## **FORWARD LOOKING STATEMENTS**

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements that we periodically make, contain forward looking statements that set out anticipated results based on the management's plan and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realised, although we believe we have been prudent in assumptions. The achievements of results are subject to risks, uncertainties, and even inaccurate assumptions.

Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated, or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

**NOTES:**

1. In view of the massive outbreak of the COVID-19 pandemic, social distancing is a norm to be followed and pursuant to the Circular No. 14/2020 dated April 08, 2020, Circular No.17/2020 dated April 13, 2020 issued by the Ministry of Corporate Affairs followed by Circular No. 20/2020 dated May 05, 2020 and Circular No. 02/2021 dated January 13, 2021 (collectively referred to as “MCA Circulars”) and Securities and Exchange Board of India (“SEBI”) vide its circular no. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 and circular no. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 (collectively referred to as “SEBI Circulars”), permitted the holding of the Annual General Meeting (“AGM”) through Video Conferencing (“VC”)/Other

Audio Visual Means (“OAVM”), without the physical presence of the Members at the meeting. In compliance with the provisions of the Companies Act, 2013 (“Act”), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”) and MCA Circulars and SEBI Circulars, the 37th AGM of the Company will be held through VC / OAVM. Therefore, Members can attend and participate in the 37th AGM through VC/OAVM only. The deemed venue for the 37th Annual General Meeting of the Company shall be the Registered Office of the Company. The detailed procedure for participating in the meeting through VC/OAVM and voting during the AGM is annexed herewith (Refer the Instructions for Members for Remote E-Voting and Joining General Meeting).

**NOTES (Contd.)**

2. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars and SEBI Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
- However pursuant to Section 113 of the Companies Act, 2013, Institutional/Corporate Members (i.e. other than Individuals / HUF, NRI, etc.) can appoint their representatives to attend the AGM through VC/OAVM and vote through e-voting. They are requested to send the scanned copy (PDF/JPEG Format) of their Board or governing body Resolution/ Authorization etc., authorizing their representative to attend the AGM through VC/OAVM to the Scrutinizer by e-mail through its registered e-mail address to [navinsureka@gmail.com](mailto:navinsureka@gmail.com) with a copy marked to [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in).
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs dated April 08, 2020, April 13, 2020, May 05, 2020 and January 13, 2021 the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as venue voting on the date of the AGM will be provided by NSDL.
6. In compliance with the aforesaid MCA Circulars and SEBI Circular, Notice of the AGM inter-alia, indicating the process and manner of voting through electronic means along with the Annual Report 2020-21 is being sent only through electronic mode to those Members whose e-mail addresses are registered with the Company/Registrar and Share Transfer Agent (RTA) or Depositories/ Depository Participants. Members may note that the Notice and Annual Report 2020-21 will also be available on the Company's website i.e. [www.mangalamtimber.com](http://www.mangalamtimber.com), websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com) respectively, the AGM Notice is also available on the website of NSDL (agency for providing the Remote e-Voting facility as well e-voting facility during the AGM) i.e. [www.evoting.nsdl.com](http://www.evoting.nsdl.com).
7. In case of Joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
8. The Register of Directors' and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013 and the Register of Contracts and Arrangements in which Directors are interested maintained under Section 189 of the Companies Act, 2013 and all other documents referred to in the Notice will be available for inspection during the meeting in electronic mode.

**NOTES (Contd.)**

9. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to their Depository Participants (DPs) with whom they are maintaining their de-mat accounts, if not updated already. Members holding shares in physical form can submit their PAN details to RTA viz. C B Management Services (P) Limited / Company, if not updated already. Shareholders are advised to update their mobile number and email Id in their demat accounts or with Company/ RTA of the Company in case of share held in demat mode and physical mode respectively.
10. SEBI vide its Notification No. SEBI/LAD-NRO/GN/2018/24 dated 8th June, 2018 & Notification No. the SEBI/LAD-NRO/GN/2018/49 dated 30 November, 2018 amended Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, which provides that from 1 April, 2019 transfer of securities would not be processed unless the securities are held in the dematerialized form with a depository. In view of the same, now the shares cannot be transferred in the physical mode. Hence, Members holding shares in physical form are requested to dematerialize their holdings immediately. However, Members can continue to make request for transmission or transposition of securities held in physical form.
11. In line with the measures undertaken by the Ministry of Corporate Affairs for promotion of Green Initiative, members holding shares in physical mode are requested to register their e-mail address with the Company and Members holding shares in de-mat mode are requested to register their e-mail address with their respective Depository Participants (DPs). If there is any change in the e-mail address already registered with the Company, Members are requested to immediately notify such change to the Company or its RTA in respect of shares held in physical form and to DPs in respect of shares held in electronic form.

