. The reforms initiated by the government will enhance the operations in the Indian market and provide a platform to compete against other jewellery dealers in the global level.

BUREAU OF INDIAN STANDARDS (BIS) SCHEME FOR HALLMARKING OF JEWELLERY IN INDIA

Bureau of Indian Standards (BIS) is a hallmarking scheme under BIS Act, Rules and Regulations for jewellery in India. The hallmark on the jewellery indicates the quality of jewellery and it protects the interest of consumers by having quality checks on jewellery. BIS conducts random market surveillance on accredited jewellers at set intervals. This involves collecting hallmarked gold jewellery from a licensee's retail store or manufacturing facility and having it examined for compliance at a BIS-accredited hallmarking centre. BIS has also advanced an online digital solution in which the assaying and hallmarking centre is automated.

The hallmarking on the jewellery builds a trust in the consumers as it gives them a sense of purity in carats. As a result, they tend to buy more and more jewellery from trusted brands which increases the sales of the jewellery. With the introduction of the scheme, not only customers but also the owners of jewellery outlets got benefitted. Bureau of Indian Standards scheme has been successful in uplifting the gems and jewellery industry.

OVERVIEW

We are a Jewellery retail player with a history of more than 2 decades in the jewellery industry having experienced entrepreneurs as our Promoters with more than 20 years of experience. Our jewellery business includes the sale of jewellery made of gold, diamond, kundan and sale of other jewellery products that include pearl, silver, platinum, precious, semi-precious stones and other metals. Our other offerings include gold and silver coins, utensils and other artifacts. We commenced our business through a partnership firm 'M/s Motisons Jewellers' in 1997 which was subsequently converted into public limited company in 2011 and currently have presence across multiple prominent locations in Jaipur, Rajasthan.

We started our jewellery business in 1997 with a single showroom in Jaipur, Rajasthan. Our first outlet, famously known as the ‘Traditional Store’ was set up amidst the famous lanes of the busiest Johri Bazaar, renowned jewellery hub in the heart of the city. This Johri Bazaar showroom displaying gold and diamond jewellery was approx. 304 sq. ft. in area which was expanded to 1355 sq. ft. by 2002 with growth in the business. We have, since then, expanded our network of showrooms and the product portfolio and currently operate 4 showrooms under the “Motisons” brand, located across the city of Jaipur. The flagship store ‘Motisons Tower’ is located at the high street of Tonk Road, Jaipur. The showroom at Tonk Road spans in an area of approx. 11,700 Sq Ft and has 3 floors with a dedicated floor space for silver, gold, and diamond jewellery respectively. The most recent outlet, opened in the year 2021, is situated in the affluent neighborhood in the southwestern part of Jaipur at Vaishali Nagar.

In addition to selling products at our showrooms, we also sell our products through our online

platform at <https://www.motisonsjewellers.com/>. We launched our website in the year 2011 and online sales commenced from 2018 for younger and more digitally savvy customers who can browse our catalogue based on preferences, collections and designs, and purchase the jewellery directly and have it delivered to their homes. We also arrange virtual appointments to assist our customers. Products generally offered through online marketplaces are diverse and not available in the showrooms.

We primarily source finished jewellery from third party manufacturing vendors located across India. This includes all types of jewellery made of gold, diamond and other precious and semi precious stones. Additionally, to cater to the increasing demand in the market, we also engage artisans on job work basis and have our own manufacturing facilities located in Jaipur, Rajasthan for diamond and gem stone studded jewellery. We outsource the work of making ornaments to various artisans with whom we have developed strong relationships. We offer a large variety of handcrafted jewellery, which are designed and manufactured by our in-house designers in close collaboration along with skilled local craftsman located across the country. To ensure optimum prices and mitigate the risk of suppliers' concentration, we procure raw materials from various suppliers across the country. This procurement process enables us to offer a wide range of products.

Our product profile includes traditional, contemporary and combination designs across jewellery lines, for special occasions such as weddings and festivals to daily wear jewellery for all ages, genders and across various price points. Our offerings include gold jewellery, diamond jewellery and other silverware from handmade Indian ethnic to the cutting-edge styles of the urban world. Our gold, diamond and other jewellery inventory in each showroom reflects customer preferences and designs. Our focus on design and innovation, our ability to recognize consumer preferences and market trends, the intricacy of our designs and the quality of our products are our key strengths. We have a dedicated design team, focused on developing new products and designs that meet customers' requirements. In addition, our access to a range of contract manufacturers that are generally smaller, localized jewellery manufacturers from various parts of India allows us to offer a diverse product range. We also customize jewellery for individual needs.

Our experience of close to two decades has enabled us to build an effective business model that gives us control over our processes from raw material procurement, design, manufacturing and marketing to sales through our network. Our business model allows us to monitor and control the quality of our products on the supply side, and provides us the ability to respond quickly to our customers' needs and preferences on the demand side. Our diamond jewellery is certified by various agencies including IGI, GIA and IDT. As per the demand of customers, we also provide our internal certifications. All our gold and silver jewellery products in line are hallmarked by BIS as per the details given below, except gold jewellery weighing less than two grams, which does not require to be hallmarked:

OUR STRENGTHS

We believe that we are well positioned to capture market opportunities and benefit from the expected growth in the jewellery market through our competitive strengths, which principally includes the following:

We have a strong brand name with heritage and a legacy of over two decades

We have a proven track record of approx. 25 years. Over the years, we have grown significantly and have established our brand '**Motisons**'. We offer a wide-ranging collection of antique finished, pearl, kundan and diamond jewellery. We initially started our operations as a partnership firm in 1997 in the name of '**M/s Motisons Jewellers**' and was converted into public limited company in 2011.

Our strength lies in the wide variety of designs offered by jewellery designers wherein we develop our own creations and specialty designs according to the latest tastes and preferences of customers. We believe in continuing to innovate and strive for new benchmarks in quality, creativity and design.

We hallmark all our gold products to ensure quality and purity of products, which is in line with the quality and purity metrics as prescribed by BIS. We have also installed checks to provide assurance to customers for the hallmarked gold jewellery sold by us at all our showrooms and follow stringent and transparent purity checks to ensure quality of our jewellery before being sold to our customers. Most of the gold used as raw material by us is sourced from authorised bullion dealers and loose diamonds are mostly procured from reputed sight holders and the manufacturing of jewellery is carried out

either by the skilled Karigars in or by organised manufacturers in Mumbai, Delhi, Surat, Kolkata, etc. or in house at our manufacturing facility at Jaipur. All diamond jewellery and loose diamonds we sell are certified by IGI, GIA and IDT.

We believe that our commitment to quality and transparency has enabled us to position “Motisons Jewellers” as a strong and trusted brand in the market in which we operate, as a jewellery retailer with a wide range of gold, silver and diamond jewellery products.

Strategic location of our showrooms

Jaipur, Rajasthan has been well-known for manufacturing of traditional jewellery. To leverage this opportunity and tap the growing historical jewellery retail market, we have rapidly expanded our retail network of strategically located stores in recent years across the city, which help us to achieve logistical convenience in inventory management. We have four (4) retail showrooms in Jaipur located in prime shopping region of Johari bazaar, Tonk road and Vaishali Nagar. Furthermore, our manufacturing facilities are located at Sitapura Industrial area and Bapu Nagar, Jaipur.

Diversified product portfolio across categories and price points

Our product portfolio comprises over 300,000+ jewellery designs, including a wide range of gold, diamond and other jewellery products across different price points. Our focus on design and innovation, our ability to recognize consumer preferences and market trends, the intricacy of our designs and the quality and finish of our products are amongst our key strengths. We have a wide range and variety of products and have been able to demonstrate our ability to recognize trends in the jewellery industry in order to cater to our customers. Further, we have products across various price points to cater to a variety of customers across high-end market, mid-market and value market segments, which are designed by a team of creative designers allowing us to manage a large and diverse portfolio of designs. We also customize jewellery for individual needs.

Over the years, we have launched many creative collections in gold, silver and diamond jewellery. We have introduced a range of jewellery collections, which are designed to cater to specific customer niches such as classic jewellery, contemporary jewellery and polki diamonds and precious stones jewellery. Each collection serves customers with different needs and preferences for different designs.

Our products cater to different occasions including special occasions, such as weddings and party-wear, jewellery for personal milestones, fashion jewellery, festival jewellery, daily-wear jewellery, kid’s jewellery and men’s jewellery. We cater to customers across age groups, at various price points, which ensure that we are able to serve our customers across the entire lifecycle of their jewellery requirements. Our product profile includes traditional, contemporary and combination designs across jewellery lines, usages and price points. In addition to manufacturing our jewellery in-house, our access to a wide range of manufacturers who are smaller, localized jewellery manufacturers from various parts of India, allows us to offer a diverse product range. We actively engage with such manufacturers to ensure that the products are as per our specifications and suggested designs. Moreover, we purchase finished products from manufacturers and suppliers to grow our product range.

Established systems and procedure to mitigate risk and efficiencies

We have established systems and procedures for various facets of our business and operations including inventory management, order management, human resource management, finance and controls, CRM, data analytics, management processes and risk management.

Efficient Inventory Management - There is an efficient inventory management being done by the company where our inventory for each showroom is planned at the beginning of each year in amounts and quantity determined to achieve the desired sales and inventory turnover after considering factors including market potential and competition. Showroom staff can track the movement of daily sales through reports from software; and accordingly place orders for jewellery replenishment. All customized orders, repairs are monitored and tracked through an RFID Tag or barcode as part of our inventory management, we also rotate jewellery among different showrooms in an effort to increase inventory turnover and make minimal accumulation of slow-moving stock at showroom locations driven by data analysis and report generation. Future inventory forecasts are done with the help of data analysis and forecasting of trends. Our procurement team confirms the order from showrooms or based on system data and instructs our vendors to manufacture as per requirement of the showroom report and trend analysis to fill up the gap.

Strong Technology Focus - We have POS systems at all showrooms, which are integrated with our centralized RFID Tag system and use the RFID all showrooms and offices in order to maintain greater control over business operations such as inventory management, showroom management, accounting, logistics management and customer data storage, amongst others. Our CRM module is also system integrated whereby we are able to consolidate customer data and perform business analytics to forecast trends and to manage customers' journey from enquiry to purchase. We also have backup support for all systems, and our database is protected by high security protocol. Further, our technology backed institutionalized processes provides end to end control from designing to retailing and all our showrooms operate on a common IT platform, including the billing and inventory management system.

Quality Control - Further, concerning the quality control, we stringently follow the hallmarking process for all our gold jewellery. We send all our jewellery to government-approved hallmarking centers who performs tests and analyses our jewellery in accordance with BIS norms. We have adopted hallmarking of our gold and silver jewellery. Our diamond jewellery and loose diamonds are certified by various agencies including IGI, GIA and IDT.

Given that our inventory is produced by third party vendors (Karigars) who are engaged as job-workers, we have implemented stringent two-stage quality control procedures to ensure standardized quality and purity of the products we sell. Jewellery produced is checked for physical defects, such as structural issues and inconsistencies in polishing and finishing, and is checked for purity with a gold testing machine and hallmarked from third party agencies. Further, the workshops of job-workers associated with us are subject to periodic audits to ensure compliance with quality and security requirements.

We also have a quality control department consisting of 21 employees as of August 31, 2022. We believe our commitment to stringent quality control has been critical to our success in the Indian jewellery industry and has contributed to customers associating our brand with trust and transparency.

Procurement advantage - Our operations integrate our sourcing, manufacturing and retail sales to provide us with several competitive advantages, including the ability to adjust our product range to continuously address shift in customer preferences, just in time inventory availability and changes in demand.

One of our key strengths lies in the meticulous craftsmanship of our in-house manufacturers. Not only our experienced manufacturers, but also the job-workers carry out a portion of the manufacturing of our jewellery. Further, the finished products purchased are also manufactured by skilled craftsmen across India. We believe that our scale of operations enables us to commit significant volumes of work

to the manufacturers, which in turn enables them to offer quality finished products to us at competitive prices while allowing us to maintain exclusivity of our designed jewellery. Additionally, we believe that this ensures that the said manufacturers devote a significant portion of their time towards fulfilling commitments to our Company. We seek to ensure lucrative business economics we engage, while in turn preserving artisanal techniques, legacy craftsmanship and creativity of the manufacturers.

Majority of the gold used as raw material by us is sourced from authorised bullion suppliers. Our diamonds are mostly procured from diamond traders and sight holders.

Safety, Security and Surveillance Systems - Safety, security and surveillance of our facilities and locations is a critical part of our business as well as risk management systems. At the end of every day, the entire stock at each of our showrooms is shifted to a secure strong room within the showrooms. Our factory and procurement departments are managed with our 24*7 CCTV surveillance. Additionally, all of our showrooms are equipped with night vision CCTV cameras, burglar alarms, fire management systems and remote sensors. Further, we have employed round the clock security personnel for providing security services at our showrooms and manufacturing units. Regular training and drill sessions are conducted for the security personnel effective deliverables. All intra and intercity dispatch of inventory is made through secured vehicle of our Company. A centralized control room checks and monitors multi-location cameras, CCTVs on pan-India basis, 24*7. Additionally, our block insurance, terrorism and cyber security insurance policies helps mitigate the risk of theft, fire or other damage to the inventory, offline or online.

Promoters with strong leadership and a demonstrated track record supported by a highly experienced and accomplished senior management team and board of directors

Our business is consumer-centric. Our promoters, Mr. Sandeep Chhabra and Mr. Sanjay Chhabra have been associated with the jewellery industry for more than two decades and continues to provide strategic insights and overall direction to our business based on his long experience of understanding customer preferences and demands in the industry in which we operate. We have leveraged on our promoter's industry experience and reputation to create a strong brand in the jewellery sector in India, with a wide customer base. We are further supported by an experienced board of directors with diversified expertise which actively contributes to and participates in our strategy.

To strengthen our transition to a professionally managed business, we have an experienced and dedicated senior management team. Mr. Nawal Kishore Agrawal, President, Mr. Lalit Musal, President, Mr. Nirmal Gangwal, Vice President are an integral part of our senior management team and have been associated since inception. Our senior management team is responsible for the overall strategic planning and business development of our Company and has helped us in the expansion of our showroom network and developing and managing our online channel.

Most of the employees of our Company have been associated either since inception or have been serving for numerous years. Our major strength lies in retaining the employees once they are associated with our Company.

STRATEGIES

Continue to expand our retail network in a cost-efficient manner by leveraging our 'Motisons' brand

We intend to leverage the scalability of our operations and expertise in developing the branded jewellery market in India to grow our network in existing and newer geographies. We are currently present in Jaipur, Rajasthan but intend to deepen our penetration in regions where there could be

potential for further expansion due to the demand of jewellery in the region. We will continue to adopt a methodical approach in evaluating and selecting suitable locations for the establishment of new showrooms, such as local population density, rental lease rates, market potential, accessibility and proximity to our competitors. Our showrooms will be tailored to local preferences, with comprehensive offerings from our various product ranges, to target various customer and price segments as well as to provide custom-made jewellery.

Focus on expanding our product and brand portfolio to cater to existing portfolio gaps and increase our consumer reach

Our product portfolio comprises of extensive all-embracing jewellery designs, including a wide range of gold, diamond and other jewellery products. To maintain our operational efficiency, we intend to continue to develop our existing branded jewellery lines and introduce additional designs and seasonal product offerings to cater to our customers, and develop our diamond jewellery markets through expansion of our retail operations. We are continuing to explore opportunities to expand our range of sub-brands and to introduce new branded jewellery lines that are targeted at both specific customer niches as well as the luxury market. We also intend to leverage our goodwill associated with our existing brand, to further develop our various sub-brands in target markets and product segments in India. We intend to do so through expansion of our retail operations, continued marketing initiatives, promotional campaigns and advertising.

Leverage technology to grow our operations and focus on online channels

We aim to continue to increase our presence and establish ourselves in the digital space through our online platform. With the increasing use of the internet in India and the continued development of online channels, we expect that there will be a significant online market for the sale of jewellery, and as such, we have been able to extend our customer reach, capture market share and increase our sales through the digital mode with relatively lower investment. With the consistent development of our e-commerce platform, we expect increased revenues from the online channel. Our website complements our social media presence, allowing our brand more visibility and more exposure for an online presence, making up for those locations where we do not possess physical presence. Mirroring the global pattern, online penetration of organised jewellery retail is likely to increase over time. Most leading national players understand the growing importance of this trend and therefore, have started to invest in digital marketing and online sales. Our strategy is to increase our business through the digital platform and leverage our manufacturing capability thereby offering a seamless combination of both offline and online buying choice for customers.

Our manufacturing facility located at Jaipur, Rajasthan allows us to drive agile manufacturing processes using modern technologies such as CAD driven designing and laser cutting. The mechanization of a part of our manufacturing processes allows us to supply products to consumers after taking orders online or offline, thereby reducing delivery timelines and ensuring uniform quality across certain specified product types or categories.

Continue to invest in our marketing and brand building initiatives

Our marketing and promotion efforts seek to increase sales by increasing brand awareness that stimulates interest in our product range and entrenching our position in the Indian jewellery industry. The key marketing channels that we use on an ongoing basis include customer advertisements with specific coverage in local lifestyle, fashion magazines and events and newspapers, outdoor billboards and signage, radio advertisements etc. In Fiscals 2020, 2021, 2022, our spend towards our advertising and marketing activities was ₹88.71 Lakhs, ₹65.68 Lakhs and ₹115.14 Lakhs, and accounted for 0.41%, 0.30% and 0.37% of our revenue from operations in such periods. Going forward, our strategy is to

increasingly market our products to our millennial customers through digital media, such as social media websites, rather than focusing primarily on print media. We believe our branding strategy helps us to retain existing customers and attract new customers. We intend to continue investing in our marketing initiatives and brand building exercise, including advertising through various media and celebrity endorsements. We also continue to provide effective training for our sales personnel in sales techniques and product knowledge. We believe that effective marketing is important for future revenue growth, enhancing our brand visibility, to establish relationships with target markets and to sell our products in a competitive and cost-effective manner.

OUR BUSINESS OPERATIONS

Our business operations essentially center around sale of jewellery procured through third party manufacturing vendors, job-workers and jewellery manufactured through in-house manufacturing units. We conduct our jewellery business under the brand name “Motisons”.

PRODUCT OFFERINGS

Our Product Portfolio is as follows:

A. Gold Jewellery

B. Diamond Jewellery

C. Kundan Polki Jewellery

D. Silver Jewellery

E. Other Artifacts

At *Motisons*, we design, manufacture and sell a wide range of jewellery products at varying price points for uses ranging from jewellery for special occasions such as weddings, which is our highest sold product category, to daily-wear jewellery. We offer gold jewellery, studded jewellery (including diamond) and other jewellery (including platinum jewellery and silver jewellery). We also sell other products like costume jewellery and utensils made of silver and gold.

Within these product categories, we offer jewellery for personal milestones and occasions, fashion jewellery, festival jewellery, wedding jewellery, daily-wear jewellery and men's jewellery, with many different jewellery options, including rings, earrings, pendants, bracelets, necklaces, chains, waist bands and bangles. While we produce popular jewellery at scale, we also produce niche jewellery for specific target markets and consumer groups. Our broad product range enables us to cater to customers across age groups, socio-economic status levels and genders, and also allows us to cater to the needs of our customers at all stages of their lives, where we attempt to target customers at earlier stages of their life cycles and hence meet their jewellery needs over time. Furthermore, our jewellery is aimed at catering to local preferences in the geographies in which we operate, and we use local artisans as contract manufacturers to produce jewellery that aligns with local tastes. We also tailor our showrooms to showcase prominent displays of our studded jewellery, and in many cases, entire floors dedicated to diamond jewellery.

