Q3 & 9M FY23 Result Highlights

Commenting on the results,
Mr. Mukesh Patel, Chairman and Managing Director said...

// After navigating through the challenging first half of FY23, our company has shown pricing discipline, innovation capability through successfully completing installation and commercial launch of Big Slab Production line at Talod. The product is now gradually gaining acceptance amongst key customers. We have also started to see improvement in demand for our regular products from Real Estate Sector. We have focussed on building our brand further in this tough operating environment and this should help us further as we keep expanding our distribution network. Export demand has started to improve in Morbi and this will help the Domestic Industry both on realisations and volume growth. Our shift to alternative fuels has been successful and has helped us to achieve higher cost efficiency. After completing Padra Plant shutdown and Talod Plant shutdowns, we are now looking at closing FY23 with higher volume growth.

Western markets have remained challenging but have improved from the second quarter. We have seen far higher improvement in the Southern markets. Both the markets together constitute about 80% of our total sales. We are hopeful that recent corrections in input prices should lead to better margins going forward. We expect gradual pickup in demand for tiles with fast moving construction and new housing projects. Also, government's push towards affordable housing shall augur well for demand for building material products.

Our Company is focused on creating best designs with integrated technology and deliver products which are visually appealing to our customers. Our company concentrates in investing in innovation and R&D in order to cater to needs of clients' modern lifestyles and infrastructure. With our strong product profile, new line at Talod and strong distribution network, we are well poised to increase our penetration in untapped geographies. //

- Higher Marketing spends in Q2 and Q3 due to new Big Slab Product launch, Ajay Devgan appointment as Brand Ambassador, high decibel marketing across Airports and Key Markets. and provisioning against receivables led to higher than normalized other expenses in Q3FY23.
- Our focus on Building Brand is also reflected in higher EBITDA margins vs. average industry margins.
- Sales Volumes in Q3 were negatively impacted by a Strong Festive season in October, Maintenance Shutdown of Padra Plant in December, Sluggish Demand in West India owing to slow revival of demand. Continued higher discounts from industry players led to a tough operating environment. However, we have seen material improvement vs last quarter

Sales Volume (in Msm)

- Sales Volumes declined by 6.9% YoY to 2.2 Msm in Q3FY23, but but were up 8% QoQ vs. Q2FY23.
- Sales Volumes were negatively impacted due to
 - a) Strong Festive season in October month led to lower demand for products . We saw Diwali, Durga Puja and Chatth Puja, all in October 2022.
 - b) Lower production volumes owing to maintenance shutdown in Padra plant during December 2022. This was partly offset by commercial launch of new Big Slab Production line at Talod Plant from October 2022. This production line had witnessed shutdown in Q2FY23 due to conversion to new Big Slab production line.
- Demand from Real Estate Market has improved in Q3FY23. Export volumes have also started to improve QoQ.

COMMERCIAL MARKET LAUNCH OF BIG SLAB

- Big Slab manufacturing facility was setup at existing plant at Talod with capacity of 1.4 million sq. mtrs p.a during H1FY23
- Big Slab are Large format GVT tiles admeasuring 9mm/20mm with thickness in various sizes of 800x2400, 800x3000, 800x3200, 1200x1800 & 1200x2400.
- Capex for setting up the big slab production line was funded out of internal accruals
- Commercial production started w.e.f. 18th October, 2022
- Demand for Big Slab Product continues to increase, Product is a new entry into the industry.
