## NOTICE TO INVESTORS

The distribution of this, Letter of Offer, the Abridged Letter of Offer, Application Form and Rights Entitlement Letter and the issue of Rights Entitlement and Rights Equity Shares to persons in certain jurisdictions outside India may be restricted by legal requirements prevailing in those jurisdictions. Persons into whose possession the Letter of Offer, Letter of Offer, the Abridged Letter of Offer or CAFs may come are required to inform themselves about and observe such restrictions. Our Company is making this Issue on a rights basis to the Eligible Equity Shareholders and will electronically dispatch through email and physical dispatch through speed post the Letter of Offer / Abridged Letter of Offer and Application Form and Rights Entitlement Letter only to Eligible Equity Shareholders who have a registered address in India or who have provided an Indian address to our Company. Further, the Letter of Offer will be provided, through email and speed post, by the Registrar on behalf of our Company to the Eligible Equity Shareholders who have provided their Indian addresses to our Company or who are located in jurisdictions where the offer and sale of the Rights Equity Shares is permitted under laws of such jurisdictions and in each case who make a request in this regard. Investors can also access this Letter of Offer, Letter of Offer, the Abridged Letter of Offer and the Application Form from the websites of the Registrar, our Company, SEBI and the Stock Exchange.

No action has been or will be taken to permit the Issue in any jurisdiction where action would be required for that purpose. Accordingly, the Rights Entitlements or Rights Equity Shares may not be offered or sold, directly or indirectly, and this Letter of Offer, Letter of Offer, the Abridged Letter of Offer or any offering materials or advertisements in connection with the Issue may not be distributed, in whole or in part, in any jurisdiction, except in accordance with legal requirements applicable in such jurisdiction. Receipt of this Letter of Offer, Letter of Offer or the Abridged Letter of Offer will not constitute an offer in those jurisdictions in which it would be illegal to make such an offer and, in those circumstances, this Letter of Offer, Letter of Offer and the Abridged Letter of Offer must be treated as sent for information purposes only and should not be acted upon for subscription to the Rights Equity Shares and should not be copied or redistributed. Accordingly, persons receiving a copy of this Letter of Offer, Letter of Offer or the Abridged Letter of Offer or Application Form should not, in connection with the issue of the Rights Equity Shares or the Rights Entitlements, distribute or send this Letter of Offer, Letter of Offer or the Abridged Letter of Offer to any person outside India where to do so, would or might contravene local securities laws or regulations. If this Letter of Offer, Letter of Offer or the Abridged Letter of Offer or Application Form is received by any person in any such jurisdiction, or by their agent or nominee, they must not seek to subscribe to the Rights Equity Shares or the Rights Entitlements referred to in this Letter of Offer, Letter of Offer, the Abridged Letter of Offer or the Application Form.

Any person who makes an application to acquire Equity Shares offered in this Issue will be deemed to have declared, represented, warranted and agreed that she/he is authorized to acquire the Rights Equity Shares in compliance with all applicable laws and regulations prevailing in her/his jurisdiction. Our Company, the Registrar to the Issue or any other person acting on behalf of us reserve the right to treat any CAF as invalid where we believe that CAF is incomplete or acceptance of such CAF may infringe applicable legal or regulatory requirements and we shall not be bound to allot or issue any Rights Equity Shares or Rights Entitlement in respect of any such CAF. Neither the delivery of Letter of Offer, Abridged Letter of Offer and CAFs nor any sale hereunder, shall under any circumstances create any implication that there has been no change in our Company's affairs from the date hereof or that the information contained herein is correct as at any time subsequent to the date of the Letter of Offer.

Neither the delivery of this Letter of Offer, Letter of Offer, the Abridged Letter of Offer, Application Form and Rights Entitlement Letter nor any sale hereunder, shall, under any circumstances, create any implication that there has been no change in our Company's affairs from the date hereof or the date of such information or that the information contained herein is correct as at any time subsequent to the date of this Letter of Offer, Letter of Offer and the Abridged Letter of Offer and the Application Form and Rights Entitlement Letter or the date of such information.

**THE CONTENTS OF THIS, LETTER OF OFFER SHOULD NOT BE CONSTRUED AS LEGAL, TAX OR INVESTMENT ADVICE. PROSPECTIVE INVESTORS MAY BE SUBJECT TO ADVERSE FOREIGN, STATE OR LOCAL TAX OR LEGAL CONSEQUENCES AS A RESULT OF THE OFFER RIGHTS OF EQUITY SHARES OR RIGHTS ENTITLEMENTS. ACCORDINGLY, EACH INVESTOR SHOULD CONSULT ITS OWN COUNSEL, BUSINESS ADVISOR AND TAX ADVISOR AS TO THE LEGAL, BUSINESS, TAX AND RELATED MATTERS CONCERNING THE OFFER OF EQUITY SHARES. IN ADDITION, NEITHER OUR COMPANY IS MAKING ANY REPRESENTATION TO ANY OFFEREE OR PURCHASER OF THE EQUITY SHARES REGARDING THE LEGALITY OF AN INVESTMENT IN THE EQUITY SHARES BY SUCH OFFEREE OR PURCHASER UNDER ANY APPLICABLE LAWS OR REGULATIONS.**

### **NO OFFER IN THE UNITED STATES**

The Rights Entitlements and the Rights Equity Shares have not been and will not be registered under the Securities Act or the securities laws of any state of the United States and may not be offered or sold in the United States of America or the territories or possessions thereof ("United States"), except in a transaction not subject to, or exempt from, the registration requirements of the Securities Act and applicable state securities laws. The offering to which this Letter of Offer, Letter of Offer relates is not, and under no circumstances is to be construed as, an offering of any Rights Equity Shares or Rights Entitlement for sale in the United States or as a solicitation therein of an offer to buy any of the Rights Equity Shares or Rights Entitlement. There is no intention to register any portion of the Issue or any of the securities described herein in the United States or to conduct a public offering of securities in the United States. Accordingly, this Letter of Offer, Letter of Offer / Abridged Letter of Offer and the enclosed Application Form and Rights Entitlement Letters should not be forwarded to or transmitted in or into the United States at any time. In addition, until the expiry of 40 days after the commencement of the Issue, an offer or sale of Rights Entitlements or Rights Equity Shares within the United States by a dealer (whether or not it is participating in the Issue) may violate the registration requirements of the Securities Act.

Neither our Company nor any person acting on our behalf will accept a subscription or renunciation from any person, or the agent of any person, who appears to be, or who our Company or any person acting on our behalf has reason to believe is in the United States when the buy order is made. Envelopes containing an Application Form and Rights Entitlement Letter should not be postmarked in the United States or otherwise dispatched from the United States or any other jurisdiction where it would be illegal to make an offer, and all persons subscribing for the Rights Equity Shares Issue and wishing to hold such Equity Shares in registered form must provide an address for registration of these Equity Shares in India. Our Company is making the Issue on a rights basis to Eligible Equity Shareholders and this Letter of Offer, Letter of Offer / Abridged Letter of Offer and Application Form and Rights Entitlement Letter will be dispatched only to Eligible Equity Shareholders who have an Indian address. Any person who acquires Rights Entitlements and the Rights Equity Shares will be deemed to have declared, represented, warranted and agreed that, (i) it is not and that at the time of subscribing for such Rights Equity Shares or the Rights Entitlements, it will not be, in the United States, and (ii) it is authorized to acquire the Rights Entitlements and the Rights Equity Shares in compliance with all applicable laws and regulations.

Our Company reserves the right to treat any Application Form as invalid which: (i) does not include the certification set out in the Application

Form to the effect that the subscriber is authorised to acquire the Rights Equity Shares or Rights Entitlement in compliance with all applicable laws and regulations; (ii) appears to us or our agents to have been executed in or dispatched from the United States; (iii) where a registered Indian address is not provided; or (iv) where our Company believes that Application Form is incomplete or acceptance of such Application Form may infringe applicable legal or regulatory requirements; and our Company shall not be bound to allot or issue any Rights Equity Shares or Rights Entitlement in respect of any such Application Form.

Rights Entitlements may not be transferred or sold to any person in the United States.

The Rights Entitlements and the Equity Shares have not been approved or disapproved by the US Securities and Exchange Commission (the "US SEC"), any state securities commission in the United States or any other US regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Rights Entitlements, the Equity Shares or the accuracy or adequacy of this Letter of Offer. Any representation to the contrary is a criminal offence in the United States.

The above information is given for the benefit of the Applicants / Investors. Our Company is not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Letter of Offer. Investors are advised to make their independent investigations and ensure that the number of Rights Equity Shares applied for do not exceed the applicable limits under laws or regulations.

## CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION, MARKET DATA AND CURRENCY OF PRESENTATION

### CERTAIN CONVENTIONS

Unless otherwise specified or the context otherwise requires, all references to “India” contained in this Letter of Offer are to the Republic of India and the “Government” or “Govt” or the “Central Government” or the “State Government” are to the Government of India, Central or State, as applicable.

Unless otherwise specified or the context otherwise requires, all references in this Letter of Offer to the “US” or “U.S.” or the “United States” are to the United States of America and its territories and possessions.

Unless otherwise specified, all references in this Letter of Offer are in Indian Standard Time. Unless indicated otherwise, all references to a year in this Letter of Offer are to a calendar year.

A reference to the singular also refers to the plural and one gender also refers to any other gender, wherever applicable.

