MANAGEMENT AND DISCUSSION ANALYSIS

Aluminium Market Size, Market Share, Application Analysis, Regional Outlook, Growth Trends, Key Players, Competitive Strategies and Forecasts, 2022 To 2030

- Aluminum is approximately 10%-40% lighter than steel. Aluminum helps the vehicle to enhanced acceleration, improved braking, and superior handling. The stiffness of aluminum offers instant and specific control. Aluminum has the capacity of energy absorption in vehicle's front and back crumple, along with the light weight property it ensures the improved safety, as it can stop at a short distances, and prevent collisions. Nearly 90% of automotive aluminum can be recycled. Aluminum acts as a fuel efficient component in vehicle, it makes the vehicle 24% lighter than those with steel components. Which in turn helps to save 15% in fuel consumption.

Aluminum market in the automotive industry was valued at US\$ 35,453.3 Mn in 2020, and is expanding at a CAGR of 7.4% from 2021 to 2029. Government regulations on fuel pricing and carbon emission reduction in developed countries are expected to be the growth drivers of aluminum materials in the automotive industry. The versatility of aluminum products and the processes used to manufacture them allow automotive designers to incorporate aluminum in a wide range of products, such as engine, transmission and driveline, heat transfer, wheels and brakes, structural components of vehicles, and others. Beyond the designing flexibility, aluminum's greatest competitive advantage rests with its ability to reduce a vehicle's weight without any loss in performance. Although the cost of aluminum compared to steel is a competitive disadvantage, the technology being developed, combined with the lifecycle economies aluminum offers can offset this factor. Aluminum usage in automotive applications has grown substantially. The global demand for aluminum has been increasing, and it is now the second most widely used metal after steel in the automotive industry.

The report titled Aluminum Market in Automotive Industry - Growth, Future Prospects and Competitive Analysis, 2021 - 2029 offers strategic insights into the aluminum market in the global automotive industry along with the market size and estimates for the duration 2019 to 2029. The said research study covers in-depth analysis of multiple market segments based on vehicle type, application, product form, and cross-sectional study across different geographies. The study covers the comparative analysis of different segments for the years 2020 & 2029. The report also provides a prolific view on market dynamics such as market drivers, trends, restraints and opportunities. The report incorporates a separate section highlighting key trends analysis of the overall automotive aluminum market.

In order to help the strategic decision makers, the report also includes profiles of the leading automotive aluminum manufacturers, their business strategies and key developments. Some of the major players profiled in the report are Alcoa Inc., Aleris International, Aluminum Corporation of China Limited, BHP Billiton Limited, Constellium NV, Kaiser Aluminum Corp., Norsk Hydro ASA, Novelis Inc., United Company Rusal Plc., Vedanta Resources Plc, and Vimetco N.V. The section further includes a brief on key strategies adopted by the major players operating in the market. Other in-depth analysis provided in the report includes:

- Current and future market trends to justify the forthcoming attractive markets within the aluminum market in the automotive industry
- Market driver, market impediments, and their impact on the market growth
- In-depth competitive environment analysis
- Trailing 2-Year market size data (2019 - 2020)
- SRC (Segment-Region-Country) Analysis

Overall, the research study provides a holistic view of the aluminum market in the automotive industry, offering market size and estimates for the period from 2021 to 2029, keeping in mind the above mentioned factors.

The SUVs and crossovers segment was the major segment of aluminum market in the automotive industry in 2020 and is projected to grow with a CAGR of 7.3% from 2021 to 2029; followed by compact cars segment, which was another major lucrative segment of aluminum market in the automotive industry in 2020. Asia Pacific and Europe are the largest market for the vehicle types and is expected to remain the largest region in forecast period. The growth is majorly driven by the rise in disposable income and a major positive shift towards average amount of spending done on automotive interiors.

Cast aluminum was the largest market segment and accounted for more than 70% of aluminum market in the automotive industry in 2020. Casting is a modest and economical method, and can be used as multipurpose in forming aluminum into

various products. The aluminum die casting process gives stronger finished parts at a minimum cost. Aluminum casting allows manufacturers to produce complex design parts for different auto parts. Aluminum casting allows manufacturers to produce parts at faster rate. The rolled aluminum segment is anticipated to grow with the highest growth rate from 2021-2029. The applications of sheet or rolled aluminum materials in the structural component of a vehicle is going to increase the demand for rolled aluminum during the forecast period 2021-2029.

