## CHAIRMAN'S MESSAGE:

Dear Stakeholders,

Denim has transformed the style world for the youths and has been an Integral part of their daily wear in the form of Office Wear, Casual Wear or Party Wear. Also, all Indian generations are embracing denim higher than ever. Consequently, the Indian denim industry has been thriving in domestic market since the last few years, and the market covers a good-sized global marketplace. India has the second-largest denim marketplace after china. Still, the industry has a variety of untapped potentials.

I am pleased to share with you an update on your Company's performance for FY2023. The year saw a challenging business environment with lower GDP growth, compared to the previous years and witnessed a slowdown in consumption. Against this backdrop, your Company has delivered competitive, profitable and responsible growth.

The Year FY 2022-23 may forever be remembered as one of the most uncertain Fiscals, continuing a trend from 2021-22 because of initially the pandemic and subsequently the Geopolitical conflict, both of which have caused immense suffering. Still, it is essential to find reasons to be hopeful.

The three key lessons of 2022-23

1. work with compassion,
2. invest in people and
3. be strong in local markets

are applicable to countries and companies alike and our Company is imbibing them. Although, it may be difficult to imagine in these times of hardship and uncertainty, there are boundless opportunities ahead, and I am encouraged because of all those who have continued to work hard even in phase of many constraints. I am certain that we will collectively achieve much more together. I thank the customers from all around the Globe for helping us to continuously improve and grow.

I am grateful to the distinguished Directors on the Board who are guiding the Management with their experience and wisdom. I appreciate your trust, it puts even more onus on the Management to perform and make our Company grow.

With great pride and privilege, I now present before you all the 13th Annual Report of R & B Denims Limited for Financial Year 2022-23 and will also update you on your company's operating and financial performance.

During the year, Your Company recorded total revenue of 27,862.40 Lacs against Rs. 29,732.86 Lacs in the previous year, representing a decrease of 6.29% during the year and Profit before Tax Rs. 1,991.73 Lacs as compared to Rs. 2,805.93 Lacs during the year. Total Income during the year Rs. 1,498.64 as compared to Rs. 2,117.10 in the previous year.

The textile industry is going through multiple changes from different dimensions which are changing global and regulatory regime and there is no stopping to the increasing levels of competition. The company is diligently striving to provide complete denim fabrics by enrooting new product lines and gaining a deep understanding of consumer preferences through every passing year.

Your company has never intended to grow at an unsustainable & erroneous rate, by opening stores after stores but rather grow at a convincing rate, therefore, your company strategically plans and making sure that it reaches a wider section of people, and create value for its esteemed shareholders.

We are confident that cumulatively, the capital investments we are making will enable us to continue delivering on our promise of steady, sustainable, and profitable growth.

The Company provides its utmost attention towards the sustainability and protection of the environment and therefore the entire functioning of the plant is planned in such a manner that causes the least or no harm to the purity and beauty of our ecosystem. The Company also makes sure that it complies with all its official obligations relating to the environmental aspects.

Hereby, on behalf of the company, I would like to assure that your company does not foresee any impact in respect of its existing contracts and agreements and its long-term sustainability is expected to remain unharmed.

In summary, a strong affinity amongst the consumers towards your Company's portfolio of powerful brands provides an exciting opportunity to continue gaining market share in the industry. Key focus areas would include expanding the retail network of the brands, efficient cost management, focus on direct-to-consumer business including launch of brand dotcoms and continued efforts towards driving aspirational quotient for our customers. We continue to stay committed towards significant value creation for all our shareholders through profitable growth and prudent capital allocation.

I would like to take this opportunity to thank each and every employee as well as others who are associated with R & B Denims Limited in any way and also our partners across the value chain for their commitment and service to us. Most importantly, I would like to thank you, our shareholders, for our overwhelming trust, support and confidence in R & B Denims Limited.

On this positive note, let me thank you all for your sustained trust and cooperation. I am sure that with your continued support, we shall scale new vistas of growth to deliver sustainable, long-term growth and value creation.

#### **Corporate Social Responsibility:**

We at R & B Denims Limited believe that giving back to the society is a prime responsibility. We recognize our role in shaping a sustainable future, and therefore, continue to engage in socially productive endeavours. Our CSR initiatives aim to ensure an inclusive well-being for all, especially the underserved fragments of our society. I am optimistic that R & B Denims will continue to lead the way in Indian textiles and continue to create value for our stakeholders.

As we enter into a new fiscal year, we aim to continue our operations with agility, progressing towards excellence with ultimate passion and a renewed sense of purpose. We are committed to cater to the needs of our stakeholders with innovative solutions and go a step beyond our operations to contribute significantly to the well-being of our environment and community.

Hereby, on behalf of the company, I would like to assure that your company does not foresee any impact in respect of its existing contracts and agreements and its long-term sustainability is expected to remain unharmed.

We would not have achieved what we have without the dedicated service of our employees. I express my sincere gratitude to them and to our shareholders, bankers, customers and Board of Directors for supporting us throughout our journey. I believe in our capabilities, and look forward to sharing more good news about our accomplishments with you as we move forward.

Best Regards,  
Sd/-

**RESOLVED FURTHER THAT** in terms of the provisions of Chapter V of the SEBI ICDR Regulations, the "Relevant date" for determining the floor price of warrants to be issued in terms hereof shall be Wednesday, August 30, 2023, being the date 30 days prior to the date of this Annual General Meeting;

**RESOLVED FURTHER THAT** without prejudice to the generality of the above resolution, the issue of warrants convertible into equity shares shall be subject to the following terms and conditions apart from others as prescribed under the applicable laws:

- A. Each warrant is convertible into 1 (One) Equity Share and the conversion can be exercised by warrant holder at any time in one or more tranches, Within Eighteen (18) months from date of allotment of warrants (the "Warrant Exercise Period") on such other terms and conditions as applicable.
- B. The warrant holder shall pay an amount equivalent to at least 25% of the price fixed per warrant in terms of the SEBI (ICDR) Regulations on or before the allotment of warrants. Upon exercise of the option of conversion of the warrants into Equity shares by the warrant holder, the price equivalent to 75% of the issue price per warrant shall be payable on exercising the right of conversion of warrants. If the option to acquire equity shares pursuant to conversion of warrants is not exercised within the prescribed time period of 18 months from the date of allotment of warrants, then such warrants shall be lapsed and the amount paid under this clause shall be forfeited by the Company.

- C. The price determined above and the number of Equity Shares to be allotted on exercise of the Warrants shall be subject to appropriate adjustments as permitted under the rules, regulations and laws, as applicable from time to time;
- D. The warrants by itself do not give to the warrants holder any rights of the shareholder(s) of the Company.
- E. The proposed warrants shall be issued and allotted by the Company to proposed allottee within a period of fifteen (15) days from the date of passing of this resolution provided that where the issue and allotment of the proposed warrants is pending on account of pendency of any approval for such issue and allotment by any regulatory authority, the issue and allotment shall be completed within a period of fifteen (15) days from the date receipt of last of such approvals, if any.
- F. The warrants proposed to be issued shall be subject to appropriate adjustment, if during the interim period, the Company makes any issue of equity shares by way of capitalization of profits or reserves, upon demerger / realignment, rights issue or undertakes consolidation/ sub-division/re-classification of equity shares or such other similar events or circumstances requiring adjustments as permitted under SEBI (ICDR) Regulations and all other applicable regulations from time to time.
- G. The warrant holder(s) shall be entitled to the option of exercising any or all of the warrants in one or more tranches by way of a written notice which shall be given to the Company, specifying the number of warrants proposed to exercise along with the aggregate amount payable thereon, prior to or at the time of conversion.
- H. The Company shall accordingly, without any further approval from the Members of the Company, issue and allot the corresponding number of Equity Shares and perform such actions as required to credit the Equity Shares to the depository account and entering the name of allottee in the records of the Company as the registered owner of such Equity Shares;
- I. The allotment of the Equity Shares pursuant to exercise of Warrants shall be completed within a period of 15 (Fifteen) days from the date of such exercise by the respective allottees;
- J. The Equity Shares to be so allotted on exercise of option of conversion of warrants shall be in dematerialized form and shall be subject to the provisions of the Memorandum and Articles of Association of the Company and shall rank pari-passu in all respects including dividend, with the existing equity shares of the Company;
- K. The Company shall procure the listing and trading approvals for the Equity Shares to be issued and allotted to the Warrant holders upon exercise of the Warrants from the Stock Exchange in accordance with the Listing Regulations and all other applicable laws, rules and regulations;
- L. The warrants being allotted shall be subject to a lock-in for such period as specified under applicable provisions of SEBI (ICDR) Regulations from time to time.

