

**BSE Ltd. 25<sup>th</sup> Floor, P J Towers, Dalal Street, Mumbai 400 001**  
CIN No. L67120MH2005PLC155188 | [www.bseindia.com](http://www.bseindia.com)

Established in 1875, BSE Limited is Asia's first and the world's fastest exchange and has facilitated the growth of the Indian corporate sector by providing it an efficient capital-raising platform. In 2017, BSE Ltd. became the first listed Universal stock exchange of India and the world's largest in terms of companies listed. It is the First Exchange in India and second in the world to obtain ISO 9001:2000 certification.

BSE is looking to onboard a visionary and transformative Chief Information Office (CIO), to lead the next level of technology sophistication and growth at the exchange. The position will be part of the Executive Management Committee and is based in Mumbai.

### **Chief Information Officer**

Ideal candidate profile:

- Should have a Bachelor's or higher degree from a recognised university with a minimum of 15 years of technology / digital experience, of which at least 5 years should be in leadership roles.
- Should have significant experience in regulated businesses in the financial services domain, preferably in capital market related businesses. Should have managed significant scale of real-time transactions
- Hands-on experience in planning and driving transformation in IT systems at scale, with an understanding of how such changes affect various internal and external stakeholders.
- Someone who understands how to leverage modern technologies (including Opensource ecosystem) and also has a good understanding of Cybersecurity threats and risks.
- Should be able to work seamlessly with Board, senior stakeholders, regulators, business heads, technology partners and team members. Should also be able to attract, motivate and retain the best technical talent.

The compensation and perquisites will be in line with industry standards.

BSE prides itself as the only Indian Universal exchange that owns, maintains and operates most of its technology in-house. Its core technology platform drives the financial markets needs of 110 million Investors through 1300 Brokers/members with a capacity to process up to 500,000 transactions a second at a median speed of 6 microseconds. Besides the Indian Equity, Fixed Income, and Commodities markets for cash and derivative products, BSE hosts market leading technologies that drive the Mutual Funds and Insurance distribution business and also provides the core technology for the India International Exchange at Gift City. Select marquee awards and recognition that BSE has received in the past year include Innovation in Operations by IDC Industry Innovation Awards (IDCII), Cloud Leadership Award 2022 for "Digital Transformation using Cloud".

Interested candidates may apply in writing along with their CVs latest by 7<sup>th</sup> October, 2022 by email to [bsecio@SpencerStuart.com](mailto:bsecio@SpencerStuart.com).