In terms of provisions of Section 72 of the Companies Act, 2013, nomination facility is available to individual shareholders. The shareholders who are holding shares in physical form and are desirous of availing this facility may kindly write to the Company's Share Transfer Agents, M/s C B Management Services (P) Limited, P-22, Bondel Road, Kolkata - 700 019, for nomination form quoting their folio number. Shareholders holding shares in dematerialized form should write to their Depository Participant for the purpose.

12. Members who are holding shares in physical form are requested to notify change in address, if any, to the Company's Share Transfer Agents at the address mentioned hereinabove in Note 12 quoting their folio number. Shareholders holding shares in dematerialized form, should intimate change of their address, if any, to the Depository participant.
13. As per Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time, read with MCA Circulars and Regulation 44 of the SEBI Listing Regulations, the items of business set out in the attached Notice may be transacted through electronic voting system. The Company is providing the facility of casting votes through the electronic voting system from a place other than venue of AGM under an arrangement with NSDL as specified more fully in the instructions hereunder provided that once the vote on a Resolution is cast, a Member shall not be allowed to change it subsequently. The Members, whose names appear in the Register of Members / list of Beneficial Owners as on Thursday, **23rd day of September 2021** i.e. the cut-off date are entitled to vote on the Resolutions set forth in this Notice. The Remote e-voting period will commence on Monday, **27th September, 2021 at 9:00 A.M. and ends on Wednesday, 29th September, 2021 at 05:00 P.M.** The remote e-voting module shall be disabled by NSDL for voting thereafter. The Notice of the Meeting will also be available on the Company's website: [www.mangalamtimber.com](http://www.mangalamtimber.com) and the website of NSDL i.e. [www.evoting.nsdl.com](http://www.evoting.nsdl.com).

### 2. IMPACT OF COVID-19

Due to outbreak of Covid -19 pandemic, the company with approval from appropriate authority was able to keep the plant open but due to uncertainty in movement of transportation trucks, the Raw material procurement and dispatches could not be made due to lockdown in other parts of the country for which the plant operation was suspended for major part of the year.

### 3. DIVIDEND

In view of losses, the Board of Directors has not recommended any dividend for the financial year 2020-21.

### 4. OVERALL PERFORMANCE

The Performance of the Company has been comprehensively covered in the Management Discussion and Analysis, which forms a part Directors' Report.

### 5. MANAGAEMENT DISCUSSION AND ANALYSIS

A Management Discussion & Analysis is forming part of this Annual Report.

### 6. FINANCE

Your Company thanks its consortium bankers and Financial Institutions for their continued support.

### 7. RAW MATERIAL

Raw material prices including Firewood, Melamine, and Urea have increased during the year under review thereby affecting the production cost. Non availability of Firewood within a reasonable distance of the factory area has also been a factor for increase in transportation cost.

### 8. CREDIT RATINGS

During the year under review CARE Ratings Limited ("CARE") has reaffirmed the rating for long term facilities/instruments of the Company to CARE B+ (Single B plus), which shows the stable outlook.

### 9. CAPTIVE THERMAL POWER PLANT

The 2.5 MW Captive Thermal Power Plant is being made operative which will not only give consistent supply of quality power but will also reduce the power cost considerably.

### 10. PLANTATION

The company is making continuous effort to develop long term supply of Firewood as availability in nearby areas has become difficult. The company is continuing its policy on plantation activity to help supply of quality raw material to factory with least cost on continuous and sustainable basis. Some important effort undertaken are mention below.

- i. **Mist Chamber and Nursery:** Company is strategically considering to increase the focus on Nursery operations to ensure consistent & quality supply of high yielding clonal plants to the farmers at affordable price and to increase the catchment areas of Company for wood.
- ii. **Farm Forestry Planting:** Your Company actively participates in all Farm Forestry schemes introduced on a year to year basis by the Odisha & Chhattisgarh Governments whereby Bipartite agreements are entered into between the company and large farmers which gives preference to the Company during the harvest of matured trees.

iii. **Private Wood supply:** Presently approx. 10% of our wood requirement comes from farm forestry. In future we can fulfil up to 15%-20% of the Company wood requirement from our lease land and balance requirement from private suppliers. All efforts are being made to increase the captive wood supply. However, efficient vendor development is in process for long-term consistent supply of quality wood.

#### 11. ANNUAL RETURN

The Annual Return of the Company has been placed on the website of the Company and can be accessed at [www.mangalamtimber.com](http://www.mangalamtimber.com).

## Management Discussion & Analysis

### 1. INDUSTRY STRUCTURE AND DEVELOPMENTS

The MDF product is being increasingly accepted in the Indian market and the increase in demand is reflected in the increase in the capacity of the existing manufacturers and project based product which is yet to reach the levels of popularity of plywood. There are host of other non-industry players entering the field of manufacturing of MDF.

The retail business has developed over the years with spawning of small mechanized fabrication units and the handicraft segment that depend on the channel network for their raw material.

Further with the lack of viable timber sources plywood too has become expensive and becoming non-viable for common applications. Also with the introduction of GST imports have become viable and more material is available in the market being cheaper and is readily replacing the plywood. The import of one side prelaminate MDF escaped anti-dumping duty and finding ready acceptance in the Indian market.