**RESOLVED FURTHER THAT** pursuant to the provisions of the Act, the name of the Proposed Allottee be recorded for the issuance of invitation to subscribe to the Warrants of the Company and a private placement offer letter in Form No. PAS-4 together with an application form be issued to the Proposed Allottee inviting them to subscribe to the Warrants of the Company.

**RESOLVED FURTHER THAT** subject to the provisions of the SEBI Regulations and other applicable laws, the Board be and is hereby authorized to decide, approve, vary, modify or alter any of the relevant terms and conditions, including size of the preferential issue to the investor, as may deem expedient.

**RESOLVED FURTHER THAT** for the purpose of giving effect to this Resolution, the Board and/or Company Secretary of the Company be and are hereby severally authorised to do all such acts, deeds, matters and things as it may, in its absolute discretion, deem necessary, desirable or expedient, including but without limitation to, issuing clarifications, resolving all questions or doubt, effecting any modifications or changes to the foregoing (including modification to the terms of the issue), entering into contracts, arrangements, agreements, documents (including for appointment of agencies, intermediaries and advisors for the Issue) and to authorize all such persons as may be necessary, in connection therewith and incidental thereto as the Board in its

absolute discretion shall deem fit without being required to seek any fresh approval of the Members and to settle all questions, difficulties or doubts that may arise with regard to the offer, issue and allotment of the Warrants and/or Equity Shares and on conversion of such Warrants and listing thereof with the Stock Exchange as appropriate including admission of such Warrants and/or Equity Shares to be allotted on exercise of option attached to such Warrants with the depositories and corporate actions thereof and utilisation of proceeds of the preferential issue, take all other steps which may be incidental, consequential, relevant or ancillary in this connection and to effect any modification to the foregoing and the decision of the Board shall be final and conclusive.

**RESOLVED FURTHER THAT** the Board be and is hereby authorized to do all such acts, deeds, matters and things and also to execute such documents, writings, etc. as may be necessary to give effect to the aforesaid resolution and delegate all or any of the powers herein conferred by above resolution to any Director or to any Committee of Directors or any other executive(s) / officer(s) of the Company or any other person.”

## ANNEXURE TO THE NOTICE

### EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND OTHER APPLICABLE PROVISIONS

#### Item No. 3

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of the Cost Auditor to conduct the audit of the cost records of the Company across various segments, for the financial year ending March 31, 2024 as per the following details:

Sr. No.	Name of the Cost Auditor	Audit Fees (Rs.)
1	M/s. V.M. Patel & Associates	35,000/-

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor as recommended by the Audit Committee and approved by the Board of Directors, has to be ratified by the members of the Company.

Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 3 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending March 31, 2024.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 3. The Board recommends the Resolution set out at Item no. 3 of the Notice for approval of the Members. This Explanatory Statement may also be regarded as a disclosure under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Board recommends this Resolution for your approval.

#### Item No. 4

The Board, has approved the Related Party Transaction the company has entered into during the financial year ended 31st March, 2023 as per the following details.

Pursuant to the provisions of Section 188 of the Companies Act, 2013 ("the Act"), read with the Companies (Meetings of Board and its Powers) Rules, 2014 ('Rules'), the Company is required to obtain prior approval of the members by way of ordinary resolution, in case certain transactions with related parties exceeds such sum as is specified in the said Rules. The aforesaid provisions are not applicable in respect of transactions which are in the ordinary course of business and on arm's length basis.

However, pursuant to Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'Listing Regulations'), approval of the members through ordinary resolution is required for all material related party transactions, even if they are entered into in the ordinary course of business and on arm's length basis. For this purpose, a transaction is considered material, if the transaction/transactions to be entered into individually or taken together with previous transactions during a Financial Year exceed 10% of the annual consolidated turnover of the Company, as per the last audited financial statements of the Company.

The Company proposes to enter into contracts/ arrangements with related parties as mentioned below, which are in the ordinary course of business and on arm's length basis. Further, the estimated value of the proposed transaction is likely to exceed 10% of the annual consolidated turnover of the Company for the financial year ended on March 31, 2024 and therefore may exceed the materiality threshold as prescribed under Regulation 23 of the Listing Regulations. Thus, these transactions would require the approval of the Members by way of Ordinary

Resolution for the transaction or transactions either individually or taken together with the previous financial year.

Sr. No.	Name	Relation	Nature of Transactions	Amount for FY 2022-23 (in Cr)	Threshold for FY 2023-24 (in Cr)
1	Ricon Industries	Sister Concern	Purchase of Yarn	31.22	Upto 75.00
			Factory Expense	0.03	Upto 0.10
2	RB Industries	Subsidiary Partnership Firm	Purchase of Grey	125.64	Upto 175.00
			Job Income	16.76	Upto 50.00
			Sale of Fabrics	5.59	Upto 25.00
			Sub Leasing Income	0.003	Upto 0.010

All the directors are relatives and shall be considered interested in every resolution to the extent of their relations.

Except Mr. Rajkumar Borana, Mr. Amit Dalmia, Mr. Deepak Dalmia and Mr. Ankur Borana and their relatives, to the extent of their shareholding, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 4.

The Board recommends the Resolution set out at Item no. 4 of the Notice for approval of the Members. This Explanatory Statement may also be regarded as a disclosure under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Board recommends this Resolution for your approval.

#### Item No. 5 & 6

As per the provisions of Section 180(1)(c) of the Companies Act, 2013, the Board of Directors of the Company cannot, except with the permission of the Shareholders in General Meeting by passing a Special Resolution, borrow monies in excess of the aggregate of the paid-up share capital, free reserves and securities premium of the Company.

Taking into consideration the growth in the business operations, foreseeable future plans and the existing credit facilities availed by the Company, it would be in the interest of the Company to enhance the borrowing limits for the Board and authorize the Board of Directors to borrow monies which may exceed at any time the aggregate of the paid-up capital of the Company and its free reserves and securities premium but that shall not to exceed Rs. 200 Crores (Rupees Two Hundred Crore Only).

The borrowings of the Company are, in general, required to be secured by suitable mortgage or charge on all or any of the movable and/ or immovable properties of the Company in such form, manner and ranking as may be determined by the Board of Directors of the Company, from time to time, in consultation with the lender(s).

The mortgage and/or charge by the Company of its movable and/or immovable properties and/or the whole or any part of the undertaking(s) of the Company in favour of the lenders/agent(s)/trustees. Further, the Company in certain events of default by the Company, may be regarded as disposal of the Company's undertaking(s) within the meaning of Section 180 (1)(a) of the Companies Act, 2013. Hence it shall be necessary to obtain approval for the same from the Shareholders.

The Board of Directors recommend for Shareholders approval through Special resolution. None of the Directors of the Company is, in any way, concerned or interested in the said resolution.

## Item No. 7

The Company is planning to provide support for the business requirements to other companies/entities in the group, from time to time. However, owing to certain restrictive provisions contained in the Section 185 of the Companies Act, 2013, the Company was unable to extend financial assistance by way of loan, guarantee or security to other entities in the Group. In the light of amendments notified effective May 7, 2018, inter-alia replacing the provisions Section 185 of Companies Act, 2013, the Company with the approval of members by way of special resolution, would be in a position to provide financial assistance by way of loan to other entities in the group or give guarantee or provide security in respect of loans taken by such entities, for their principal business activities. The members may note that board of directors would carefully evaluate proposals and provide such loan, guarantee or security proposals through deployment of funds out of internal resources / accruals and / or any other appropriate sources, from time to time, only for principal business activities of the entities to the Group Companies. Hence, in order to enable the company to advance loan to those entities in which Directors are interested directly or indirectly under section 185 of the Companies Act, 2013 requires approval of members by a Special Resolution.

The Board of Directors Recommend the Special Resolution for approval by the members.

All the Directors are concerned or interested in the aforesaid resolution, financially or otherwise.

None of the Directors of the Company, except to the extent of their shareholding are concerned or interested in the aforesaid resolution, financially or otherwise.

## Item No. 8

Pursuant to the provisions of Section 186 of the Companies Act, 2013 the Board of Directors of a Company is authorized to give loan, guarantee or provide any security to any person or body corporate or acquire by way of subscription, purchase or otherwise, the securities of any body corporate, upto an amount of which shall not exceed the prescribed ceiling of sixty percent of the aggregate of the paid up capital and free reserves, securities premium account or hundred percent of its free reserves and securities premium account, whichever is more.

Rule 11(1) of Companies (Meetings of Board and its Powers) Rules, 2014 also provides that where a loan or guarantee is given or where a security has been provided by a company to its wholly owned subsidiary company or a joint venture company, or acquisition is made by a holding company, by way of subscription, purchase or otherwise of, the securities of its wholly owned subsidiary company, the requirement of prior approval by means of a Special Resolution at a General Meeting shall not apply, subject to the provisions contained therein.