Unless stated otherwise, all references to page numbers in this Letter of Offer are to the page numbers of this Draft Letter of Offer.

### FINANCIAL DATA

Unless stated or the context requires otherwise, our financial data included in this Letter of Offer is derived from the Audited Financial Statements of our Company as of and for the financial year ended March 31, 2023 and Limited Review Unaudited Financial Results for the Nine months period ended December 31, 2023.

We have prepared our Audited Financial Statements of our Company as of and for the financial year ended March 31, 2023 and Unaudited Financial Results for the Nine months period ended December 31, 2023 in accordance with Indian Accounting Standard (Ind AS), Companies Act, and other applicable statutory and / or regulatory requirements. Our Company publishes its financial statements in Indian Rupees.

For details of the Audited Financial Statements for the financial year ended March 31, 2023 and the Limited Review Unaudited Financial Results for the Nine months December 31, 2023, please refer to the section titled “*Financial Statements*” beginning on page 53 of this Letter of Offer.

Our Company’s Financial Year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year. Accordingly, all references to a particular Financial Year or Fiscal, unless stated otherwise, are to the 12 months period ending on March 31 of that particular calendar year.

In this Letter of Offer, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off, and unless otherwise specified, all financial numbers in parenthesis represent negative figures.

### CURRENCY AND UNITS OF PRESENTATION

All references to “Rupees” or “₹” or “Rs.” are to Indian Rupees, the official currency of the Republic of India. All references to “US\$”, “U.S. Dollar”, “USD” or “U.S. Dollars” are to United States Dollars, the official currency of the United States of America.

In this Letter of Offer, our Company has presented certain numerical information. All figures have been expressed in “Lacs”. The amounts derived from financial statements included herein are represented in “Lacs”, as presented in the Consolidated Audited Financial Statements and the Unaudited Financial Results. One Lac represents 1,00,000 and one crore represents 1,00,00,000.

Except as otherwise set out in this Letter of Offer, certain monetary thresholds have been subject to rounding adjustments. Accordingly, figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

### INDUSTRY AND MARKET DATA

Unless stated otherwise, industry data used throughout this Letter of Offer has been obtained or derived from industry and government publications, publicly available information and sources. Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed, and their reliability cannot be assured. Although our Company believes that industry data used in this Letter of Offer is reliable, it has not been independently verified.

The industry data used in this Letter of Offer has not been independently verified by our Company or any of their affiliates or advisors. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors and cannot be verified with certainty due to limits on the availability and reliability of the raw data and other limitations and uncertainties inherent in any statistical survey.

The extent to which market and industry data used in this Letter of Offer is meaningful depends on the reader’s familiarity with and understanding of methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which our business is conducted, and methodologies and assumptions may vary widely among different industry sources. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “*Risk Factors*” on page 14 of this Letter of Offer. Accordingly, investment decisions should not be based solely on such information.

## FORWARD LOOKING STATEMENTS

Certain statements contained in this Letter of Offer that are not statements of historical fact constitute “forward-looking statements”. Investors can generally identify forward-looking statements by terminology including anticipate, believe, continue, can, could, estimate, expect, future, forecast, intend, may, objective, plan, potential, project, pursue, shall, should, target, will, would or other words or phrases of similar import. Similarly, statements that describe our objectives, plans or goals are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements. All statements regarding our Company’s expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements may include planned projects, revenue and profitability (including, without limitation, any financial or operating projections or forecasts) and other matters discussed in this Letter of Offer that are not historical facts.

These forward-looking statements contained in this Letter of Offer (whether made by our Company or any third party), are predictions and involve known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, performance or achievements of our Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections. All forward-looking statements are subject to risks, uncertainties and assumptions about our Company that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause our actual results, performances and achievements to differ materially from any of the forward-looking statements include, among others:

- Company’s ability to successfully implement our strategy, our growth and expansion, technological changes;
- Failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
- Audience’s taste and behavior;
- Uncertainty in relation to continuing effect of the COVID-19 pandemic on our business and operations;
- Inability to successfully obtain registrations in a timely manner or at all;
- General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
- Our ability to effectively manage a variety of business, legal, regulatory, economic, social and political risks associated with our operations;
- Our failure to keep pace with rapid changes in entertainment sector;
- Changes in laws and regulations relating to the industries in which we operate;
- Effect of lack of infrastructure facilities on our business;
- Intensified competition in industries/sector in which we operate;
- Our ability to attract, retain and manage qualified personnel;
- Failure to adapt to the changing technology in our industry of operation may adversely affect our business and financial condition;
- Changes in political and social conditions in India or in countries that we may enter, the monetary and interest rate policies of India and other countries, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- Our ability to expand our geographical area of operation.

For further discussion of factors that could cause the actual results to differ from the expectations, see the sections “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 14, 42, 58 respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

Forward-looking statements reflect the current views of our Company as at the date of this Letter of Offer and are not a guarantee or assurance of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Accordingly, we cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct and given the uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialize, or if any of our Company’s underlying assumptions prove to be incorrect, the actual results of operations or financial condition of our Company could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to our Company are expressly qualified in their entirety by reference to these cautionary statements. None of our Company, our Directors nor any of their respective affiliates has any obligation to update or otherwise revise any statements reflecting circumstances arising after the date of this Letter of Offer or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the SEBI (ICDR) Regulations, our Company will ensure that investors are informed of material developments from the date of this Letter of Offer until the time of receipt of the listing and trading permission.

## SECTION II – SUMMARY OF THIS LETTER OF OFFER

The following is a general summary of certain disclosures included in this Letter of Offer and it is neither exhaustive, nor does it purport to contain a summary of all the disclosures in this Letter of Offer or all details relevant to prospective Investors. This summary should be read in conjunction with and is qualified by, the more detailed information appearing in this Letter of Offer, including the sections titled “Risk Factors”, “Objects of the Issue”, “Our Business” and “Outstanding Litigations, Defaults and Material Developments” beginning on pages 14, 30, 42, 63 of this Letter of Offer, respectively.

### SUMMARY OF OUR BUSINESS

We were incorporated as a Public Ltd. Company on February 07, 1994 with the express object of setting up of the largest Salt Refinery in North West India on the borders of Phalodi in the middle of Bikaner and Jaisalmer.

Our Company’s Plant Location is strategically located to save huge transportation cost and logistic cost for supplying salt to MNCs who are manufacturers of detergents based out of Haryana, Punjab and Himachal Pradesh.

Our company also has a 25000 MT Spices plant to make spices at Phalodi near Jodhpur which is rich source of raw materials like red chilli spices and kasuri methi. As a matter of fact all leading companies of spices of India are procuring their raw material from these areas.

We are also a leading player in solar and wind energy. Our plant located in Phalodi is using upto 70% inhouse solar energy hence resulting in huge saving in electric cost and reducing carbon footprint. Our company is also having a large 1.5 MW Windmill which is having a long term tie-up with MPPCL at a most lucrative rate. The windmill is a great profit generating asset for our company.

For further details, please refer to the section titled “Our Business” beginning on page 42 beginning of this Letter of Offer.

For details of the related party transactions, as reported in the Financial Statements, please refer to the section titled “*Financial Statements*” beginning on page 53 of this Letter of Offer.

#### **ISSUE OF EQUITY SHARES FOR CONSIDERATION OTHER THAN CASH IN THE LAST ONE YEAR**

Our Company has not issued any Equity Shares for consideration other than cash during the last 1 (One) year immediately preceding the date of filing this Letter of Offer.

### SECTION III - RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Letter of Offer, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a better understanding, you should read this section together with "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" on pages 42 and 58 respectively, as well as the other financial and statistical information contained in this Letter of Offer. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial condition and prospects.

If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our cash flows, business, financial condition and results of operations could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risks where the impact is not quantifiable and hence the same has not been disclosed in such risk factors. Investment in equity and equity related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. Before making an investment decision, investors must rely on their own examination of the Issue and us.

This Letter of Offer contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Letter of Offer. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

In this Letter of Offer, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in "Risk Factors" on page 14 and "Management Discussion and Analysis of Financial Condition and Results of Operations" on page 58 respectively of this Letter of Offer unless otherwise indicated, has been calculated on the basis of the amount disclosed in the "Financial Information of the Company" prepared in accordance with the Indian Accounting Standards.

#### Materiality

The Risk factors have been determined and disclosed on the basis of their materiality. The following factors have been considered for determining the materiality:

1. Some events may have material impact quantitatively;
2. Some events may have material impact qualitatively instead of quantitatively;
3. Some events may not be material individually but may be found material collectively;
4. Some events may not be material at present but may be having material impact in future.

#### **INTERNAL RISK FACTORS**

1. ***Our Company is a party to various litigation and claims. These legal proceedings are pending at different levels of adjudication before various courts and regulatory authorities. Any adverse decision may make us liable to liabilities/penalties and may adversely affect our reputation, business and financial status. A classification of these legal and other proceedings is given below:***

Our Company is involved in certain litigations which are pending at various levels before different forums. The outstanding matters include tax proceedings and other material pending litigations involving our Company. The brief details of such outstanding litigations are as follow:

Nature of cases	Number of cases	Amount involved (₹ in Lacs)*
<b>Litigation filed against us</b>		
i. Tax Matters		
ii. Other Matters	1	50.00
<b>Total (A)</b>	<b>1</b>	<b>50.00</b>
<b>Litigation filed by us</b>		
iii. Tax Matters		
iv. Other Matters	2	350.25
<b>Sub Total (B)</b>	<b>2</b>	<b>350.25</b>
<b>Total (A+B)</b>	<b>3</b>	<b>400.25</b>

There can be no assurance that these legal proceedings will be decided in our favour. In addition to the expenditure and costs attached to such litigation proceedings, any adverse decision in these proceedings may have a significant effect on our financial condition and cash flows. In the event of any adverse outcome in a tax proceeding, we may be required to pay the disputed amounts along with applicable interest and penalty and may also incur additional tax incidence.

