ATC opts to convert ₹1,440 cr Vi debt bonds into equity

SUBHAYAN CHAKRABORTY
New Delhi, 19 March

Vodafone Idea (Vi) will issue equity shares worth ₹1,440 crore to ATC Telecom Infrastructure Pvt Ltd (ATC TIPL), the Indian arm of American Tower Corporation, Vi said on Tuesday.

On March 18, ATC TIPL requested the 14,400 optionally convertible debentures (OCDs) held by it be converted into 1,440 million shares at a face value of ₹10 each, the telecom operator said in an exchange filing.

The move will marginally reduce Vi's debt burden.

In February last year, loss-making Vi had allotted OCDs worth ₹1,600 crore to ATC TIPL against the dues to the latter. The proceeds were being used by Vi to clear its dues to the US tower company, estimated at more than ₹2,000 crore.

OCDs are debt securities on which the issuer pays interest to the investor till the maturity date.

In the second quarter of calendar year 2023, ATC had said it recognised a ₹238.5 crore (\$29 million) unrealised gain on the OCDs.

The conversion price of ₹10, at the time of OCD issuance was at a premium to the then prevailing market price of Vodafone Idea shares.

Subsequently, the term of redemption of the first tranche of OCDs, amounting to ₹800 crore, was extended from the initial six months to 18 months, in August 2023.

"ATC TIPL is one of the largest infrastructure service providers for ViL and both entities have a long-term relation-

Vi to meet institutional investors

Vodafone Idea (Vi) executives will be in a huddle with institutional investors in Singapore on Wednesday in their bid to raise funds for the cash-strapped firm. Similar meetings are lined up in Mumbai on Thursday and Friday, the company said in an exchange filing.

The firm said no unpublished price sensitive information (UPSI) is proposed to be shared by it during the investor meetings, which will be both one-to-one and group. Last month, Vi's board had approved a ₹45,000-crore fundraising plan, through both equity

and debt. This included a ₹20,000 crore equity-based fund raise from existing investors. Vi's CEO Akshaya Moondra has said a commitment by the promoters to put up ₹2,000 crore towards meeting payment obligations remains active.

The company has missed several self-imposed deadlines to raise funds, with the latest being December 31, 2023. Any new funds raised from banks will be used for deployment of capital expenditure, and not to service existing dues, Moondra said last year.

SUBHAYAN CHAKRABORTY

ship," Vi said on Tuesday. After the latest announcement, ATC TIPL will still hold OCDs worth ₹160 crore.

However, ATC's India business is itself set for a change in corporate ownership this year.

In January, Canada-based Brookfield Asset Management acquired ATC TIPL

for an enterprise value of ₹16,628 crore. The transaction is subject to regulatory approval and expected to close in the second half of 2024, Brookfield said.

The combined entity is expected to have over 253,000 towers, trumping the current market leader Indus Towers and its 204,000 tower sites.

Misleading ad case: Top court summons Ramdev, Balkrishna

The Supreme Court on Tuesday summoned Patanjali Ayurved's Co-founder Baba Ramdev and Managing Director Acharya Balkrishna to appear before it for failing to reply to the court's contempt notice. This notice was issued against them and the company in relation to the misleading advertisements case.

The court, on February 27, issued a contempt notice to Patanjali Ayurved and Acharya Balkrishna for flouting its previous orders by continuing to make false and misleading claims regarding the efficacy of their products in

curing diseases. Both the firm and Balkrishna had been asked to reply in three weeks why action against them should not be taken. "How can you be in teeth of our orders? We had our hands tied earlier but not now," a Bench of Justices Hima Kohli and Ahsanuddin Amanullah said. Senior advocate Mukul Rohatgi, appearing for Patanjali Ayurved said: "How does Ramdev come into the picture? Violation of law is not contempt of court. What is being relied on in open court has to be recorded in the order." BHAVINI MISHRA

Gleneagles set to expand India footprint, says CEO

SOHINI DAS
Mumbai, 19 March

Gleneagles Healthcare India, a wholly-owned subsidiary of Malaysia's healthcare giant IHH Healthcare Berhad, is set for its next phase of growth in India.