The Company has in the course of its business formed various subsidiaries, joint venture companies, wherein, the Company is holding investment, either directly or through its subsidiaries. The Company is undertaking various business activities through its subsidiaries/joint ventures and is also making strategic investments from time to time in subsidiaries/joint ventures and other bodies corporate. It would therefore, be required to provide financial assistance /support from time to time in the form of infusion of capital or by way of giving of loans/guarantee into their business for the expansion activities as well as for optimum utilization of funds.

It is therefore, necessary to authorize the Board to make any loan(s) to and/or to give any guarantee(s)/provide any security, in connection with loan(s) taken by, subsidiaries/bodies corporate and/or to acquire by way of subscription, purchase or otherwise, the securities of subsidiaries/bodies corporate in India or outside upto the limits provided in the proposed Special Resolution. Accordingly the Board of Directors may be authorized to give loans, guarantees, provide securities or make investments as mentioned above upto an aggregate amount outstanding which shall not exceed Rs 200 Crores which shall be over and above the limits as specified in Section 186(2) of the Companies Act, 2013 and the aggregate outstanding amount of investment made in wholly owned and other subsidiaries and/or joint venture /

associate companies and the amount of loans/guarantees/securities given /provided to wholly owned and other subsidiaries and/or joint venture / associate companies.

The proposed Special Resolution as set out in Notice is enabling in nature for any further loan/investment/guarantee/security, to be made or given to subsidiaries/bodies corporate/to any Banks, Financial Institutions or any other person as per the provisions of the Companies Act, 2013.

Hence, the approval of the Members of the Company is sought for exercising these powers by the Board by way of Special Resolution.

None of the Directors of the Company, except to the extent of their shareholding are concerned or interested in the aforesaid resolution, financially or otherwise.

#### **Item No. 9**

Mr. Krishna Omprakash Agarwal who has been appointed as an Additional Independent Director of the Company pursuant to the provision of Section 161(1) of the Companies Act, 2013 effective from 01/09/2023 holds office upto the date of this Annual General Meeting and is eligible for appointment as a Director.

Mr. Krishna Omprakash Agarwal is not disqualified from being appointed as Director in terms of Section 164 of Companies Act, 2013 and has given her consent to act as Director.

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### MANAGEMENT DISCUSSION AND ANALYSIS: R & B DENIMS LIMITED

#### 1. DISCLAIMER

Statements in the Directors' Report & Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations or predictions may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make difference to the Company's operations include raw material availability and its prices, cyclical demand and pricing in the Company's principle markets, changes in Government regulations, tax regimes, economic developments within India and the countries in which the Company conducts business and other ancillary factors.

#### 2. GLOBLE ECONOMY:

The year 2022 saw the developed world grapple with some of the highest levels of inflation in recent history. Fuelled by historic fiscal and monetary support to counter the impact of COVID-19, the prices of food and fuel became the primary concern of the policymakers especially in the second half of the year. As per the IMF estimates, the world economy grew by 3.4% in 2022. The most notable disparity was seen between the growths of Advanced and Emerging economies. The Advanced economies grew by 2.7% in 2022 while the Emerging economies led by China and India grew by 4% in 2022.

The major forces that shaped the world economy in 2022 seem to continue in 2023 but with changed intensities. Debt levels remain high, limiting the ability of fiscal policymakers to respond to new challenges. Commodity prices that rose sharply following Russia's invasion of Ukraine have moderated, but the war continues, and geopolitical tensions are high. Infectious COVID-19 strains caused widespread outbreaks last year, but economies that were hit hard – most notably China – appear to be recovering with easing of supply-chain disruptions. Although inflation has declined as central banks have raised interest rates, underlying price pressures are proving sticky, with labour markets tight in several economies. The US Federal Reserve in a quick turn of stance, started hiking the interest rates, which has continued well into the summer of 2023. The Eurozone continued to struggle with energy prices, partly as a result of the war and the absence of Russian gas flowing in through Nordstream pipelines.

The IMF has projected the global GDP to grow by 2.8% in 2023 before rising slowly and settling at 3.0% five years out – the lowest medium-term forecast in decades. The anaemic outlook is partially due to the relatively slower decline of global inflation which is set to fall from 8.7% in 2022 to 7.0% in 2023 on the back of lower commodity prices. Advanced economies are expected to see an especially pronounced growth slowdown, from 2.7% in 2022 to 1.3% in 2023. The US and Eurozone economies are expected to see muted growth at 1.6% and 0.8% respectively in 2023, while the UK economy is expected to see a contraction of 0.3%. The World Bank has raised fears that the ongoing slump in global economic growth will likely result in a "lost decade".

While the Western world becomes the epicentre of global tensions, emerging and developing economies are expected to outpace them by growing at 3.9% in 2023 and 4.2% in 2024. Emerging Asian economies led by China and India are bound to grow by 5.3% in 2023 and 5.1% in 2024 respectively.

#### 3. INDIAN OF ECONOMY

India has emerged as the shining beacon in a grim global scenario by growing at 6.8% in 2022. The IMF has estimated India's growth at 5.9% in FY23 and 6.3% in FY24, well above other economies of significant scale causing many to state that this could well be India's decade. The Reserve Bank of India (RBI) has tried to cushion the economy from rising prices and maintain

liquidity. Still navigating inflation and preserving financial stability while boosting growth drivers will continue to be a tightrope walk. The central government has played a major role in boosting the growth of the economy as it continued with its capital expenditure push in the Union Budget 2023-24. In FY 2023-24, capex is budgeted at ₹10 lakh crore, which will constitute 3.3% of GDP. As per the RBI, such level of capex spending can take India's real GDP growth close to 7% in FY24. Despite the challenging global environment, the Indian economy with its strong fundamentals and massive demographic strengths seems en route to outpace other large economies.

#### 4. INDIAN TEXTILE MARKET

As per the International Textile Manufacturers Federation (ITMF), the Textile sector has seen weakening demand since June 2022 due to persistent global inflation and lingering possibilities of a recession. Inflation has affected consumers and manufacturers alike with manufacturers and suppliers having to pay much more along all stages of their supply chains, from the cost of freight to wage increases for their workers. This has put textile manufacturers in a difficult situation. Despite the slowdown in the sector globally, the Indian textile and apparel industry is expected to grow at 10% CAGR from 2019-20 to reach US\$ 190 billion by 2025-26. The overall Indian textiles market is expected to be worth more than US\$ 209 billion by 2029. In FY23, exports of readymade garments (RMG) cotton including accessories stood at US\$ 7.68 billion till January 2023. It is expected to surpass US\$ 30 billion by 2027, with an estimated 4.6-4.9% share globally. This has been made possible due to a structurally strong Indian economy fuelled by an everincreasing domestic demand and some critical policy initiatives taken by the Government of India.

In the Union Budget 2023-24, the government announced various initiatives to aid the Textile and Apparel sector across its value chain from raw materials to manufacturing. The government has a special focus on Extra-Long Staple (ELS) cotton with the adoption of a cluster-based and value chain approach through public private partnerships (PPP). The focus on enhancing the yield of ELS cotton would help increase the manufacturing of valueadded garments and also to reduce the import of ELS cotton. The government also identified five new HS codes for cotton for further classification of cotton as per staple length. This will help in calibrating policy support for the segments which are import dependent or need further incentivisation.

In 2023, the textile industry in India will be one of the most critical industries in the country. The sector is estimated to employ more than 45 million people and contribute around 11% to the country's GDP. The industry has shown significant growth over the past few years and is expected to progress further in the coming year.

Textile companies can benefit from the rising demand for high-quality fabrics, as well as from a steady influx of skilled labour from outside India. Additionally, the government's Make In India initiative has enabled many companies to access cheaper raw materials and modern technologies, which are helping them become more competitive.

#### 5. ROAD AHEAD

India is working on major initiatives, to boost its technical textile industry. Owing to the pandemic, the demand for technical textiles in the form of PPE suits and equipment is on rise. Government is supporting the sector through funding and machinery sponsoring. Top players in the sector are attaining sustainability in their products by manufacturing textiles that use natural recyclable materials.

The future for the Indian textiles industry looks promising, buoyed by strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade with the entry of several international players like Marks & Spencer, Guess and Next into the Indian market. High economic growth has resulted in higher disposable income. This has led to rise in demand for products creating a huge domestic market.

## Major Trends in Textile & Apparel Industry:

**1. Emergence of new garmenting hubs:** Increase in labour and raw material cost has brought a shift in global textile industry, forcing companies to shift their base from developed countries to developing countries like India, Ethiopia, Myanmar, Vietnam and Cambodia. These developing countries offer cheap labour and good quality raw material at lower prices.

**2. Increasing importance of Industry 4.0:** Textile 4.0 is a fourth industrial revolution focusing on automation of industry. This automation can be achieved by data exchange, robotics, the internet of things, cloud computing and through various other measures. This automation will result in lower operating cost with customary processes and improved quality standards.