Engine was the largest market segment in the automotive aluminum industry in 2020. It accounted for more than 35% of aluminum market in the automotive industry and is projected to grow at the fastest rate in 2029. Aluminum engine block significantly reduces the weight of the engine and assists the vehicle in obtaining a better power to weight ratio. Wheels and brakes is another lucrative market over the forecast period and is expected to grow at the fastest rate between 2021 and 2029. Aluminum wheels are stronger and more delicate. They are strong enough for use in cars, thereby making the vehicles easier to manage, deliver quicker response on applying the brake and accelerator.

Asia Pacific market had the largest share, accounted for more than 35% of the total aluminum market in automotive industry in 2020. Growth in Asia Pacific market is attributed to increase in production of passenger cars and light commercial vehicles in China and India. Government regulations to control CO2 emission have increased the demand for aluminum in the automotive industry. In 2020, Europe was another leading region for aluminum market in the automotive industry. Favorable regulations set by the European Union are projected to induce automobile manufacturers to use lightweight materials, such as aluminum. The automotive industry in Europe is in close cooperation with the European aluminum industry and has developed and introduced numerous innovative lightweight solutions, based on aluminum and aluminum alloys. Through the intensive use of safe and cost-efficient lightweight aluminum concepts, European vehicle manufacturers have taken technological global leadership in making passenger vehicles more lightweight.

Historical & Forecast Period

This study report represents analysis of each segment from 2020 to 2030 considering 2021 as the base year. Compounded Annual Growth Rate (CAGR) for each of the respective segments estimated for the forecast period of 2022 to 2030.

The current report comprises of quantitative market estimations for each micro market for every geographical region and qualitative market analysis such as micro and macro environment analysis, market trends, competitive intelligence, segment analysis, porters five force model, top winning strategies, top investment markets, emerging trends and technological analysis, case studies, strategic conclusions and recommendations and other key market insights.

ANNEXURE VI

CONSERVATION OF ENERGY, TECHNOLOGY AND FOREIGN EXCHANGE EARNINGS AND OUTGO

A. Conservation of Energy

(1)	Measures taken to Conserve Energy	
a)	Stop 40 Hp Aux Pump motor & replace with 7.5 Hp pump motor.	To reduce electricity consumption
b)	Install 5 Hp Vfd To Press 3 Cooling Tower Fan	To reduce electricity consumption
c)	Replace existing 200 w light with 60 w LED lamp	To reduce electricity consumption
d)	Press 5 hydraulic manifold to replace with New design manifold	To reduce electricity consumption
e)	Use Tyre pyrolysis oil in place of furnace oil	To reduce Fuel Cost
f)	To buy maximum readymade billets of required extrusion alloys from primary procedures	To reduce cost of production, energy conservation & recovery.

(2) Steps taken by the company for utilising alternate sources of energy;

(3) Additional Investment Proposed

a)	Install Automatic Operated air Control Valve for homo furnace	To Reduce LPG Consumption
b)	Replace Blower motor From 7.5 HP to 5.0 Hp.	To Reduce Electricity Consumption
c)	Replace Billet Heater Conventional Burner With Ratio control Valve PID operated burner system.	To Reduce LPG Consumption

4) Impact of (I) and (II) Above:

We reduce the power consumption, Maximum Demand & improve efficiency.

Reduce the cost and improve the recovery and quality of the finished product.

Independent Auditor's Report

To The Members of Sudal Industries Limited Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **Sudal Industries Limited** ("the Company"), which comprises of Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by in terms of their report referred to in the other matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Material Uncertainty related to Going Concern

The Company has been continuously incurring losses over last several years and its net worth stands fully eroded. As explained, due to slackness in demand by user industries, lack of working capital funding and volatility of aluminium price, the Company was/is not able to utilize its production capacity optimally. The management feels that the demand would revive considering various incentive packages announced by the Government of India. The Company has submitted settlement plan to the bank and intend to arrive at settlement under Prepackage Insolvency Resolution Process and expect to convince the bank and other unsecured financial creditors to accept settlement as proposed and accordingly, management believes that it is appropriate to prepare the financial statements on a going concern basis. (Refer note 28)

Emphasis of Matter

Dues receivable in respect of electricity duty and Octroi Duty (grant) aggregating to Rs. 248.16 lakhs have been delayed. The Management expects refund of these amounts on improvement in the current pandemic situation. (Refer note 38)

Our opinion is not modified in respect of matter stated above.

