Key Initiative

Solar Industries is entering into the Business of Propulsion system for space application, which is synergistic with current business of ammunition.

The Small Satellite Launch Vehicle (SSLV) is a great business opportunity for private players for the next few decades. The government is framing space policy to create an environment for private industry to serve India's commercial and strategic needs, and also make India a global space technology hub.

The proposed foray of company in Space sector will enable it to develop and offer products which will cater to the demand of ISRO and other companies in India and across the globe.
