FORWARD LOOKING STATEMENT

In this annual report, we have disclosed certain forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make certain forward-looking statements that set out anticipated results based on the management's plans and assumptions.

We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in our assumptions.

The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialize or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Chairman's Insights

The fiscal under review was another year of exciting growth for Manomay Tex India Limited. We recorded our highest ever sales and earnings in FY23.

Dear Shareholders,

It gives me immense pleasure to welcome you all to the 14th AGM of Manomay Tex India Limited. I hope you and your family members are remaining healthy and staying safe.

It has been a long and exciting journey since we started as Dhanlaxmi Group in the year 1978, we saw our major breakthrough when we changed the name of the company to Manomay Tex India in the year 2009 and launched ourselves as one of the leading producer and manufacturers of Denim products. Laden with an experience of more than 46 years, our aim was to strike gold when we founded this project.

We, as a team of highly professional and qualified experts are always on the lookout to better ourselves in every possible way. The high-end technology used in our factories is constantly upgraded to ensure that our name in the Denim textile industries leave a mark on our customers.

Our unique product portfolio, expertise in understanding the best material choices, and customer focused innovation capabilities help us deliver textile solutions that are sustainable by design.

We are aware that the market demands change every day. Hence, we always make sure that our team of expert managers are always on their toes to meet end-to-end technology to serve our clients better.

Our financial metrics are the indicator of our resilience and growth. Our strong product portfolio helps us grow our business and connect with consumers across all markets and business categories. Optimal use of capacity and cost efficiency also contributed to the achievement of these results.

Mr. Kailashchandra Hiralal Laddha

Performance of the company in the FY 2022-23

Given that context, I am grateful that on the business front it has been a highly satisfactory year being consistently strong and profitable.

Revenue from Business Operations is Rs. 69,887.88 Lakhs for F.Y. 2023 as compared to the previous F.Y. 2022 of Rs. 58,953.15 Lakhs.

The Profit of the Company recorded is Rs.1,295.04 Lakhs for F.Y. 2023 as compared to the previous F.Y. 2022 of Rs. 770.62 Lakhs Our directors expect better performance in future years.

Road ahead

Our ability to create value is a direct result of the significant efforts and resilience of our people. To capitalize on growing demand and further strengthen our product range, our expansion of Spinning Mill project are Undergoing and an estimated project outlay of Rs. 168.03 Crores.

Spinning facility to produce open end, ring frame and texturized yarn which is used as raw material for the existing weaving process by installing 15,840 spindles which can produce 53,69,771 KGPA of ring frame cotton yarn, 2208 rotors which can produce 68,81,640 KGPA of open end cotton yarn and 2 texturize machines with 288 spindles each to produce 23,70,671 KGPA of texturize yarn along with 1.5 MW solar power generation plant for captive use at RS No. 983, 989, 990, 991, 992/1568, 993/1570, Village: Undwa, Tehsil: Gangrar, District: Chittorgarh, Rajasthan. The expansion plans will complete in year 2023-24.

Pursuing sustainability

At Manomay, sustainability is embedded in everything we do, making it an integral part of our businesses. Starting from our core strategy to the smallest business decisions and actions, all must pass the sustainability impact test. We persistently create value for our stakeholders by making choices that create a positive impact on the environment, people, and communities. We have set out on a sustainable growth path with our talented workforce, our innovative portfolio and optimized processes and platforms. Innovation, customer-centricity, and sustainability will remain key drivers for Manomay over the next couple of decades.

We undertook several targeted measures during the year to help us remain on track toward our goal of sustainable, long-term growth. The infusion of new technologies and talent pool across different levels and functions has ushered a new level of dynamism into the organization as we gear up to become future-ready across functions, systems, processes, and people.

Gratitude to All

This year has been a momentum year for Manomay Tex India Limited and we would like to thank our employees, customers, shareholders, suppliers, bankers, financial institutions, local governments, business leaders, central governments and state governments for their consistent support. Stakeholders for trust in us. I am very pleased with the progress we have made, the path we are taking, and our confidence in building on this incredible momentum.

Regards,

Mr. Kailashchandra Hiralal Laddha
Chairman

Managing Director's Insights

"Incorporated with the endeavour to achieve excellence through innovation, Manomay Tex India Limited, today, is one of India's leading integrated textile manufacturers offering the largest range of textile products across, Denim (Cotton) fabrics."

Customer-Centricity

We live in a globalized world where gadgets reduce our distances, customers are transforming faster than us. Hence, with latest innovations and quality developments we assure them about current trends.

We at MTIL always believe in stay focus & keep moving towards our goals. Our strength is efficient working. Our passion is focus on targets and achieve them in lesser time and with whole hearted dedication towards work motivates us all the time.

We were always concerned with the needs of our customers. Quality planning entails the developing the products, and attempt to meet the needs of our customer's

A lifelong customer relationship is something we always look forward to.

Overall, our financial discipline has allowed us to maintain a healthy financial position, giving us financial flexibility for future business growth and expansion.

To capitalize on the opportunities when business condition improves, we will continue building on our solid foundations of a diverse geographic and product base as well as our skills to provide value-added solutions to a pool of global customers.

In recent years, we can clearly see an accelerated inclusion of environmental, social and governance (ESG) aspects in businesses and investments globally as well as in India. While sustainability has always been a strategic priority for Manomay Tex India Limited.

Innovation

Manomay's business are bound together by their focus on innovation and technology to drive growth. Innovation is the key. We are constantly striving to add industry defining value-added products to our portfolio that help us better serve our customers. At the same time, innovation is also the basis of our journey to becoming more environmentally friendly, whether by reducing our environmental footprint or introducing innately sustainable products.

Mr. Yogesh Laddha

Customer-Centricity

Customers form the cornerstone of Manomay's existence, and this notion is incorporated into our vision, mission, and values. Through our ongoing efforts and customized products, we have maintained our position as a "partner of choice" for our customers. Our persistent focus on customer needs and quality enables us to continue products to the best of our capabilities.

Transforming the workplace

Our people and their collective skills and abilities give us unparalleled competitive advantage. At Manomay Tex India Limited, our policies and processes are oriented towards inclusivity, equity, meritocracy and satisfaction. Similarly, the health and safety of our people continue to assume the highest priority and we continue to put in world-class safety standards in our operations. 'Prioritising safety and health of all employees' and 'Promote gender parity, diversity and inclusivity' form key aims of this pillar.

We are also mindful of the way our organization is governed. With strict policies and frameworks in place, we ensure that good governance is practiced across the organization and we are continuously striving to raise the bar. 'Adhere to global business standards of corporate governance' is thus the final aim under this pillar.

Global presence

The Company seeks enduring relationships with an extensive network of agents and dealers in India and across the world. The Company is one of India's largest exporters of Denim fabric, enjoying a presence across 15+ nations. The Company has developed a strong reputation among textile Denim fabric manufacturers in key markets such as Latin America.

The future is bright

We are operating in a highly dynamic environment which is flush with opportunities, especially in India. With large-scale infrastructure and energy transition plans, efforts towards self-sufficiency, and a booming consumer economy, the avenues that lie ahead of us are endless. At Manomay Tex India Limited, our hard work and strategic focus over the years have helped position us perfectly to make the best of this environment, and our future plans are focused on achieving accelerated growth. More importantly, we are fully equipped to achieve our potential with tenets of responsibility and sustainability at the core. As we put our best foot forward to do the right things and to do things rightly, we expect your continued support.

Regards,
Mr. Yogesh Laddha
Promoter and Managing Director

BRIEF INTRODUCTION

In today's world, the never-ending fascination with what we wear, how we wear it and a shift in buying behaviour has led to a change in consumer's mind-set from buying need-based clothes to aspiration-based apparel. Buying clothes has become more than a fundamental requirement; it is now an expression of desire, personality, and a status symbol.

Dhanlaxmi Group established in 1978 specializes in a wide range of Tex fabrics. Manomay Tex India Limited primarily manufactures and sells denims & denim fabrics in domestic and international markets, and we have our integrated production operation at Aaraji No. 5,6,7 Gram-Jojro Ka Khera Tehsil –Gangrar Dist.- Chittorgarh -312901(Raj). In the textile sector, we are known and recognised by the brand name MANOMAY. Our world-class facilities are anchored by a robust infrastructure that helps us increase the productivity of our operations, employee's efficiency and consistency of product quality. Our Denim Plant in Gangrar Tehsil, Chittorgarh district, Rajasthan, makes denim ranging from 9 to 14 Sq. yd. Our Company has ventured into 15+ overseas markets, and our customer base is currently distributed across India as well as places such as Latin America, the Middle East, and Asia.

Over the years our Company has carved its footprints in the industry which can be witnessed by the growth in our total revenue from Rs. 5.75 Cores in FY 2010 to Rs. 698.88 Crores in FY2023. Our promoters have adequate experience in the line of business and look after the strategic as well as day to day business operations. Our brand has been well received until now and we shall, continue to endeavour to build brand equity by supplying qualitative products at competitive prices.

In the year 2022-23 Company has migrated from BSE Limited SME to BSE Limited mainboard and direct listing in NSE Limited mainboard. And also raised capital through Preferential issue of ₹35 Crore.

2019

2021

The Company Applied for Registration of 1.1 MW Solar PV Power Project at Plant Aaraji No. 5, 6, 7 Gram-Jojro Ka Khera Tehsil-Gangrar, Dist.:Chittorgarh (Rajasthan) for Captive use under Rajasthan Solar Energy Policy, 2019 and such registration were Approved by Rajasthan Renewable Energy Corporation Limited on 06.07.2022.

2022

During the year Company installed Tsudakoma Brand New Automatic Shuttleless Zax001neo Air Jet Looms-36 Sets, at Plant site situated at Aaraji No.5,6,7 Gram-Jojro Ka Khera Tehsil-Gangrar, Dist.:Chittorgarh (Rajasthan) and company's production capacity increased by 33%. Company has also removed 36 old looms.

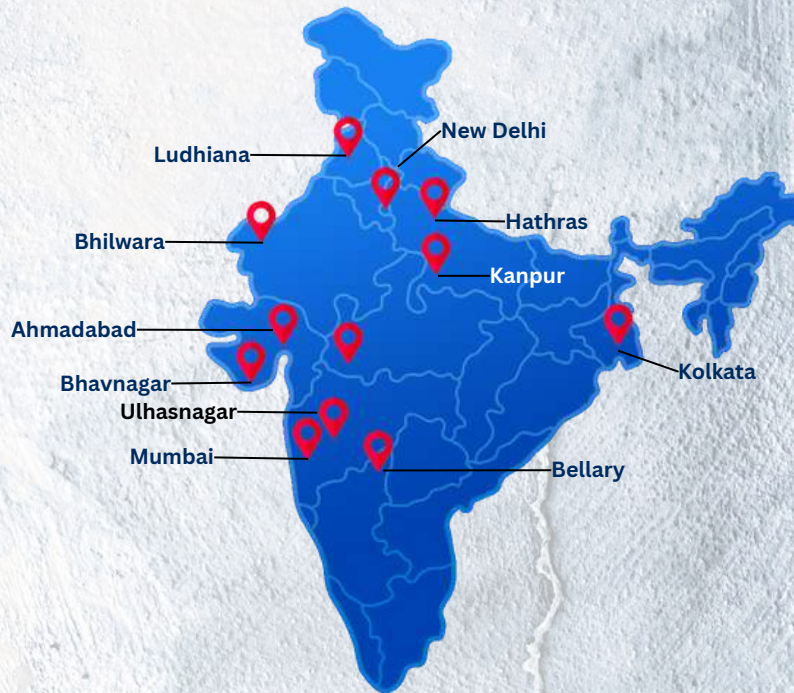

2023

In the year 2022-23 Company has migrated from BSE Limited SME to BSE Limited mainboard and direct listing in NSE Limited mainboard.

And also raised capital through Preferential issue of ₹35 Crore.

And ongoing Process of installation of Spinning Plant.

KEY MARKETS

1) Domestically, we trade throughout India, primarily in major cities like New Delhi, Mumbai, Kolkata, Ahmadabad, Ludhiana, Indore, Kanpur, Bellary, Hathras, Ulhasnagar, Bhilwara and Bhavnagar.

2) We export our denim to 15+ countries worldwide, like Colombia, Mexico, Egypt, Chile, Venezuela, Paraguay, Guatemala, Peru, Ecuador, Lebanon, Bangladesh, Argentina, Bolivia, Morocco, and USA

PRODUCTS

Denim

The most common denim is indigo denim, in which the warp thread is dyed cotton, while the weft thread is left white & sometimes black.

Satin

A type of fabrics weave that produces a characteristically glossy, Smooth or lustrous denim.

3/1 Twill

The most common weave for denim fabric. 3/1 is just three warp threads for every waft thread and create a subtle diagonal ribbing pattern.

2/1 Twill

Very similar to 3/1 Basic Weave, 2/1 is just two warp threads for every weft thread, mainly used for light weight denim.

Dobby

Denim that's produced on loom, characterized by small geometric pattern and extra texture.

Knitt Dobby

A diagonal ribbing pattern denim with heavy weight.

MANUFACTURING CAPACITY & PROCESS DETAILS

Denim Plant located at Aaraji No.5,6,7 Gram-Jojro Ka Khera Tehsil-Gangrar, Dist.-Chittorgarh (Rajasthan), India has production capacity of 48 million meters per annum spread across land area of 20,300 sq. meter and 11,800 sq. meter.

1) Warping:

- a) Warping is the process of combining yarns from different cones to form sheet.
- b) We have 6 Warping machines

2) Sizing/Dyeing

- a) These machines can produce large volumes of denim in similar colours or small lots in differentiated colours.
- b) Installation of four indigo dyeing range with sizing plant and advanced technology from JUPITER with a monthly capacity of 4 million metres.

3) High Air JetLooms

- a) These are the main weaving machines.
- b) Installation of latest high air jet looms with wider width and dobby, TSUDOKAMA- 115 LOOMS.
- c) We carry out job work on approximately 200 LOOMS.

4) Singeing machine

- a) This machine produces an even surface by burning off projecting fibres, yarn ends, and fuzz.
- b) We have one Singeing machines
- c) Coating head- for all possible types of coating.
- d) Printing head- for all types of colour printing.

5) Finishing Range

- a) Finishing processes comprises of washing, bleaching, dyeing and coating on textiles following weaving.
- b) We have four finishing machines

6) Inspection

- a) This helps to identify the faults in production of fabric before packing & delivery.
- b) We have sixteen Inspection machines
- c) We have lab with latest equipment's:
 1. Light box (colour matching cabinet)
 2. Stretch master
 3. Corcking meter (rubbing fastness)
 4. Tear tester (Elmendorf)
 5. Tensile tester
 6. GSM machine (round cutter)
 7. Weight machine
 8. Warp master (for yarn csp)

7) Value added machine

- a) 8 Chamber Hot Air Stenter machine with coating station & 4 colour Rotary Printing head having working width 2200 MM.
- b) Mercereizing range having working width 2200 MM.
- c) DESIZE RANGE having working width 2200 MM.

OUR STRENGTHS

Integrated Production Facility:

Our production facility in Aaraji No.5, 6, 7 Gram- Jojro ka Khera Tehsil-Gangrar, Dist.:- Chittorgarh - 312901 Rajasthan is an integrated facility, allowing us to carry out all operations in-house, from yarn winding and warping through fabric dispatch.

Sustainable Business Model:

We have been able to create a sustainable business model thanks to the constant efforts and experience of our management team.

Advantage of Location:

Our major manufacturing site is in Aaraji No.5, 6, 7 Gram- Jojro ka Khera Tehsil-Gangrar Dist.:-Chittorgarh - 312901 Rajasthan which is 30 kilometres from Bhilwara and is well connected to National Highways and a Railway Station. Bhilwara is also one of the textile industry's hubs, allowing for the processing of raw materials with ease and at a low cost. Because of the established Textile Industry, such a site significantly improves our marketing operations and adds value to our earnings.

High Quality Products:

We strive to have the lowest tolerance for any manufacturing defect, which has helped us retain current customers and will help us develop new ones.

