Radio and Digital Ad Revenue Growth Projections : 2016 - 2021

Source: KPMG India – FICCI, Indian Media and Entertainment Industry Report, 2017

Exponential growth expected in Radio and Digital

Current Environment and Trends

Macros

- GDP softened in FY'17 to 7.1% after increasing continuously for 2 years
- CPI inflation on a downward trajectory from double digits in FY'14 to low single digit
- Gradual decline in interest rates over past 5 years
- Sensex on upward trajectory from ~18k to 31k over last 5 years

Recent Reforms

- Demonetization
- GST (Goods & Service Tax)
- RERA

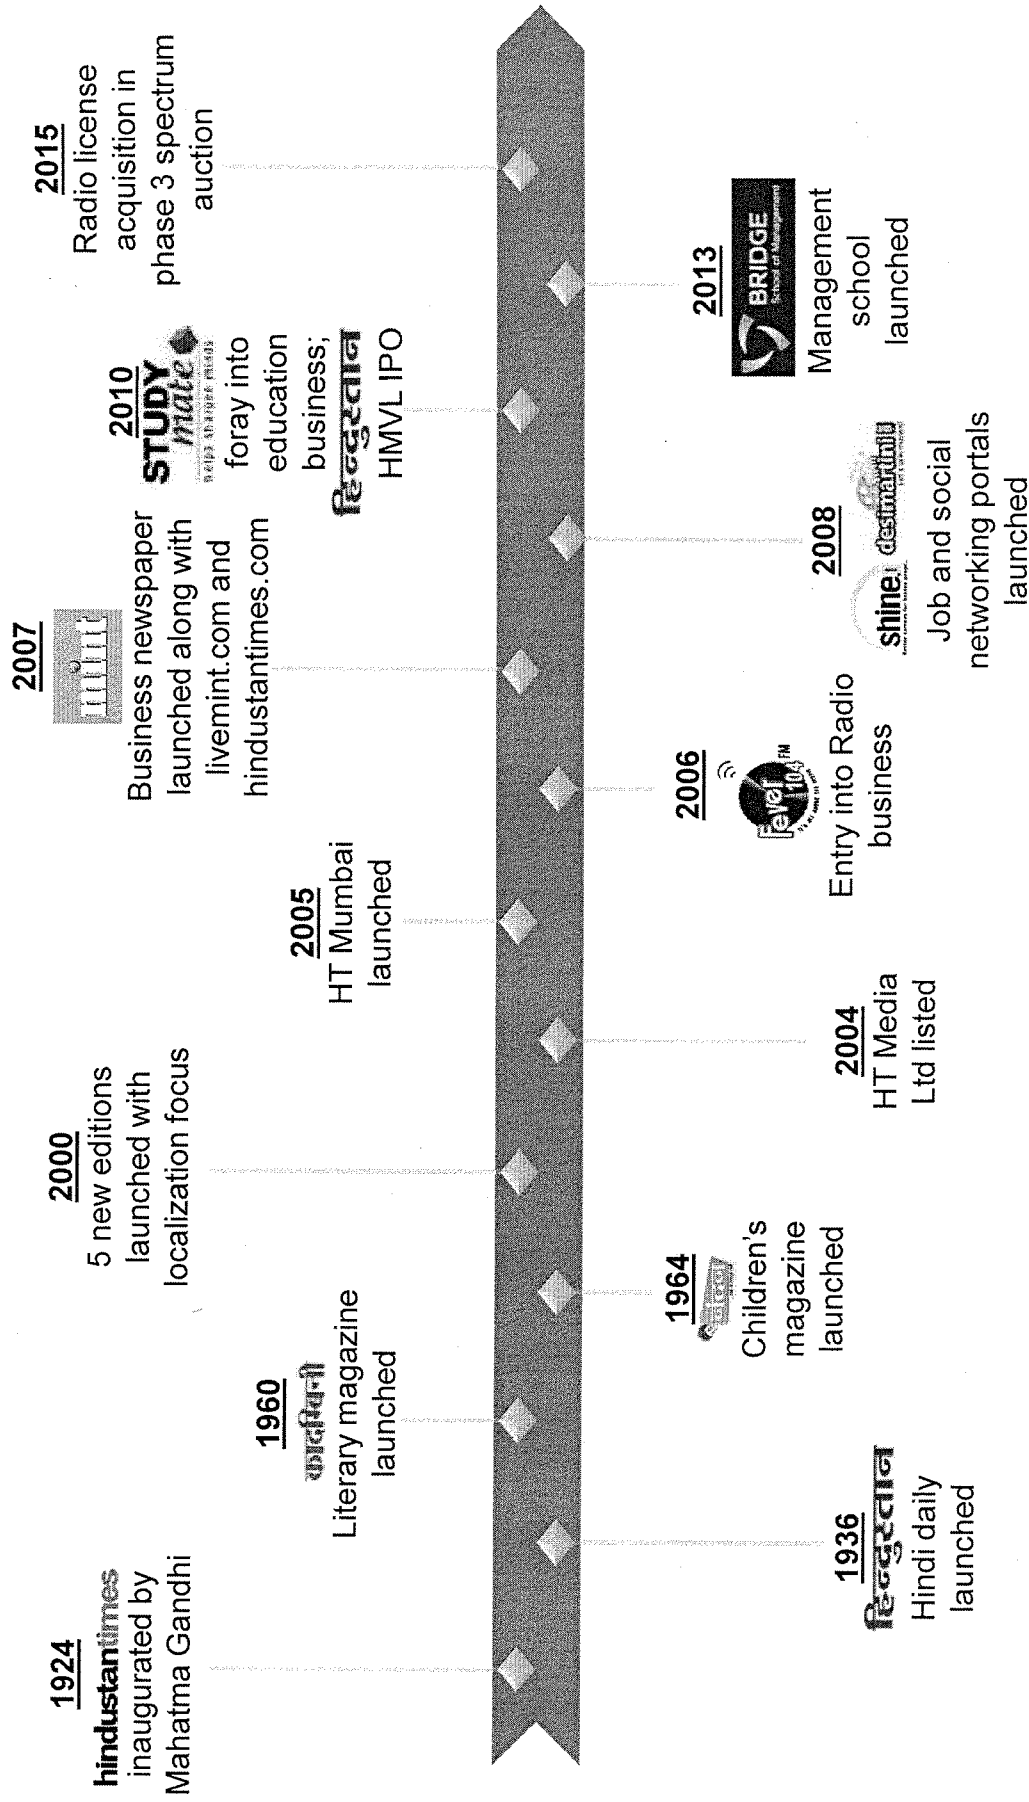

- Creation of Monetary Policy committee
- Implementation of Insolvency and Bankruptcy code

Despite recent hiccups, M&E industry still poised for long term growth

- Government reforms in the longer term expected to boost the growth
- Lower Interest rate and lower inflation expected to continue
- Favourable demographics favouring higher consumption
- GST beneficial for long term
- Expectations that suppressed spends on advertising in recent times will release in a big way going forward
- Strong rupee helps maintaining lower input cost