### 2. OUTLOOK

During the last few years, a stable Government at the Centre was established which is expected to drive development in the coming years. The Government has planned and is taking several significant steps to energise the economy. The credibility of the Indian economy has been re-established and world is predicting India's stable growth. The Government has planned reforms in indirect tax through introduction of GST which was a much awaited reforms and is expected to provide numerous benefits to both business and consumers by way of reducing supply chain inefficiency and interstate trade will become easy and the market will be integrated at the national level.

With all such long-term sustainable economic measure being undertaken by the Government, the economic growth is likely to accelerate. The Indian real estate sector is second only to agriculture in terms of employment generation and contributes considerably to GDP. It is poised to grow manifold over the next decade in view of the prevailing massive shortage of dwelling units. The Indian market is now headed for price correction which will increase consumer affordability and leading to overall sectoral growth. A fall in the interest rates will also lead to revival of the real estate sector.

Since MDF are growing as essential part of interior furnishing, the demand for product is directly related to the growth of infrastructure and real estate sector. With continued government focus on infrastructure and real estate sector, demand for the company's product is expected to remain high. With the popular "Duratuff" brand, the company is expected to perform better in years to come.

### 3. OPERATIONAL AND FINANCIAL PERFORMANCE

#### • Operational Performance

During the current quarter ended March, 2021 the production has started at plant from 26th March 2021 but due to surge in case of Covid-19 during end of April 2021 the MDF plant has to be stopped from 9th May 2021. However, production has restarted from 14th July 2021 in

compliance of guidelines issued by Govt. of India and following social distancing, hygiene and other safety measures.

The Company has installed its 2.5 MW Captive Thermal Power Plant which is in the process of generating power as we are taking reasonable steps to operate it as it was non-functional due to such long closure.

#### • Financial Performance

During the year, Gross production was 1919 MT as compared to 2860 MT in the previous year.

Gross sales for the year is Rs. 781.65 Lacs as compared to Rs. 472.07 Lacs in the previous year.

Loss for the year stands at Rs. 1880.15 Lacs as against Rs. 1473.10 Lacs in the previous year.

The Company is continuing its efforts on all fronts like reduction of operational costs, strategic marketing, positioning of brand and optimal production of finished goods. We are hopeful it will help to achieve better results in years to come.

### 4. MARKETING AND SALES

"Duratuff" being the oldest brand in the country, has seen a very positive response from the market in terms of demand. There has also been a shift in preference for Pre-laminated MDF which augurs well for the brand Duratuff. Also as part of our R&D activities, we have been successful in developing 100% Anti-fungal treated MDF and should be launching the same shortly as this is expected to create good market in the coastal belt of India where the humidity is significantly high. We are also in the process of developing a Fire Retardant MDF and hope to launch the same soon. Today Duratuff is a name to reckon in the Southern markets of India with a top line brand positioning.

The marketing strategies are backed by a dedicated and motivated marketing team which has been the backbone of the marketing. The team leaders are highly experienced and have rich experience in the trade of MDF which ensures ease in market penetration.

The Brands presence in the Indian market over past three decades has created a market stronghold despite other new domestic competitors and the continuous threat of imports.

### 5. OPPORTUNITIES AND THREATS

MDF today is a product that has been accepted by the Indian market since its inception in mid -80s. Today there are dealer counters totally dedicated to MDF which was unheard of 5 years ago. The customers are ready to try out MDF in newer applications where in multilevel mezzanine storage solution Duratuff has established monopoly with its ultra-high thickness MDF which is unique in the industry. With increased impetus on economic growth, the pressures on infrastructural demand of alternative panels like MDF in housing and the furniture sectors besides the rapid growth in IT sector, the demand is set for an exponential growth in demand.

But on the flip side the ageing machinery is not able to meet the pressures of the market needs. Despite sustained popularity of the brand Duratuff, due to the lack of consistent supply and quality, the brand has taken a beating where in staunch supports of the brand, customers has started to look for alternatives as they are not able to base their business plans on the erratic supply of the Company.

The primary threat is the fact that new MDF capacities are coming up as all manufacturers are going for capacity enhancement. The strategy of importing prelaminated MDF to dodge the anti-dumping net a new reality which is forcing down the domestic prices for prelaminated items. Added to this is the spawning Short Cycle Presses which are using the OSR Boards to provide the finished décor boards.

#### 6. RISKS AND MITIGATING STEPS

Despite the fact that there have been concerted efforts by the Indian MDF manufacturers in the imposition of Anti-Dumping Duty, still imported MDF are leaking through the net and hitting the Indian shores. Apart from this there is severe price pressure from the major Indian fabricators from organized sector wherein the market price line is being negatively redefined.

