MD's Message

Commenting on Q2 & H1 FY20 performance, Mr. Sunil Agrawal, Managing Director, Vaibhav Global said:

I am pleased to report that we have maintained our growth momentum in the core retail business with B2C revenues improving at a healthy rate of 13.3% for Q2FY20 and 16.7% for H1FY20. In line with our guidance, we have reported retail growth on constant currency basis at 15.6% in the US and 17.3% in UK for H1FY20. Omni-channel is the way forward for all retailers and I am glad to share that VGL has been ahead of the game with customer engagement platforms comprising TV, web, mobile apps, smart TV interfaces, OTT & OTA platforms, social and third-party marketplaces. Further, unique sales format for our multiple platforms ranging from entertaining and compelling storytelling-based selling model on TV to catalogue based selling on the web and mobile apps, adds to the efficacy of the business model catering to a diverse audience.

Gross margins for six months ended September 2019 have been higher at 62.2% on a YoY basis. Increasing revenues, steady gross margins and a commitment to maintain a lean cost structure have enabled VGL to demonstrate improved EBITDA margins at 13.4% and net margins at 9.2% for H1FY20. Keeping in line with the objective of delivering profitable growth, we reported ROE and ROCE at 24% and 41% respectively. During the quarter we also commenced buy back of equity shares from the open market.

Concerted efforts at diversifying product categories within fashion jewellery, accessories & lifestyle portfolio, increasing the depth of product offerings within categories and expanding the brands portfolio have aided greater customer engagement and fulfilment. On an ongoing basis, various initiatives are undertaken in each area of customer reach and satisfactions to drive the key strategic objectives of **4Rs** - widening our **Reach**, growing new customer **Registrations**, bolstering customer **Retention** and increasing **Repeat purchases**

We are passionate about our social responsibilities and have linked our business directly with our flagship CSR initiative, the 'One for One' program. I am happy to share that we have provided around 31 million meals to school children under our 'One for One' program across US, UK and India.

As an organization, we endeavour to maintain simultaneous emphasis on operational excellence, financial performance, societal responsibility and environmental sustenance to meet our objective of delivering joy to all our stakeholders – customers, employees, vendors, communities, environment and shareholders.