For further details of these legal proceedings, please see the chapter titled “Outstanding Litigations and Other Defaults” beginning on page 63.

**2. *The shares of the Company and one of the Promoter Group company has been suspended from CSE & DSE.***

The shares of Company & Spectrum Foods Limited (Promoter Group company) have been suspended from CSE (The Calcutta Stock Exchange Limited) and DSE (Delhi Stock Exchange) due to non-compliance of various provisions of the listing agreement. Both the Exchanges, i.e., CSE & DSE are not operational for trading. Such non-compliances may have major financial impact on the Company in future.

**3. *We have entered into Rent Agreement with one of our Promoter, Mr. Girdhar Saboo to use his property as registered office of our Company.***

We have entered into Rent Agreement with one of our Promoter, Mr. Girdhar Saboo to use his property as registered office of our Company. Non-renewal of rent agreement or any dispute on property or dispute between Promoter and our Company or any damage to the property due to any reason might affect our use of such property as registered office of our Company, which could materially and adversely affect our reputation, business operations and have to pay increased rentals.

For further details of our Registered office, please refer to chapter titled “Our Business” beginning on Page 42 of this Letter of Offer.

**4. *We depend on our corporate logo that we may not be able to protect and/or maintain.***

Our ability to market and sell our products depends upon the recognition of our brand names and associated consumer goodwill. We have not yet applied trademark registration for our Corporate Logo. Consequently, we do not enjoy the statutory protections accorded to registered trademarks in India for our Company. There is no guarantee that the application for registration of our logo will be accepted in favour of the Company whenever applied. This may affect our ability to protect our trademark in the event of any infringement of our intellectual property. In the absence of such registrations, competitors and other companies may challenge the validity or scope of our intellectual property right over these brands or our corporate name or logo. As a result, we may be required to invest significant resources in developing new brands or names, which could materially and adversely affect our business, financial condition, results of operations and prospects. In addition to same, our failure to comply with existing or increased regulations, or the introduction of changes to existing regulations, could adversely affect our business, financial condition, results of operations and prospects.

**5. *If we lose the services of the members of our senior management or other key employees or if we are not able to attract or retain qualified persons, our business and operations would be adversely affected.***

Our performance is substantially dependent on the performance of our senior management and key employees. There can be no assurance that any member of our senior management or other key employees will not leave us in the future. Such departures may adversely affect our business and operations. Our success is also highly dependent on our continuing ability to identify, hire, train, retain and motivate highly qualified management, technical, sales and marketing personnel. In particular, the recruitment of skilled product developers and experienced sales personnel remains critical to our success. Competition for such skills is intense and continuous, and we may not be able to attract, integrate or retain highly qualified technical, sales or managerial personnel in the future.

**6. *We sell our products in competitive markets and our inability to compete effectively may lead to lower market share or reduced operating margins, and adversely affect our results of operations.***

Our food industry is highly competitive, coupled with the large number of players and also the existence of unorganized players. Also, several national and international food manufacturers and brand owners have set-up their own distribution arms / have distribution tie-ups in India. With the high level of competition, our results of operations are sensitive to, and may be materially and adversely affected by, competitive pricing, services offered, brand recognition and other factors. Competition may result in pricing pressure, reduced profit margin or a failure to increase our market share, any of which could substantially harm our business and results of our operations.

Many of our competitors have significant competitive advantages, including longer operating histories, larger and broader customer base, greater financial, research and development, marketing, distribution budgets and other resources than we do. The number of our direct competitors and the intensity of competition may increase as we expand into other product lines or as other smaller traders expand into other product lines. Our competitors may enter into business combinations or alliances. Our competitors may also be able to respond more quickly and effectively than we do to new or changing opportunities, technologies, trends or customer preferences, which could result in a decline in our revenues. There can be no assurance that we can effectively compete with our competitors in

the future, and any such failure to compete effectively may have a material adverse effect on our business, financial condition and results of operations.

**7. *Employee misconduct, errors or fraud could expose us to business risks or losses that could adversely affect our business prospects, results of operations and financial condition.***

Employee misconduct, errors or frauds could expose us to business risks or losses, including regulatory sanctions, penalties and serious harm to our reputation. Such employee misconduct includes breach in security requirements, misappropriation of funds, hiding unauthorized activities, failure to observe our operational standards and processes, and improper use of confidential information. It is not always possible to detect or deter such misconduct, and the precautions we take to prevent and detect such misconduct may not be effective. In addition, losses caused on account of employee misconduct or misappropriation of petty cash expenses and advances may not be recoverable, which we may result in write-off of such amounts and thereby adversely affecting our results of operations. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions in which case, our reputation, business prospects, results of operations and financial condition could be adversely affected.

**8. *If we fail to maintain an effective system of internal controls, we may not be able to successfully manage or accurately report our financial risks.***

Effective internal controls are necessary for us to prepare reliable financial reports and effectively avoid fraud. Moreover, any internal controls that we may implement, or our level of compliance with such controls, may deteriorate over time, due to evolving business conditions. Any dilution or deficiency in our internal control system may expose us to additional risks.

**9. *Failure to manage our inventory could have an adverse effect on our net sales, profitability, cash flow and liquidity.***

The results of operations of our business are dependent on our ability to effectively manage our inventory and stocks. To effectively manage our inventory, we must be able to accurately estimate customer demand and supply requirement accordingly. If our management has misjudged expected customer demand it could adversely impact the results by causing either a shortage of products or an accumulation of excess inventory.

**10. *If we are unable to source business opportunities effectively, we may not achieve our financial objectives.***

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees and to use systems/equipment capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will use such systems/equipment effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analysis of market and other data or the strategies we use or plan in future to use will be successful under various market conditions.

**11. *Conflicts of interest may arise out of common business undertaken by our Company and our Promoter Group Entities.***

Certain of our Group entities are authorized by their memorandum to carry similar activities as those conducted by our Company. As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and our Group entities in circumstances where our respective interests diverge. In cases of conflict, our Promoters may favour other companies in which our Promoters or their immediate relatives have interests. There can be no assurance that our Promoters or members & entities of our Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition.

**12. *Relevant Copies of educational qualifications and Experience of some of our directors are not traceable***

Relevant copies of the educational qualifications of some of our Directors are not traceable. The information included in the our management section are based on the affidavits obtained from the Directors. Consequently, we cannot assure you that such information in relation to the particular Directors are true and correct and you should not place undue reliance on the experience and qualification of our management included in this Letter of Offer.

**13. *Our Company has entered into certain related party transactions and may continue to do so in the future.***

Our Company has entered into related party transactions with our Promoters, Directors, and their relatives in the past. While our Company believes that all such transactions have been conducted on the arms length basis and as per the requirements of Companies Act, 2013, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that our Company will enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operation.

**14. *In the event that any of our contingent liabilities materialise, our financial condition, results of operations and cash flows may be adversely affected.***

As of March 31, 2022 and March 31, 2021 our aggregate contingent liabilities amounted to ₹ 180.5 lacs. We cannot assure you that these contingent liabilities shall not become established as liabilities. In the event any of these contingent liabilities become established as liabilities, it may have an adverse effect on our financial condition and results of operations. Further, there can be no assurance that we shall not incur similar or increased levels of contingent liabilities in the future. For further details, see also “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on page 58.

**15. *We may not be able to generate profits at the same rate of return that we earned from our historical projects.***

The profits that we generate from our projects may not be utilised in our business at or above the rate of return that we earn from these projects and we may not utilise capital in the most efficient manner. For example, there may be periods during which we may deposit funds in fixed deposits or other short term investments that generate low post-tax returns. We may also invest in mutual funds which are exposed to market and credit risks and may not generate rates of return above the rates of return we earn on our other investments, or at all, or such investments may result in losses. Our failure to generate rates of return on our capital equal to or above the rate of return we earn on our projects may decrease our return on net worth and capital employed, which may in turn adversely affect our business prospects, financial condition and results of operation.

**16. *Our ability to pay dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements, capital expenditures and restrictive covenants in our financing arrangements.***

We are in the food business. Our future ability to pay dividends will depend on the earnings, financial condition and capital requirements of our Company. Dividends distributed by us will attract tax at rates applicable from time to time. We cannot assure you that we will generate sufficient income to cover our operating expenses and pay dividends to our shareholders, or at all.

**17. *We are a listed company and are required to comply with rules and regulations imposed by the Stock Exchanges and SEBI with respect to continuous listing and the Companies Act. Any failure to comply with such rules and regulations or any wrong disclosure made to the Stock Exchange or any statutory authority could result in penalties being imposed on us, which may adversely affect our business and operations.***

As a listed company, we are required to comply with certain conditions for continuous listing under the SEBI Listing Regulations and other rules and regulations imposed by SEBI, which require us to make certain periodic disclosures, including disclosures about any material events or occurrences with respect to our Company, disclosure of our financial statements and disclosure of our updated shareholding pattern. Any failure to comply with these continuous disclosure requirements or any wrongful disclosure made by us to the Stock Exchange or any other statutory authority may lead to penalties being imposed on us.