Information Other than the Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board's Report including Annexures to the Board report, Business responsibility report, Corporate Governance report and Management Discussion and Analysis, but does not include the financial statement and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance

conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However,

future events or conditions may cause the entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Our opinion on the financial statement and our report on the other legal and regulatory requirements below is not modified in respect of this matter.

Other Matter:

We draw your attention to the Note 29 of the financial statements regarding the assessment made by Management relating to impact of COVID-19 pandemic on the operations of the Company.

Our opinion on the financial statements is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

1. Pursuant to the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and records.
 - (c) The Balance sheet, the Statement of Profit & Loss (including other comprehensive income), Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.
 - (e) On the basis of the written representation received from the directors as on March 31, 2022, taken on records by the Board of Directors, none of the directors are disqualified as on March 31, 2022 from being appointed as a Directors in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure "B".

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

- (h) With respect to the matters to be included in the Auditor's report in accordance with the rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial performance in its financial statements. [Refer note no 27 to financial statements]
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv.
 - a) The management has represented that, to the best of their knowledge and belief, no funds other than disclosed in the financial statements (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. [Refer note 55 to financial statements]
 - b) The management has represented, that, to the best of their knowledge and belief, no funds other than disclosed in the financial statements (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. [Refer note 56 to financial statements]
 - c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e) of The Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contains any material misstatement.
- v. The Company has not declared or paid dividend during the financial year 2021-22 and hence reporting under Rule 11 (f) of Companies (Audit and Auditors) Rules, 2014 is not applicable.

Annexure "A" referred to in "Report on Other Legal and Regulatory Requirements" section of our report to the Members of Sudal Industries Limited for the year ended March 31, 2022 :

On the basis of such checks as we considered appropriate and according to the information and explanations given to us during the course of our audit, we state that:

- i. a. In respect of Company's Property, Plant and Equipment (PPE) and Intangible Assets:
 - A. The Company has maintained proper records, showing full particulars, including quantitative details and situation of PPE and relevant details of right-to-use assets.
 - B. The Company has maintained proper records showing full particulars of intangible assets.
 - b. As explained to us, the Company has a phased program for physical verification of the PPE for all locations. In our opinion, the frequency of verification is reasonable considering the size of the Company and nature of its PPE. Physical verification of the assets has been carried out during the year pursuant to the programme in that respect. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - c. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties disclosed in the financial statements included under property, plant and equipment, (other than properties where the company is lessee and lease agreements are duly executed in favour of the Company), are held in the name of the Company.
 - d. The Company has not revalued any of its PPE (including right- of-use assets) and intangible assets during the year and hence reporting under clause 3(i)(d) of the Order is not applicable to the Company.
 - e. According to the information and explanations given to us and on the basis of our examination of the books and records of the Company, neither any proceedings have been initiated during the year nor are pending as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988, as amended, and rules made thereunder and hence reporting under clause 3(i)(e) of the Order is not applicable to the Company. [Refer note 51 to financial statements]
- ii. a. The inventories have been physically verified by the management at reasonable intervals during the year. The procedures of physical verification of the inventories followed by the management and its coverage is reasonable and adequate in relation to the size of the Company and nature of its business. As per the information and explanations given to us, no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on physical verification of inventories as compared to book records.
 - b. According to the information and explanations given to us and on the basis of our examination of the books and records of the Company, the Company has been sanctioned working capital limit in excess of Rs 5 crores which had been overdue and hence quarterly returns or statements has not been filed by the Company with such bank or financial institutions.
- iii. In respect of Investments made provision of guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties:
 - (a) The Company has not provided any loans or advances in the nature of loans or stood guarantee or provided security to any other entity during the year and hence reporting under clause 3(iii)(a) is not applicable to the Company.
 - (b) According to the information and explanations given to us, the Company has not made investment and hence reporting under clause 3(iii)(b) is not applicable to the Company.
 - (c) The Company has not granted any loans or advances in the nature of loans during the year and hence reporting under clauses 3(iii)(c), (d), (e) and (f) of the Order is not applicable to the Company.
 - iv. According to the information and explanations given to us and on the basis of our examination of the records of the Company, during the year, the Company has not made investments, granted any loans, provided guarantee and security under Section 185 and 186 of the Act, to the extent applicable and hence reporting under clause 3(iv) of the Order is not applicable to the Company.

