## Major Highlights of 12M FY2021

- Company has been able to grow in FY21 and strengthen its balance sheet despite COVID-19 related challenges. This was primarily due to the company's past investments in capacities and capabilities.
- Due to COVID-19 mandated shutdowns, plants were totally shutdown for April and May 2020. The production was only partially restored in June'20. Production loss of Air Conditioner Indoor Units resulted in increased raw material inventory in 1H which has been completely liquidated now.
- Company is seeing increased inquires for business from new and existing clients and we remain very optimistic on the future growth prospects of the business.
- Management has revived the capex plans and significant capacity additions are being planned in coming years in the focus area of business.
- New product development across focus areas is underway and company is planning to launch several new products in FY2022.

# Industry Outlook

Government reforms such as Digital India, Make in India, Power for all and Jan Dhan-Aadhar-Mobile Trinity are providing fresh impetus to the Consumer appliance and durable Industry The Rapid rate of urbanization, growth of young population with rising income levels is leading to large emerging middle class in India. Implying huge potential demand for the consumer appliance and durable market in coming years.

Low penetration levels, falling prices of durables and electronics and changing lifestyle of the Indian consumer are expected to remain big demand drivers for the consumer durable and electronics Industry in India in near future.

Further the Government's initiatives of promoting electronic manufacturing and treating the industry as one of the key pillars of the Digital India Program, opens new and exciting opportunities for the Industry

The Management is enthused about the overall opportunity size and anticipates high growth rates in the industry segments where, company has presence.

### **Future Growth Strategy**

	Company foresees large opportunities in plastic moulding in consumer durables in appliances like:	<ul> <li>Washing Machines</li> <li>Room Air conditioner</li> <li>Refrigerators</li> <li>Ceiling Fans</li> <li>Sanitaryware products</li> </ul>
	Opportunities in the ODM space for products like:	<ul><li> Air coolers</li><li> Washing machines</li><li> Room Air Conditioners</li></ul>
	Improving operational efficiencies leading to:	<ul> <li>Better profitability &amp; higher cash flows</li> <li>Reinvesting to improve strategic capabilities to reap future benefitS</li> </ul>

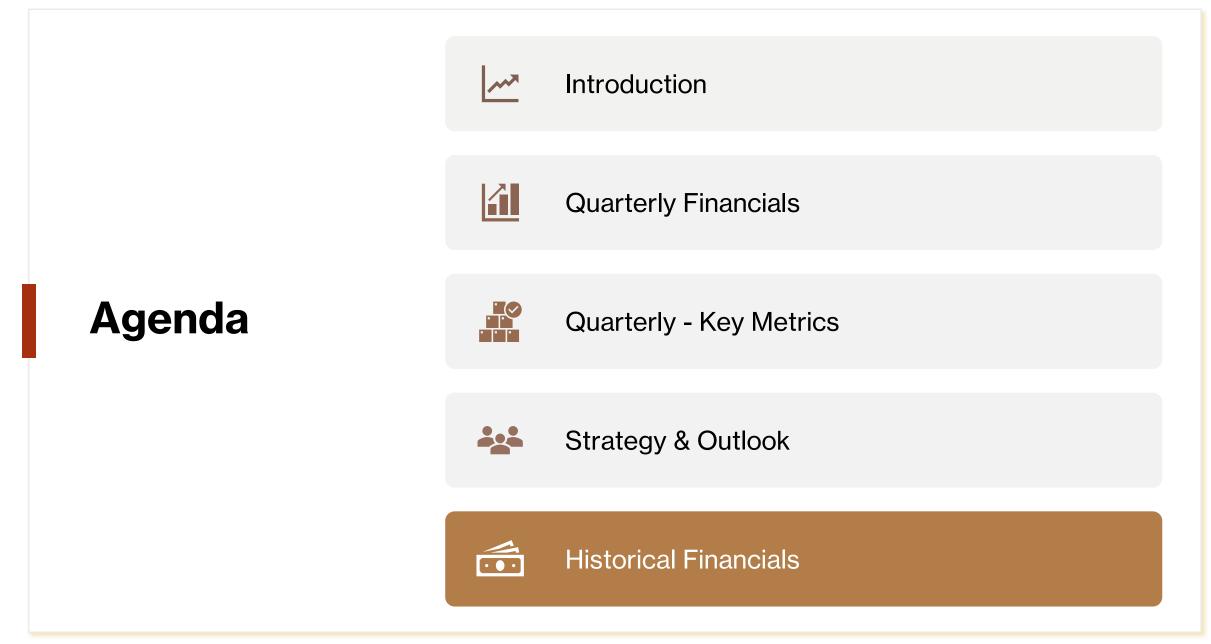

## **Future Outlook**

- Product business to drive growth for the company
- Company is developing new offerings in focus segments and will be launching the same in coming quarters
- Company's management see exciting times ahead for all its business segments.

Gradual improvement in margins due to better operational efficiencies and higher operating leverage

Improving profitability and higher cashflows, will lead to better capital efficiency and stronger balance sheet.

Company is uniquely positioned in the consumer durable & automotive plastics space in India and would derive higher revenue growth once overall industry growth picks up.
