 - **Corporate Entities (Companies)**
 - **Government (Central and State)**
- Major types of Issues in Primary Market:
 - **Public Issue**
 - **Preferential Issue**
 - **Rights Issue**
 - **Bonus Issue**

Introduction to Primary Market

- **Objects of the issue** and intended utilization of funds
→ Given by issuers in the Offer Document

Introduction to Primary Market

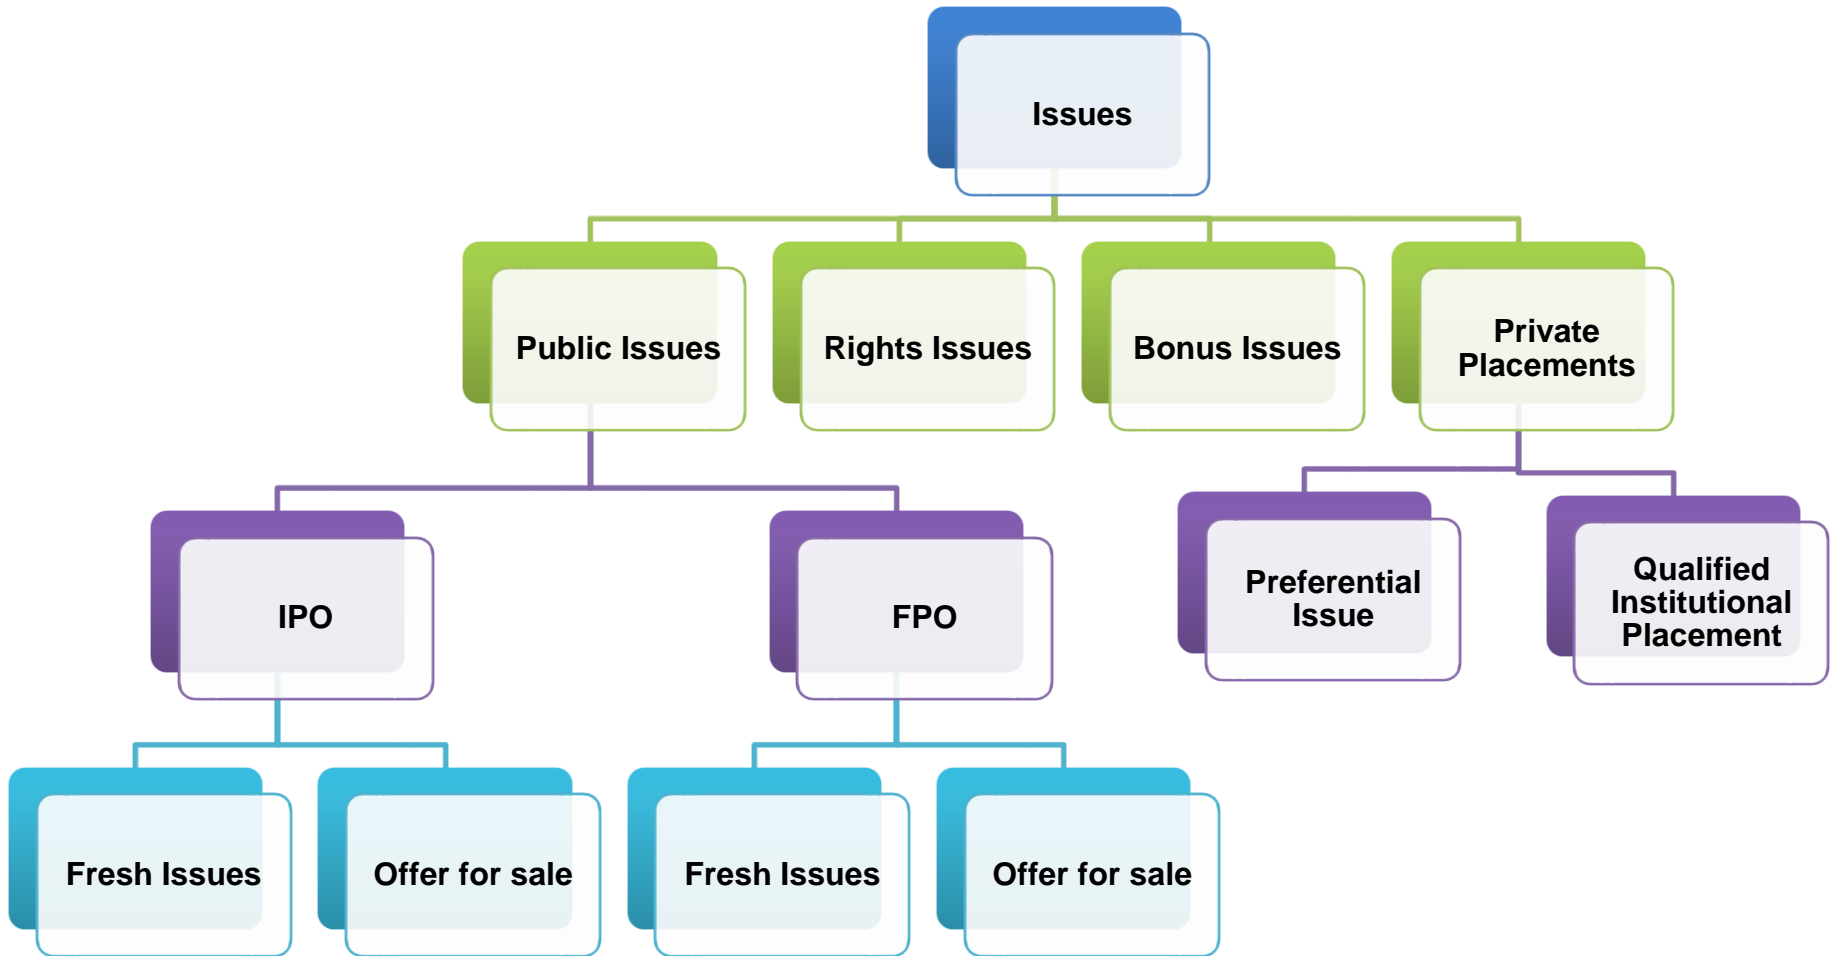

Primary v/s Secondary Market : Key Differentiation

Features	Primary Market	Secondary Market
Definition	Securities issued first time to the public.	Trading of already issued and listed securities.
Also called as	New Issue Market.	Post Issue Market.
Price Determination	By Issuer Company in consultation with Merchant Bankers.	Supply and Demand Forces of Market.
Key Intermediaries	Merchant Bankers, Bankers/Lead Managers, RTAs.	Stock Brokers and DPs.
Purpose	<ul style="list-style-type: none">- Raise capital for expansion, diversification, etc.- To seek listing of securities.	<ul style="list-style-type: none">- Trading of securities.- Providing liquidity to investors.- Raising further capital for expansion.

Modes of Public issues

Modes of Capital Issuances

IPO

- Initial Public Offering.
- Done by unlisted company.
- Fresh issue of securities/ offers its existing securities for sale/ Combination of both.
- Securities issued for the first time to the public.
- Paves way for listing and trading of the issuer's securities in the Stock Exchange(s).

FPO

- Further Public Offer / Follow-on Offer.
- Done by already listed company.
- Fresh issue of securities / Offer for sale of securities to public .

Rights Issue

- Done by already listed company.
- Issue of securities to its existing shareholders (as on a Record date).
- Record Date is fixed by the issuer.
- The rights offered in a particular ratio to the number of securities held by existing shareholders as on the record date.

Modes of Capital Issuances

Bonus Issue

- Done by already listed company.
- Issue of shares to existing shareholders (as on a record date).
- Existing shareholders need not make any payment for “Bonus” shares.
- Shares are issued out of the company’s free reserve or share premium account.
- Issued in a particular ratio to the number of securities held on record date.

Preferential Issue

- Done by already listed company.
- Issue of shares / convertible securities (like warrants) to a select group of persons.
- Subject to prescribed norms such as minimum pricing, minimum public shareholding and lock-in.

QIP

- Qualified Institutional Placement.
- Done by already listed company.
- Issue of shares / convertible securities (like warrants) to Qualified Institutional Buyers (QIBs).
- Subject to prescribed norms such as minimum pricing and minimum public shareholding.