- v. In our opinion and according to the information and explanations given to us, no deposits or amounts which are deemed to be deposits within the meaning of Section 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposits) Rules, 2014 have been accepted by the Company and hence reporting under clause 3(v) of the Order is not applicable to the Company.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to rules made by the central government for the maintenance of cost records under sub section 1 of Section 148 of the Act in respect of company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate and complete.
- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records, the Company is generally regular in depositing undisputed statutory dues including Goods and Services tax, provident fund, employees' state insurance, income tax, sales tax, custom duty, duty of excise, value added tax, cess and other statutory dues during the year with the appropriate authorities. No undisputed amounts payable in respect of the aforesaid statutory dues were outstanding as at the last day of the financial year for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, there are no statutory dues mentioned in clause vii (a) above which have been not deposited on account of any dispute except the following:

Name of the statute	Nature of dues	Amount (Rs. in lakhs)	Period to which it relates	Forum where dispute is pending

- (b) On the basis of information and explanations given to us, the Company has not been declared as willful defaulter by any bank or financial institution or other lender. [Refer note 52 to financial statements]
- (c) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not taken any term loan during the year and hence reporting under clause 3(ix)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanations given to us and based on our examination of the records of the Company, short term funds of Rs. 11,379.85 lakhs have been utilized for long term purposes.
- (e) Based on our audit procedures and on the basis of information and explanations given to us, the Company does not have subsidiary, joint venture and associate and hence reporting under clause 3(ix)(e) of the Order in respect of funds taken from any entity or person on account of or to meet the obligations of subsidiary, joint venture and associate, is not applicable to the Company.
- (f) Based on our audit procedures and on the basis of information and explanations given to us, the Company does not have subsidiary, joint venture and associate and hence reporting under clause 3(ix)(f) in respect of funds raised on the pledge of securities held in its subsidiary, joint venture and associate, is not applicable to the Company.
- x. (a) The Company has not raised any money by way of Initial public offer or further public offer (including debt instrument) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment, private placement of shares or fully or partly convertible debentures during the year or in the recent past and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud by or on the Company, noticed or reported during the year, nor have we been informed of such case by the management.
- (b) During the year, no report under sub section 12 of Section 143 of the Act has been filed in Form ADT-4 as prescribed in Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) Based on our audit procedure performed and according to the information and explanations given to us, no whistle blower complaints were received by the Company during the year and hence reporting under clause 3(xi)(c) of the Order is not applicable to the Company.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, all the transactions with related parties are in compliance with Section 177 and 188 of the Act and all the details have been disclosed in the financial statements as required by the applicable Accounting Standard. (Refer note 41 to the financial statements)
- xiv. (a) According to the information and explanations given to us and based on our examination of the records of the Company, internal audit system needs to be strengthened in the areas such as receivable management/payable management and human resource to commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports for the year under audit issued to the Company during the year and till date, in determining nature, timing and extent of our audit procedure.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions prescribed under Section 192 of the Act with directors or persons connected with them during the year.

- xvi. (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and hence reporting under clause 3(xvi) (a), (b) and (c) of the Order is not applicable to the Company.
- (b) In our opinion, there is no core investment company within the "Companies in the Group" as defined in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- xvii. The Company has incurred cash losses of Rs. 1151.67 lakhs during the financial year covered by our audit and in the immediately preceding financial year of Rs. 1137.42 lakhs.
- xviii. There has been no resignation of the statutory auditors of the Company during the year and hence reporting under clause 3(xviii) of the Order is not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans we draw your attention to para "Material uncertainty related to Going Concern" of our auditors report that material uncertainty exist in respect of going concern as on the date of the audit report. However, management feels that the demand would revive considering various incentive packages announced by the Government of India and acceptance of settlement plan by the bank and unsecured lenders as referred in note 28 of the financial statements. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanations given to us and based on our examination of the records of the Company, there are no amounts unspent in respect of corporate social responsibility towards ongoing or other than ongoing projects and hence reporting under clause 3(xx) (a) and (b) of the Order is not applicable to the Company.

