Company business

Rathi Bars Ltd (RBL) manufactures ingots and thermo-mechanically treated (TMT) bars in its plant located in RIICO Industrial Area at Bhiwadi in Alwar (Rajasthan). The company sells these products in the Northern Indian market. It markets all its products excluding TMT bars under the brand Rathi and Rathi Thermex. Its TMT bars have diameter ranging from 7 mm to 32 mm and are marketed under the brand 'Rathi Shaktiman Steel'.

Updates

The domestic TMT manufacturers have competition from Chinese imports. China offers a 13% export rebate on alloy bar export. Even after paying an import duty of 5%, the Chinese alloy bars are cheaper in India. The reason for increase in iron ore price on account of ban on mining in key iron ore producing states in India including, Karnataka, Goa and Odisha, has resulted an increase in cost of the TMT bars produced in India.

Financial Performance

In the QE Dec 2014, the total income of the company decreased by 2.0% over the corresponding quarter last year to Rs. 631.4 mn. PAT decreased by 41.5% over the same period to Rs. 4.6 mn. RBL's margins are susceptible to volatility in steel prices, vulnerability to cyclical in the highly fragmented steel industry, and slowdown in offtake by the end-user industry.