MDF is now a true commodity and defined by prices only and not by brands. The other key factor is the marketable volume at the disposal of the competing brands thereby drastically reducing orders to supply gestation period and being able to give a better product mix enabling dealers to optimize the stock. This is one luxury that we do not have in our operations causing untold delays in dispatching orders as per desired product mix of the customer.

The Company has identified various risks faced by the Company from different areas. Appropriate structures are present so that risks are inherently monitored and controlled. A combination of policies and procedures attempts to counter risk as and when they evolve. Further all issues pertaining to risk management are looked into by the Audit Committee.

#### 7. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company has in place adequate internal financial control systems, commensurate with the size, scale and complexity of its operations. The Company has appropriate policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence of the Company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records and timely preparation of reliable financial information. The internal auditor monitors and evaluates the efficacy and adequacy of internal control systems in the Company. Based on the report of the internal auditor, respective departments undertake corrective action in their respective areas and thereby strengthen the controls.

Significant audit observations and corrective actions thereon are presented to the Audit Committee of the Board.

#### 8. HUMAN RESOURCES

The Company recognizes that its people are its core strength and its biggest performance catalysts. The Company has always nurtured a favourable work environment that encourages continuous learning and innovation. The Company has created a work culture which strives to attract the best talent and provide a conducive environment for their professional and personal growth.

There are 152 permanent employees on the rolls of Company as on 31st March, 2021.

#### 9. SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS.

The following critical ratios have changed beyond the 25% indicative threshold specified in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015:

	F.Y. 20-21	F.Y. 19-20	% Change
Interest Coverage Ratio	(1.17)	(0.85)	(36.85)
Debt Equity Ratio	6.75	5.99	12.83
Current Ratio	0.13	0.22	(39.61)

The changes in the above ratios are due to loss incurred during the year.

#### 10. RETURN ON NET WORTH

Particulars	FY.20-21	FY.19-20
Return on Net worth	%	%

The return on net worth as on 31st March, 2021 is not calculated due to negative net worth.

#### 11. CAUTIONARY STATEMENT

### CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134(3) (m) of the Companies Act, 2013 read with Rule 8(3) of The Companies (Account) Rules, 2014]

#### A. CONSERVATION OF ENERGY:

##### 1. Energy conservation measures taken

- a) Coal handling unit was made in operation to avoid frequent jamming of PA line at boiler. Permanent removal of three conveying belt with motors will reduce the power & maintenance cost.
- b) Idle machine hours further avoided by providing proper interlocks.
- c) Flue gas from ESP of the power plant Boiler will be used at MDF Process Dryer, which will reduce the steam consumption.
- d) Reduction in power consumption by providing main drives at the hydraulic presses with Star-Delta connection.
- e) Timber trucks are generally unloaded directly at the chipper and hence avoiding duplicity in handling and saving of HSD & lubricants.
- f) The residual wood fiber/dusts are resin mixed and has high calorific value. They are utilized for firing in the boiler along with coal, thus consumption of coal is reduced.
- g) In boiler area, energy cost reduction is achieved by arresting extra ingress of ambient air due to leakages in flue gas ducts from APH to ID fan.
- h) DC controller fuses are replaced by MCCB and hence stoppage of equipment's due to frequent blowing of fuses is avoided.
- i) Consumption of fly ash generating from Boiler in fly ash brick manufacturing unit within factory premises will result in lesser usage of HSD and other lubricants in internal transportation.
- j) Promotion Plan for raising awareness among employees.
- k) Educating employees about how to save energy at work and at home.
- l) Review extra Promotional Campaign.
- m) Establish a reward system to recognize efforts of individuals and groups of employees.
- n) Training about resources and technology which provides adequate resources and technical knowledge for the work performance of the staff in energy efficient and environmentally responsible manner.

##### 2. Additional investment and proposals, if any, being implemented for reduction of consumption of energy.

- a) Company has installed in house 2.5MW Captive-Generation Thermal Power plant which will not only reduce power cost considerably but will also give consistent supply of power which will help in reducing the utility production. Steam required for running the MDF plant will be drawn from this Cogen power plant which will result in reduction of the coal consumption and saving on fossil fuel cost.

Frequent tripping of existing Grid power is a limiting factor for production and power consumption. With our own generation, availability of the machineries will improve and we shall be producing quality product on consistence basis with lesser power consumption.

- b) We are planning to reuse rough sanding dust from sanding, which will be pneumatically blended with resinated fibre at initial stage of fibre transportation.
- c) We are planning to install VVFD in ID, FD and Booster fan of boiler for energy conservation and prevent burning of motors during startup.
- d) We will conserve energy by reducing steam loss due to leakages in the steam pipelines, valves and orifices etc.
- e) We propose heat loss reduction from the surface of boiler and flue gas ducts by providing proper insulation.
- f) We will upgrade existing PLC2/30 to Rockwell Automation make controllogic system to reduce breakdown hours.
- g) We propose to replace exciting low efficiency motors with high efficiency motors.
- h) We will achieve energy saving by replacing FTL lighting system with LED lighting in a phased manner.

