KEY FACTORS WHICH AFFECT THE PERFORMANCE OF THE COMPANY

The year under review has been year of fluctuations in the prices of shares. Due to inflationary trends in India & Abroad, more particularly in USA & Europe, the Central Banks of the affected nations including India, were forced to interest repo rates. The interest rates were raised by more than 30% of the previous levels. This resulted into increasing cost of borrowing and higher Emi's for the purchases made by the consumers. With the increased interest rates, the banks and other financial institutions started offering higher interest rates on the deposits made by the investing class. This created alternative investment opportunities for the investors, with almost Nil risks, compared to investment in equities. The weakening of US economy adversely affected the cash flow of the banking industry, resulting into collapse of certain big banks. Due to all these, once again, the stock markets are adversely affected across the globe. This kind of situation had its impact on Indian stock markets as well on your company's turnover and profitability during the year under consideration.

OUTLOOK OF THE INDUSTRY & FUTURE PROSPECTS

We foresee a good future of the industry, more particularly in India. Ours' is developing nation with huge population, more particularly, younger population. Our Nation has been 5th largest economy in the world. There are several multi-nationals in race to open their establishments in India. This shall create huge employment opportunities as well contribute to the growth of GDP.

This shall have direct impact on the growth of the stock markets in India. Your directors are of the opinion that the Industry shall start growing rapidly in the years to come. In view of all the progressive policies of the present government and expansion plans across all the sectors, with particular emphasis on Health, Transport and Consumables, equity markets seems to have a growing future. The Government at present has announced Disinvestment in public sector undertakings for the substantial amounts. There are many IPO's already opened and many more are in the pipeline. Your company being in the business of dealing in the Financial Market, the aforesaid moves had a direct impact on the performance & profitability of your company during the current year.

TRANSFER TO RESERVES

No amount is transferred to General Reserve during the year.

INDEPENDENT AUDITORS’ REPORT:

To the Members of Nam Securities Limited,
Report on the Audit of Financial Statements

We have audited the financial statements of Nam Securities Limited (“the Company”) having its regd. Office at 213, Arunachal Building,19, Barakhamba Road, New Delhi- 110001, which comprise the Balance Sheet as at 31st March, 2023, and the Statement of Profit and Loss (including other comprehensive income), statement of changes in equity statement and Statement of Cash Flow for the year ended 31st March, 2023, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. (Together referred as “financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“Act”) in the manner so required and give a true and fair view in conformity with accounting principals generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, and profit and other comprehensive income, changes in equity and its cash flows for the for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) Of the Companies Act, 2013. Our responsibility under those SAs are further described in the Auditor’s Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statement.

Key Audit Matters

Key audit matters are these matter that, in our professional judgment, were of significant in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of financial statements as a whole, an in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In accordance with SA 701

Key Audit Matter	How the matter was addressed in our Audit
IT SYSTEMS AND CONTROLS	
<p>The Company’s key financial accounting and reporting processes are highly dependent on the information systems including automated controls in implemented in the Information Technology (IT) systems, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records, being materially misstated. We have identified IT systems & controls’ as Key audit matter, since for the primary business (broking income), the Company relies on automated processes and controls for recording of income.</p>	<p>We have focused on General IT controls i.e. access management, change management and computer operations control and IT application controls on specific system generated reports and system/application processing over key financial accounting, reporting systems and control systems, for recording of income.</p> <p>Our audit procedures to assess the effectiveness of IT system included the following:</p> <ul style="list-style-type: none"> •Performed walkthroughs to evaluate the design and implementation of key automated controls. •Involved our IT specialist to test the effectiveness of identified key IT automated controls and IT systems. •IT specialist tested relevant key controls operating over IT in relation to financial accounting and reporting systems, including general controls i.e. system access and system change management and computer operations. •IT specialists tested design and operating effectiveness of key controls over user access management which includes granting access right, new user creation, removal of user rights

	<p>and other preventive controls.</p> <ul style="list-style-type: none">• For a selected group of key controls over financial and reporting system, IT specialists independently performed procedures to determine that these controls remained unchanged during the year or were changed following the standard change management process.• Other areas that were independently assessed included password policies, security configurations, system generated reports and system interface controls.• Evaluating the design, implementation and operating effectiveness of identified significant accounts related IT automated controls which are relevant for accuracy of system calculation, and consistency of data transmission.