PRODUCT DESIGN AND DEVELOPMENT

JEWELLERY DESIGN

The designs for our jewellery are developed by us in-house based on our market insights from the regions in which we operate. We have a dedicated design team, comprising 5 designers as on August 31, 2022. Our marketing team uses insights relating to customer preferences and trends that they gain through extensive market research, data analytics and customer feedback to develop a strategy

and vision for new jewellery designs in line with these market trends and regional variations. We subsequently liaise with our network of traders to provide us with customized samples or prototypes. We review and consider such samples and select physical pieces to be created for a subset of the samples provided to us. Based on further review of the quality of the final samples submitted, we place production orders with these manufacturers to manufacture as per the decided designs.

PROCUREMENT OF RAW MATERIALS

We procure gold used in our jewellery from authorised bullion dealers and occasionally from customers directly. Our gold jewellery is mostly manufactured by independent jewellery manufacturers who procure gold and thus we do not supply them raw materials. We purchase the finished products directly as a part of our trading business. We also procure old gold from our customers to encourage repeat business and offer an opportunity for customers to acquire new jewellery of latest designs without having to invest again in gold. Customers sell their old jewellery to us based on the prevailing market price, which we subsequently use as raw materials for new jewellery. The gold purchased from customers is inspected and checked using our internal processes. We endeavor to buy the same quantity of gold during a period to match the amount of gold we sell during that period. This reduces our exposure to the volatility in the price of gold.

We purchase cut and polished diamonds and precious / semi-precious stones used in our studded jewellery outright from a number of suppliers in India. Similarly, we purchase raw silver for our jewellery from a number of suppliers. We also procure diamond and gem stone studded jewellery from organised independent jewellery manufacturers across India.

JEWELLERY TRADING

A large part of our sales pertains to finished products procured from independent jewellery manufacturers located across the country who have varied designs. These jewellery manufacturers provide us with customized samples or prototypes. We review and consider such samples and select physical pieces to be created for a subset of the samples provided to us and place production orders with them.

JEWELLERY MANUFACTURING

We have our own manufacturing facilities located in Jaipur, Rajasthan for diamond and gemstone studded jewellery. In addition to self-manufacturing, we leverage the expertise and experience through a network of local artisans as job worker who are able to implement our design specifications in line with customer preferences. Additionally, to cater to the increasing demand in the market, we also source jewellery from third party independent jewellery manufacturers across India. This allows us to stay relevant and our products to meet the demands and preferences in local markets.

In-house manufacturing

As on the date of this Draft Red Herring Prospectus, we have two manufacturing facilities located at the Sitapura Industrial Area, Special Economic Zone (“SEZ”) for export related manufacturing and Bapu Nagar, Jaipur for domestic sales related manufacturing. The unit located in SEZ is used manufacturing for export related items, the same remains functional on limited basis as per export orders received by the Company.

Both these units are equipped in manufacturing diamond and gemstone studded jewellery as per orders received from showrooms and online platforms. This facility produces jewellery using manual methods as well as modern technologies such as CAD driven designing and laser cutting.

The details of our manufacturing facilities and the capacity are provided below:

S. No.	Name	Address	Facility	Financial Year	Rated Capacity (Kg/annum)	Capacity Envisaged (Kg/annum)	Efficiency (%)

Outsourcing manufacturing (Job-work)

We have entered into job-work arrangements with independent contractors who manufacture the jewellery based on designs and specifications according to local design trends and customer reviews as agreed upon with us. The raw materials are either supplied by us or are procured by the job-workers or partly supplied by us and partly procured by the job-workers. We specify the design and other specifications of the jewellery that we require.

By utilizing the expertise and experience of local artisans on job work basis who are able to implement our design specifications in line with preferences, we are able to cater to varying jewellery tastes and to compete effectively with both city and state-specific regional organised jewellery chains and unorganized local jewellers who have traditionally dominated local jewellery markets in India. Catering to local design preferences is an essential component for us with strength in a diverse set of regions across India.

We are engaged in the complete value chain of the manufacturing process from designing of jewellery to selling of finished products. In order to manufacture the jewellery sold in our showrooms, we are involved in designing of jewellery, procurement of raw materials and quality control of the finished products received. We engage with, pay making charges, and supply gold to manufacturers who manufacture gold jewellery to either our designs or to designs approved by us on job work basis. We also procure finished products from manufacturers and suppliers from across India who manufactures and supply jewellery to us based on our designs and specifications and with whom we have good relationships, adding to our inventory of jewellery pieces. This includes both gold jewellery and studded jewellery.

QUALITY CONTROL

Given that our inventory is produced by artisans, we have implemented stringent quality control practices to ensure we sell only quality products in line with the quality and purity metrics that we market to our customers. All jewellery that is produced is initially checked for physical defects, such as structural defects and inconsistencies in polishing and finishing and is checked for purity.

Gold Jewellery

All of the gold jewellery, except gold jewellery weighing less than two grams which is not required to be hallmarked, that we sell through our showrooms, is hallmarked by BIS. The hallmarking agencies test the purity of gold contained in the finished gold jewellery products and certifies such purity for each product.

Thereafter, prior to distribution to our showrooms, the hallmarked jewellery products are bar-coded and tagged. Details such as gold content, item code, description of the item, weight, the name of the supplier, and stone value are typically included in the bar-coding of the finished jewellery products.

Diamond Jewellery

Upon receipt of the finished diamond-studded jewellery, we conduct our quality control checks similar to that of our gold jewellery. Based on this test, the diamond jewellery is given a grade such as Flawless (FL), Internally Flawless (IF), Very Very Slightly Included (VVS), Very Slightly Included (VS), Slightly Included (SI, Included (I), etc. Further, we get our jewellery certified by various third-party agencies including IGI, GIA and IDT. The jewellery is subsequently bar-coded and packaged in a manner similar to the gold jewellery.

Other precious metal/stones-based jewellery

Our silver jewellery that we sell through our showrooms, is hallmarked by BIS. Other precious metal/stone-based jewellery is bar-coded and packaged prior to sale. We believe our commitment to stringent quality control has been critical to our success in the Indian jewellery industry and has contributed to customers associating our brand with trust and transparency.

PRICING AND TRANSPARENCY

Pricing and Promotion

The products in our showrooms generally have a predetermined making charge or value-added charge, although sales staff have some limited discretion to offer customers discounts based on preapproved discounts programmed in our inventory software. Our jewellery prices are programmed directly on an RFID Tag. The prices are based mainly on our costs of production and costs of raw materials, as well as regulatory requirements like the applicable taxes and general market price trends. The price of the underlying gold component of our jewellery is based on prevailing market rates, accounting for the global market gold price (which is generally quoted in U.S. Dollars) and the relative value of the Indian Rupee. Our production charges and margins are determined by our senior management team.

Transparency in Quality and Pricing

Since our inception, we have emphasized the importance of fair-trade practices by focusing on building consumer trust through transparency in our jewellery quality and pricing. We have been selling only BIS hallmarked jewellery, which is independently verified for purity by government-approved agencies in accordance with BIS norms. All of our jewellery items are accompanied by a detailed pricing tag disaggregating the various components, setting forth a break-up including the weight of the relevant jewellery item (comprising both the weight of the metal and any stones, given the large pricing differential between these components), the stone price, and the making charges being levied on the jewellery. Moreover, our sales staff is trained to be forthright with customers and to develop customer trust with the aim of winning repeat business rather than focusing on a one-time sale. With each purchase, we also provide and explain to our customers the product certification which assures purity, offers lifetime product maintenance, identifies exchange and buy-back terms and provides a detailed product description.

SALES LOCATIONS

Showroom Network

Current, our Company has four showrooms located across prime locations in Jaipur, Rajasthan all of which are operated and managed by our Company. Set forth below is a summary:

S. No	Location	Leased/ Owned	Approx. Built-up Area (Sq. Ft.)

3.	Shop No. 276 and 2444, Gheewalo ka raasta, Johari Bazar, Jaipur	Leased	844.75
4.	F-33, Vaishali Nagar, Jaipur	Leased	2,799.99

Showroom Expansion

We have undergone expansion in recent years in an effort to capitalize on the attractive market opportunity we believe exists in the Indian jewellery industry. Prior to opening a new showroom, we undertake extensive research to understand the environment and to select an optimal location for the showroom to maximize foot traffic. We evaluate potential showroom locations based on various site economics, including customer demographics, spending capacity, economic conditions, cost-benefit analysis and proximity to our competitors.

We believe we have seen success in all the markets in which we have expanded. We consider our investments in new showrooms to be relatively low risk for us since the primary investment associated with a new showroom comprises of inventory, which generally does not suffer from obsolescence and can be easily transferred to other showrooms or converted to alternative products, thus significantly reducing the capital risk associated with a “failed” showroom. We have historically managed inventory in our showrooms successfully through effective inventory management practices.

Showroom Design and Operations

Our showrooms are usually located in high-visibility, high-street areas and are generally well known by our customers in the local micro markets, and hence serve as destination stores. Our first outlet, famously known as the ‘*Traditional Store*’ was set up amidst the famous lanes of the busiest Johri Bazaar, renowned jewellery hub in the heart of the city. This Johri Bazaar show room displaying gold and diamond jewellery was approx. 304 sq. ft. in area which was expanded to 1355 sq. ft. by 2002 with growth in the business. We have, since then, expanded our network of showrooms and the product portfolio and currently operate 4 showrooms under the “*Motisons*” brand, located across the city of Jaipur. The flagship store ‘*Motisons Tower*’ is located at the high street of Tonk Road, Jaipur. The show room at Tonk Road spans in an area of approx. 11,700 Sq Ft and has 3 floors with a dedicated floor space for silver, gold, and diamond jewellery respectively. The outer structure reflects the beauty of the Lotus flower, which is a symbol of prosperity, making it look more enchanting in the nine shades of gemstones, called Navratnas. Interiors of the showroom gives a mesmerizing feel, the ambience is majestically breathtaking and adds a vibrant aura. The floor is exceptionally adorned by the intricate inlay work of genuine gemstones, like lapis lazuli, mother-of-pearl & rose quartz, in fine marble. The ceiling on the ground floor is an art in itself, made of 24 carat real gold foil. Adding to the charm is a 3-storey chandelier that covers one part of the 3 floors and the other half has a resplendent display of jewels and artifacts. The most recent outlet is situated in the affluent neighborhood in the southwestern part of Jaipur at Vaishali Nagar.

Our showrooms are stocked with a wide variety of jewellery products that allow us to target a broad consumer base across genders, socio-economic status levels and age groups, as well as for various occasions. Products in our showrooms offer a combination of regional designs customized to local tastes and preferences, as well as more broadly-appealing jewellery, which offers customers access to a wide variety of products that may be difficult for local jewellers to replicate. We regard the presentation of jewellery in our showrooms as critical to foster a positive customer experience and our displays and showroom designs are also curated in a manner that caters to local tastes and preferences.

All of our showrooms are operated and managed by us under the supervision of a store manager who is responsible for all showroom-level operations. Through our centralized ERP system, each level of our management is able to monitor our showroom-level operations in real-time, including our inventory management, sales and finance functions. Our multiple levels of management are also involved in our systematic approach to inventory control. For further details, see ***“Our Business – Inventory Management and Security”*** on page 166.

Sales staff in our showrooms undergo training to ensure they are maintaining our brand standards and demonstrating our commitment to trust and transparency. Showroom inventory is reorganized periodically on the basis of feedback from our marketing teams and customers. Slow-moving inventory is moved to other showrooms that may be more suitable for that particular product or design.

ONLINE SALES

In 2011, we had launched our online platform, www.motisonsjewellers.com and online sales commenced from 2018 where we cater to younger and more digitally savvy customers. Using the platform, customers can browse our catalogue based on preferences, collections and designs, and purchase the jewellery directly and have it delivered to their homes. We have arrangements with third party logistics companies to deliver jewellery purchased online. Sales done through online marketplaces are fulfilled by their delivery partners. Our online platform offers us another distribution channel to reach customers and potentially another avenue through which to drive further traffic to our showrooms. Further, we also arrange virtual appointments to assist our customers.

Our total revenue from online sales amounted to ₹0.66 Lakhs and ₹8.85 Lakhs in Fiscal 2022 and 2021. We intend to leverage our increasing engagement with a digitally savvy consumer base to increase revenues for our jewellery sold online.

MARKETING AND PROMOTION

Our Brand

We have endeavored to establish a strong brand in the jewellery market that our customers associate with trust and transparency. Our initiatives such as jewellery hallmarking, detailed pricing, transparency, etc., along with our customer education and awareness campaigns around lack of transparency historically present in the jewellery industry, has helped us build the strength of our brand. Our branding strategy focuses on maintaining consistency in our brand messaging across all of our communication channels and markets in which we operate. Our training program for our showroom staff and other marketing personnel is designed to ensure customers receive a uniform experience of our brand that demonstrates our strong commitment to trust and transparency.

Our branding and advertisement initiatives focus on product designs and reinforce our values of trust

and transparency. We believe that brand value is an increasingly important factor in customers' buying decisions in the jewellery sector and that our brand is well established in Rajasthan where our product designs have found favour.

Marketing

We have strengthened our brand portfolio with local, targeted marketing strategies aimed at different customer profiles, various markets and price segments and for various uses and occasions. Our marketing initiatives include advertising through various media, traditional and non-traditional. Traditional media includes radio advertisements, advertisements in newspapers and magazines, hoardings, etc. Non-traditional media advertisements are meant to attract the digitally savvy crowd. This includes online advertisements and social media or in-app advertisements, as well as listing our products on major online marketplaces. Our social media presence includes Facebook and Instagram.

Our marketing schemes vary as per occasions, seasons and needs of the customer. The marketing activities are either brand driven campaign or sales promotional tactical campaigns. 'Diwali' and 'Dhanteras' are the biggest jewellery buying festivals, during which season our sales and marketing efforts generally spike. We capitalize on 'Akshay Tritiya'. In addition to these festivals, new collections are launched around occasions such as Karwachauth, Valentine's Day amongst others. We also endeavor to build marketing campaigns around the wedding season in India.

As a part of our marketing initiatives, we had tied-up with Bollywood actors and fashion influencers to enhance our brand presence and market our products. Customers are also offered bespoke design, customization, and exchange of old gold jewellery by computer testing.

Customer Service

We are focused on building our business through customer-centric operations. A guiding principle of our Company has always been to understand customer requirements, learn the customer trends, and give the customers exactly what they want.

In order to deliver strong customer service, our sales teams have been trained to educate the customer as to the details of their potential jewellery purchase. We believe this allows the customer to make an informed choice they will be satisfied with. We also cater to any customer's desire for personalized jewellery and have employed designers to create designs to meet customers' personal specifications. We have a dedicated team for customer care that has a central reporting system for all complains/ feedbacks of customers through helpline or social media or emails. To enhance customer reach during the COVID-19 pandemic, we have added video calling and tele calling services to allow customers to purchase jewellery from anywhere.

COMPETITION

We face competition from both organized and unorganized jewellery players in the markets in which we operate. However, we believe that there are significant barriers to entry in the business of manufacturing and retailing jewellery in Rajasthan. Among the most important of these barriers is the need for significant working capital to purchase gold and diamonds, the long-term relationships required to have access to adequate supplies, the limited number of persons with the skills necessary to manufacture high quality jewellery, the difficulty in obtaining access to upscale channels of distribution, the importance of public recognition of an established brand name, a reputation for jewellery-making excellence, and the development of systems to report on and monitor the manufacturing and distribution network. We believe that we are well-positioned to compete with both organized and unorganized jewellery companies given our strategies. Our primary competitors

include Joyalukkas India Limited, Kalyan Jewellers India Limited, Titan Company Limited (Tanishq), P.N. Gadgil & Sons and Thangamayil Jewellery Limited (*Source: Industry Research Report on Indian Gems & Jewellery Sector by CARE Advisory Research & Training Ltd.*).

INVENTORY MANAGEMENT

We have an efficient inventory management system. Each and every piece of our jewellery at all the stores are bar-coded, monitored and controlled manually as well as through our RFID. At the beginning of a financial year, optimum showroom stock review is undertaken by our sales department and based upon the historical performance and stock turnover, the revised optimum stock level plan is shared with the production department, upon which the same is executed. As part of our inventory management, we also rotate jewellery between different showrooms in an effort to increase inventory turnover and avoid accumulation of slow-moving stock at certain showrooms. We also have end-to-end visibility and control of all inventory items once tagged by the sales team.

Before dispatch of any jewellery, at least five members of our logistics team must check the products to be sent against the appropriate transfer documentation. Once the product is ready for transport, it is picked up and delivered by a logistics service provider or in our in-house secured vehicle. All our movement of goods are insured under Jeweller's block insurance policy.

SECURITY

To minimize theft, we have instituted stringent controls and mechanisms to monitor the movement of the jewellery within the Showroom as well as during external transportation. Our operation manuals direct the staff to keep strict tallies of the stock at the daily opening and closing of each showroom, and to account for the stock while it is moving from one place to another place within the showroom. We have installed closed circuit television cameras in our showrooms to monitor customers and staff during working hours. We also have installed night vision cameras both inside and outside our Showrooms for added security while the Showrooms are closed. While a showroom is closed, all jewellery is stored in a showroom vault. We have also installed smoke detectors and panic alarms in each showroom.

We have installed CCTVs linked to digital video recorders at all our store locations as well as the Corporate Office for remote monitoring of our inventory. At the Corporate Office, the management of the Company has access to monitor the locations, centrally, on a real-time basis. The CCTV footage is, however, monitored at regular intervals to ensure centralized control over the stores. Our stores have strong rooms/ safes for the safe storage of jewellery.

We have hired security guards for our showrooms who are on duty at all times. We have monitoring systems to ensure the security personnel are on duty at all times. We practice scanning of all staff with metal detectors by security personnel for each movement during entry and exit.

INFORMATION TECHNOLOGY

We have implemented a range of technological initiatives across our operational network with the aim of enhancing the experience of our customers and improving the efficiency of our operations. Our jewellery is typically tracked by radio-frequency identification tags tracking system that uses smart barcodes in order to identify jewellery items. We utilise computer systems in each of our showrooms to track and monitor each piece of inventory, which are further linked to our RFID Tag. At each of our showrooms, we undergo daily inventory checks at the close of business. A barcode inventory check is completed for a specific section of jewellery products each day whereby the barcode of each piece of inventory is physically scanned and compared against the RFID Tag. The

remainder of the jewellery sections for a particular day, also undergoes inventory counts and are verified by the store manager. In addition, regional managers or business heads make monthly visits to showrooms to perform inventory weight verifications whereby random sections of jewellery products are weighed and compared against the RFID Tag to test for variances. Our entire inventory is scanned, verified and confirmed by regional managers as part of their monthly visits.

We use advanced application for valuation of our jewellery items that are accompanied by a detailed pricing tag. This application provides us price data for each jewellery item, which is predetermined and thus enabling us to make rapid and well-informed decisions.

To remain relevant and to optimise our operations, we continuously revamp our e-commerce platform, www.motisonsjewellers.com, to enhance the online shopping experience we provide to our customers. We intend to input artificial intelligence, virtual reality and progressive web app capabilities.

COLLABORATIONS

As on the date of this Draft Red Herring prospectus, our Company has not entered into any technical or financial collaboration agreements.

INSURANCE

We have taken insurance to cover different risks, which we believe is sufficient to cover all material risks to operations and revenues. We have purchased several insurance policies in order to manage the risk of losses from potentially harmful events, including policies for fidelity guarantee, standard fire and special perils, money, jewellers block. Our operations are subject to hazards inherent to our Company, such as risks relating to work accidents, fire, earthquake, burglary, and transit. This includes hazards that may cause injury and loss of life, damage and destruction of property and equipment. The insurance policies are reviewed periodically to ensure that the coverage is adequate. Our insurance covers all our facilities, including our corporate office and stores.

HUMAN RESOURCES

Our employees contribute significantly to our business operations. We require a significant amount manpower on our payroll as our processing facility though, technologically advanced, is labour intensive. As of August 31, 2022, we had 163 full-time employees. We consider our employees to be assets of our organization and we are committed to building and nurturing our human capital.

