“

**Mr. Ashok Minda**  
Chairman and Group  
CEO

*“On the backdrop of demonetization which drastically reduced the liquidity in the market, sales volume for the quarter across the automobile sector were down by (4.0)% on a y-o-y basis in comparison to the 19.1% y-o-y growth in the last quarter. Despite a sustained pressure on the overall business demand and a slow global recovery, our topline during Q3 FY2017 was resilient, registering an increase of 10.1% on a y-o-y basis. Besides, the quarter marked continuing addition of new blue chip customers globally and received additional orders worth Rs. 180 crore.*

*We are optimistic of the various pro-reformative measures of the Government being undertaken and also reflected in the recent fiscal Budget augurs well for the auto component sector as a whole in the long term, and we expect the automobile market to revive over the next two quarters.”*

**Mr. D. C. Sharma**  
Group CFO

*“This quarter has been a mixed bag for the Company. During the quarter, our financial performance was temporarily impacted on account of demonetization, high raw material cost, adverse product mix and delay in price actualization of one of the subsidiaries. We are also in the process of incurring pre-operating expenses towards new greenfield plants at Mexico and Pune and setting up of the technical centre. However, I am pleased to inform you that our credit rating has been upgraded to ‘IND A+’ for long term bank facilities by Fitch Ratings, reinforcing the credit worthiness of the Company.*

*We are also closely watching the developments to the full roll out of the GST and continue to be hopeful of its positive implications for the automotive and automotive component industries.”*

## Commentary – Q3 FY2017 vs. Q3 FY2016

- Total revenue for the quarter increased by 10.1% y-o-y to Rs. 7,230 million. In Q3 FY2017, the overall automobile sector was down by (4.0)% on a y-o-y basis
- The revenue growth was negatively impacted by demonetization, adverse product mix and delay in price actualisation in one of the subsidiaries
- The increase in topline was primarily driven by the growth in 'Safety Security & Restraint Systems' (18.1%) and in 'Interior Systems' (14.2%)

- EBITDA for the quarter was Rs. 416 million; EBITDA margins stood at 5.8%
- EBITDA margins were significantly impacted by high raw material cost and increase in other expenses. Despite the overall impact of demonetisation on sales, no counter reduction in the staff wages was made. Adverse product mix and delay in price actualization in one of the subsidiaries impacted the overall margins. Some of the raw material costs and Other expenses are one time in nature and expected to be improved in the coming quarters
- Other expenses for the quarter increased by 20.0% on account of additional expenses incurred on expansion projects such as the Mexico plant and Spark Minda Technical Centre (Pune)

- Net profit stood at Rs. 201 million, a decrease of (36.3)% on a y-o-y basis. Margins stood at 2.8%
- Interest expense decreased by (6.7)% due to reduced borrowing cost and prudent working capital management
- Net Debt stood at Rs. 5,448 million, an increase of 19.8% y-o-y on account of additional investments in Minda Autoelektrik, expansion plans at Minda KTSN (Mexico), MCL Die Casting plant, and for the Spark Minda Technical Center (Pune)