We believe, we are in compliance with rules and regulations imposed by the BSE and SEBI with respect to continuous listing, any failure to comply with such rules and regulations or any wrong disclosure/ Non filing to the BSE or any statutory authority could result in penalties being imposed on us, which may adversely affect our business and operations.

**18. *Our funding requirements and the proposed deployment of Net Proceeds have not been appraised by a public financial institution or a scheduled commercial bank and our management will have broad discretion over utilization of the Net Proceeds.***

Our Company proposes to utilize the Net Proceeds to fulfill working capital and for general corporate purposes. Our proposed deployment of Net Proceeds has not been appraised by a public financial institution or a scheduled commercial bank and is based on management estimates. Our management will have broad discretion to use the Net Proceeds. Various risks and uncertainties, including those set forth in this section, may limit or delay our efforts to use the Net Proceeds to achieve profitable growth in our business. We cannot assure you that use of the Net Proceeds to meet our future capital requirements, fund our growth and for other purposes identified by our management would result in actual growth of our business, increased profitability or an increase in the value of our business.

**19. *The deployment of funds is entirely at our discretion and as per the details mentioned in the chapter titled “Objects of the Issue”.***

As the Issue size is not more than ₹10,000 lakhs, under Regulation 82 of the SEBI ICDR Regulations it is not required that a monitoring agency be appointed by our Company, for overseeing the deployment and utilization of funds raised through this Issue. Therefore, the deployment of the funds towards the Objects of this Issue is entirely at the discretion of our Board of Directors and is not subject to monitoring by external independent agency. Our Board of Directors along with the Audit Committee will monitor the utilization of Issue proceeds and shall have the flexibility in applying the proceeds of this Issue. However, the management of our Company shall not have the power to alter the objects of this Issue except with the approval of the Shareholders of the Company given by way of a special resolution in a general meeting, in the manner specified in Section 27 of the Companies Act, 2013. Additionally, the dissenting shareholders being those shareholders who have not agreed to the proposal to vary the objects of this Issue, our Promoters shall provide them with an opportunity to exit at such price, and in such manner and conditions as may be specified by the SEBI, in respect to the same.

**20. *The price of the Equity Shares may be highly volatile after the Issue.***

The price of the Equity Shares on the Indian stock exchanges may fluctuate after this Issue as a result of several factors, including, volatility in the Indian and global securities market; our operations and performance; performance of our competitors and the perception in the market about investments in the our industry; adverse media reports on us or the industry; changes in the estimates of our performance or recommendations by financial analysts; significant developments in India's economic liberalization and deregulation policies; and significant developments in India's fiscal and environmental regulations. There can be no assurance that the prices at which the Equity Shares are initially traded will correspond to the prices at which the Equity Shares will trade in the market subsequently.

**21. *There are restrictions on daily movements in the trading price of the Equity Shares, which may adversely affect a shareholder's ability to sell Equity Shares or the price at which Equity Shares can be sold at a particular point in time.***

Our listed Equity Shares will be subject to a daily "circuit breaker" imposed on listed companies by the Stock Exchanges, which does not allow transactions beyond certain volatility in the trading price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on the Equity Shares' circuit breaker will be set by the Stock Exchanges based on historical volatility in the price and trading volume of the Equity Shares. The Stock Exchanges are not required to inform our Company of the percentage limit of the circuit breaker, and they may change the limit without our knowledge. This circuit breaker would effectively limit the upward and downward movements in the trading price of the Equity Shares. As a result of this circuit breaker, there can be no assurance regarding the ability of shareholders to sell Equity Shares or the price at which shareholders may be able to sell their Equity Shares.

**22. *The price of the Equity Shares may be volatile, which could result in substantial losses for investors acquiring the Equity Shares in the Issue.***

The market price of the Equity Shares may be volatile and could fluctuate significantly and rapidly in response to, among others, the following factors, some of which are beyond our control: volatility in the Indian and global securities market or in the value of the Rupee relative to the U.S. Dollar, the Euro and other foreign currencies;

- our profitability and performance;
- changes in financial analysts' estimates of our performance or recommendations;
- perceptions about our future performance or the performance of Indian companies in general;
- significant developments in India's economic liberalisation and deregulation policies;
- economic developments in India and in other countries; and
- any other political or economic factors.

These fluctuations may be exaggerated if the trading volume of the Equity Shares is low. Volatility in the price of the Equity Shares may be unrelated or disproportionate to our results of operations. It may be difficult to assess our performance against either domestic or international benchmarks.

Indian stock exchanges, including the Stock Exchanges, have experienced substantial fluctuations in the prices of listed securities and problems such as temporary exchange closures, broker defaults, settlement delays and strikes by brokers. The governing bodies of Indian stock exchanges have also, from time to time, imposed restrictions on trading in certain securities, limitations on price movements and margin requirements. Further, disputes have occurred between listed companies, stock exchanges and other regulatory bodies, which in some cases may have had a negative effect on market sentiment. If such or similar problems were to continue or recur, they could affect the market price and liquidity of the securities of Indian companies, including the Equity Shares.

**23. *Any future issuance of Equity Shares, or convertible securities or other equity-linked securities by our Company may dilute your shareholding and any sale of Equity Shares by our Promoters or members of our Promoter Group may adversely affect the trading price of the Equity Shares.***

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by our Company may dilute your shareholding in our Company; adversely affect the trading price of the Equity Shares and our ability to raise capital through further issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. We cannot assure you that we will not issue additional Equity Shares. The disposal of Equity Shares by any of our Promoters and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that our Promoters and Promoter Group will not dispose of, pledge or encumber their Equity Shares in the future.

**24. *Sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.***

Any instance of disinvestments of Equity Shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sale of Equity Shares might occur.

**25. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.***

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under

Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

- 26. *You may not receive the Equity Shares that you subscribe in the Issue until fifteen days after the date on which this Issue closes, which will subject you to market risk.***

The Equity Shares that you subscribe in the Issue may not be credited to your demat account with the depository participants until approximately 15 days from the Issue Closing Date. You can start trading such Equity Shares only after receipt of the listing and trading approval in respect thereof. There can be no assurance that the Equity Shares allocated to you will be credited to your demat account, or that trading in the Equity Shares will commence within the specified time period, subjecting you to market risk for such period.

- 27. *There is no guarantee that our Equity Shares will be listed in a timely manner or at all which may adversely affect the trading price of our Equity Shares.***

In accordance with Indian law and practice, final approval for listing and trading of the Equity Shares will not be granted by the Stock Exchange until after those Equity Shares have been issued and allotted. Approval will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on Stock Exchanges. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares. Further, historical trading prices, therefore, may not be indicative of the prices at which the Equity Shares will trade in the future which may adversely impact the ability of our shareholders to sell the Equity Shares or the price at which shareholders may be able to sell their Equity Shares at that point of time.

- 28. *Non-receipt of complete Call Money may have an impact of a consequential shortfall in Net Proceeds.***

The Call(s) shall be deemed to have been made at the time when the resolution authorising such Call is passed at the meeting of our Board. The Call(s) may be revoked or postponed at the discretion of our Board, from time to time. Our Company, at its sole discretion, may send one or more reminders for the Call(s) as it deems fit, and if it does not receive the Call Money as per the timelines stipulated, it would forfeit the Application Money. Non-receipt of complete Call Money and a consequential forfeiture of the Application Money may lead to a shortfall in the Net Proceeds, which may have to be met out of internal accruals and may impact our business and our growth plans. For details, see 'Objects of the Issue' on page 30.

- 29. *Holder of Equity Shares could be restricted in their ability to exercise pre-emptive rights under Indian law and could thereby suffer future dilution of their ownership position.***

Under the Companies Act, 2013, any company incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages prior to the issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the shares voted on such resolution, unless our Company has obtained government approval to issue without such rights. However, if the law of the jurisdiction that you are in does not permit the exercise of such pre-emptive rights without us filing an offering document or registration statement with the applicable authority in such jurisdiction, you will be unable to exercise such pre-emptive rights unless we make such a filing. We may elect not to file a registration statement in relation to pre-emptive rights otherwise available by Indian law to you. To the extent that you are unable to exercise pre-emptive rights granted in respect of the Equity Shares, your proportional interests in us would be reduced.

- 30. *Our Company will not distribute the Letter of Offer and Application Form to certain overseas Shareholders who have not provided an address in India for service of documents.***

Our Company will dispatch the Letter of Offer, the Abridged Letter of Offer, Rights Entitlement Letter and Application Form (the "Offering Materials") to such Shareholders who have provided an address in India for the service of documents. The Offering Materials will not be distributed to addresses outside India on account of restrictions that apply to the circulation of such materials in various overseas jurisdictions. However, the Companies Act requires companies to serve documents at any address, which may be provided by the members as well as through e-mail. Presently, there is a lack of clarity under the Companies Act and the rules thereunder, with respect to the distribution of Offering Materials to retail individual shareholders in overseas jurisdictions where such distribution may be prohibited under applicable laws of such jurisdictions.