Existing relationship with the clients:

Since we are engaged in B2B business model, our existing client being traders provides us repeated orders. We trust that our existing relationship and goodwill amongst our traders serves as a competitive advantage in gaining new clients and increasing our business with existing clients.

Experienced Management:

many years of professional and business expertise along with qualified technical personnel who have immense knowledge of their work and thrive towards the success of the company.

GROWTH DRIVERS

Increased Consumption of Indian Denim Fabric:

a. Domestic consumption is around 850-900 million meters, which comprises domestic jeans production as well as exports, while the remaining fabrics are shipped to Bangladesh, Colombia, Venezuela, Egypt, Shri Lanka and other nations.

b. According to India's Ministry of Commerce and Industry, denim fabric exports totaled US \$215.58 million from April 2021 to Aug 2022, an increase of 13% from last year.

Low Manufacturing cost:

India is the world's largest producer of cotton. Textile and garment manufacturing costs are much lower than in many other competitive countries, thanks to a plentiful supply of raw materials and low labour costs.

Increasing Consumer Preference for Sustainable Products

Growing customer demand for environmentally friendly products is prompting major corporations to restructure their businesses and invest in environmentally friendly manufacturing techniques.

Government incentives:

were announced that a Mega Integrated Textile Regions and Parks scheme (MITRA) would be launched; it will allow the textile sector to grow and scale to become globally competitive, as well as generate global export champions. Over the course of three years, seven Mega Textile Parks will be constructed under the project.

Production Linked Incentive (PLI) Scheme:

The government is contemplating promoting MMF and Technical Textile. The Focus Product Incentive Scheme (FPIS) is being developed under the Production Linked Incentive (PLI) Scheme. The FPIS's goal would be to create worldwide champions in MMF clothing and Technical Textiles, as well as to capture a significant part of global trade in both categories. The scheme will pay incentives ranging from 3% to 15% on specified incremental turnover for a five-year period following a one-year gestation phase for brownfield investment and a two-year gestation period for Greenfield investment.

Amended Technology Up-gradation Fund Scheme:

Between FY16 and FY22, the government allocated funds INR 178.22 Billion (US\$ 2.38 billion) for the 'Amended Technology Up-gradation Fund Scheme' (A-TUFS), which aims to enhance the Indian textile industry and make doing business easier.

ENVIRONMENT SUSTAINABILITY

Managing the impurities in water

- The chemicals produced by dyeing, washing, and finishing leads to polluting the water bodies.
- However, we have taken an initiative to reduce such contribution by introducing Zero Liquid Discharge technique.
- Using the Effluent Treatment Plant (ETP) shows our concern about the environmental safety.
- Water can be reused and recycled by using Reverse Osmosis (RO) and Odor Control System.
- Apart from that, our production is facilitated by Multi Effective Evaporator (MEE) which removes all the solvents present in water making it pure of all the impurities.

Low Manufacturing cost:

- We have taken the initiative to become carbon neutral company.
- Reusing the condensate recovery, lighting arrangements of the company covered under LED, implementing the solar panel energy system, and planting of more than 5000 approx. trees – All These Have Been Initiated to Protect the Environment.

Minimization of waste

Textile being one of the most contributing sources of waste, is characterized by mineral oils, dyes, suspended solids and other types of loads.

To minimize these wastes, MTIL has garneting function which converts used garments to fiber – which is then recycled to denim.

To treat caustic, a Caustic Recovery Plant has also been installed.

Apart from this, Indigo Recovery Plant is also installed to recycle and the chemical waste.

Sewage is also treated by our own Sewage Treatment Plant which is recycled and used again for gardening purposes.

Our company also adheres to the chemical compliances and hence, we comply with GOTS 5.0 Certification and BCI Certification.

We are under constant up gradation processes to examine what steps we might need to take to keep minimizing the waste.

YOGESH LADDHA
[DIN: 02398508]
MANAGING DIRECTOR

NOTES:

1. The Company is listed with BSE Limited & NSE Limited Main Board platform.
2. The relevant Explanatory Statement pursuant to Sections 102 and 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 setting out the material facts and reasons for the proposed Resolutions of the Annual General Meeting Notice and disclosure as required under the applicable provisions of the Companies Act, 2013 and SEBI Listing Regulations are appended herein below for your consideration.
3. In compliance with the MCA Circulars, the Annual General Meeting along with the instructions regarding E-voting is being sent by electronic mode only to those Members whose names appear in the Register of Members / list of Beneficial Owners, maintained by the Company /RTA Depositories as at close of business hours on Tuesday, September 19, 2023 (i.e. Cut-off date), and whose e-mail IDs are registered with the Depository Participants (DPs) or with the Company or its Registrar and Transfer Agent, Bigshare Services Pvt. Ltd (“RTA”) as on the Cut-off date. For Members who have not registered their e-mail IDs, please follow the instructions given under point 23.
4. As per the MCA Circulars, physical copies of the Annual General Meeting Notice are not being sent to Members for this Annual General Meeting. Members are requested to provide their assent or dissent through Remote E-Voting only. The Company has engaged the services of NSDL to provide Remote E-Voting facility to its members.
5. A copy of the Annual General Meeting Notice is available on the website of the company at www.manomaytexindia.com, website of the stock exchanges i.e. BSE Limited at www.bseindia.com & NSE Limited at www.nseindia.com and also on the website of e-Voting service provider i.e. National Securities Depository Limited’s (‘NSDL’) e-Voting website at www.evoting.nsdl.com.
6. To support the ‘Green Initiative’, Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with the Company/ RTA in case the shares are held by them in physical form.
7. After sending the notice of Annual General Meeting through email, an advertisement shall be published in English language in Financial Express newspaper and in vernacular language in Jansatta newspaper, each with wide circulation in the district, where the Registered Office of the Company is situated, and the same will also be uploaded on the Company’s website: www.manomaytexindia.com.
8. Members holding shares in the dematerialized mode are requested to intimate all changes with respect to their bank details, ECS mandate, nomination, power of attorney, change of address, change in name, etc, to their Depository Participant (DP). These changes will

be automatically reflected in the Company's records, which will help the Company to provide efficient and better service to the Members.

9. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their DPs with whom they are maintaining their demat accounts and members holding shares in physical form to the Company / RTA .
10. Members are requested to quote their Folio No. or DP ID/ Client ID, in case shares are in physical / dematerialized form, as the case may be, in all correspondence with the Company / Registrar and Share Transfer Agent.
11. The business set out in the Annual General Meeting notice will be transacted through electronic voting system and the Company is providing facility for voting by electronic means. Instructions and other information relating to e-voting are given in this Notice.
12. Voting rights shall be reckoned on the paid-up value of equity shares registered in the name of Members as on close of business hours Tuesday, September 19, 2023, i.e. the Cut-off date. Members whose names appear in the Register of Members / List of Beneficial Owners as on the Cut-off Date shall only be considered eligible for the purpose of remote E-Voting and those members would be able to cast their votes and convey their assent or dissent to the proposed resolutions only through the remote E-Voting process. Any person who is not a Member as on the Cut-off date or becomes a member post the Cut-off date should treat this Annual General Meeting for information purpose only.
13. The Remote E-Voting facility will commence on Saturday, September 23, 2023 at 09:00 A.M. (IST) and will end on Monday , September 25, 2023 at 05:00 P.M. (IST) Remote E-Voting facility will be blocked by NSDL immediately thereafter and the members will not be allowed to cast their votes beyond the said date and time.
14. Members are requested to cast their vote through the remote E-voting process not later than 05:00 P.M. (IST) on Monday, September 25, 2023, in order to be eligible for being considered, failing which it will be strictly treated as if no vote has been cast by the Member.
15. Once the votes on the resolutions are cast by the Members, the Members will not be allowed to change them subsequently.
16. Mr. R.K. Jain, Practicing Company Secretary, proprietor of M/s R. K. Jain & Associates has been appointed as Scrutinizer for conducting the remote E-voting process in a fair and transparent manner. He has communicated his willingness for such appointment.
17. The Scrutinizer's decision on the validity of the e-voting shall be final and binding on all.

18. The Scrutinizer will submit his report to the Chairman or any person authorised by the Chairman after the completion of scrutiny and the result of the E- voting of Annual General Meeting through the Remote E-voting process will be announced by the Chairman/Managing Director or such person as authorised, on or before 05:00 P.M. (IST) on Thursday , September 28, 2023 at Registered Office. The Chairman or such authorised person shall countersign the same. <p>Individual Shareholders holding securities in demat mode with NSDL</p>	<p>Members facing any technical issue in login can contact NSDL helpdesk by sending a request at evoting@nsdl.co.in or call at toll free no.: 1800 1020 990 and 1800 22 44 30</p>
<p>Individual Shareholders holding securities in demat mode with CDSL</p>	<p>Members facing any technical issue in login can contact CDSL helpdesk by sending a request at helpdesk.evoting@cdslindia.com or contact at toll free no. 1800 22 55 33</p>

B) Login Method for e-Voting for shareholders other than Individual shareholders holding securities in demat mode and shareholders holding securities in physical mode.

How to Log-in to NSDL e-Voting website?

1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile.
2. Once the home page of e-Voting system is launched, click on the icon “Login” which is available under ‘Shareholder/Member’ section.
3. A new screen will open. You will have to enter your User ID, your Password/OTP and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

4. Your User ID details are given below :

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID For example if your Beneficiary ID is 12***** then your user ID is 12*****
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the company For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***

5. Password details for shareholders other than Individual shareholders are given below:
 - a) If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
 - b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
 - c) How to retrieve your 'initial password'?
 - (i) If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - (ii) If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email ids are not registered.**
6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
 - a) Click on "**Forgot User Details/Password?**"(If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsd.com.
 - b) **Physical User Reset Password?**" (If you are holding shares in physical mode) option available on www.evoting.nsd.com.
 - c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
 - d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
7. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.
8. Now, you will have to click on "Login" button.
9. After you click on the "Login" button, Home page of e-Voting will open.

Step 2: Cast your vote electronically on NSDL e-Voting system.

How to cast your vote electronically on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle is in active status.
2. Select "EVEN" of company for which you wish to cast your vote during the remote e-Voting period.
3. Now you are ready for e-Voting as the Voting page opens.
4. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.
5. Upon confirmation, the message "Vote cast successfully" will be displayed.
6. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
7. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

General Guidelines for shareholders

1. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to rkjainbhilwara@gmail.com with a copy marked to evoting@nsdl.co.in. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) can also upload their Board Resolution / Power of Attorney / Authority Letter etc. by clicking on "**Upload Board Resolution / Authority Letter**" displayed under "**e-Voting**" tab in their login.
2. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the "[Forgot User Details/Password?](#)" or "[Physical User Reset Password?](#)" option available on www.evoting.nsdl.com to reset the password.
3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800 1020 990 and 1800 22

44 30 or send a request to Mrs. Pallavi Mhatre, Assistant Vice President at evoting@nsdl.co.in

Process for those shareholders whose email ids are not registered with the depositories for procuring user id and password and registration of e mail ids for e-voting for the resolutions set out in this notice:

1. In case shares are held in physical mode please provide Folio No., Name of shareholder, scanned copy of the share certificate (front and back), PAN (self attested scanned copy of PAN card), AADHAR (self attested scanned copy of Aadhar Card) by email to www.manomaytexindia.com.
2. In case shares are held in demat mode, please provide DPID-CLID (16 digit DPID + CLID or 16 digit beneficiary ID), Name, client master or copy of Consolidated Account statement, PAN (self attested scanned copy of PAN card), AADHAR (self attested scanned copy of Aadhar Card) to (www.manomaytexindia.com). If you are an Individual shareholders holding securities in demat mode, you are requested to refer to the login method explained at **step 1 (A) i.e. Login method for e-Voting for Individual shareholders holding securities in demat mode.**
3. Alternatively shareholder/members may send a request to evoting@nsdl.co.in for procuring user id and password for e-voting by providing above mentioned documents.
4. In terms of SEBI circular dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are required to update their mobile number and email ID correctly in their demat account in order to access e-Voting facility.

Explanatory Statement Pursuant to Section 102(1) of the Companies Act, 2013

Item No. 3- Appointment of M/s. Alok Palod & Co., Chartered Accountants as Statutory Auditors and fixing their remuneration:

M/s. B. MAHESHWARI & Co., Chartered Accountants, (FRN: 105839W), Statutory Auditors of the Company were appointed as Statutory Auditors of the Company for a period of five years at the Annual General Meeting of the Company held on 07th September, 2018 for the term of Five Years till the conclusion of 14th Annual General Meeting of the Company pursuant to provisions of Section 139(1) of the Companies Act, 2013. As the term of appointment of statutory auditor is expiring at this Annual General Meeting. As the company being listed entity it is required to rotate the auditor as per Section 139(2) of the Companies Act, 2013 read with rules framed thereunder. Hence, the Company has proposed the appointment of M/s. Alok Palod & Co (FRN- 018061C) with yearly fee of Rs.6,00,000/- (Rupees Six Lakhs Only) includes the actual out of pocket expenses and other applicable taxes.

The Company approached M/s. Alok Palod & Co (FRN- 018061C), Chartered Accountants, for their appointment as a Statutory Auditor of the Company. Based on the recommendations of the Audit Committee for appointment, remuneration and terms of appointment of the Statutory Auditors of the Company, the Board at its meeting held on 30th May, 2023 proposed the appointment of M/s Alok Palod & Co (FRN- 018061C), Chartered Accountants, as Statutory Auditors of the Company. Alok Palod & Co (FRN- 018061C), is Member of the Institute of Chartered Accountants of India (ICAI) and the firm was established in 2013 with registration No. 018061C with 10 years of experience.

The terms of appointment include quarterly audit of Standalone Financial Results and Annual Audit of Standalone Financial statements in accordance with the provisions of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time along with the issuance of certificates in accordance with requirements of the Act, SEBI and RBI.

M/s. Alok Palod & Co (FRN- 018061C), Chartered Accountants, will be paid an annual remuneration / fees of Rs.6,00,000 (Rupees Six Lakhs Only) including the actual out of pocket expenses, for the purpose of audit of the Company's accounts. The power may be granted to the Board/ Audit Committee to alter and vary the terms and conditions of appointment, revision including upward revision of the remuneration during the tenure of appointment, in such manner and to such extent as may be mutually agreed with the Statutory Auditors. The remuneration paid to the Statutory Auditors will be disclosed in the Corporate Governance Report as well as the Annual Financial Statements of the Company on an annual basis.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the Notice.

Your Board of Directors, therefore, recommends passing of the ordinary resolution as set out in Item No. 3 of the accompanying Notice.

Proposed statutory audit fee payable to auditors	Up to Rs. 6,00,000/- of statutory audit fees for the period ending 31 March, 2024 in aggregate as may be decided by the Board of Directors including any committee thereof.
Terms of appointment	M/s. Alok Palod & Co., Chartered Accountants are recommended for appointment for a term of 5 years from the closure of 14 th Annual General Meeting till the closure of 19 th Annual General Meeting.
Material change in fee payable	No material change in fee for the proposed auditors. Outgoing auditors were paid a statutory audit fees of Rs.6,00,000/- for FY 24.
Basis of recommendation and auditor credentials	<p>The current statutory auditors, B. Maheshwari & Co., Chartered Accountants, complete their Ten-year tenure at the closure of the ensuing 13th AGM of the Company. The Board recommends the appointment of M/s. Alok Palod & Co., Chartered Accountants as statutory auditors for the approval of members at the ensuing 14th AGM of the Company.</p> <p>M/s. Alok Palod & Co., (Registration No.: 018061C), ("the Audit Firm"), was founded by Mr. Alok Palod in the year 2013 The firm has currently 5 audit partners in India. The audit firm has 10 years' experience with a multi-disciplinary skilled team of professionals. The Audit firm has valid Peer review certificate and is primarily engaged in providing audit and assurance services to its clients.</p>

Item No. 4

The board of Directors at their meeting held on 08th May 2023 upon the recommendation of the audit committee, approve the appointment of M/s Avnesh Jain & Co, Cost Accountants (FRN: 101048), to conduct the audit of the cost records of the company for the financial year ending 31st March 2024 at a remuneration of Rs. 15,000/- (Rupees Fifteen Thousand) plus GST & re-imbusement of out-of- pocket expenses.