Information other than the Financial statements and Auditors' Report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises of management reports such as Directors' report and Corporate Governance report (but does not include the Ind AS Financial Statements and our Auditor's Report thereon) which we obtained prior to the date of this Auditor's Report and the remaining sections of Annual Report which are expected to be made available to us after that date. The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the other sections of Annual Report (other than those mentioned above) if we conclude that there is a material misstatement therein we are required to communicate the matter to those charged with governance and take necessary actions as applicable under the applicable laws and regulations.

Management's Responsibility for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 (the Act), with respect to preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standard specified u/s 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material mis-statement,

whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless management either intend to liquidate the Company or to cease operations, or has no realistic alternatives but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatement can arise from fraud and error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by management and Board of Director.
- Conclude on the appropriateness of management's and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statement or, If such disclosures are inadequate to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during audit.

We also provide those charged with governance with a statement that we have complied with

relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the Annexure A, a statement on the matters specified in Para(s) 3 & 4 of the Order, to the extent applicable.

Annexure B to the Independent Auditor's Report of even date on financial statements of Nam Securities Limited

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In conjunction with our audit of the financial statements of Nam Securities Limited (“the Company”) as of and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting of the Company as of that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountant of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company’s business, including adherence to Company’s Policies, the safeguarding of assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s Internal Financial Controls over Financial Reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of Internal Financial Controls Over Financial Reporting and Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an Audit of Internal Financial Controls both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that We comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Controls over Financial Reporting included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risk of material mis-statement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s Internal Financial Controls over Financial Reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s Internal Financial Controls over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A Company’s Internal Financial Controls over Financial Reporting includes those policies and procedures that (1) pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles,

and that receipts and expenditure of the company are being made only in accordance with authorization of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial Controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls over Financial Reporting to future provides are subject to the risk that Internal Financial Controls over Financial Reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

The Company is incorporated and domiciled in India. The equity share of the Company are listed. The address of the Registered Office is Nam Securities Limited, 213, Arunachal Building, 19 Barakhamba Road, New Delhi – 110001.

Note 2: Significant Accounting policies and Notes to Accounts:

I. Basis of accounting and preparation of financial statement:

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

The Company's financial statements are presented in Indian Rupees, which is also its functional currency and all values are rounded to the nearest lakhs, except when otherwise indicated.

The financial statements for the year ended March 31, 2023 are being authorised for issue in accordance with a resolution of the directors.

II. Use of Estimates:

The preparation of the financial statements in conformity with Ind AS requires that management make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and the income and expense for the reporting period. The actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

The Company makes certain judgments and estimates for valuation, useful life of property, plant and

equipment, deferred tax assets. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable.

III. Revenue Recognition

- a) Brokerage income in relation to stock broking activity is recognized on a trade date basis.
- b) Gains / losses on dealing in securities are recognized on a trade date basis.
- c) Income from depository services, penal charges are recognised on the basis of actual receipts (or basis of agreements entered into with clients and when the right to receive the income is established),
- d) Commission income from financial products distribution is recognised on the basis of agreements entered into with principals and when the right to receive the income is established.
- e) Interest income is recognized using the effective interest rate method.
- f) Revenue from dividend is recognized when the right to receive the dividend is established.

IV. Property, Plant and Equipment (PPE)

Measurement at recognition:

Property plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset’s carrying amount.

All property, plant and equipment are initially recorded at cost. Cost comprises acquisition cost, borrowing cost if capitalization criteria are met, and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefit associated with these will flow with the Company and the cost of the item can be measured reliably.

Depreciation:

Depreciation provided on property, plant and equipment is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by management. The estimated useful lives of assets as estimated by management are as follows:

Class of Assets	Useful Life	Class of Assets	Useful Life
Furniture and Fixtures	6.67 Years	Computer	3 Years
Office Equipment’s comprising air conditioners, Photo copy machines, etc.	5 Years	Vehicles	5 Years
		Server and Network	6 Years

Depreciation is provided on a straight-line basis from the date the asset is ready for its intended use. In respect of assets sold, depreciation is provided up to the date of disposal.

The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and changes if any, are accounted for on a prospective basis. There are nil amount of Capital Work-In-Progress, nor capital advances.

De recognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no

future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

V. Intangible Assets: There is No amount of Intangible Assets of the Company as on 31.03.2023.

VI. Financial instruments

The Company recognizes all the financial assets and liabilities at its fair value on initial recognition; In the case of financial assets not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset are added to the fair value on initial recognition. The financial assets are accounted on a trade date basis.