### **EXTERNAL RISK FACTORS**

- 31. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.***

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax ("GST") regime with effect from July 1, 2017, that combined multiple taxes and levies by the Central and State Governments into a unified tax structure. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the amendment of GST or any changes in laws or interpretation of existing laws,

or the promulgation of new laws, rules and regulations relating to GST. The Government has enacted the GAAR which have come into effect from April 1, 2017.

The Government of India has announced the union budget for Fiscal 2021 and the Ministry of Finance has notified the Finance Act, 2021 (“Finance Act”) on March 28, 2021, pursuant to assent received from the President, and the Finance Act will come into operation with effect from July 1, 2020. There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. We cannot predict whether any amendments made pursuant to the Finance Act would have a material adverse effect on our business, financial condition and results of operations. Unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. For instance, the Supreme Court of India has, in a decision clarified the components of basic wages, which need to be considered by companies while making provident fund payments. Our Company has not made relevant provisions for the same, as on date. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations. Further, a draft of the Personal Data Protection Bill, 2019 (“Bill”) has been introduced before the Lok Sabha on December 11, 2019, which is currently being referred to a joint parliamentary committee by the Parliament. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

**32. *Foreign investors are subject to foreign investment restrictions under Indian law.***

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection or a tax clearance certificate from the income tax authority. We cannot assure you that any required approval from the RBI or any other Government agency can be obtained on any particular terms or at all.

**33. *Any downgrading of India’s debt rating by an independent agency may harm our ability to raise financing.***

Any adverse revisions to India’s credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

**34. *The ability of Indian companies to raise foreign capital may be constrained by Indian law.***

As an Indian Company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA. Such regulatory restrictions limit our financing sources for our projects under development and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted to us without onerous conditions, or at all. Limitations on foreign debt may adversely affect our business growth, results of operations and financial condition.

**35. *Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.***

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

**36. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.***

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance of our business. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence and spending. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

**37. *Natural calamities could have a negative impact on the Indian economy and cause our business to suffer.***

India has experienced natural calamities such as earthquakes, tsunamis, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

**38. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.***

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well as the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

**39. *A slowdown in economic growth in India could cause our business to suffer.***

Our results of operations and financial condition are dependent on, and have been adversely affected by, conditions in financial markets in the global economy and, particularly in India. The Indian economy could be adversely affected by various factors such as political or regulatory action, including adverse changes in liberalization policies, business corruption, social disturbances, terrorist attacks and other acts of violence or war, natural calamities, interest rates, inflation, commodity and energy prices and various other factor Any slowdown in the Indian economy may adversely affect our business, financial condition, results of operations and the price of our Equity Shares.

**40. *We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which we operate contained in the letter of offer.***

While facts and other statistics in the letter of offer relating to India, the Indian economy and the industry in which we operate has been based on various web site data and IBEF that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled "Industry Overview" beginning on page 36 of this letter of offer. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

### GLOBAL ECONOMIC OVERVIEW

The war in Ukraine has triggered a costly humanitarian crisis that, without a swift and peaceful resolution, could become overwhelming. Global growth is expected to slow significantly in 2022, largely as a consequence of the war. A severe double-digit drop in GDP is expected in Ukraine due to fighting. A deep contraction is projected for Russia due to sanctions and European countries' decisions to scale back energy imports. The economic costs of war are expected to spread farther afield through commodity markets, trade, and—to a lesser extent—financial interlinkages. Fuel and food price rises are already having a global impact, with vulnerable populations—particularly in low-income countries—most affected.

The war in Ukraine will amplify economic forces already shaping the global recovery from the pandemic.

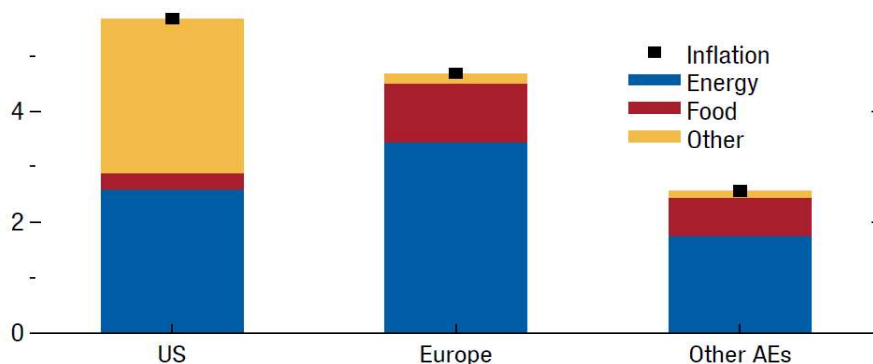

The war has further increased commodity prices and intensified supply disruptions, adding to inflation. Even before Russia invaded Ukraine, broad price pressures had led central banks to tighten monetary policy and indicate increasingly hawkish future stances. As a result, interest rates had risen sharply and asset price volatility had increased since the start of 2022—hitting household and corporate balance sheets, consumption, and investment.

The prospect of higher borrowing costs has also increased the cost of extended fiscal support. These changes are occurring faster than previously expected even as many parts of the global economy—particularly countries with low vaccination rates—must contend with continued strain on health care systems because of the pandemic.

The war has also added to already high uncertainty about the global outlook. Although many countries appear to be moving past the acute phase of the pandemic, new variants could again lead to waves of infection and further disruption. Inflation pressure could strengthen more than anticipated and demand more aggressive policy responses. Tighter financial conditions will shine a harsh spotlight on debt vulnerabilities among sovereign and corporate borrowers, risking widespread debt distress. Moreover, with continued tight policies toward the real estate sector and the possibility of more widespread lockdowns as part of the strict zero-COVID strategy, China's economy could slow more than currently projected—with consequences for Asia and beyond. This could further set back the recovery, particularly in emerging market and developing economies. More limited policy space could compound scarring effects, particularly in emerging market and developing economies, where medium-term baseline output is expected to be close to 6 percent below pre-pandemic projections.

More fundamentally, geopolitical tensions threaten the rules-based frameworks that have governed international economic relations since World War II. Current sanctions imposed with the aim of pressing Russia to end the war are already cutting financial and trade linkages between Russia and other countries, with far-reaching repercussions. Increased global polarization also impedes the cooperation essential for long-term prosperity. This could include derailing the urgent climate change agenda and undermining multilateral efforts to improve debt resolution frameworks, trade integration, and initiatives to avoid future pandemics.

The following graph shows the changes in inflation drivers across the globe due to varying factors from December 2020-21.

(Source: <https://www.imf.org/en/Publications/WEO/Issues/2022/04/19/world-economic-outlook-april-2022>)

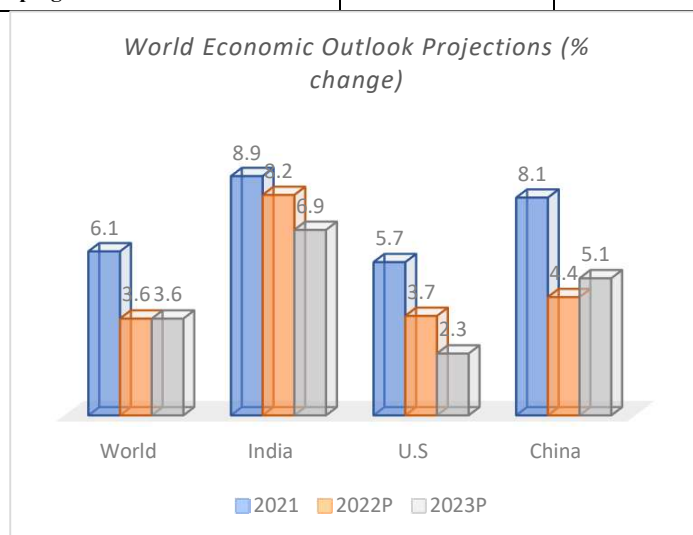

Global growth is projected to slow from an estimated 6.1 percent in 2021 to 3.6 percent in 2022 and 2023. This is 0.8 and 0.2 percentage points lower for 2022 and 2023 than projected in January.

Beyond 2023, global growth is forecast to decline to about 3.3 percent over the medium term. War-induced commodity price increases and broadening price pressures have led to 2022 inflation projections of 5.7 percent in advanced economies and 8.7

percent in emerging market and developing economies—1.8 and 2.8 percentage points higher than projected last January. Multilateral efforts to respond to the humanitarian crisis, prevent further economic fragmentation, maintain global liquidity, manage debt distress, tackle climate change, and end the pandemic are essential.

### INDIAN ECONOMIC OVERVIEW

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY2021-22.

India is the third-largest unicorn base in the world with over 83 unicorns collectively valued at US\$ 277.77 billion, as per the Economic Survey. By 2025, India is expected to have 100 unicorns, which will create ~1.1 million direct jobs according to the Nasscom-Zinnov report 'Indian Tech Start-up'.

India needs to increase its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030's, for productivity and economic growth according to McKinsey Global Institute. Net employment rate needs to grow by 1.5% per year from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030.

According to data from the Department of Economic Affairs, as of January 28, 2022, foreign exchange reserves in India reached the US\$ 634.287 billion mark.

### GDP and Inflation rate in India

(Source: <https://www.imf.org/en/Countries/IND>)

India's economy is poised for a rebound after enduring a second wave of COVID-19 infections this year that further constrained activity and took a heavy toll on its people.

India's broad range of fiscal, monetary and health responses to the crisis supported its recovery and, along with economic reforms, are helping to mitigate a longer-lasting adverse impact of the crisis.

