## MANAGEMENT COMMENTARY - 9M FY24

## Performance Highlights, Mr. Gnanesh (Sunil) Gala, Managing Director:

"During 9M FY24, the publication business has been consistently influenced by external factors, such as lower-than-anticipated offtake of channel inventory, an unprecedented increase in paper prices, and a recent surge in the resale of second-hand books, attributed to no major change in curriculum in last 6 years.

Despite having such a challenging landscape, our performance from the segment has held steady. Revenues from operations stood at $\sim$ Rs. 1,299 crores, while EBITDA stood at $\sim$ Rs. 264 crores, and PAT stood at $\sim$ Rs. 199 crores.

For the SSC State board publishing business, we are still awaiting curriculum change announcements from the State boards of Maharashtra and Gujarat post which we anticipate better volume growth.

Additionally, for our CBSE publishing business (PAN India presence), the ongoing trend of students transitioning from private English medium SSC schools to CBSE schools is expected to have a significant positive impact on our addressable market.

Furthermore, our strategy of complementing our edtech business with our traditional publication business and offering products beyond conventional learning is gradually progressing. Altogether, it is expected to fuel an increased demand in our publication vertical in the coming years.

With rich brand equity of over six decades, the Company has established strong presence in paper-based and modern non-paper stationery products, including global export markets of the USA, Middle East, and the parts of Africa. Additionally, the Company is the largest Indian exporter of stationery to highly reputed retail chains in the US.

Even in the domestic market, the Company's stationery brands like 'YouVa' \& 'HQ' have gained popularity in offering a diverse range of stationery products catering to a wide range of customers' needs.

For 9M FY24, while the export stationery business marginally de-grew by $1 \%$ year on year to $\sim$ Rs. 456 crores, The domestic business grew by $11 \%$ to $\sim$ Rs. 257 crores. We're optimistic that the domestic stationery business will continue to gain momentum and grow by $12 \%$ to $15 \%$ in FY24.

In summary, we are working towards capitalising the emerging opportunities and resolving existing challenges in the ever-evolving industry landscape."

## Outlook \& Way forward

- Post-Covid-19 pandemic, stationery business in India is seeing consolidation. Organised players are growing their market share, and this will help NEL to grow faster going forward.
- Domestic Revenue : Confident of achieving 12\%-15\% growth in FY24
- Export Stationery Business
- Successfully added new stationery products to its export portfolio for the US market and other export markets.
- As communicated earlier, one of our product categories is currently being evaluated for the potential anti-dumping duty in the USA. We expect to service orders from this category in FY25 as necessary arrangements are being done.
- We are seeing early signs of slowdown in the US markets due to supply chain constraints resulting in unprecedented increase in freight costs from India which we believe to be a temporary phenomena.
- Additionally, several products under non-paper stationery are under various stages of evaluation and R\&D which will be introduced in both export and domestic markets in the coming quarters.
- Overall Stationery : Confident of achieving 11\%-13\% EBIT margins in FY24