### 3. Impact of the measures as above for the reduction of energy consumption and consequent impact of the cost of production of goods.

The measures stated in SN 1 & 2 above have resulted/ will result in saving of consumption of energy as well as improvement in quality and overall productivity.

## B. TECHNOLOGY ABSORPTION

Efforts made in Technology absorption- as per Form 'B' given below

### 1. Research & Development (R & D)

#### I. Areas of R&D activities

- a) The Company is carrying out in house research work to develop new products and also improve the quality of existing products.
- b) Technology induction in the process of online moisture control from fiber to finished panel ensuring better internal bond in the panels.
- c) Manufacturing processes/parameters are continuously monitored and modified, wherever required, to ensure better productivity both in terms of quantity and quality.
- d) Launch of specially formulated Phenol Formaldehyde resin to introduce a new range of BWR Grade HD HMR range which shall be positioned against plywood. This product shall have a very low formaldehyde emission foot print as both the resin components being from the Carbon Chain.
- e) Modified press cycle time to make board quality homogeneous and better core.
- f) Mat cutting technology modified with photo cell system from counter system.

#### II. Benefit derived as a result of above R & D

- a) Improved product quality.
- b) Cost reduction.
- c) Market penetration with new products.
- d) Customer satisfaction with improved quality and wider range.
- e) Certification/License of ECO Mark from the Bureau of Indian Standards.

#### III. Future plans of action

- a) Further Improvement in the quality of

existing products.

- b) Developments of new value added products
- c) Improvisation in manufacturing process to minimize machinery break downs.
- d) Adopt new processes/technology for reduction of power consumption.
- e) Preparation of improved quality of Resin using RO water.

## IV. Expenditure on R&D

During the year the Company has not incurred any specific capital/recurring expenditure on R&D. R&D is carried out in house using the existing manufacturing set up. The Company is member of Indian Plywood Industries Research and Training Institute (IPIRTI).

### 2. Technology absorption, adoption and innovation

#### a) Steps adopted

- Continuous interaction with the main plant supplier and others for technical assistance has helped to achieve optimum benefits of the advancement in technology such as plant optimization, efficient use of energy etc.
- Plant personnel were trained by experts, in-house and outside through visits/Seminar and communications.
- Evaluating customers and end user feedback for improving products and services.

#### b) Benefits of the step adopted

- Improved product quality.
- Wide product range.
- Better utilization of resources.

#### c) Import of Technology

The Company did not import technology during last three (3) years (reckoned from the beginning of the financial year) but taken guidance from technical experts as well from the foreign machinery supplier.

## INDEPENDENT AUDITOR'S REPORT

To the Members of MANGALAM TIMBER PRODUCTS LIMITED

Report on the Audit of the Ind AS financial statements

### Opinion

We have audited the Ind AS financial statements of Mangalam Timber Products Limited ("the Company") which comprise the balance sheet as at 31st March 2021, the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, loss, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current

period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no Key audit matters to communicate in our report.

### Management's Responsibility for the Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Ind AS financial statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If

we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

As required by Companies (Auditors Report) Order, 2016("the order") issued by the Central Government of India in terms of Sub Section (11) of Section 143 of the Act on the matters specified in paragraph 3 and 4 of the said order, we further report that-

- i) a) The Company is maintaining proper records showing full particulars including quantitative details and situation of Fixed Assets.
- b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of three years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- c) The title deeds of immovable properties, as disclosed in Note no 1 on Fixed Assets to the financial statements, are held in the name of the company, except for

Total number of cases	Whether leasehold/freehold	Gross Block (Rs. in lacs)	Net Block (Rs.in lacs)	Remarks

### Annexure 'A to Independent Auditors' Report

Referred to in the Independent Auditor's Report of even date to the member of Mangalam Timber Products Limited on the financial statements for the year ended 31st March, 2021

#### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mangalam Timber Products Limited ("the Company") as at 31st March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

### 31. Notes Annexed to forming part of financial statements

#### Significant Accounting Policies and Notes on Financial Statements as at and for the year ended on 31st March 2021

##### 31.1 Corporate Information

Mangalam Timbers Products Limited (MTPL) is a public limited company domiciled and incorporated in India and its shares are publicly traded on the National Stock Exchange ('NSE') and the Bombay Stock Exchange ('BSE'), in India. The registered office of MTPL, is Village – Kusumi, P.O. & Dist.: Nabarangpur- 764059 (Odisha). The Company is principally engaged in manufacturing of Medium Density Fibre Board in India. These financial statements are prepared in Indian rupees.

The financial statements were approved and adopted by Board of Directors of the Company at their meeting held on 28th June, 2021.

##### 31.2 Significant Accounting Policies

The Company has consistently applied the following accounting policies to all periods presented in the financial statements.

###### 31.2.1 Basis of preparation (Compliance with Ind AS)

The financial statements have been prepared in accordance with all material respects with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standard Rules), 2015 as amended, notified under section 133 of Companies Act, 2013 and other relevant provisions of the Companies Act, 2013.