Annexure “B” referred to in “Report on Other Legal and Regulatory Requirements” section of our report to the Members of Sudal Industries Limited for the year ended March 31,2022:**Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act**

We have audited the internal financial controls over financial reporting of **Sudal Industries Limited** (“the Company”) as of March 31, 2022, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management;(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity’s assets that could have a material effect on the financial statements; and (4) also provide reasonable assurance by the internal auditors through their internal audit reports given to the organisation from time to time.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential Component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended 31st March, 2022

1 Statement of significant accounting policies and practices:

I. Background and Operations

Sudal Industries Limited ("the company") is a public limited company domiciled in India and is incorporated under the provision of the Companies Act applicable in India. Its shares are listed on Bombay Stock Exchange (BSE)- CIN : L21541MH1979PLC021541.

The registered office of the Company is located at A-5, MIDC, Ambad Industrial Estate, Mumbai Nashik Highway, Nashik - 422010 (Maharashtra).

The Company is engaged in the manufacturing of Aluminium Extrusions and Aluminium based Alloys. The Products are made by melting of Aluminium Ingots into Alloy Billets and further extruded to manufacture extrusions.

II. Significant accounting policies

(a) Basis of preparation of Financial Statements

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act.

(ii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Companies Act, 2013. Transaction and balances with values have been rounded off in Lakhs. Due to rounding off, the number presented throughout the financial statement may not add up precisely to reflect the absolute figure.

(iii) The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below :

- (a) Ind AS 16 – Property, plant and equipment – The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022
- (b) Ind AS 37 - Provisions, contingent liabilities and contingent assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted
- (c) Ind AS 103 – Business combinations – The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.
- (d) Ind AS 109 – Financial instruments – The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes

only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf

The Company is in the process of evaluating the impact of these amendments

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The estimates and judgments that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

(i) Contingent liabilities and contingent assets

Contingent liabilities : Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets : Contingent assets are neither recognised or disclosed in the financial statements.

(ii) Measurement of defined benefit obligations

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis. The assumptions used in determining the net interest cost/(income) for defined benefit plans and include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

(c) Property, plant and equipment

Leasehold Land, Buildings, Plant and Machinery and Electrical Installations are stated at deemed cost less depreciation and impairment, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Other Assets are stated at deemed cost less depreciation.

Depreciation methods, estimated useful lives and residual value

- (i) Leasehold land is under lease arrangement for a period of 99 years commencing from May,1980 to April,2079.
- (ii) On Buildings, depreciation is provided on straight line method at the useful life specified in Schedule II to the Companies Act,2013.
- (iii) On plant and equipment, the depreciation is provided as per the life specified for continuous Industrial unit in Schedule II to Companies Act, 2013.
- (iv) On vehicles, Furniture & Fixtures and Office Equipments, depreciation is provided on written down value method as per the life specified in Schedule II to Companies Act, 2013.

(d) Intangible assets**Computer software**

Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Amortisation method

The Company amortizes computer software with a useful life using the straight-line method over the period of 2-3 years from the date of acquisition.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

e) Lease**As a lessee****Operating Lease**

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(f) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

(g) Trade receivables

Trade receivables are recognised at the value of sales less provision for doubtful debt and expected credit loss.

(h) Inventories

Inventories of Raw Materials, Work-in-Progress, Stores and spares, Finished Goods and Stock-in-trade are stated at cost or net realisable value, whichever is lower'. Cost comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'First in First Out'. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Company.

(i) Investments and other financial assets**(i) Classification**

The Company classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss): and

* those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income.

**(ii) Measurement**

At initial recognition, the Company measures a financial asset at its cost /fair value . Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

* **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

* **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

* **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(j) Borrowings

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

(k) Borrowing costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to revenue.

(l) Provisions and contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

(m) Revenue recognition

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Sale of goods

Revenue from the sale of goods is recognised when the control of the goods passes to the buyer either at the time of dispatch or delivery or when the risk of loss transfers. Export sales are recognized based on the shipped on board date as per bill of lading, which is when substantial risks and rewards of ownership are passed to the customers.

Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. Provision is made for returns when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, allowance for volume rebates and similar items.

Claims/ Refunds not ascertainable with reasonable certainty are accounted for, on final settlement and are recognized as revenue.

Revenue from services

Conversion job income is accounted for on the completion of the job.

Dividend Income

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established.

Interest income

Interest income from debt instruments is recognised using the effective interest rate method.

(n) Employee benefits

Defined contribution Plans such as Provident Fund etc., are charged to the Profit and Loss Account as incurred.

Defined Benefit Plans - The present value of the obligation which is not funded under such plan, is determined based on an actuarial valuation using the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Profit and Loss Account.

Other Long term Employee Benefits are recognised in the same manner as Defined Benefit Plans.