**3. Development of new trade Alliances:** Trade alliances and Free Trade Agreement (FTA) are some measures by various governments to connect markets. Through this the exchange of technologies will become easier. These alliances will ultimately lead to increase in flow of FDI, improved infrastructure and more job opportunities helping economies to grow.

**4. Shift towards Sustainable Fashion:** With rising awareness about climate change, consumers prefer brands that adopt sustainable business practices. As a result, the textile industry has been witnessing a shift towards sustainable processes right from manufacturing of products to selling them. This shift will not only enable them to reduce their footprints on the environment but also offer sustainable fashion solutions.

## 6. INDIAN DENIM MARKET

The growing denim market, both internationally and nationally, is the main reason why leading mills are optimistically believing that denim will continue to tap growth in the years to come. In discussion with leading denim mills, Apparel Resources explores how they are geared up to cater to increasing demand, their focus area to match supplies with demand and product development expertise.

Since the last decade, the Indian Denim Industry has shown a high-quality boom. Today, the country has a great denim production capacity of around 1.1 billion meters per annum.

According to various market studies, the Indian domestic denim market has been maintaining an average CAGR of 8 to 9 per cent for a few years and is expected to reach Rs 91,894 crore by 2028.

The denim market in India continues to develop at a stable CAGR of 15% to 18% per year, despite a slowdown in garment exports and domestic market expansion. As a fabric for clothing, denim is likewise expanding at the quickest rate. Due to the enormous demand for the fabric, the installed capacity, which is currently at 1,200 million meters, is anticipated to rise to 2,000 million meters during the next three to four years.

According to industry experts, denim is the handiest segment in India that can develop manifolds to the existing marketplace.

Growing denim manufacturers across the globe are looking at India as an emerging denim export area wing to its first-class standards, cost-effectiveness, and a massive pool of tremendous workforce.

In the Indian apparel market, the denim market is driven by growing disposable incomes, westernization of work culture, and ensuing upward push inside the popularity of denim jeans. In the era of globalization, younger India prefers denim as part of their wardrobe essential. As consistent with the Indian consumer story, the middle class is majorly driving the boom of denim marketplace.

Indian production and intake have grown at a compounded annual growth rate (CAGR) of as much as 15 percent over the past decade and is predicted to develop at similar rate in the coming years.

## Denim Industry's Future in India:

The following criteria suggest that the industry's future is favourable:

- Increased disposable incomes.
- Rapid expansion of the retail industry.
- The country's pervasive trend of westernization.
- Booming online retail market.
- Demography of the young population (15-29 years old) with higher purchasing power.
- Due to its comfort and style, denim is a popular choice among many different customer sectors.
- Young people's preferred preference for denim due to its varied association.
- In India's smaller cities and rural areas, women and young people are using denim products more frequently.

The upcoming years will be critical for the business given all the steps the government is taking to strengthen the nation's textile industry. The government will shortly reveal its audacious goal of capturing 20% of the global textile market and assisting the domestic sector in reaching a size of \$650 billion by 2024–2025. With a strong emphasis on investments, improved labour law reforms, and skill development, the goal can be reached.

## 7. INDUSTRY OUTLOOK

Indian Denim Industry is showing a notable increase in recent years. Indian denim brands and manufacturers are focusing on increasing their export globally. Considering the significant proportion that India commands inside the international trade of textile and garb, and the industry is ready to add more exceptional manufacturing capabilities.

Along with a boom in potential, encouraging fabric guidelines and favorable exchange fee moves could help India achieve a large export boom.

By the year 2023, the additional ability will be added to existing production facilities; the ratio of home and exports is possibly to alternate from 65:35 to 55:45.

The Indian government is taking many initiatives to enhance the country's textile area. The benefits offered by government authorities are in all likelihood to percolate to the Indian denim industry in the coming years. This will also ensure its steady growth, and fuel the growth of the denim industry in India.

## 8. TRENDZ IN DENIM INDUSTRY

Denim wear has dominated the garment space for a long time. With innovation & trends set by the fashion industry it is good to have a look at the product trends in the denim industry.

**Fits:** Nineties Denim is making its way in the market as a vintage trend concept, and attracting a lot of eyeballs, especially from the youth segment. A looser fit – varying from baggy, high-waisted jeans, oversized and slightly ill-fitted are making a comeback in the market. The sale of straight leg jeans is also gaining momentum and it could be the future of denims in the years to come.

**Colours:** The classic blue wash & greys are making a comeback. White is also making its mark in the denim sector as searches for white denim rose 42% since the beginning of March 2019 as per Global Fashion Search Platform, Lyst. The monochromatic trend is gaining momentum. The wide acceptance of the same has encouraged brands to continue it for the future as well.

**Design:** Denim design and patterns like ruffled trims, embroidered patches, knots, cigarette hem ankle length, jeans with slits etc. are catching the youth's attention. The popularity of athleisure wear has influenced street wear in the last few years and denim has started following the same trend by incorporating side stripes, ribbons & pin-tucks etc. to lend a sporty chic feel to the pieces.

**Fashion Trends:** The one trend that has been going on for ages now is denim on denim. One can easily carry a casual look while wearing their favourite denim with a denim shirt. This trend ensures that the consumption of denim will grow at a higher rate in the coming years. In a

report by Edited, the outerwear category in denim has grown 101% in the last two years. The printed and embroidered denims are appealing to the youth. Designs like slangs, flora & fauna are being used with denim jeans, jackets etc. The culottes are gaining a lot of popularity among the working population as smart casuals like denim is strongly holding up as a part of corporate wear.

**Fabric:** Denim fabric is primarily made up of cotton but in the last decade or so, the demand for stretch and soft handle denim is growing exponentially. People are looking for feel good factor in their denim, so comfortable and stretchable fabrics are taking centre stage. Mills continue to invest in elastic fabrications, be it stretch in the warp, bi- stretch or hyper-stretch. The use of blended fabric with Lycra, modal & tencel in denim will grow rapidly in the coming times.

## 9. SWOT ANALYSIS OF DENIM INDUSTRY

### STRENGTHS

- Jeans are a wardrobe staple that everyone owns.
- The denim market is segmented into smaller and niche sections, making it easier to target different consumers. The demand is increasing in both domestic as well as international markets.
- Competitors are not competing on exactly the same product. Difference styles, prices and materials are available.
- Easy diversification into other product lines like footwear, innerwear, accessories to make it a complete lifestyle brand.
- Automation of production processes and proper infrastructure
- Availability of raw materials

### WEAKNESS

- The high impact the cotton industry has on the environment as a result of denim manufacturing.
- The denim market is already dominated by several big brands.
- Increase in mid-market / value retailers results in a negative impact for the higher end retailers and increase an opportunity to introduce lower market brands.
- Fluctuation in prices to cope up with changing demands and trends.
- Short time for optimization of products.
- Unavailability of skilled labour.
- Increase in unit cost, high tariff barriers and export duties.

### OPPORTUNITY

- Better consumer knowledge and power driving the demand for more ethical and sustainable denim
- Innovative ways of manufacturing denim and more ways to differentiate from competitors.
- People are willing to buy quality products and long lasting investment pieces at a competitive prices.
- Establishment of E-commerce allows more consumers to enter the chain of market.
- Apart from manufacturing jeans the fabric is used in manufacturing of other products like shirts, trousers, handbags etc.
- Introduction of sustainable development practices.

### THREATS

- The market is saturated with existing brands.
- The market is continuously growing with brands coming up with innovative ways to compete and stay relevant in the market.
- The ethical denim market already has a number of early entrants which have gained significant market share.
- Unstable economy results in reduced consumer confidence and spending.
- The entry of several international players in the retail industry after opening up of FDI would also pose as a threat for the brand.

- It is difficult to make balance between price and quality when competitors have lower price.
- Quick obsolesce of technology.

#### 11. OUTLOOK:

The Indian textile industry at large, as well as the denim industry in specific, is expected to grow further in the coming years. The global industry also has a promising future. This implies growth opportunities for R & B Denims Limited, in the domestic as well as global market. Owing to the growth in demand of apparels, especially from developing countries, as well as rise in income, the demand for denim has significantly increased and will continue to grow. Over the last 4-5 years, denim demand has increased steadily and several Indian denim players, including our company, have increased their capacity under the prevailing government incentive scheme. The industry has become more competitive in these terms. The Company's values that focus on constant evolution and product innovation will help it in maintaining its strong standing in the industry and will eventually help in growing further in the future.