Accounting Policies have been consistently applied except where a newly issued accounting standards is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use.

###### 31.2.3 Basis of Measurement

These financial statements are prepared on historical cost convention on accrual basis except for certain financial Assets and liabilities (including derivatives instruments) measured at fair value.

###### 31.2.4 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumption. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statement and reported amounts of revenue and expenses during the period. Application of accounting policies that requires critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed. Accounting estimate could change from period to period. Actual results could differ from

those judgments. Appropriate changes in estimates are made as management become aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

###### 31.2.5 Significant accounting judgments, estimate, assumptions

In the process of applying the Company's accounting policies, management has made the following key estimates, assumptions and judgments, which have significant effect on the amounts recognized in the financial statement:

###### (a) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

###### (b) Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

###### (c) Defined Benefit Plans

The cost of the employment benefits such as gratuity and leave obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in **Note J**.

**(d) Insurance Claims**

Insurance and other claims raised by the Company are accounted for when received owing to uncertainties involved

**31.2.6 Classification of Assets and Liabilities as Current and Non-Current**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

(A) An asset treated as current when it is:

- (i) Expected to be realized or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realized within twelve months after the reporting period, or
- (iv) Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

(B) A liability is current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

**31.2.7 Reclassification of financial assets and liabilities**

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no classification is made for financial assets which are equity instruments and financial liabilities. For financials assets which are debt instruments; a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to the external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the

reclassification date which is the first day of the immediately next reporting period. Following the changes in business model, the company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

**31.2.8 Revenue Recognition**

The Company recognises revenue from sale of goods when effective control of goods have been passed along with all the following conditions are satisfied:

**a. Sale of Goods**

- i) The Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- ii) The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- iii) The amount of revenue can be measured reliably;
- iv) It is probable that the economic benefits associated with the transaction will flow to the Company; and
- v) The costs incurred or to be incurred in respect of the transaction can be measured reliably.
  - a) Revenue represents net value of goods and services provided to customer after deducting for certain incentives including, but not limited to discounts, volume rebates, etc. Sales include excise duty, wherever applicable and are net of Sales Tax / Goods and Service Tax.
  - b) Revenue (other than sale) is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Claim on insurance companies and others, where quantum of accrual can not be ascertained with reasonable certainty, are accounted for on acceptance basis.

**b. Interest Income** Interest income on deposits is recognised on a time proportion basis.

**c. Dividend income** is recognized when the right to receive dividend is established.

**31.2.9 Government grants**

Government Grants are recognized where there is reasonable assurance that the grant will be received and all attached condition will be complied with.

When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

Grants related to specific fixed assets are deducted from the gross value of the concerned assets in arriving at their book values.

### 31.2.10 Taxation

Income tax expense represents the sum of current and deferred tax (including MAT).

Current income tax assets and liabilities are measured at the amount to be recovered from or paid to taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Income tax expense is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized directly in equity or other comprehensive income, in such cases the tax is also recognized directly in equity or in other comprehensive income.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences. Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilized.

Minimum Alternative Tax (MAT) is applicable to the Company. Credit of MAT is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the statement of profit and loss account and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

### 31.2.11 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment of loss, if any.

Cost of any item of property, plant and equipment comprises its purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition.

Spares for specific Plant & Machinery are amortized over the useful life of the related Plant & Machinery, as estimated by the management.

Depreciation is provided on the straight line method by depreciating carrying amount of Property, Plant and Equipment over remaining useful life of the assets.

Depreciation methods, useful life and residual values are reviewed at each financial year end.

The useful life and residual value as per such review is normally in accordance with schedule II of the Companies Act 2013.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss on the date of disposal or retirement.

Capital work in progress is stated at cost incurred during the construction / installation / pre-operation period relating to items of project in progress.

### 31.2.12 Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment.

Intangible assets are amortized over their respective individual estimated useful life on a straight line method.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

### 31.2.13 Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that a Property, plant and equipment may have been impaired. If any such indication exists, the Company estimates the recoverable amount of the Property, plant and equipment. If such recoverable amount of the Property, plant and equipment or the recoverable amount of the cash generating unit to which the Property, plant and equipment belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the Asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

#### 31.2.14 Borrowing Costs

Interest and other costs connected with the borrowing for the acquisition / construction of qualifying fixed assets are capitalized up to the date that when such assets are ready for their intended use and other borrowing cost are charged to statement of profit & loss. Borrowing cost includes exchange difference to the extent regarded as an adjustment to the borrowing cost.

#### 31.2.15 Lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease is classified at the inception date as a finance lease or an operating lease.

Leases under which the Company assumes substantially all risks and rewards of ownership are classified as finance lease. When acquired such assets are capitalized at fair value or present value of minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating lease are recognized as an expenses on a straight line basis in the Statement of Profit and Loss account over the lease term.

#### 31.2.16 Inventories

- a. Inventories are valued at the lower of cost and net realisable value.