Termination benefits are recognised as and when incurred. However, the termination benefits which fall due more than twelve months after the Balance Sheet date are discounted using the yield on Government Bonds.

(o) Foreign currency transactions

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(p) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(q) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(r) Government Grants

Grants and subsidies from the government are recognized if the following conditions are satisfied:

- There is reasonable assurance that the Company will comply with the conditions attached to it.
- Such benefits are earned and reasonable certainty exists of the collection.

Government grants or subsidies given with reference to the total investment in an undertaking or setting up of new industrial undertaking is treated as capital receipt and credited to capital reserve. The said capital reserve will not be available for distribution of dividend nor is considered as deferred income.

(s) Leases

Lease policy The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognises a right-of-use assets ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease. The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets. Lease liability and right-of-use assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below :

- (a) Ind AS 16 – Property, plant and equipment – The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022
- (b) Ind AS 37 - Provisions, contingent liabilities and contingent assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted
- (c) Ind AS 103 – Business combinations – The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.
- (d) Ind AS 109 – Financial instruments – The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf

The Company is in the process of evaluating the impact of these amendments

	Rs. in Lakhs	Rs. in Lakhs
Disputed income tax demand for earlier assessment years	155.34	155.34
The management is reasonably confident that no liability will be devolve on the Company.		

(b) The Company's pending litigations comprise of claims against the Company and proceedings pending with Tax Authority. The Company has reviewed all its pending litigations and proceedings and has made adequate provisions wherever required and disclosed the contingent liabilities, wherever applicable, in its financial statements. The Company does not reasonable expect that no liability will be devolved on the Company

28 The Company has been continuously incurring losses over last several years and its net worth stands fully eroded. As explained by the management, due to a recessionary trend and slackness in demand by user industries, the Company was not able to utilize the capacity optimally along with price volatility; it was incurring the losses in past few years. In order to boost the economy, the government has declared several revival packages, resulting into spur in demand allowing the Company to step up its capacity utilization. The Company has submitted settlement plan to bankers/lenders and intend to arrive at settlement under Prepackage Insolvency Resolution Process and expect to convince the bank and other unsecured financial creditors to accept settlement as proposed. Also the Company has deposited under no Lien Account Rs 150 lakhhs in December 2021 against offer for settlement and the amount will be remain in the account till acceptance of the Offer. Accordingly, management believes that it is appropriate to prepare the financial statements on a going concern basis. Therefore, the financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and to the amounts of liabilities that might be necessary should the Company be unable to continue its operations as a going concern.

29 The Company has considered the possible impact of re-surge in COVID-19 in preparation of these financial statements. The impact of the global health pandemic may be different from that estimates as at the date of approval of thses financial statements. Considering the countinuing uncertainties, the Company will countinue to closely monitor any material changes to the future economic conditions.

E. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement medical benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date

The significant actuarial assumptions were as follows:

Particulars	Plan Assets	Plan liabilities
Financial Assumptions		
Discount rate	6.70%	6.25%
Salary Escalation Rate	6.00%	6.00%
Number of Active Members	128	102
Per Month Salary For Active Members- Rupees	16,025	17,341
Weighted Average Duration of the Projected Benefit Obligation	6.14	5.82

Demographic Assumptions

Mortality in Service : Indian Assured Lives Mortality (2012-14) Ultimate

F. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

Current Year	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	0.50%	-2.92%	3.13%
Salary Escalation Rate	0.50%	3.13%	-2.95%
Employee Turnover	10%	0.09%	-0.09%
Previous Year	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	0.50%	-2.82%	3.02%
Salary Escalation Rate	0.50%	3.01%	-2.84%
Employee Turnover	10%	0.04%	-0.05%

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

42 Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a treasury departments, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

(i) Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

50 bp decrease in interest rate - Increase in profits	46.06	39.50

(ii) Market Risk- Foreign currency risk.

The Company does not operate internationally and no portion of the business is transacted in foreign currencies and consequently the Company is not exposed to foreign exchange risk.

(iii) Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

Notes to the financial statements for the year ended 31st March, 2022

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements .

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises receivables for write off when a debtor fails to make contractual payments greater than 3 years past due. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

43 Fair Value measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values: 1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments. 2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values for loans, security deposits and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

45 Capital risk management

The Company's objectives when managing capital are to

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt

The Company's strategy is to maintain a gearing ratio within the industry average. The gearing ratios were as follows:
