SECTION III – RISK FACTORS

RISK FACTORS

An investment in equity involves a high degree of risk. Investors should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties described below, before making an investment in our equity shares. Any of the following risks as well as other risks and uncertainties discussed in this Draft Prospectus could have a material adverse effect on our business, financial condition and results of operations and could cause the trading price of our Equity Shares to decline, which could result in the loss of all or part of your investment. In addition, the risks set out in this Draft Prospectus may not be exhaustive and additional risks and uncertainties, not presently known to us, or which we currently deem immaterial, may arise or become material in the future. Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other risks mentioned herein.

The Draft Prospectus also contains forward looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in the Draft Prospectus.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some events may not be material individually but may be found material collectively.
2. Some events may have material impact qualitatively instead of quantitatively.
3. Some events may not be material at present but may be having material impact in the future.

Note:

The risk factors are disclosed as envisaged by the management along with the proposals to address the risk if any. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks described in this section.

In this Draft Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “RISK FACTORS” and elsewhere in this Draft Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in our restated financial statements prepared in accordance with Indian GAAP.

Unless otherwise specifically provided in the respective Risk factors given below, the amounts of impact of risks specified hereunder, on our financial conditions, are not quantifiable.

INTERNAL RISK FACTORS:

- 1. Approximately 20% of our total business volume comes from our business partners i.e. franchisees. Any changes in our relationships with our business partners or non-adherence to prescribed service standards, payment default or other contractual breaches or irregularities may adversely affect our business, results of operations and prospects.**

Our business model is currently mainly divided into two parts viz. marketing through internal team appointed for the purpose and through franchisee network. Of these, we mainly derive revenue from our franchisees network. Presently, we have 17 franchisees. We can give no assurance that the performance of such franchisees will meet our required specifications or performance parameters.

Further, non-adherence to prescribed service standards, payment default or other contractual breaches or irregularities on the part of any our franchisee may adversely affect our business, results of operations and prospects.

2. Any inability on the Company's part or on the part of its franchisees, direct sales agents and dealers to continue to use, or adequately protect, its intellectual property or proprietary data, may adversely affect the Company's business, results of operations and prospects.

While copyright registration is not a prerequisite under Indian law for acquiring or enforcing a copyright, such registration creates a presumption favouring ownership of the copyright by the registered owner. The remedies available under the Copyright Act for infringement of a registered copyright include damages, accounts of profits, injunction, delivery, etc. of infringing copies to the copyright owner, as well as fines and imprisonment.

The Olympiads or test prep course material and the content as the Company provide to the test prep students, as well as titles published under the Company's Publications brand, are prepared after analysis and research by Company's in-house content development team, supported by independent content providers retained on short-term as well as long-term contracts from time to time. Due to the standardized nature of course material for standardized tests as well as annual or periodic revisions in test patterns and curriculum, it may not be possible or feasible in many instances for the Company to obtain copyright registration for such content. Therefore, the Company currently rely on common law copyright protection rather than the protection of statutory law for registered copyrights. The Company has no system or mechanism to track or restrict the sale, duplication or onward dissemination of such course materials and content (including by its current or former students or faculty). As a result, while the Company is unable to quantify the implication of its reliance on common law protection for its course materials and content, it believe that the Company's course material and content may be easily accessed, plagiarized and distributed by third parties, which may adversely affect Company's business, results of operations and prospects.

Additionally, if a dispute arises with respect to any of the Company's intellectual property rights or proprietary information, the Company will be required to produce evidence to defend or enforce its claims. The Company's efforts to protect its intellectual property or proprietary information, particularly in the absence of registration, may not be adequate to detect or prevent infringement, misappropriation, or unauthorized use. The misappropriation or duplication of its intellectual property or proprietary information may disrupt its business, distract management and employees, reduce revenues and increase expenses, or it may become subject to infringement claims. Even if claims against the Company are not meritorious, any legal, arbitral or administrative proceedings that the Company may be required to initiate or defend in this relation may be time consuming and costly, and there is no assurance that such proceedings will be ultimately determined in its favour.

3. The course study material prepared by us for our students may be plagiarized, which may have a material adverse effect on our business and results of operations.

The company's business is on the conduct of Olympiads in India and has tie up with various educational institutions to conduct them for their students. Providing study materials to such students who intend to undergo the Olympiads being conducted by us is one of the significant sources of revenue for us. Though, since incorporation of our company, we have not come across any incident of plagiarizing as we enter into an understanding with administrators of concerned educational institutes to prevent plagiarizing of our study materials, yet possibility of the same cannot still be ruled out. Plagiarizing of our study materials, if any, may have a material adverse effect on our business and results of operations.

4. Our Company does not own any of the trademarks for the logos representing a particular product (or) the trademark of word "Humming Bird". In case we are not availing registration for the Trademark, its business and brand/reputation might suffer as we depend on our brand names and logos that we may not be able to protect and/or maintain. We have a number of logos which are being used for our business purpose but the trade mark registrations for the same are yet to be obtained.

Our Company has not applied for the registration of the any trademarks under which it carry on its business. These have not been applied as on the date of filing this Draft Prospectus. If the application towards Trademark registration is neither applied nor approved or if any third parties challenge the validity or scope of this application, the Company may need to change its logo. In the event that if the

Company is not granted registration for the trademark or if the third parties challenge the validity or scope of this application, the Company may not have a strong recourse to legal proceedings to protect its trademark which could have an adverse effect on our business. In such a scenario, we may be also be required to invest significant resources in developing new brands or logos, which could materially and adversely affect our business, financial condition, results of operations and prospects. For details on the classes under which the Trademark applications have been made and other details please refer to the section titled "Government Approvals" beginning on Page no 178 of the Draft Prospectus.

5. We have experienced negative cash flows in previous years / periods. Any operating losses or negative cash flows in the future could adversely affect our results of operations and financial condition.

Our Company had negative cash flows from our operating activities, investing activities as well as financing activities in the previous years as per the Restated Financial Statements and the same are summarized as under.