Cost for the purpose of valuation of Raw Materials and Stores and Spare Parts has been computed on the basis of weighted average method.

Cost for the purpose of valuation of Finished Goods has been computed on the basis of cost of material, labour and other costs incurred in bringing the inventories to their present location and condition.

- b. Inventories of finished goods include goods yet to be graded and marked.
- c. Inventories are written down for obsolete/slow-moving/non-slow moving items Wherever necessary.
- d. Scrap and Waste have been valued at net realisable value.

#### 31.2.17 Plantation

Plantation work-in-progress is stated at cost.

Plantation work-in-progress includes cultivation and other expenses allocable to the same, which are carried forward till the commercial exploitation of the plantations raised. The wood procured on harvesting is transferred to the

operations at the estimated proportionate cost incurred till harvesting and the corresponding amount is adjusted against the plantation work-in-progress.

Plantation work-in-progress also includes cost of raising / procurement of seedlings which are adjusted at the time of sale/consumption of such seedlings.

#### 31.2.18 Foreign Currencies Translations

Transactions in foreign currencies are initially recorded in reporting currency by the Company at spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or statement of profit or loss are also recognized in OCI or statement profit and loss, respectively).

#### 31.2.19 Provision and Contingencies

A provision is recognised if, as a result of past event the company has a present legal or constructive obligation that is reasonably estimated and it is probable that an outflow of economic benefit will be required to settle the obligation. Provisions are determined by discounting the expected cash flow at a pre-tax rate that reflects current market assessments of the time value of the money and the risk specific to the liabilities.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statements, if material, by way of notes to the accounts.

Contingent assets are not recognised in the financial statements, as they are dependent on the outcome of legal or other processes.

### 31.2.20 Employee Benefits

Expenses and liabilities in respect of employee benefit are recorded in accordance with Indian Accounting Standard (IND AS 19 employee's benefit)

#### (i) Short Term Employees Benefit

Short Term Employee Benefits (i.e. benefits falling due within one year after the end of the period in which employees render the related service) are recognized as expenses in the period in which employee services are rendered as per the Company's scheme based on expected obligations on undiscounted basis.

#### (ii) Post-Employment Benefit Plans

Under Defined Contribution Plan, the contribution is payable in keeping with the related schemes are recognized as expenses for the year.

Under Defined Benefit Plan, the present value of the obligations is determined based on actuarial valuations using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by actuary at each Balance Sheet date. Actuarial gain /loss, if any, arising from experience adjustments and change in actuarial assumptions are charged or credited to Other Comprehensive income in the period in which they arise. Net Interest Cost are charges as interest Cost in statement of profit and Loss account.

#### (iii) Other Long-Term Employee Benefits

Leave encashment/compensated absence is determined by valuations using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by actuary at each Balance Sheet date. Actuarial gain /loss, if any, arising from experience adjustments and change in actuarial assumptions are charged or credited to Other Comprehensive income in the period in which they arise. Net Interest Cost are charges as interest Cost in statement of profit and Loss account.

### 31.2.21 Cash and Cash Equivalents

Cash and Cash equivalent in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of statement of cash flows, cash and cash equivalents consist of cash at banks and on hand and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of Company's Cash Management.

### 31.2.22 Dividend

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividend is approved by the shareholders. Dividend payable and corresponding tax on dividend distribution is recognised directly in equity.

### 31.2.23 Earnings per Share

Basic Earnings per equity shares are calculated by dividing the net profit or loss before OCI for the period attributable to equity shareholders by the weighted average number of equity share outstanding during the year.

For calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of share outstanding during the period are adjusted for the effect of all diluted potential equity shares.

### 31.2.24 Research and Development Expenses

Revenue expenditure on Research and Development is charged as expenses under the head "Research and Development" in the year in which it is incurred. Capital expenditure incurred on equipment and facilities that are acquired for research and development activities is capitalised and depreciated according to the policy followed by the Company.

### 31.2.25 Financial Instruments

#### (a) Financial Assets

##### Initial Recognition and Measurement

All financial Assets are recognised initially at fair value plus, in case of financial assets not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the financial asset.

##### Subsequent measurement

(i) Financial Assets carried at amortised Cost- A Financial Assets is subsequently measured at amortised cost, using effective interest rate (EIR) method, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest term on the principal amount outstanding.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company.

(ii) Financial Assets at fair value through other comprehensive income- A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on a specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investment which are classified as equity instruments to present the subsequent changes in fair value in other Comprehensive income based on its business model. Further in case where the company has made an irrevocable election based on its business model for its investments, which are classified as equity instrument the subsequent changes in fair value are recognised in other comprehensive income.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

(iii) Financial assets at fair value through profit or loss- A financial asset which is not classified in any of the above categories are subsequently fair valued through statement of profit or loss.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

## (b) Financial Liabilities

### Initial recognition and Measurement

Financial Liabilities are recognised at fair value on initial recognition and in case of loan and borrowing or payables net of directly attributable transaction costs.