In term of the provisions of Section 148 of the Companies Act 2013, read with the Rule 14 of the Companies (Audit & Auditors) Rules, 2014 (as amended or re-enacted from time to time) the remuneration as mentioned above, payable to the cost Auditors, has to be approved and confirmed by the members.

Accordingly, consent of the members is sought for passing an ordinary resolution as set out at item No. 4 of the Notice for approval of the remuneration payable to the cost auditors for the financial year ending 31st March 2024.

The Board recommends the Resolution at Item No.4 of the accompanying Notice for ratification of the Cost Auditors' remuneration by the Members of the Company by way of passing of Ordinary Resolutions.

None of the Directors or KMP of the Company or their immediate relatives are concerned or interested, financially or otherwise, except to their shareholding, in the aforesaid resolution.

Item No. 5**RATIFICATION OF RE-APPOINTMENT OF WHOLE TIME DIRECTOR**

It is informed that the board of director has Re-appointed Mr. **Maheshchandra Kailashchandra Laddha** as a Whole Time Director of the Company in their meeting held on August 31, 2023 for the period of 3 years w.e.f. i.e. from August 09,2024 to August 08, 2027. The Directors are of the view that the Re-appointment of Mr. Maheshchandra Kailashchandra Laddha, as Whole Time Director will be beneficial to the operations of the company and the remuneration payable to him is commensurate with his abilities and experience and accordingly commend the resolutions at Item 5 of the accompanying notice for approval by members of the company.

In compliance with provisions of Section 196, 197, 198 & 203 and other applicable provisions of the Act, read with Schedule V of the Companies Act, 2013 and applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (herein after referred as "Listing Regulations") and pursuant to the provisions of Articles of Association, the terms of remuneration specified below are being placed before the Members for their approval.

Remuneration (Salary & perquisite):-

- i. (Salary : Rs.1,00,000/- Per Month in the scale of (Rs.1,00,000-1,25,000-1,50,000)
- ii. Perquisites: In addition of the aforesaid salary, Mr. **Maheshchandra Kailashchandra Laddha [DIN: 02333125]** shall also be entitled to such perquisites as described below:

PART-A

Perquisites as per the Section IV of the Schedule V of the Companies Act, 2013 as provided below:

- a) Contribution to provident fund, superannuation fund or annuity fund to the extent these either singly or put together are not taxable under the Income-tax Act, 1961 (43 of 1961);
- (b) Gratuity payable at a rate not exceeding half a month's salary for each completed year of service; and
- (c) Encashment of leave at the end of the tenure.

(Above these benefits shall not be included in the computation of ceiling on remuneration above.)

PART-B

Other perquisites as provided below:

- (i) Reimbursement of medical expenses incurred in India or abroad including hospitalization, nursing home and surgical charges for himself and family subject to ceiling of one month salary in a year.
- (ii) Reimbursement of membership fees for a maximum of two clubs.
- (iii) Personal accidents and Mediclaim Insurance Policy.
- (iv) Car with driver: The Whole Time Director will be provided with a car and driver for use on Company's business. Use of car for private purpose will be billed by the Company.
- (v) The Company shall reimburse actual entertainment and travelling expenses incurred by the Whole Time Director in connection with the Company's business.

Salary may revise periodically by the Board of Directors on the recommendation Nomination and Remuneration Committee.

Therefore the Board proposes to seek approval of the Shareholders of the Company, approving the Re-appointment & remuneration payable to **Mr. Maheshchandra Kailashchandra Laddha by way of Ordinary Resolution.**

Details of directors who are interested or concerned in the proposed resolution are as follows:-

Name of director	Relation
Mr. Kailashchandra Hiralal Laddha [DIN: 01880516]	Relative
Mr. Yogesh Laddha [DIN: 02398508]	Relative
Mr. Kamlesh Kailashchand Laddha [DIN: 03520135]	Relative
Mrs. Pallavi Laddha [DIN: 06856220]	Relative

Item No. 6: Regularization of Mr. Anil Kumar Kabra (DIN: 08150149) as an Independent Director of the Company

Based on the recommendation of the Nomination & Remuneration Committee (NRC), the Board of Directors at its meeting held on August 31, 2023, appointed Mr. **Anil Kumar Kabra** (DIN: **08150149**) as an Additional Independent Director of the Company with effect from July 07, 2023 and he holds office up to the date of Next Annual General Meeting ('AGM') or within the next three months in an Extra-Ordinary General Meeting of the Company pursuant to the provisions of Section 161(1) of the Companies Act, 2013 ('the Act'), Regulation 17 of the SEBI LODR Regulations and the Articles of Association of the Company.

The Company has received a notice in writing under the provisions of Section 160 of the Act, from a Member proposing the candidature of Mr. **Anil Kumar Kabra** (DIN: **08150149**) for the office of Director of the Company. Mr. **Anil Kumar Kabra** (DIN: **08150149**) has conveyed his consent to act as a Director of the Company. The Company has also received other necessary disclosures and declarations from Mr. **Anil Kumar Kabra** (DIN: **08150149**) including the declaration that he is not debarred from holding the office of Director pursuant to any order passed by SEBI or any other authority.

In the opinion of the Board, the appointment of Mr. **Anil Kumar Kabra** (DIN: **08150149**) as an Independent Director of the Company would be in the interest of the Company taking into consideration his knowledge, background and vast experience in finance and etc. he is Chartered Accountant (CA).

He also fulfills the identified core skills / expertise / competencies and the criteria for appointment him as a Director of the Company and as required in the context of the Company's business and the sector it operates. In the opinion of the Board, Mr. **Anil Kumar Kabra** (DIN: **08150149**) fulfils the specified conditions for appointment as an Independent Director and is independent of the management.

Accordingly, it is proposed to appoint Mr. **Anil Kumar Kabra** (DIN: **08150149**) as an Independent Director of the Company, not liable to retire by rotation, for a period of 5 (Five) consecutive years on the Board of the Company w.e.f. July 07, 2023.

As per Section 149 and 152 of the Act and the rules thereunder, a Director can be appointed with the approval of the Members and as per the Listing Regulations an Independent Director can be appointed with the approval of the Members by way of special resolution. Accordingly,

approval of the Members is sought for the appointment of Mr. **Anil Kumar Kabra** (DIN: **08150149**) as a Director and an Independent Director of the Company.

As required under Regulation 36 of the Listing Regulations and Clause 1.2.5 of Secretarial Standard-2, other requisite information is annexed as Annexure - A hereto, and forms a part of this Notice.

Your Directors recommend the Resolution at Item No. 6 for approval by the Members by way of a Special Resolution.

Except Mr. **Anil Kumar Kabra** (DIN: **08150149**) and his relatives to the extent of their shareholding interest, if any, in the Company, none of the other Directors, Key Managerial Personnel of the Company and their relatives are in anyway concerned or interested, financially or otherwise, in the Resolution set out at Item No. 6 of the Notice.

Annexure III to the Boards Report

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

For The Financial Year Ended On 31st March, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of

The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

Manomay Tex India Limited,

32, Heera Panna Market

Pur Road Bhilwara-311001

(Rajasthan)India

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **MANOMAY TEX INDIA LIMITED** (hereinafter called 'the Company')(CIN-L18101RJ2009PLC028647).The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on my verification of the company's books, papers, minute books, forms, returns filed and other records maintained by the company and also information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has during the audit period covering the financial year ended on 31st March, 2023 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by **Manomay Tex India Limited** for the financial year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act ,1956 (SCRA) and the rules made there under;
- (iii) The Depositors Act,1996 and the regulations and Bye laws framed there under;
- (iv) Foreign exchange Management Act,1999 and the rules and regulations made there under to the extent of Foreign Direct Investment , Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulation and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisitions of Shares and Takeovers) Regulations,2011;
 - (b) The securities and Exchange Board of India (Prohibition of insider Trading) regulations ,1992;

- (c) The Securities and Exchange Board of India (Issue of capital and Disclosure Requirements) Regulations ,2009 ;
 - (d) The securities and Exchange Board of India (Issue and listing of Debt Securities) Regulations , 2008 ; **(Not applicable to the Company during the Audit Period)**
 - (e) The securities and exchange Board of India (Employee Stock option scheme and Employee Stock Purchase Scheme) Guidelines , 1999 ; **(Not applicable to the Company during the Audit Period)**
 - (f) The Securities and exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations , 1993 regarding the Companies Act and dealing with client ;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Share) Regulations 2009 ; **(Not applicable to the Company during the Audit Period)**
 - (h) The securities and Exchange Board of India (Buy back of securities) Regulations, 1998 ;
(Not applicable to the Company during the Audit Period)
- (vi) I had relied on the representation made by the Company and its officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company. The List of major head/groups of the Acts, Laws and Regulations as applicable to the Company are:-

OTHER APPLICABLE ACTS,

- The Minimum Wages Act, 1948, and rules made there under,
- The Employees' State Insurance Act, 1948, and rules made there under,

“ANNEXURE IV” Management Discussion & Analysis Report

Global Economic Overview

The baseline forecast is for growth to fall from 3.4 percent in 2022 to 2.8 percent in 2023, before settling at 3.0 percent in 2024. Advanced economies are expected to see an especially pronounced growth slowdown, from 2.7 percent in 2022 to 1.3 percent in 2023. In a plausible alternative scenario with further financial sector stress, global growth declines to about 2.5 percent in 2023 with advanced economy growth falling below 1 percent. Global headline inflation in the baseline is set to fall from 8.7 percent in 2022 to 7.0 percent in 2023 on the back of lower commodity prices but underlying (core) inflation is likely to decline more slowly. Inflation’s return to target is unlikely before 2025 in most cases.

*For India, data and forecasts are presented on a fiscal year basis with FY 2022/23 starting in April 2022. For the April 2023 WEO, India’s growth projections are 6.6% in 2023 and 5.8% in 2023 based on calendar year

Source: IMF, World Economic Outlook, April 2023

Global Outlook:

After a strong recovery in 2021 came the severe shock of Russia’s war in Ukraine and its wide-ranging consequences—global growth in 2022 dropped by almost half, from 6.1 to 3.4 percent.

The slowdown has continued this year. Despite surprisingly resilient labor markets and consumer spending in most advanced economies, and the uplift from China’s reopening, we expect the world economy to grow less than 3 percent in 2023.

As you will see in our World Economic Outlook next week, growth remains weak by historical comparison—both in the near and medium term. There are also stark differences between country groups.

Some momentum comes from emerging economies—Asia especially is a bright spot. India and China are expected to account for half of global growth in 2023.

Economic activity is slowing in the United States and the Euro Area, where higher interest rates weigh on demand. About 90 percent of advanced economies are projected to see a decline in their growth rate this year.

For low-income countries, higher borrowing costs come at a time of weakening demand for their exports. And we see their per-capita income growth staying below that of emerging economies. That is a severe blow, making it even harder for low-income nations to catch up.

Poverty and hunger could further increase, a dangerous trend that was started by the Covid crisis.

Strong and coordinated monetary and fiscal policy actions over the past years prevented a much worse outcome. But with rising geopolitical tensions and still-high inflation, a robust recovery remains elusive. This harms the prospects of everyone, especially for the most vulnerable people and countries.

Source: IMF

Forces Shaping the near term global Outlook

Slow Global Recovery Amid Divergences:

The global recovery from the COVID-19 pandemic and Russia's invasion of Ukraine is faltering, with widening divergences among economic sectors and regions posing significant challenges.

Inflation and Borrowing Costs Persist:

Inflation remains high and continues to erode household purchasing power, while central banks' policy tightening in response to inflation raises the cost of borrowing, constraining economic activity.

Financial System and Credit Supply Impact:

While immediate concerns about the banking sector have diminished, high interest rates continue to filter through the financial system, leading banks in advanced economies to tighten lending standards, limiting the supply of credit.

Implications on Public Finances:

The impact of higher interest rates extends to public finances, particularly in poorer countries grappling with elevated debt costs, constraining their ability to invest in priority areas and leading to significant output losses compared to pre-pandemic forecasts.

The fight against inflation continues:

Inflation is easing in most countries but remains high, with divergences across economies and inflation measures. Following the build-up of gas inventories in Europe and weaker-than-expected demand in China, energy and food prices have dropped substantially from their 2022 peaks, although food prices remain elevated. Together with the normalization of supply chains, these developments have contributed to a rapid decline in headline inflation in most countries.

"G20 Achieves Historic Milestone: \$100 Billion Pledged in Special Drawing Rights (SDRs) for Poorer Nations"

The G20 last month also announced the achievement of the \$100 billion in pledges of special drawing rights (SDRs) to be channelled from richer to poorer countries. Set by the G20 in the wake of the IMF's record \$650 billion allocation of SDRs in 2021, meeting this target is a strong signal of broad international solidarity. We should also take inspiration from members who lifted the ambition of their pledges for SDR channelling; France and Japan to 40 percent of their allocations, and China to 34 percent.

Indian Economic Overview

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Real GDP or Gross Domestic Product (GDP) at Constant (2011-12) Prices in the year 2022-23 is estimated to attain a level of ₹ 159.71 lakh crore. The growth in GDP during 2022-23 is estimated at 7% as compared to that of 9.1% in 2021-22.

Nominal GDP or GDP at Current Prices in the year 2022-23 is estimated to attain a level of ₹ 272.04 lakh crore, as against ₹ 234.71 lakh crore in 2021-22, showing a growth rate of 15.9%.

India’s economy grew by 6.10% year-on-year in Q3 of FY 23. GDP at Constant (2011-12) Prices in Q4 2022-23 is estimated at ₹43.62 lakh crore, as against ₹41.12 lakh crore in Q4 2021-22, showing a growth of 6.1 percent. GDP at Current Prices in Q4 2022-23 is estimated at ₹71.82 lakh crore, as against ₹65.05 lakh crore in Q4 2021-22, showing a growth of 10.4 percent. This surge, primarily driven by improved performance in agriculture, manufacturing, mining, and construction sectors, contributed to an annual growth rate of 7.2%. The robust growth propelled the Indian economy to reach \$3.3 trillion and sets the stage for achieving the ambitious \$5 trillion target in the coming years.

The Indian economy, however, appears to have moved on after its encounter with the pandemic, staging a full recovery in FY22 ahead of many nations and positioning itself to ascend to the pre-pandemic growth path in FY23. Yet in the current year, India has also faced the challenge of reining in inflation that the European strife accentuated. Measures taken by the government and RBI, along with the easing of global commodity prices, have finally managed to bring retail inflation below the RBI upper tolerance target in November 2022.

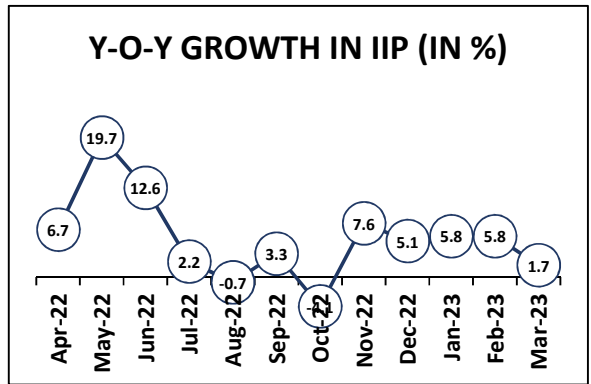

The uptick in private consumption has also given a boost to production activity resulting in an increase in capacity utilization across sectors. The rebound in consumption was engineered by the Near-universal vaccination coverage overseen by the government that brought people back to the streets to spend on contact-based services, such as restaurants, hotels, shopping malls, and cinemas, among others. The world’s second-largest vaccination drive involving more than 2 billion doses also served to lift consumer sentiments that may prolong the rebound in consumption.

India’s economic growth in FY23 has been principally led by private consumption and capital formation. It has helped generate employment as seen in the declining urban unemployment rate. Global growth has been projected to decline in 2023 and is expected to remain generally subdued in the following years as well. The slowing demand will likely push down global commodity prices and improve India’s CAD in FY24.

Industrial Growth

Industrial production in India (IIP) grew 1.7 percent year-on-year in March of 2023, declining from an upwardly revised 5.8 percent rise in the previous month.

