<b>Conversion from Physical Gold to EGR (Electronic Gold Receipt):</b>	
<b>Deposit Denomination Unit</b>	Only 100 Grams of 995 purity LBMA Good Delivery Standard or with the India Good Delivery Standard, or any other standard specified by SEBI will be eligible for deposit and EGR conversion of 10 Grams.
<b>Conversion from Physical Gold to EGR Process</b>	<p>The depositor of the gold intending to convert the physical gold into EGR shall ensure delivery of the gold to the Vault Manager. The Vault Manager records the relevant information in the common interface and creates the EGR.</p> <p>Based on the information of EGR/s, the Depository shall assign appropriate ISIN to EGR to make it tradeable on the exchange.</p>

<b>Conversion from EGR (Electronic Gold Receipt) to Physical Gold</b>	
<b>Withdrawal Denomination Unit</b>	Only 100 Grams of 995 purity LBMA Good Delivery Standard or with the India Good Delivery Standard, or any other standard specified by SEBI will be eligible for withdrawal from the vault.
<b>Conversion of EGR to Physical Gold</b>	Beneficial owner of EGR intending to obtain physical gold against the EGR/s shall request the Depository for the same. The Depository, in turn shall forward such request/s to the Vault Manager. The Vault Manager after delivering the gold to the beneficial owner and simultaneously extinguishing such EGR/s, shall share the required data with the Depository for reconciliation.
