BUSINESS OVERVIEW (AS STATED BY THE COMPANY)

The Company is in the business of engineering, consultancy, turnkey contracts in power sector industry. The Company has recorded an Operational income of ₹ 2.27 Crores. The Power sector in India is slowly moving from a regulated return frame work to a market driven pricing mechanism. This will encourage a number of private entrepreneurs to set up power projects. Our Company being one of the organizations providing turn- key based services relating to transmission and distribution services has tremendous scope of getting a number of contracts. Therefore, the future outlook of the Company looks bright in the years to come.

Opportunities & Threats – The Indian engineering and consultancy services industry is poised to grow in leaps and bounds. There are more opportunities for this industry in the years to come keeping in view the modernization policy envisaged by the Government of India. Our Company being an integrated player providing turn-key services under one umbrella from designing, construction, generation, transmission and distribution has lot of scope for further work in the coming years. It is pertinent to mention that there are lots of leading players in the market who are providing more integrated services to the industry. The changes in the Government policy, fluctuations in foreign currency and increase in cost of skilled manpower also poses threat to the consultancy industry as a whole.

Risks & Concerns – The Company on regular basis reviews its Risk Management Policy and takes proactive steps to safeguard and minimize any adversity related to the Market, Technology, People, Environment/Regulatory, Financial and Opportunity Risks. Wherever necessary, the Company takes adequate insurance coverage of its assets for safeguarding from unforeseen risks.

INDUSTRY OVERVIEW (AS STATED BY THE COMPANY)

Consultancy is a practice of giving expert advice within a particular field by professionals or experts who advice in a particular area and has knowledge, well experienced, problem solving skill and is expertise of the subject matter. The Power sector in India is slowly moving from a regulated return framework to a market driven pricing mechanism. This has provided a major boost for private entrepreneurs to enter the Power Sector.