(Source: <https://www.imf.org/en/News/Articles/2021/11/02/na111121-indias-economy-to-rebound-as-pandemic-prompts-reforms>)

(Source: <https://www.imf.org/en/Publications/CR/Issues/2021/10/14/India-2021-Article-IV-Consultation-Press-Release-Staff-Report-and-Statement-by-the-492841>)

Following the deadly ‘second wave,’ growth in FY22 is expected to be nearer to the lower bound of the range of 7.5 to 12.5 percent – still putting India among the fastest growing economies in the world. The pace of vaccination, which is increasing, will determine economic prospects this year and beyond. Successful implementation of agriculture and labor reforms would boost medium-term growth, while weakened household and corporate balance sheets may constrain it. The economic slowdown triggered by the outbreak is believed to have had a significant impact especially on poor and vulnerable households. Recent projections of GDP per capita growth, taking into account the impact of the pandemic, suggest that poverty rates in 2020 have likely reverted to estimated levels in 2016.

The informal sector, where the vast majority of India’s labor force is employed, has been particularly affected. As in most countries, the pandemic has exacerbated vulnerabilities for traditionally excluded groups, such as youth, women, and migrants. Labor market indicators suggest that urban households are now more vulnerable to fall into poverty than they were before the onset of the pandemic.

The response of the government to the COVID-19 outbreak has been swift and comprehensive. A national lockdown to contain the health emergency was complemented by a comprehensive policy package to mitigate the impact on the poorest households (through various social protection measures) as well as on small and medium enterprises (through enhanced liquidity and financial support).

To build back better, it will be essential for India to stay focused on reducing inequality, even as it implements growth-oriented reforms to get the economy back on track. The World Bank is partnering with the government in this effort by helping strengthen policies, institutions, and investments to create a better future for the country and the people through green, resilient and inclusive development.

In response to the COVID-19 shock, the government and the Reserve Bank of India took several monetary and fiscal policy measures to support vulnerable firms and households, expand service delivery (with increased spending on health and social protection) and cushion the impact of the crisis on the economy. Thanks in part to these proactive measures, the economy is expected to rebound.

(Source: <https://www.worldbank.org/en/country/india/overview#1>)

In 2022-23, India’s GDP is expected to rise by 8.0-8.5%, owing to broad vaccine coverage, gains from supply-side reforms and regulatory ease, healthy export growth, and the availability of fiscal space to ramp up capital spending. The trajectory set for India’s economy by the previous year’s budget has been reinforced in Budget 2022-23. A lot of private investments taking place and consumption levels are rising as a result of increased employment. Capex generated by the government will also encourage private investment. The Production Linked Incentive (PLI) schemes in 14 sectors will further encourage private investment in order to boost export growth and allow for feasible import substitution in the country. The growth forecast for 2022-23 is based on the premise that there will be no further devastating pandemic-related economic disruption, that the monsoon will be expected, and that major central banks will withdraw global money in a relatively orderly manner.

Despite the third wave of COVID-19, overall economic activity remained stable, indicating that India has learned to cope with virus-related restrictions. Several high frequency indicators, such as electricity consumption, PMI manufacturing, exports, and e-way bill creation, reflect this. The economy’s confidence has been bolstered even more by the rapid pace of immunisation. In addition, the Union Budget commitment to asset creation (public infrastructure development) in 2022-23 will re-energize the virtuous cycle of investment and crowd in private investment with huge multiplier effects, boosting inclusive and sustainable growth. Consumption will rise up once the uncertainty and worry caused by the Covid-19 virus has passed, and the demand rebound will allow the private sector to step in with investments to boost production to satisfy the rising demand. This scenario should play out for the Indian economy in 2022-23, barring geopolitical and economic surprises.

The geo-political tension triggered by the conflict between Russia and Ukraine since 24th February, 2022 has not ceased. The economic fallout of the crisis is only gradually unfolding. It may be accentuating some of the trends already underway such as global food shortages. The dated Brent Crude oil price, which forms the bulk of Indian crude oil basket has hovered around USD 105-106 / bbl since 1st of April, after having risen above USD 135 in the first/second week of March from around USD 95 just before the crisis. The Government is exploring all viable options, including import diversification, to procure crude at an affordable price. Affordability is desired as even the present level of international crude price, should it persist for a long time, may come in the way of India achieving a real economic growth rate north of 8 per cent in FY23. Be that as it may, India’s economy, having swiftly recovered in 2021-22, after the pandemic induced contraction, may prove resilient owing to government’s thrust on capital expenditure and improved corporate sector’s financial health.

Real GDP of India increased by 8.4% YoY in Q2 of FY 22, recovering more than 100% of pre-pandemic output in the equivalent quarter of FY 20. India is one of the few countries to have grown for four consecutive quarters in Covid-19 (Q3, Q4 of FY21 and Q1, Q2 of FY22), demonstrating the economy’s resiliency.

The recovery was fuelled by a resurgence in the services sector, a complete recovery in manufacturing, and continued expansion in the agriculture sector. In addition to successful pandemic management and signalling impact of promised measures, recovery was aided by a quick increase in vaccine coverage from 32% of the adult population at the end of Q1 to 75% at the end of Q2 of FY 22. According to the latest GDP estimates issued by the NSO, the Indian economy increased by 8.4% YoY in Q2 of FY 22, after growing by 20.1% YoY the previous quarter.

Industry has also been showing robust growth, particularly in the second -half of 2021-22. The combined Index of Eight Core Industries registered a YoY growth of 5.8 per cent in February 2022, highest in the last four months following an increase in output of natural gas, coal, refinery products among others. PMI manufacturing has stayed in the expansionary zone continuously for nine months contributing much to the recovery in 2021-22. Credit to industry has also seen a boisterous growth with loan growth to large corporates finally turning positive towards end of 2021-22.

#### Action against Covid-19 – India

India has been successfully running world’s second largest vaccination programme administering, as on 31st March 2022, more than 184 crore doses of vaccine. Around 91 crore of adults have received at least one dose, of which 79 crore are now fully vaccinated. The coverage of adolescents aged between 15-18 years stands at 76 per cent. In numbers, 5.7 crore adolescents have received at least one dose of which 3.8 crore are fully vaccinated, equivalent to 51 per cent of their population.

From 16th March 2022, vaccination drive has been extended to cover the adolescent population in the age group of 12-14 years. As of 31st March 2022, 1.7 crore doses have been administered to this age group. Additionally, India has also expanded its booster dose programme by removing a restriction related to comorbidities. About 2.3 crore precautionary doses have been administered to healthcare, front line workers and people aged above 60 years.

Steady fall in new COVID-19 cases and the consequent withdrawal of restrictions across states continue to strengthen the economic activity. Daily cases further abated to less than 1400 in March, reaching about one-eighth of what it was in February. The daily recoveries continue to outnumber daily new cases pushing up the recovery rate to 98.7 per cent. As on 31st March, 2022 India had less than 26 thousand active cases – down from a peak of 22.0 Lac cases on 27th Jan 2022. Delhi and Maharashtra have now made masks optional to wear reflecting their belief that the pandemic is under control. The hope is that any new variant such as Omicron XE would not pose a serious threat to the economic recovery.

In view of the controlled pandemic situation, mobility continues to expand above prepandemic levels by 7.5 per cent in March compared to 3.3 per cent in February. Average daily E-toll count increased to 87.2 Lac in March 2022 registering a growth of 40 per cent on year on year (y-o-y) basis. While average E-toll collection expanded by 32.8 per cent on y-o-y basis to ₹132.0 crore in March 2022. During 2021-22, average daily E-toll collection increased by 64 per cent while average daily E-toll count higher by 81 per cent compared to previous year.

### INDIAN SPICE INDUSTRY

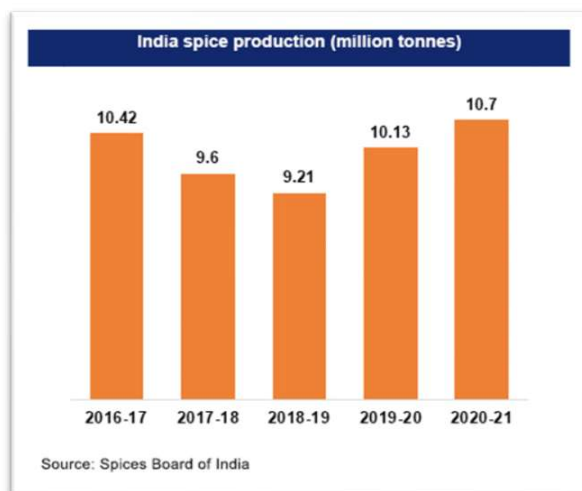

#### Overview

India is the world’s largest spice producer. It is also the largest consumer and exporter of spices. The production of different spices has been growing rapidly over the last few years. Production in 2021-22 stood at 10.88 million tonnes. During 2020-21, the export of spices reached an all-time high both in terms of value and volume by registering a growth of 17% in US\$ value terms and 30% in volume terms.

During 2021-22, the single largest spice exported from India was chili followed by spice oils and oleoresins, mint products, cumin, and turmeric.

India produces about 75 of the 109 varieties listed by the International Organization for Standardization (ISO). The most produced and exported spices are pepper, cardamom, chili, ginger, turmeric, coriander, cumin, celery, fennel, fenugreek, garlic, nutmeg & mace, curry powder, spice oils, and oleoresins. Out of these spices, chili, cumin, turmeric, ginger, and coriander make up about 76% of the total production.