## 12. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has made adequate investment for an effective internal control and risk-mitigation system, and they are constantly assessed and strengthened from time to time with new standard operating procedures. The Audit committee, in its meeting, along with the CFO formulates a detailed audit plan for the internal auditor to test and review controls, appraisal of risks and business processes, besides benchmarking controls with best practices in the industry. The Internal Auditors attend the Meetings of the Audit Committee at regular basis and submit their recommendations to the Audit Committee. The Audit Committee in consultation with the Statutory Auditors and the Business Heads reviews the recommendations placed by the Internal Auditors, suggests improvements, take corrective actions, wherever needed, to strengthen the internal control system and place it before the Board. Significant audit observations and corrective actions taken by the management are presented to the Audit Committee. To maintain its objectivity and independence, the Internal Audit function reports to the Chairman of the Audit Committee.

## 13. KEY RISKS

### RISK AND CONCERNS

The Company is exposed to specific risks that are particular to its business and environment within which it operates, including Foreign Exchange Risk, Interest Rate Risk, Commodity Price Risk, Risk of Product Concentration and other Business Risk. While risk is an inherent aspects of any business, the Company is conscious of the need to have an effective monitoring mechanism and has put in place appropriate measure for its mitigation including business portfolio risk, financial risk and legal risk and internal process risk.

The list of the potential risks the industry is exposed to domestically/internationally is given below:

**Business Operational Risk:** The business operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems, or from external events like economic and market conditions, cut throat competitions at local as well as at international level, introduction of new players in textile markets, even events which are not directly connected with the organization like natural disasters, political and military turmoil etc. It can be minimized by decreasing labour turnover, power cost, logistics, balancing demand & supply risks, implementing latest technologies to create new and innovative designs of textile products, techniques required to upgrade plants, boiler house, machines, equipment, Un-interrupted availability of raw material at competitive prices so as to avoid production loss, maintenance of quality and harmonizing production for completing the orders in time as well. Fluctuations in yarn prices in international market which can impact the price / cost of a particular product(s) and its blend(s) is also a part of business operational risk.

**Environmental Risk:** The safety of environment is important because of its ecological, economic or social significance to an ecosystem. If environment get impact/suffer more due to highly polluting nature or due to violation of any environmental law/norms by the industry/business then it may get adverse remarks from the Regulator/Statutory Authority or may have to face penal provisions as well as implications. An effort should be made to recycle the waste, make reusable products, use natural resources instead of hazardous chemicals to protect the environment.

**Raw material risk:** There is always a risk of inadequate or non-availability of raw materials in the market due to volatility in the prices of cotton, transportation cost etc which could impede business profits and prospects.

**Quality risk:** Easy entry of various competitors in the market could affect the quality of products in order to match the competitive prices. Also inability to match the stringent quality standards of leading retails brands consistently could impact product off take.

Working capital risk: To expand the business operations requires increased working capital and its proper management.

**Purchasing power risk:** It means loss of purchasing power due to the effect of inflation. This risk is also known as inflation risk. When there is inflation in the economy, the currency loses its value due to the rising price level in the economy. The higher the inflation rate, the faster the money loses its value.

**Foreign Exchange / Currency risk:** It is the uncertainty associated with changes in the relative value of currencies. Currency risk arises from the change in price of one currency against another. The Company while doing foreign transactions deals with the currencies of other countries and therefore any fluctuations in foreign currency may impact margins of Company. The fluctuations in the exchange rate are caused basically by the supply of and the demand for the currencies being exchanged. The depreciation in exchange rate increases the risk of foreign banks, which leads to large foreign currency exposures in the emerging markets. The adverse exchange rate movement increases the repayment obligations of the banks' borrowers in terms of domestic currency. The investors or companies, in order to avoid currency risks should properly hedge their positions with the foreign banks.

**Financial Risk:** It is the uncertainty associated with how firms finance its business like by issue of shares, debentures, taking loans from government / financial institutions etc. Such financial transactions also include risk of default in payment of interest, dividend or repayment of capital due to various internal or external factors like increase in credit days of debtors, inflation, interest rate fluctuations, change in government policies etc. It may lead to loss of liquidity, falling assets value, significant change in cash inflow and outflow etc.

**Liquidity Risk:** Liquidity Risk reflects the possibility/position that a party may have insufficient funds to settle an obligation for full value when due because of insufficient capital or difficulty in selling an asset or an investment to generate capital, but will have funds to cover settlement obligations on some unspecified date thereafter. In non-bankruptcy situations, the allowable methods to cover short positions are generally driven by local market conventions. As a result, liquidity could be adversely affected by prohibitions on transactions such as Repos, Reverse Repos, Securities Lending and other allied components.

**Global Risk:** Global risk refers to an uncertain event or condition that can cause significant negative impact to several countries or industries for a long period of time. India is still emerging in the market of textile industries. There is a tremendous competition around the world. Indian manufacturers will have to face a tough fight to sustain in the competition. Due to poor infrastructure facilities, the production and transaction cost remain high in India. Also India's logistic disadvantage due to its geographical location can give it a major thumbs-down in global trade. As a result, high cost of shipments and longer lead time coupled with lack of infrastructure facility may prove to be a major hindrance. To overcome this problem, India needs to increase the size of its industrial infrastructure to capture the efficiencies of the economies of scale and it must cluster the textile production.

**Political Risk:** Political risk may be defined as the probability that a political event will impact adversely on a firm's profit. It represents the financial risk that a country's government will suddenly change its policies. A new law or a change in an existing could have a significant impact on an investment. Whatever laws the government passes today may be extinct tomorrow. This risk covers restriction on remittances in the buyer's country or any government action which may block or delay payment to the exporter, war, revolution or civil commotion in the buyer's country, cancellation or imposition of new export / import licensing restrictions in the buyer's country, any other kind of loss occurring either in India or outside India which is not within the control of the exporter or the buyer.

**Technological risk:** Technology can response corporate culture and facilitate innovative procedures. In a garment manufacturing industry, the firm is constantly required to make changes and transformations in the production process over time, upgrade their machinery besides creating new facilities and additional capacities in order to survive in the highly competitive market.

## **Working Capital**

Working capital requirement in the business went up because of the fact that our key distributors are required to offer elongated credit to the garment manufacturers who are their customers, and the garment manufacturers are also required to offer extended credit periods to their own customers and thus in the process the entire working capital cycle has been significantly elongated.

## **14. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY**

The Company has appropriate internal control systems for business processes, with regard to efficiency of operations, financial reporting, compliance with applicable laws and regulations etc. All operating parameters are monitored and controlled. Regular internal audits and checks ensure that responsibilities are executed effectively. The system is improved and modified continuously to meet with changes in business conditions, statutory and accounting requirements. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal control systems and suggests improvement for strengthening them, from time to time.

## **15. HUMAN RESOURCES DEVELOPMENT / INDUSTRIAL RELATION**

The Company rely that the health and safety of the workers and the persons residing in the vicinity of its plants is fundamental to the business. Commitment to the identification and elimination or control of the workplace hazards for protection of all is utmost importance. The manufacturing operations are conducted to ensure sensitivity towards the environment and minimize waste by encouraging "Green" practices. The Company continued to enjoy healthy industrial relations during the year.

## **16. SUSTAINABLE DEVELOPMENT**

Sustainability has been deeply embedded into the Company's business and has become an integral part of its decision making process while considering social, economic and environmental dimensions. During the year 2022-23, a Sustainable Development Strategy was developed with a focus on the following areas:

### **1. Water Pollution Control Measures**

- Our Company is a member of Gujarat Eco-Textile Park (GETP) since 2014; The Park helps us to reduce water pollution. The Company has made sure that it implements various measures across all its operations to control fugitive emissions from polluting our water bodies.

### **2. Air Pollution Control Measures**

- Initiatives have been taken to reduce air pollution which is caused due to production processes. Our Company has obtained a license from Gujarat Pollution Control Board (GPCB) to ensure pollution control. Gujarat Pollution Control Board (GPCB) ensures that the pollution control limits are maintained by surprise inspections at the factory. These inspection samples are then tested in their own laboratory and report is issued. The Company has also installed Air Receiver in the weaving department to reduce and control on toxin emissions.

## **17. HEALTH & SAFETY**

The company believes Health & Safety as an indispensable province. Company has placed suitable facilities for all workers and employees like proper lighting, ventilation, no congestion, medical kits, stretchers, fire extinguishers etc. at prominent places. Personnel at supervisory level have been trained in basic life support techniques.

The safety measures taken by the company has resulted in improving the conditions under which workers are employed and work, consequently increasing the productivity.

## 18. INFRASTRUCTURE

The company is equipped with modern infrastructure facilities which assist in smooth production. The company's manufacturing unit is outfitted with advanced machines and equipment and a trained staff, who have years of experience behind them.

To sell products to the clients, the company has facilitated a smooth transportation mechanism through a strong base of transporters and traders.