IPO - Initial Public Offering

- Process of a company to be publicly listed and traded company.
- **IPO**: Fresh issue of shares / Offer for Sale of shares by existing investors/ Combination of both.
- Process of IPO is as follows:

Issuer files an Offer Document in prescribed format with Securities and Exchange Board of India (SEBI), Stock Exchanges and the Registrar of Companies (ROC) for listing on the stock exchanges

Issuer receives observations from regulatory authorities

After complying with all observations, issuer can open the offer inviting general public to invest in the IPO subject to stipulated timelines

Post successful completion of the Offer the shares of the company are traded on the stock exchange(s) where the shares are listed.

How to apply in Public Issue?

Managements discussions and Analysis of financial conditions and results of operations

- Information related to the strength of the company's business plan, recent developments, performance etc.
 - Performance analysis with qualitative and quantitative measures.

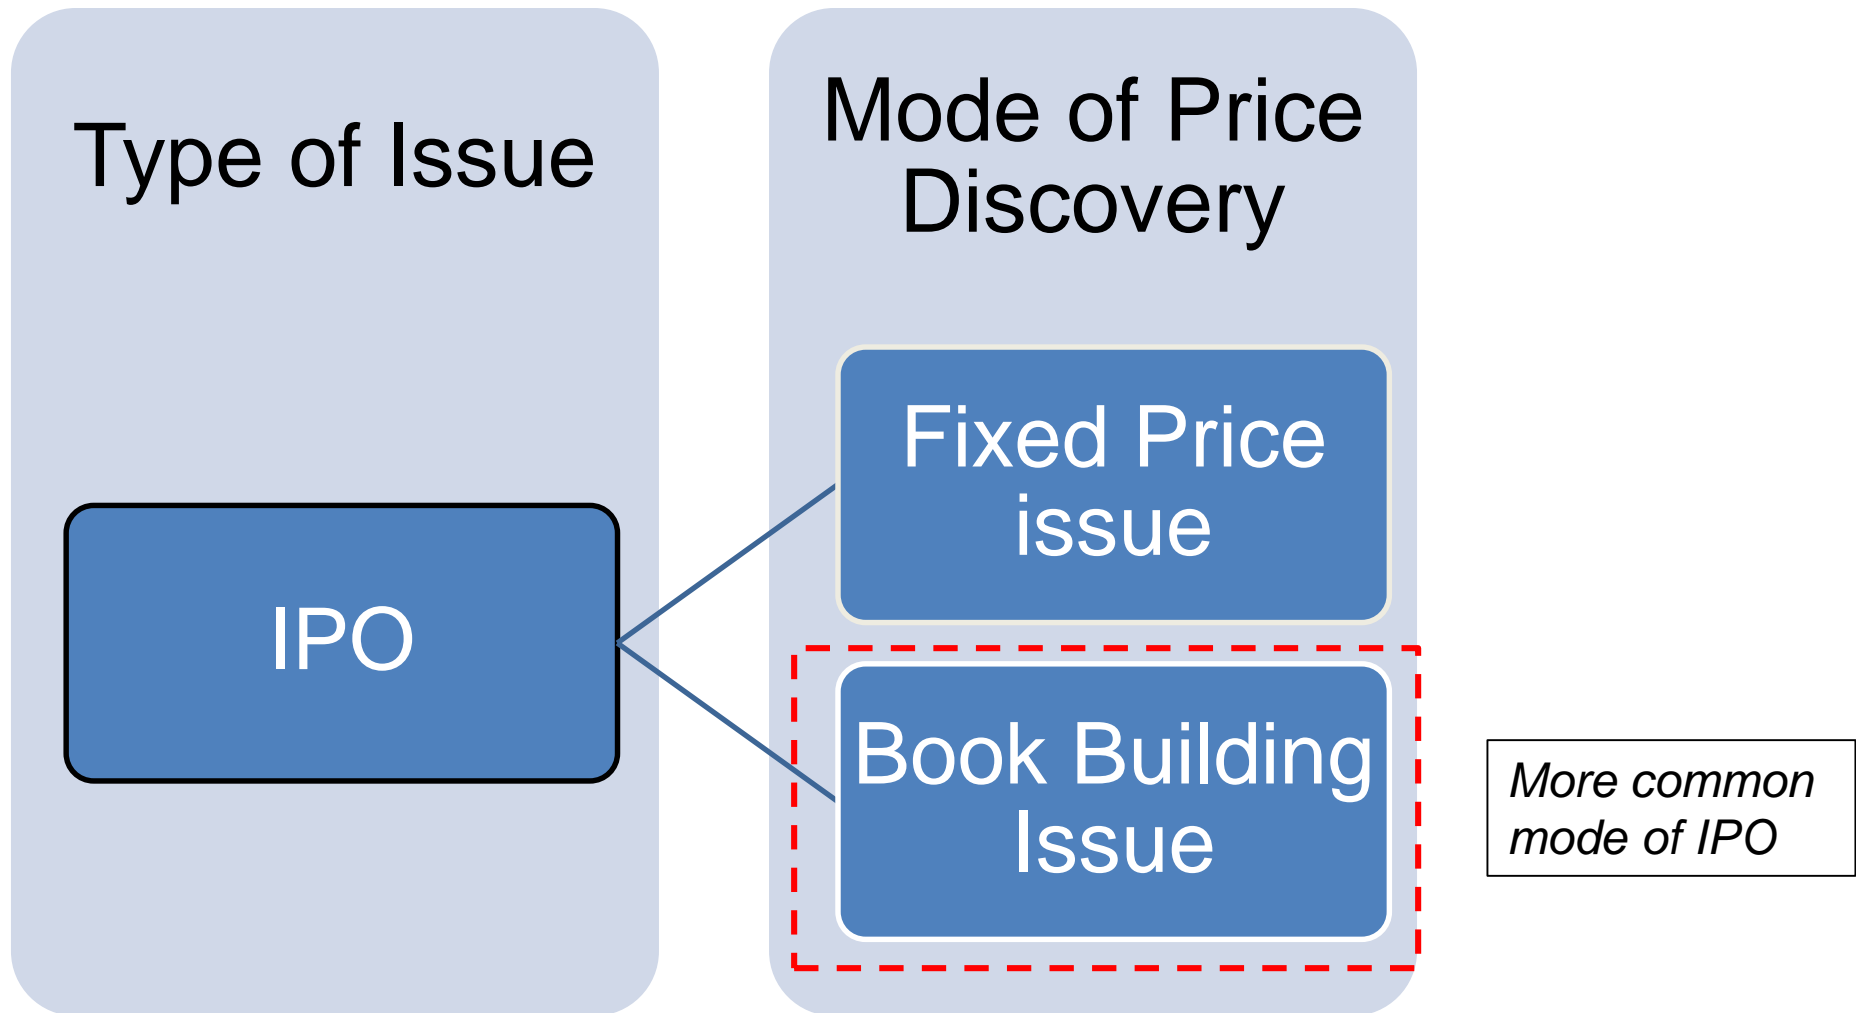

Other key Sources of Information for Analysis

Price Discovery of Shares in a Public Offering

Price Discovery of Shares in a Public Offering - Fixed price issue

Fixed price issue:

Price at which the securities are offered and will be allocated is fixed by Company along with Merchant banker

Fixed price is printed in the Offer Document, usually along with reasoning behind the price at which shares are offered.

Demand for the securities offered is known only after the closure of the issue.

50% of the shares offered are reserved for applications below Rs. 2 lakh and the balance for higher amount applications.

Price Discovery of Shares in a Public Offering - Fixed price issue

Illustration of Fixed Price Issue:

- First page of the prospectus contains:
 - Number of shares to be issued
 - Price of issuance

- Price is already fixed prior to the IPO. No price discovery mechanism is used.
- All application for shares **have to be made at the price mentioned else they are considered as invalid bids.**

Price Discovery of Shares in a Public Offering

Book Built Issue:

Company may offer a maximum of 20% price band in which one can bid for shares.

Price Band is independent of Face Value (FV) of shares.