Negative growth in the electricity segment has restricted the growth in overall industrial output. The above negative growth has been offset by growth in IIP in mining and manufacturing sector by 6.8% and 1.2% respectively.

Source: MOSPI

Consumer Price Inflation

The Consumer Price Index measures the retail inflation the economy by collecting data on change in prices of most common goods and services used by consumers. Annual inflation rate in India declined to 6% YoY in March 2023, compared with a rate of 6% in previous month. The inflation rate has remained above the Reserve Bank of India (RBI)

tolerance band of 2-6 percent. Higher inflation has been a concern for central banks across the world, including India, as the uncertain nature of the Russia-Ukraine war compounded supply-side disruptions in the post-pandemic world that was barely going through a nascent recovery from economic shocks.

Source: MOSPI

Key Drivers

Robust Demand

Cotton production in India is projected to reach 7.2 million tonnes (~43 million bales of 170 kg each) by 2030, driven by increasing demand from consumers.

India's textile and apparel exports (including handicrafts) stood at US\$ 44.4 billion in FY22, a 41% increase YoY. Exports of readymade garments including cotton accessories stood at US\$ 6.19 billion in FY22.

Competitive Advantage

India enjoys a comparative advantage in terms of skilled manpower and in cost of production, relative to major textile producers.

In June 2022, Minister of Textiles, Commerce and Industry, Consumer Affairs & Food and Public Distribution, Mr. Piyush Goyal, stated that the Indian government wants to establish 75 textile hubs in the country.

Policy Support

100% FDI (automatic route) is allowed in textiles.

Production-linked Incentive (PLI) Scheme worth Rs. 10,683 crore (US\$ 1.44 billion) for manmade fibre and technical textiles over a five-year period.

Increasing Investment

Huge funds in schemes such as Rs. 900 crore (US\$ 109.99 million) for Amended Technology Up gradation Fund Scheme (ATUFS) have been released by the Government in the union budget of 2023-24 to encourage more private equity investments and provide employment.

<https://www.ibef.org/industry/textiles>

Economic Challenges and Policy Priorities

Growth

Implement reforms and privatization, support education and employment, liberalize investment

Inflation

Manage inflation pressures while supporting the recovery

Fiscal

Support the recovery while communicating plans for future fiscal consolidation

Financial

Allow bankruptcies of non-viable firms, build capital buffers, recognize problem loans

Road Ahead

In the second quarter of FY 2022-23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY 2022–23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signaling a clear change in favour of higher-quality spending.

Despite the continued global slowdown, India's exports climbed at the second highest rate this quarter. With a reduction in port congestion, supply networks are being restored. The CPI-C and WPI inflation reduction from April 2022 already reflects the impact. In August 2022, CPI-C inflation was 7.0%, down from 7.8% in April 2022. Similarly, WPI inflation has decreased from 15.4% in April 2022 to 12.4% in August 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

Textile & Apparel Industry

One of the largest consumers and producers of cotton in the world.

Second largest manufacturer of PPE and producer of polyester, silk and fibre in the world

Second largest employment provider in India after agriculture

Growth Drivers

- 1. Presence of world class infrastructure**
India's production is centered on cotton products, which reduces its chances to take China's current position as the world leader in textile manufacturing.
- 2. Increased focus on technical textiles**
Due to growth of end-user industries such as automotive, healthcare, infrastructure and oil and petroleum.
- 3. Abundance of raw material and availability of skilled manpower.**
- 4. Presence of entire value chains and large and growing domestic market.**
- 5. Competitive manufacturing costs and organised retail landscape & E-Commerce.**
- 6. Rising per capita income, higher disposable incomes and preferences for brands.**

“India's rich tradition of textiles is poised for a quantum leap that will make it a global investment, manufacturing and export hub.”

Shri Piyush Goyal
Minister of Commerce & Industry and
Textiles and Consumer Affairs, Food and Public Distribution
Government of India

Global Textile Market

The global denim jeans market size was worth USD 77.67 billion in 2022 and is expected to grow at a compound annual growth rate (CAGR) of 5.8% from 2023 to 2030. The denim jeans market is expected to expand due to the continuous evolution of consumer trends and preferences for appealing fashion and beauty coupled with continual companies' product innovations with designs, trends, styles, and colors thereby driving the demand for denim jeans. The rise in the sense of fashion among the millennial and baby boomers category has allowed the manufacturers to continually emphasize introducing new and upgraded versions of the same denim jeans.

Study period	2018-2028
Market Size 2023	USD 101.94 Billion
Market Size 2028	USD 125.1 Billion
CAGR (2023-2028)	4.18%
Fastest Growing Market	North America
Largest Market	Asia Pacific

<https://www.mordorintelligence.com/industry-reports/jeans-market>

Indian Textile Market

The Indian textile and apparel industry is expected to grow at 10% CAGR from 2019-20 to reach US\$ 190 billion by 2025-26. India has a 4% share of the global trade in textiles and apparel.

India is the world's largest producer of cotton. Estimated production stood at 362.18 lakh bales during cotton season 2021-22. Domestic consumption for the 2021-22 cotton season is estimated to be at 338 lakh bales. Cotton production in India is projected to reach 7.2 million tonnes (~43 million bales of 170 kg each) by 2030, driven by increasing demand from consumers. In FY23, exports of readymade garments (RMG) cotton including accessories stood at US\$ 7.68 billion till January 2023. It is expected to surpass US\$ 30 billion by 2027, with an estimated 4.6-4.9% share globally.

India stands as the 3rd largest exporter of Textiles & Apparel in the world.

India is one of the largest producers of cotton and jute in the world. India is also the 2nd largest producer of silk in the world and 95% of the world's hand-woven fabric comes from India. The Indian technical textiles segment is estimated at \$16 Bn, approximately 6% of the global

market. The textiles and apparel industry in India is the 2nd largest employer in the country providing direct employment to 45 Mn people and 100 Mn people in allied industries.

India has also become the second-largest manufacturer of PPE in the world. More than 600 companies in India are certified to produce PPEs today, whose global market worth is expected to be over \$92.5 Bn by 2025, up from \$52.7 Bn in 2019.

PLI Schemes

Government has launched the Production Linked Incentive (PLI) Scheme with an approved outlay of INR 10,683 crore to promote production of MMF Apparel, MMF Fabrics and Products of Technical Textiles in the country to enable Textiles Industry to achieve size and scale and to become competitive.

Achievement:

- Centre approves 64 applications under the Production Linked Incentive scheme for Textiles.
- In the approved 64 applications, the proposed total investment is INR19,798 crore and projected turnover of INR 1,93,926 crore with a proposed employment of 2,45,362.
- A total of 12 companies have proposed to set-up projects under the said Scheme in Madhya Pradesh, 7 companies in Uttar Pradesh and 4 companies in Rajasthan.

Global Denim Market: Growth and Drivers

The global denim jeans market size was worth USD 70.71 billion in 2021, to expand at a compound annual growth rate (CAGR) of 6.2% from 2022 to 2030. The denim jeans market is expected to expand due to the continuous evolution of consumer trends and preferences for appealing fashion and beauty coupled with continual companies' product innovations with designs, trends, styles, and colours thereby driving the demand for denim jeans. The rise in the sense of fashion among the millennial and baby boomers category has allowed the manufacturers to continually emphasize introducing new and upgraded versions of the same denim jeans.

The global denim jeans market is highly competitive and fragmented with a large number of players in the market. Major players are investing in research & development to develop innovative technologies to make instruments that are easy to use and of better quality in terms of sound quality. Furthermore, companies are also implementing strategies such as mergers & acquisitions, joint ventures, training workshops for schools or organizations, and expansions to increase sales.

Europe's Growing Fashion Market: Unveiling New Opportunities

The market in Europe is expected to witness newer opportunities over the forecast period as the region is one of the world's largest fashion hubs and hosts popular fashion events and celebrity events that feature popular influencers and celebrities. For example, the denim collection was part of the most talked-about Spring/Summer 2022 collections in Milan,

London, and Paris fashion weeks. The loose-fitting jeans and double-denim ensembles maintained their place and dominated trends in London, Milan, and Paris. The fashion shows and occasions are held frequently to represent modern fashion trends in the beauty and apparel industry and thus showcase exquisite dressing styles evolving from vintage style jeans to straight jeans.

<https://www.grandviewresearch.com/industry-analysis/denim-jeans-market>

Indian Denim Market

The Indian denim market has been experiencing steady growth, with a consistent compound annual growth rate (CAGR) of 15% to 18% per year.

The term 'apparel' or 'garment' would include ready-made garments as well as knitwear/hosiery. The garment industry is classified as those establishments which cut and/or stitch/ make up garments out of woven or knitted fabrics without being involved in the manufacture of fabrics. All these garments can be broadly classified into 3 categories. Formals, Casuals and Designers. Formal range of garments refers of those dresses, which are worn at offices and other sober places of visit. Casual garments refer to that breed of dresses whose styles are generally nonconformist with normal features of oversized pockets, pockets with flaps, larger front buttons, loose fit etc.

Production Capacity: Quality 105 lakh pieces (per annum)

Value: ₹285 Lakh

Market Share Domestic: 17% of World's population

SWOT Analysis in Denim Market

Strength

- Rising Disposable Income
- Rapid Growth in retail sector
- Westernization trend and fashion preferences
- Booming internet retailing sector
- Young population demographics and higher spending power
- Increasing usage of denim products in smaller cities and rural areas

Weakness:

- Less availability of raw material
- Increased in price of raw material

Opportunity:

- Growing demand for premium and super-premium denim products
- Export potential and global market share
- Potential for increasing India's share in the global market
- Technological advancements and innovation in denim manufacturing
- Government initiatives and support for the textile industry
- Collaborations and partnerships with international brands
- Focus on sustainable and eco-friendly denim production

Threats:

- Competition from domestic and international players
- Pricing challenges and cost pressures

<https://textilevaluechain.in/news-insights/denim-market-in-india-challenges-and-opportunities/>

Company Overview

Our Company was founded on April 13, 2009, as a private limited company called Manomay Tex India Private Limited, and it was later transformed to a public limited company on January 6, 2017. We primarily manufacture and sell denim fabrics in domestic and international markets, and have an integrated production operation in Rajasthan. Our Company has ventured into 14+ overseas markets, and our customer base is currently distributed across India as well as places such as South 79 America, the Middle East, and Asia. In the textile sector, we are known and recognized by the BRAND NAME MANOMAY.

Our Company started its commercial production by setting up a fabric weaving unit in Ichalkaranji by installing eight air-jet looms. Thereafter in 2011, the Company set up its integrated manufacturing unit for production of denim fabric in Jojron Ka Khera near Bhilwara. The unit is spread over 2.03 hectares and is equipped with dyeing, weaving and finishing facilities of yarn/ fabric. The denim manufactured by us ranges from 9 to 14 Oz/ Sq. yd. with different blends of cotton, polyester, etc. with foam and wet finishes. The unit is equipped with adequate facilities and machineries. At Ichalkaranji unit, we are focused on manufacturing of suiting fabrics of different qualities as per the market demand. We procure the raw materials i.e. yarn from the local suppliers and weave to form fabric cloth. The process of sizing, dyeing and finishing is outsourced to the third parties.

Our promoters have experience in the line of business and look after strategic as well as day to day business operations. Over the years our Company has carved its foot prints in the

industry which can be witnessed by the 100x growth in our total revenue from Rs. 576.93 lakhs in 2010 to Rs. 69,922.92 lakhs in 2023. Our integrated manufacturing facility and our relationship with our traders are key factors of success in the industry. Our brand has been well received until now and we shall, continue to endeavour to build brand equity by supplying qualitative products at competitive prices.

Our Success Story and Future Plans

The year 1978 witnessed the launch of Dhanlaxmi Group aiming to make a mark in the Indian and International textile industry with quality production of Denim. In the span of next 30 years, we came up with a varied set of high-end technology which included installing Auto Looms, and achieved a specialization in Cotton Dhoties. These 43 years were spent on establishing ourselves, which resulted in strengthening a strong foundation for marketing our products and eventually reaching to a wider audience.

With all the raw material in hand, we ventured ourselves into the marketing area of Denim Textile with our newest weaving plant. The installation of this plant gave our company the head start we wanted to keep the momentum going with a production capacity of 36 Million Meter Per Annum. The year 2012 was our gateway into the Denim textile world when we launched our first Denim plant at Chittorgarh (Rajasthan). As the commercial production took an upward turn, it resulted in the introduction of new Denim machineries. As the production capacity grew larger, we converted ourselves from a Private Limited to Public Limited to serve our customers better.

Equity share of our company got listed on BSE SME Platform in 2017 and we installed new auto airjet looms alongside Indigo dyeing machineries. Since then, we have been working towards commercializing our production, and focusing on the expansion. This has been hugely contributed by installing new and advanced technological machineries to constantly upgrade our quality standards.

Company had replaced 36 outdated Looms at Plant Site Aaraji No.5, 6, 7 Gram- Jojro ka Khera TehsilGangrar Dist:-Chittorgarh - 312901 Rajasthan. This has resulted in an increase of our production capacity and has had a major positive impact on sales.

The Company has also applied for Registration of 1.1 MW Solar PV Power Project at Plant Aaraji No.5,6,7 Gram-Jojro Ka Khera Tehsil-Gangrar, Dist.:-Chittorgarh (Rajasthan) for captive use under Rajasthan Solar Energy Policy, 2019 and the registration of the same is approved by Rajasthan Renewable Energy Corporation Limited on 6th July,2022.

In the year 2022-23 Company has migrated from BSE Limited SME to BSE Limited mainboard and direct listing in NSE Limited mainboard. And also raised capital through Preferential issue of ₹35 Crore. And ongoing Process of installation of Spinning Plant.

Two Star Export House

Our company got status of Two Star Export House from Government of India, Ministry of Commerce & Industry, and Directorate General Foreign Trade Authority. This Certificate is valid for a period of five years effective from 30.01.2019 to 29.01.2024.

SWOT Analysis

Strenghts

- 1) Integrated Manufacturing Facility:** allowing us to carry on all the facilities in house i.e. from winding and warping of yarn to dispatch of the fabric.
- 2) Our Experienced Management:** through their constant efforts, we have been able to build a sustainable business model
- 3) Locational Advantage:** enables us to procure the raw materials at easy availability with cost efficiency, boost our marketing activities and add value to our revenues due to established market for textiles.
- 4) Qualitative Products:** strive to have least tolerance for any manufacturing defect which has helped us in retaining our existing customers and developing new customers
- 5) Existing relationship with the clients:** we are engaged in B2B business model, our existing client being traders provides us repeated orders. We trust that our existing relationship and goodwill amongst our traders serves as a competitive advantage in gaining new clients and increasing our business with existing clients.

Weakness

- 1)** An increase in mid-market / value shops has a detrimental influence on higher-end retailers and increases the potential to offer lower-end brands.
- 2)** Price fluctuations to keep up with changing demands and trends.
- 3)** Scarcity of trained labour.
- 4)** An increase in unit cost, as well as high tariff barriers and export penalties.

Opportunity

- 1)** The textile and apparel industry is expected to grow to US \$190 billion by FY26.
- 2)** Urbanization is expected to support higher growth due to change in fashion and trends.
- 3)** According to Union Budget 2022, there is a total allocation of ₹12,382 crore for the textile sector for next financial year, ₹133.83 crore is for Textile Cluster Development Scheme, ₹100 crore for National Technical Textiles Mission, and ₹15 crore each for PM Mega Integrated Textile Region and Apparel parks scheme and the Production Linked Incentive Scheme.
- 4)** The PLI Scheme, worth INR 15 crore, is likely to provide a major boost for textile manufacturers. The scheme proposes to incentivise MMF (man-made fibre) apparel, MMF fabrics and 10 segments of technical textiles products.

Threats

- 1) High Competition:** The market is saturated with established brands.

- 2) When competitors offer cheaper prices, it is difficult to strike a balance between price and quality.
- 3) Due to pollution concerns, certain factories in China and Europe have been shut down, resulting in a spike in the price of basic raw materials.
- 4) There are also other factors influencing raw material supply, unpredictable market conditions, weather, policies, and other factors have resulted in an increase in raw material costs.