The following table sets forth a breakdown of our employees as of July 31, 2022:

CORPORATE SOCIAL RESPONSIBILITY

We have adopted a Corporate Social Responsibility (“CSR”) policy in compliance with the requirements of the Companies Act, 2013 and the Companies (Corporate Social Responsibility) Rules, 2014. In FY 2021-22, we have constituted CSR committee as per the applicable Act. Our CSR policy defines the framework for implementing CSR activities in compliance with Section 135 of the Companies Act, 2013 and rules framed thereunder. We believe that our CSR initiatives contribute to our overall strategy of engaging with our customers and localizing our brand. We have contributed to CSR initiative across domains such as healthcare of communities in semi-urban and rural areas. The recent contribution of the Company was towards medical health camp for families in slums of Jaipur.

KEY REGULATIONS AND POLICIES

The indicative summary detailed in this chapter, is based on the current provisions of key statutes, rules, regulations, notifications, memorandums, circulars, and policies which are subject to amendments, changes and/or modifications. The information in this section has been obtained from publications available in the public domain. The description of the applicable regulations as given below has been provided in a manner to provide general information to the investors and may not be exhaustive and is neither designed nor intended to be a substitute for professional legal advice.

The following description is a summary of certain key statutes, rules, regulations, notifications, memorandums, circulars, and policies which are applicable to our Company and the business undertaken by our Company.

INDUSTRY SPECIFIC LAWS

Gem and Jewellery Export Promotion Council

The Government of India has designated the Gem and Jewellery Export Promotion Council (“GJEPC”) as the importing and exporting authority in India in keeping with its international obligations under Section IV(b) of the Kimberley Process Certification Scheme (“KPCS”). The KPCS has been implemented in India from January 1, 2003 by the Government of India through communication No. 12/13/2000-EP (G & J) dated November 13, 2002. The GJEPC has been notified as the nodal agency for trade in rough diamonds. The KPCS is a joint government, international diamond industry and civil society initiative to stem the flow of conflict diamonds, which are rough diamonds used by rebel movements to finance wars against legitimate governments. Under the Special Economic Zones Rules, 2006, the Development Commissioners have been delegated powers to issue Kimberley Process Certificates for units situated in the respective Special Economic Zone (the “SEZ”).

The Legal Metrology Act, 2009

The Legal Metrology Act, 2009 (“Legal Metrology Act”) seeks to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto. The Legal Metrology Act provides that for prescribed specifications all weights and measures should to be based on metric system only. Further, the Legal Metrology Act lays down penalties for various offences, including but not limited to, use or sale of non-standard weight or measure, contravention of prescribed standards, counterfeiting of seals and tampering with license.

The Bureau of Indian Standards Act, 2016

The Bureau of Indian Standards Act, 2016 (“BIS Act”) provides for the establishment of a national standards authority for the harmonious development of the activities of standardization, conformity assessment and quality assurance of goods, articles, processes, systems and services. Under the BIS Act, the Central Government, after consulting the Bureau of Indian Standards (“BIS”), can notify which precious metal articles or other goods or articles are required to be marked with a ‘Hallmark’ or ‘Standard Mark’, subject to certain conditions for sale and testing of such articles. Under the BIS Scheme, the Government of India has identified the ‘Bureau of Indian Standards’ as the sole agency in India to operate the BIS Scheme which aims to ensure that quality control is built in the system in alignment with the international criteria on hallmarking. Functions of the bureau include, inter-alia, (a) recognizing as an Indian standard, any standard established for any article or process by any other institution in India or elsewhere; (b) specifying a standard mark which shall be of such design and contain such particulars as may be prescribed to represent a particular Indian standard; and (c)

conducting such inspection and taking such samples of any material or substance as may be necessary to see whether any article or process in relation to which the standard mark has been used confirm to the Indian Standard or whether the standard mark has been improperly used in relation to any article or process with or without a license. The bureau is also the licensing authority for quality standards.

The Bureau of Indian Standards (Hallmarking) Regulations, 2018

The Bureau of Indian Standards (Hallmarking) Regulations, 2018 (“**BIS Hallmarking Regulations**”) prescribe that all jewellery manufacturers must obtain a certificate of registration from the BIS in order to sell precious metal articles notified under the BIS Act. The certificate of registration shall be granted to specific premises and will be valid for a lifetime. The Hallmarking of Gold Jewellery and Gold Artefacts Order, 2020, which came into effect on June 16, 2021, prescribes that gold jewellery and gold artifacts shall be sold only by registered jewellers through certified sales outlets, after fulfilling the terms and conditions of certificate of registration as specified in the Bureau of Indian Standards (Hallmarking) Regulations, 2018. However, certain precious metal articles are excluded from the above order, including any article meant for export, which conforms to any specification required by the foreign buyer, any article of gold thread and an article with weight less than two grams.

FOREIGN TRADE AND INVESTMENT LAWS

The Foreign Exchange Management Act, 1999

The foreign investment in India is governed, among others, by the Foreign Exchange Management Act, 1999, the Foreign Exchange Management (Non-debt Instruments) Rules, 2019 (“**FEMA Rules**”) and the Consolidated FDI Policy (effective from October 15, 2020) issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India earlier known as the Department of Industrial Policy and Promotion (“**FDI Policy**”), each as amended. Further, the Reserve Bank of India has enacted the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 on October 17, 2019, which regulate mode of payment and remittance of sale proceeds, among others.

100% foreign investment under the automatic route, i.e., without requiring prior governmental approval, is permitted in the manufacturing sector.

Foreign Trade (Development and Regulation) Act, 1992

The Foreign Trade (Regulation and Development) Act, 1992 (“**FTA**”) is the main legislation concerning foreign trade in India. FTA read along with Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. The FTA seeks to increase foreign trade by regulating imports and exports to and from India. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given a wide power to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTA read with the Foreign Trade Policy, 2015-2020 prohibits anybody from undertaking any import or export except under an Importer-Exporter Code number (“**IEC**”) granted by DGFT. Hence, every entity in India engaged in any activity involving import or export is required to obtain an IEC unless specifically exempted from doing so. IEC shall be valid until it is cancelled by the issuing authority. IEC allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain IEC shall attract penalty under the FTA.

Foreign Trade Policy (2015-2020)

The revised foreign trade policy for the period of 2015- 2020 issued by the Ministry of Commerce and Industry, Government of India includes gems and jewellery within a separate scheme for exporters of gems and jewellery. For the gems and jewellery sector, the foreign trade policy for the period of 2015-2020 provides for broadly four schemes in relation to exports of gems and jewellery (i) advance procurement / replenishment of precious metals from nominated agencies; (ii) replenishment authorization for gems; (iii) replenishment authorization for consumables; and (iv) advance authorization for precious metals.

Certain agencies have been permitted to import diamonds to their laboratories without any import duty, for the purpose of certification or grading reports, with a condition that the same should be re-exported with the certification or grading reports, as per pre-determined procedures. Additionally, nominated agencies and their associates, with approval of Department of Commerce and the GJEPC, may export gold, silver or platinum jewellery and articles thereof for exhibitions abroad. Personal carriage of gems and jewellery export parcels by foreign bound passenger, and import parcels by an Indian importer or foreign national may be permitted.

The Ministry of Commerce and Industry, Government of India has by way of a notification dated March 31, 2022, extended the period of the foreign trade policy for 2015-2020 by six months and it will now remain in force until September 30, 2022.

EMPLOYMENT AND LABOUR LAW LEGISLATIONS

The employment of workers, depending on the nature of activity, is regulated by a wide variety of generally applicable labour laws. The following is an indicative list of employment labour laws which is be applicable to our Company due to the nature of our business activities:

Factories Act, 1948

The term ‘factory’, as defined under the Factories Act, 1948 (“**Factories Act**”) includes any premises which employs or has employed on any day in the previous 12 months, 10 or more workers and in which any manufacturing process is carried on with the aid of power, or any premises wherein 20 or more workmen are employed at any day during the preceding 12 months and in which any manufacturing process is carried on without the aid of power. Respective State Governments have issued rules in respect of the prior submission of plans and their approval for the establishment of factories and registration and licensing of factories. In Rajasthan, ‘factory’ includes any premises which employs or has employed on any day in the previous 12 months, 20 or more workers and in which any manufacturing process is carried on with the aid of power, or any premises wherein 40 or more workmen are employed at any day during the preceding 12 months and in which any manufacturing process is carried on without the aid of power. The Factories Act mandates the ‘occupier’ of a factory to ensure the health, safety and welfare of all workers in the factory premises. Further, the “occupier” of a factory is also required to ensure (i) the safety and proper maintenance of the factory such that it does not pose health risks to persons in the factory premises; (ii) the safe use, handling, storage and transport of factory articles and substances; (iii) provision of adequate instruction, training, and supervision to ensure workers’ health and safety; and (iv) cleanliness and safe working conditions in the factory premises. If there is a contravention of any of the provisions of the Factories Act or the rules framed thereunder, the occupier and manager of the factory may be punished with imprisonment or with a fine or with both.

Employees' Compensation Act, 1923*

The Employees Compensation Act, 1923 (“**EC Act**”) provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the EC Act, the amount of compensation to be paid depends on the nature and severity of the injury. The EC Act also lays down the duties / obligations of an employer and penalties in cases of non-fulfillment of such obligations thereof. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees’ Compensation a report regarding any fatal or serious bodily injury suffered by an employee within 7 days of death / serious bodily injury.

Employees' Provident Funds and Miscellaneous Provisions Act, 1952*

The Employees’ Provident Funds and Miscellaneous Provisions Act, 1952 (“**EPF Act**”) is applicable to factories and establishment employing more than 20 employees, subject notification by the government from time to time. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, in accordance with the provisions of the EPF Act, the employers are required to contribute to the employees’ provident fund the prescribed percentage of the basic wages, dearness allowances and remaining allowance (if any) payable to the employees. The employee shall also be required to make the equal contribution to the fund. The Central Government under Section 5 of the EPF Act frames the Employees Provident Scheme, 1952.

Employees’ State Insurance Act, 1948*

The Employees’ State Insurance Act, 1948 (“**ESI Act**”) an act to provide for certain benefits to employees in case of sickness, maternity and employment injury and to make provision for certain other matters in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. Provided that nothing contained in this sub-section shall apply to a factory or establishment belonging to or under the control of the Government whose employees are otherwise in receipt of benefits substantially similar or superior to the benefits provided under ESI Act. The ESI Act requires all the employees of the establishments to which the ESI Act applies to be insured in the manner provided there under. Employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the Employee State Insurance department.

The Rajasthan Shops and Commercial Establishments Act, 1958

The Rajasthan Shops and Commercial Establishments Act, and Rules, are applicable to all the shops and commercial establishments in the whole of the Rajasthan State. The Act is enacted for the purpose of protecting the rights of employees. The Act regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, maternity leave and benefits, termination of service, maintenance of shops, and establishments and other rights and obligations of the employers and employees. All establishments have to be registered under the shops and establishments legislations of the state where they are located. There are penalties prescribed in the form of monetary fine or imprisonment for violation of the Act.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (“**POSH Act**”) was enacted by the Indian Parliament to provide protection against sexual harassment

of women at workplace and prevention and redressal of complaints of sexual harassment and for matters connected therewith. The POSH Act makes it mandatory for every organisation to frame an anti-sexual harassment policy. Further an organisation having 10 or more employees is required to constitute an Internal Complaints Committee to entertain complaints that may be made by an aggrieved woman. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organizing awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints.

In addition to the abovementioned labour laws, following labour related legislations are also applicable to our Company:

- The Payment of Gratuity Act, 1972*;
- The Payment of Bonus Act, 1965**;
- The Maternity Benefit Act, 1961*;
- The Minimum Wages Act, 1948**;
- The Equal Remuneration Act, 1976**;
- The Payment of Wages Act, 1936**;
- The Industrial Disputes Act, 1947***;

**The Code on Social Security, 2020, once notified will repeal, inter alia, the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972.*

*** The Code on Wages, 2019, once relevant provisions are notified, will repeal the Payment of Bonus Act, 1965, Minimum Wages Act, 1948, Equal Remuneration Act, 1976 and the Payment of Wages Act, 1936.*

****The Industrial Relations Code, 2020, once notified, will repeal inter alia the Industrial Disputes Act, 1947.*

In order to rationalize and reform all labour laws in India, the Indian Government has notified four labour codes which are yet to come into force as on the date of this Draft Red Herring Prospectus, which are as follows:

Code on Wages, 2019

The Code on Wages, 2019 received the assent of the President of India on August 8, 2019, and proposes to subsume four existing laws namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. The provisions of this code will be brought into force on a date to be notified by the appropriate government.

Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code, 2020 received the assent of the President of India on September 28, 2020, and proposes to subsume certain existing legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979 and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996. The provisions of this code will be brought into force on a date to be notified by the appropriate government.

Industrial Relations Code, 2020

The Industrial Relations Code, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume three existing legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. The provisions of this code will be brought into force on a date to be notified by the appropriate government.

Code on Social Security, 2020

The Code on Social Security, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume certain existing legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganized Workers' Social Security Act, 2008. The provisions of this code will be brought into force on a date to be notified by the appropriate government.

INTELLECTUAL PROPERTY LAWS

Trade Marks Act, 1999

The Trade Marks Act, 1999 ("**Trade Marks Act**") governs the statutory protection of trademarks and prevention of the use of fraudulent marks in India. Indian law permits the registration of trademarks for both goods and services. As per the provisions of the Trade Marks Act, an application for trademark registration may be made with the relevant Trade Marks Registry by any person or persons claiming to be the proprietor of a trade mark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trademark in the future. Once granted, a trademark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored to gain protection under the provisions of the Trade Marks Act. The Trade Marks Act prohibits registration of deceptively similar trademarks and provides for penalties for infringement, falsifying and falsely applying trademarks among others. Further, pursuant to the notification of the Trade Marks (Amendment) Act, 2010, simultaneous protection of trademark in India and other countries has been made available to owners of Indian and foreign trademarks. It also seeks to simplify the law relating to the transfer of ownership of trademarks by assignment or transmission and to bring the law in line with international practices.

The Copyright Act, 1957

The Copyright Act, 1957, along with the Copyright Rules, 2013 ("**Copyright Laws**") governs copyright protection in India. Even while copyright registration is not a prerequisite for acquiring or enforcing a copyright in an otherwise copyrightable work, registration under the Copyright Laws acts as prima facie evidence of the particulars entered therein and helps expedite infringement proceedings and reduce delay caused due to evidentiary considerations. Upon registration, the copyright protection for a work exists for a period of 60 years following the demise of the author. Reproduction of a copyrighted work for sale or hire and issuing of copies to the public, among others, without consent of the owner of the copyright are acts which expressly amount to an infringement of copyright. The Copyright Laws prescribe a fine, imprisonment or both for violations, with enhanced penalty on second or subsequent convictions.

The Designs Act, 2000

The Designs Act, 2000 (“**Designs Act**”) protects any visual design of objects that are not purely utilitarian. An industrial design consists of the creation of a shape, configuration or composition of pattern or colour, or combination of pattern and colour in three-dimensional form containing aesthetic value. The Design Act provides an exclusive right to apply a design to any article in any class in which the design is registered.

ENVIRONMENTAL LAWS

Environment (Protection) Act, 1986 and Environment (Protection) Rules, 1986

The Environment (Protection) Act, 1986 (“**EP Act**”) has been enacted for the protection and improvement of the environment. It stipulates that no person carrying on any industry, operation or process shall discharge or emit or permit to be discharged or emitted any environmental pollutant in excess of such standards as may be prescribed. Further, no person shall handle or cause to be handled any hazardous substance except in accordance with such procedure and after complying with such safeguards as may be prescribed. EP Act empowers the Central Government to take all measures necessary to protect and improve the environment such as laying down standards for emission or discharge of pollutants, providing for restrictions regarding areas where industries may operate and generally to curb environmental pollution.

The Environment (Protection) Rules, 1986 (“**EP Rules**”) prescribes the standards for emission or discharge of environmental pollutants from industries, operations or processes, for the purpose of protecting and improving the quality of the environment and preventing and abating environmental pollution.

Water (Prevention and Control of Pollution) Act, 1974

The Water (Prevention and Control of Pollution) Act, 1974 (“**Water Act**”) aims to prevent and control water pollution and to maintain or restore wholesomeness of water. The Water Act provides for one Central Pollution Control Board, as well as state pollution control boards, to be formed to implement its provisions, including enforcement of standards for factories discharging pollutants into water bodies. Any person intending to establish any industry, operation or process or any treatment and disposal system likely to discharge sewage or other pollution into a water body, is required to obtain the consent of the relevant state pollution control board by making an application.

Air (Prevention and Control of Pollution) Act, 1981

The Air (Prevention and Control of Pollution) Act, 1981 (“**Air Act**”) aims to prevent, control and abate air pollution, and stipulates that no person shall, without prior consent of the relevant state pollution control board, establish or operate any industrial plant which emits air pollutants in an air pollution control area. They also cannot discharge or cause or permit to be discharged the emission of any air pollutant in excess of the standards laid down by the relevant state pollution control board. The Central Pollution Control Board and the state pollution control boards constituted under the Water Act perform similar functions under the Air Act as well. Pursuant to the provisions of the Air Act, any person establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant state pollution control board prior to establishing or operating such industrial plant.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016

The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (“**Hazardous Waste Rules**”) regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. The term “*hazardous waste*” has been defined in the Hazardous Waste Rules and any person who has, control over the affairs of the factory or the premises or any person in possession of the hazardous waste has been defined as an “*occupier*”. Every occupier and operator of a facility generating hazardous waste must obtain authorization from the relevant state pollution control board. Further, the occupier, importer or exporter is liable for damages caused to the environment resulting from the improper handling and disposal of hazardous waste and must pay any financial penalty that may be levied by the respective state pollution control board.

Public Liability Insurance Act, 1991

The Public Liability Insurance Act, 1991 (“**PLI Act**”) imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the PLI Act has been enumerated by the Government by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the PLI Act. The rules made under the PLI Act mandate that the employer has to contribute towards the environment relief fund, a sum equal to the premium paid on the insurance policies. The amount is payable to the insurer.

In addition to the above-mentioned environmental laws, there are other environmental laws which may be applicable to our Company as per the nature of the business activities carried-out by us.

TAXATION LAWS

The Customs Act, 1962

All the provisions relating to customs applicable on import / export of goods in / from India are consolidated under the Indian Customs Act, 1962. Customs duties are levied on the goods at the rates specified in the Schedules of the Customs Tariff Act, 1975. The Taxable event is import into or export from India. Export duties (Second Schedule) are levied at present on a limited number of items but import duties are levied at present on almost all items except few. The said Act also provides for valuation of imported goods and export goods along with assessment procedure for proper implementation of the provisions.

The Income Tax Act, 1961

The Income Tax Act, 1961 (“**IT Act**”) *inter alia* governs the income tax on different categories of income accrued and received by an Indian company. An Indian company is taxed on its universal income. As per the provisions of the IT Act, the income tax is paid by the companies registered in India on the net profit that it makes from businesses and other incomes. It is taxed at a specific rate as prescribed by the IT Act, subject to the changes in the rates announced, if any, every year.

In addition to the aforementioned material legislations which are applicable to our Company, some of the tax legislations that may be applicable to the operations of our Company include:

1. Central Goods and Service Tax Act, 2017 and various state-wise legislations made thereunder;
2. Integrated Goods and Services Tax Act, 2017;
3. Indian Stamp Act, 1899 and various state-wise legislations made thereunder; and
4. State-wise legislations in relation to professional tax.

OTHER APPLICABLE LAWS

The Companies Act, 2013

In the functioning of the corporate sector, although freedom of companies is important, protection of the investors and shareholders, on whose funds they flourish, is equally important. The Companies Act, 2013 ("**Companies Act**") is a principal law regulating the rights and duties of a company incorporated in India. An Indian company is under an obligation to undertake several compliances mentioned under the Companies Act.

The Companies Act provides for, among other things, changes to the regulatory framework governing the issue of capital by companies, corporate governance, audit procedures, corporate social responsibility, remuneration of directors, meetings of directors and shareholders, declaration of dividend, the requirements for independent directors, director's liability, class action suits, and the inclusion of women directors on the boards of companies. The Companies Act prescribes regulatory mechanism regarding all relevant aspects including organizational, financial, and managerial aspects of companies.