Floor Price: Lower end of Price Band
Cap Price: Higher end of Price Band
Eg: Rs.100/- to Rs.120/-

Issuance Price discovered on the basis of demand at various price levels (within Price band)

Investors must specify:

- Number of shares they want to buy.
- Price they are willing to pay per share (within the price band).

Price Discovery of Shares in a Public Offering

Stages in Book Building:

Company who is planning an IPO appoints the Lead Merchant banker(s) as “Book Runner”.

Investors give their bids for these shares to “Syndicate Members”. Bids have to be entered within the specified price band. Investor can revise a bid before the book closes.

Syndicate members input the orders into an “Electronic Book” through process called “Bidding”.

Book normally remains open for a period of 5 days.

On closure of the book building period, the Book Runner evaluates the bids on the basis of the demand at various price levels.

Book runners and the issuing Company decide the final price at which the securities shall be issued.

Finally allocation of securities is made to the successful bidders. Money gets unblocked in bank accounts of rest of the bidders.

Price Discovery of Shares in a Public Offering

Illustration of Book Building issue:

- Price band = Rs. 20.00 (Floor Price) to Rs. 24.00 (Cap Price) per share
- Total available shares (issue size) = 3,000 shares.
- Company received five bids from bidders as mentioned below:

Bid Quantity	Bid Price (Rs.)	Cumulative Bid Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

- Price discovery is a function of demand at various prices.
- Highest price at which the issuer is able to issue the entire size of 3000 shares is the price at which the “book cuts off” = Rs. 22.00.
- The issuer, in consultation with the Book Running Lead Manager will finalize the issue price at or below such cut-off price, i.e., at or below Rs.22.00.
- Valid Bids: All bids at or above this issue price and cut-off bids (allowed for retail investors only) and they are considered for allocation in the respective categories.

