    control;
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures

- 7. Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing, specified under section 143(10) of the Act, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Statement.
- As part of an audit in accordance with the Standards on Auditing, specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the Statement, whether due to fraud or
    error, design and perform audit procedures responsive to those risks, and obtain audit evidence
    that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a
    material misstatement resulting from fraud is higher than for one resulting from error, as fraud
    may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
    internal control;
  - Obtain an understanding of internal control relevant to the audit in order to design audit
    procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are