## 19. SIGNIFICANT CHANGES:

## INDEPENDENT AUDITOR'S REPORT

### **Independent Auditor's Report on the Quarterly and Year to Date Audited Standalone Financial Results of the Company Pursuant to the Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended**

**To  
The Board of Directors of R & B Denims Limited  
Report on the audit of the Standalone Financial Results**

#### **Opinion**

We have audited the accompanying statement of quarterly and year to date standalone financial results of R & B Denims Limited (the "Company") for the quarter ended March 31, 2023 and for the year ended March 31, 2023 ("Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the statement:

- a. is presented in accordance with the requirements of Regulation 33 of the Listing Regulations; and
- b. gives a true and fair view in conformity with the applicable accounting standards and other accounting principles generally accepted in India, of the net profit and other comprehensive income and other financial information of the Company for the quarter ended March 31, 2023 and for the year ended March 31, 2023.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone financial Results" section of our report. We are independent of the Company in accordance with the Code of Ethics Issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have no key audit matters to communicate in our report.

## Management's Responsibility for the Standalone Financial Statements

The Statement has been prepared on the basis of the standalone annual financial statements. The Board of Directors of the Company are responsible for the preparation and presentation of the Statement that gives a true and fair view of the net profit and other comprehensive income of the Company and other financial Information in accordance with the applicable accounting standards prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and accounting policies; making judgments and estimates that are reasonable and prudent; and the design, Implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to Issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material If, individually or in the aggregate, they could reasonably be expected to Influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's

ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial results or, If such disclosures are inadequate, to modify our opinion.

- Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in Internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguard.

### Other Matters

The Statement includes the results for the quarter ended March 31, 2023 being the balancing figure between the audited figures in respect of the full financial year ended March 31, 2023 and the published unaudited year-to-date figures up to the third quarter of the current financial year, which were subjected to a limited review by us, as required under the listing Regulations.

## **Annexure 'B' to the Independent Auditor's Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of R & B Denims Limited ("the Company") as of 31 March, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or

disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

## Notes to the financial statements

For the year ended March 31, 2023

(Rs in Lakhs, except share and per share data, unless otherwise stated)

### (1) THE COMPANY OVERVIEW:

R & B Denims Ltd. is a Listed Public Limited Company incorporated and domiciled in India, having its registered office at Block No. 467, Palsana - Sachin Highway, Gujarat, India. The Company is engaged in the business of manufacturing and sale of quality Denim Textile products. The company caters both domestic and international markets.

### (2) BASIS OF PREPARATION OF FINANCIAL STATEMENTS:

#### Statement of compliance and basis of preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time, the provisions of the Companies Act, 2013 ("the Companies Act") as applicable and guidelines issued by the Securities and Exchange Board of India ("SEBI").

Accounting policies have been applied consistently to all periods presented in these financial statements.

All amounts included in the financial statements are reported in lakhs of Indian rupees except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

#### Basis of measurement

These financial statements have been prepared on the going concern basis and on a historical cost convention and on an accrual basis, except for the following material items which have been measured at fair value as required by relevant Ind AS;

- The defined benefit asset(liability) is as the present value of defined benefit obligation less fair value of plan assets and
- Financial instruments classified as fair value through profit or loss (FVTPL).

#### Use of estimates and judgment

The preparation of the financial statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgment in applying accounting policies that have the most significant effect on the amounts recognized in financial statements are included in the following notes:

- Useful lives of Property, plant and equipment [Note L]
- Measurement of defined benefit obligations [Note D]
- Provision for inventories [Note J]
- Measurement and likelihood of occurrence of provisions and contingencies [Note P]
- Deferred taxes [Note E]

### **(3) SIGNIFICANT ACCOUNTING POLICIES**

#### **(A) Current and non-current classification**

The assets and liabilities reported in the balance sheet are classified on a "current/non-current basis".

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

#### **(B) Fair value measurement**

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) prices in active market for identical assets or liabilities.
- Level 2 (if level 1 feed is not available/appropriate) - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 (if level 1 and 2 feed is not available/appropriate) - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amount approximates fair value due to the short maturity of these instruments.

#### **(C) Revenue recognition:**

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the company is unable to determine the standalone selling price, the company uses the expected cost plus margin approach in estimating the standalone selling price.

The company accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on the ratable allocation of the discounts/ incentives to each of the underlying performance obligation that corresponds to the progress by the customer towards earning the discount/ incentive. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognized until the payment is probable and the amount can be estimated reliably. The company recognizes changes in the estimated amount of obligations for discounts in the period in which the change occurs.

## Interest Income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and effective interest rate applicable.

## Dividend income

Dividends are recognized in Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

## Trade receivables and Contract Balances

The company classifies the right to consideration in exchange for deliverables as either a receivable or as unbilled revenue.

A receivable is a right to consideration that is unconditional upon passage of time. Revenues in excess of billings is recorded as unbilled revenue and is classified as a financial liability for these cases as right to consideration is unconditional upon passage of time.

### (D) Employee Benefits:

#### Short-term obligations

All employee benefits payable wholly within twelve months of rendering services are classified as short term employee benefits. Benefit such as salaries, wages etc are recognized in period in which the employee renders the related services. A liability is recognized for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### Defined contribution plans

Contributions to defined contribution schemes such as employees' state insurance, provident fund, labour welfare fund etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. The Company is a member of recognized Provident Fund scheme established under The Provident Fund & Miscellaneous Act, 1952 by the Government of India. The Company is contributing 12% of Salary & Wages of eligible employees under the scheme every month. The amount of contribution is being deposited each and every month. The contribution paid or payable under the scheme is recognized during the period under which the employee renders the related services. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

#### Defined Benefit Plans

In accordance with the Payment of Gratuity Act, 1972, applicable for Indian companies, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. The Company recognizes actuarial gains and losses in other comprehensive income, net of taxes.

The code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The code has been published in the Gazette of India. However, the date on which

the Code will come into effect has not been notified. The company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

#### **(E) Income Taxes:**

Tax expense for the period comprises current and deferred tax. Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized in other comprehensive income in which case the tax also recognized in other comprehensive income and except to the extent that it relates to items recognized directly in equity. The tax currently payable is based on taxable profit for the period. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

Current tax and deferred tax shall be recognised outside profit or loss if the tax relates to items that are recognised, in the same or a different period, outside profit or loss. Therefore, current tax and deferred tax that relates to items that are recognised, in the same or a different period:

- a) in other comprehensive income, shall be recognised in other comprehensive income.
- b) directly in equity, shall be recognised directly in equity.

#### **Appendix C to Ind AS 12, Uncertainty over Income Tax Treatments:**

Appendix C to Ind AS 12 clarifies the accounting for uncertainties in income taxes. The interpretation is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. The adoption of Appendix C to Ind AS 12 did not have any material impact on the standalone financial statements of the Company.

#### **(F) Leases:**

The Company determines that a contract is or contains a lease, if the contract conveys right to control the use of an identified asset for a period of time in exchange for a consideration. At the inception of a contract which is or contains a lease, the Company recognises lease liability at the present value of the future lease payments for non-cancellable period of a lease which is not short term in nature except for lease of low value items. The future lease payments for such non-cancellable period is discounted using the Company's incremental borrowing rate.

No disclosure is required considering immaterial effect on the financial statement as whole.

## **(G) Foreign Currency:**

### **Functional and presentation currency**

The financial statements are presented in Indian Rupees (INR), which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

### **Foreign currency transactions**

- Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.
- Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

## **(H) Cash & cash equivalents:**

For the purpose of presentation in the Statement of Cash Flows, Cash and Cash Equivalents includes cash in hand, balances with the banks that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

## **(I) Earnings Per Share:**

Basic and Diluted earnings/ (loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period and also after the balance sheet date but before the date the financial statements are approved by the board of directors.

## **(J) Inventories:**

Inventories consist of raw materials, stores & spares, work-in-progress, stock-in-trade and finished goods. Inventories are valued at lower of cost and net realizable value (NRV) except for raw materials which is valued at cost.

Cost of raw materials and stores & spares includes cost of purchases and other costs incurred in bringing the inventories to their present location and condition

Cost of work-in-progress and finished goods includes direct materials, labor and proportion of manufacturing overheads based on the normal operating capacity, wherever applicable.

Cost of stock-in-trade includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be used are expected to be sold at or above cost, except in case of samples, fants & cut pieces.

## **(K) Financial instruments:**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument.

### **Financial assets:**

#### **Classification**

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

#### **Initial recognition and measurement**

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value plus or minus, in the case of financial assets not recorded at fair value through Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through Profit and Loss are expensed in the Statement of Profit and Loss.

#### **Subsequent measurement**

After initial recognition, financial assets are measured at:

- fair value (either through other comprehensive income or through Profit and Loss), or
- amortized cost

#### **Debt instruments**

Debt instruments are subsequently measured at amortized cost, fair value through other comprehensive income ('FVOCI') or fair value through Profit and Loss ('FVTPL') till de-recognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

#### **Amortised cost:**

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognized in the Statement of Profit and Loss when the asset is derecognized or

impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

#### **Fair Value through Other Comprehensive Income (FVOCI):**

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in the Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

#### **Fair Value Through Profit and Loss (FVTPL):**

Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is recognised in the Statement of Profit and Loss.

