1. Risks and Management perception

- I. Cotton being an agriculture product depends on the vagaries of nature and the prices of cotton fluctuate based on the crop production.
- II. Cotton yarn is subject to price fluctuations owing to changes in domestic demand, exports, imports and production levels in other yarn producing countries.
The Company manufactures quality and specialized value added yarns, which have consistent demand in domestic as well as export markets.
- III. Yarn Industry is labor intensive, requires good industrial and labour relations for profitable operations. Any labor unrest may lead to loss of production.
Proper safeguards and special arrangements are being taken for prevention of any unforeseen occurrences. Management, with their past proven track record will be able to meet any kind of challenges.
Harmonious industrial relations are being maintained in the factory and no such problem has occurred in past and is neither anticipated in near future.
- IV. The Company is into the business of manufacture and sale of Cotton Yarn and Blended Yarns which are highly susceptible to fire;
- V. Increase in raw material price does not reflect an increase of selling price of the yarn, thereby causing strain on the margins.
The Company, based on the past experience of the promoters, do not foresee any difficulty in procuring raw material at competitive price either from the domestic market or the overseas market and thereby ensure healthy margins and bottom line.
- VI. Non availability of quality Power at competitive prices.

The capacity of the unit is 16 MT per day. The unit was started in 2009.

II. Rationale behind the Scheme:

- a) The objective for the proposed demerger is to enhance the shareholder value by bringing in efficiency in operations. Presently, Suryavanshi is operating three yarn units, two garment units, and a medical textile unit, all under one umbrella. With the said demerger, it is proposed to transfer Yarn unit at Bhongir into ALSML and Yarn Unit at Rajna, Madhya Pradesh and Garment Units at Aliabad and Bhongir into SIL, so that the demerged entities can have a focused growth strategy. The objective for the said Demerger is to align related products to each demerged entity. For example the yarn unit at Rajna, Madhya Pradesh manufactures 100% cotton yarn and the garment units that are so being transferred along with the said yarn unit manufactures 100% cotton garments for exports. Similarly the yarn unit which will remain in the demerged company produces synthetic yarn. Thus because of these synergies, each demerged entity will be able to grow and expand its operations in the coming years through focused growth strategy either by way of backward or forward integration independently and attain economies of scale in its area of operations.
- b) Further, each demerged entity will be operated by Independent management, led by an experienced entrepreneur having more than two (2) decades of experience in the textile industry. This will result in proper concentration on the operations of the company to ensure accelerated growth, improved profitability and maximizing overall shareholder value.
- c) With a view to achieve greater management focus and keeping in mind the paramount and overall interest of the shareholders of the Suryavanshi, the Board of Directors of the Suryavanshi believe that Shri Devender Kumar Agarwal, Whole time Director of the Suryavanshi will provide such focused management attention and leadership to Aananda Lakshmi Spinning Mills Limited (ALSML) being the Resulting Company-1 and Shri Jeetender Kumar Agarwal, the Executive Director of the Suryavanshi, will provide such focused management attention and leadership to Sheshadri Industries Limited (SIL) being the Resulting Company-2 and Shri Rajender Kumar Agarwal, Managing Director of Suryavanshi will continue to lead the businesses consisting of yarn unit and medical textiles unit at Aliabad, Medchal Taluq, Ranga Reddy, Telangana comprising the Remaining Undertaking of Suryavanshi.
- d) Consistent with the above, the Board of Directors of Suryavanshi considered that a Scheme of Demerger under the provisions of Sections 391 to 394 of the Act and other relevant provisions of the Act would be the most appropriate methodology, as it is transparent and no shareholder suffers any detriment and enables unlocking of value for the shareholders.
- e) Further, as an integral part of the demerger under the Scheme of Arrangement, Suryavanshi shall cause the Boards of Directors of each of the Resulting Companies to be reconstituted.
- f) The demerger will also provide adequate autonomy and flexibility for each of the entities to grow and expand its business.