### Subsequent Measurement

Financial Liabilities are subsequently carried at amortized cost using effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

For trade and other payables maturing within one year from the Balance sheet date, the carrying amounts

approximate fair value due to the short maturity of these instruments.

### (c) De-recognition of financial instrument

The company de-recognises the financial assets when contractual right to cash flow from financial assets expire or it transfer the financial assets and transfer qualifies for de-recognition under IND AS 109. A financial liability or a part of a financial liability is de-recognised from the company's Balance Sheet when obligation specified in the contract is discharged or cancelled or expires.

### (d) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### 31.2.26 Fair value financial instruments

The company measure financial instrument at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In determining the fair value of its financial instruments, the company use various method and assumption that are based on market conditions and risks existing at each reporting date. The methods used to determine the fair value includes discounted cash flow analysis, available quoted market price and dealer quotes and valuation report etc. The method of assessing fair value results in general approximation of value and such value may never actually be realised.

Fair Values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or liability, the company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

**n. Financial risk management objective and policies**

The Company's financial liabilities include Loan and borrowing, security deposits, retention money and Trade & other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's financial assets include investments, trade & other receivables, deposits and cash & cash equivalents.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance. The Company uses derivative financial instruments to hedge certain risk exposures. The Company does not acquire or issue derivative financial instruments for trading or speculative purposes.

The Company's activities expose it to Credit Risk, Liquidity Risk, Market Risk, and Equity Price Rise. The Company has a Risk management policy and its management is supported by a Risk management committee that advises on risks and the appropriate financial risk governance framework for the Company. The Risk management committee provides assurance to the Company's management that the Company's risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the

Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

**A. Credit Risk-** A risk that counterparty may not meet its obligations under a financial instrument or customer contract, leading to a financial loss is defined as Credit Risk. The Company is exposed to credit risk from its operating and financial activities.

Customer credit risk is managed by the respective marketing department subject to the Company's established policy, procedures and control relating to customer credit risk management. The Company reviews the creditworthiness of these customers on an on-going basis. The Company estimates the expected credit loss on the basis of past data, experience and policy laid down in this respect. The maximum exposure to the credit risk at the reporting date is the carrying value of the trade receivables disclosed in Note 6 as the Company does not hold any collateral as security. The Company has a practice to provide for doubtful debts as per its approved policy.

An impairment analysis is performed at each reporting date on an individual basis. The calculation is based on historical data of credit losses.

The ageing analysis of the receivables (gross of provision) has been considered from the date the invoice falls due.

**B. Liquidity Risk-** A risk that the Company may not be able to settle or meet its obligations at a reasonable price is defined as liquidity risks. The Company's treasury department is responsible for managing liquidity, funding as well as settlement management. In addition, processes and policies related to such risks

are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credits, Term loans among others.

**C. Market Risk-** A risk that the fair value of future cash flows of a financial instrument may fluctuate because of changes in market prices is defined as Marketing Risk. Such changes in the value of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

**(i) Foreign Currency Risk-** A risk that the fair value or future value of the cash flows of an forex exposure will fluctuate because of changes in foreign exchange rates is defined as Foreign Currency Risk. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's export, import and foreign currency loan/ derivatives operating activities. The Company, as per its risk management policy, uses foreign exchange and other derivative instruments primarily to hedge foreign exchange exposure. The management monitors the foreign exchange fluctuations on a continuous basis.

**Derivative instruments and unhedged foreign currency exposure:**

The Company does not enter into any derivative instruments for trading or speculative purposes.

**(ii) Interest rate risk-** The Company's exposure to the risk of changes in market interest rates relates primarily to long term debt. To protect itself from the volatility prevailing, the Company maintain its long term borrowing on fixed interest rate through interest rate swap instrument, in which it agrees to exchange at specific intervals, the difference between fixed and variable interest amounts calculated by reference to an agreed upon principal amount.

**(iii) Interest rate sensitivity-** The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows.

#### o. Capital management

The Company's objective when managing capital (defined as net debt and equity) is to safeguard the Company's ability to continue as a going concern in order to provide returns to shareholders and benefits for other stakeholders, while protecting and strengthening the Balance Sheet through the appropriate balance of debt and equity funding. The Company manages its capital structure and makes

adjustments to it, in taking into consideration the economic conditions and strategic objectives of the Company.

For the purpose of the Company's capital management, capital includes issued capital, share premium and all other equity reserves. Net debt includes, interest bearing loans and borrowings, trade and other payables less cash and short term deposits.

Since there is negative capital hence the Company could not calculate gearing ratio,

(Rs. In lacs)

Particulars	As at March 31, 2021	As at March 31, 2020
Loans and borrowings	12381.27	10973.18

Total capital	(8072.07)	(6180.62)
Capital and net debts	4306.12	4791.97

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches of the financial covenants of any interest bearing loans and borrowing for reported periods.