#### **Equity instruments**

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in Other Comprehensive Income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

#### **Financial liabilities:**

##### **Initial recognition and measurement**

Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at FVTPL, transaction costs that are directly attributable to the issue/origination of the financial liability.

##### **Subsequent measurement**

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in statement of profit and loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Statement of profit and loss. Any gain or loss on de-recognition is also recognized in statement of Profit and Loss.

##### **De-recognition**

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

## (L) Property, Plant and Equipment (PPE)

Items of Property, plant and equipment are acquired or constructed are initially recognized at historical cost net of recoverable taxes, duties, trade discounts and rebates, less accumulated depreciation, amortisation and impairment loss, if any. The historical cost of Property, plant and equipment comprises of its purchase price, borrowing costs and adjustment arising for exchange rate variations attributable to the assets, including any cost directly attributable to bringing the assets to their working condition for their intended use. The estimated useful lives and amortisation period is reviewed at the end of each reporting period. Properties held are used for business purpose only and whenever it will be probable we will recognise as an investment property.

Capital Work-in-Progress represents Property, plant and equipment that are not ready for their intended use as at the reporting date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

The Company identifies and determines cost of each component/part of the plant and equipment separately, if the component/part has a cost which is significant to the total cost of the plant and equipment and has useful lives that is materially different from that of the remaining plant and equipment.

The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the year in which they are incurred.

Gains and losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognized.

### Depreciation methods, estimated useful lives and residual values

Depreciation is provided on written down value method based on the respective estimate of useful lives.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

Advances paid towards the acquisition of PPE outstanding at each Balance Sheet date is classified as capital advances under 'Other non-current assets' and cost of assets not put to use before such date are disclosed under 'Capital work-in progress'.

The estimated useful lives of assets are as follows:

Category	Estimated Useful life
Buildings	60 years
Plant and machinery	5 to 15 years
Computer equipment and software	3 to 6 years
Office Equipments	5 to 15 years
Vehicle	3 to 5 years
Electrification	10 Years

## **(M) Intangible assets**

Intangible assets purchased including acquired in a business combination are measured at cost of acquisition as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and impairment losses, if any.

## **(N) Government Grants**

Government grants are initially measured at amount receivable from the Government and are recognized on an accrual basis only if there is reasonable assurance that they will be received and the company will comply with the conditions associated with the grant and for those grants which are uncertain are not recognized unless there is reasonable assurance of the same.

- In case of capital grants, they are then recognized in Statement of Profit and Loss on a systematic basis over the useful life of the asset.

- In case of grants that compensate the Company for expenses incurred are recognized in Statement of Profit and Loss on a systematic basis in the periods in which the expenses are recognized.

Export benefits available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same.

## **(O) Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions. Refer Note 28 for segment information presented.

## **(P) Provisions and Contingent Liabilities**

A provision is recognised when the company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimates required to settle the obligation at the balance sheet date.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably.

## **(Q) Borrowing Costs**

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalised as part of the cost of that asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use.

Other borrowing costs are recognized as an expense in the period in which they are accrued / incurred.

## (R) Cash flow statement

Cash flows are reported using the Indirect Method, as set out in Ind AS 7 'Statement of Cash Flow', whereby profit for the year is adjusted for the effects of transaction of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

## (S) Investments in Subsidiaries:

Company's investment includes investment in RB Industries which is a partnership firm and having its registered office at Plot No. B-11/2 & B-11/3, Hojiwala Industrial Estate Road No.11, SUSML, Surat and company have control over the firm at the year-end 31st March 2023. Investments are carried at cost and at the end of each reporting period any addition made and share of profit of the partnership firm is added to the cost and any withdrawal of investment by the company and share of loss of the partnership firm is deducted.

The profit sharing ratio with RB Industries have changed during the year under audit.

Profit Sharing Ratio	F.Y. 2022-23 onwards	Preceding Year
Ratio changed on 1st July, 2022	20%	60%

## (T) Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31st, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below.

### Ind AS 1 - Presentation of Financial Statements

The amendments intend to assist in deciding which accounting policies to disclose in the financial statements. The amendments to Ind AS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any additional disclosure.

### Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

The amendments distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

### Ind AS 12 – Income taxes (Deferred tax related to assets and liabilities arising from a single transaction)

The amendments specify how to account for deferred tax on transactions such as leases. The amendments clarify that lease transactions give rise to equal and offsetting temporary differences and financial statements should reflect the future tax impacts of these transactions through recognizing deferred tax. The Company

does not expect this amendment to have any significant impact as the same is not having any material effects on its financial statements.

#### (iv) Financial Instruments

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) prices in active market for identical assets or liabilities.
- Level 2 (if level 1 feed is not available/appropriate) - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 (if level 1 and 2 feed is not available/appropriate) - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amount approximates fair value due to the short maturity of these instruments."

#### A. Fair Value Measurement Hierarchy

The fair value of cash and cash equivalents, trade receivables, borrowings, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's long term debt and investment in fixed deposit have been contracted at market rates of interest. Accordingly, the carrying value of such instruments approximates their fair value.

The fair value of investment in shares of The Cosmos Co-operative Bank Ltd. has been valued using cost approach.

## B. Financial Risk Management

The Company's activities expose it to variety of financial risks: market risk, credit risk, interest rate risk and liquidity risk. Within the boundaries of approved Risk Management Policy framework The Company uses derivative instruments to manage the volatility of financial markets and minimize the adverse impact on its financial performance.

### i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk.

#### a) Foreign Currency Risk

Foreign currency risk is the risk that the Fair Value or Future Cash Flows of an exposure will fluctuate because of changes in foreign currency rates. Exposures can arise on account of the various assets and liabilities which are denominated in currencies other than Indian Rupee.

The Company mainly deals in USD and hedge its risk with Futures contract.

#### b) Interest Rate Risk

The Company is also exposed to interest rate risk, changes in interest rates will affect future cash flows or the fair values of its financial instruments, principally debt. The Company issues debt in a variety of currencies based on market opportunities and it uses derivatives to hedge interest rate exposures.

#### c) Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the Company. Credit risk arises from company's activities in investments, dealing in derivatives and receivables from customers. The Company ensure that sales of products are made to customers with appropriate creditworthiness. Investment and other market exposures are managed against counterparty exposure limits. Credit information is regularly shared between businesses and finance function, with a framework in place to quickly identify and respond to cases of credit deterioration.

#### d) Liquidity Risk

Liquidity risk arises from the Company's inability to meet its cash flow commitments on the due date. The Company maintains sufficient stock of cash, marketable securities and committed credit facilities. The Company accesses global and local financial markets to meet its liquidity requirements. It uses a range of products and a mix of currencies to ensure efficient funding from across well-diversified markets and investor pools. Treasury monitors rolling forecasts of the Company's cash flow position and ensures that the Company is able to meet its financial obligation at all times including contingencies.

**(ix) Operating Segment:**

Ind AS 108, Operating segments, establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services, geographic areas, and major customers. The Chief Operating Decision Maker evaluates the Group's performance and allocates resources based on analysis of various performance indicators by business segments. Accordingly, information has been presented along business segments. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the accounting policies.

Revenue and identifiable operating expenses in relation to segments are categorized based on items that are individually identifiable to that segment.

The Management believes that it is not practical to provide segment disclosures relating to few costs and expenses, and accordingly these expenses are separately disclosed as "unallocated" and adjusted against the total income of the Group.

The Company has three segments. Denims manufacturing, Solar and Windmill. Operating segments are defined as components of a company for which discrete financial information is available that is evaluated regularly by Chief Operating Decision Maker ("CODM"), in deciding how to allocate resources and assessing performance.

Geographical revenues is allocated based on the location of the customer. Information regarding geographical revenue is as follows:

(xi) **Return on Investment(ROI) :**  
(FD Interest Income /Average Investment in Fixed Deposit)

**c) Explanation for Change in the Ratio by more than 25% as compared to previous year:**

#Decrease in CC Utilisation by huge amount is the reason for increase in Current Ratio.

@Repayment of Debt and Simultaneous increase in Shareholder's equity lead to decrease in Debt/Equity ratio.

\* Decrease in profitability in F.Y. 2022-23 and Simultaneous increase in Shareholder's equity lead to decrease in the ratio.

\*\* Revenue of the company has decreased and there is increase in finished stock and as a result Inventory Turnover Ratio has decreased.

\$-Increase in Repo rate and FD rates lead to increase in ROI.