⁽⁴⁾For calculating efficiency ratios average receivables, payables & inventory has been considered

Revenue from Operation: The Revenue rose by 18.55% from Rs. 58,953.15 Lakhs in the financial year 2021-2022 to Rs. 69,887.88 lakhs in the financial year 2022-23 and the company was able to generate more revenue than its average revenue in last 4 years. In last 3 years company has provided with growth of 19.90% CAGR. The growth in revenue attributed to the change in market scenario, opening up of the economy. While the growth rate was lower than the exceptional growth seen in 2022, it still signifies a healthy expansion in sales. The same can be reflected from the below bifurcation:

(Rs. In lakhs)			
Particulars	For the year ended 31-03-2022	For the year ended 31-03-2023	% Growth
Domestic Sale	22,043.11	42,533.91	92.96%
Export Sale	34,779.98	25,305.13	-27.24%

Also the rise in revenue is attributable to few other reasons such as replacement of existing machinery leading to increased efficiency and multiple orders from the loyal customers.

Other Income: Other income for the financial year 2022-23 increased by 0.08% at Rs. 35.04 lakhs as compared to Rs. 35.01 lakhs in the previous year.

EBITDA: The (EBITDA) before exceptional items increased by 42.10% at Rs. 4,190.10 lakhs for the financial year 2022-23 as compared to Rs. 2,948.72 lakhs for the financial year 2021-22. This was mainly due to increase in Revenue. On the other hand the EBITDA Margin has also increased from 5.00% for the financial year 2021-22 to 6.00% for the financial year 2022-23.

Profit after Tax: Profit after Tax (PAT) including Other Comprehensive Income at Rs 1,295.04 lakhs for the financial year 2022-23 increased by 68.05% as compared to Rs. 770.62 lakhs in the previous year majorly due to the increase in revenue from operations.

Growth Ratios: The EBITDA has grown by 42.10% mainly due to growth in revenue. The EBIT or operating profit has grown by 47.42% and overall net profit has grown by 68.05% mainly due to following reasons discussed above. Decreased in financial growth rates compared to the previous year were primarily attributable to the introduction of an unsecured loan.

Liquidity Ratios: Both the Current ratio and Quick ratio have been constant for past 3 years. Hence it signifies that the company is fully equipped to meet its short term obligations efficiently. We have not been facing cash crunch in the short term which is leading to a higher liquidity performance.

Return Ratios: Return Ratios measures how effectively an investment is being managed by the company so that highest possible return is generated on the investment. The above three return ratios: ROE, ROCE and ROA have increased sharply indicating that the company is making efficient use of the resources available to it to generate profits. ROE has increased due to sharp rise in net profit by 68.05% compared to net worth which has risen by 70.90% from Rs. 6,784.10 lakhs In FY 2022 to Rs. 11,593.73 lakhs In FY 2023. The ROCE has increased on account of increase in operating profit by 47.42%. The ROA has similar reason for rise due to increase in net profit while assets stood at Rs. 32,234.51 lakhs In FY 2022 and Rs. 39,297.92 lakhs In FY 2023.

Leverage Ratios: Leverage ratio provides an indication of how the company's assets and business. Operations are financed (using debt or equity). Looking at the leverage ratios it could be concluded that the company has increased its debt leverage but at the same time it has sufficient interest coverage and have been able to generate enough profits to meet its interest expenses. Hence, performed well on solvency front.

Efficiency Ratios: Operational performance remains quite favourable. The company aligns well with industry parameters. The company's operational efficiency showed mixed results. While receivable days increased 61 days in FY22 to 69 days in FY23, indicating potentially delayed payments from customers, inventory days also saw a slight rise from 48 days in FY22 to 52 days in FY23. On the other hand, payable days increased significantly from 45 days in FY22 to 53 days in 2023, suggesting extended time to settle obligations. Consequently, the overall cash conversion cycle increased from 65 days in FY22 to 68 days in FY23, primarily due to the interplay of receivable and payable dynamics. This shift may be attributed to market fluctuations and debtor-creditor relations.

Liquidity: Cash balances increased to Rs.1,416.99 Lakhs in the financial year 2022-23 as compared to Rs. 39.99 Lakhs in the previous year.

Particular	(Rs. In Lakh)	
	For the year ended 31-03-2022	For the year ended 31-03-2023
Net Cash Generated from Operating Activities (A)	(935.02)	1,169.13
Net Cash used in Investing Activities (B)	(2,958.23)	(2,293.88)
Net Cash Generated from Financing Activities (C)	3,902.32	2,501.75
Net increase/decrease in cash (D=A+B+C)	9.07	1,377
Cash & Cash Equivalent at the Beginning (E)	30.90	39.99
Cash & Cash Equivalent at the End (F=D+E)	39.99	1,416.99

*Particulars mentioned above are in line with year ended 31st March, 2023

Segment wise Performance

The Management reviewed the disclosure requirement of segment wise reporting and is of the view that since the Company's products are covered under Textile Industry which is single business segment in terms of AS-17 and therefore separate disclosure on reporting by business segment (product wise) is not required.

Internal Control System and their adequacy

The Company considers that internal control is one of the keys supports of governance which provide freedom to the management within an outline of appropriate checks and balances. Our Company has a strong internal control framework, which was instituted considering the size, nature and risk in the business. The Company's internal control environment provide assurance on efficient conduct of operations, security of Assets, prevention and detection of frauds/errors, accuracy and completeness of accounting records, timely preparation of authentic financial information and compliance with applicable laws and regulation. The Internal Auditor is responsible to conduct regular internal Audit and report to the management the lapses, if any and submit Report on periodic basis to the Board of Directors for their review and comments. Fully professional and experienced boards as mentioned in the corporate overview section in itself ensures efficient internal control. To ensure efficient internal control system, the Company has a well constituted Audit committee who at its periodical meeting, review the competence of internal control system and Procedures thereby suggesting improvement in the system and process as per the changes of 85 Business dynamics. The system and process are continuously improved by adopting best in class processes, automation and implementing latest IT tools.

Risk Management

The Company is exposed to specific risks that are particular to its business and environment within which it operates, including Foreign Exchange Risk, Interest Rate Risk, Commodity Price Risk, Risk of Product Concentration and other Business Risk. While risk is an inherent aspects of any business, the Company is conscious of the need to have an effective monitoring mechanism and has put in place appropriate measure for its mitigation including business portfolio risk, financial risk and legal risk and internal process risk.

The list of the potential risks the industry is exposed to domestically/internationally are given below:

Business Operational Risk:

The business operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems, or from external events like economic and market conditions, cut throat competitions at local as well as at international level, introduction of new players in textile markets, even events which are not directly connected with the organization like natural disasters, political and military turmoil etc. It can be minimized by decreasing labour turnover, power cost, logistics, balancing demand & supply risks, implementing latest technologies to create new and innovative designs of textile products, techniques required to upgrade plants, boiler house, machines, equipment, Un-interrupted

availability of raw material at competitive prices so as to avoid production loss, maintenance of quality and harmonizing production for completing the orders in time as well. Fluctuations in yarn prices in international market which can impact the price / cost of a particular product(s) and its blend(s) is also a part of business operational risk.

Raw material risk:

There is always a risk of inadequate or non-availability of raw materials in the market due to volatility in the prices of cotton, transportation cost etc. which could impede business profits and prospects.

Supplier Risk:

We rely heavily on third parties to source our raw materials. Third-party suppliers provide us with our key raw materials, which are cotton yarns and synthetic yarn. In addition, we use third-party job work facilities or carry out a few procedures such as dyeing, sizing, and finishing of our products by ourselves as well at our manufacturing unit and, if necessary, weaving at our Gangrar, Dist:-Chittorgarh unit. The quality of our fabric is mainly dependent on the quality of our raw materials. Though we feel that Bhilwara, as a textile hub, will have no trouble finding new suppliers if needed, there is no guarantee that our existing or potential suppliers, job employees will continue to supply us with the appropriate quantity of raw materials and services.

Manufacturing Risk:

Our manufacturing facility at Aaraji No.5, 6, 7 , Gram- Jojro ka Khera Tehsil-Gangrar Dist:-Chittorgarh-312901 Rajasthan, is vulnerable to operational risks such as machinery unavailability, breakdown, obsolescence, or failure, disruption in power supplies or processes, performance below projected levels of efficiency, and labour disputes. Our machines have finite lifespan as well as annual over hauled maintenance. Replacement parts for such machinery may not be available in the case of a breakdown or failure, and such machinery may have to be sent for repairs or servicing. We have signed into technical support service agreements to ensure the proper operation and maintenance of our equipment and machinery. We replaced 36 outdated Looms at Plant Site Aaraji 86 No.5, 6, 7, Gram- Jojro ka Khera Tehsil-Gangrar, Dist:-Chittorgarh – 312901, Rajasthan. This has resulted in an increase in our production capacity and has had a major positive impact on sales.

Quality Risk:

Our products are influenced by consumer expectations, customer preferences, and fashion industry trends. Failure to maintain our product quality standards may have an impact on our business. Even though we have strict quality control methods in place, we have deployed lab testers to ensure that our products will always meet our clients' quality standards

Foreign Exchange / Currency risk:

We are certainly vulnerable to foreign currency exchange rates, which could have a major unfavourable effect on our operating results and financial situation. Our company has recently expanded into international markets and now sells products both domestically and

internationally. Exporting our goods allows us to acquire foreign exchange gains and outgo in terms of FOB value. The exchange rate between the Rupee and other currencies fluctuates and may continue risk in our revenue. Any adverse or unexpected swing in the exchange rate of any foreign currency to Indian Rupees for businesses in order to correctly hedge their positions with international institutions may have an impact on our Company's results of operations.

Competition Risk:

We confront competition in our industry from both organised and unorganised companies, which could have a negative impact on our business operations and financial situation. Furthermore, we are primarily located in Gangrar Dist:-Chittorgarh and Bhilwara (Rajasthan), which is regarded as the nation's textile heartland, with a large textile business in an unorganised sector, particularly on a small and medium size. There are numerous major corporations in the textile business, which adds to the competitiveness for companies like us. We largely compete based on quality, client happiness, and marketing. We think that to compete effectively, we must preserve our reputation, be flexible and timely in responding to quickly changing market demands and consumer preferences and provide customers with a diverse range of textiles at competitive rates.

Customer concentration Risk:

Our top five clients provided more than 60% of our gross revenue, while our top ten customers contributed more than 75%. Any fall in revenue, rising competition, or change in demand for our services by these clients may have a detrimental effect on our ability to keep them. However, the mix and income generated by these clients may alter as we continue to add new customers in the normal course of business. Over time, our company and management have been able to retain and strengthen these business connections. We believe that we may not have anticipated significant obstacles in continuing our commercial relationship with them or obtaining new consumers.

Global Risk:

We do not have an offshore office or company location where we can manage our export operations. Our products are sold in both domestic and foreign markets. However, because we lack an offshore office, we may be unable to capitalise on opportunities presented by the evolving worldwide garment market and our consumers in a timely manner. Our company's operations are managed from its registered office at Bhilwara (Rajasthan), Branch Office at Ichalkaranji (Maharashtra) and Primary Manufacturing facilities at Gangrar Chittorgarh (Rajasthan). Our company does not have a corporate office or a place of business in another country, but we have recruited agents in other countries to handle our business operations. As a result, we may be able to efficiently extend our business in the foreign market, resulting in higher operational outcomes and profitability.

Political Risk:

Political risk may be defined as the probability that a political event will impact adversely on a firm's profit. It represents the financial risk that a country's government will suddenly change its policies.

Technological risk:

Technology can reshape corporate culture and facilitate innovative procedures. In a garment manufacturing industry, the firm is constantly required to make changes and transformations in the production process over time, upgrade their machinery besides creating new facilities and additional capacities in order to survive in the highly competitive market.

Human Resource Development/Industrial Relation:

The Company relies that the health and safety of the workers and the persons residing in the vicinity of its plants is fundamental to the business. Commitment to the identification and elimination or control of the workplace hazards for protection of all is of utmost importance. The manufacturing operations are conducted to ensure sensitivity towards the environment and minimize waste by encouraging "Green" practices. The Company continued to enjoy healthy industrial relations during the year.

Health & Safety:

Health and Safety measures play an important role in any industry. It is essential that the workers be aware of the various occupational hazards in the industry. At the same time, it is necessary that the management take the necessary steps to protect workers from potential hazardous situations.

The Company continues to accord the highest priority to health and safety of its employees & etc. and communities it operates in. The Company has been fully committed to comply with all applicable laws and regulations and maintains the highest standard of Occupational Health and Safety and ensures safer plants by conducting safety audits, risk assessments and periodic safety awareness campaigns and training to employees. We believe in good health of our employees. Modern occupational health and medical services are accessible to all employees through well-equipped occupational health centers at manufacturing unit. The Company has always considered safety as one of its key focus areas and strives to make continuous improvement on this front. The company believes Health & Safety as an indispensable province. Company has provided appropriate facilities for all workers and employees like proper lighting, ventilation, no congestion, medical kits, stretchers, fire extinguishers etc. at prominent places. Personnel at supervisory level have been trained in basic life support techniques.

Infrastructure:

The company is equipped with modern infrastructure facilities which assist in smooth production. The company's manufacturing unit is outfitted with advanced machines and equipment and a trained staff, who have years of experience behind them. To sell products to

the clients, the company has facilitated a smooth transportation mechanism through a strong base of transporters and traders.

Social Responsibility Issues for the Company (CSR)

As a part of society, the company covers certain thrust areas such as Tree Plantation, Eradicating of hunger and Malnutrition, Promoting Education, Ensuring Environmental Sustainability, Making Available Safe Drinking Water, Promoting Health Care Including Preventive Health Care & etc. Which are in accordance with CSR Policy of the Company and Schedule VII of The Companies Act, 88 2013. For this our company has developed a CSR scheme and spends at least 2% of its average profit since last three years, every year.

Cautionary Statement

The above Management Discussion and Analysis contains certain forward looking statements within the meaning of applicable security laws and regulations. These pertain to the Company's future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, important factors that could make a difference to the Company's operations which include finished goods prices, raw materials costs and availability, global and domestic demand supply conditions, fluctuations in exchange rates, changes in Government regulations and tax structure, economic developments within India and the countries with which the Company has business contacts, fluctuations in earnings, our ability to manage growth, competition, economic growth in India, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, government policies and actions with respect to investments, fiscal deficits, regulation etc. In accordance with the Code of Corporate Governance approved by the Securities and Exchange Board of India, shareholders and readers are cautioned that in the case of data and information external to the Company, no representation is made on its accuracy or comprehensiveness though the same are based on sources thought to be reliable. The Company does not undertake to make any announcement in case any of these forward looking statements become materially incorrect in future or update any forward looking statements made from time to time on behalf of the Company. The Company assumes no responsibility in respect of the forward looking statements herein, which may undergo changes in future based on subsequent developments, information or events.

“ANNEXURE V”

REPORT ON CORPORATE GOVERNANCE

In accordance with Regulation 15 of the SEBI Listing Regulations, 2015 and some of the best practices followed internationally on Corporate Governance, the report containing the details of corporate governance systems and processes is as follows:

At Manomay Tex India Limited, Corporate Governance is all about maintaining a valuable relationship and trust with all stakeholders. We consider stakeholders are playing very important role in our success, and we remain committed to maximizing stakeholder value, be it shareholders, employees, suppliers, customers, investors, communities or policy makers. This approach to value creation emanates from our belief that sound governance system, based on relationship and trust, is integral to creating enduring value for all. We have a defined policy framework for ethical conduct of businesses. We believe that any business conduct can be ethical only when it rests on the nine core values of Honesty, Integrity, Respect, Fairness, Purposefulness, Trust, Responsibility, Citizenship and Courage.

The corporate governance is an important tool for the protection of shareholder and maximization of their long term values. The objective of Corporate Governance is to achieve excellence in business thereby increasing stakeholders’ worth in the long term which can be achieved keeping the interest of stakeholders’ and comply with all rules, regulations and laws. The principal characteristics of Corporate Governance are Transparency, Independence, Accountability, Responsibility, Fairness, and Social Responsibility alongwith efficient performance and respecting interests of the stakeholders and the society as a whole.