(Amt. in Rs. Lakhs)

Particulars	For the year ended/period on			
	September 30, 2018	March 31, 2018	March 31, 2017	March 31, 2016
Net Cash Generated from Operating Activities	46.20	(10.49)	33.65	1.54
Net Cash Generated From Investing Activities	(0.45)	(0.24)	(0.88)	(10.85)
Net Cash Generated from Financing Activities	29.00	(0.86)	(6.86)	6.88

6. Certain qualification have been made by our Peer Review Auditors in their report on the Restated Financial Statements

Our Peer Review Auditors have made the following observations in their report on the Restated Financial Statements:

a. The Company during the Financial year 2016-17 entered into a Non cash transaction of Rs. 5,00,000/- as on 30-01-2017 where the company repaid loan from director by Equivalent Value of Gold . The transaction is violation of Sec. 192 of The Company Act 2013;

b. During the earlier periods, the company had not complied with requirements of AS-15 as per Section 129(1) of the Companies Act, 2013. However, the Company has since complied with the relevant requirements in its restated financials.

Although no show cause notice in respect of afore-mentioned instances has been received by the Company till date yet any penalty imposed for these instances in future by any regulatory authority could affect our financial conditions to that extent.

7. As of March 31, 2018, our maximum centres were being operated through franchisee arrangements, leading to limited control by us on the operations and the risk of discontinuation of the Franchisees, which may impact our reputation, business and financial conditions adversely.

Approximately 20% of our total business volumes comes from our franchisee network. Such franchisees are independent third parties over which we have little control. Additionally, we do not have any non-compete agreement with such franchisees and in the event where such franchisees enter into agreements with our competitors, we may not be able to take any action against them.

Further, we may be restricted from directly involving ourselves in marketing services in certain cities where these franchisees are located. As a result, our growth, results of operations and the integrity of our brand name in these areas is dependent on the performance and continuity of these franchisees.

Though we are in process of implementing additional internal controls so as to enable us to duly safeguard our interests, sale through franchisees shall continue to dominate our marketing strategy in near future keeping us exposed to reputation, business and financial risks associated with franchisee network.

8. Our business requires us to obtain and renew certain registrations, licenses and permits from government and regulatory authorities and the failure to obtain and renew them in a timely manner may adversely affect our business operations.

Our business operations are required to obtain various regulatory and other approvals and registrations for our offices, goods & services we are supplying from time to time, including but not limited to shops and commercial establishments' registrations for Olympiads or the test prep centres operated by the Company directly or indirectly (if any) through franchisee business model and the registrations with the relevant tax and labour authorities. The Company has recently applied under Delhi Shops & Establishment Act, 1954 for its registered office and is yet to obtain registrations under the relevant legislations for its owned centres, corporate office.

Also, our Company is required to comply with various rules & regulations in connection with publication of books/study material which specifies the actual way of operating any establishment and printing & publication of any kind of book/study material. Many of these approvals require renewal from time to time. Though the application for renewal of existing licenses/approvals will be made to the respective authorities as and when required, there can be no assurance that the relevant authority will renew any of such licenses/approvals. If the Company does not receive the requisite approvals/licenses, its operations may be adversely affected.

Further, certain statutory and regulatory authority may put certain terms and conditions, which are required to be complied with by us. Any default by our Company in complying with the same, may result in inter alia the cancellation of such licenses, consents, authorizations and/or registrations, which may adversely affect our operations. For more information on the various statues applicable to our company, please refer section titled "ABOUT US-KEY INDUSTRY REGULATIONS" appearing on page no 98 of this Draft Prospectus.

9. Most of the immovable properties used by us directly or through our business partners are leased. If we or our business partners are unable to renew existing leases or relocate operations on commercially reasonable terms, there may be an adverse effect on our business, results of operations and prospect.

Our all offices including 1 Registered Office, 1 Corporate Office, 3 International Office and 16 Domestic Franchisees are established by the Company directly on lease agreements (or) indirectly operative through the franchisee(s), which generally are for a term of 11 months. Further, the Registered Office of the Company is taken from one of the Promoter/Director of the Company Mr. Narender Kumar Jain and a NOC is obtained from for the same. .

There can be no assurance that our Company or the franchisee(s) will, in the future, be able to retain and renew the leases or licenses for the existing locations on same or similar terms, or will be able to find alternate locations for the existing offices and operating locations on similar terms favorable to the Company, or at all. The Company may also fail to negotiate the renewal of its leases agreements for its premises, either on commercially acceptable terms or at all, which could result in increased rental rates for subsequent renewals or searching of new premises, or to close facilities in desirable locations, affecting its financial condition and operations. In the event that the existing rent agreements are terminated or they are not renewed on commercially acceptable terms, Our Company may suffer a disruption in its operations which could materially and adversely affect its business, financial condition and results of operations.

In addition, many of these rental properties have one or more irregularities of enforceability, such as non-registration of lease or license arrangements, inadequate payment of stamp duty, non-specification of lease period etc., which may affect the evidentiary value of the relevant lease or license agreements in specific performance or other injunctive procedures in a court of law, and could impair the Company's operations. Further, it may result in levy of penal charges, in case cognizance being taken by concerned Authorities.

For further details, please see the section “ABOUT US- BUSINESS OVERVIEW” beginning on page no 90 of the Draft Prospectus. We have been operating through the present registered office for a period of time and the lease for the same have been renewed periodically. Further, we do not foresee any problem in renewing the same in near future.

10. If we are unable to maintain and increase our franchisee network for the distribution of our products, our business, results of operations and financial condition could be adversely affected.

In most of the markets in which we have a presence, we generally appoint a local third party entity i.e. franchisee who distributes our products. We have limited control over the operations and businesses of such local third party entities. We cannot assure you that we will be able to successfully identify or appoint new franchisees or effectively manage our existing franchisee network. If the terms offered to such franchisees by our competitors are more favourable than those offered by us, franchisees may decline to distribute our products and terminate their arrangements with us. We may be unable to appoint replacement franchisees in a timely manner, or at all, which may reduce our sales volumes and adversely affect our business, results of operations and financial condition. Further, our competitors may have exclusive arrangements with their franchisees and such franchisees may not be able to distribute our products, which may limit our ability to expand our distribution network. While we offer our franchisees certain incentive schemes to distribute our products, we may not be able to effectively implement them across our distribution network. Any failure on our part to maintain and increase the number of our arrangements for the distribution of our products may adversely affect our business, results of operations and financial conditions.

11. We have not obtained Importer-Exporter Code in respect of export activities and therefore may be subjected to consequential penalties

Though we are exporting our services to entities based outside India, yet we have not obtained Importer-Exporter Code from Directorate General of Foreign Trade. Consequently, we may be liable for imposition of certain penalties and/or other regulatory actions pursuant to the applicable provisions of the Foreign Exchange Management Act, 1999 (“FEMA”) and/or other statutory enactments.