- g) The Board of Directors of the Suryavanshi is of the opinion that the demerger would benefit the shareholders, employees and other stakeholders of Suryavanshi.
- III. Aananda Lakshmi Spinning Mills Limited / (ALSML) / "Resulting Company -1" is a public limited company incorporated under the Companies Act, 1956 vide CIN U17121TG2013PLC086564 on 21st March, 2013, having its registered office at Surya Towers, 6th floor, 105, Surya Towers, Sardar Patel Road, Secunderabad – 500003, Telangana. ALSML is incorporated for doing business of manufacture of cotton, blended polyester, polyester viscose, blended yarns etc.,
- IV. Sheshadri Industries Limited (SIL) / "Resulting Company-2" is a public limited company having its registered office at Surya Towers, 6th floor, 105, Sardar Patel Road, Secunderabad – 500003, Telangana, originally incorporated under the Companies Act, 1956 vide CIN U14200AP2009PTC064849 on 26th August, 2009 as Seshadri Cements Private Limited. SIL is incorporated for doing the business of manufacture of cotton, blended polyester, polyester viscose, blended yarns, readymade garments etc.,
- V. Upon the sanction of the Scheme by the High Court and the Scheme becoming effective on the Effective Date (defined hereinafter), the Undertaking-1 and Undertaking-2, shall stand transferred to, and be vested in, the Resulting Company-1 and Resulting company-2, respectively, on and from the Appointed Date for all intent and purposes.
- VI. This Scheme also makes provision for various other matters consequential or related thereto and otherwise integrally connected therewith.
- VII. To achieve the said objective, a Scheme of Arrangement has been arrived at by the Board of Directors of Demerged Company, Resulting Company-1 and Resulting Company-2 and it has been decided to make the requisite Applications/Petitions before the Hon'ble High Court at Hyderabad under the Section 391 to 394 and other applicable provisions of the Act.

4. Rationale of the Scheme of Arrangement

- a. The objective for the proposed demerger is to enhance the shareholder value by bringing in efficiency in operations. Presently, Suryavanshi is operating three yarn units, two garment units, and a medical textile unit, all under one umbrella. With the said demerger, it is proposed to transfer Yarn unit at Bhongir into ALSML and Yarn Unit at Rajna, Madhya Pradesh and Garment Units at Aliabad and Bhongir into SIL, so that the demerged entities can have a focused growth strategy. The objective for the said Demerger is to align related products to each demerged entity. For example the yarn unit at Rajna, Madhya Pradesh manufactures 100% cotton yarn and the garment units that are so being transferred along with the said yarn unit manufactures 100% cotton garments for exports. Similarly the yarn unit which will remain in the demerged company produces synthetic yarn. Thus because of these synergies, each demerged entity will be able to grow and expand its operations in the coming years through focused growth strategy either by way of backward or forward integration independently and attain economies of scale in its area of operations.
- b. Further, each demerged entity will be operated by Independent management, led by an experienced entrepreneur having more than two (2) decades of experience in the textile industry. This will result in proper concentration on the operations of the company to ensure accelerated growth, improved profitability and maximizing overall shareholder value.
- c. With a view to achieve greater management focus and keeping in mind the paramount and overall interest of the shareholders of the Suryavanshi, the Board of Directors of the Suryavanshi believe that Shri Devender Kumar Agarwal, Whole time Director of the Suryavanshi will provide such focused management attention and leadership to Aananda Lakshmi Spinning Mills Limited (ALSML) being the Resulting Company-1 and Shri Jeetender Kumar Agarwal, the Executive Director of the Suryavanshi, will provide such focused management attention and leadership to Sheshadri Industries Limited (SIL) being the Resulting Company-2 and Shri Rajender Kumar Agarwal, Managing Director of Suryavanshi will continue to lead the businesses consisting of yarn unit and medical textiles unit at Aliabad, Medchal Taluq, Ranga Reddy, Telangana comprising the Remaining Undertaking of Suryavanshi.

- **Blow Room:** The blow room opens and cleans the cotton thoroughly, removing the trash in cotton and the same will be fed to the carding department.
- **Carding:** The cards are used to remove the waste in cotton received from Blow room and make a cylindrical form of Sliver.
- **Combing:** Combers are used in the combing department. The Sliver produced in the previous department (Carding) is passed through the department, only when combed yarn is needed. The short fiber present in the Sliver will be removed to get more lustrous feeling fine finish, good appearance and also with better strength.
- **Drawing:** The Sliver produced in the previous department (i.e., carding or combing) will be passed through this department, so as to get better parallelization fibers by way of making it more number of doublings.
- **Roving:** The speed frames will be used in the Roving Department. The main object of speed frame is to convert the Sliver into thinner form, which is called rove by way of drafting, twisting and winding. The finished material of the department will be fed to the spinning department.
- **Spinning:** Ring Frames will be used in the Spinning department. The ring frame spins the thinner form of rove received from roving department. The rove passes through the drafting zone for the required count. The ring frames are equipped with over cleaners that removes fly and fluff accumulation on their drafting and plays an important role in producing quality yarn.
- **Winding:** Auto coners will be used in the Winding Department. The yarn put in the spinning department will be passed through this department. The function of Autoconers is to produce fault free yarn. The yarn cleaner equipped to this will not allow the objectionable material to go into the cone. The objectionable faults in the yarn will face problems in the knitting or in the weaving. We suffer on account of poor infrastructure, high transaction cost and unfavourable labour laws, increased power cost and fuel cost, uncertainty in the government policies, etc .Structural weaknesses need to be addressed particularly in the wake of going threat from China and other countries.
