Indian Construction Industry

www.pspprojects.com

An Important growth driver of India's Economy

8%

Construction Industry's contribution to India's GDP

15.9% Growth

Industry is expected to register an annual growth of 15.9% in real terms in 2021, following a decline of 12.3% in 2020.

\$5tn Economy

Gol's intent of becoming a \$5tn economy it plans to achieve through infrastructure development due to the high multiplier effect

Initiatives taken by Gol to bolster growth in construction sector

Governments Push

- High-speed bullet trains and metro rail, construction of Delhi-Mumbai Industrial Corridor, concept of sustainable smart cities like GIFT City, hospitals and greenfield industrial smart city projects are contributing to India's dynamic transformation
- Gol announced an ambitious project of adding 100 new airports by 2024
- Pradhan Mantri Awas Yojana (PMAY) program, to provide affordable housing to all urban poor by 2022
- National Infrastructure Pipeline (NIP) earmarked 7,400 projects focused on building roads, housing, urban development, railways, conventional power, renewable energy, and irrigation.
- The extension of tax holiday up to March 2022 announced by the Finance Minister to increase the supply of affordable housing units
- Allocated ₹ 6,450 crore in Union Budget 2021-22 for the Smart Cities Mission

FDI Inflow

- The infrastructure and construction sector is allowed for 100% foreign investment through automatic route.

Consolidation

- Consolidation in the private sector will further intensify as stronger players will become more stronger by gaining market share

Pandemic induced Incentives

- Gol has introduced favourable policies such as lowering the bank guarantee requirement, faster clearance of bills, and speedier clearances / approvals.

We believe that owing to healthy balance sheets, access to capital and many unlisted/weaker players being shunted out of the market, the market share of large organized players is set to grow further in the next 2-3 years

A state-of-the-art manufacturing plant of precast concrete building.

Production Capacity
Phase I

1 Mn. Sq. ft.

Spread across

60 Acres

Project Cost

₹109 Crore

- Precast enables manufacturing all elements of building and infrastructure industry, such as Beams, Columns, Slabs, Load Bearing Walls, Partition Walls, Staircase, and Lift Cores, among others.
- Going forward the precast capacity will be increased to 3 mn. Sq.ft.
- Order Book from Precast is to the tune of ₹ 236.43 crore. First Order received was from L&T to the tune of ₹ 49 crores as part of National High Speed Rail project. Balance orders are from Residential and Industrial segments.

Benefits of Precast Manufacturing Facility

- Reduces labour-intensive traditional building methods by way of maximum prefabrication and use of cutting-edge technology,
- Thereby reducing turnaround time for projects,
- Unlocks the best land potential,
- Helps in delivering consistent quality,
- Helps to increase operating efficiency and margins.

Offsite Modular Construction Technology is the future to achieve seamless quality, speed in delivery and larger volumes in a controlled environment.

Precast Factory

Investment Rationale

One-stop shop solution construction company present throughout the value chain starting from planning, design, construction and post-construction services including MEP work and other interior fit-outs which provides us with several opportunities, faster project turnaround time & higher ticket size.

1

With proven track record, financial discipline, multi vertical presence, large equipment base and cutting-edge technologies, the company has managed to create a strong brand recall synonymous with trust.

2

Execution capabilities have grown significantly with time, both in terms of the size of projects that we bid for and execute, and the number of projects that we can execute simultaneously, upon successful completion of SDB, PSP becomes eligible to bid for larger value projects.

3

Prudent financial performance, Comfortable leverage position at 0.15 times (incl. mobilization advance), giving sufficient room to raise debt in the future. Despite being WC intensive, the company has comfortable WCC at 28 days.

4

At the helm is an Experienced, Skilled and Passionate first-generation entrepreneur whose passion to build quality buildings aided PSP to attain manifold growth along with support and dedication of experienced team and Process driven approach followed by PSP.
