### **Implementation of SEBI circular no. CIR/MRD/DRMNP/25/2014, dated August 27, 2014 on Core Settlement Guarantee Fund, Default Waterfall and Stress Test**

SEBI vide its circular no. CIR/MRD/DRMNP/25/2014 dated August 27, 2014 has issued norms related to Core Settlement Guarantee Fund (Core SGF), Stress Testing and Default Procedures.

#### **Core SGF**

The creation of the Core SGF is aimed at mitigating the risks faced by overall markets due to defaults by certain entities and also includes setting default waterfall marks to limit the liability of non-defaulting entities. Stress testing norms require that, on a monthly basis, the Clearing Corporation perform comprehensive analysis of stress testing scenarios to ensure necessary default protection measures in light of prevalent market conditions.

### **Minimum Required Corpus**

Stress tests would need to be conducted to determine the Minimum Required Corpus of Core SGF, which would be needed to be set aside from the overall Settlement Guarantee Fund of the Clearing Corporation. The Core SGF, against which no exposure is given, is readily and unconditionally available to meet settlement obligations of clearing corporation in case of clearing members failing to honour settlement obligation.

### **Contributions to the Core SGF**

Contributions to the Core SGF would come from the Clearing Corporation, Stock Exchange and the Clearing Members. Any penalties levied by the Clearing Corporation (as per Regulation 34 of SECC Regulations) shall be credited to the Core SGF Corpus. Exposure towards CCP: As per SEBI Circular dated August 27, 2014, a clearing corporation's contribution to Core SGF shall be atleast 50% of the Minimum Required Corpus ("MRC"). A stock exchange's contribution should be at least 25% of the MRC and a clearing member's contribution cannot exceed 25% of the MRC. ICCL has decided to currently keep the Clearing Members' contribution to Default Fund as "NIL"

Limited Liability: ICCL has limited the liability for non-defaulting members subject to a maximum cap of INR 1 million

Recovery & Resolution: INR 1 Billion is kept separately for covering operational cost for 1 year, legal cost, regulatory cost, and other liabilities.

## **9. ICCL has taken Counterparty Default Insurance for INR 370.8 Crore.**

ICCL remains committed to the safety of investors and members and to further add to this security, ICCL has subscribed to a unique Insurance Policy for INR 370.8 Crore across all segments. The objective of the Policy is to protect ICCL against counterparty defaults, and add a further capital cushion to the ICCL networth making the resources of the non-defaulting members even safer. The policy also adds to the ability of ICCL to absorb higher losses before any resources of the non-defaulting members are put at risk.

ICCL provides full novation and has the responsibility of guaranteeing contractual performance by playing the role of a central counterparty for all trades on BSE, thereby eliminating counterparty risk for the members. In essence, it splits the original contract between the initiating counterparties into two new contracts; one each between ICCL and

the initiating counterparties. ICCL has put in place a risk management framework to mitigate the risk it undertakes in its capacity as a Clearing Corporation.

However, as a second line of defence to the margining and risk management systems, ICCL has subscribed to the Insurance policy. In the case of loss arising out of defaults, the capital of Clearing Corporation and its non-defaulting members would be at risk, in accordance with the default waterfall. The magnitude of potential loss due to default a clearing corporation can undertake without affecting the capital of non-defaulting members is contingent upon the networth of the Clearing Corporation and additional capital cushions, which insulate the default loss and the non-defaulting members' resources.

ICCL, with its networth of over INR 450 Crore, which is nearly 3 times its default fund requirements, is well capitalized and instills a high level of confidence in its members and investors of the ability of ICCL to handle extreme loss situations. The additional capital cushion of INR 370.8 Crore, provided by the Insurance cover, along with the networth covers over 5 times the default fund requirement of ICCL and further increases the safety for domestic and international participants alike.

On November 18, 2014 ICCL became the first company to apply for, and receive Pre-Legal Entity Identifier ("LEI") from Clearing Corporation of India Limited ("CCIL").

Due to the vulnerabilities of the global financial system, the importance of creating a common system of identifiers was keenly felt by the Financial Stability Board ("FSB"), IOSCO, and G-20 finance ministers and leaders. The LEI helps connect to key reference information that enables clear and unique identification of companies participating in global financial markets. The LEI is based on the international ISO 17442 standard and the current guidelines of the FSB. Every entity which registers for a LEI is subject to reliable, but flexible operational principles and standards for the origination and continued maintenance of a LEI.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses and income. The document further explains that proper record-keeping is essential for identifying trends, managing cash flow, and complying with tax regulations.

In addition, the document highlights the need for regular reconciliation of accounts. By comparing the company's internal records with bank statements and other external sources, discrepancies can be identified and corrected promptly. This process helps to prevent errors from accumulating and ensures that the financial data is reliable and up-to-date.

The document also addresses the importance of separating personal and business finances. It advises against using personal credit cards or bank accounts for business transactions, as this can lead to confusion and potential legal issues. Instead, it recommends opening a dedicated business bank account and using it exclusively for all business-related activities.

Finally, the document stresses the value of seeking professional advice. While it provides general guidelines, it acknowledges that each business has unique circumstances and requirements. Consulting with an accountant or financial advisor can provide valuable insights and help tailor the record-keeping system to the specific needs of the business.

Both the employee and the company make monthly contributions to the "BSE Employees' Provident Fund", a trust set up and administered by the BSE Ltd. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in the future; however where there is unabsorbed depreciation or carried forward losses under taxation laws, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

29. The Securities Contracts (Regulation) (SECC) Regulations, 2012 dated June 20, 2012 requires every recognised stock exchange to credit twenty five percent of its annual profits every year to a fund to guarantee settlement of trades of the recognised clearing corporation(s) which clears and settles trades executed on that stock exchange. BSE Ltd has sought certain clarifications/guiding principles from SEBI regarding the norms for sourcing including transfer of profits by stock exchanges to the above mentioned fund and the methodology to be adopted. Pending receipt of clarifications/guiding principles from SEBI in the matter, no transfer of profits has been recorded in the books of account as at March 31, 2015.

Further as mentioned in note no. 1.19, CC shall have a fund called Core SGF for each segment of each Recognised SE to guarantee the settlement of trades executed in respective segment of the SE. Accordingly, an amount contributed by recognised SE (BSE) and Clearing Corporation (ICCL) during the year as follows:

30. As per the earlier terms of cost & revenue sharing agreement with BSE, the clearing and settlement income has been recognised by company as 20% on transaction charges earned by BSE. The said agreement was expired on Sep 30, 2014 and further renewed for the period upto Mar 31, 2017. As per the renewed agreement the clearing and settlement income to be recognised as cost plus mark-up method i.e. cost plus 20% mark-up (Cost included all operational cost).