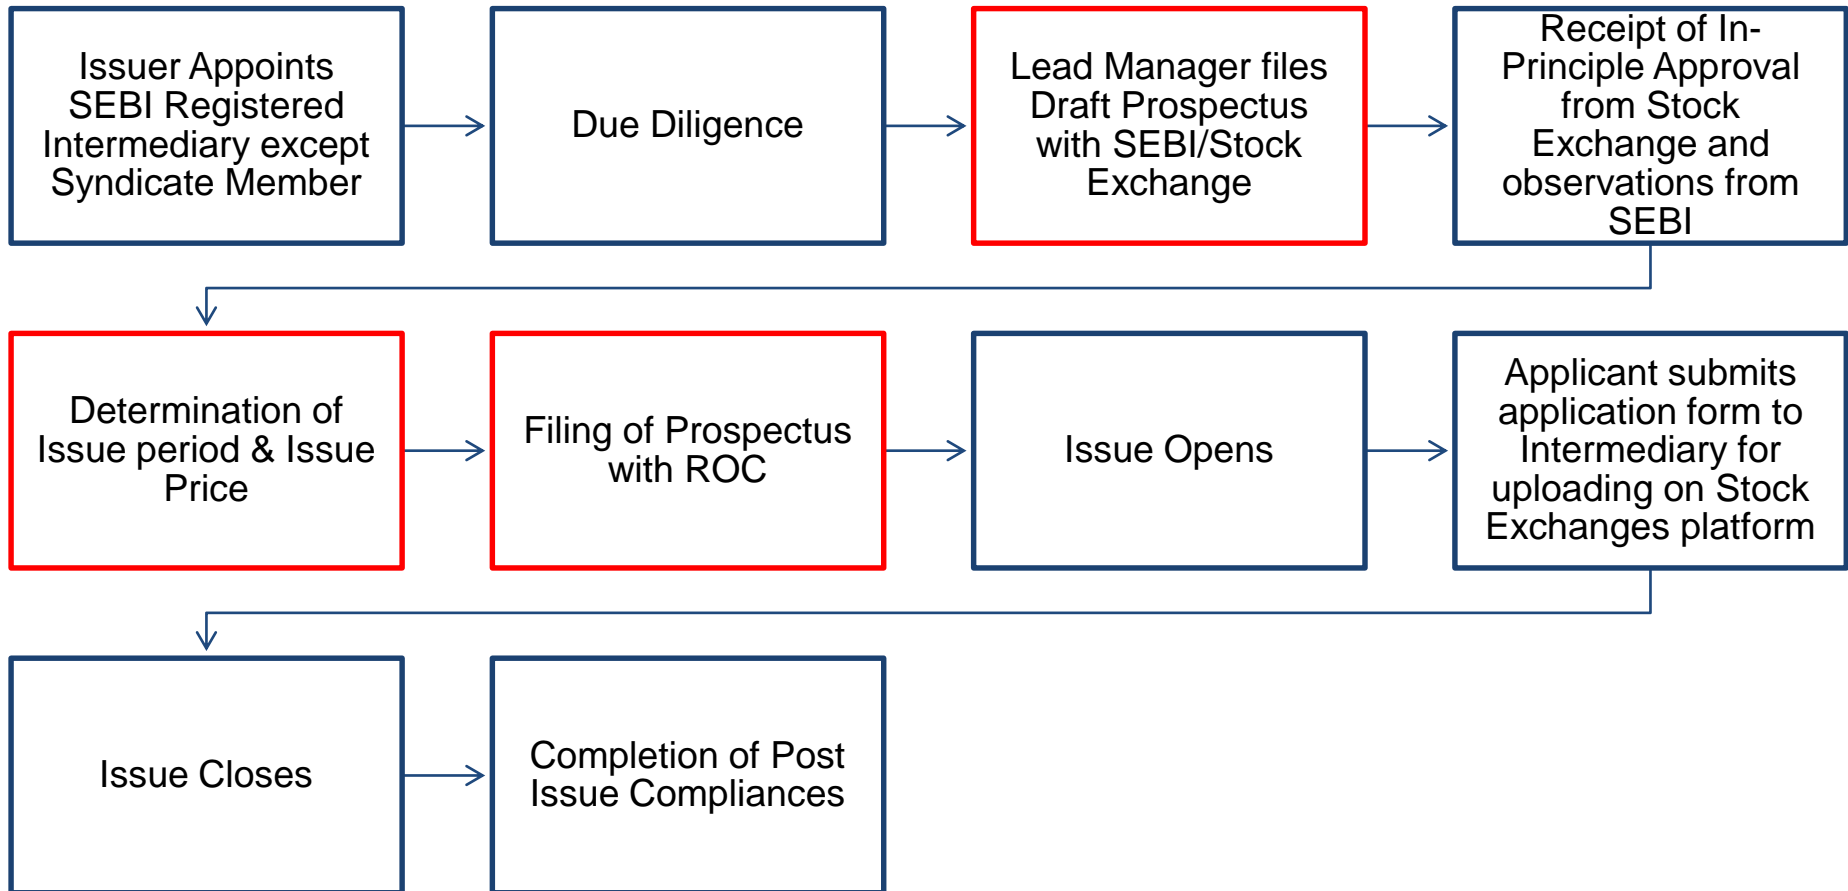

Book Building v/s. Fixed Price Issue

Features	Fixed Price Process	Book Building Process
Pricing	<ul style="list-style-type: none">- Price at which securities are offered /allotted is known in advance to the Investor.	<ul style="list-style-type: none">- Price at which securities will be offered/allotted is not known in advance to the investor.- An indicative price range is known.
Cut off price	<ul style="list-style-type: none">- Price is fixed in this process.	<ul style="list-style-type: none">- Only the Retail Individual Bidders are permitted to bid at a cut off price which makes the application valid irrespective of any discovered issue price with in the price band.
Demand	<ul style="list-style-type: none">- Known only after the closure of the Issue.	<ul style="list-style-type: none">- Demand can be known everyday as the book is built.

Advice to investors

Do not deal in shares in
Black market / Grey
Market

Invest in IPOs for the
long term.

Don't invest with
anticipation of making
quick profits on listing of
shares.

One person (identified
by PAN number) is
permitted to make only
one application in an
IPO.

Use your own funds to
apply for an IPO. Funds
routed through any
Third-party is not
allowed as valid
payment.

Thank You