1. THE COMPANY’S PHILOSOPHY ON CODE OF GOVERNANCE

Your Company believes that Corporate Governance is an ethical business process that is committed to value aimed at enhancing an organization’s wealth generating capacity. This is ensuring by taking ethical business decision and conducting business with firm commitment to values, while meeting stakeholder’s expectations. Corporate Governance is globally recognized as a key component for superior long term performance of every corporate entity.

Effective corporate governance practices constitute the strong foundation on which successful commercial enterprises are built to the last. Our corporate governance is a reflection of our value system encompassing our culture, policies, and relationships with our stakeholders. Integrity and transparency are key to our corporate governance practices to ensure that we gain and retain the trust of our stakeholders at all times. The Company firmly believes that adherence to business ethics and sincere commitment to corporate governance will help the Company to achieve its vision of being the most respected Company.

We are committed for maximizing stakeholder value by improving good governance, quality and commitment with a spirit of integrity.

Our Corporate Governance framework ensures that we make timely disclosure and share accurate information regarding our financial and performance, as well as leadership and governance of the Company.

The Company’s philosophy on investor service and protection envisages the attainment of the highest levels of transparency, accountability and equity, in all facets of its operations and in all its interactions with its stakeholders including shareholders, employees, the government and lenders. The Company is committed to achieve the highest standards of corporate governance. The Company believes that all its operations and actions must serve the underlying goal of enhancing overall shareholders’ value, over a sustained period of time. The Company continues to take necessary steps towards achieving this goal. A report on compliance with corporate governance principle

2. BOARD OF DIRECTORS

The Board of Directors is entrusted with the ultimate responsibility of the management, general affairs, direction and performance of the Company and has been vested with requisite powers, authorities and duties. corporate governance practices are shaped by its Board of Directors. The Board is committed to protecting the long-term interests of all our stakeholders, and considering this, it provides objective and prudent guidance to the management. The information relating to procedures, composition, committees, etc. of the Board is provided below:

(1) BOARD COMPOSITION

As on 31st March, 2023, Company has 10 members on Board, including 5 Independent Directors. The composition of the board and category of directors as on 31st March, 2023, are as follows:

Category	No. of Directors	Percentage to total no. of Directors by
Executive Directors	5	50%
Non-Executive - Independent Director	5	50%
Total	10	100%

Global: Experience in driving business success in market around the world, with an understanding of diverse business environment, economic conditions, cultures and regulatory framework and a broad perspective on global market opportunities.

G. INDEPENDENT DIRECTORS CONFIRMATION BY THE BOARD

All Independent Directors have given declarations that they meet the criteria of independence as laid down under Section 149(6) of the Companies Act, 2013 and Regulation 16(1) (b) of the Listing Regulations. In the opinion of the Board, the Independent Directors, fulfill the conditions of independence specified in Section 149(6) of the Companies Act, 2013 and Regulation 16(1) (b) of the Listing Regulations. A formal letter of appointment to Independent Directors as provided in Companies Act, 2013 has been issued and disclosed on website of the Company.

The Board of Directors, based on the declaration(s) received from the Independent Directors, has verified the veracity of such disclosures and confirms that the Independent Directors fulfill the conditions of independence specified in the Listing Regulations and are independent of the management of the Company.

H. SEPARATE INDEPENDENT DIRECTORS' MEETINGS

Schedule IV of the Companies Act, 2013 and Secretarial Standard- 1 on Meetings of the Board of Directors mandates that the Independent Directors of the Company hold at least one meeting in a year, without the attendance of non – Independent Directors.

The Independent Directors meet at once in a year, without the presence of Executive Directors or Management representatives.

During the financial year 2022-23, the Independent Directors met on 20th April, 2022 and inter alia, discuss performance of non-independent directors, performance of the Board as a Annual Report 2022-23 whole, performance of the Committee(s) of the Board and performance of the Chairman was evaluated, including the quality, quantity and timely flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

I. SUCCESSION PLANNING

The Company believes that sound succession plans for the Board members and senior leadership are very important for creating a robust future for the Company. The Nomination and Remuneration Committee and the Board, as part of the succession planning exercise, periodically review the composition of the Board to ensure that the same is closely aligned with the strategy and long-term needs of the Company.

J. INFORMATION FLOW TO THE BOARD MEMBERS

Information is provided to the Board Members on a continuous basis for their review, inputs and approval from time to time. Our Quarterly, Half-Yearly, Nine months and annual financial statements are first presented to the Audit Committee and subsequently to the Board for their approval. In addition, specific cases of acquisitions, important managerial decisions, material positive/negative developments and statutory matters are presented to the respective Committees of the Board and later with the recommendation of Committees to the Board for their approval.

As a system, in most cases, information to Directors is submitted along with the agenda papers well in advance of the Board meeting.

The Company adheres to the provisions of the Companies Act, 2013 read with the Rules issued there under, Secretarial Standards and Listing Regulations with respect to convening and holding the meetings of the Board of Directors, its Committees and the General Meetings of the shareholders of the Company.

COMMITTEES OF THE BOARD

Currently, the Board has Five committees, the details of which are given as below

Committees of the Board of Directors

- Audit Committee
- Stakeholder Relationship Committee
- Nomination and Remuneration committee
- Corporate Social Responsibility Committee
- Internal Complaint Committee

(3) AUDIT COMMITTEE

Oversight of the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible.

- The recommendation for the appointment, remuneration and terms of appointment of auditors of the Company.
- Approving payment to statutory auditors, including cost auditors, for any other services rendered by them.
- Reviewing with the management, the annual financial statement and auditor's report thereon before submission to the board for approval, with particular reference to:
 - (a) Matters required to be included in the director's responsibility statement to be included in board's report in terms of clause (c) of sub section 3 of section 134 of the Companies Act 2013;
 - (b) Changes, if any, in accounting policies and practices and reasons for the same;
 - (c) Major accounting entries involving estimates based on the exercise of judgment by management;
 - (d) Significant adjustment made in the financial statements arising out of audit findings;
 - (e) Compliance with listing and other legal requirements relating to financial statements;

- (f) Disclosure of any related party transactions;
- (g) Modified opinion(s) in the draft audit report;
 - Reviewing and examining with management the quarterly financial results before submission to the Board for approval.
 - Monitoring the end use of funds raised through public offers and related matters.
 - Review and monitor the auditor's independence and performance, and effectiveness of audit process.
 - Approval or any subsequent modification of transactions of the company with related parties.
 - Scrutiny of inter-corporate loans and investments.
 - Valuation of undertakings or assets of the company, wherever it is necessary.
 - Evaluation of internal financial controls and risk management systems.
 - Reviewing with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
 - Reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
 - Discussion with internal auditors of any significant findings and follow-up thereon.
 - Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matters to the Board.

CORPORATE GOVERNANCE COMPLIANCE CERTIFICATE

To,
The Members of
Manomay Tex India Limited
32, Heera Panna Market,
Pur Road Bhilwara- 311001
(Rajasthan) India

We have examined the compliance of conditions of corporate governance by Manomay Tex India Ltd (hereinafter referred "the Company"), for the year ended on 31st March, 2023 as stipulated in relevant provisions of Securities and Exchange Board of India (Listing Obligations and Disclosure requirements) Regulations, 2015. The compliance of conditions of corporate governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of corporate governance as stipulated in the above mentioned Listing Regulations, as applicable.

We further state that such compliance is neither an assurance as to the future viability of the Company nor efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of **MANOMAY TEX INDIA LIMITED**

Opinion

We have audited the financial statements of **MANOMAY TEX INDIA LIMITED** ("the Company"), which comprise the balance sheet as at 31st March 23, and the statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 23, its profit/loss and its cash flows for the year ended on that date,

- a) In the case of the balance sheet, of the state of affairs of the company as at March 31, 2023
- b) In the case of the Profit and Loss Account, of the profit for the period ended on that date and
- c) In the case of cash flow statement, for the cash flows for the year ended on that date

Basis for Opinion

We conducted our audit in accordance with the Accounting Standards (AS) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1.	Nil	Nil

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and

in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards (AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact its financial position.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. (a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
(b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
(c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
- v. No dividend have been declared or paid during the year by the company.

Annexure ‘A’

The Annexure referred to in paragraph 1 of Our Report on “Other Legal and Regulatory Requirements”.

We report that:

- (i) (a) (A) The company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment;
- (B) The company is maintaining proper records showing full particulars of intangible assets;
- (b) As explained to us, Property, Plant and Equipment have been physically verified by the management at reasonable intervals; no material discrepancies were noticed on such verification;
- (c) The title deeds of all the immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the company, except the following:-

Description of Property	Gross carrying value	Held in name of	Whether promoter, director or their relative or employee	Period held - indicate range, where appropriate	Reason for not being held in name of company
NIL					

- (d) The company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) As explained to us, no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii) (a) As explained to us, physical verification of inventory has been conducted at reasonable intervals by the management. In our opinion, the coverage and procedure of such verification by the management is appropriate. No discrepancy of 10% or more in the aggregate for each class of inventory was noticed on physical verification of stocks by the management as compared to book records.
- (b) The company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets during any point of time of the year. The quarterly returns or statements filed by the company with such banks or financial institutions are in agreement with the books of

account of the Company.

- (iii) During the year the company has not made investments in, nor provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties.
- (iv) In respect of loans, investments, guarantees, and security, provisions of section 185 and 186 of the Companies Act, 2013 have been complied.
- (v) The company has not accepted any deposits or amounts which are deemed to be deposits covered under sections 73 to 76 of the Companies Act, 2013.
- (vi) We have broadly reviewed the books of account relating to materials, labour and other items of cost maintained by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub section (1) of section 148 of the Companies Act, 2013. However, we have not made a detailed examination of the records.
- (vii) (a) According to the records made available to us, company is regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues to the appropriate authorities. According to the information and explanation given to us there were no outstanding statutory dues as on 31st of March, 2022 for a period of more than six months from the date they became payable.
 (b) According to the information and explanations given to us, there is no statutory dues referred to in sub-clause (a) that have not been deposited on account of any dispute except following :

Name of the Statute	Nature of the Dues	Amount (Rs.)	Period to which the amount relates	Forum where Dispute is pending	Remarks , if Any
Nil					

- (viii) According to the information and explanations given by the management, no transactions not recorded in the books of account have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- (ix) (a) In our opinion and according to the information and explanations given by the management, we are of the opinion that the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
 (b) According to the information and explanations given by the management, the company is not declared willful defaulter by any bank or financial institution or other lender;

- (c) In our opinion and according to the information and explanations given by the management, the Company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained,

Nature of borrowing, including debt securities	Name of lender*	Amount not paid on due date	Whether principal or interest	No. of days delay or unpaid	Remarks, if any
Nil					

- (d) In our opinion and according to the information and explanations given by the management, funds raised on short term basis have not been utilized for long term purposes.
- (e) In our opinion and according to the information and explanations given by the management, the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures,
- (f) In our opinion and according to the information and explanations given by the management, the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- (x) (a) The company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.
- (b) The company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year.
- (xi) (a) According to the information and explanations given by the management, no fraud by the company or any fraud on the company has been noticed or reported during the year;
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government;
- (c) According to the information and explanations given to us by the management, no whistle-blower complaints had been received by the company
- (xii) The company is not a Nidhi Company. Therefore, clause xii is not applicable on the company.
- (xiii) According to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, where applicable and the details have been disclosed in the financial statements,
- (xiv) In our opinion and based on our examination, the company does not require to have an internal audit system.
- (xv) On the basis of the information and explanations given to us, in our opinion during the year

the company has not entered into any non-cash transactions with directors or persons connected with him covered under the provision of section 192 of Companies Act, 2013.

- (xvi) (a) In our Opinion and based on our examination, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934).
- (b) In our Opinion and based on our examination, the Company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934,
- (c) In our Opinion and based on our examination, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.
- (d) According to the information and explanations given by the management, the Group does not have any CIC as part of the Group.
- (xvii) Based on our examination, the company has not incurred cash losses in the financial year and in the immediately preceding financial year.
- (xviii) We are the continuing auditors of the company from the previous financial year; hence there is no resignation of the statutory auditors during the year.
- (xix) On the information obtained from the management and audit procedures performed and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans, we are of the opinion that no material uncertainty exists as on the date of the audit report that company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date;
- (xx) Based on our examination, the provision of section 135 are not applicable on the company. Hence this clause is not applicable on the company.
- (xxi) The company is not required to prepare Consolidate financial statement hence this clause is not applicable.

Annexure‘B’**Report on Internal Financial Controls with reference to financial statements****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of MANOMAY TEX INDIA LIMITED (“the Company”) as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note

require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

1 Company overview

The Company was founded on April 13, 2009, as a private limited company called Manomay Tex India Private Limited, and it was later converted to a public limited company on January 6, 2017.

The Company primarily manufacture and sell denim fabrics in domestic and international markets, and have an integrated production operation in Rajasthan. The Company has ventured into 14+ overseas markets, and customer base is currently distributed across India and International Markets such as South America, the Middle East, and Asia. In the textile sector, we are known and recognized by the BRAND NAME MANOMAY.

The Company started its commercial production by setting up a fabric weaving unit in Ichalkaranji by installing eight air-jet looms. Thereafter in 2011, the Company set up its integrated manufacturing unit for production of denim fabric in Jojron Ka Khera near Bhilwara. The unit is spread over 2.03 hectares and is equipped with dyeing, weaving and finishing facilities of yarn/fabric. The denim manufactured by us ranges from 9 to 14 Oz/ Sq. yd. with different blends of cotton, polyester, etc. with foam and wet finishes. The unit is equipped with adequate facilities and machineries. At Ichalkaranji unit, we are focused on manufacturing of suiting fabrics of different qualities as per the market demand. We procure the raw materials i.e. yarn from the local suppliers and weave fabric. The process of sizing, dyeing and finishing is outsourced to the third parties.

Our promoters have experience in the line of business and look after strategic as well as day to day business operations. Over the years our Company has carved its foot prints in the industry which can be witnessed by the 100x growth in our total revenue from Rs. 576.93 lakhs in 2010 to Rs.69887.88 lakhs in 2023. Our integrated manufacturing facility and our relationship with our traders are key factors of success in the industry. Our brand has been well received until now and we shall, continue to endeavor to build brand equity by supplying qualitative products at competitive prices.

2 Significant accounting policies

2.1 Basis of preparation

A Statement of compliance

- a) The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) prescribed under section 133 of the Companies Act, 2013 ('Act')

First Time Adoption of Ind AS

Transition of Ind AS

These are the company's first standalone financial statements prepared in accordance with Ind AS. The accounting policies set out in Note 1 have been applied in preparing the financial statements for the year ended 31st March, 2023, the comparative information presented in these financial statements for the year ended 31st March, 2022 and 1st April, 2021. The effective date for Companies Ind AS Opening Balance Sheet is 1st April, 2021. (The date of transition to Ind AS)

First Time Adoption of Ind AS

These financial statements, for the year ended 31st March, 2023, are the first annual Ind AS financial statements, the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31st March, 2022, the Company prepared its financial statements in accordance with Accounting Standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March, 2023, together with the comparative period data as at and for the year ended 31st March, 2022, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 01st April, 2021, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 01st April, 2021 and the previously published Indian GAAP financial statements as at and for the year ended 31st March, 2022.

Optional Exemptions and Mandatory Exceptions

In the Ind AS opening balance sheet as at 1st April, 2021, the carrying amounts of assets and liabilities from the Previous GAAP as at 31st March, 2021 are generally recognized and measured according to Ind AS. However, for certain individual cases, Ind AS 101 "First-time Adoption of Indian Accounting Standards" provides for optional exemptions and mandatory exceptions to the general principles of retrospective application of Ind AS. The Company has made use of the following exemptions and exceptions in preparing its opening Ind AS balance sheet:

i. Deemed cost

As per Ind AS 101, para D7AA, a first-time adopter to Ind ASs may elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

ii. Borrowings

Ind AS 101 permits that if it is impracticable for an entity to apply retrospectively the effective interest method in Ind AS 109 'Financial Instruments', the fair value of the financial liability at

the date of transition to Ind AS shall be the new amortized cost of that financial liability at the date of transition to Ind AS

iii. Classification and measurement of Financial Assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind AS

iv. De-recognition of financial assets and financial liabilities

As per Ind AS 101, a first-time adopter shall apply the de-recognition requirements in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind Ass

v. Estimates:

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP, unless there is objective evidence that those estimates were in error. Ind AS estimates as at 01st April, 2021 and 31st March, 2022 are consistent with the estimates as at the same date made in the conformity with previous GAAP

B Functional and presentation currency

The financial statements are presented in Indian Rupees ('INR') which is also the Company's functional currency and all values are rounded to the nearest lakhs, except when otherwise indicated.

