For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting will be provided by CDSL.

➤ (i) The Remote E-voting facility will commence at 9.00 am on 26th September, 2023 and end at 5.00 pm on 28th September, 2023. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on Thursday, 21st September, 2023 the cut-off date (record date) or <Record Date> may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

(ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

(iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

MANAGEMENT DISCUSSION & ANALYSIS

1. INDIAN MACRO ECONOMY AND ENVIRONMENT

The economic growth in India is projected by RBI at 6.5% for the fiscal year 2023-24 with progress being buttressed by dynamic reforms in the macroeconomic, fiscal, tax and business environments. By 2030, India is expected to be the third largest economy in the world and aspires to become a high-middle level income country. As incomes rise, the shape of the country's income pyramid is also changing dramatically, and as large portion of the population is moving from desperate poverty to sustainable life their needs and spending patterns will also change. Just like many other countries, India is significantly moving away from traditional means of content consumption and adapting to a more convenient, one-to-one interactions enabled by mobile phones. Mobile phones have increasingly become the primary source to access information, video-viewing, gaming and shopping. Backed with a promising shift, the opportunities for India's future for digital growth is significant as it continues to embrace the digital economy.

2. MEDIA AND ENTERTAINMENT SECTOR OVERVIEW

The distinctions among varieties of media are collapsing and Companies that once offered only technology and distribution are moving into content and vice versa. The Media & Entertainment industry is in the business of providing creative content through the adoption of latest technology coupled with consumer demands. By its inherent nature, the industry is largely dependent on factors such as markets, cultures, languages, and consumer segments. It's a period where consumers not only demand what they like but also, they select the format they wish to view it. There is a growing dependency on digital media in many developed and developing countries. In today's fast-moving generation, the media and entertainment companies are working hard to reach customers through their content. With the launch of digital platforms, viewers get access to consume their information on their personal schedules.

3. INDIAN TELEVISION & FILM INDUSTRY

Television, Print and Films are the largest segments constituting nearly 80% of the M&E market. The trajectory for the country's digital revolution is expected to reach more than a billion users by 2028.

India is releasing more than a thousand films each year, and this has resulted in making India one of the largest movie producer in the world. Indian movies are known for its drama and colour, and this very feature of Indian cinema has made it greater in the global market.

After COVID Pandemic people are susceptible in going to the theatres and multiplexes. Also the movies released in theatres come on the OTT platforms in hardly a two months time. The OTT platforms are taking over the Indian Television and Film Industry with

the presence of giants such as Amazon, Netflix, Jio, etc. in the Indian Entertainment Industry.

The OTT market in India is currently at ₹10,500 crore, including subscription revenues. This is expected to touch ₹12,000 crore by FY 2024 and ₹30,000 crore in FY 2030 with a 20 per cent growth on year-on-year basis, according to Anup Chandrasekharan, Member, CII Dakshin Steering Committee & COO, IN 10 Media. Chandrasekharan said this while addressing a session on 'The Big Opportunity in OTT: For Films & Originals' at CII Dakshin 2023–South India Media & Entertainment Summit organized by the Confederation of Indian Industry (CII) .

Annexure B referred to in paragraph 8 Our Report of even date to the members of UNIVERSAL ARTS LIMITED on the accounts of the Company for the year ended 31st March, 2023.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **UNIVERSAL ARTS LIMITED** (“Company”) as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

Company’s management is responsible for establishing and maintaining internal financial controls in accordance with Rule 8 (5) (viii) of the Companies (Accounts) Rule, 2014 and essential components of internal control stated in the guidance Note on Audit of Internal Financial Controls over Financial reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013, the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting

principles. A Company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of Company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of Company are being made only in accordance with authorizations of management and directors of Company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

a) Basis of Preparation of financial statements:

i) Compliance with Ind AS:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under section 133 of the Companies Act, 2013, ("the act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 with effect from April 1, 2016. The financial statements were approved by the Company's board of directors on 30th May 2023.

These financial statements are presented in Indian rupees (INR), which is the Company's functional currency. All amounts have been rounded off to two decimal places to the nearest lakh, unless otherwise indicated.

ii) Historical cost convention:

The financial statements have been prepared on a historical cost basis.

iii) Current/ Non- Current Classification:

Any asset or liability is classified as current if it satisfies any of the following conditions.

Amount expressed in INR thousands unless otherwise stated :

- a) It is expected to be realised or settled or is intended for sale or consumption in the Company's normal operating cycle;
- b) It is expected to be realised or settled within twelve months from the reporting date;
- c) It is held primarily for the purposes of being traded;
- d) The asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- e) In the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/ non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

b) Use of accounting estimates and judgments:

The preparation of financial statements in accordance with Ind AS requires use of estimates and assumptions for some items, which might have effect on their recognition and measurement in the balance sheet and statement of profit and loss. The actual amounts realised may differ from the estimates.

Such estimates are reviewed at each reporting period and impact if any is given in current and future periods. Estimates and assumptions are required in particular for:

i) Estimated useful life of property, plant and equipment:

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

ii) Recoverability of deferred income tax assets:

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

iii) Measurement of defined benefit obligations and other employee benefit obligations:

The Company's net obligation in respect of gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the other long-term employment benefits.

Amount expressed in INR thousands unless otherwise stated.

c) Property, Plant and equipment:

Measurement at recognition

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably and is measured at cost. Subsequent to recognition, all items of property, plant and equipment (except for freehold land) are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of property, plant and equipment comprises its purchase price plus any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and the initial estimate of decommissioning, restoration and similar liabilities, if any. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company. Cost of repairs and maintenance are recognised in the statement of profit and loss as and when incurred.

Depreciation:

Depreciation is provided on Written down value method, over the useful life of the assets as prescribed under Part C of Schedule II of the Companies Act, 2013.

Depreciation on Property, Plant and Equipment's stated at cost less accumulated depreciation.

d) Investments

The Investments are stated at cost and are physically verified by the management. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management.

e) Inventories:

The inventories have been valued at cost or net realizable value, whichever is lower.

f) Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and Bank as they are considered an integral part of the Company's cash management.

Amount expressed in INR thousands unless otherwise stated.

g) Foreign currency Transactions

There were no earnings in foreign currency or expenditure in foreign currency in respect of acquisition of Fixed Assets, stores or raw material.

h) Revenue recognition:

i) In the case of movies telecasted on Doordarshan, the revenue is recognized in the

year in which Doordarshan sanctions the payment.

ii) In case of sale of other rights, the Company recognizes the income when all the following criteria are met:

- A license agreement is signed by both the parties;
- The licensee is able to freely exploit the rights granted;
- Effective date of grant of rights to the licensee has commenced as per the agreement or complete payment with respect to the rights has been received, whichever is earlier;
- The Enterprise has no remaining performance obligations;
- The arrangement is fixed and determinable;

l) Earnings per share:

The basic earnings per share ('EPS') is computed by dividing the net profit attributable to equity shareholders for the period, by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed using the weighted average number of equity and dilutive (potential) equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

m) Impairment of Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS’ RESPONSIBILITY

Our responsibility is to express an opinion on Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013, the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of Company are being made only in accordance with authorizations of management and directors of Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company, its subsidiary Company, which are Companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by Company considering the essential components of internal control
