LLOYDS METALS AND ENERGY LIMITED

EARNINGS PRESENTATION

Q4- FY23/FY-23

- Lloyds Metals & Energy Ltd. (Lloyds) was incorporated in 1977 as a steel manufacturing company.
- Lloyds Steel, a Group Company, was a pioneer in setting up India's first private sector Steel Plant in Wardha.
- The company is originally promoted by experienced businessmen Mr. Mukesh Gupta, Mr. B.L. Agarwal, and Mr. Rajesh Gupta. Company has entered into Strategic Partnership with Thriveni Earth Movers Pvt Ltd (Co-promoter), India's biggest MDO contractor
- Lloyds was awarded a lease for iron ore mines in 2007 at Surjagarh Village, Gadchiroli district, initially for a period of 20 years & extended to 50 years under MMDR Act, 2018. This district has Maharashtra's richest iron ore reserves.
- In 2021, the company entered into a strategic partnership with one of the largest mining development operators, Thriveni Earthmovers (Co-promoter), and from FY22 the mines have recommenced operations in full capacity.
- Today, Lloyds is present across iron ore mining, to DRI manufacturing, and is further forward integrating into steel manufacturing.
- According to the Maharashtra Government's Directorate of Geology and Mines, the mines had 90 million tonnes of iron ore reserves in 1980. Reevaluations of iron ore reserves in mines indicate reserves of 180+ million tons. The final, UNFCC-approved JORC report will be released shortly after, under the aegis of Tata Steel Industrial Consulting Limited, and is anticipated by H1 FY. 24.
- The company is the largest coal based DRI manufacturer of Maharashtra, Ghugus Village, Chandrapur district, with a production capacity of 270,000 TPA, along with a captive power plant with 30MW capacity. Forward integration of this plant is being planned.
- Received EC for setting up a mineral based Steel plant at Konsari, Gadchiroli district for manufacturing the DRI with capacity of 72,000 MTPA.