12. Our inability to cater to and suitably update and enhance the depth of our course and product offerings may adversely affect our revenues and, thus, our business, results of operations and prospects

We are hired by our customers i.e. educational institutes for the quality of our product offering i.e. our study material and quality of our question papers designed to assess the knowledge level of examinees. While we always make best of our efforts to always provide our customers with newer and enriched products offerings yet our failure to introduce innovative products on an on-going basis or to anticipate or to respond adequately to changing client requirements could adversely affect our business and financial results.

13. Our ability to retain the present number of students serviced by us and attract new students is heavily dependent upon various factors including our reputation and our ability to maintain a high level of service quality. Any failure by us to retain or attract students may impact its business and revenues.

We believe that our strong brand reputation has helped us to attract and retain our students. As a result, our reputation and perception of our brands are critical to our business. Our business heavily relies on our reputation, quality and popularity of our product, our visibility and perception amongst students. Therefore, It is important that we retain the trust placed on us by our students. At the same time we must also continue to attract more number of customers at a consistent rate.

Though, we attempt to retain our position by maintaining and improve our product offerings yet failure on our part to maintain and enhance our reputation or product quality and services may act as a hindrance in attainment of our students’ retention and addition objectives which in turn may adversely impact our business and revenues.

14. Insurance coverage obtained by us may not adequately protect us against unforeseen losses.

We have maintained insurance coverage of our assets as specified in section titled “About Us-Business Overview-Insurance Policies” on page no 96 of this Draft Prospectus. However, we have not obtained some important insurance policies like Keyman Insurance Policy, Standard Fire, Perils and Burglary Policy for Office premises, Mediclaim & Employee Compensation Policy, Data Breach Coverage, Data Servers Protection Policy and ECGC Cover Policy for Export Goods Creditors etc. Further, there can be no assurance that any claim under the existing insurance policies being maintained by us will be met fully, in part or on time. In the event we suffer loss or damage that is not covered by insurance or exceeds our insurance coverage, our results of operations and cash flow may be adversely affected.

Further, though we have entered into term contracts with few of our franchisee holders, yet no risk coverage has been taken for any third party liability. In case of any mishap, the liability and the benefit, if not covered under the policy or which is not being claimed by the contracted party (franchisee) may result in an unforeseeable loss.

15. Termination of agreements/arrangements with Customers, could negatively impact our revenues and profitability.

Our customers typically retain us on a non-exclusive basis. Many of our client contracts can be terminated with or without providing any prior notice. Additionally, most of our clients carry no commitment to a specific volume of business or future work. Our business is dependent on the decisions and actions of our customers, and there are a number of factors relating to our clients that are outside our control that might result in the termination of an assignment or the loss of a client. Our business may be adversely affected if any of our contracts are terminated by our customers.

16. Our business is linked to the academic cycle and is, therefore, seasonal in nature. Accordingly, half year to half year comparisons of our enrolments and cash flows may not be meaningful.

Our company is working in education sector and demand for our product offerings is subject to academic schedule being followed in different educational institutes. The period during which our business may experience higher revenues varies from season to season depending upon school holidays, festive seasons and/or internal assessment schedules of the educational institutions. Whereas during the period encompassing school holidays, festive seasons and/or internal assessments etc. the demand for our services is low, the demands for our services remain steady during the remaining period. Accordingly, our revenue in one half may not accurately reflect the revenue trend for the whole financial Year. The priorities of education sector and its impacts on our business activities may cause fluctuations in our results of operations and financial conditions.

17. While we are currently not subject to extensive Governmental regulation, any regulatory or legal framework introduced in the future may increase our compliance requirements and costs, which may adversely affect our business, results of operations and prospects. However, to run our business, we require certain regulatory permits and approval to operate.

At present, the segments in which we operate are not subject to extensive Government regulation. While we are not in a position to predict the likelihood, timing or content of any such regulation or legislation, if any such regulation or legislation is notified, we may be affected in various ways. However, we have obtained all permits and licenses, which are adequate to run our business. Further, some of these approvals are granted for fixed periods of time and need renewal from time to time. We are required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all. Failure by us to renew, maintain or obtain the required permits or approvals in time may result in the interruption of our operations and may have a material adverse effect on our business.

18. Our Company has not complied with certain statutory provisions of the Companies Act, 2013 and other statutes. Such non-compliances / lapses may attract penalties and prosecution against the Company and its directors which could impact the financial position of the company to that extent.

Our Company has not complied with certain statutory provisions of the Companies Act, 2013 as are listed hereinafter:

- (a) During the initial years of our operations, we could not have submitted our annual returns and other relevant documents with the concerned Registrar of Companies (ROC) on time in respect of financial years 2010-11, 2011-12 and 2012-13. However, the company had availed the benefit of Company Law Settlement Scheme, 2014 by submitting all the relevant documents with ROC and was consequentially granted a certificate of immunity.
- (b) Company had made erroneous filing of e-form MGT-14 vide SRN H34238592 dated December 12th, 2018 for approval of the Initial Public Issue, for which revised e-form MGT-14 have been filed vide SRN H42599910 dated January 21st, 2019.
- (c) In case of a secured loan amounting to Rs.4,50,000/- against a motor vehicle which has been repaid in full, relevant forms relating to creation and satisfaction of charge has not been filed with the concerned Registrar of Companies.
- (d) There has been change in the constitution of the Auditor's firm of the Company from Proprietor to Partnership, due to internal re-structuring of the Auditor's firm, the Form ADT-1 for rectification of the name of the firm is pending for filing by the Company as on the date of this Draft Prospectus.
- (e) Certain of Our Company's agreements, including, but not limited to, franchisee business agreement, rent agreement, etc. may not have been adequately stamped or registered under Indian Stamp laws. In the event of any such irregularity, the Company may not be able to enforce its rights under such agreements, businesses or properties in the event of a dispute with a third party.
- (f) Though the Company was required to get itself registered and pay tax in accordance with the relevant provisions of erstwhile Service Tax Act, 1994 (due to turnover in excess of basic exemption limit for the financial year 2012-13 onwards), yet the Company had neither obtained registration nor paid any Service Tax or GST till November 15th, 2018; and
- (g) Also in some cases the forms have been filed belatedly with ROC for which delayed fees has been paid by the Company.

Although no show cause notice have been issued in respect of aforementioned instances against the Company till date, in the event of any cognizance being taken by the concerned authorities in respect of above, penal actions may be taken against the Company and its directors, in such events the financials of our Company shall be affected.

19. The laws of various countries govern our contracts and disputes arising from such contracts may be subject to the exclusive jurisdiction of courts situated in such countries.