The Competition Act, 2002

The Competition Act, 2002 ("**Competition Act**") is an act to prevent practices having adverse effect on competition, to promote and sustain competition in markets, to protect interest of consumer and to ensure freedom of trade in India. The Competition Act deals with prohibition of (i) certain agreements such as anti-competitive agreements; and (ii) abuse of dominant position and regulation of combinations. No enterprise or group shall abuse its dominant position in various circumstances as mentioned under the Competition Act.

The Competition Commission of India ("**CCI**") is the market regulator in India established in accordance with the provisions of the Competition Act. The prima facie duty of CCI is to eliminate practices having adverse effect on competition, promote and sustain competition, protect interest of consumer and ensure freedom of trade. Further, any combinations, such as merger, amalgamation, acquisition or similar arrangement, which meet a certain asset/turnover threshold as prescribed in the Competition Act mandates CCI approval which involves complex filing requirements. CCI has extra territorial jurisdiction, to investigate, order inquiry and pass order, in respect of the acts taken place outside India which has or may have appreciable adverse effect in India.

Special Economic Zone

A SEZ is a geographically bound duty-free zone for the purposes of trade and operations. SEZs were first introduced in April, 2000 as a part of the Export-Import Policy. The Special Economic Zones Act, 2005 (the "**SEZ Act**") and the Special Economic Zones Rules, 2006 (the "**SEZ Rules**") simplified the procedure for development, operation and maintenance of the SEZs and for the setting up of and conducting business in the SEZs. Under the SEZ Act and the SEZ Rules, the incentives and facilities offered to the SEZ units include:

- a. exemption from payment of taxes, duties or cess for any goods or services exported out of, or imported into, or procured from SEZs by SEZ units or developers, subject to the terms, conditions and limitations as may be prescribed, under the enactments specified in the SEZ Act; and

- b. 100% income tax exemption on export income for SEZ units under Section 10AA of the Income Tax Act, 1961 for the first five assessment years, 50% for the next five assessment years thereafter and 50% of the ploughed back export profit for the next five assessment years.

However, in accordance with Section 10AA of the IT Act read with the Taxation and Other Laws (Relaxation of Certain Provisions) Ordinance, 2020 and the notification dated June 24, 2020 issued by the Central Board of Direct Taxes, Department of Revenue, Ministry of Finance, only SEZ units, which began manufacturing or producing articles or things or provide any services prior to September 30, 2020, in a case where the letter of approval, required to be issued in accordance with the provisions of the SEZ Act has been issued on or before March 31, 2020, shall be eligible for the incentive referred to in (b) above.

For setting up a unit in an SEZ, a letter of approval has to be obtained from the Development Commissioner of the concerned SEZ. The grant of a letter of approval is dependent upon the unit meeting certain terms and conditions, as set out in the SEZ Act and the SEZ Rules. Such conditions include, among other things, the achievement of positive net foreign exchange to be calculated cumulatively for a period of five years from the commencement of production, in accordance with the formula set out in the SEZ Rules and the execution of a bond-cum-legal undertaking with regard to its obligations pertaining to proper utilization and account of goods, imported or procured duty free and the achievement of positive net foreign exchange.

The Consumer Protection Act, 2019

The Ministry of Consumer Affairs notified certain sections of the Consumer Protection Act, 2019 (“**COPRA**”) by way of the notification dated July 15, 2020 (with effect from July 20, 2020), including sections regulating the formation and functioning of the Consumer Protection Council at the national, state and district levels, the formation and functioning of Consumer Dispute Redressal Commissions at the national, state and district levels, mediation of consumer disputes, product liability actions and punishment for manufacturing for sale or storing, selling or distributing or importing products containing adulterants and spurious goods.

The COPRA provides a mechanism for the consumer to file a complaint against a product manufacturer, seller or service provider in cases of unfair contract or trade practices, restrictive trade practices, defected goods, goods which are hazardous or likely to be hazardous to life being sold in contravention to safety standards, deficiency in services and price charged being unlawful. It also places product liability on a manufacturer or product service provider or product seller, to compensate for any harm caused by defective product or deficiency in services. It provides for a three-tier consumer grievance redressal mechanism at the national, state and district levels. Non-compliance of the orders of the redressal commissions attracts criminal penalties. The COPRA has, inter alia, also introduced a Central Consumer Protection Authority to regulate matters relating to violation of rights of consumers, unfair trade practices and false or misleading advertisements, which are prejudicial to the interests of public and consumers and promote, protect and enforce the rights of consumers. The COPRA has also brought e-commerce entities and their customers under its purview including providers of technologies or processes for enabling product sellers to engage in advertising or selling goods or services to a consumer, online market places and online auction sites.

The Ministry of Consumer Affairs issued the Consumer Protection (E-Commerce) Rules, 2020 (“**E-Commerce Rules**”) under the COPRA on July 23, 2020 which govern the online sale of goods, services, digital products by entities which own, operate or manage digital or electronic facility or platform for electronic commerce (“**E-commerce Entities**”), all models of e-commerce (including marketplace or inventory based), and all e-commerce sellers. The E-Commerce rules lay down the duties and liabilities of E-Commerce Entities and e-commerce sellers.

Municipality Laws

Pursuant to the Constitution (Seventy-Fourth Amendment) Act, 1992 the respective state legislatures in India have power to endow the municipalities with power to implement schemes and perform functions in relation to matters listed in the 12th Schedule to the Constitution of India. The respective States of India have enacted laws empowering the municipalities to issue trade license for operating stores and implementation of regulations relating to such license along with prescribing penalties for non-compliance.

The Information Technology Act, 2000 and the rules made thereunder

The Information Technology Act, 2000 (the “**Information Technology Act**”) and the rules made under it seek to: (i) provide legal recognition to transactions carried out by various means of electronic data interchange involving alternatives to paper-based methods of communication and storage of information; (ii) facilitate electronic filing of documents; and (iii) create a mechanism for the authentication of electronic documentation through digital signatures. The Information Technology Act provides for extraterritorial jurisdiction over any offence or contravention under the Information Technology Act committed outside India by any person, irrespective of their nationality, if the act or conduct constituting the offence or contravention involves a computer, computer system or computer network located in India. Additionally, the Information Technology Act empowers the Government of India to direct any of its agencies to intercept, monitor or decrypt any information in the interest of sovereignty, integrity, defence and security of India, among other things.

DIVIDEND POLICY

The Board of Directors at its meeting held on September 14, 2022, have adopted a dividend distribution policy. The declaration and payment of dividend on our Equity Shares, if any, will be recommended by our Board and approved by our Shareholders, at their discretion, in accordance with provisions of our Articles of Association and applicable law, including the Companies Act (together with applicable rules issued thereunder).

Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, profits earned and available for distribution during the financial year, accumulated reserves, including retained earnings, earning stability, mandatory transfer of profits earned to specific reserves, crystallization of contingent liabilities of our Company. In addition, our ability to pay dividends may be impacted by a number of factors, including restrictive covenants under our current or future loan or financing documents. For more information on restrictive covenants under our current loan agreements, see ***“Financial Indebtedness”*** on page 314. Our Company may pay dividend by cheque, or electronic clearance service, as will be approved by our Board in the future. Our Board may also declare interim dividend during the financial year, between two annual general meetings as and when they consider fit. We may retain our earnings in order to make better use of the available funds and increase the value of the stakeholders in the long run.

Our Company has not declared any dividends on the Equity Shares during the last three Fiscals, and the period from March 31, 2022, until the date of this Draft Red Herring Prospectus.

For details in relation to the risk involved, see ***“Risk Factors No. 36 – Our Company may not be able to pay dividends in the future. Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements and capital expenditures and the terms of our financing arrangements.”*** On page 58.

1.3 Significant Accounting Policies:

1.3.1 General Information

The Financial Statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- (a) Certain Financial Assets and Liabilities (including derivative instruments if any), and
- (b) Defined Benefit Plans – Plan Assets

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

Upto the year ended March 31, 2021, the Company has prepared its financial statements in accordance with the requirement of Indian Generally Accepted Accounting Principles (Indian GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as "Previous GAAP". In these restated financial information company has adopted "Indian Accounting standard" and financial statement as at March 31, 2022, March 31, 2021 and March 31 2020 has been presented as per the requirement of Indian Accounting standard as notified under Companies Act, 2013 as amended form time to time.

1.3.2 Fair Value Measurement

Some of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. This includes a financial reporting team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The financial reporting team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as pricing services, is used to measure fair values, then the financial reporting team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or

Motisons Jewellers Limited

Notes to the Restated Financial Statements for the year ended

liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

1.3.3 Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current /Non- Current classification.

An asset is treated as Current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

1.3.4 Property, Plant and Equipment

(a) Tangible Assets

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, Plant and Equipment which are significant to the total cost of that item of Property,

Motisons Jewellers Limited
Notes to the Restated Financial Statements for the year ended

Plant and Equipment and having different useful life are accounted separately.

Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work-in-Progress.

Depreciation

Free hold land is not depreciated. Leasehold land and the improvement costs are amortized over the period of the lease. Depreciation on Property, Plant and Equipment is provided using Written Down Value Method (WDV). Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 as below:

Name of Property, Plants and Equipment	Useful Life*
Building with RCC Structure	60 Years
Plant and Machinery	15 Years
Furniture and Fixtures	10 Years
Computer	3 Years
Vehicle	8 Years
Office Equipment	5 Years
Electronic Equipment	10 Years

* The useful life has been assessed based on technical evaluation, taking into account the nature of the asset and the estimated usage basis management's best judgement of economic benefits from those classes of assets.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

Gains or losses arising from derecognition of a Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is de recognised.

(b) Capital Work-in-Progress and Capital Advances

Cost of Property, Plant and Equipment not ready for intended use, as on the balance sheet date, is shown as a "Capital Work-in-Progress". The Capital Work-in-Progress is stated at cost. Any expenditure in relation to survey and investigation of the properties is carried as Capital Work-in-Progress. Such expenditure is either capitalized as cost of the projects on completion of construction project or the same is expensed in the period in which it is decided to abandon such project. Any advance given towards acquisition of Property, Plants and Equipment outstanding at each balance sheet date is disclosed as "Other Non-Current Assets".

(c) Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation/depletion and impairment losses, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the Intangible Assets.

Motisons Jewellers Limited
Notes to the Restated Financial Statements for the year ended

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Amortization

The amortization expenses on Intangible assets with the finite lives are recognized in the Statement of Profit and Loss. The Intangible assets being trademark, software and website are recognized in the books of accounts at the incurred in their acquisition. The software being intangible in nature are amortized on pro-rata basis using Written Down Value Method over the useful life estimated by the management which is three years. The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

Gains or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

1.3.5 Impairment of Non-Financial Assets – Property, Plant and Equipment and Intangible Assets

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

There are no losses from impairment of assets to be recognized in the financial statements.

1.3.6 Lease

(a) The Company as a Lessee

The Company, as a lessee, recognises a right- of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of- use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation,

Motisons Jewellers Limited

Notes to the Restated Financial Statements for the year ended

accumulated impairment losses, if any, and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

(b) The Company as a Lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

1.3.7 Investment Properties

Items of investment properties are measured at cost less accumulated depreciation/ amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for its intended use. Investment properties are depreciated on straight line method on pro-rata basis at the rates specified therein. Subsequent expenditure including cost of major overhaul and inspection is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

1.3.8 Inventories

Items of inventories under raw material, Work in Progress and consumables are measured at cost and Finished good and other items are valued at cost and net realizable value w.e. less after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition. Inventories valued on above basis is certified by the management.

1.3.9 Borrowing Costs

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

Motisons Jewellers Limited
Notes to the Restated Financial Statements for the year ended

1.3.10 Employee Benefits

(A) Short-Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(B) Post-Employment Benefits

(i) Defined Contribution Plans

The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. The Company makes the contribution to LIC India, which is funded defined benefit plan for qualifying employees. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

(ii) Defined Benefit Plans

(a) Gratuity Scheme: The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @ 15 days basic salary for every completed year of service as per the Payment of Gratuity Act, 1972. The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Remeasurement gains and losses arising from adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income.

(iii) Other Long - Term Employee Benefits

Entitlement to annual leave is recognized when they accrue to employees.

1.3.11 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

The Company has generally typically controls the goods or services before transferring them to the customer.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from rendering of services is recognised on when the services are rendered and related cost are incurred over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Motisons Jewellers Limited

Notes to the Restated Financial Statements for the year ended

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional.

Export Incentives

Export incentive revenues are recognized when the right to receive the credit is established and there is no significant uncertainty regarding the ultimate collection.

Interest Income

Interest Income from a Financial Assets is recognised using effective interest rate method. And it is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

Dividend Income

Provision for Price Variation

In accordance with the prevailing international market practice, the purchase and sale of copper products are accounted for on provisional invoice basis pending final invoice in terms of purchase contract/ order pending on the price of LME.

Company is following practice of recognizing the difference of the value of provisional invoice and final invoice of its customers whose final invoice could not be raised in the current financial year by way of price variation claims which is included in the turnover of the company.

Surplus / (Loss) on disposal of Property, Plants and Equipment / Investments

Surplus or loss on disposal of property, plants and equipment or investment is recorded on transfers of title from the Company, and is determined as the difference between the sales price and carrying value of the property, plants and equipment or investments and other incidental expenses.

Rental Income

Rental income arising from operating lease on investments properties is accounted for on a straight - line basis over the lease term except the case where the incremental lease reflects inflationary effect and rental income is accounted in such case by actual rent for the period.

Insurance Claim

Claim receivable on account of insurance is accounted for to the extent the Company is reasonably certain of their ultimate collections.

Other Income

Revenue from other income is recognized when the payment of that related income is received or credited.

1.3.12 Foreign Currency Transactions and Translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and

Motisons Jewellers Limited
Notes to the Restated Financial Statements for the year ended

Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalised as cost of assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or Statement of Profit and Loss are also recognised in Other Comprehensive Income or Statement of Profit and Loss, respectively).

1.3.13 Government Grants and Subsidies

Grants in the nature of subsidies which are non-refundable are recognized as income where there is reasonable assurance that the Company will comply with all the necessary conditions attached to them. Income from grants is recognized on a systematic basis over periods in which the related costs that are intended to be compensated by such grants are recognized.

Refundable government grants are accounted in accordance with the recognition and measurement principle of Ind AS 109, "Financial Instruments". It is recognized as income when there is a reasonable assurance that the Company will comply with all necessary conditions attached to the grants. Income from such benefit is recognized on a systematic basis over the period of the grants during which the Company recognizes interest expense corresponding to such grants.

1.3.14 Financial Instruments – Financial Assets

(A) Initial Recognition and Measurement

All Financial Assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting.

(B) Subsequent Measurement

a) Financial Assets measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise to cash flows on specified dates that represent solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

Further, the Company, through an irrevocable election at initial recognition, has measured certain investments in equity instruments at FVTOCI. The Company has made such election on an

Motisons Jewellers Limited

Notes to the Restated Financial Statements for the year ended

instrument-by-instrument basis. These equity instruments are neither held for trading nor are contingent consideration recognized under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognized in OCI. However, the Company recognizes dividend income from such instruments in the Statement of Profit and Loss.

c) Financial Assets measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

(C) Investments

Investments are classified in to Current or Non-Current Investments. Investments that are readily realizable and intended to be held for not more than a year from the date of acquisition are classified as Current Investments. All other Investments are classified as Non - Current Investments. However, that part of Non - Current Investments which are expected to be realized within twelve months from the Balance Sheet date is also presented under “Current Investments” under “Current portion of Non-Current Investments” in consonance with Current/Non-Current classification of Schedule - III of the Act.

All the equity investment which covered under the scope of Ind AS 109, “Financial Instruments” is measured at the fair value. Investment in Mutual Fund is measured at fair value through profit and loss (FVTPL). Trading Instruments are measured at fair value through profit and loss (FVTPL).

(D) Investment in Subsidiaries, Associates and Joint Ventures

The Company has accounted for its investments in Subsidiaries, associates and joint venture at cost less impairment loss (if any).

(E) Impairment of Financial Assets

In accordance with Ind AS 109, the Company uses ‘Expected Credit Loss’ (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

1.3.15 Financial Instruments – Financial Liabilities

(A) Initial Recognition and Measurement

All Financial Liabilities are recognised at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(B) Subsequent Measurement

Financial Liabilities are carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

1.3.16 Derivative Financial Instruments and Hedge Accounting

The Company enters into derivative contracts in the nature of forward currency contracts with external parties to hedge its foreign currency risks relating to foreign currency denominated

Motisons Jewellers Limited
Notes to the Restated Financial Statements for the year ended

financial assets measured at amortised cost.

The Company formally establishes a hedge relationship between such forward currency contracts ('hedging instrument') and recognised financial assets ('hedged item') through a formal documentation at the inception of the hedge relationship in line with the Company's Risk Management objective and strategy.

The hedge relationship so designated is accounted for in accordance with the accounting principles prescribed for a cash flow hedge under Ind AS 109, 'Financial Instruments'.

Recognition and measurement of cash flow hedge:

The Company strictly uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. As per Ind AS 109 - Financial Instruments, foreign currency forward contracts are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised in hedge reserve (under reserves and surplus) through other comprehensive income and the ineffective portion is recognised immediately in the statement of profit and loss.

The accumulated gains / losses on the derivatives accounted in hedge reserve are transferred to the statement of profit and loss in the same period in which gains / losses on the underlying item hedged are recognised in the statement of profit and loss.

Derecognition:

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. When hedge accounting is discontinued for a cash flow hedge, the net gain or loss will remain in hedge reserve and be reclassified to the statement of profit and loss in the same period or periods during which the formerly hedged transaction is reported in the statement of profit and loss. If a hedged transaction is no longer expected to occur, the net cumulative gains / losses recognised in hedge reserve is transferred to the statement of profit and loss.

Fair Value Hedge:

The Company designates derivative contracts or non-derivative Financial Assets/Liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to Statement of Profit and Loss over the period of maturity.

1.3.17 Derecognition of Financial Instruments

The Company derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Motisons Jewellers Limited
Notes to the Restated Financial Statements for the year ended

1.3.18 Financial Instruments – Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

1.3.19 Taxes on Income

The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.

(a) Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

(b) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

Presentation

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

1.3.20 Segment Reporting

Segments are identified having regard to the dominant source and nature of risks and returns and the internal organization and management structure. The company primarily operates single Operating Business, hence looking to the nature of business segment reporting is not applicable to company

1.3.21 Research and Development

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss as and

Motisons Jewellers Limited

Notes to the Restated Financial Statements for the year ended

when incurred. (if any)

Development costs are capitalised as an intangible asset if it can be demonstrated that the project is expected to generate future economic benefits, it is probable that those future economic benefits will flow to the entity and the costs of the asset can be measured reliably, else it is charged to the Statement of Profit and Loss. (if any)

1.3.22 Earnings per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

1.3.23 Provisions, Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

1.3.24 Events after Reporting Date

Where events occurring after the Balance Sheet date provide evidence of condition that existed at the end of reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

1.3.25 Non – Current Assets Held For Sales

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable.

A sale is considered as highly probable when decision has been made to sell, assets are available for immediate sale in its present condition, assets are being actively marketed and sale has been agreed or is expected to be concluded within 12 months of the date of classification.

Non-current assets held for sale are neither depreciated nor amortised.

Assets and liabilities classified as held for sale are measured at the lower of their carrying amount and fair value less cost of sale and are presented separately in the Balance Sheet.

Motisons Jewellers Limited
Notes to the Restated Financial Statements for the year ended

1.3.26 Cash Flows Statement

Cash Flows Statements are reported using the method set out in the Ind AS – 7, “Cash Flow Statements”, whereby the Net Profit / (Loss) before tax is adjusted for the effects of the transactions of a Non-Cash nature, any deferrals or accrual of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

1.3.27 Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

1.3.28 (A) Amendments to Schedule III of Companies Act, 2013

On 24 March, 2021, the Ministry of Corporate Affairs (“MCA”) through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from 1 April, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head ‘financial liabilities’, duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under ‘additional regulatory requirement’ such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held, etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head ‘additional information’ in the notes forming part of standalone financial statements.

(B) Recent Pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1st April, 2022 as below:

Motisons Jewellers Limited

Notes to the Restated Financial Statements for the year ended

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognize such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognize a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

1.4 Critical Accounting Judgments and Key Sources of Estimation Uncertainty:

The preparation of the Company's Financial Statements requires management to make judgment, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

1.4.1 Income Tax

The Company's tax jurisdiction is in India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the income tax provisions, including the amount expected to be paid / recovered for uncertain.

1.4.2 Property Plant and Equipment/ Intangible Assets

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. Property, Plant and Equipment/Intangible Assets are depreciated/amortised over their estimated useful life, after taking into account estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful life and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation/amortisation for future periods is revised if there are significant changes from previous estimates.

Motisons Jewellers Limited

Notes to the Restated Financial Statements for the year ended

1.4.3 Defined Benefits Obligations

The costs of providing Gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS – 19, “Employee Benefits” over the period during which benefit is derived from the employees’ services. It is determined by using the Actuarial Valuation and assessed on the basis of assumptions selected by the management. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. Due to complexities involved in the valuation and its long term in nature, a defined benefit obligation is highly sensitive to change in these assumptions. All assumptions are reviewed at each balance sheet date.

1.4.4 Fair value measurements of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgments and assumptions.

1.4.5 Recoverability of Trade Receivables

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

1.4.6 Provisions

The timing of recognition and quantification of the liability (including litigations) requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

1.4.7 Impairment of Financial and Non – Financial Assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company’s past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

In case of non-financial assets company estimates asset’s recoverable amount, which is higher of an asset’s or Cash Generating Units (CGU’s) fair value less costs of disposal and its value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

1.4.8 Recognition of Deferred Tax Assets and Liabilities

Deferred tax assets and liabilities are recognised for deductible temporary differences and unused tax losses for which there is probability of utilisation against the future taxable profit. The Company uses judgment to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits and business developments.

1.5 First Time Adoption of IND AS

The Company has adopted Ind AS with effect from 1st April 2021 with comparatives being restated. Accordingly, the impact of transition has been provided in the Opening Reserves as at 1st April 2020. The figures for the previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind AS and Schedule III.

Terms & Rights attached to Equity Shares.

The Company has only one class of share referred to as Equity Shares having a par value of Rs.10/- each. Each holder of Equity Shares is entitled to one vote per share. Dividend on such shares is payable in proportion to the paid up amount. Dividend (if any) recommended by board of directors (other than interim dividend) is subject to approval of the shareholders in the ensuing Annual General Meeting.

In the event of winding up of the company, the holder of Equity Shares will be entitled to receive any of the remaining assets of the company after all preferential amounts and external liabilities are paid in full. However, no such preferential amount exists currently. The distribution of such remaining assets will be on the basis of number of Equity Shares held and the amount paid up on such shares.

Note:

- The figures disclosed above are based on the restated standalone summary statement of assets & liabilities of company.
- The above statement should be read with the significant accounting policies as appearing in notes 1 to restated financial.

Note - 33 - Details of Employee Benefits:

The Company has the following post-employment benefit plans:

A. Defined Contribution Plan

Contribution to defined contribution plan recognised as expense for the year is as under:

The Company offers its employees benefits under defined contribution plans in the form of provident fund and other fund. Provident fund cover substantially all regular employees which are on payroll of the company. Both the employees and the Company pay predetermined contributions into the provident fund and approved superannuation fund. The contributions are normally based on a certain proportion of the employee's salary and are recognised in the Statement of Profit and Loss as incurred.

(Amount in Lakhs)

Particulars	Year Ended March 31, 2022	Year Ended March 31, 2021	Year Ended March 31, 2020
Contribution to provident fund and other Fund	11.13	8.82	12.24

B. Defined Benefit Plan - Gratuity:

(i) The Company administers its employees' gratuity scheme funded liability. The present value of the liability for the defined benefit plan of gratuity obligation is determined based on actuarial valuation by an independent actuary at the period end, which is calculated using the projected unit credit method, which recognises each year of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

(ii) Gratuity benefits in India are governed by the Payment of Gratuity Act, 1972. The key features are as under

Benefits Offered	15/26* salary* Duration of service
Salary Definition	Basic Salary Including Dearness Allowance (if any)
Benefit Ceiling	Benefit Ceiling of Rs 20 Lakhs
Vesting Conditions	5 Years of Continuous Service (Not Applicable In Case of Death/ Disability)
Benefit Eligibility	Upon Death or resignation or withdrawal or retirement
Retirement Age	60 Years

(iii) Characteristics of defined benefit plans and risks associated with them:

Valuation of defined benefit plan are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the Company is exposed to various risks in providing the above benefit plans which are as follows:

A. Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience:

Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates:

If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates:

If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

**MOTISONS JEWELLERS LIMITED****Notes to the Restated Financial Statements for the year ended****B. Investment Risk:**

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C. Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cashflows.

D. Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E. Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

(*) Investment in subsidiaries are measured at cost as per Ind AS 27, "Separate financial statements", and hence not presented here.

(**) Fair value of financial assets and liabilities measured at amortized cost approximates their respective carrying values as the management has assessed that there is no significant movement in factor such as discount rates, interest rates, credit risk from the date of the transition. The fair values are assessed by the management using Level 3 inputs.

(***) The financial instruments measured at FVTPL represents current investments and derivative assets having been valued using level 2 valuation hierarchy.

Fair value hierarchy

The fair value of financial instruments as referred to in note below has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a net asset value or valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**MOTISONS JEWELLERS LIMITED****Notes to the Restated Financial Statements for the year ended****B. Market Risk**

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market Risk comprises three types of Risk: "Interest Rate Risk, Currency Risk and Other Price Risk". Financial instrument affected by the Market Risk includes loans and borrowings in foreign as well as domestic currency, retention money related to capital expenditures, trade and other payables.

(a) Interest Rate Risk

Interest Rate Risk is the risk that fair value or future cash outflows of a financial instrument will fluctuate because of changes in market interest rates. An upward movement in the interest rate would adversely affect the borrowing cost of the Company. The Company is exposed to long term and short - term borrowings. The Company manages interest rate risk by monitoring its mix of fixed and floating rate instruments and taking actions as necessary to maintain an appropriate balance. The Company has not used any interest rate derivatives.

(b) Foreign Currency Risk

The Company is not exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar. Foreign exchange risk arises from recognized assets and liabilities denominated in a currency that is not the functional currency of the Company.

(c) Other Price Risk

Other Price Risk is the Risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. The Company is exposed to price risk arising mainly from investments in equity/equity-oriented instruments recognized at FVTPL/FVTOCI.

C. Credit Risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and other Financial assets measured at amortized cost. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets. (i) Low credit risk, (ii) Moderate credit risk, (iii) High credit risk.

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Notes to the Restated Financial Statements for the year ended

Financial assets (other than trade receivables) that expose the entity to credit risk are managed and categorized as follows:

Basis of categorisation	Asset class exposed to credit	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, other bank balances, loans and other financial assets	12 month expected credit loss.
Moderate credit risk	other financial assets	12 month expected credit loss, unless credit risk has increased significantly since initial recognition, in which case allowance is measured at life time expected credit loss.
High credit risk	other financial assets	Life time expected credit loss (when there is significant deterioration) or specific provision whichever is higher

Financial assets (other than trade receivables) that expose the entity to credit risk (Gross exposure): –

(Amount in Lakhs)

Particulars	As at 31st March, 2022	As at 31st March, 2021	As at 31st March, 2020

Other Financial Assets	56.83	194.01	189.51
Moderate/ High Credit Risk	-	-	-
Total	606.19	1102.99	415.80

(i) Cash and cash equivalent and bank balance:

Credit risk related to cash and cash equivalents and bank balance is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks.

(ii) Loans and Other financial assets measured at amortized cost:

Other financial assets measured at amortized cost includes Security Deposit to various authorities , Loans to staff and other receivables. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

(iii) Trade receivables:

Life time expected credit loss is provided for trade receivables. Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognized in statement of profit and loss.

(a) Expected credit losses:

Expected credit loss for trade receivables under simplified approach:

The Company recognizes lifetime expected credit losses on trade receivables & other financial assets using a simplified approach, wherein Company has defined percentage of provision by analyzing historical trend of default based on the criteria defined below and such provision percentage determined have been considered to recognize life time expected credit losses on trade receivables (other than those where default criteria are met in which case the full expected loss against the amount recoverable is provided for). Further, the Company has evaluated recovery of receivables on a case to case basis. No provision on account of expected credit loss model has been considered for related party balances. The Company computes credit loss allowance based on provision matrix. The provision matrix is prepared on historically observed default rate over the expected life of trade receivable and is adjusted for forward - looking estimate. The provision matrix at the end of reporting period is as follows:

Particulars	Expected Loss Rate
All Receivables	0.50%

D. Liquidity Risk

Liquidity Risk is the risk that the Company will encounter difficulty in raising the funds to meet the commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

Financing arrangements:

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

Particulars	(Amount in Lakhs)

- Invoice Discounting Facility			

Expiring beyond One Year

The cash credit and other facilities may be drawn at any time and may be terminated by the bank without notice.

Maturities of Financial Liabilities:

The tables below analyze the Company's financial liabilities into relevant maturity based on their contractual maturities for all non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant. AS per Annexure "A"

E. Capital Management

The Company's capital management objectives are to ensure the company's ability to continue as a going concern, to provide an adequate return to share holders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet. Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The Company manages its capital on the basis of Net Debt to Equity Ratio which is Net Debt (Total Borrowings net of Cash and Cash Equivalents) divided by total equity.

Particulars	As at 31st March, 2022	As at 31st March, 2021	As at 31st March, 2020

Notes to the Restated Financial Statements for the year ended

Note - 48 - First Time Adoption of Indian Accounting Standards ('Ind AS')

These are the Company's first financial statements prepared in accordance with Ind AS.

For all period up to and including the year March 31, 2021, the Company had prepared its financial statements in accordance with the Accounting Standards notified under Section 133 of The Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 ("Previous GAAP"). For the year ended on March 31, 2022 prepared and presented in accordance with the Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 in accordance with the accounting policies as set out by the Company in Note No. 1.

The Accounting Policies as set out in Note No. 1 have been applied in preparing its financial statements for the year ended March 31, 2022 including the Comparative information for the year ended on March 31, 2021 and the Opening Ind AS Balance Sheet on the date of transition i.e., April 01, 2020.

In preparing its Ind AS Balance Sheet as at April 01, 2020 and in preparing the Comparative information for the period ended March 31, 2021, the Company has adjusted amounts reported previously in financial statements prepared in accordance with Previous GAAP. This note explains the principal adjustments made by the Company in restating its financial statements prepared under Previous GAAP for the followings:

- a) Balance Sheet as at April 01, 2020 (Transition Date);
- b) Balance Sheet as at March 31, 2021;
- c) Statement of Profit and Loss for the year ended on March 31, 2021; and
- d) Statement of Cash Flows for the year ended March 31, 2021.

Ind AS 101 - First Time Adoption of Indian Accounting Standard, allow the first-time adopters, exemptions from the retrospective application and exemption of certain requirements of the Other Ind AS. The Company has availed the following exemptions as per Ind AS 101.

A. Ind AS Optional Exemptions:

1) Deemed cost of property, Plant and equipment and intangible Assets

The Company has elected to consider the Carrying Value of all its Property, Plants and Equipment's (PPE) and Intangible Assets recognized in the financial statements prepared under Previous GAAP and use the same as Deemed Cost in the Opening Ind AS Financial Statements.

2) Deemed cost for Investments in subsidiaries

The carrying amount of Company's Investments in its Subsidiaries Companies as per the financial statements of the Company prepared under Previous GAAP, are considered as Deemed Cost for measuring such investments in the Opening Ind AS Financial Statements.

3) Leases:

The company has elected to measure the right of use assets at the date of transition as if Ind AS 116 had been applied since the commencement date of the lease, but discounted using the lessee's incremental borrowing rate at the date of transition to Ind AS. Further the following expedients were used on transition to Ind AS:

- the use of single discount rate to portfolio of leases with reasonably similar Characteristics.
- the accounting for operating leases with a remaining lease of less than 12 months as on transition date as short term leases.

3) Preference Share:

The company has elected to measure the Preference share at the date of transition as per Ind AS 109. Company has adopted amortisation cost method for the purpose of recognition preference share as financial liability.

A. Ind AS Mandatory Exceptions:

1) Estimates:

An entity estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimate made for the same date in accordance with Previous GAAP (after adjustment to affect any difference in accounting policies) unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 01st April, 2020 are consistent with the estimates as at the same date made in conformity with Previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as there were not required under previous GAAP.

- The company has applied modified retrospective approach to all leases contract existing as at 01 April 2020 under Ind AS 116

2) Classification and measurement of financial assets and liabilities:

The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing as on date of transition. Financial Assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstance existing at the date of transition and if it is impracticable to assess elements of modified time value of money i.e., use of effective interest method, fair value of financial assets at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

Notes:

1. The ratios have been computed as per the following formulas:

(i) Basic and Diluted Earnings per Share:

Restated Profit after Tax available to equity shareholders

Weighted average number of equity shares outstanding at the end of the year

(iii) Net Asset Value (NAV) per Equity Share:

Restated Net worth of Equity Share Holders

Number of equity shares outstanding at the end of the year

(iv) Return on Net worth (%):

Restated Profit after Tax available to equity shareholders

Restated Net worth of Equity Shareholders

2. The figures disclosed above are based on the Restated Financial Information of the Company.

3. Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted for the number of equity shares issued during the period/year multiplied by the time weightage factor. The time weightage factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.

4. Ratios for the Year ended on March, 2021 have not been annualised.
5. Net worth for the ratios represents sum of share capital and reserves and surplus (share premium and surplus in the Restated Summary Statement of Profit and Loss).
6. The above statement should be read with the Statement of Notes to the Restated Financial Information of the Company in Annexure 4.
7. Earnings Before Interest, Taxes, Depreciation & Amortization (EBITDA) = Profit Before Tax + Finance Cost + Dep. & Amortization.

OVERVIEW

We are a Jewellery retail player with a history of more than 2 decades in the jewellery industry having experienced entrepreneurs as our Promoters with more than 20 years of experience. Our jewellery business includes the sale of jewellery made of gold, diamond, kundan and sale of other jewellery products that include pearl, silver, platinum, precious, semi-precious stones and other metals. Our other offerings include gold and silver coins, utensils and other artifacts. We commenced our business through a partnership firm 'M/s Motisons Jewellers' in 1997 which was subsequently converted into public limited company in 2011 and currently have presence across multiple prominent locations in Jaipur, Rajasthan.

We started our jewellery business in 1997 with a single showroom in Jaipur, Rajasthan. Our first outlet, famously known as the ‘*Traditional Store*’ was set up amidst the famous lanes of the busiest Johri Bazaar, renowned jewellery hub in the heart of the city. This Johri Bazaar showroom displaying gold and diamond jewellery was approx. 304 sq. ft. in area which was expanded to 1355 sq. ft. by 2002 with growth in the business. We have, since then, expanded our network of showrooms and the product portfolio and currently operate 4 showrooms under the “*Motisons*” brand, located across the city of Jaipur. The flagship store ‘*Motisons Tower*’ is located at the high street of Tonk Road, Jaipur. The showroom at Tonk Road spans in an area of approx. 11,700 Sq Ft and has 3 floors with a dedicated floor space for silver, gold, and diamond jewellery respectively. The most recent outlet, opened in the year 2021, is situated in the affluent neighborhood in the southwestern part of Jaipur at Vaishali Nagar.

In addition to selling products at our showrooms, we also sell our products through our online platform at <https://www.motisonsjewellers.com/>. We launched our website in the year 2011 and online sales commenced from 2018 for younger and more digitally savvy customers who can browse our catalogue

based on preferences, collections and designs, and purchase the jewellery directly and have it delivered to their homes. We also arrange virtual appointments to assist our customers. Products generally offered through online marketplaces are diverse and not available in the showrooms.

We primarily source finished jewellery from third party manufacturing vendors located across India. This includes all types of jewellery made of gold, diamond and other precious and semi precious stones. Additionally, to cater to the increasing demand in the market, we also engage artisans on job work basis and have our own manufacturing facilities located in Jaipur, Rajasthan for diamond and gem stone studded jewellery. We outsource the work of making ornaments to various artisans with whom we have developed strong relationships. We offer a large variety of handcrafted jewellery, which are designed and manufactured by our in-house designers in close collaboration along with skilled local craftsman located across the country. To ensure optimum prices and mitigate the risk of suppliers' concentration, we procure raw materials from various suppliers across the country. This procurement process enables us to offer a wide range of products.

Our product profile includes traditional, contemporary and combination designs across jewellery lines, for special occasions such as weddings and festivals to daily wear jewellery for all ages, genders and across various price points. Our offerings include gold jewellery, diamond jewellery and other silverware from handmade Indian ethnic to the cutting-edge styles of the urban world. Our gold, diamond and other jewellery inventory in each showroom reflects customer preferences and designs. Our focus on design and innovation, our ability to recognize consumer preferences and market trends, the intricacy of our designs and the quality of our products are our key strengths. We have a dedicated design team, focused on developing new products and designs that meet customers' requirements. In addition, our access to a range of contract manufacturers that are generally smaller, localized jewellery manufacturers from various parts of India allows us to offer a diverse product range. We also customize jewellery for individual needs.

Our experience of close to two decades has enabled us to build an effective business model that gives us control over our processes from raw material procurement, design, manufacturing and marketing to sales through our network. Our business model allows us to monitor and control the quality of our products on the supply side, and provides us the ability to respond quickly to our customers' needs and preferences on the demand side. Our diamond jewellery is certified by various agencies including IGI, GIA and IDT. As per the demand of customers, we also provide our internal certifications. All our gold and silver jewellery products in line are hallmarked by BIS, except gold jewellery weighing less than two grams, which does not require to be hallmarked.

Our Company is managed by our promoters, Mr. Sandeep Chhabra, the Chairman & Whole Time Director, son of Late Mr. Moti Lal Chhabra and Mr. Sanjay Chhabra, the Managing Director, son of Late Mr. Moti Lal Chhabra, who have experience of more than two decades each in the jewellery industry. The Promoters hail from a business family and started with a strong vision to take the jewellery division to an all-new level in the retail sector. Their relationships with our suppliers, customers and other industry participants have been instrumental in implementing our growth strategies. Our Promoters continues to remain actively involved in our operations and brings to our Company their vision and leadership which we believe has been instrumental in sustaining our business operations and as a result, today the brand successfully operates from 4 prominent locations in Jaipur. Over the years, our management team has helped scale our operations and includes professionals with extensive experience in the retail and jewellery industry as well as finance and marketing.

SIGNIFICANT MATERIAL DEVELOPMENTS SUBSEQUENT TO THE LAST FINANCIAL PERIOD

In the opinion of the Board of Directors of our Company, since the date of the last financial statements disclosed in this Draft Red Herring Prospectus, there have not arisen any circumstance that materially and adversely affect or are likely to affect the business activities or profitability of our Company or the value of its assets or its ability to pay its material liabilities within the next twelve months except as mentioned below:

- 4) Mr. Laksh Chhabra has been appointed as the Joint Managing Director of the Company w.e.f. 08.08.2022

KEY FACTORS THAT MAY AFFECT OUR RESULTS OF OPERATION

Our results of operations have been, and will be, affected by many factors, some of which are beyond our control. Our results of operations and financial conditions are affected by numerous factors including the following:

A. Ability to expand the customer base and develop new products capabilities to meet evolving preferences in the Jewellery industry and generate new sales.

Our results of operations are dependent on the number, size and location of, and sales from, our showrooms. Customer relationships are the core of our business. Our ability to grow our customer base and drive market adoption of our products is affected by the pace at which the jewellery industry grows. We expect that our revenue growth will be primarily driven by the pace of adoption of our offerings. This will drive our ability to acquire new customers and increase sales to existing customers, which in turn, will affect our future financial performance.

Our ability to profitably expand our network and product offerings is dependent on our ability to efficiently manage our corresponding increase in expenditures. We have grown our operations by introducing variety of products to meet potential requirements of our customers and create market for our products. To service and grow our relationships with our existing customers and to win new customers, we are required to provide them with products that address their requirements, to anticipate and understand trends in their relevant markets and to continually address their needs as those change and evolve.

Our future growth shall depend on our ability to identify emerging market trends, offer new products and new designs to customers and inculcate strong culture of innovation which will enable us to

expand the range of our offerings to customers and improve the delivery of our products along with growing our portfolio of various sized products to increasingly represent our revenue from operations, widened the customer base that we cater to, and typically have a higher margin profile.

B. Maintaining our brand image and catering to changing consumer preferences

We derive substantially all of our revenue from sales of jewellery products, which depends significantly on the strength and reputation of our brand. We attribute the strength and reputation of our brand to our historical ability to provide customers with transparency in the purchase process and pricing of jewellery and create a positioning of trust and transparency in the minds of our customers. We strive to appeal to a broad base of customers with a multifaceted optimizing strategy, which we implement by endeavoring to understand the market preferences and trends in the geographies in which we operate and offering a range of jewellery products in our showrooms that are tailored to such tastes. We undertake numerous marketing initiatives to promote our brand image. For Fiscals 2022, 2021 and 2020 our expenses for advertising and other marketing costs were ₹ 88.71 Lakhs, ₹ 65.68 Lakhs and ₹ 115.14 Lakhs respectively. We believe that we have built a trusted brand with a high recall value and strive to maintain it through impactful communication via our long-standing associations with marquee national, regional and local brand ambassadors, who communicate the salient aspects of our brand. For further details on our marketing and promotion efforts, see *“Our Business – Marketing and Promotion”* on page 164.

The jewellery industry is subject to shifting consumer preferences and more specifically, jewellery preferences often vary significantly by region. In order to compete effectively in our industry, we must be able to identify and respond to shifting consumer demands and preferences. Being able to adapt to the changes in our customers’ preferences is an important factor in our operational and financial performance.

Recognizing early the powerful potential of engaging customers online, we invested and launched our online platform, www.motisonsjewellers.com where we cater to younger and more digitally savvy customers. Through this online platform our customers can purchase a wide variety of jewellery. Our online platform offers us another distribution channel to reach customers and potentially drive further traffic to our showrooms. See *“Our Business – Online Sales”* on page 164.

C. Product mix and pricing

Changes in the relative mix of gold jewellery, studded jewellery and other jewellery products have had and will continue to have an impact on our financial condition and results of operations.

The products in our showrooms generally have a predetermined making charge or value-added charge. Our jewellery prices are programmed directly into our central ERP system and are primarily based on our costs of production, including the costs of raw materials and production costs. Our jewellery prices also reflect applicable taxes as well as general market demands and price trends. The price of the underlying gold component of our jewellery is based on prevailing market rates, accounting for the global market gold price (which is generally quoted in U.S. Dollars) and the relative value of the Indian Rupee (or local currencies in our Middle East operations). Our production charges and margins are determined by our senior management team in consultation with regional management.

D. Seasonality

Our sales have historically exhibited certain seasonal fluctuations, reflecting higher sales volumes and profit margins during festivals and other occasions. Historically, sales in the third quarter and fourth quarter have typically been higher than the first quarter and second quarter of the fiscal year. We stock certain inventory to account for this seasonality, while our fixed costs such as lease rentals, employee salaries, showroom operating costs and logistics-related expenses, which form a significant portion of operating costs, are relatively constant throughout the year.

Consequently, lower than expected net sales during any third or fourth quarters or more pronounced seasonal variations in sales in the future could have a disproportionate impact on our operating results for the year, or could strain our resources and impair cash flows. Any slowdown in demand for our jewellery during peak season or failure by us to accurately foresee and prepare for such seasonal fluctuations could have a material adverse effect on our business, financial condition and results of operations. The effect of seasonality is expected to further decrease with greater geographical diversification.

E. Increasing competition in the industry;

We face competition from multiple competitors in the markets in which we operate. Success of our operations depends on our ability to effectively compete, including by continuing to differentiate our brand and products from competition by maintaining our brand perception centered around the values of trust and transparency and by continuing to optimize our product assortment and marketing campaigns to cater to preferences in the markets in which we operate. For further details, see “**Business – Competition**” on page 165.

F. Changes in fiscal, economic or political conditions in India

Our results of operations are dependent on the overall economic conditions in the markets in which we operate. Any slowdown in these economies, including due to a global economic slowdown or changes in interest rates, government policies or taxation, social and civil unrest, pandemics and political, economic or other developments could adversely affect our business and results of operations. Even though there are many factors that affect levels of consumer confidence and spending, demand for jewellery can be relatively inelastic in our markets as it is often purchased for wedding-related, religious, cultural and sentimental reasons.

KEY PERFORMANCE INDICATORS AND CERTAIN NON-GAAP MEASURES

In evaluating our business, we consider and use certain non-GAAP financial measures and key performance indicators that are presented below as supplemental measures to review and assess our operating performance. The presentation of these non-GAAP financial measures and key performance indicators are not intended to be considered in isolation or as a substitute for the Restated Financial Information. We present these non-GAAP financial measures and key performance indicators because they are used by our management to evaluate our operating performance. These non-GAAP financial measures are not defined under Ind AS and are not presented in accordance with Ind AS. The non-GAAP financial measures and key performance indicators have limitations as analytical tools. Further, these non-GAAP financial measures and key performance indicators may differ from the similar information used by other companies, including peer companies, and hence their comparability may be limited. Therefore,

these matrices should not be considered in isolation or construed as an alternative to Ind AS measures of performance or as an indicator of our operating performance, liquidity, profitability or results of operation.

EBITDA and EBITDA Margin

EBITDA is defined as our profit/loss before tax less other income before finance cost and depreciation and amortisation. Profit/loss before tax margin is defined as profit/loss before tax divided by revenue from operations. EBITDA margin is defined as our EBITDA as a percentage of revenue from operations.

The following table reconciles our profit/loss before tax (an IndAS financial measure) to EBITDA for the periods indicated.

Other Income

(₹ in lakhs)

2021-22	2020-21	Variance in %
14.12	2.21	538.91%

During the year 2021-22, the other income of our company increased to ₹14.12 Lakhs from ₹2.21 Lakhs in 2020-21, representing an increase of 538.91%. This was majorly due to interest income earned on loans and advances of ₹10.25 Lakhs in FY 2021-22 as against ₹0.44 Lakhs in FY 2020-21. This interest was on account of loans and advances given by our Company to related party in March 2021 which was repaid back to the Company in August 2021. Therefore, the interest income was earned in FY 2021-22.

QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Credit Risk

Credit risk is the risk of financial loss to the Company, if a customer or the counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company’s receivables from customers and from its investing activities, including deposits with banks. The carrying amounts of financial assets represent the maximum credit risk exposure.

Liquidity Risk

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Our Company’s approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company’s reputation. We believe that our working capital is sufficient to meet our current requirements.

Market Risks

We are exposed to various types of market risks during the normal course of business. Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: price risk, currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Effect of Inflation

In recent years, India has experienced relatively high rates of inflation. While we believe inflation has not had any material impact on our business and results of operations, inflation generally impacts the overall economy and business environment and hence could affect us

Unusual or infrequent events or transactions

Except as described in this Draft Red Herring Prospectus, during the periods under review there have been no transactions or events, which in our best judgment, would be considered unusual or infrequent.

Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations.

Other than as disclosed in the section titled “*Risk Factors*” beginning on page 35 to our knowledge there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on revenues or income of our Company from continuing operations.

Future changes in relationship between costs and revenues

Other than as described in chapter titled “*Risk Factors*” beginning on page 35 and in this section, to our knowledge there are no known factors that might affect the future relationship between cost and revenue. Our Company’s future costs and revenues will be determined by demand/ supply situation, government policies, global market situation and prices of our material.

New Products or Business Segments

Other than as described elsewhere in this Red Herring Prospectus, there are no new products or business segments in which we operate.

The extent to which the business is seasonal

Our sales have historically exhibited certain seasonal fluctuations, reflecting higher sales volumes during the festival period, wedding season and other occasions as compared to other periods. As a result of such trends, we may experience some fluctuation in our revenues and profits during the course of our fiscal year. See “*Risk Factor No. 21 – Our income and sales are subject to seasonal fluctuations and lower income in a peak season may have a disproportionate effect on our results of operations*” on page 51.

Significant economic changes that materially affected or are likely to affect income from continuing operations.

Indian rules and regulations as well as the overall growth of Indian economy have a significant bearing on our operations. Major changes in these factors can significantly impact income from continuing operations.

Other than as described in the section titled “*Risk Factors*” beginning on page 35, to our knowledge there are no significant economic changes that materially affects or are likely to affect income of our Company from continuing operations.

The extent to which material increases in net sales or revenue are due to better product quality and increase in number of customers

Increase in revenue is by and large linked to increases in volume of business activity by the Company.

Reservations, qualifications and adverse remarks

Except as disclosed in chapter titled “*Restated Financial Statements*” beginning on page 224, there have been no reservations, qualifications and adverse remarks.

Details of default, if any, including therein the amount involved, duration of default and present status, in repayment of statutory dues or repayment of debentures or repayment of deposits or repayment of loans from any bank or financial institution

Except as disclosed in chapter titled “*Restated Financial Statements*” beginning on page 224, there have been no defaults in payment of statutory dues or repayment of debentures and interest thereon or repayment of deposits and interest thereon or repayment of loans from any bank or financial institution and interest thereon by the Company.

**Material Frauds**

There are no material frauds, as reported by our statutory auditor, committed against our Company, in the last three Fiscals.

Status of any publicly announced new products / projects or business segments

Our Company has not announced any new projects or business segments, other than disclosed in the Draft Red Herring Prospectus. For details of our new projects or business segments please refer to the chapter titled “***Our Business***” beginning on page 150.

Increase in income

Increases in our income are due to the factors described above in this chapter under “***Key Factors that may affect our Results of Operation***” and chapter titled “***Risk Factors***” beginning on page 291 and 35, respectively..

Any significant dependence on a single or few suppliers or customers

We majorly procure our raw materials and sell our products to various organisations / wholesalers. The following is the breakup of top five and top ten customers and suppliers of our Company as on March 31, 2022 are as below:

(₹ in lakhs)

SECTION VIII - LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS AND MATERIAL DEVELOPMENTS

Except as stated below there are no outstanding (i) criminal proceedings involving our Company, Directors, or Promoters (“**Relevant Parties**”); (ii) actions by statutory or regulatory authorities involving the Relevant Parties; (iii) outstanding claims relating to direct and indirect taxes involving the Relevant Parties; and (iv) other pending litigation involving the Relevant Parties as determined to be material by our Board pursuant to the Materiality Policy (as disclosed herein below); or (v) litigation involving our Group Company which has a material impact on our Company. Further, except as stated in this section, there are no disciplinary actions including penalties imposed by SEBI or stock exchanges against our Promoter in the last five Financial Years including any outstanding action.

For the purposes of (iv) above in terms of Materiality Policy adopted by a resolution of our Board dated September 14, 2022, pending litigation would be considered ‘material’ if the monetary amount of claim by or against the entity or person in any such pending proceeding is in excess of ₹ 5,00,000/- and where the amount is not quantifiable, such pending cases are material from the perspective of the company’s business, operations, prospects or reputation.

Our Company has no subsidiary as on the date of this Draft Red Herring Prospectus.

For the purposes of the above, pre-litigation notices received by the Relevant Parties or the Group Company from third parties (excluding those notices issued by statutory or regulatory or taxation authorities) have not and shall not, unless otherwise decided by our Board, be considered material until such time that any of the Relevant Parties or the Group Company, as the case may be, is implicated as a defendant in litigation before any judicial or arbitral forum.

Further, in accordance with the Materiality Policy, our Company has considered such creditors ‘material’ to whom the amount due is equal to or in excess of ₹ 5,00,000/-.

Unless stated to the contrary, the information provided below is as of the date of this Draft Red Herring Prospectus. All terms defined in a particular litigation disclosure below are for that particular litigation only.

Sandeep Chhabra & Ors. v/s Union of India & Ors., S.B. Civil Writ Petition No. 22810/2018

A writ petition has been filed before the Hon'ble High Court of Rajasthan at Jaipur Bench on September 27, 2018 by Our Promoters i.e. Mr. Sandeep Chhabra, Mrs. Namita Chhabra, Mr. Sanjay Chhabra and Sanjay Chhabra HUF through its Karta Mr. Sanjay Chhabra against the Union of India, Ministry of Road, Transport and Highways, Government of India and others. The petitioners own a land situated in village Bagru, Khurd, Tehsil Sanganer, District Jaipur admeasuring 10.355 hectares. In 2012, the petitioners proposed to bring a residential township over the aforesaid land and got the land use converted from agricultural to residential from JDA and the lay out plan approved by JDA. Thereafter, the Ministry of Road, Transport and Highways issued a notification dated July 22, 2016 declaring its intention to acquire the land at national highway no. 8 in the stretch of the land from 286 km to 287.400 km (Jaipur-Kishangarh section) in district Jaipur wherein portion of land of the petitioners bearing survey nos. 45/1 admeasuring 0.0635 hectare out of total 0.63 hectare and survey no. 1042/45 admeasuring 0.2940 out of total 0.93 hectare was also included. The respondent issued another notification dated February 22, 2017 acquiring the land including the land of the petitioners. Therefore, the petitioners have sought quashing of notifications dated July 22, 2016 and February 22, 2017 issued under section 3A and 3D of the National Highways Act, 1956 by Ministry of Road Transport and Highways. The matter is pending before the Hon'ble High Court of Rajasthan at Jaipur bench.

MECHANISM FOR INVESTOR GRIEVANCES AND REDRESSAL SYSTEM

In accordance with the SEBI circulars dated February 15, 2018, March 16, 2021 and June 2, 2021 and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular dated March 16, 2021 in the event of (i) delayed unblock for cancelled/withdrawn/deleted applications; (ii) blocking of multiple amounts for the same UPI application; (iii) blocking of more amount than the application amount; (iv) delayed unblocking of amounts for non-allotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the BRLM shall compensate the investors at the rate higher of ₹ 100 or 15% per annum of the application amount for the period of such delay.

The agreement between the Registrar to the Issue and our Company provides for retention of records with the Registrar to the Issue for a period of at least eight years from the last date of dispatch of the letters of allotment and demat credit to enable the investors to approach the Registrar to the Issue for redressal of their grievances.

All grievances in relation to the Bidding process may be addressed to the Registrar to the Issue with a copy to the relevant Designated Intermediary to whom the Bid cum Application Form was submitted. The Bidder should give full details such as name of the sole or First Bidder, Bid cum Application Form number, Bidder DP ID, Client ID, PAN, date of the submission of Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for and the name and address of the Designated Intermediary where the Bid cum Application Form was submitted by the Bidder and ASBA Account number (for Bidders other than RIBs bidding through the UPI Mechanism) in which the amount equivalent to the Bid Amount was blocked or UPI ID in case of RIBs applying through the UPI Mechanism. The Registrar to the Issue shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders.

Anchor Investors are required to address all grievances in relation to the Issue to the BRLM.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

The Registrar to the Issue shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders. Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of the Designated Intermediaries including any defaults in complying with its obligations under applicable SEBI ICDR Regulations. Investors can contact the Compliance Officer or the Registrar to the Issue in case of any pre- Issue or post- Issue related problems such as non-receipt of letters of Allotment, non-credit of allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

Our Company has constituted Stakeholders Relationship Committee to redress complaints of shareholders of our Company. The Stakeholders' Relationship Committee was constituted vide resolution passed at the meeting of the Board of Directors held on September 14, 2022. For further details on the Committees, see the chapter ***"Our Management"*** beginning on page 203.

Our Company has appointed Ms. Neha Jain as the Company Secretary and Compliance Officer to redress the complaints, if any, of the investors participating in the Issue. See the chapter ***"General Information"*** beginning on page 75.

Our Company shall obtain authentication on the SCORES and comply with the SEBI circular (CIR/OIAE/1/2014) dated December 18, 2014 in relation to redressal of investor grievances through SCORES.

STATUS OF INVESTOR COMPLAINTS

We confirm that we have not received any investor complaint during the three (3) years preceding the date of this Draft Red Herring Prospectus and hence there are no pending investor complaints as on the date of this Draft Red Herring Prospectus.

DISPOSAL OF INVESTOR GRIEVANCES BY LISTED COMPANIES UNDER THE SAME MANAGEMENT AS THE COMPANY

Our Company has no Subsidiary or Group Companies as on the date of this Draft Red Herring Prospectus.

DISPOSAL OF INVESTOR GRIEVANCES BY OUR COMPANY

Our Company estimates that the average time required by our Company or the Registrar to the Issue or the relevant Designated Intermediary, for the redressal of routine investor grievances shall be 10 Working Days from the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, our Company will seek to redress these complaints as expeditiously as possible.

EXEMPTION FROM COMPLYING WITH ANY PROVISIONS OF SECURITIES LAWS, IF ANY, GRANTED BY SEBI

Our Company has not sought any exemption under Regulation 300 of the SEBI ICDR Regulations.

- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive any surplus on liquidation subject to any statutory and preferential claims being satisfied;
- Right of free transferability of their Equity Shares, subject to applicable laws including and RBI rules and regulations; and
- Such other rights as may be available to a shareholder of a listed public company under the Companies Act 2013, the terms of the SEBI Listing Regulations and our Memorandum of Association and Articles of Association and other applicable laws.

For a detailed description of the main provisions of our Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission, consolidation and splitting, see the chapter titled ***“Main Provisions of the Articles of Association”*** beginning on page 379.

MARKET LOT AND TRADING LOT AND ALLOTMENT OF SECURITIES IN DEMATERIALISED FORM

In terms of Section 29 of the Companies Act 2013, and the SEBI ICDR Regulations, the Equity Shares shall be Allotted only in dematerialized form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form on the Stock Exchanges. In this context, tripartite agreements had been signed among the Company, the respective Depositories and the Registrar to the Issue:

- Tripartite agreement dated **August 29, 2022** amongst our Company, NSDL and the Registrar to the Issue;
- Tripartite agreement dated **September 23, 2022** amongst our Company, CDSL and the Registrar to the Issue.

Our Company's Equity Share bear ISIN no. **INE0FRK01012**.

Since trading of the Equity Shares is in dematerialized form, the tradable lot is one Equity Share. Allotment in the Issue will be only in electronic form in multiples of one Equity Shares, subject to a minimum Allotment of [●] Equity Shares. For further details, see the chapter titled “*Issue Procedure*” beginning on page 351.

JOINT HOLDERS

Subject to the provisions of the Articles of Association, where two or more persons are registered as the holders of the Equity Shares, they will be deemed to hold such Equity Shares as joint tenants with benefits of survivorship.

NOMINATION FACILITY TO INVESTORS

In accordance with Section 72 of the Companies Act 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole or first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, will vest to the exclusion of the other persons, unless the nomination is varied or cancelled in the prescribed manner.

A person, being a nominee, entitled to the Equity by reason of the death of the original holder(s), will, in accordance with Section 72 of the Companies Act 2013, be entitled to the same benefits to which he or she will be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of the holder’s death during minority.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the holder of the Equity Share(s) who has made the nomination, by giving a notice of such cancellation or variation to our Company in the prescribed form. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered and Corporate Office or to the registrar and transfer agents of our Company.

Further, any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- to register himself or herself as the holder of the Equity Shares; or
- to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, the Board may thereafter withhold payment of all dividends, interests, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Bidder would prevail. If Bidders want to change their nomination, they are requested to inform their respective Depository Participant. Our Company shall comply with such disclosure and accounting norms as may be specified by SEBI from time to time.

SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 which for the avoidance of doubt, shall be deemed to be incorporated in the deemed agreement of the Company with the SCSBs, to the extent applicable.

The processing fees for applications made by Retail Individual Bidders or Individual investors bidding under the Non-Institutional Portion for an amount of more than ₹ 2.00 lakhs and up to ₹ 5.00 lakhs, using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

The above timetable, other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation or liability on our Company or the BRLM.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within six Working Days from the Bid/ Issue Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within six Working Days of the Bid/Issue Closing Date, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws.

SEBI is in the process of streamlining and reducing the post issue timeline for IPOs. Any circulars or notifications from SEBI after the date of this Draft Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the Issue procedure is subject to change to any revised SEBI circulars to this effect.

Submission of Bids (other than Bids from Anchor Investors):

Bid/Issue Period (except the Bid/Issue Closing Date)	
Submission and revision in Bids	Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time ("IST"))
Bid/Issue Closing Date*	
Submission and revision in Bids	Only between 10.00 a.m. and 3.00 p.m. IST

**UPI mandate end time and date shall be at 12.00pm on [●]*

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- (i) In case of Bids by QIBs and Non-Institutional Bidders, the Bids and the revisions in Bids shall be accepted only between 10.00 a.m. and 3.00 p.m. (IST) and uploaded by 4.00 p.m. IST, and
- (ii) In case of Bids by Retail Individual Bidders, the Bids and the revisions in Bids shall be accepted only between 10.00 a.m. and 3.00 p.m. (IST) and uploaded until 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by RIBs.

On Bid/Issue Closing Date, extension of time may be granted by Stock Exchanges only for uploading Bids received by Retail Individual Bidders, after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchanges.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/deleted applications to the SCSBs on daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the

RTA on a daily basis, as per the format prescribed in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Issue Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only during Working days.

Investors may please note that as per letter no. List/SMD/SM/2006 dated July 3, 2006 and letter no. NSE/IPO/25101-6 dated July 6, 2006 issued by BSE and NSE respectively, Bids and any revision in Bids shall not be accepted on Saturdays and public holidays as declared by the Stock Exchanges. Bids by ASBA Bidders shall be uploaded by the relevant Designated Intermediary in the electronic system to be provided by the Stock Exchanges.

None of our Company or any member of the Syndicate is liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or otherwise; and (ii) the blocking of Bid Amount in the ASBA Account on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

Our Company in consultation with the Book Running Lead Managers, reserves the right to revise the Price Band during the Bid/Issue Period in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e., the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly, but the Floor Price shall not be less than the face value of the Equity Shares. In all circumstances, the Cap Price shall be less than or equal to 120% of the Floor Price, provided that the Cap Price shall be atleast 105% of the Floor Price.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public notice, and also by indicating the change on the respective websites of the Book Running Lead Managers and at the terminals of the Syndicate Members and by intimation to Self-Certified Syndicate Banks ("SCSBs"), other Designated Intermediaries and the Sponsor Bank, as applicable.

In case of any discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid cum Application Form, for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

PERIOD OF OPERATION OF SUBSCRIPTION LIST

See *“Terms of the Issue – Bid/ Issue Programme”* on page 342.

MINIMUM SUBSCRIPTION

If our Company does not receive the minimum subscription in the Issue as specified under Rule 19(2)(b) of the SCRR, including through devolvement of Underwriters, as applicable, within 60 days from the date of Bid/ Issue Closing Date on the date of closure of the Issue or; the minimum subscription of 90% of the fresh Issue on the date of closure of the Issue; or withdrawal of applications; or after technical rejections; or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares so offered under the Issue document, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI circular bearing no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company and our Directors, who are officers in default, shall pay interest at the rate of 15% per annum.

In the event of an undersubscription in the Issue, after meeting the minimum subscription requirement of 90% of the Issue, the balance subscription in the Issue will be met through the issuance of balance part of the Issue.

Undersubscription, if any, in any category except the QIB portion, would be met with spill-over from the other categories at the discretion of our Company in consultation with the Book Running Lead Managers and the Designated Stock Exchange.

Further, in terms of Regulation 49(1) of the SEBI ICDR Regulations, our Company shall ensure that the number of Bidders to whom the Equity Shares will be Allotted will be not less than 1,000.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the Book Running Lead Manager, reserves the right not to proceed with the Issue entire or portion of the Issue for any reason at any time after the Bid/Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the same newspapers in which the pre-Issue advertisements were published, within two days of the Bid/Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue Further, the Stock Exchanges shall be informed promptly in this regard by our Company and the BRLM. Also, BRLM through the Registrar to the Issue, shall notify the SCSBs and the Sponsor Banks to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification. In the event of withdrawal of the Issue and subsequently, plans of a fresh issue by our Company, a fresh draft red herring prospectus will be submitted again to SEBI.

Notwithstanding the foregoing, the Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment and within six Working Days or such other period as may be prescribed, and (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company in consultation with the Book Running Lead Managers withdraws the Issue after the Bid/Issue Closing Date and thereafter determines that it will proceed with a public offering of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with SEBI and the Stock Exchanges.

If Allotment is not made within the prescribed time period under applicable law, the entire subscription amount received will be refunded/unblocked within the time prescribed under applicable law.

ISSUE PROCEDURE

All Bidders should read the General Information Document, which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations which is part of the Abridged Prospectus accompanying the Bid cum Application Form. The General Information Document is available on the websites of the Stock Exchanges and the Book Running Lead Manager. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Issue, (ii) maximum and minimum Bid size, (iii) price discovery and allocation, (iv) payment instructions for ASBA Bidders, (v) issuance of Confirmation of Allocation Note and Allotment in the Issue, (vi) general instructions (limited to instructions for completing the Bid cum Application Form), (vii) Designated Date, (viii) disposal of applications, (ix) submission of Bid cum Application Form, (x) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds), (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications, (xii) mode of making refunds, and (xiii) interest in case of delay in Allotment or refund.

*SEBI through the SEBI UPI Circulars introduced an alternate payment mechanism using UPI and consequent reduction in timelines for listing in a phased manner. UPI has been introduced in a phased manner as a payment mechanism with the ASBA for applications by Retail Individual Bidders through intermediaries from January 1, 2019. The UPI Mechanism for Retail Individual Bidders applying through Designated Intermediaries, in phase I, was effective along with the prior process and existing timeline of T+6 days (**"UPI Phase I"**), until June 30, 2019. Subsequently, for applications by Retail Individual Bidders through Designated Intermediaries, the process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (**"UPI Phase II"**).*

*Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 extended the timeline for UPI Phase II till March 31, 2020. However, given the prevailing uncertainty due to the COVID- 19 pandemic, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for UPI Phase II till further notice from SEBI. Thereafter, the final reduced timeline of T+3 days will be made effective using the UPI Mechanism for applications by Retail Individual Bidders (**"UPI Phase III"**), as may be prescribed by SEBI. Accordingly, the Issue will be made under UPI Phase II of the SEBI UPI Circulars, subject to any circulars, clarification or notification issued by SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with the circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on or after May 1, 2021 except as set out in circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and the provisions of this circular are deemed to form part of this Draft Red Herring Prospectus.*

Furthermore, pursuant to circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are

up to ₹500,000 shall use the UPI Mechanism. This circular has come into force for initial public offers opening on or after May 1, 2022 and the provisions of this circular are deemed to form part of this Draft Red Herring Prospectus. Subsequently, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 01, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

The BRLM shall be the nodal entity for any issues arising out of the public issuance process. In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead manager shall continue to coordinate with intermediaries involved in the said process.

Our Company and the Syndicate do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in the Red Herring Prospectus.

Further, our Company and the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in this Issue.

BOOK BUILDING PROCEDURE

The Issue is being made in terms of Rule 19(2)(b) of the SCRR through the Book Building Process in accordance with Regulation 6(1) of the SEBI ICDR Regulations wherein not more than 50% of the Issue shall be available for allocation to QIBs on a proportionate basis, provided that our Company in consultation with the BRLM, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Issue Price. In the event of under- subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders of which one-third shall be available for allocation to Bidders with an application size more than ₹ 2.00 lakhs to ₹ 10.00 lakhs and two-thirds shall be available for allocation to Bidders with an application size of more than ₹ 10.00 lakhs in accordance with the SEBI ICDR Regulations, and not less than 35% of the Issue shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Under-subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or combination of categories of Bidders at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange subject to receipt of valid Bids received at or above the Issue Price. However, under subscription, if any, in the QIB Portion will not

be allowed to be met with spill over from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialized mode on the platform of the Stock Exchanges.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, PAN, and UPI ID (for Retail Individual Bidders Bidding through the UPI Mechanism), shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Issue, in compliance with Applicable Law.

PHASED IMPLEMENTATION OF UPI MECHANISM

SEBI has issued the SEBI UPI Circulars in relation to streamlining the process of public issue of, among others, equity shares. Pursuant to the SEBI UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by UPI Bidders through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the SEBI UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual Bidder had the option to submit the ASBA Form with any of the Designated Intermediary and use his/her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI, vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, has decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, extended the timeline for implementation of UPI Phase II till further notice. Under this phase, submission of the ASBA Form by UPI Bidders through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase.

Phase III: The commencement of this phase is yet to be notified by SEBI. In this phase, the time duration from public issue closure to listing would be reduced to three Working Days. Accordingly, upon commencement of Phase III, the reduced time duration shall be applicable for the Issue.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the

requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

The Issue will be made under UPI Phase II of the SEBI UPI Circulars, unless UPI Phase III of the SEBI UPI Circulars becomes effective and applicable on or prior to the Bid/ Issue Opening Date. If the Issue is made under UPI Phase III of the SEBI UPI Circulars, the same will be advertised in all editions of [●], the English national newspaper, all editions of [●], the Hindi national newspaper and [●] editions of [●], the Regional newspaper, (Hindi being the local language of Rajasthan, where our registered and corporate office is situated), each with wide circulation, on or prior to the Bid/ Issue Opening Date and such advertisement shall also be made available to the Stock Exchanges for the purpose of uploading on their websites.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. Our Company will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/or payment instructions of the UPI Bidders using the UPI.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks make an application as prescribed in Annexure I of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and provide a written confirmation on compliance with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

Further, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/45 dated April 5, 2022, all UPI Bidders applying in public issues where the application amount is up to ₹500,000 shall use the UPI Mechanism and shall also provide their UPI ID in the Bid cum Application Form submitted with any of the entities mentioned herein below:

- i. a Syndicate Member;
- ii. a stock broker registered with a recognised stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity);
- iii. a Depository Participant (whose name is mentioned on the website of the stock exchange as eligible for this activity);
- iv. a registrar to an issue and share transfer agent (whose name is mentioned on the website of the stock exchange as eligible for this activity).

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Manager.

⁽³⁾ Bid cum Application Forms for Anchor Investors shall be available at the offices of BRLM.

In case of ASBA Forms, the relevant Designated Intermediaries shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges. Subsequently, for ASBA Forms (other than UPI Bidders using UPI Mechanism),

Designated Intermediaries (other than SCSBs) shall submit/ deliver the ASBA Forms to the respective SCSB where the Bidder has an ASBA bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank. Stock Exchanges shall validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. Stock Exchanges shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded.

For UPI Bidders using the UPI Mechanism, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to UPI Bidders for blocking of funds. The Sponsor Bank shall initiate request for blocking of funds through NPCI to UPI Bidders, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every Bid entered in the Stock Exchanges bidding platform, and the liability to compensate UPI Bidders (Bidding through UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank, NPCI or the issuer bank) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Bank and the issuer bank. The Sponsor Bank and the Bankers to the Issue shall provide the audit trail to the Book Running Lead Manager for analysing the same and fixing liability.

The Sponsor Bank will undertake a reconciliation of Bid responses received from Stock Exchanges and sent to NPCI and will also ensure that all the responses received from NPCI are sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank will undertake reconciliation of all Bid requests and responses throughout their lifecycle on daily basis and share reports with the Book Running Lead Manager in the format and within the timelines as specified under the SEBI UPI Circulars. Sponsor Bank and issuer banks shall download UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do a three way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI is to coordinate with issuer banks and Sponsor Bank(s) on a continuous basis.

For all pending UPI Mandate Requests, the Sponsor Bank shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 12:00 pm on the first Working Day after the Bid/ Issue Closing Date ("**Cut-Off Time**"). Accordingly, UPI Bidders Bidding using through the UPI Mechanism should accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse.

The Sponsor Bank shall host a web portal for intermediaries (closed user group) from the date of Bid/ Issue Opening Date till the date of listing of the Equity Shares with details of statistics of mandate blocks/unblocks, performance of apps and UPI handles, down-time/network latency (if any) across intermediaries and any such processes having an impact/bearing on the Issue Bidding process.

Further, Intermediaries shall retain physical bid cum application forms submitted by Retail Individual Bidders with UPI as a payment mechanism, for a period of six months and thereafter forward the same to the issuer/ Registrar to the Issue. However, in case of electronic forms, "**printouts**" of such Bids need not be retained or sent to the issuer. Intermediaries shall, at all times, maintain the electronic records relating to such forms for a minimum period of three years

ELECTRONIC REGISTRATION OF BIDS

- a) The Designated Intermediary may register the Bids using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Book Building on a regular basis before the closure of the Issue.
- b) On the Bid/ Issue Closing Date, the Designated Intermediaries may upload the Bids till such time as may be permitted by the Stock Exchanges and as disclosed in the Red Herring Prospectus.
- c) Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries are given till 1:00 pm on the next Working Day following the Bid/ Issue Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Bid/ Issue Period after which the Stock Exchange(s) send the bid information to the Registrar to the Issue for further processing

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act or any other applicable law of the United States and, unless so registered, may not be Issued or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being issued and sold outside the United States in offshore transactions as defined and in compliance with Regulation S and the applicable laws of the jurisdiction where those issues and sales are made.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Important Information for Investors – Eligibility and Transfer Restrictions

Until the expiry of 40 days after the commencement of the Issue, an Issue or sale of the Equity Shares within the United States by a dealer (whether or not it is participating in the Issue) may violate the registration requirements of the U.S. Securities Act, unless made pursuant to available exemptions from the registration requirements of the U.S. Securities Act and in accordance with applicable securities laws of any state or other jurisdiction of the United States. The Equity Shares have not been recommended by any U.S. federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Draft Red Herring Prospectus or approved or disapproved the Equity Shares. Any representation to the contrary is a criminal offence in the United States. In making an investment decision investor must rely on their own examination of our Company and the terms of the Issue, including the merits and risks involved.

Eligible Investors

The Equity Shares are being issued and sold outside the United States, in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those issues and sales occur and who are deemed to have made the representations set forth immediately below.

Each purchaser that is acquiring the Equity Shares issued pursuant to the Issue outside the United States,

by a declaration included in the Bid cum Application Form and its acceptance of the Red Herring Prospectus and of the Equity Shares issued pursuant to the issue, will be deemed to have acknowledged, represented and warranted to and agreed with our Company and the BRLM that it has received a copy of the Red Herring Prospectus and such other information as it deems necessary to make an informed investment decision and that:

1. the purchaser is authorized to consummate the purchase of the Equity Shares issued pursuant to the Issue in compliance with all applicable laws and regulations;
2. the purchaser acknowledges that the Equity Shares have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and accordingly may not be Issued or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act;
3. the purchaser is purchasing the Equity Shares issued pursuant to the issue in an offshore transaction meeting the requirements of Rule 903 of Regulation S under the U.S. Securities Act;
4. the purchaser is not an affiliate of our Company or a person acting on behalf of an affiliate;
5. the purchaser agrees that neither the purchaser, nor any of its affiliates, nor any person acting on behalf of the purchaser or any of its affiliates, will make any "directed selling efforts" as defined in Regulation S under the U.S. Securities Act in the United States with respect to the Equity Shares;
6. is not acquiring the Equity Shares as a result of any "directed selling efforts" (within the meaning of Rule 902(c) under the U.S. Securities Act);
7. the purchaser acknowledges that our Company, the BRLM, their respective affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of such acknowledgements, representations and agreements deemed to have been made by virtue of its purchase of such Equity Shares are no longer accurate, it will promptly notify our Company, and if it is acquiring any of such Equity Shares as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of such account.

PARTICIPATION BY THE PROMOTERS, THE MEMBERS OF THE PROMOTER GROUP, THE BOOK RUNNING LEAD MANAGER, THE SYNDICATE MEMBER(S) AND PERSONS RELATED TO THE PROMOTERS/THE MEMBERS OF THE PROMOTER GROUP/THE BOOK RUNNING LEAD MANAGER

The Book Running Lead Manager and the Syndicate Members shall not be allowed to purchase the Equity Shares in any manner, except towards fulfilling their underwriting obligations. However, the respective associates and affiliates of the Book Running Lead Manager and the Syndicate Members may purchase Equity Shares in the Issue, either in the QIB Category, where the allocation is on a proportionate basis, or the Non-Institutional Category, as may be applicable to such Bidders, and such subscription may be on their own account or on behalf of their clients. All categories of investors, including respective associates or affiliates of the Book Running Lead Manager and Syndicate Members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Except as stated below, neither the Book Running Lead Manager nor any associate of the Book Running Lead Manager can apply in the Issue under the Anchor Investor Portion:

- (i) mutual funds sponsored by entities which are associate of the Book Running Lead Manager;
- (ii) insurance companies promoted by entities which are associate of the Book Running Lead Manager;
- (iii) AIFs sponsored by the entities which are associate of the Book Running Lead Manager; or
- (iv) FPIs (other than individuals, corporate bodies and family offices) sponsored by the entities which are associate of the Book Running Lead Manager.

Further, the Promoters and members of the Promoter Group shall not participate by applying for Equity Shares in the Issue. Further, persons related to the Promoters and the member of the Promoter Group shall not apply in the Issue under the Anchor Investor Portion.

However, a QIB who has any of the following rights in relation to our Company shall be deemed to be a person related to the Promoters or the members of the Promoter Group of our Company:

- (i) rights under a shareholders' agreement or voting agreement entered into with the Promoters or the members of the Promoter Group of our Company;
- (ii) veto rights; or
- (iii) right to appoint any nominee director on the Board.

Further, an Anchor Investor shall be deemed to be an "associate of the Book Running Lead Manager" if:

- (i) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other; or
- (ii) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or
- (iii) there is a common director, excluding nominee director, among the Anchor Investors and the Book Running Lead Manager.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which such Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its NAV in equity shares or equity-related instruments of any single company, provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIS

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents ([●] in colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents ([●] in colour). Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries.

Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorise their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) Accounts, and Eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorise their respective SCSBs (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form.

In accordance with the FEMA Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Eligible NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the SEBI UPI Circulars). Further, subject to applicable law, Eligible NRIs may use Channel IV (as specified in the SEBI UPI Circulars) to apply in the Issue, provided the UPI facility is enabled for their NRE/NRO accounts.

For details of restrictions on investment by NRIs, see *“Restrictions on Foreign Ownership of Indian Securities”* on page 377.

Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

BIDS BY HUFs

Bids by HUFs, should be made in the individual name of the Karta. The Bidder/Applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or First Bidder/Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY FPIS

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of the post- Issue Equity Share capital. Further, in terms of the FEMA Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid-up Equity Share capital of our Company. With effect from April 1, 2020, the aggregate limit by FPIs shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%. In terms of the FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non- Residents ([●] in colour).

A FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognised stock exchange in India, and/or may purchase or sell securities other than equity instruments.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

To ensure compliance with the applicable limits, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar to the Issue shall (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI, and (ii) obtain validation from Depositories for the FPIs who have invested in the Issue to ensure there is no breach of the investment limit, within the timelines for issue procedure, as prescribed by SEBI from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs, (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs, (iii) such offshore derivative instruments are issued after compliance with “know your client” norms, and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to, among others, the following conditions:

- (a) each offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and

- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Further, Bids by following FPIs, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs may not be regarded as multiple Bids:

- FPIs which utilise the multi-investment manager (“MIM”) structure.
- Offshore derivative instruments (“ODI”) which have obtained separate FPI registration for ODI and proprietary derivative investments.
- Sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration.
- FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager.
- Multiple branches in different jurisdictions of foreign bank registered as FPIs.
- Government and Government related investors registered as Category I FPIs.
- Entities registered as collective investment scheme having multiple share classes.

The Bids belonging to the aforesaid seven structures and having same PAN may be collated and identified as a single Bid in the Bidding process. The Equity Shares allotted in the Bid may be proportionately distributed to the applicant FPIs (with same PAN). In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilise any of the above-mentioned structures and indicate the name of their respective investment managers in such confirmation.

In the absence of such confirmation from the relevant FPIs, such multiple Bids shall be rejected.

BIDS BY SEBI REGISTERED AIFS, VCFS AND FVCIS

The SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs. Post the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. The SEBI FVCI Regulations prescribe the investment restrictions on FVCIs.

Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking.

The holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds in various prescribed instruments, including in initial public offerings.

Further, the shareholding of VCFs, Category I AIFs or Category II AIFs and FVCIs in a company prior to an

initial public offering being undertaken by such company, shall be exempt from lock-in requirements, provided that such equity shares shall be locked in for a period of at least six months from the date of purchase by the VCF or AIF or FVCI. However, if such VCFs, Category I AIFs or Category II AIFs and FVCIs hold individually or with persons acting in concert, more than 20% of the pre- Issue shareholding of such company, this exemption from lock-in requirements will not be applicable.

There is no reservation for Eligible NRIs, AIFs, FPIs and FVCIs. All such Bidders will be treated on the same basis with other categories for the purpose of allocation. Participation of VCFs, AIFs or FVCIs in the Issue shall be subject to the FEMA Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Our Company or the Book Running Lead Manager will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company in consultation with the BRLM reserves the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended, ("**Banking Regulation Act**"), and the Master Directions - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the banking company's paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act, (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company, (iii) hold along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank, and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap does not apply to the cases mentioned in (i) and (ii) above.

Further, the aggregate investment by a banking company in all its subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments, cannot exceed 20% of the banking company's paid up share capital and reserves.

The banking company is required to submit a time-bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make (i) investment in a subsidiary or a financial services company that is not a subsidiary (with certain exceptions prescribed), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in para 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended.

BIDS BY SCSBS

SCSBs participating in the Issue are required to comply with the terms of the circulars dated September 13, 2012 and January 2, 2013 issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such Bids.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason thereof. The exposure norms for insurers are prescribed under Regulation 9 of the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 ("**IRDAI Investment Regulations**"), and are based on investments in the equity shares of a company, the entire group of the investee company and the industry sector in which the investee company operates. Bidders are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- (a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- (b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- (c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

*The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 2,50,00,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 50,00,000 lakhs or more but less than ₹ 2,50,00,000 lakhs.

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI, from time to time, including the IRDAI Investment Regulations for specific investment limits applicable to them.

BIDS BY SYSTEMICALLY IMPORTANT NON-BANKING FINANCIAL COMPANIES

In case of Bids made by NBFC-SI, a certified copy of the certificate of registration issued by RBI, a certified copy of its last audited financial statements on a standalone basis and a net worth certificate from its statutory auditor(s), must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid, without assigning any reason thereof. NBFC-SI participating in the Issue shall comply with all applicable regulations, guidelines and circulars issued by RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

In accordance with existing regulations issued by the RBI, OCBs cannot participate in this Issue.

The above information is given for the benefit of the Bidders. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulation or as specified in the Red Herring Prospectus.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, NBFC-SI, insurance funds set up by the army, navy or air force of the India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of ₹ 2,500 lakhs (subject to applicable laws) and pension funds with a minimum corpus of ₹ 2,500 lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to accept or reject any Bid in whole or in part, in either case, without assigning any reason thereof.

Our Company, in consultation with the Book Running Lead Manager, in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form, subject to such terms and conditions that our Company, in consultation with the Book Running Lead Manager, may deem fit.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our

Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid, without assigning any reason therefor.

BIDS BY ANCHOR INVESTORS

In accordance with the SEBI ICDR Regulations, in addition to details and conditions mentioned in this section the key terms for participation by Anchor Investors are provided below. Anchor Investor Application Forms will be made available for the Anchor Investor Portion at the offices of the Book Running Lead Manager.

Except for Mutual Funds, AIFs or FPIs (other than individuals, corporate bodies and family offices) sponsored by entities which are associates of the Book Running Lead Manager or insurance companies promoted by entities which are associates of the Book Running Lead Manager, no Book Running Lead Manager or its respective associates can apply in the Issue under the Anchor Investor Portion.

Further, an Anchor Investor shall be deemed to be an “associate of the Book Running Lead Manager” if: (i) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other, or (ii) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other, or (iii) there is a common director, excluding nominee director, among the Anchor Investors and the Book Running Lead Manager.

The Bid must be for a minimum of such number of Equity Shares so that the Bid Amount exceeds ₹ 1000.00 lakhs. A Bid cannot be submitted for over 60% of the QIB Category. In case of a Mutual Fund, separate Bids by individual schemes of a Mutual Fund will be aggregated to determine the minimum application size of ₹ 1000.00 lakhs.

One-third of the Anchor Investor Portion will be reserved for allocation to domestic Mutual Funds. Bidding for Anchor Investors will open one Working Day before the Bid/ Issue Opening Date and will be completed on the same day. Our Company, in consultation with the BRLM may finalise allocation to the Anchor Investors on a discretionary basis, provided that the minimum number of Allottees in the Anchor Investor Portion will not be less than:

- (a) maximum of two Anchor Investors, where allocation under the Anchor Investor Portion is up to ₹ 1000.00 lakhs;
- (b) minimum of two and maximum of 15 Anchor Investors, where the allocation under the Anchor Investor Portion is more than ₹ 1000.00 lakhs but up to ₹ 25,000.00 lakhs, subject to a minimum Allotment of ₹ 500.00 lakhs per Anchor Investor; and
- (c) in case of allocation above ₹ 25,000.00 lakhs under the Anchor Investor Portion, a minimum of five such investors and a maximum of 15 Anchor Investors for allocation up to ₹ 25,000.00 lakhs, and an additional 10 Anchor Investors for every additional ₹ 25,000.00 lakhs, subject to minimum Allotment of ₹ 500.00 lakhs per Anchor Investor.

Allocation to Anchor Investors will be completed on the Anchor Investor Bidding Date. The number of Equity Shares allocated to Anchor Investors and the price at which the allocation is made, will be made available in the public domain by the BRLM before the Bid/ Issue Opening Date, through intimation to the Stock Exchanges.

Anchor Investors cannot withdraw or lower the size of their Bids at any stage after submission of the Bid. If the Issue Price is greater than the Anchor Investor Allocation Price, the additional amount being the difference between the Issue Price and the Anchor Investor Issue Price will be payable by the Anchor Investors on the Anchor Investor pay-in date specified in the CAN. If the Issue Price is lower than the Anchor Investor Issue Price, Allotment to successful Anchor Investors will be at the higher price.

50% of the Equity Shares Allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period of 90 days from the date of Allotment and the remaining 50% shall be locked in for a period of 30 days from the date of Allotment.

Bids made by QIBs under both the Anchor Investor Portion and the QIB Category will not be considered multiple Bids.

INFORMATION FOR BIDDERS

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options are not considered as multiple Bids. It is the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/Allotted. Such acknowledgement slip will be non-negotiable and by itself will not create any obligation of any kind. When a Bidder revises his or her Bid, he /she shall surrender the earlier acknowledgement slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid.

In relation to electronic registration of Bids, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the Book Running Lead Manager are cleared or approved by the Stock Exchanges, nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company, nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Red Herring Prospectus, nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

GENERAL INSTRUCTIONS

Please note that QIBs and Non-Institutional Bidders are not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of quantity of Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders can revise their Bid(s) during the Bid/ Issue Period and withdraw their Bid(s) until Bid/ Issue Closing Date. Anchor Investors are not allowed to withdraw or lower the size of their Bids after the Anchor Investor Bidding Date.

Do's:

1. Check if you are eligible to apply as per the terms of the Red Herring Prospectus and under applicable law, rules, regulations, guidelines and approvals;
2. Ensure that you have Bid within the Price Band;

3. Ensure that you (other than the Anchor Investors) have mentioned the correct ASBA Account number (for all Bidders other than UPI Bidders Bidding using the UPI Mechanism) in the Bid cum Application Form and such ASBA account belongs to you and no one else. Further, UPI Bidders using the UPI Mechanism must also mention their UPI ID and shall use only their own bank account which is linked to their UPI ID;
4. UPI Bidders Bidding using the UPI Mechanism shall ensure that the bank, with which they have their bank account, where the funds equivalent to the application amount are available for blocking is UPI 2.0 certified by NPCI before submitting the ASBA Form to any of the Designated Intermediaries;
5. UPI Bidders Bidding using the UPI Mechanism through the SCSBs and mobile applications shall ensure that the name of the bank appears in the list of SCSBs which are live on UPI, as displayed on SEBI website. UPI bidders shall ensure that the name of the app and the UPI handle which is used for making the application appears on the list displayed on SEBI website. An application made using incorrect UPI handle or using a bank account of an SCSB or bank which is not mentioned on SEBI website is liable to be rejected;
6. Read all the instructions carefully and complete the Bid cum Application Form in the prescribed form;
7. Ensure that the details about the PAN, DP ID, Client ID and UPI ID (where applicable) are correct and the Bidders depository account is active, as Allotment of the Equity Shares will be in dematerialised form only;
8. Ensure that your Bid cum Application Form bearing the stamp of a Designated Intermediary is submitted to the Designated Intermediary at the Bidding Centre within the prescribed time. UPI Bidders using UPI Mechanism, may submit their ASBA Forms with Syndicate Members, Registered Brokers, CRTAs or CDPs and should ensure that the Bid cum Application Form contains the stamp of such Designated Intermediary;
9. In case of joint Bids, ensure that First Bidder is the ASBA Account holder (or the UPI-linked bank account holder, as the case may be) and the signature of the First Bidder is included in the Bid cum Application Form;
10. If the First Bidder is not the ASBA Account holder (or the UPI-linked bank account holder, as the case may be), ensure that the Bid cum Application Form is signed by the ASBA Account holder (or the UPI linked bank account holder, as the case may be). Bidders (except UPI Bidders Bidding using the UPI Mechanism) should ensure that they have an account with an SCSB and have mentioned the correct bank account number of that SCSB in the Bid cum Application Form. UPI Bidders Bidding using the UPI Mechanism should ensure that they have mentioned the correct UPI-linked bank account number and their correct UPI ID in the Bid cum Application Form;
11. All Bidders (other than Anchor Investors) should submit their Bids through the ASBA process only;
12. Ensure that the name(s) given in the Bid cum Application Form is/are exactly the same as the name(s) in which the beneficiary account is held with the Depository Participant. In case of joint Bids, the Bid cum Application Form should contain only the name of the First Bidder whose name should also appear as the first holder of the beneficiary account held in joint names;
13. Ensure that you request for and receive a stamped acknowledgment in the form of a counterfoil or by specifying the application number for all your Bid options as proof of registration of the Bid cum Application Form from the concerned Designated Intermediary;
14. Ensure that you have funds equal to the Bid Amount in the ASBA Account maintained with the SCSB before submitting the Bid cum Application Form under the ASBA process to any of the Designated Intermediaries;
15. Submit revised Bids to the same Designated Intermediary, through whom the original Bid is placed and obtain a revised acknowledgment;
16. Except for Bids (i) on behalf of the Central or State Governments and the officials appointed by the courts, who, in terms of a SEBI circular dated June 30, 2008, may be exempt from specifying their

PAN for transacting in the securities market, (ii) Bids by persons resident in the state of Sikkim, who, in terms of a SEBI circular dated July 20, 2006, may be exempted from specifying their PAN for transacting in the securities market, and (iii) any other category of Bidders, including without limitation, multilateral/bilateral institutions, which may be exempted from specifying their PAN for transacting in the securities market, all Bidders should mention their PAN allotted under the IT Act. The exemption for the Central or the State Government and officials appointed by the courts and for investors residing in the State of Sikkim is subject to (a) the Demographic Details received from the respective depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in “active status”; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same. All other applications in which PAN is not mentioned will be rejected;

17. Ensure that the Demographic Details are updated, true and correct in all respects;
18. Ensure that thumb impressions and signatures other than in the languages specified in the Eighth Schedule to the Constitution of India are attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal;
19. Ensure that the category and the investor status is indicated in the Bid cum Application Form to ensure proper upload of your Bid in the electronic Bidding system of the Stock Exchanges;
20. Ensure that in case of Bids under power of attorney or by limited companies, corporates, trust etc., relevant documents, including a copy of the power of attorney, are submitted;
21. Ensure that Bids submitted by any person outside India should be in compliance with applicable foreign and Indian laws;
22. Bidders (except UPI Bidders Bidding using the UPI Mechanism) should instruct their respective banks to release the funds blocked in the ASBA Account under the ASBA process. UPI Bidders Bidding using the UPI Mechanism, should ensure that they approve the UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to application amount and subsequent debit of funds in case of Allotment, in a timely manner;
23. Note that in case the DP ID, Client ID and the PAN mentioned in their Bid cum Application Form and entered into the online IPO system of the Stock Exchanges by the relevant Designated Intermediary, as the case may be, do not match with the DP ID, Client ID and PAN available in the Depository database, then such Bids are liable to be rejected;
24. Ensure that while Bidding through a Designated Intermediary, the Bid cum Application Form (other than for Anchor Investors and Retail Individual Bidders) is submitted to a Designated Intermediary in a Bidding Centre and that the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has named at least one branch at that location for the Designated Intermediary to deposit ASBA Forms (a list of such branches is available on the website of SEBI at www.sebi.gov.in);
25. Ensure that you have correctly signed the authorisation/undertaking box in the Bid cum Application Form, or have otherwise provided an authorisation to the SCSB via the electronic mode, for blocking funds in the ASBA Account equivalent to the Bid Amount mentioned in the Bid cum Application Form at the time of submission of the Bid;
26. UPI Bidders Bidding using the UPI Mechanism shall ensure that details of the Bid are reviewed and verified by opening the attachment in the UPI Mandate Request and then proceed to authorise the UPI Mandate Request using their UPI PIN. Upon the authorisation of the mandate using their UPI PIN, the UPI Bidder may be deemed to have verified the attachment containing the application details of the UPI Bidder Bidding using the UPI Mechanism in the UPI Mandate Request and have agreed to block the entire Bid Amount and authorised the Sponsor Bank to issue a request to block the Bid Amount mentioned in the Bid Cum Application Form in their ASBA Account;
27. UPI Bidders Bidding using the UPI Mechanism should mention valid UPI ID of only the Bidder (in case of single account) and of the First Bidder (in case of joint account) in the Bid cum Application Form;

28. UPI Bidders Bidding using the UPI Mechanism, who have revised their Bids subsequent to making the initial Bid, should also approve the revised UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to the revised Bid Amount in their account and subsequent debit of funds in case of allotment in a timely manner;
29. Bids by Eligible NRIs, HUFs and FPIs other than individuals, corporate bodies and family offices, for a Bid Amount of less than ₹200,000 would be considered under the Retail Category for the purposes of allocation and Bids for a Bid Amount exceeding ₹200,000 would be considered under the Non-Institutional Category for allocation in the Issue;
30. Ensure that Anchor Investors submit their Bid cum Application Forms only to the Book Running Lead Manager;
31. Ensure that you have accepted the UPI Mandate Request received from the Sponsor Bank prior to 12:00 p.m. of the Working Day immediately after the Bid/ Issue Closing Date; and
32. FPIs making MIM Bids using the same PAN, and different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment.

The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India, earlier known as Department of Industrial Policy and Promotion (“**DPIIT**”) issued the Consolidated FDI Policy Circular of 2020 (“**FDI Policy**”) by way of circular bearing number DPIIT file number 5(2)/2020-FDI Policy dated October 15, 2020, which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI Policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI. For further details of the aggregate limit for investments by NRIs and FPIs in our Company, please see “**Issue Procedure**” on page 351.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. For further details, see the chapter titled “**Issue Procedure**” beginning on page 351.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the FEMA Non-Debt Instruments Rules, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government of India, as prescribed in the FDI Policy and the FEMA Non-Debt Instruments Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made similar amendment to the FEMA Rules. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Issue in writing about such approval along with a copy thereof within the Issue Period.

The Equity Shares have not been and will not be registered under the U.S. Securities Act or any other applicable law of the United States and, unless so registered, may not be Issued or sold within the United

Subject to the provisions of Section 40 (6) of the Act, the Company may at any time pay a commission to any person in consideration of his subscribing or agreeing, to subscribe (whether absolutely or conditionally) for any shares or debentures in the Company, or procuring, or agreeing to procure subscriptions (whether absolutely or conditionally) for any shares or debentures in the Company but so that the commission shall not exceed the maximum rates laid down by the Act and the rules made in that regard. Such commission may be satisfied by payment of cash or by allotment of fully or partly paid shares or partly in one way and partly in the other.	Commission
37.	The Company may pay on any issue of shares and debentures such brokerage as may be reasonable and lawful.	Brokerage
	CALLS	
38.	(a) The Board may, from time to time, subject to the terms on which any shares may have been issued and subject to the conditions of allotment, by a resolution passed at a meeting of the Board and not by a circular resolution, make such calls as it thinks fit, upon the Members in respect of all the moneys unpaid on the shares held by them respectively and each Member shall pay the amount of every call so made on him to the persons and at the time and places appointed by the Board. (b) A call may be revoked or postponed at the discretion of the Board. (c) A call may be made payable by instalments.	Directors may make calls
39.	Fifteen days' notice in writing of any call shall be given by the Company specifying the time and place of payment, and the person or persons to whom such call shall be paid.	Notice of Calls
40.	A call shall be deemed to have been made at the time when the resolution of the Board of Directors authorising such call was passed and may be made payable by the members whose names appear on the Register of Members on such date or at the discretion of the Directors on such subsequent date as may be fixed by Directors.	Calls to date from resolution
41.	Whenever any calls for further share capital are made on shares, such calls shall be made on uniform basis on all shares falling under the same class. For the purposes of this Article shares of the same nominal value of which different amounts have been paid up shall not be deemed to fall under the same class.	Calls on uniform basis
42.	The Board may, from time to time, at its discretion, extend the time fixed for the payment of any call and may extend such time as to all or any of the members who on account of the residence at a distance or other cause, which the Board may deem fairly entitled to such extension, but no member	Directors may extend time

	shall be entitled to such extension save as a matter of grace and favour.	
43.	If any Member fails to pay any call due from him on the day appointed for payment thereof, or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board not exceeding 10% per annum but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such member.	Calls to carry interest
44.	If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by instalments at fixed time (whether on account of the amount of the share or by way of premium) every such amount or instalment shall be payable as if it were a call duly made by the Directors and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or instalment accordingly.	Sums deemed to be calls
45.	On the trial or hearing of any action or suit brought by the Company against any Member or his representatives for the recovery of any money claimed to be due to the Company in respect of his shares, if shall be sufficient to prove that the name of the Member in respect of whose shares the money is sought to be recovered, appears entered on the Register of Members as the holder, at or subsequent to the date at which the money is sought to be recovered is alleged to have become due on the share in respect of which such money is sought to be recovered in the Minute Books: and that notice of such call was duly given to the Member or his representatives used in pursuance of these Articles: and that it shall not be necessary to prove the appointment of the Directors who made such call, nor that a quorum of Directors was present at the Board at which any call was made was duly convened or constituted nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debt.	Proof on trial of suit for money due on shares
46.	Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereunder nor the receipt by the Company of a portion of any money which shall from time to time be due from any Member of the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall preclude the Company from thereafter proceeding to enforce forfeiture of such shares as hereinafter provided.
