The Buyback of Equity Shares will not result in a change in control or otherwise affect the existing management structure of the Company and will not result in the public shareholding falling below 25% of the total fully paid-up Equity Share capital of the Company.
- 12.5. As required under Section 68(2)(d) of the Companies Act, the ratio of the aggregate of secured and unsecured debts owed by the Company shall not be more than twice the paid-up Equity Share capital and free reserves post the Buyback