We have entered into contracts with several entities located outside Indian territory. Such contracts may be governed by the laws of countries in which such foreign entities are so located. Lawsuits with respect to disputes arising out of such contracts may be instituted in courts situated outside India, and it may become unfeasible for our Company to manage such litigation or obtain enforcement of awards made in such suits. Further, we may also incur significant litigation costs as a result of pursuing dispute resolution mechanisms outside India.

20. Any disruption in our information technology systems may adversely affect our business, results of operations and prospects.

We depend extensively on the capacity and reliability of our information technology systems, which are subject to damage or incapacitation by natural disasters, human error, power loss, sabotage, computer viruses, hacking, acts of terrorism and similar events or the loss of support services from third parties. Considering the nature of our business and the industry in which we operate, it is imperative for us to have a robust information technology platform. If our data capturing, processing and sharing cannot be integrated and/ or we experience any defect or disruption in the use of, or damage to, our information technology systems, it may adversely affect our operations and thereby our business and financial condition.

21. The publication and content development is subject to several risks, including in relation to distribution and research. If any such risks materialize, our business, results of operations and prospects may be adversely affected.

The publication and content development is an incidental activity to our business, conducted under the Company's brand, its own publication house internally, exposes the Company to certain risks inherent to such business, including as described below, which may adversely affect our business, results of operations and prospects:

- The Company rely on an extensive network of franchisees and direct sales agents for the sale and circulation of its publications and test series.. The Company supply its titles to franchisees and direct sales agents/dealers as per their demands, and they distribute its publications directly. The Company's inability or delay in providing books to franchisees and direct sales agents/dealers could result in delay or inability to sell its titles to retail customers, thereby affecting sales returns and inventory;
- The franchisees and direct sales agents/dealers are retained on an exclusive basis and they also distribute publications for the Company's competitors. If the competitors provide better commissions or incentives to our franchisees and direct sales agents/ dealers, it may result in their favoring the competitors over the Company. Additionally, if the Company is unable to engage franchisees and direct sales agents/dealers on mutually agreeable terms to distribute and sell the Company's publications and conduct of tests it may significantly disrupt the supply of Company's publications to its customers which may lead to a decline in the reach of the publications and adversely affect the business and financial condition;
- The Company may be significantly impacted by students' price-sensitivity as well as significant price competition from the competitors of the Company.

22. Our Company depend on its brand recognition. Its ability to retain the present number of schools / colleges / universities / institutes serviced by it and attract new schools / colleges / universities / institutes depends upon various factors including its reputation and its ability to maintain a high level of quality of its products and services at competitive prices. Any failure by the Company to retain or attract schools / colleges / universities / institutes may impact our business and revenues.

Our Company believes that brand recognition is important for its business due to relatively low barriers of entry in its market. Company's business heavily relies on its reputation as well as the quality and popularity of the products and services provided by it and its visibility and perception amongst schools / colleges / universities / institutes. Our Company's attempt to retain its position in the industry in which it operate and further build its reputation by maintaining quality and constantly striving to improve its value proposition to customers. As the market becomes increasingly competitive, maintaining and enhancing our Company's brand will become critical to ensure that it continues to remain a competitive products and services provider relating to education solutions.

Our Company has gained trust of its customers and have built up its reputation with time through its consistent endeavour to serve the needs of its customers in a timely manner and in the best possible way. It is important that our Company retain this trust placed by the schools/colleges/ universities / institutes on the quality of its products & services. Our Company must also continue to attract new

colleges/universities/institutes and increase the number of colleges/universities/institutes serviced by it at a consistent rate.

Prospective clients gain awareness of our Company's products and services through interactions with its existing clients. While our Company still believe that it has achieved reasonable scale in its business, any decrease in the number of colleges/universities/institutes which avail its products and services or delay in its expansion plans may lead to slowdown in its growth and scale. If our clients are consistently provided with inaccurate or out-dated products and services, or are provided with sub-standard products and services, they may become dissatisfied with the quality of the products and services provided by us which may in turn dilute the Company's branding and materially adversely affect its reputation and consequently its business.

Failure to maintain and enhance the Company's reputation or any actual or perceived reasons leading to reduction of benefits from its products and services by the colleges/universities/institutes or any negative publicity against us may adversely impact its ability to retain and attract new colleges/universities/institutes which shall consequently affect the brand reputation and consequently its business and results of operations.

23. If we are unable to source business opportunities effectively, we may not achieve our financial objectives.

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees, expand our distribution channel and to implement systems capable of effectively accommodating our growth. However, we cannot assure that any such employees or distributors will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analysis of market conditions and other data or the strategies that we may use in future to use will be successful under various market conditions.

24. Our Company has entered into certain related party transactions and may continue to do so in the future.

Our Company has entered into few related party transactions with our Promoters, Directors, Promoter Group and/or promoter entities last three years. While our Company believes that all such transactions have been conducted on the arm's length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that our Company will enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operation. For details, please refer to section titled "Financial Statements" beginning on page no 129 of this Draft Prospectus.

25. Our Promoters and members of the Promoter Group will continue jointly to retain majority control over our Company even after the Issue which will allow them to determine the outcome of matters submitted to shareholders for approval.

Post this Issue, our Promoters and Promoter Group will collectively own 73.41% of our post issue equity share capital. As a result, our Promoters, together with the members of the Promoter Group, will continue to exercise a significant degree of influence over the Company and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act, 2013 and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company.

In addition, our Promoters will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or other shareholders,

and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

26. Our Promoters play key role in our functioning and we heavily rely on their knowledge and experience in operating our business and therefore, it is critical for our business that our Promoters remain associated with us.

Through this issue Our Company propose to get listed on the SME Platform of BSE and further increase its asset base in order to take the Company to the next level of operational and financial strength. Our Company will be severely dependent on its promoters to effectively implement its growth strategies.

Our Promoters have been actively involved in the day to day operations and management. Accordingly, our performance is heavily dependent upon the services of our Promoters. If our Promoters is unable or unwilling to continue in their present position, we may not be able to replace them easily or at all. Financial impact of the aforesaid risk cannot be reasonably quantified.

27. Our success depends largely on our senior management and our ability to attract and retain our key personnel.

Our success depends on the continued services and performance of our key employees. Competition for senior employees in the industry is intense and we may not be able to retain our existing senior team members or attract and retain new senior team members in the future. The loss of any member of our key team may adversely affect our business, results of operations and financial condition. We do not maintain key man's life insurance for our Promoters, senior members of our management team or other key personnel.