For subsequent measurement, financial assets are categorised into:

a. Amortised cost: The Company classifies the financial assets at amortised cost if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the assets are held under a business model to collect contractual cash flows. The gains and losses resulting from fluctuations in fair value are not recognised for financial assets classified in amortised cost measurement category.

b. Fair value through other comprehensive income (FVOCI): The Company classifies the financial assets as FVOCI if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the Company's business model is achieved by both collecting contractual cash flow and selling financial assets. In case of debt instruments measured at FVOCI, changes in fair value are recognised in other comprehensive income. On de-recognition, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. In case of equity instruments irrevocably designated at FVOCI, gains / losses including relating to foreign exchange, are recognised through other comprehensive income. Further, cumulative gains or losses previously recognised in other comprehensive income remain permanently in equity and are not subsequently transferred to profit or loss on derecognition.

c. Fair value through profit or loss (FVTPL):

The financial assets are classified as FVTPL if these do not meet the criteria for classifying at amortised cost or FVOCI. Further, in certain cases to eliminate or significantly reduce a measurement or recognition inconsistency (accounting mismatch), the Company irrevocably designates certain financial instruments at FVTPL at initial recognition. In case of financial assets measured at FVTPL, changes in fair value are recognised in profit or loss.

Profit or loss on sale of investments is determined on the basis of first-in-first-out (FIFO) basis.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a nonfinancial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1: quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: inputs other than quoted price included in Level 1 that are observable for the asset or liability,

either directly (e.g. as prices) or indirectly (e.g. derived from the prices).

Level 3: inputs for the current assets or liability that are not based on observable market data (unobservable inputs).

Based on the Company's business model for managing the investments, the Company has classified its investments and securities for trade at FVTPL. The company has no subsidiaries.

Financial liabilities are carried at amortised cost using the effective interest rate method. For trade and other payables the carrying amount approximates the fair value due to short maturity of these instruments.

d. Impairment of financial assets: In accordance with Ind AS 109, the Company applies expected credit loss model (ECL) where applicable for measurement and recognition of impairment loss. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction.

At each reporting date, the Company assesses whether the loans have been impaired. The Company is exposed to credit risk when the customer default on his contractual obligations. For the computation of ECL, the loan receivable are classified into three stages based on the default and the aging of the outstanding.

If the amount of an impairment loss decreases in a subsequent period, and the decrease can be related objectively to an event occurring after the impairment was recognised, the excess is written back by reducing the loan impairment allowance account accordingly. The write-back is recognised in the statement of profit and loss.

The Company recognises life time expected credit loss for trade receivable and has adopted the simplified method of computation as per Ind AS 109. The Company considers outstanding overdue for more than 90 days for calculation of expected credit loss.

VII. EMPLOYEE BENEFITS

(a) Short term employee benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus, incentives etc., are recognized in the Statement of Profit and Loss in the period in which the employee renders the related services.

(B) Other benefits

None of the employees is covered under the provisions of the provident Fund, Family Pension Fund, or the Payment of Gratuity Act, and there are no Employee Share based payments during year.

VIII. Borrowing costs

Borrowing costs include interest expense as per the effective interest rate (EIR) and other costs incurred by the Company in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of those tangible fixed assets which necessarily take a substantial period of time to get ready for their intended use are capitalized. Other borrowing costs are recognized as an expense in the year in which they are incurred.

The difference between the discounted amount mobilized and redemption value of commercial papers is recognized in the statement of profit and loss over the life of the instrument using the EIR.

IX. Foreign Exchange Transactions

The functional currency and the presentation currency of the Company is Indian Rupees. There are no Foreign Exchange transactions during financial year 2022-23.

X. Lease: There is no business in the company involving Lease taken or given.

XI. Income tax

The income tax expense comprises current and deferred tax incurred by the Company. Income tax expense is recognised in the income statement except to the extent that it relates to items recognised directly in equity or OCI, in which case the tax effect is recognized in equity or OCI. Income tax payable on profits is based on the applicable tax laws in each tax jurisdiction and is recognised as an expense in the period in which profit arises. Current tax is the expected tax payable/receivable on the taxable income or loss for the period, using tax rates enacted for the reporting period and any adjustment to tax

payable/receivable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purpose and the amounts for tax purposes.

Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognised, for all deductible temporary differences, to the extent it is probable that future taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

The tax effects of income tax losses, available for carry forward, are recognized as deferred tax asset, when it is probable that future taxable profits will be available against which these losses can be set-off.

Additional taxes that arise from the distribution of dividends by the Company are recognized directly in equity at the same time as the liability to pay the related dividend is recognized.