The Journey till 2022 – Ready for the Growth Bandwagon

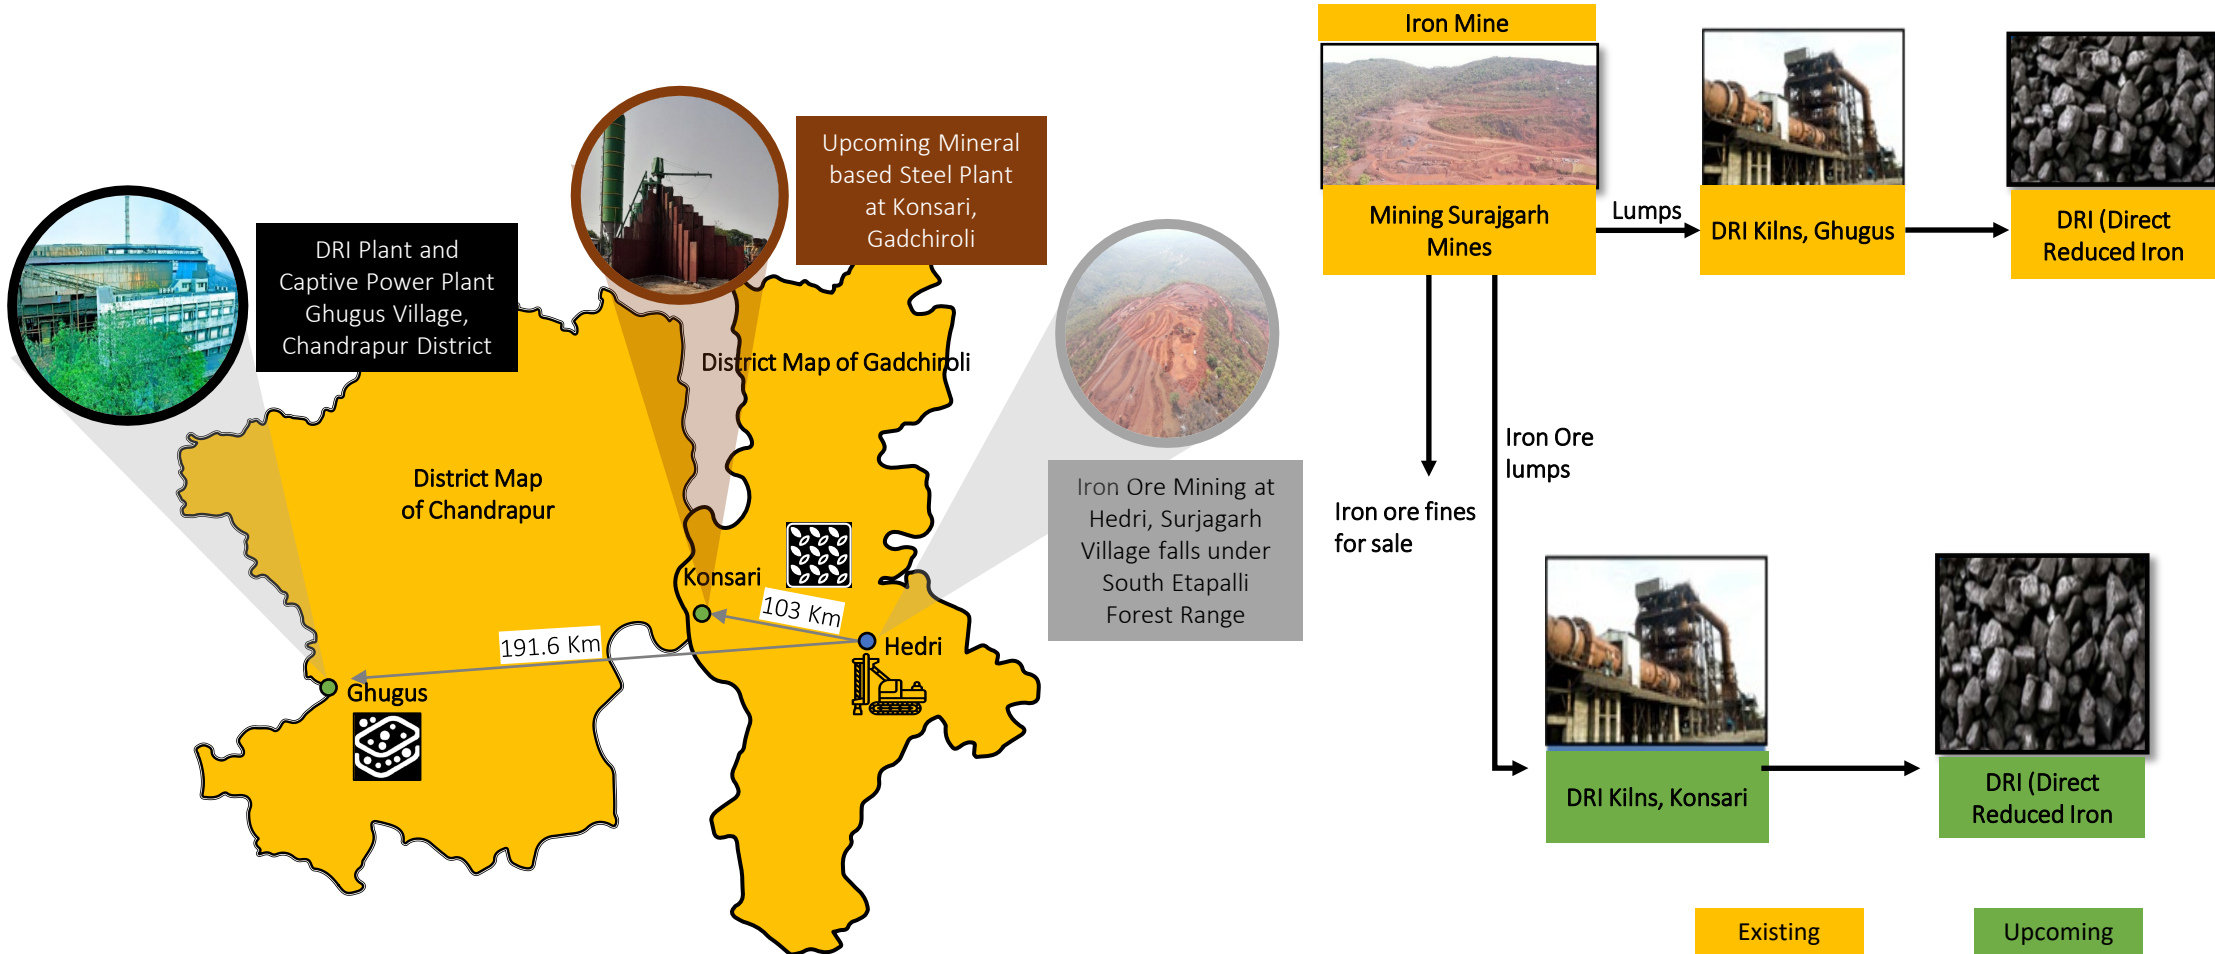

The Lloyds Iron Ore Mine is strategically located at the centre of India making it equidistant from most steel plants across the country