The largest spices-producing states in India are Madhya Pradesh, Rajasthan, Gujarat, Andhra Pradesh, Telangana, Karnataka, Maharashtra, Assam, Orissa, Uttar Pradesh, West Bengal, Tamil Nadu, and Kerala.

## Export Market

India is the largest exporter of spice and spice items. For the year 2021-22, the country exported spices worth US\$4,102.29 million.

(Source: <http://www.indianspices.com/>)

In September 2022, the exports of spices from India increased by 6.62% to US\$ 330.46 million. In 2021-22, India exported 1.53 million tonnes of spices. From 2017-18 to 2021-22, the total exported quantity from India grew at a CAGR of 10.47%.

For FY22, total volumes of chili, cumin, turmeric, and ginger exports were 0.55, 0.21, 0.15, and 0.14 million tonnes.

During 2020-21, the export of chili, ginger, cardamom (small & large), coriander, turmeric, celery, cumin, fennel, fenugreek, other seeds such as ajwain seed, mustard, aniseed, nutmeg & mace; other spices such as asafetida, tamarind, etc., expanded both in value and volume as compared to 2019-20. Even the export of value-added products such as spice oils & oleoresins grew both in terms of value and volume; the export of curry powder/paste increased in terms of value and the export of mint products increased in terms of volume.

## Major Export Destinations

India exported spices and spice products to 180 destinations worldwide in 2020-21. The top destinations among them were China, the USA, Bangladesh, Thailand, the UAE, Sri Lanka, Malaysia, the UK, Indonesia, and Germany. These nine destinations comprised more than 70 percent of the total export earnings in 2020-21.

Spices worth Rs. 6,27,155.48 lakhs (US\$ 791.5 million) were exported to China in 2020-21 which constituted 23% of the overall value exported. USA imported spices worth Rs. 4,65,000.00 lakhs (US\$ 586.8 million) in 2020-21, constituting 17% of the total exported value from India. Bangladesh imported spices worth Rs. 2,51,280.47 lakhs (US\$ 317.1 million) from the country during the above period and it comprised 9% of the total exported value from India. UAE exported spices worth Rs. 1,65,298.53 lakhs (US\$ 208.6 million) from India in 2020-21 which is 6% of the total value exported.

Chilli was the most exported spice from India. During 2021-22, China imported Rs. 3,144 crores (US\$ 396.9 million) of chili in 2020-21. During the same period, China imported cumin worth Rs. 1,397.4 crores (US\$ 176.4 crores). Mint products imported by China during the same period stood at Rs. 1,779.6 crores (US\$ 227.2 million).

The main products imported by the USA are celery, cumin, curry powder, fennel, fenugreek, chili, and mint products

## **Government Initiatives & Recent Developments in the Spice Industry**

### **Export Development and Promotion of Spices**

This initiative by the Spices Board of India aims to support the exporter to adopt high-tech processing technologies and upgrade the existing level of technology for the development of industry and to meet the changing food safety standards of the importing countries. The initiative provides benefits of infrastructure development, promoting Indian spice brands abroad, setting up infrastructure in the major spice growing centers, and promoting organic spices and special programs for north-eastern entrepreneurs.

### **Setting up and maintenance of infrastructure for common processing (Spices Parks)**

Spices Board has launched crop-specific Spices Parks in key production/market centers with an aim to facilitate the farmers to get an improved price realization and wider reach for their produce. The purpose of the park is to have an integrated operation for cultivation, post-harvesting, processing, value-addition, packaging and storage of spices and spice products. The common processing facilities for cleaning, grading, packing, and steam sterilization will help the farmers to enhance the quality of the produce, resulting in better price realization.

### **Spice Complex Sikkim**

Spices Board submitted a project proposal to the State's Cell for setting up a Spice Complex in Sikkim seeking financial assistance for facilitating and demonstrating common processing and value addition in spices to help farmers and other stakeholders in the state.

### OVERVIEW

Spectrum Foods Ltd – a stalwart of innovation since 1994. Ranging from Salt Refinery to B2B excellence, our enduring commitment extends to renewable energy and hospitality, setting unwavering standards of quality.

Since 1994, our unwavering commitment to innovation and industry leadership began with an ambitious goal: establishing North India's largest Salt Refinery. Today, as a premier B2B Salt and Spices Manufacturer, we continue setting benchmarks for excellence. Our dedication to sustainability is evident through a 400kWh captive solar power plant and a 1.5 MW Suzlon Windmill in M.P. with 25 years long term PPA at most attractive rates. Furthermore, our journey expands into impactful hospitality projects.

Spectrum Foods Limited was incorporated on February 7, 1994 with the express object to refine salt to a very high degree of purity. The sophisticated Principles of chemical engineering used by the Company are the same as favoured by the leading Salt Refineries.

The Business activities our company are as follows:

#### 1. Salt:

Spectrum Foods Limited is a Company located in Phalodi, Western Rajasthan bordering Haryana and Punjab. Our plant is strategically located to supply salt to Industrial hub in Baddi and Rajpura.

Baddi in Himachal Pradesh and Rajpura in Ludhiana, Punjab are going to be major industries hub for Detergent, Textile and Dying Industry and SFL salt refinery is strategically located to take advantage of these markets and enjoy the first move benefit.

With an impressive manufacturing capacity of 200,000 MT/YR, Spectrum Foods Limited has emerged as a beacon of quality and reliability in producing high-purity salt.

Nestled in Phalodi, Rajasthan, our cutting-edge manufacturing facilities grant us a strategic advantage, reducing transport costs for businesses sourcing from North India, including regions like Jammu & Kashmir.

Distinguished by our gallantry setup, SFL leads the charge in producing Industrial grade salt, available in convenient 50 kg and 1000 kg Jumbo Bags. Our automated loading systems ensure seamless transitions from salt packaging to truck loading, offering unmatched efficiency.

We are the chosen partner for industry leaders across chemicals manufacturing, power generation, and textile dyeing, showcasing our ability to cater to diverse requirements.

Salt has a long and influential role in world history. From the dawn of civilisation, salt has been a key factor in economic, religious, social and political development. In every part of the world, salt has been the subject of superstition, folklore and warfare, it has been used as currency.

Our salt is divided into 3 (three) categories:

#### **Table Salt**

Table Salt is suitable for use at the table in cooking. Our Salts are Free Flowing and do not contain any harmful anticaking agents which are present in all other brands of free-flowing salt.

**Ice Melter:**

The application of salt causes ice to melt is that a solution of water and dissolved salt has a lower freezing point than pure water. When added to ice, salt first dissolves in the film of liquid water that is always present on the surface, thereby lowering its freezing point below the ice's temperature.

Ice in contact with salty water therefore melts, creating more liquid water, which dissolves more salt, thereby causing more ice to melt, and so on. The higher the concentration of dissolved salt, the lower its overall freezing point.

There is a limit, however, to the amount of salt that can be dissolved in water. Water containing a maximum amount of dissolved salt has a freezing point of about zero degrees Fahrenheit. Therefore, the application of salt will not melt the ice on a sidewalk if the temperature is below zero degrees F.

Salt melts ice essentially because adding salt lowers the freezing point of the water. Pure water freezes at 32°F (0°C). Water with salt (or any other substance in it) will freeze at some lower temperature.

**2. Spices:** Spice play an important role in enhancing the flavor and taste of the foods. Venturing beyond salt, our group company, Spectrum Foods Ltd., has established a state-of-the-art Spice Manufacturing facility at Phalodi, Rajasthan. Our enticing array of spices in various forms, meticulously packaged to meet demand, encompasses a range of offerings including turmeric powder, red chili powder, fennel, fenugreek, cumin seeds, coriander seeds, and more.

**3. Renewable Energy:**

Renewable energy, a beacon of cleanliness, affordability, and domestic empowerment, shines as an endless resource. By leaving no emissions in its wake, it revitalizes the air and water we share. The embrace of renewable power sparks local economies, forging jobs and fostering prosperity. Solar and wind farms not only generate energy but also infuse vitality into communities, paving the way for new roads, schools, libraries, and hospitals.

Renewable energy is clean, affordable, domestic, and effectively infinite. It produces no emissions and results in cleaner air. Renewable power creates jobs and generates revenue for local communities. Revenue from windmill helps stimulate local economies that need new roads, schools, libraries and hospitals.

Spectrum Foods Ltd. stands unwavering in its commitment to a cleaner future, across multiple locations. Our Windmill in Ratlam, Madhya Pradesh has been signed at a record PPA of 5.92 Rs. Per unit and is having a long term PPA of 25 years with MPPGCL/MP Government, which will give the company an enhanced profitability.

As the consumption of energy grows, the population depends more and more on fossil fuels such as coal, oil and gas day by day. There is a need to secure the energy supply for future since the prices of gas and oil keep rising by each passing day. So we need to use more and more renewable sources of energy.