C Basis of measurement

The separate financial statements have been prepared on the historical cost basis except for certain financial instruments and plan assets of defined benefit plans, which are measured at fair value

D Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note 2.22

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

E Current versus non-current classification

All assets and liabilities have been classified as current or non-current. Based on the nature of product & activities of the Company and their realization in cash and cash

equivalent, the Company has determined its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

Deferred tax assets and deferred tax liabilities are classified as non-current assets and liabilities.

F Measurement of fair values

A number of the Company's accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability and the Company has access to the principal or the most advantageous market.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant note.

2.2 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated rebates and other similar allowances

Sale of goods

Revenue from the sale of goods is recognised, when all the significant risks and rewards of ownership of the goods have passed to the buyer, the Company no longer retains continuing managerial involvement to the degree usually associated with ownership nor has effective control over the goods sold, the amount of revenue and costs associated with the transaction can be measured reliably and no significant uncertainty exists regarding the amount of consideration that will be derived from the sales of goods. Revenue is disclosed and net of returns, trade discounts, taxes and amount collected on behalf of third parties.

Other Operating revenue

- a) Export incentives are accounted for in the year of export.
- b) Interest on bank deposits is recognized on the effective interest rate method basis taking into account the amounts invested and the rate of interest applicable.
- c) Interest from trade receivables and other financial assets are recognized when it is probable that the economic benefit will flow to the entity and the amount can be measured reliably.
- d) Claim lodged with insurance companies is recognized as income on acceptance by the insurance Companies.

Government grants

Government grants are recognized only when there is reasonable assurance that the grants will be received and all attached conditions will be complied with.

Government grants related to revenue are recognized on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. If the grants are related to subvention a particular expense, it is deducted from that expense in the year of recognition of government grant.

Government grants related to assets are treated as deferred income and are recognized in the statement of profit and loss on a systematic and rational basis over the useful life of the related asset.

2.3 Inventories

Inventories are measured at lower of cost and net realizable value after providing for obsolescence, wherever considered necessary. Cost of inventories comprises of cost of material, cost of conversion and other costs, including manufacturing overheads, incurred in bringing them to their respective present location and condition. Cost of raw material, stores, packing materials and other products are determined on FIFO / Actual cost basis.

2.4 Property, plant and equipment

On transition to Ind-AS, the Company has opted to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April, 2021, measured as per previous GAAP and use that carrying value as the deemed cost of the property, plant & equipment.

Freehold Land is carried at historical cost.

All other items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including freight, duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Subsequent expenditures related to an item of property, plant and equipment are added to its carrying value only when it is probable that the future economic benefits from the asset will flow to the Company & cost can be reliably measured.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in Statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized

Depreciation

Depreciation is recognised for property, plant and equipment so as to write-off the cost less residual values over their estimated useful lives. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis taking into account commercial and technological obsolescence as well as normal wear and tear.

Depreciation on tangible assets is provided on straight line method over the useful lives prescribed under Schedule II of Companies Act, 2013

Free hold land is not depreciated.

Depreciation on additions to or on disposal of property, plant and equipment is calculated on pro-rata basis i.e. from (up to) the date on which the Property, Plant and Equipment is available for use (disposed off).

Derecognition of PPE

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the property, plant and equipment) is included in the statement of profit & loss when the property, plant and equipment is derecognized.

2.5 Intangible assets

On transition to Ind AS, the Company has opted to continue with the carrying value of all its intangible assets recognised as at 1st April, 2021 measured as per previous GAAP and used that carrying value as the deemed cost of the intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the disposal proceeds and the carrying amount of the asset and are recognised as income or expense in the Statement of Profit and Loss.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible Assets with finite useful lives are amortized on a straight line basis over the following period:

Transmission Line	10 Years
Computer software	3 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Research and Development costs

Research costs are expensed as incurred. Development costs relating to new projects are recognised as intangible assets and are carried forward under Intangible Assets under Development until the completion of the project when they are capitalised as Intangible assets, if the following conditions are satisfied:

- It is technically feasible to complete the asset so that it will be available for use;
- Management intends to complete the asset and use or sell it;
- There is an ability to use or sell the asset;
- It can be demonstrated how the asset will generate probable future economic benefits;
- Adequate technical, financial and other resources to complete the development and to use or sell the asset are available; and

- The expenditure attributable to the asset during its development can be reliably measured.

2.6 Investment properties

Investment Property is property held either to earn rental income or capital appreciation or for both, but not for sale in the ordinary course of business, use in production or supply of goods or services or for administration purposes.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation is provided over the estimated useful life of the investment property lives which may be different from the useful life prescribed in Schedule II to the Companies Act, 2013.

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

2.7 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in statement of profit and loss.

a) Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fairvalue, depending on the classification of the financial assets.

i) Financial assets at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, the Company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value, excluding dividends, recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

iii) Financial assets at fair value through profit or loss (FVTPL)

Investment in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading.

Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

De-recognition

The Company derecognizes a financial asset when the contractual rights to receive the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

Impairment of financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

b) Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

All financial liabilities are subsequently measured at amortised cost using the effective interest method the measurement of financial liabilities depends on their classification, as described below:

i) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

ii) Trade and other payables.

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability

that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the statement of profit or loss.

c) Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

Although the Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are re-measured at fair value through profit or loss at the end of each reporting period and the resulting exchange gains or losses recognized in profit or loss immediately. Assets/liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

d) Reclassification of financial assets and financial liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

e) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.8 Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre- tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses, including impairment on inventories, are recognised in the Statement of profit and loss.

For impairment of assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount.

2.9 Foreign exchange transactions

The Company's financial statements are presented in Indian Rupees which is the Company's functional currency.

Foreign currency transactions are recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies (except financial instruments designated as hedge instruments) are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

2.10 Employee benefits

a) Short Term Employee Benefit

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

b) Defined Contribution Plan

The Company makes contributions towards government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the statement of Profit and Loss in the period during which the related services are rendered by employees.

Prepaid contribution are recognised as an asset to the extent that a cash refund or reduction in future payments is available.

c) Defined Benefit Plan

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. In order to calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in Other Comprehensive Income. Net interest expense (income) on the net defined liability (assets) for the period is computed by applying the discount rate, used to measure the net defined liability (assets), to the net defined liability (assets) at the start of the financial year, taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

d) Other long-term employee benefits

The Company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value and fair value of any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Re-measurement gains or losses are recognised in profit or loss in the period in which they arise.

e) Termination benefits

The Company recognises a liability and expense for termination benefits at the earlier of the following dates:

- (a) When the entity can no longer withdraw the offer of those benefits; and
- (b) When the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

If the benefits are not expected to be settled wholly within twelve months of the reporting date, then they are discounted.

2.11 Income taxes

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income, in which case, the current and deferred tax are also recognised directly in equity or in other comprehensive income respectively.

a) Current tax

Current tax comprises the expected tax payable on the taxable profit for the year and any adjustment to the tax payable or receivable in respect of previous years. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Current tax is determined on the basis of taxable income and tax credits computed for the Company, in accordance with applicable tax rates (and tax laws), enacted or substantively enacted by the reporting date, of the respective jurisdiction where it operates.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

b) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

Deferred tax assets are recognised for all deductible temporary differences, carried forward tax credits and any tax losses. Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to offset deferred tax liabilities and assets and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.12 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities are not recognised but are disclosed in notes.

Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

2.13 Earnings per share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.14 Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.15 Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for its intended use are capitalised as part of the cost of the asset. All other borrowing costs are recognised as an expense in the period in which they are incurred.

2.16 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts that are repayable on demand, as they are considered an integral part of the Company's cash management.

2.17 Exceptional Items

When items of income and expense within profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items is disclosed separately as Exceptional items.

2.18 Non-Current Assets held for sale

The Company classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use and the sale is considered highly probable. Management must be committed to the sale within one year from the date of classification.

The Company treats sale/distribution of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value.
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicated that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

2.19 Critical accounting estimates and judgements

In the course of applying the policies outlined above, the Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future periods.

a) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making assumption and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward estimate at the end of each reporting period.

b) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The amount of tax payable in respect of any period is dependent upon the interpretation of the relevant tax rules. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

c) Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual development in the future. These includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

d) Fair value measurements

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The management determines the appropriate valuation techniques and inputs for fair value measurements. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. In case where level 3 inputs are applied, the Company engages third party qualified valuers to perform the valuation. The management works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model.

e) Insurance claims

Insurance claims are recognized when the Company has reasonable certainty of recovery. Subsequently any change in recoverability is provided for.

2.20 Key sources of estimation uncertainties

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to carrying amounts of assets and liabilities within the next financial years are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a) Useful lives and residual value of property, plant and equipment

Useful life and residual value of property, plant and equipment are based on management's estimate of the expected life and residual value of those assets and is as per schedule II to the Companies Act 2013. These estimates are reviewed at the end of each reporting period. Any reassessment of these may result in change in depreciation expense for future years.

b) Impairment of property plant and equipment

At the end of each reporting period, the Company reviews the carrying amounts of its property, plant and equipment to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs to sell and value in use. Value in use is usually determined on the basis of discounted estimated future cash flows. This involves management estimates on anticipated commodity prices, market demand and supply, economic and regulatory environment, discount rates and other factors. Any subsequent changes to cash flow due to changes in the above mentioned factors could impact the carrying value of assets.

c) Deferred tax assets

Deferred tax assets are recognised only to the extent it is considered probable that those assets will be recoverable. This involves an assessment of when those deferred tax assets are likely to reverse and a judgment as to whether or not there will be sufficient taxable profits available to offset the tax assets when they do reverse. The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. Any change in the estimates of future taxable income may impact the recoverability of deferred tax assets.

d) Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallizing or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized.

4.21 Segment reporting

The Board of Directors of the Company identified Textiles as primary business segment as the company mainly dealing in Textile business only

Further the board has identified two geographical segments i.e. 'Domestic' and 'Export' considering the political and economic environment. Type A customers, assets employed and risk parameters associated in respect of each of the geographical area.

Note: - For this Standalone Financial Results only board of Directors are responsible.

Nature and purpose of Reserves

Securities Premium

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provision of the Companies Act, 2013.

Retained Earnings

Balance of retained earnings consist of surplus retained from earned profit after payment of dividend. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Face value per share (₹)		10	10

Note:

(i) The Company did not have any potentially dilutive shares in any of the period presented.

30. Employee benefits

Defined contribution plans

Retirement benefits in the form of provident fund are defined contribution schemes for eligible employees. The group has no obligation, other than the contribution payable to the separately administered funds. The provident fund contributions as specified under the law are paid to the statutory provident fund authorities. Contributions are recognised as an expense in the year they are incurred.

The amounts recognized as expense for defined contribution plans are as follows:

Particulars	Year ended March 31, 2023	Year ended March 31, 2022
Provident fund	77.14	64.21

Defined benefit plans

Gratuity Plan

The company has a defined benefit gratuity plan, governed by provisions of the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member’s length of service and salary at the retirement date.

The Board decides its contribution based on the report of actuarial valuer. Leave encashment are paid on yearly basis and no leave is carried forward.

Interest risk

A decrease in the bond interest rate will increase the plan liability.

Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan’s liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan’s liability.

Disclosures for defined benefit plans based on actuarial valuation reports

Actuarial (gains)/loss arising from change in financial assumptions	(14.43)	-
Actuarial (gains)/loss arising from experience adjustments	(14.39)	(23.42)
Return on plan assets (excluding interest income)		
(Gain) / Loss recognised in Other Comprehensive Income	(28.82)	(23.42)

Changes in net defined benefit obligation

Particulars	Year ended March 31, 2023	Year ended March 31, 2022
Net Liability/(asset) at period beginning	133.33	118.20
Expenses recognized in Statement of Profit or Loss	39.67	38.55
Expenses recognized in OCI	(28.82)	(23.42)
Benefits paid directly by the employer	1.43	-
Employer's contribution	-	-
Net Liability/(asset) at period end	142.75	133.33

Principal assumptions used in determining gratuity liability for the group's plans are set out as below:

Particulars	Year ended March 31, 2023	Year ended March 31, 2022
Discount Rate	7.40%	7.40%
Future salary growth	7.00%	7.00%

Expected contribution for next financial year

Particulars	Year ended March 31, 2023	Year ended March 31, 2022
Gratuity	-	-

Sensitivity analysis of the defined benefit obligation

Particulars	Year ended March 31, 2023		Year ended March 31, 2022	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	124.03	169.38	113.80	157.98
Salary growth rate (1% movement)	169.23	123.79	157.67	113.66

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown above. Although the analysis does not take account of the full distribution of cash

flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities due to mortality and withdrawals are insignificant and hence ignored.

Sensitivities as to rate of inflation, rate of increase of pensions in payments, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

Maturity profile of defined benefit obligation (Undiscounted amount)

Particulars	Year ended March 31, 2023	Year ended March 31, 2022
Within 1 year	8.65	2.82
1 - 2 year	5.00	4.36
2 - 3 year	5.14	4.45
3 - 4 year	5.23	4.42
4 - 5 year	5.50	4.38
Above 5 years	23.57	25.20

31. Contingent liabilities & commitments (to the extent not provided for)

Particulars	Year ended March 31, 2023	Year ended March 31, 2022
A. Contingent liabilities	-	-
i) Claims against the company not acknowledged as debts	-	-
ii) Disputed demands in respect of	-	-
Central excise & service tax	-	-
Income tax	-	-

The company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its financial statements. The company also believes that the above issues, when finally settled are not likely to have any significant impact on the financial position of the company. The company does not expect any third party reimbursements in respect of above contingent liabilities.

B. Commitments	EURO	INR	EURO	INR
	31.03.2023		31.03.2022	
i) Duty Saved For the unmatched Export Obligation		4,193.73		4,193.73
ii) Company GWS subsidy Reversal		32.26		32.26
iii) a) Capital Commitments		4,264.12		3,188.80
iii) b) Capital Commitments	43.88	3,607.68	43.88	3,688.97

32. Corporate social responsibility expenditure

Particulars	Year ended March 31, 2023	Year ended March 31, 2022
Amount required to be spent during the year	15.66	12.54
Amount of expenditure incurred on		
(i) Construction or acquisition of any assets		
(ii) On purpose other than (i) above	15.88	13.81
	15.88	13.81

Shortfall at the end of the year

Total of previous years shortfall

Notes

i) Reasons for shortfall	NA	NA
ii) Nature of CSR activities		
Promoting education, including special education and employment enhancing vocation skills especially among children , women, elderly, differently abled, livelihood enhancement projects, social welfare, environmental sustainability and healthcare	15.88	13.81
iii) Details of related party transactions in relation to CSR expenditure as per relevant Accounting Standard e.g., contribution to a trust controlled by the company	NA	NA
iv) Where a provision is made with respect to a liability incurred by entering into a contractual obligation, the movements in the provision during the year	NA	NA

33.

The response to letters sent requesting confirmation of balances has been insignificant. In the management's opinion, adjustments on reconciliation of the balances, if any required, will not be material in relation to the financial statements of the company and the same will be adjusted in the financial statements as and when the confirmations are received and reconciliations completed.

34.

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020.

The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

35.

The company's main objects envisage carrying on business in various textile & other products. Current operations, according to the management, constitute a single segment and accordingly there are no

reportable segment in accordance with the requirement of Ind AS- 108 'Operating Segment Reporting' notified under the companies (Indian Accounting Standards) Rules, 2015.

Further the geographical segment have been considered as secondary segment and bifurcated into Domestic and Export segment.