Operating with 1,500 beds across six hospitals in Mumbai, Chennai, Bengaluru and Hyderabad, the hospital chain is now scouting for suitable acquisitions of 250-300-bed hospitals in proximity to its existing locations. It has a turnover of around ₹1,000 crore now. Speaking to *Business Standard*, Anurag Yadav, CEO of Gleneagles Healthcare India, said, "We believe in a cluster-approach. We

are open to potential acquisitions in and around the locations where we are present at the moment.

We also plan to do brownfield expansion in our existing facilities." Yadav said that they have not yet set any target bed-count for expansion and that their network hospitals are operating at 65-70 per cent occupancy levels.

Last year, IHH Healthcare inked an agreement to buy out the remaining stake held by Ravindranath Kancharla and his affiliates in Ravindranath GE Medical Associates (RGE) for about ₹740 crore. IHH and RGE were operating Gleneagles Global Hospitals as a joint venture.

Ayodhya on track to be biggest spiritual destination: IHCL CEO

Ayodhya is on track to become the world's biggest spiritual destination as infrastructure improves in the temple city and more Indians travel for religious reasons, said Puneet Chhatwal, managing director and chief executive officer of Indian Hotels Company Limited (IHCL).

He rejected the notion that so-called revenge tourism - individuals or groups undertaking extensive or extravagant trips following a period of pandemic-induced restrictions - led to the recent boom in the travel industry. People are travelling because they have higher disposable income, their priorities have changed, and there is a feel-good factor, he said. IHCL has signed three hotels across SeleQtions, Vivanta and Ginger brands in Ayodhya. DEEPAK PATEL

Routematic bets on AI to tap corporate commuters

SURAJEET DAS GUPTA
New Delhi, 19 March

Office-goers no longer have to face surge pricing when travelling even during peak hours in Bengaluru in return for a cost of between ₹99-₹225 for a guaranteed timely service.

Bengaluru-based corporate commute start-up Routematic is set to transform corporate transport by focussing on individual commuter needs. It has launched B2B services which club together commuters through AI technology. The service aggregates commuters who work in different companies but have similar travel patterns on the same route and to the same business parks.

Christened COCO Rides, Routematic's project has tied up with real estate company Brookfield which owns Ecoworld Park. This will facilitate Routematic's service to Ecoworld Park's 100 plus tenants (companies) who in turn can provide it to their employees. Routematic has also signed up with Embassy Tech Village where the largest client is Flipkart.

HOW IT WILL WORK

- Tie up with realty firms owning business parks and offer vehicle seats to employees working in companies who have leased space during normal office hours
- Offer only employees of those firms access to the app to book seats
- Company pools requirements of commuters working in different companies who want to travel on the same route at predetermined time
- Offer guarantee on timing
- Employees pay per seat with no surge price

₹999 including the toll. Sriram Kannan, founder & CEO, Routematic, said it was just the beginning as the service has only just been launched in two business parks. He plans to go to 10 campuses very soon, and do a fundraiser for big expansion.

"The market size is huge. There are 16.7 million employees who work in IT/ITES parks around the country. 75 per cent of the transport requirement is in the day time. We currently provide technology and transportation services to 200 such companies in campuses for their mandated night shift requirements in nine cities where we do 80,000 trips a day," said Kannan. What COCO Rides is offering, he adds, is an additional service to those who do not travel during the mandated time period.

"Our model is simple. We are looking at providing 100 per cent of the transport requirement of a commuter, rather than spreading thin to many commuters which is the ride share taxi model," he said.

UltraTech gets CCI nod for Kesoram Cement deal

UltraTech Cement on Tuesday said the Competition Commission of India (CCI) has approved the proposed scheme of arrangement between Kesoram Industries and itself to acquire the cement business. In November, the firm said, Kesoram will demerge its cement business into UltraTech. The deal is being executed at an enterprise value of ₹7,600 crore. BS REPORTER

Dr Reddy's Labs launches cancer cure drug in UK

Dr Reddy's Laboratories on Tuesday announced the launch of its cancer treatment drug Versavo in the UK. Versavo is a bio-similar of Avastin, a registered trademark of Roche, and is indicated for the treatment of several types of cancers. It is available in 100 mg and 400 mg single use vials. PTI