XII. Cash and cash equivalents

Cash and cash equivalents for the purpose of cash flow statement include cash in hand, balances with the banks and short-term investments with an original maturity of three months or less, and accrued interest thereon.

XIII. Impairment of non financial assets

The Company assesses at the reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating unit's ("CGU") fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transaction are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses are recognized in statement of profit and loss.

XIV. Provisions

Provision is recognized when an enterprise has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management estimates required to settle the obligation at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at balance sheet date & adjusted to reflect the current management estimates.

XV. Contingent liabilities and assets

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is termed as a contingent liability. The existence of a contingent liability is disclosed in the notes to the financial statements.

Contingent assets are neither recognized nor disclosed.

XVI. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity share outstanding during the year.

Diluted earnings per share is computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

XVII. Operating Cycle

Based on the nature of products/ activities of the Company & normal time between acquisition of assets and their realization in Cash or Cash equivalent, the company has determined its operating cycle as 12 months for purpose of classification of its assets & liabilities as current & non-current.

XVIII. Sundry Debtors/Loans and Advances

Sundry Debtors and Loans and advances are stated after making adequate provisions for doubtful balances.

XIX. Expenditure

Expenses are accounted on accrual basis and provision is made for all known losses and liabilities.

XX. Events Occurring after Balance sheet date

Significant events occurring after the balance sheet date have been considered in the preparation of financial statements.

XXI. Cash Flow statement

The cash flow statement is prepared under Indirect method as set out in the accounting standard-3 on Cash flow statements, whereby Profit/Loss before Extraordinary items and Tax is adjusted for the effects of transactions of no-cash nature and any deferrals or accruals of past or future cash receipts or payments. The Cash flows from operating, investing and financing activities of the company are segregated based on the available information.

XXII. Segment Reporting

The company is principally engaged in a single business segment viz: Stock Broking & Trading in Shares, & Depository Participant. Accordingly, there are no separate reportable segments as per IND AS 108 on "Segment reporting".

Nature and purpose of reserve

(A) Securities premium

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilized only for limited purposes such as issuance of bonus shares, writing off the preliminary expenses in accordance with the provisions of the Companies Act, 2013.

(B) General reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilized only in accordance with the specific requirements of Companies Act, 2013.

(C) Equity-settled share-based payment reserve

This reserve is created by debiting the statement of profit and loss account with the value of share options granted to the employees by the Company. In case of share options granted by the Company, the reserve will move to the share capital account on issue of shares. There is no amount of such reserve with us.

(D) Retained earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. It also includes actuarial gains and losses on defined benefit plans recognized in other comprehensive income (net of taxes).

Fair value hierarchy:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

The investments included in level 1 of fair value hierarchy have been valued using quoted prices for instruments in an active market. The investments included in level 2 of fair value hierarchy have been valued using valuation techniques based on observable market data. The investments included in Level 3 of fair value hierarchy have been valued using the income approach and break-up value to arrive at their fair value. There is no movement from between Level 1, Level 2 and Level 3. There is no change in Inputs use for measuring Level 3 fair value.

The following table summarizes financial instruments measured a fair value on recurring basis:

Financial risk management

Risk management framework

The Company has established a comprehensive system for risk management and internal controls for all its businesses to manage the risks that it is exposed to. The objective of its risk management framework is to ensure that various risks are identified, measured and mitigated and also that policies, procedures and standards are established to address these risks and ensure a systematic response in the case of crystallisation of such risks.

The Company has exposure to the following risk arising from financial instruments:

- a) Credit risk b) Liquidity risk c) Market risk

The Company has established various policies with respect to such risks which set forth limits, mitigation strategies and internal controls to be implemented by the three lines of defence approach provided below. The Board oversees the Company’s risk management and has constituted a Risk Management Committee (“RMC”), which frames and reviews risk management processes and controls. The risk management system features a “three lines of defense” approach:

1. The first line of defense comprises its operational departments, which assume primary responsibility for their own risks and operate within the limits stipulated in various policies approved by the Board or by committees constituted by the Board.
2. The second line of defense comprises specialised departments such as risk management and compliance. They employ specialised methods to identify and assess risks faced by the operational departments and provide them with specialised risk management tools and methods, facilitate and monitor the implementation of effective risk management practices, develop monitoring tools for risk management, internal control and compliance, report risk related information and promote the adoption of appropriate risk prevention measures.
3. The third line of defence comprises the internal audit department and external audit functions. They monitor and conduct periodic evaluations of the risk management, internal control and compliance activities to ensure the adequacy of risk controls and appropriate risk governance and provide the Board with comprehensive feedback.