Gratuity is applicable only to employees drawing a salary in Indian rupees and there are no other foreign defined benefit gratuity plans.

The principal assumptions used for the purpose of actuarial valuation are as follows:

	March 31,2023	March 31,2022
Discount rate	7.35	6.70%
Expected return on plan assets	N.A.	N.A.
Expected rate of salary increase	0.05	5.00%

The discount rate is based on the prevailing market yields of Indian government securities for the estimated term of the obligations. The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors. Salary escalation and attrition rate are considered as advised by the the company; they appear to be line with the industry practice considering promotion and demand & supply of the employees.

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

**Risks associated with defined benefit plan**

**Salary Risk:** The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

**Interest rate risk:** A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision.

**Asset Liability Matching Risk:** The plan faces the ALM risk as to the matching cash flow. Company has to manage pay- out based on pay as you go basis from own funds.

**Mortality risk:** Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

**To  
The Board of Directors of  
R & B Denims Limited**

**Report on the audit of the Consolidated Financial Results**

**Opinion**

We have audited the accompanying statement of quarterly and year to date consolidated financial results of R & B Denims Limited ("Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") for the quarter ended March 31, 2023 and for the year ended March 31, 2023 ("Statement"), attached herewith, being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the statement:

1. includes the results of the following subsidiary;
  - a. RB Industries, Partnership Firm
2. are presented In accordance with the requirements of the listing Regulations In this regard; and
3. gives a true and fair view in conformity with the applicable accounting standards, and other accounting principles generally accepted In India, of the consolidated net profit and other comprehensive Income and other financial information of the Group for the quarter ended March 31, 2023 and for the year ended March 31, 2023.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Results" section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

**Management's Responsibility for the Consolidated Financial Statements**

The statement has been prepared on the basis of the consolidated annual financial statements. The Holding Company's Board of Directors are responsible for the preparation and presentation of the Statement that give a true and fair view of the net profit and other comprehensive income and other financial information of the Group in accordance with the applicable accounting standards prescribed under section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the listing Regulations. The respective Board of Directors of the companies Included in the Group are responsible for maintenance of adequate accounting records In accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, Implementation and maintenance of adequate

internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Statement by the Directors of the Holding Company, as aforesaid.

In preparing the Statement, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included In the Group are also responsible for overseeing the financial reporting process of the Group.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Results**

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to Issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material If, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud Is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Director.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to, continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial results / financial information of the entities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Statement. We are responsible for the direction, supervision and performance of the audit of the financial

information of such entities included in the Statement of which we are the Independent auditors.

- We communicate with those charged with governance of the Holding Company and such other entities included in the Statement of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them a" relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- We also performed procedures in accordance with the Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019 Issued by the Securities Exchange Board of India under Regulation 33 (8) of the listing Regulations, to the extent applicable.

### Other Matters

The Statement includes the results for the quarter ended March 31, 2023 being the balancing figures between the audited figures in respect of the full financial year ended March 31, 2023 and the published unaudited year-to-date figures up to the end of the third quarter of the current financial year, which were subjected to a limited review by us, as required under the Listing Regulations.

## **Annexure 'B' to the Independent Auditor's Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of R & B Denims Limited ("the Company") as of 31 March, 2023 in conjunction with our audit of the consolidated Ind AS financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that WE comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

## Notes to the consolidated financial statements

For the year ended March 31, 2023

(Rs in Lakhs, except share and per share data, unless otherwise stated)

### 1) THE COMPANY OVERVIEW:

R & B Denims Ltd. is a Public Limited Listed Company incorporated and domiciled in India. The address of its registered office is R & B Denims Limited, Block No. 467, Palsana - Sachin Highway, Gujarat, India. The Company is engaged in the business of manufacturing and sale of quality Denim Textile products. The company caters both domestic and international markets.

### 2) BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS:

#### Statement of compliance and basis of preparation

These consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time, the provisions of the Companies Act, 2013 ("the Companies Act") as applicable and guidelines issued by the Securities and Exchange Board of India ("SEBI").

Accounting policies have been applied consistently to all periods presented in these financial statements.

All amounts included in the consolidated financial statements are reported in lakhs of Indian rupees except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

#### Basis of measurement

These consolidated financial statements have been prepared on going concern basis and a historical cost convention and on an accrual basis, except for the following material items which have been measured at fair value as required by relevant Ind AS;

- The defined benefit asset(liability) is as the present value of defined benefit obligation less fair value of plan assets and
- Financial instruments classified as fair value through profit or loss.

#### Use of estimates and judgment

The preparation of the consolidated financial statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgment in applying accounting policies that have the most significant effect on the amounts recognized in consolidated financial statements are included in the following notes:

- Useful lives of Property, plant and equipment [Note L\*]
- Measurement of defined benefit obligations [Note D\*]
- Provision for inventories [Note J\*]
- Measurement and likelihood of occurrence of provisions and contingencies [Note P\*]
- Deferred taxes [Note E\*]

*\*As given in Company's Significant Accounting Policies in Standalone Financial Statements.*

### Uncertainty relating to the global health pandemic on COVID-19

In assessing the carrying amounts of financial assets, inventory, receivables, advances, property plant and equipment, etc. as well as liabilities accrued, the Company has considered internal and external information up to the date of approval of these Consolidated financial statements including economic forecasts. Based on the current indicators of future economic conditions, the Company expects to recover these carrying amounts.

The impact of COVID-19 remains uncertain and may be different from what we have estimated as of the date of approval of these Consolidated financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

## 3) SIGNIFICANT ACCOUNTING POLICIES

### (A) Income Taxes:

Tax expense for the period comprises current and deferred tax. Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized in other comprehensive income in which case the tax also recognized in other comprehensive income and except to the extent that it relates to items recognized directly in equity. The tax currently payable is based on taxable profit for the period. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

### Reconciliation of Effective Tax Rate

The reconciliation between the income before income taxes and the income tax provision to the amount computed by applying the statutory income tax rate is summarized below.

#### (B) Principles of Consolidation:

The consolidated financial statement relates to R&B Denims Limited (“the Company”) and its subsidiary entity (Partnership Firm). The consolidated financial statements have been prepared on the following basis:

- The financial statements of the company and its subsidiary entity are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra group transactions.
- Offset (eliminate) the carrying amount of the parent’s investment in subsidiary entity and the parent’s portion of equity of subsidiary entity.
- Non-Controlling Interest’s share of consolidated subsidiary entity is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Company’s shareholders.
- As far as possible, the consolidated financial statements are prepared using uniform accounting policies for the like transactions and other events in similar circumstances and are presented in the same manner as the company’s separate financial statements.

**Following Companies have been considered in preparation of Consolidated Financial Statements.**

Gratuity is applicable only to employees drawing a salary in Indian rupees and there are no other foreign defined benefit gratuity plans. The principal assumptions used for the purpose of actuarial valuation are as follows:

Discount rate	7.35%/7.39%	6.70%/6.84%
Expected return on plan assets	N.A.	N.A.
Expected rate of salary increase	0.05	0.05

<p>The discount rate is based on the prevailing market yields of Indian government securities for the estimated term of the obligations. The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors. Salary escalation and attrition rate are considered as advised by the the company; they appear to be line with the industry practice considering promotion and demand &amp; supply of the employees.</p>		
<b>Change in present value of defined benefit obligation is summarized below:</b>

**(e ) Maturity Analysis of the Benefit Payments: From the Employer**

**Projected Benefits Payable in Future Years From the Date of Reporting**

1st Following Year	0.10	0.10
2nd Following Year	0.15	0.17
3rd Following Year	0.33	0.26
4th Following Year	0.56	0.42
5th Following Year	0.72	0.56
Sum of Years 6 To 10	4.76	4.22
Sum of Years 11 and above	67.69	55.96

Maturity Analysis of Benefit Payments is undiscounted cashflows considering future salary, attrition & death in respective year for members as mentioned above.

**(f) Sensitivity Analysis**

Projected Benefit Obligation on Current Assumptions	16.86	16.01
Delta Effect of +1% Change in Rate of Discounting	(2.47)	1.54
Delta Effect of -1% Change in Rate of Discounting	3.09	2.93
Delta Effect of +1% Change in Rate of Salary Increase	3.13	2.95
Delta Effect of -1% Change in Rate of Salary Increase	(2.54)	1.57
Delta Effect of +1% Change in Rate of Employee Turnover	0.10	0.09
Delta Effect of -1% Change in Rate of Employee Turnover	(0.26)	0.03

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

**Risks associated with defined benefit plan**

Gratuity is a defined benefit plan and company is exposed to the

**Salary Risk:** The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

**Interest rate risk:** A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision.

**Asset Liability Matching Risk:** The plan faces the ALM risk as to the matching cash flow. Company has to manage pay- out based on pay as you go basis from own funds.

**Mortality risk:** Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.