A. Geographical Bifurcation

Particulars	31-03-2023	31-03-2022
Segment Revenue		
Domestic Sale	42,488	22,191
Export Sale including Incentives	27,400	36,763
Total	69,888	58,954
Segment Assets		
(Based on the location of the Assets)		
Within India	39,298	32,235
outside India	-	-
Capital expenditure incurred during the year		
Within India	1,531	3,055
outside India		

B. There are no non-Current assets outside India.

C. There are no sales (PY Rs NIL) made to any customer more than 10% of turnover of the company.

36.

Ind AS 24 Related Party disclosures

As per (AS) 24, Related Party Disclosure, issued by the Institute of Chartered Accountants of India, The details of related parties are as below:

- List of related parties where control exists and related parties with whom transactions have taken place and relationships:

S. No.	Name of the Related Party	RELATIONSHIP
1	Kailashchandra H. Laddha	Key Management Persons
2	Yogesh Laddha	Key Management Persons
3	Maheshchandra K. Ladha	Key Management Persons
4	Ashish International (Prop. Maheshchandra Laddha)	Key Management Persons
5	Kamlesh Ladha	Key Management Persons
6	Citifab Sutting (Prop. Pallavi Laddha)	Key Management Persons
7	Pallavi Yogesh Laddha	Key Management Persons
8	Seema Synthetics (Prop. Kamlesh K. Ladha)	Key Management Persons
9	Prachi Creation	Key Management Persons
10	Kamlesh Synthetics (Prop. Kantadevi K. Ladha)	Relative of Key Management persons
11	Shree Synthetics (Prop. Seema K. Laddha)	Relative of Key Management persons

12	Palak Garments (Prop. Parmila Ladha)	Relative of Key Management persons
13	Charbhuj Impex (Ashish Maheshchandra Laddha)	Relative of Key Management persons
14	Aarav Ladha Trust	Relative of Key Management persons
15	Adity Laddha Trust	Relative of Key Management persons
16	Palash Ladha Trust	Relative of Key Management persons
17	Mirdev Laddha Trust	Relative of Key Management persons
18	Kailashchand Ladha Huf	Relative of Key Management persons
19	Maheshchandra Ladha Huf	Relative of Key Management persons
20	Kamlesh K. Ladha Huf	Relative of Key Management persons
21	Jack N Jill (Prop. Yogesh Laddha Huf)	Relative of Key Management persons
22	Aditi Maheshchandra Laddha	Relative of Key Management persons
23	Ashish Maheshchandra Laddha	Relative of Key Management persons
24	Fornax Fashion Pvt Ltd	Directors are Director of Company
25	Druhinah Agro Pvt. Ltd.	Directors are Director of Company
26	Everstrong Marketing Pvt Ltd	Directors are Director of Company

Note: Related party relationship is as identified by the Company and relied upon by the auditors.

Total		25,888.82	3.61	25,892.43	23,747.61	6.90	23,754.51

B. Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the financial instruments have been classified into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation techniques used to determine fair value

- I. Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities measured at amortized cost is approximate to their carrying amounts largely due to the short-term maturities of these instruments. The fair value of other non-current financial assets and liabilities (security deposit taken/given and advance to employees) carried at amortized cost is approximately equal to fair value. Hence carrying value and fair value is taken same.
- II. The fair value of forward foreign exchange contracts is determined using quoted forward exchange rates at the reporting date. Management has evaluated the credit and non-performance risks associated with its derivative counterparties and believe them to be insignificant and not warranting a credit adjustment.
- III. Long-term variable-rate borrowings measured at amortized cost are evaluated by the group based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values. Risk of other factors for the group is considered to be insignificant in valuation.
- IV. "Fair value change through profit & loss, has been disclosed in statement of profit & loss under the heading-"Foreign exchange gain/loss".
- V. The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate the fair values:
- VI. Except for those financial instruments for which the carrying amounts are mentioned in the above table, the company considers that the carrying amounts recognised in the financial statements approximate their fair values. For financial assets that are measured at fair value, the carrying amounts are equal to the fair values.

38. Financial instruments - Fair values and risk management

D. Financial risk management

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of directors is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risk faced by the Company, to set appropriate risks limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in the market condition and Company's Activities.

The Company's Board of Directors oversee how management monitors compliances with the company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to risks faced by the Company.

Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

1. Market Risk:

Market risk is the risk that changes in the market prices such as foreign currency risk, interest risk, equity price and commodity prices. The market risk will affect the company's income or value of its holding of financial instruments. The objective of the market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the returns.

2. Foreign currency risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

The Company undertakes transactions denominated in foreign currencies and is exposed to foreign exchange risk. Foreign currency risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

a. Particulars of foreign currency exposures as at the reporting date

Currencies	Amount in Foreign currency		Carrying Value INR	
	31.03.2023	31.03.2022	31.03.2023	31.03.2022
Liabilities				
USD	4.25	3.95	352.68	292.38
Assets				
USD	69.48	94.08	256.01	675.07

b. Derivative financial instruments

The Company holds derivative financial instruments such as foreign currency forward contracts to mitigate the risk of changes in exchange rate on foreign currency exposure. The counterparty for these contracts is generally a Bank or a Financial Institution. These derivative financial instrument are valued based on quoted prices for similar asset and liabilities in active markets or inputs that is directly or indirectly observable in the marketplace.

Derivatives outstanding as at the reporting date.

Particulars	Buy / Sell	No. of Outstanding Contracts	Amount in Foreign currency	Carrying Value INR	Weighted Average Strike Price / Rate
Firm commitment and highly probable forecast transaction					
Forward contracts					
USD / INR as at 31.03.2023	Buy	37.00	72.20	5,980.25	82.83
USD / INR as at 31.03.2022	Buy	99.00	205.00	15,829.24	77.22

c. The Periods during which the cash hedges are expected to occur and affect the statement of Profit and Loss are disclosed as under:-

Period during which cash flows are expected to occur and affect Profit and Loss	Fair Value in Booking Currency (in Lakh)	
	31-03-2023	31-03-2022
	Sell USD	Sell USD

f. The movement in OCI for forward contract designated as cash flow hedge is as follows:

Currencies	31.03.2023	31.03.2022
For forward contract designated as cash flow hedge		
Balance at the beginning of the year	5.66	-
Additions on account of Changes in the fair value of effective portion cash flow hedge	-5.38	5.66
Balance at the end of the year	0.28	5.66
For fair value gain/loss on investments		
Balance at the beginning of the year	-14.84	-14.19
Additions on account of Changes in the fair value of effective portion cash flow hedge	-1.59	-0.65
Balance at the end of the year	-16.42	-14.84

3. Interest rate risk:

The company is exposed to interest rate risk because it borrows fund at both fixed and floating interest rates. The risk is managed by the company by maintaining an appropriate mix between fixed and floating rate borrowings. The company's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management setting of this note.

Sensitivity Analysis:

The Sensitivity analysis have been determined based on the exposure to interest rates for both derivatives and non-derivatives at the end of the reporting period. For floating rate liabilities, the analysis prepared assuming the amount of the liability outstanding at the reporting period was outstanding for whole year. A 50 basis point increase or decrease represent management's assessment of the reasonably possible change in the interest rate profit for the year ended 31st march 2023 would decrease/increase by **Rs 72.67 Lakhs (Previous year Rs 70.64 Lakhs)** if interest rates had been 50 basis points higher/lower and all other variables were held constant.

4. Price risk:

The company is not exposed to any instrument which has price risks arising from equity investments which is not material.

5. Credit risk:

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company's exposure to credit risk primarily arises from trade receivables, balances with banks, investments and security deposits. The credit risk on bank balances is limited because the counterparties are banks with good credit ratings.

Financial assets are written off when there is no reasonable expectation of recovery. Where the loans and receivables were written off and subsequently recoveries are made, these are recognised as an income in the financial statements.

Trade Receivables

The Company assesses the creditworthiness of customers internally to whom goods are sold on credit terms in the normal course of business. The credit exposure for each customer is defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

Credit risk is managed through credit approvals, establishing credit limits, continuous monitoring of creditworthiness of customers to which the company grants credit terms in the normal course of business. The Company also assesses the financial reliability of customers taking into account the financial condition, current economic trends and historical bad debts and ageing of accounts receivables.

Cash & Cash Equivalents

Credit risk on cash and bank balances is limited as the Company generally invests in deposits with banks and financial institutions with good ratings assigned by credit rating agencies. Investments primarily include investment in liquid mutual fund units, bonds, fixed maturity plan etc. issued by institutions having proven track record. The Company's credit risk in case of all other financial instruments is negligible.

6. Liquidity risk management:

The Company's objective is at all times to maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. The Company relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

Expected contractual maturity for financial liabilities

March 31, 2023	On demand	Up to 1 year	1-2 years	2-4 years	4-7 years	Total
Long term borrowings	-	-	558.13	1,734.34	5,142.11	7,434.58
Short term borrowings	5,902.61	1,196.50	-	-	-	7,099.11
Trade payables	-	10,851.34	-	-	-	10,851.34
Other financial liabilities	-	507.40	-	-	-	507.40
	5,902.61	12,555.24	558.13	1,734.34	5,142.11	25,892.43

The above table has been drawn up based on the undiscounted contractual maturities of the financial liabilities including interest that will be paid on those liabilities up to the maturity of the instruments, ignoring the call and refinancing options available. The amounts included above for variable interest rate instruments for non-derivative liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

39. Capital management

The company manages its capital to ensure that it will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The capital structure of the group consists of net debt and total equity of the group.

The group determines the amount of capital required on the basis of annual as well as long term operating plans and other strategic investment plans. The funding requirements are met through long-term /short-term borrowings. The group monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the group.

Particulars	Note	31.03.2023	31.03.2022

Net debt d = (a+b-c)		13,116.71	14,087.97

Total Equity (e)	11,593.73	6,784.10
Capital and Net Debt f = (d+e)	24710.45	20872.07
Gearing Ratio (d/f)	53.08%	67.50%

40. Financial ratios

Particulars	Numerator	Denominator	As at March 31, 2023	As at March 31, 2022	Variance %
Current ratio	Current assets	Current liabilities	1.52	1.34	14%
Debt equity ratio	Total debt	Shareholder's equity	1.25	2.08	(40%)
Debt service coverage ratio (DSCR)	Earning for Debt Service	Debt Service	2.42	1.85	31%
Return on equity (ROE) %	PAT	Average shareholders' equity	0.14	0.12	17%
Inventory turnover ratio	Revenue from operations	Average inventory	7.04	7.60	(7%)
Trade receivables turnover ratio	Revenue from operations	Average trade receivables	5.26	5.95	(12%)
Trade payables turnover ratio	Adjusted Expenses	Average trade payables	6.48	7.83	(17%)
Net capital turnover ratio	Revenue from operations	Working capital	6.80	9.96	(32%)
Net profit %	PAT	Revenue from operations	0.02	0.01	42%
Return on capital employed (ROCE) %	PBIT	Capital employed	0.12	0.10	19%
Return on investment (ROI) %	Investment income	Average investments	NA	NA	NA

Notes:

1. PBIT : Profit before interest and taxes including other income
2. Earning for Debt Service: Net Profit after taxes + depreciation + interest + profit on sale of property, plant & equipment
3. Debt Service: Interest + lease payments + principal repayments
4. PAT : Profit after taxes
5. Investment income refers net gain on sale of investments and net fair value gain
6. Total debt: Borrowings + lease liabilities
7. Adjusted expenses refers to purchases & other expenses net of non-cash expenses and donations
8. Working capital refers to current assets minus current liabilities
9. Capital employed: Shareholders' equity + Debt + Deferred Tax Liability
10. Average investments excludes investments in associates & subsidiaries

Explanation for variances exceeding 25%:

1. Debt equity ratio:-Debt equity ratio is decreased mainly due to increase in equity share capital during the year.
2. Debt service coverage ratio:-DSCR is increase mainly due to increase in profit for the year.
3. Net capital turnover ratio:-Net capital turnover ratio is reduced due to increase in working capital as the bank working capital limits are utilised to meet internal accruals.
4. Net Profit%:-Net profit ratio increase due to higher profits in the year.

Additional regulatory disclosures

- I. The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- II. The Company does not have any charges or satisfaction which are yet to be registered with ROC beyond the statutory period.
- III. The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- IV. The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.
- V. The Company does not have any transactions with companies struck off.
- VI. The Company does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

The Company has not advanced or loaned or invested funds (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries).
- VIII. The Company has not received any fund from any party(s) (Funding Party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- IX. In respect of working capital borrowings from banks on the basis of security of current assets, quarterly statements of current assets filed by the Company with banks are in agreement with the books of accounts.
- X. New Loans taken and their utilisation:-The Company has taken loans of Rs 118.36cr for running new project as spinning Unit & Rs 500.74 new Term loan & Rs 52.34 lakhs for vehicles loan in Denim Unit during the year and the same are utilised for the same purpose for which there are taken.

41. First Time Adoption of Ind AS

Transition of Ind As

These are the company's first standalone financial statements prepared in accordance with Ind AS. The accounting policies set out in Note 1 have been applied in preparing the financial statements for the year ended 31st March, 2023, the comparative information presented in these financial statements for the year ended 31st March 2022 and 1st April, 2021. The effective date for companies Ind AS opening Balance sheet is 1st April, 2021. (The date of transition to Ind AS.) These financial statements, for the year ended 31st March, 2022, are the first annual Ind AS financial statements, the company has prepared in accordance with Ind AS. For periods up to and including the year ended 31st March, 2022, the company prepared its financial statements in accordance with Accounting Standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) rules 2014 (India GAAP). Accordingly, the company has prepared financial statements which comply with Ind AS applicable for periods ending on 31st March, 2023, together with comparative period data as at and for the year ended 31st March 2022, as described in the summary of significant accounting policies. In preparing these financial statements, the company's opening balance sheet was prepared as at 01st April 2021, the company's date of transition to Ind AS. This note explains the principal adjustments made by the company in restating its Indian GAAP financial statements, including the balance sheet as at 01st April, 2021 and the previously published Indian GAAP financial statements as at and for the year ended 31st March, 2022.

(a)	Current Tax	478.66	(15.19)	463.47
(b)	Deferred Tax	(44.89)	1.39	(43.50)
XI.	Profit/(Loss) for the period from continuing operation (IX-X)	772.49	(1.88)	770.62

The previous GAAP figures have been reclassified / remeasured to conform to Ind AS presentation requirement for the purpose of this note.

Notes:

Under previous GAAP, investments are stated at cost while under Ind AS the same are measured at surrender value. Thus reduction in investment value of Rs. 22.80 lakhs as on 31.03.2022 is considered as comprehensive income and adjusted in fair value reserve under other equity.

Under previous GAAP, Loan processing fees of term loans were capitalised with cost of respective fixed assets while under Ind AS, Loan processing fees to be amortised over the period of loan. However considering the exemptions given in Ind AS 101, adjustments are made of current year loan processing fees only. Thus loan processing fees of Rs. 24.36 lakhs are deducted from CWIP as on 31.03.2022.

Under previous GAAP, actuarial gains/losses were recognised in the statement of profit & loss while under Ind AS the actuarial gains / losses are recognised in the other comprehensive income. Consequently, the tax effect of the same has also been recognised in other comprehensive income. The actuarial loss for the year ended 31.03.2022 was Rs. 27.33 lakhs and the tax effect there on is Rs.

9.27 lakhs. This change does not affect total equity but there is increase in profit before tax by Rs. 18.06 lakhs.

Under previous GAAP, mark to market loss on forward contracts were charged in the statement of profit & loss while under Ind AS, effective portion of the cash flow hedge to be recognised in other comprehensive income. Effective portion of cash flow hedge was Rs. 8.70 lakhs and tax effect thereon is Rs. 3.04 lakhs.

Under previous GAAP, Capital Subsidy & Excise Refund were treated as capital receipts and credited in Capital Reserve while under Ind AS, excise refund has been deducted from cost of assets and subsidy is transferred to deferred government grant. Consequently deferred government grant of Rs. 27.42 lakhs charged in statement of profit & loss while depreciation of Rs. 4.36 lakhs reversed on refund amount in statement of profit & loss.

42. Approval of financial statements

These standalone financial statements were authorised for issue by the company's Board of Directors on Date: 30.05.2023.