a) Credit risk:

It is risk of financial loss that the Company will incur a loss because its customer or counterparty to financial instruments fails to meet its contractual obligation. The Company’s financial assets comprise of Cash and bank balance, Securities for trade, Trade receivables, Loans, Investments and Other financial assets which comprise mainly of deposits and unbilled revenues. The maximum exposure to credit risk at the reporting date is primarily from Company’s trade receivable and loans. Following provides exposure to credit risk for trade receivables and loans:

(Rs. in Lacs)

	31.03.2023	31.03.2022
Trade and Other Debtors (net of impairment)	1.50	1.76
Loans (net of impairments)	-	---
Total	1.50	1.76

Trade Receivables:

The Company has followed simplified method of ECL in case of Trade receivables and the Company recognises lifetime expected losses for all trade receivables that do not constitute a financing transaction. At each reporting date, the Company assesses the impairment requirements.

Based on the industry practices and business environment in which the entity operates, management considers that the trade receivables are in default if the payment is 90 days overdue. Out of the total trade receivables of Rs. 1.50 Lakh (previous year Rs. 1.76 Lacs) Rs. 0. lacs(previous year Rs. 0.19 lakhs) are overdue for a period in excess of 90 days. Probability of default (PD) on balance is considered as nil.

Other financial assets considered to have a low credit risk:

Credit risk on cash and cash equivalents is limited as we generally invest in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies. Investments comprise of Quoted Equity instruments, Bonds, Mutual Funds and Commercial papers which are market tradeable. Other financial assets include deposits with qualified clearing counterparties and exchanges as per prescribed statutory limits.

b) Liquidity risk

Liquidity represents the ability of the Company to generate sufficient cash flow to meet its financial obligations on time, both in normal and in stressed conditions, without having to liquidate assets or raise funds at unfavourable terms thus compromising its earnings and capital.

Liquidity risk is the risk that the Company may not be able to generate sufficient cash flow at reasonable cost to meet expected and / or unexpected claims. It arises in the funding of lending, trading and investment activities and in the management of trading positions.

The Company aims to maintain the level of its cash and cash equivalents and other highly marketable investments at an amount in excess of expected cash outflow on financial liabilities. This is sufficient to take care of short period requirements as well.

c) Market risk

Market risk arises when movements in market factors (foreign exchange rates, interest rates, credit spreads and equity prices) impact the Company's income or the market value of its portfolios. The Company, in its course of business, is exposed to market risk due to change in equity prices, interest rates and foreign exchange rates. The objective of market risk management is to maintain an acceptable level of market risk exposure while aiming to maximize returns. The Company classifies exposures to market risk into either trading or non-trading portfolios. Both the portfolios are managed using the following sensitivity analyses:

- i) Equity Price Risk; ii) Interest Rate Risk ; iii) Currency Risk

i. Equity Price Risk

The Company's exposure to equity price risk arises primarily on account of its proprietary positions and on account of margin-based positions of its clients in equity cash and derivative segments. The Company's equity price risk is managed in accordance with its Corporate Risk and Investment Policy (CRIP) approved by its Risk Management Committee. The CRIP specifies exposure limits and risk limits for the proprietary desk of the Company and stipulates risk-based margin requirements for margin-based trading in equity cash and derivative segment by its clients. The below sensitivity depicts a scenario where a 10% movement in equity prices, everything else remaining constant, would result in an exchange obligation for both Traded and Non-traded (client) positions and their impact on statement of profit and loss account considering that the entire shortfall would be made good by the Company.

ii. Interest Rate

The Company's exposure to interest rate risk arises primarily on account of its proprietary positions and on account of margin based positions of its clients in exchange traded interest rate derivatives on government securities. However, the company's exposure to Interest segment is nil during the year under review.

The Company's interest rate risk is managed in accordance with its CRIP approved by its Risk Management Committee. The CRIP specifies exposure limits and risk limits for the proprietary desk of the Company and stipulates risk-based margin requirements for margin based trading in interest rate derivatives by its clients.

The non-traded Financial Assets and liabilities are fixed rate instruments and are valued at amortised cost. Any shifts in yield curve will not impact their carrying amount and will therefore not have any impact on the Company's statement of profit and loss.

iii. Foreign Exchange Risk/Currency Risk

The Company's exposure to currency risk arises primarily on account of its proprietary positions and on account of margin positions of its clients in exchange traded currency derivatives. However, the Company's exposure to exchange traded currency derivatives is nil during the year under review.