28. In addition to normal remuneration or benefits and reimbursement of expenses, our Promoters, our Directors and Key Managerial Personnel are interested in our Company to the extent of their shareholding, and dividend entitlements etc.

Our Promoters, Directors and Key Management Personnel are deemed to be interested to the extent of the Equity Shares held by them, or their relatives, dividend entitlements, , and benefits deriving from the directorship in Hummingbird Education Limited. Our Promoters are interested in the transactions entered into the Company and its Promoter Group. For further information, please refer to the section titled "Our Promoter and Promoter Group", Capital Structure", "Our Management" and "Related Party Transactions", beginning on pages 123, 55, 109 and 156 respectively of this Draft Prospectus.

29. There may be potential conflict of interests between our Company and entity promoted by our Promoters cum Director.

Our Company is engaged in conducting Olympiads for school students and the partnership firm named "Onmouseclick.com" of which our Promoter cum Director Sh. Nitesh Jain is a 50% partner is engaged in the business of providing ERP software to schools. Further, we have not executed any Non-Compete Agreement with the said partnership firm not to engage in businesses similar to that of our Company.

As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and our other Promoter Group Entities in such circumstances where our respective interests diverge. In cases of conflict, our Promoters may favour our Group Entities in which our Promoters have interests. There can be no assurance that our Promoters/Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our business, results of operations and financial condition.

For further details please refer to section titled "About Us- Our Promoters and Promoters Group" beginning on page no 123 of this Draft Prospectus.

30. The average cost of acquisition of Equity Shares by our Promoters could be lower than the issue price.

Our Promoters' average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price of the shares proposed to be offered through this draft prospectus. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company, please refer to page 19 of this Draft Prospectus.

31. The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles "Objects of the Issue".

The fund requirement and deployment, as mentioned in the "Objects of the Issue" on page 73 of this Draft Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter "Objects of the Issue" is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter "Objects of the Issue" will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

32. There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.

As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above Rs. 10,000 Lacs. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the BSE and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

33. Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations financial condition, cash requirements, business prospects and any other financing arrangements.

Additionally, we may not be permitted to declare any dividends under the loan financing arrangement that our Company may enter into future, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof.

Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details regarding our dividend policy, please see "Dividend Policy" on page no. 128 of this Draft Prospectus.

34. Our future funds requirements, in the form of fresh issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.

We may require additional capital from time to time depending on our business needs. Any fresh issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favorable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

35. Delay in raising funds from the IPO could adversely impact the implementation schedule.

The proposed expansion, as detailed in the section titled "Objects of the Issue" is to be entirely funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute the expansion process within the given time frame, or within the costs as originally estimated by us. Any time overrun or cost overrun may adversely affect our growth plans and profitability.

36. The requirements of being a public listed company may strain our resources and impose additional requirements.

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we were not required to incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange, if any, could lead to imposition of penalties, including suspension of trading in shares of the Company.

37. Third party industry and statistical data in this Draft Prospectus may be incomplete, incorrect or unreliable.

We have not independently verified data from industry and other publications contained herein and although we believe these sources to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

Issue related risk

38. We have issued Equity Shares in the last twelve months, the price of which may be lower than the Offer Price.

Our Company has issued 2,90,000 Equity shares by way of Right Issue on 18.09.2018 and 1,50,000 Equity shares by way of Bonus Issue on 30.09.2018 at a price which may be lower than the offer price. For further details of Equity Shares issued, please refer to chapter titled, 'Capital Structure' beginning on page 55 of this Draft Prospectus.

39. We cannot assure you that our equity shares will be listed on the SME platform of BSE Limited in a timely manner or at all, which may restrict your ability to dispose of the equity shares.

Though we shall make best of our efforts to comply with all applicable regulatory, financial and operational requirements for getting the equity shares proposed to be offered through this draft prospectus listed on BSE's SME platform in a time bound manner, yet on account of any change in applicable laws, economic conditions and/or any other reason/s beyond our control, the said shares may not get listed on the SME platform of BSE Limited in a timely manner or at all, which may restrict your ability to dispose of the equity shares. However, even in such circumstances, the company shall stay fully committed to pay such interest and/or refund the full application amount, as may be required in accordance with the applicable regulatory directives.

40. Sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.

Any instance of disinvestments of equity shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

EXTERNAL RISK FACTORS

41. Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and results of operations.

Our business and industry is regulated by different laws, rules and regulations framed by the Central and State Government. Please refer to section titled "About-Us-Key Industry Regulations and Policies" on page no 98 of this DRHP for details of the laws currently applicable to us. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations. There can be no assurance that our Company will succeed in obtaining all requisite regulatory approvals in the future for our operations or that compliance issues will not be raised in respect of our operations, either of which could have a material adverse effect on our business, financial condition and results of operations.

42. Global economic conditions were unprecedented and challenging and have had, and continue to have, a material adverse impact on the Indian financial markets and the Indian economy in general, and, given the same economic conditions this may, in future, have a material adverse impact on our business and financial performance and may have an impact on the price of the Equity Shares..

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

43. Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse impact on our business, financial condition and results of operations

Taxes and other levies imposed by the Central or State Governments in India that affect our industry include customs duties, excise duties, sales tax, income tax and other taxes, duties or surcharges introduced on a permanent or temporary basis from time to time. There can be no assurance that these tax rates/slab will continue in the future. Further, with the Introduction of the Goods and

Services Act, tax rates and its implication may have material impact on raw materials or on our Products. Any changes in these tax rates/slabs could adversely affect our financial condition and results of operations.

44. Political instability or changes in the Government could adversely affect economic conditions in India generally and our business in particular.

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Elimination or substantial change of policies or the introduction of policies that negatively affect the Company's business could cause its results of operations to suffer. Any significant change in India's economic policies could disrupt business and economic conditions in India generally and the Company's business in particular.

45. Malpractices by some players in the industry affect overall performance of emerging Companies.

The industry in which our Company operates is subject to risk associated with unethical business practices such as unethical marketing, dishonest advertising, questionable pricing practices, inaccurate claims with regards to safety and efficacy of the product etc. Consumers' attitude toward the industry today is dominated by a sense of mistrust, paving a way for regulators for stricter entry barriers and introduction of code of conducts; making the entire industry environment regulated and controlled. Malpractices by some players in the industry affects the overall performance of the emerging Companies like our as the industry norms are applicable to all at parity. Any unethical business practices by any industry player or intermediary may impact our business and results of operations.

46. Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer

India has experienced natural calamities such as earthquakes, tsunami, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares

47. Regional hostilities, terrorist attacks, communal disturbances, civil unrest and other acts of violence or war involving India and other countries may result in a loss of investor confidence and adversely affect the financial markets and our business.

Terrorist attacks, civil unrest and other acts of violence or war may negatively affect the Indian markets on which our Equity Shares will trade and also adversely affect the worldwide financial markets. In addition, the Asian region has from time to time experienced instances of civil unrest and hostilities among neighboring countries. Hostilities and tensions may occur in the future and on a wider scale. Military activity or terrorist attacks in India may result in investor concern about stability in the region, which may adversely affect the price of our Equity Shares. Events of this nature in the future, as well as social and civil unrest within other countries in the world, could influence the Indian economy and could have an adverse effect on the market for securities of Indian companies, including our Equity Shares.

48. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required.

Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

49. Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the financial statements prepared and presented in accordance with SEBI ICDR Regulations contained in this Draft Prospectus.

As stated in the reports of the Auditor included in this Draft Prospectus under section titled “Financial Statements” beginning on page no129 of this Draft Prospectus are based on financial information that is based on the audited financial statements that are prepared and presented in conformity with Indian GAAP and restated in accordance with the SEBI ICDR Regulations, and no attempt has been made to reconcile any of the information given in this Draft Prospectus to any other principles or to base it on any other standards. Indian GAAP differs from accounting principles and auditing standards with which prospective investors may be familiar in other countries, such as U.S.GAAP and IFRS. Significant differences exist between Indian GAAP and U.S. GAAP and IFRS, which may be material to the financial information prepared and presented in accordance with Indian GAAP contained in this Draft Prospectus. Accordingly, the degree to which the financial information included in this Draft Prospectus will provide meaningful information is dependent on familiarity with Indian GAAP, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian GAAP on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

50. We have not prepared, and currently do not intend to prepare, our financial statements in accordance with the International Financial Reporting Standards (“IFRS”). Our transition to IFRS reporting could have a material adverse effect on our reported results of operations or financial condition.

Public companies in India, including us, may be required to prepare annual and interim financial statements under IFRS in accordance with the roadmap for convergence with IFRS announced by the Ministry of Corporate Affairs, Government of India through a press note dated January 22, 2010 (the “IFRS Convergence Note”). The Ministry of Corporate Affairs by a press release dated February 25, 2011 has notified that 35 Indian Accounting Standards are to be converged with IFRS. The date of implementation of such converged Indian accounting standards has not yet been determined. Our financial condition, results of operations, cash flows or changes in shareholders’ equity may appear materially different under IFRS than under Indian GAAP or our adoption of converged Indian Accounting Standards may adversely affect our reported results of operations or financial condition. This may have a material adverse effect on the amount of income recognized during that period and in the corresponding (restated) period in the comparative Fiscal/period.

51. Any downgrading of India’s sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

52. You will not be able to sell immediately on Indian Stock Exchanges any of the Equity Shares you purchase in the Issue until the Issue receives appropriate trading permissions.

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares be listed and trading may commence. We cannot assure you that the Equity Shares will be credited to investor’s demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this Draft Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In

accordance with section 40 of the Companies Act, in the event that the permission of listing the Equity Shares is denied by the stock exchanges, we are required to refund all monies collected to investors.

53. There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the SME Platform of BSE Limited in a timely manner, or at all.

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the SME Platform of BSE Limited. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

54. The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.

The Issue Price of our Equity Shares is Rs.132/-. This price is based on numerous factors (For further information, please refer section titled "PARTICULARS OF THE ISSUE-BASIS FOR ISSUE PRICE" beginning on page no 79 of this Draft Prospectus) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation the following;

- Half yearly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- General market conditions; and
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

55. Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. However, any gain realized on the sale of listed equity shares on or before March 31, 2018 on a stock exchange held for more than 12 months will not be subject to long term capital gains tax in India if Securities Transaction Tax ("STT") is paid on the sale transaction and, additionally, as stipulated by the Finance Act, 2017, STT had been paid at the time of acquisition of such equity shares on or after October 1, 2004, except in the case of such acquisitions of equity shares which are not subject to STT, as notified by the Central Government under notification no. 43/2017/F. No. 370142/09/2017-TPL on June 5, 2017. However, the Finance Act, 2018, has now levied taxes on long-term capital gains arising from sale of Equity Shares. However, where specified conditions are met, such long-term capital gains are only taxed to the extent they exceed ₹ 100,000 and unrealized capital gains earned up to January 31, 2018 continue to be exempt. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares.

56. Rights of shareholders under Indian law may be more limited than under the laws of other jurisdictions.

Our Articles of Association, the composition of our Board of Directors and Indian laws governing our corporate affairs and procedures, directors' fiduciary duties and liabilities, and shareholders' rights, may differ from those that would apply to companies incorporated in other jurisdictions. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholders in an Indian company than as shareholders of a corporation in another jurisdiction.

57. Investors may not be able to enforce a judgment of a foreign court against us.

All of our Directors including our Chairman cum Managing Director, and Chief Executive Officer & Whole-time Director and, are residents of India and substantially all of our assets and the assets of the aforementioned persons are located in India. As a result, it may not be possible for investors outside of India to effect service of process on us or such persons from their respective jurisdictions outside of India, or to enforce against them judgments obtained in courts outside of India predicated upon our civil liabilities or such Directors including our Chairman cum Managing Director and Chief Executive Officer & Whole-time Director under the laws other than Indian Law. Moreover, it is unlikely that a court in India would award damages on the same basis as a foreign court if an action were brought in India or that an Indian court would enforce judgements if it viewed the amount of damages excessive or inconsistent with Indian public policy. In addition, any person seeking to enforce a foreign judgment in India is required to obtain the prior approval of the RBI to repatriate any amount recovered.

India has reciprocal recognition and enforcement of judgments in civil and commercial matters with a limited number of jurisdictions. In order to be enforceable, a judgment from certain specified courts located in a jurisdiction with reciprocity must meet certain requirements of the civil code. Recognition and enforcement of foreign judgments is provided for under Section 13 of the Code of Civil Procedure, 1908, as amended, on a statutory basis. Section 13 of the Code of Civil Procedure, 1908, as amended, provides that foreign judgments shall be conclusive regarding any matter directly adjudicated upon, except:

- (i) where the judgment has not been pronounced by a court of competent jurisdiction;
- (ii) where the judgment has not been given on the merits of the case;
- (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or a refusal to recognize the law of India in cases to which such law is applicable;
- (iv) where the proceedings in which the judgment was obtained were opposed to natural justice;
- (v) where the judgment has been obtained by fraud; and
- (vi) where the judgment sustains a claim founded on a breach of any law then in force in India. Under Section 14 of the Code of Civil Procedure, 1908, as amended, a court in India shall, upon the production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record.

However, such presumption may be displaced by proving that the court did not have jurisdiction. Section 44A of the Code of Civil Procedure, 1908, as amended, provides that where a foreign judgment has been rendered by a superior court, within the meaning of that Section, in any country or territory outside of India which the Central Government has by notification declared to be in a reciprocating territory, it may be enforced in India by proceedings in execution as if the judgment had been rendered by the relevant court in India. However, Section 44A of the Code of Civil Procedure, 1908, as amended, is applicable only to monetary decrees not being of the same nature as amounts payable in respect of taxes, other charges of a like nature, or of a fine or other penalties.

58. Our Company is not, and does not intend to become, regulated as an investment company under the U.S. Investment Company Act and related rules.

Our Company has not been and does not intend to become registered as an investment company under the U.S. Investment Company Act of 1940, as amended. Accordingly, unlike registered

investment companies, our Company will not be subject to the vast majority of the provisions of the U.S. Investment Company Act, including provisions that require investment companies to have a majority of disinterested directors, provide limitations on leverage and limit transactions between investment companies and their affiliates. None of these protections or restrictions is or will be applicable to our Company.

If our Company was to become subject to the U.S. Investment Company Act because of a change of law or otherwise, the various restrictions imposed by the U.S. Investment Company Act, and the substantial costs and burdens of compliance therewith, could adversely affect our operating results and financial performance. Moreover, parties to a contract with an entity that has improperly failed to register as an investment company under the U.S. Investment Company Act may be entitled to cancel or otherwise void their contracts with the unregistered entity, and shareholders in that entity may be entitled to withdraw their investment.

Our Company is relying on the exemption provided by Section 3(c)(7) of the U.S. Investment Company Act to avoid being required to register as an investment company under the U.S. Investment Company Act and related rules. In order to help ensure compliance with the exemption provided by Section 3(c)(7) of the U.S. Investment Company Act, our Company has implemented restrictions on the ownership and transfer of Equity Shares by any persons acquiring our Equity Shares in the Offer who are in the United States or who are U.S. Persons (as defined in Regulation S under the U.S. Securities Act), which may materially affect your ability to transfer our Equity Shares. Please refer to section titled "Issue Related information" on page no191 of this DRHP.

59. U.S. regulation of investment activities may negatively affect the ability of banking entities to purchase our Equity Shares.

The Volcker Rule generally prohibits certain banking entities from acquiring or retaining an ownership interest in, sponsoring or having certain relationships with covered funds, subject to certain exclusions and exemptions. As we are relying on an analysis that our Company does not come within the definition of an "investment company" under the U.S. Investment Company Act because of the exception provided under section 3(c)(7) thereof, our Company may be considered a "covered fund" for purposes of the Volcker Rule. The following would be considered a "banking entity" subject to the Volcker Rule:

- (i) any U.S. insured depository institution,
- (ii) any company that controls an U.S. insured depository institution,
- (iii) any non-U.S. company that is treated as a bank holding company for purposes of Section 8 of the International Banking Act of 1978 (i.e., a non-U.S. company that maintains a branch, agency or commercial lending office in the U.S.) and (iv) any affiliate or subsidiary of any of the foregoing under the U.S. Bank Holding Company Act, other than a covered fund that is not itself a banking entity under clauses (i), (ii) or (iii).

There may be limitations on the ability of banking entities to purchase or retain our Equity Shares in the absence of an applicable Volcker Rule exemption. Consequently, depending on market conditions and the banking entity status of potential purchasers of our Equity Shares from time to time, the Volcker Rule restrictions could negatively affect the liquidity and market value of our Equity Shares.

Each investor must make its own determination as to whether it is a banking entity subject to the Volcker Rule and, if applicable, the potential impact of the Volcker Rule on its ability to purchase or retain our Equity Shares. Investors are responsible for analyzing their own regulatory position and none of our Company, the Managers or any other person connected with the Offer makes any representation to any prospective investor or holder of our Equity Shares regarding the treatment of our Company under the Volcker Rule, or to such investor's investment in our Company at any time in the future.

SECTION VII- PARTICULARS OF THE ISSUE

OBJECTS OF THE ISSUE

Our Company proposes to utilize the net proceeds from the Issue towards funding the following objects and achieve the benefits of listing the equity shares on the SME Platform of BSE Limited. We believe that the listing of Equity shares will enhance our brand name and provide liquidity to the existing shareholders. Listing will also provide a public market for the Equity Shares in India.

OBJECTS OF THE FRESH ISSUE

1. To part finance working capital requirements of the Company;
2. To meet General corporate purposes;
3. To meet the expenses of the Issue.

We believe that the listing of Equity Shares will enhance our Company's corporate image, brand name and create a public market for our Equity Shares in India.

The main objects clause of our Memorandum of Association and the objects incidental and ancillary to the main objects enables us to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum of Association.

DETAILS OF THE OBJECTS

1. TO PART FINANCE WORKING CAPITAL REQUIREMENTS OF THE COMPANY.

We are currently a very small company with relatively limited scope of operations and large potential for growth. The increasing expansion of our company will in turn lead to the increase in the requirement of working capital. It is imperative for a company of our size of operations to provide upfront payment to our vendors/suppliers/printers to maintain credibility. At the same time though company intends to collect upfront payment from customers there might be some delay. Hence, it is imperative that company is fully prepared to capture any opportunity that may arise its way. We intend to expand into new regions which would require us to maintain good payment cycle with our vendors and investment in advance payment for deliverables. This would require us to have adequate working capital to ensure a smooth and uninterrupted flow of our business operations. Accordingly, we expect a further increase in the working capital requirements in view of current and potential business operations that we may undertake. Accordingly, we have proposed to use Rs. 146.00 lacs out of the issue proceeds to meet the increase in long term working capital requirements.

As per our estimates we would require Rs. 146.00 lacs out of the issue proceeds to meet the incremental working capital requirements. The remaining working capital will be fulfilled by liquidation of non-current assets.

Justification of Holding Level

- **Short term loan and advances:**

We expect short term loans and advances to increase significantly as company in order to grow into multiple regions which will require upfront payment to vendors for timely delivery and pay advances to hire marketing and sales staff. As we reach size and scale in new geographies the requirement for short term loans and advances should reduce as % of incremental revenue. We will also need to pay for new equipments to prepare internal marketing team for expansion.

- **Inventory:**

NA

- **Trade Receivables:**

We expect Debtors Holding days to be at 10.4/13.4 Days for both FY 2017-18 and FY 2018-19 respectively based on increased sales and market share gain.

- **Trade Payables:**

We expect Creditors payment days to be 5/16 days for FY2017-18 and FY 2018-19 respectively due to increased reliability among market participants and better deal from vendors.

The object of copyright law is to encourage authors, artists and composers to create original works by rewarding them with exclusive right for a fixed period to reproduce the works for commercial exploitation. Copyrights subsist in following class of works:

- a) Original literary, musical, dramatic and artistic works
- b) Cinematograph films

Under the copyright law the creator of the original expression in a work is its author who is vested with a set of exclusive rights with respect to the use and exploitation of the work. The author is also the

HUMMING BIRD EDUCATION LIMITED

owner of the copyright, unless there is a written agreement by which the author assigns the copyright to another person or entity, such as a publisher, where work is done under a 'work for hire' agreement, the copyright vests with the hirer, i.e., the person providing the work. The owner of copyright in a work can assign or license his copyright to any person, such as publisher, under a written agreement. Copyright subsists in a work since the time it comes into being. Therefore, registration of copyright neither creates any rights nor precludes enforcement of the existing ones. However, owing to its evidentiary value, a registered copyright is easier to establish in the court of law. The term of copyright varies across different types of works. In the case of broadcasts, the Act grants "broadcast reproduction rights" to broadcasting organizations which subsist for 25 years.

Our Company has been awarded with “Asia’s Greatest Brands of Year 2017-18”pr by “Price Water House Coopers P.L.” and our promoter Mr. Nitesh Jain has been awarded with Asia’s Greatest Leaders of Year 2017-18”.

An International Level Olympiad is a rigorous competitive examination where students are evaluated on a scientifically constructed syllabus and their academic performance is ranked relative to their peer group. Humming Bird’s examinations use a multifaceted approach in judging students on their in-depth knowledge of the subjects as well as on enhance their factual, conceptual, reasoning, logical, analytical and problem solving skills, helping them better understand their strengths and weaknesses further enabling them to convert their Olympiad results into superior scholastic gains and realize their true intellectual potential. As an added advantage this has also given an opportunity for schools to analyse the performance and prowess of their teachers with the help of deep insight provided by our Olympiads.

As all our orders are received in advance, it has our company allowed us to streamline our cash flows and we have been able to function with minimal working capital. We follow a philosophy of being asset light so to remain flexible and nimble in our competitive atmosphere and have outsourced a majority of our non-core auxiliary operations allowing us to function without considerable investment in a fixed asset base, giving our company enormous operating leverage when scaling operations.

As we are asset light and centrally managed, we have a vast franchisee network which has allowed us to spread our reach to intercontinental boundaries with a fast growing international base. Acting as our extension in branding and customer acquisition our franchisees enjoy a respectable business model with comfortable working hours and territorial rights, strengthening our association with all with them. All our franchises have met their breakeven and are already profitable while increasing Hummingbird brand and footprint in their territories. With franchisees in India and abroad, we are now focusing on increasing our franchisee penetration up to district levels.

Currently with only a 5% of the total Olympiad market is catered by the entire industry. With gaining popularity and with Olympiad being seen as a necessary supplement to in-house scholastic examinations, Hummingbird has entrenched itself in a moat as the preferred partner for reputable schools. Being the only incorporated organisation and working as a model of professionalism and reliability, our company has constantly gained market share from our competitors, while trailblazing into greenfield regions with our first ever in industry initiative of conducting Olympiads in regional languages, supporting state boards and their students.

Leading the management our Promoter Mr. Nitesh Jain is behind the tremendous progress achieved by our Company. With all the experience and knowledge of our professional managerial team, we are able to grow in leaps and bounds. The strength of our company is converting any situation into an

HUMMING BIRD EDUCATION LIMITED

opportunity thus moving forward with a better energy and enthusiasm. Our foundation – “Don’t watch the clock, do what it does”.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 ("FEMA"). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India ("RBI") and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP").

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment ("FDI") through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP"), has issued consolidated FDI Policy Circular of 2017 ("FDI Policy 2017"), which is effective from August 28, 2017, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2017 will be valid until the DIPP issues an updated circular.

The Reserve Bank of India ("RBI") also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated January 4, 2018 as updated from time to time by RBI. In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Circular. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR.

Under the current FDI Policy of 2017, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present 100% foreign direct investment through automatic route is permitted in the sector in which our Company operates. Therefore applicable foreign investment up to 100% is permitted in our company under automatic route.

In case of investment in sectors through Government Route, approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2017 has to be obtained by the Company.

The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP/RBI, from time to time. Such conditions include: (i) where the transfer of shares requires the prior approval of the Government as per the extant FDI policy provided that: a) the requisite approval of the Government has been obtained; and b) the transfer of shares adheres with the pricing guidelines and documentation requirements as specified by the Reserve Bank of India from time to time.; (ii) where the transfer of shares attract SEBI (SAST) Regulations subject to the adherence with the pricing guidelines and documentation requirements as specified by Reserve Bank of India from time to time.; (iii) where the transfer of shares does not meet the pricing guidelines under the FEMA, 1999 provided that: a) The resultant FDI is in compliance with the extant FDI policy and FEMA regulations in terms of sectoral caps, conditionalites (such as minimum capitalization, etc.), reporting requirements, documentation etc.; b) The pricing for the transaction is compliant with the specific/explicit, extant and relevant SEBI regulations/guidelines (such as IPO, Book building, block deals, delisting, exit, open offer/substantial acquisition/SEBI SAST); and Chartered Accountants Certificate to the effect that compliance with the relevant SEBI regulations/guidelines as indicated above is attached to the form FC-TRS to be filed with the AD bank and iv) where the

investee company is in the financial sector provided that: a) Any 'fit and proper/due diligence' requirements as regards the non-resident investor as stipulated by the respective financial sector regulator, from time to time, have been complied with; and b) The FDI policy and FEMA regulations in terms of sectoral caps, conditionalities (such as minimum capitalization, pricing, etc.), reporting requirements, documentation etc., are complied with. As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of Our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.