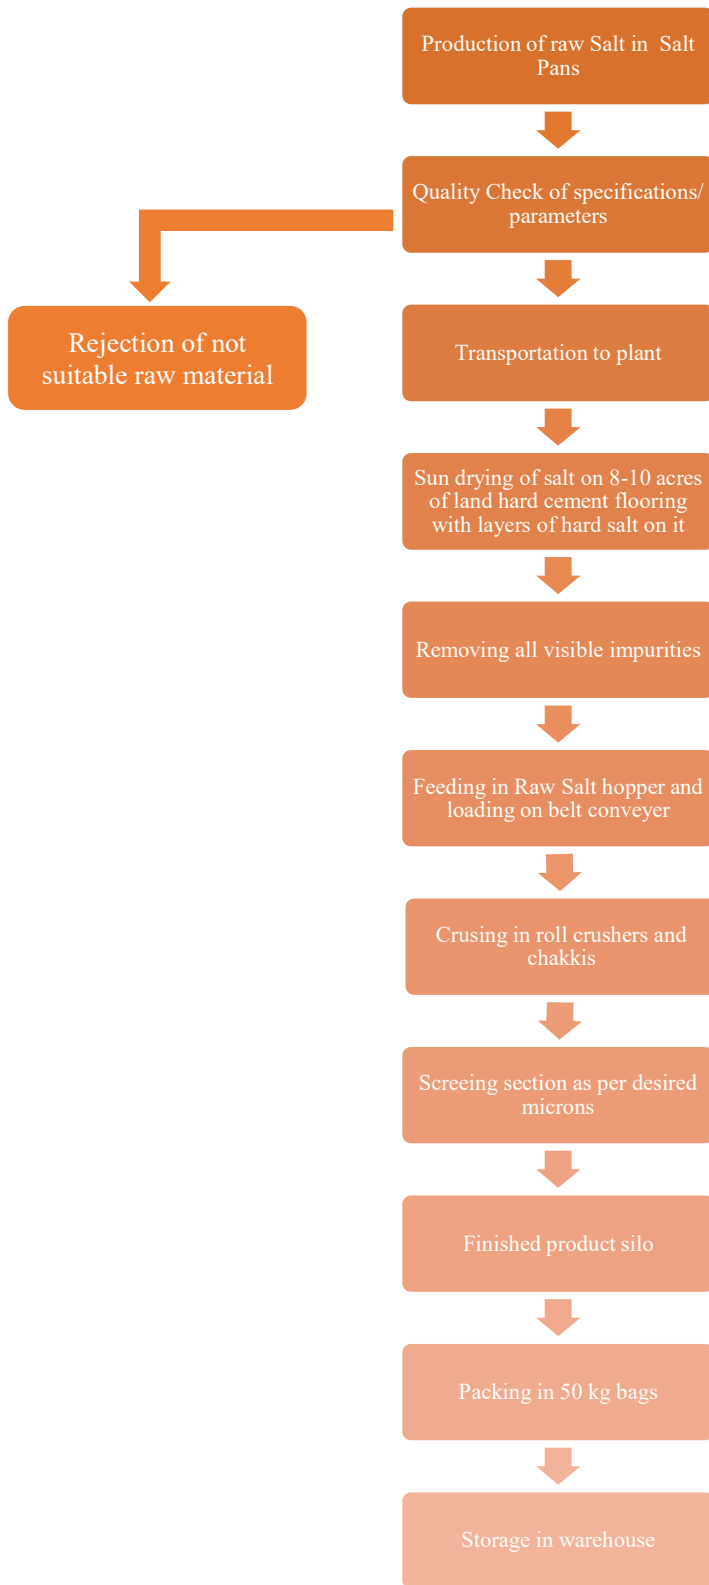

**4. Hospitality:**

Our resort, poised to be a sanctuary for detoxification, stress-relief, and soulful rejuvenation, is harmoniously integrated with its natural surroundings, offering a serene escape from the urban hustle. This venture takes the essence of personalized service to new heights, providing an oasis of tranquility, away from the bustling crowds.

The Company has been granted permission to setup a 185 rooms resort at Pushkar, Rajasthan. Land for the same has been acquired and converted into hotel usage. Further the Company plans to setup resorts at major tourist locations in future.

Rajasthan is going to be a major tourism hub in the times to come and we at Spectrum Foods Limited plan to achieve full potential from the growth in Tourism and FMCG space.

**Limited Review Report on Quarterly Unaudited Financial Results pursuant to Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**

Review Report to,  
The Board of Directors  
**M/s Spectrum Foods Limited**

We have reviewed the accompanying statement of unaudited financial results of **M/s Spectrum Foods Limited** for the period ended 31st December, 2023. This statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

## R. P. KHANDELWAL & ASSOCIATES CHARTERED ACCOUNTANTS

### INDEPENDENT AUDITORS' REPORT

**To the Members of Spectrum Foods Limited**

**Report on the Audit of the Standalone Financial**

#### **Statements Opinion**

We have audited the standalone financial statements of Spectrum Foods Limited ('the Company') ("the Company"), which comprise the standalone balance sheet as at 31 March 2023, the standalone statement of profit and loss, and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, profit & loss and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### **Key Audit Matters (continued)**

##### **Description of Key Audit Matter**

<b>Evaluation of tax positions</b>	
See note 30(a) to the standalone financial statements	
<b>The key audit matter</b>	<b>How the matter was addressed in our audit</b>
No such matters	

**Other Information**

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

**Management's and Board of Directors' Responsibilities for the Standalone Financial Statements** The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and cash flows statement of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.

- Conclude on the appropriateness of managements and Board of Directors' use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- (A) As required by Section 143(3) of the Act, we report that:
  - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

## **Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013**

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

### **Opinion**

We have audited the internal financial controls with reference to standalone financial statements of **Spectrum Foods Limited** ("the Company") as of 31 March 2023 in conjunction with our audit of the standalone financial statements of the Company as at and for the year ended on that date.

In our opinion, the Company has, in all material respects, has adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

### **Management's and Board of Directors' Responsibilities for Internal Financial Controls**

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

### **Auditors' Responsibility (continued)**

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

### **Meaning of Internal Financial Controls with Reference to Standalone Financial Statements**

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and provide reasonable assurance regarding prevention or timely

detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

**Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements**

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**SIGNIFICANT ACCOUNTING POLICIES & NOTES ON FINANCIAL STATEMENTS**

Note No. :1

**A. Significant Accounting Policies****1. Basis of accounting:-**

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) including the Accounting Standards notified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013.

The financial statements have been prepared under the historical cost convention on accrual basis.

**2. Use of Estimates**

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

**3. Revenue Recognition: -**

Expenses and Income considered payable and receivable respectively are accounted for on accrual basis. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

**4. Property, Plant & Equipment :-**

Property, Plant & Equipment including intangible assets are stated at their original cost of acquisition including taxes, freight and other incidental expenses related to acquisition and installation of the concerned assets less depreciation till date.

Company has adopted cost model for all class of items of Property Plant and Equipment.

Fixed Asset register has not been maintained by the Company. Physical Verification of Fixed assets is done by the management as certified.

**5. Depreciation :-**

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the Written down Value (WDV) Method as per companies Act 2013. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

All fixed assets are fully depreciated in the year of installation or Purchase. Depreciation on Fixed Assets is charged as per Companies Act 2013

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets,

net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. No Impairment has done during the year as certified by the management.

If impaired, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

6. Foreign currency Transactions: -

Transactions arising in foreign currencies during the year are converted at the rates closely approximating the rates ruling on the transaction dates. Liabilities and receivables in foreign currency are restated at the year-end exchange rates. All exchange rate differences arising from conversion in terms of the above are included in the statement of profit and loss.

7. Investments :-

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds will be charged or credited to the statement of profit and loss.

8. Inventories :-

Inventories are valued as under:-

1. Inventories : Lower of cost or net realizable value
2. Scrap : At net realizable value.

No Stock registered and other related records has been maintained by the company. Quantitative Details and Valuation of Purchase of raw material and material consumed has been certified by the management as provided to auditors.

9. Borrowing cost:-

Borrowing costs that are attributable to the acquisition or construction of the qualifying assets are capitalized as part of the cost of such assets. A qualifying assets is one that necessarily takes a substantial period of time to get ready for its intended uses or sale. All other borrowing costs are charged to revenue in the year of incurrence. The amount of borrowing cost capitalized during the year is "Nil"

10. Retirement Benefits:-

The company has not taken any policy for the payment of gratuity. The gratuity has not been provided in books on accrual basis. The leave encashment is not accounted in the books.

Company has not register under The Employees' Provident Funds And Miscellaneous Provident Act, 1952, and Gratuity Act.

**11. Taxes on Income:-**

Provision for current tax is made on the basis of estimated taxable income for the current accounting year in accordance with the Income Tax Act, 1961. The deferred tax for timing differences between the book and tax profits for the year is accounted for, using the tax rates and laws that have been substantively enacted by the balance sheet date. Deferred tax assets arising from timing differences are recognized to the extent there is virtual certainty with convincing evidence that these would be realized in future. At each Balance Sheet date, the carrying amount of deferred tax is reviewed to reassure realization.

**12. Provisions, Contingent Liabilities and Contingent Assets:- (AS-29)**

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made.

Provision for Audit Fees and ROC Filing Charges has not been incorporated in the books.

Contingent Liabilities is disclosed in Notes to the account for:-

- (i) Possible obligations which will be confirmed only by future events not wholly within the control of the company or
- (ii) Present Obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized in the financial statement since this may result in the recognition of the income that may never be realized.

**General:**

Except wherever stated, accounting policies are consistent with the generally accepted accounting principles and have been consistently applied.

**(B) Notes on Financial Statements**

1. The SSI status of the creditors is not known to the Company hence the information is not given.