Current bandwidth already in place to mine upto 10mnt p.a

Lloyds Metals and Energy Ltd Iron Ore Mine at Surjagadh Received 5 Star Rating from Indian Bureau of Mines. Surjagadh, India. This prestigious rating is a recognition of LMEL's commitment to safety, environmental protection, and productivity.

Comments by Mr. B Prabhakar Director of Lloyds Metals and Energy Ltd

"This recognition is a testament to our commitment to safety, sustainability, and responsible mining practices. We have always prioritized the safety and well-being of our employees and the protection of the environment in which we operate. This achievement is a result of our team's hard work and dedication."

- The Government of India ("GOI") has approved the Company's request to enhance the iron ore capacity for the mine. Accordingly, the GOI has granted Environmental Clearance ("EC") and Maharashtra Pollution Control Board ("MPCB") has issued Consent to Operate ("CTO").
- With this, the Capacity of the Mine has now been enhanced to 10 Million Tonnes per annum from 3 Million Tonnes per annum.
- The Company has commenced mobilisation of all necessary equipment and machinery to mine the enhanced capacity.
- It has also re-assessed its iron ore reserves in existing mines. Initial drilling conducted in the year 1972 pegged reserves at 90million tonnes.
- The Company engaged with Tata Steel Industrial Consulting Limited. A team to reassess the resources based on an enhanced drilling mechanism. Preliminary reports suggest reserves of 180+ Million Tonnes. These are preliminary studies and the final UNFCC-approved JORC report shall be issued under the aegis of Tata Steel Industrial Consulting Limited soon after their detailed study, which is expected by H1 F.Y. 24.

- DRI and power production for Q4FY23 was higher by 47% and 28% respectively.
- Realisation for Sponge and power remain stable QoQ.

Commenting on the performance of the Company, Mr Rajesh Gupta - Director, said:

“FY23 has been the first full year of our iron ore mining operations. The journey so far has been quite encouraging. We have built a full ecosystem wherein our future growth has been given a meaningful direction. We created an infrastructure in the Gadchiroli region which shall be very instrumental for our future growth.

Our FY23 performance, begin on a sound note but was slowed in Q2 on account of various domestic and global factors. That led to some softening in ore prices as the market was re-balancing the demand/supply situation. However, post Q2FY23 iron ore prices have been quite stable and have been looking very encouraging. We have been witnessing a steady improvement in our realisations and margin, thus recording peak realisations in Q4FY23 for FY23. Our sponge and power plant operations have seen a remarkable improvement in their performance. Our Capacity utilisation for the DRI plant increased to 76% in FY23 as against sub-45% in FY22. We thus end FY23 on a sound footing with an overall improvement in all aspects, with a big kicker being the enhanced capacity of our iron ore mine to 10mnt per annum. This is expected to take the growth of our company to a new trajectory altogether. Along with enhanced capacity, economies of scale too would have a sustainable impact on our margins going ahead”.

Further commenting on overall performance, Mr Mukesh Gupta-Chairman said:

“It gives us immense pleasure to look at our FY23 performance. We have seen a leap in our growth in a tough social and challenging economic environment. Going ahead with our strategy of being present in the complete value chain of steelmaking, the company has laid out a systematic roadmap which shall transform the company into an integrated steel producer. Our growth roadmap further manifests that all its capex plans are met through our internal accruals only. We are confident that the Company shall be earning significant cash profits to get its projects completed in a stipulated time frame. We have been investing significantly in our human capital by adding the best talent available and also grooming our existing workforce via an in-house skill development program. The company launched the ESOPS scheme for all executives in FY23 with an aim to allow employees to participate in the company’s overall growth prospects. We believe we are on an exciting journey of delivering more sustainable, profitable and equitable growth going ahead”.
